Opinion

We have audited the accompanying financial statements of **Puerto Rico Aqueduct and Sewer Authority**, a component unit of the Commonwealth of Puerto Rico, which comprise the statement of net position as of June 30, 2025, and the related statements of revenues, expenses and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the **Puerto Rico Aqueduct and Sewer Authority** as of June 30, 2025, and the changes in its financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Puerto Rico Aqueduct and Sewer Authority**, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the **Puerto Rico Aqueduct and Sewer Authority's** ability to continue as going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Puerto Rico Aqueduct and Sewer Authority's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate that raise substantial doubt about the **Puerto Rico Aqueduct and Sewer Authority's** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 14, the schedule of the **Puerto Rico Aqueduct and Sewer Authority's** proportionate share of the total pension liability on page 66, the schedule of funding progress for the **Puerto Rico Aqueduct and Sewer Authority's** post-employment healthcare benefits on page 67, and the schedule of the **Puerto Rico Aqueduct and Sewer Authority's** proportionate share of the ERS for post-employment benefits on page 68 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that comprise the **Puerto Rico Aqueduct and Sewer Authority's** basic financial statements. The supplemental schedule of financial results, debt coverage and rate covenant calculations per the 2012 amended and restated master agreement of trust ("schedule") on pages 69-70 is presented as additional information and is not a required part of the basic financial statements. The schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States. In our opinion, the schedule is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2026 on our consideration of the **Puerto Rico Aqueduct and Sewer Authority's** internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the **Puerto Rico Aqueduct and Sewer Authority's** internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the **Puerto Rico Aqueduct and Sewer Authority's** internal control over financial reporting and compliance.

Unaudited Management's Discussion and Analysis

June 30, 2025

As management of Puerto Rico Aqueduct and Sewer Authority (the "Authority" or "PRASA"), we offer readers of the Authority's annual financial report our discussion and analysis of the Authority's financial performance during the fiscal year ended on June 30, 2025. Please read it in conjunction with the Authority's financial statements, which follow this section. Numbers included are rounded to facilitate the readers' analysis.

Overview of the Financial Statements

This annual report includes the reports of independent certified public accountants, the basic financial statements, the required supplementary information and supplementary information (including the unaudited management's discussion and analysis) of the Authority. The basic financial statements include notes that explain in more detail the information contained in the basic financial statements.

Required Financial Statements

The financial statements report the financial position and operations of the Authority as of and for the fiscal year ended June 30, 2025, which include the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, the Statement of Cash Flows and the notes to the financial statements.

Financial Analysis of the Authority

The statement of net position and the statement of revenues, expenses, and changes in net position, report the net position of the Authority and the changes therein. The Authority's net position – the difference between assets and liabilities – can be used to measure its financial health or financial position. Increases or decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. However, other nonfinancial factors need to be considered such as changes in economic conditions and new or changed government regulations or accounting regulations.

Financial Highlights

- The Authority's net position for fiscal year 2025 was \$1,599.7 million, which increased by \$315.5 million, or 24.6% when compared to fiscal year 2024 net position of \$1,284.1 million, mainly as a result of the capital contributions received for the reconstruction and recovery of the Authority's infrastructure after the impact of recent natural disasters as well as funds for environmental compliance projects.
- Total operating revenues in fiscal year 2025 were \$1,148.3 million, a decrease of \$1.0 million, when compared to fiscal year 2024 total operating revenues of \$1,149.3 million. During fiscal year 2025, water and wastewater revenues increased by \$10.6 million, mainly as a result of rate adjustments, and the bad debt expense increased by \$11.6 million as a result of current year analysis of the allowance for uncollectible accounts.
- Operating expenses increased by \$312.8 million, or 39.7%, mainly due to a change in the pension credit of \$192.0 million to a pension expense of \$71.5 million as a result of the updated actuarial valuation for the pension benefit and a decrease in depreciation and amortization expense of \$34.3 million as some of the Authority's assets reached its accounting useful life during fiscal year 2025, as well as an increase in costs of assets disposition by \$18.6 million.
- Nonoperating expenses (net of nonoperating revenues) were \$82.6 million during fiscal year 2025, a change of \$3.7 million when compared to nonoperating revenues (net of nonoperating expenses) of \$86.2 million in fiscal year 2024. The decrease in this net figure is mainly due to a reduction in interest expense of \$3.5 million.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Unaudited Management's Discussion and Analysis

June 30, 2025

- Capital contributions decreased by \$68.9 million, from \$419.0 million in fiscal year 2024 to \$350.1 million in fiscal year 2025, primarily as a result of proceeds from the America Rescue Plan Act ("ARPA") received during fiscal year 2024, offset by increase in contributions from (i) the State Revolving Fund Program from the Environmental Protection Agency ("EPA") and (ii) the Federal Emergency Management Agency ("FEMA") and the Community Development Block Grant ("CDBG"), among others, mostly for capital projects including recovery and reconstruction and environmental compliance related projects.
- Total assets and deferred outflow of resources increased by \$324.8 million to \$7,948.2 million, when compared to \$7,623.4 million in fiscal year 2024. This increase is mainly due to an increase in current assets of \$182.1 million, a reduction of non-current portion of restricted assets of \$146.9 million, an increase in capital assets by \$344.2 million and a decrease in deferred outflows of resources of \$54.6 million.
- Total liabilities and deferred inflow of resources increased by \$9.2 million to \$6,348.5 million when compared to \$6,339.3 million in fiscal year 2024. The change was mainly the net result of (i) an increase in current liabilities of \$154.2 million, mostly as an increase in accounts payable of \$103.7 million and in unearned revenue by \$42.3 million, and (ii) a decrease in noncurrent liabilities of \$143.8 million due to the payments of debt service obligations and a reduction in pension liability.

Analysis of Financial Results

The following table provides a summary of the Authority's net position as of June 30, 2025 and 2024 (in thousands):

	June 30,		
	2025	2024	Change
Current and other non-current assets	\$ 1,706,933	\$ 1,671,682	\$ 35,251
Capital assets, net	6,110,771	5,766,609	344,162
Deferred outflow of resources	130,450	185,087	(54,637)
Total assets and deferred outflows of resources	7,948,154	7,623,378	324,776
Long-term debt outstanding	4,083,098	4,153,160	(70,062)
Other liabilities	2,234,700	2,154,278	80,422
Deferred inflow of resources	30,703	31,816	(1,113)
Total liabilities and deferred inflows of resources	6,348,501	6,339,254	9,247
Net position:			
Net investment in capital assets	2,050,741	1,736,718	314,023
Restricted	894,464	816,838	77,626
Unrestricted deficit	(1,345,552)	(1,269,432)	(76,120)
Total net position	\$ 1,599,653	\$ 1,284,124	\$ 315,529

Net Position

The Authority's net position as of June 30, 2025 was \$1,599.7 million. This is an increase of \$315.5 million, from the net position, as of June 30, 2024 of \$1,284.1 million.

Total assets and deferred outflow of resources increased by \$324.8 million to \$7,948.2 million, when compared to \$7,623.4 million in fiscal year 2024. This increase is mainly due to an increase in current assets of \$182.1 million, a reduction in non-current portion of restricted assets by \$146.9 million, an increase in capital assets by \$344.2 million and a decrease in deferred outflows of resources by \$54.6 million.

The increase of current and other assets of \$35.3 million reflects the net effect of the following: (1) increase in cash and cash equivalents and investments of \$5.0 million mainly as a result of the use of funds for the capital improvement program; (2) decrease in net accounts receivables by \$11.7 million as a result of increased bad debt reserve, (3) increase in receivables from federal agencies of \$65.1 million, resulting from pending reimbursements from FEMA or CDBG related to recovery projects and (4) decrease in restricted cash of \$23.3 million mostly due to debt service payments.

Capital assets increased by \$344.2 million to \$6,110.8 million, primarily as a result of an increase in capital assets being depreciated of \$144.0 million and a net increase of construction in progress of \$435.7 million, partially offset by the net increase in accumulated depreciation and amortization of \$236.7 million. This net increase responds to the Authority's continuation of its capital improvement program.

Deferred outflow of resources decreased by \$54.6 million, mainly due to the change in actuarial assumptions required by GASB Statements No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement No. 68*, an amendment of Certain Provisions of GASB Statements No. 67 and 68, and

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Unaudited Management's Discussion and Analysis

June 30, 2025

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which resulted in a decrease of \$52.1 million in the deferred outflow related to pension and other post-employment benefits. Also, deferred loss on bonds refunding decreased by \$2.5 million as a result of the amortization in the losses during the period.

Total liabilities and deferred inflow of resources increased by \$9.2 million to \$6,348.5 million when compared to \$6,339.3 million in fiscal year 2024.

Long-term debt outstanding decreased by \$70.1 million mostly as a result of bonds and notes principal payments made during the fiscal year of \$102.7 million, the amortization of bond premiums of \$20.5 million and the issuance of new State Revolving Fund ("SRF") loans of \$53.1 million.

Other liabilities increased by \$80.4 million, to \$2,234.7 million, mainly as a result of: (i) an increase of \$116.0 million in accounts payable and accrued liabilities, mostly related to outstanding capital projects certifications reflected in an increase construction in progress, (ii) an increase in unearned revenue of \$42.3 million mostly from working capital advances from FEMA for reconstruction projects, (iii) a decrease in pension liability of \$59.6 million as a result of the most recent actuarial report and (iv) a decrease of \$17.1 million in compensated absences and postemployment benefits caused by the repayments of these benefits exceeding the additions during the year.

Deferred inflows of resources decreased by \$1.1 million as a result of the latest actuarial valuation of pensions and other post-employment benefits liability.

Capital Assets

Capital assets as of June 30, 2025 and 2024 were as follows (in thousands):

	June 30,		
	2025	2024	Change
Capital assets being depreciated	\$ 11,279,219	\$ 11,135,188	\$ 144,031
Accumulated depreciation and amortization	(6,648,858)	(6,412,199)	(236,659)
	4,630,361	4,722,989	(92,628)
Land	66,344	65,784	560
Construction in progress	1,402,192	966,459	435,733
Easement	11,874	11,377	497
Capital assets, net	\$ 6,110,771	\$ 5,766,609	\$ 344,162

The increase of \$344.2 million in capital assets is due to the net effect of the following: (i) increase of \$144.0 million in capital assets being depreciated, as a result of transfers from construction in progress to plant in service, (ii) an increase of \$236.7 million in accumulated depreciation and amortization mainly due to current year depreciation, and (iii) a net increase of \$435.7 million in construction in progress. Additions to construction in progress during fiscal year 2025 amounted to \$616.2 million which includes \$69.0 million in renewal and replacement projects and \$547.2 million related to the Authority's capital improvement program.

The Authority had \$1,402.2 million in construction in progress as of June 30, 2025. During fiscal year 2025, the Authority continued with the implementation of its capital improvement program, including regulatory and compliance projects with funding from the SRF program from EPA, as well as reconstruction and resiliency projects, which are being

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Unaudited Management's Discussion and Analysis

Total notes	1,064,486	1,024,082	40,404
Total long-term debt outstanding	4,083,098	4,153,160	(70,062)
Other long term liabilities:			
Lease liability	9,195	9,755	(560)
Subscription liability	1,369	1,548	(179)
Total pension liability	1,122,413	1,182,049	(59,636)
Total OPEB obligation	82,904	96,225	(13,321)
Accrued compensated absences	39,890	40,245	(355)
Early retirement obligation	5,606	9,033	(3,427)
Customers' deposits	101,853	100,159	1,694
Total other liabilities	1,363,230	1,439,014	(75,784)
Total long-term obligations	5,446,328	5,592,174	(145,846)
Current portion	(230,375)	(232,390)	2,015
Long-term obligations, less current portion	\$ 5,215,953	\$ 5,359,784	\$ (143,831)

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Unaudited Management's Discussion and Analysis

June 30, 2025

The Authority's long-term debt decreased by \$70.1 million, or 1.7%, from \$4,153.2 million as of June 30, 2024, to \$4,083.1 million as of June 30, 2025, mostly due to a reduction of bonds payable and an increase of notes payable, as explained below.

Bonds Payable

Bonds outstanding as of June 30, 2025 decreased by \$110.5 million due to principal payments made during fiscal year 2025 amounting to \$90.0 million and the amortization of \$20.5 million of premiums on bond refunding.

Notes Payable

State Revolving Fund

The Authority finances a portion of the cost of design and construction of certain capital improvements projects by borrowings from the Clean Water State Revolving Fund ("CWSRF") and the Drinking Water State Revolving Fund ("DWSRF") programs.

On July 26, 2019, the Authority and the Puerto Rico Fiscal Agency and Financial Advisory Authority ("AAFAF", by its Spanish acronym) consummated definitive agreements restructuring the Authority's SRF loans including the outstanding \$590 million loans plus \$26 million of funds for ongoing projects. The agreement was approved by the Financial Oversight and Management Board for Puerto Rico (the "Oversight Board"), created under the Puerto Rico Oversight, Management and Economic Stability Act of 2016 (P.L. 114-187) ("PROMESA"), pursuant to Section 207 of PROMESA and consolidated all the restructured debt into two SRF loans.

After the debt modification of the Authority's outstanding loans with the SRFs, in collaboration and agreement with the EPA, the Authority regained access to funds from the SRFs. Since then and until June 30, 2025, the Authority entered into the financial assistance agreements with the SRFs, expressed in thousands, as follows:

Date	Program	Loan	Subsidized Loans	Total
18-Aug-20	CWSRF	\$ 163,219	\$ -	\$ 163,219
30-Aug-21	DWSRF	22,202	24,067	46,269
28-Oct-21	CWSRF	23,784	8,291	32,075
2-Sep-22	DWSRF	5,602	6,253	11,855
24-Jan-23	CWSRF	22,502	2,411	24,913
12-Jun-23	DWSRF	54,484	7,482	61,966
7-Jun-24	CWSRF	41,210	3,013	44,223
4-Oct-24	DWSRF	17,670	12,250	29,920
27-Feb-25	DWSRF	14,459	21,447	35,906
11-Apr-25	CWSRF	-	333,000	333,000
		<u>\$ 365,132</u>	<u>\$ 418,214</u>	<u>\$ 783,346</u>

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Unaudited Management's Discussion and Analysis

June 30, 2025

The outstanding debt in the statement of net position as of June 30, 2025 includes disbursements received for the loans presented in the table above. The loan portion of these agreements provides for a 30-year principal amortization after completion of the relevant projects, with a 1% interest rate and \$27 million annual debt service payments thereafter. The subsidized loans are granted as loans with no principal repayment and 0% interest rate.

The SRF loans are designated as Senior Indebtedness under the Master Agreement of Trust ("MAT") and the total outstanding balance as of June 30, 2025 and 2024 amounted to \$674.3 million and \$631.7 million, respectively.

Rural Development

The USDA Rural Development ("USDA RD") Program assists the Authority in the financing and construction of aqueduct and sewer facilities in rural areas.

On July 26, 2019, the Authority and AAFAF also consummated definitive agreements restructuring the Authority's then outstanding debt with USDA RD. The debt was restructured into a new loan agreement of \$403 million, including accrued interest as of that date. The agreement was approved by the Oversight Board pursuant to Section 207 of PROMESA. The restructured USDA RD debt was designated as Other System Indebtedness on a parity as to payment with other senior indebtedness under the Authority's MAT.

The balance of the loan agreement with USDA RD as of June 30, 2025 and 2024 was \$390.2 million and \$392.4 million, respectively.

Pension Liability

Pension liability as of June 30, 2025, decreased by \$59.6 million, or 5%, to \$1,122.4 million, compared to \$1,182.0 million as of June 30, 2024, as a result of the latest actuarial report, including the updated discount rate, as further detailed in Note 17.

Summary of Revenues, Expenses, and Changes in Net Position

The following table provides a summary of the Authority's changes in net position for the fiscal years ended June 30, 2025 and June 30, 2024 (in thousands):

	Years Ended June 30,		Change
	2025	2024	
Operating revenue:			
Revenues from water and sewer, net	\$ 1,148,327	\$ 1,149,328	\$ (1,001)
Operating expenses:			
Payroll and payroll related expenses	208,774	199,309	9,465
Pension expense (credit)	71,453	(192,041)	263,494
Professional and consulting services	44,543	42,040	2,503
Chemicals	75,380	76,601	(1,221)
Materials and replacements	17,950	17,842	108
Repairs and maintenance of capital assets	77,512	67,732	9,780
Electricity	160,156	149,237	10,919
Insurance	27,530	25,739	1,791
Other operating expenses	142,326	110,675	31,651
Operating expenses (excluding depreciation and amortization)	825,624	497,134	328,490
Depreciation and amortization	240,823	275,105	(34,282)
Cost of assets disposition	33,917	15,342	18,575
Total operating expenses	1,100,364	787,581	312,783
Operating income	47,963	361,747	(313,784)
Nonoperating expenses, net	(82,552)	(86,238)	3,686
Net income before capital contributions	(34,589)	275,509	(310,098)
Capital contributions	350,118	419,022	(68,904)
Increase in net position	315,529	694,531	(379,002)
Net position at beginning of year	1,284,124	589,593	694,531
Net position end of year	\$ 1,599,653	\$ 1,284,124	\$ 315,529

The net position increased by \$315.5 million, from \$1,284.1 million in fiscal year 2024, to \$1,599.7 million in fiscal year 2025.

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Unaudited Management's Discussion and Analysis June 30, 2025

The major fluctuations that resulted in the net position increase, when comparing fiscal year 2025 to fiscal year 2024 operating results are as follows:

	<u>Amount</u>
Decrease in operating revenues	\$ (1,001)
Increase in operating expenses	(312,783)
Change in nonoperating results	3,686
Decrease in capital contributions	<u>(68,904)</u>
Net change	<u>\$ (379,002)</u>

Operating revenues decreased by \$1.0 million, when comparing the Authority's operating revenues for fiscal year 2025 with fiscal year 2024, as a result of an increase of water and wastewater revenues by \$10.6 million, mainly as a result of rate adjustments, offset by an increase of the bad debt expense by \$11.6 million as a result of current year analysis of the allowance for uncollectible accounts.

Operating expenses increased by \$312.8 million or 39.7% primarily due to the net effect of the following:

- Change of \$263.5 million in the pension expense mainly due to a change from a pension credit of \$192.0 million in fiscal year 2024 to a pension expense of \$71.5 million in fiscal year 2025, as a result of the most recent actuarial valuation of the pension liability.
- Decrease in depreciation and amortization expense by \$34.3 million as a result of a lower depreciable basis.
- Increase in other operating expenses by \$31.6 million, reflecting a non-recurring credit in contingencies of \$22.0 million during fiscal year 2024 after the resolution of an outstanding legal claim and increases during fiscal year 2025 in expenses such as raw water purchases and water transport.
- Increase in electricity cost by \$10.9 million as a result of higher price of kWh billed.
- Increase of \$9.8 million in maintenance and repairs expenses required by the Authority's assets, mostly for wastewater pipelines inspection as required by regulatory agencies.
- Increase of \$9.5 million in payrolls and payroll related expenses reflecting increase in the minimum salary, increase in overtime due to headcount reduction and a one-time payment of \$1,000, per employee, to address some controversies raised by labor groups and to compensate the employees while a new Classification and Remuneration Plan is implemented.
- Increase of cost of asset disposition of \$18.6 million mainly due to the discontinuance and write-off of certain construction in progress costs after the evaluation of such projects.

Nonoperating expenses (net of nonoperating revenues) were \$82.6 million during fiscal year 2025, a change of \$3.7 million when compared to nonoperating revenues (net of nonoperating expenses) of \$86.2 million in fiscal year 2024. The decrease in this net figure is mainly due to a reduction in interest expense of \$3.5 million given the reduced debt balance outstanding.

Capital contributions decreased by \$68.9 million, from \$419.0 million in fiscal year 2024 to \$350.1 million in fiscal year 2025, primarily as a result of proceeds of from the America Rescue Plan Act ("ARPA") received during fiscal year 2024, not recurring in 2025, netted by an increase in contributions from (i) the State Revolving Fund Program from the Environmental Protection Agency ("EPA") and (ii) FEMA and CDBG, among others, mostly for capital projects including recovery and reconstruction and environmental compliance related projects.

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Unaudited Management's Discussion and Analysis June 30, 2025

Currently Known Facts

The following is a summary description of currently known facts, decisions, and conditions that have had, or are expected to have, an impact on the Authority's financial position and results of operations. For additional information and further details, refer to Note 24.

Rate Adjustments

On July 1, 2022, after following the process required by Act 21-1985, the Authority implemented a new rate structure and charges, simplifying its rate to only two charges – base charge and consumption charge. The new rate increased the base charge by 4.95% and the consumption charges by 2%. As recommended by the Officer Examiner appointed to run the public hearing process required by Act 21-1985, the revised rate also incorporates an annual increase for subsequent years of at least 2% but not more than 5% annually, up to a limit of 30% cumulative. On July 1, 2025 the 2% rate adjustment for fiscal year 2026 was implemented.

New State Revolving Fund ("SRF") Loans

Subsequent to June 30, 2025 the Authority entered into financial assistance agreements with CWSRF and DWSRF for projects totaling \$369.5 million, including \$108.6 million in loans and \$260.9 million in subsidized loans or grants, as expressed in thousands in the table below:

Date	Program	Loan	Subsidized Loans	Total
15-Sep-25	CWSRF	\$ 38,175	\$ 1,324	\$ 39,499
10-Dec-25	DWSRF	9,710	2,420	12,130
10-Dec-25	DWSRF	25,560	31,995	57,555
15-Jan-26	DWSRF	-	213,396	213,396
26-Mar-26	DWSRF	35,158	11,820	46,978
		<u>\$ 108,603</u>	<u>\$ 260,955</u>	<u>\$ 369,558</u>

Employees and Labor Relations

On December 29, 2025, the Oversight Board approved the proposed classification and remuneration plan (the PCR Plan") for the Authority employees with the goal of aligning pay scales to the labor market. The approval is effective as of October 23, 2025.

For union employees the PCR Plan will be implemented after approval of PRASA's Governing Board and negotiation with UIA and HIEPAAA. For manager employees the PCR Plan was implemented after approval by PRASA's Governing Board.

The annual impact of the PCR Plan as approved is estimated at \$17.1 million per year.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

(1) Reporting Entity and Summary of Significant Accounting Policies:

The Puerto Rico Aqueduct and Sewer Authority ("PRASA" or the "Authority") is a component unit of the Commonwealth of Puerto Rico (the "Commonwealth"). The Authority was created in 1945 under Act No. 40, as amended, and reenacted (the "Act"), for the purpose of owning, operating, and developing all of the public water and sewer systems in Puerto Rico (the "System"). The Authority provides water and wastewater services to the government, businesses, and residents of Puerto Rico. As a public corporation and an instrumentality of the Commonwealth, the Authority is exempt from the payment of income, property and municipal taxes. Under the terms of the Act, the Authority has broad powers, including, among others, to borrow money and issue revenue bonds for any of its corporate purposes. The Authority receives, in addition to the funds derived from operating its water and wastewater systems, grants from various agencies of the federal government of the United States of America and donations or contributions from developers and various governmental agencies and instrumentalities of the Commonwealth.

Basis of Presentation – Blended Component Unit

The financial statements of the Authority as of June 30, 2025, include the financial position and operations of PRASA Holdings LLC, which is a limited liability company incorporated under the laws of the State of Delaware on March 6, 2014. PRASA Holdings, LLC was created, pursuant to Act No. 228 enacted on November 1, 2011, and Authority Resolution No. 2826, to engage in lawful activities, for which limited liability companies may be organized under the Delaware Limited Company Act, subject to the limitations contained in the Authority's enabling act.

PRASA Holdings, LLC is authorized to do business in Puerto Rico. It is the parent company of Zumfiber, LLC, a limited liability company organized for investment purposes, which is also registered in the State of Delaware, with the purpose to engage in the development and operation of open access fiber optic infrastructure mainly through the water and wastewater system pipes in the San Juan Metropolitan area neighborhoods of Old San Juan, Condado and Isla Verde.

During fiscal year 2025, PRASA Holdings, LLC did not have operational activities. However, it has total assets and net position of \$0.5 million as of June 30, 2025.

Summary of Significant Accounting Policies

The accounting and financial reporting policies of the Authority conform to the accounting rules prescribed by the Governmental Accounting Standards Board ("GASB"). The Authority follows GASB pronouncements under the hierarchy established by GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, in the preparation of its financial statements. The Authority functions as an enterprise fund and maintains its accounting records on accrual basis of accounting in conformity with U.S. generally accepted accounting principles. The most significant accounting policies followed by the Authority are described below.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

Measurement Focus and Basis of Accounting

The Authority's operations are accounted for on a flow of economic resources measurement focus, using the accrual basis of accounting. Under this method, all assets and liabilities associated with operations are included on the statement of net position and revenues are recorded when utility services are provided to customers and expenses are recorded at the time liabilities are incurred.

All customers are billed on a monthly basis. Revenues are presented net of estimated allowances for uncollectible accounts. The Authority recognizes revenue including rendered services pending to be billed or unbilled utility services based on estimated consumption.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for water and wastewater related sales and services. Operating expenses of the Authority include mainly the cost of providing water and wastewater services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Cash and Cash Equivalents

Cash equivalents include all highly liquid instruments with maturities of three months or less at the time of acquisition. If such instruments are included in restricted assets, they are considered cash equivalents for purposes of the statements of cash flows. (See Note 2 for further information about cash equivalents)

Funds set aside by agreement for construction, debt service payments or other specific purposes are classified as restricted assets because their use is limited for the purposes specified in the applicable agreements.

When both restricted and unrestricted resources are available for a specific use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

Receivables

Receivables are stated net of estimated allowances for uncollectible accounts, which are determined based upon past collection experience and the current receivable aging, among other factors. As a result of uncertainties in the estimation process, management's estimate of credit losses inherent in the actual accounts receivable and related allowance may change in the future.

Materials and Supplies Inventory

Materials and supplies inventory are stated at average cost, not to exceed market. Inventory is presented net of a reserve for obsolescence for approximately \$0.8 million as of June 30, 2025.

Capital Assets

The Authority defines capital assets as tangible and intangible assets used in the Authority's operations with a useful life longer than three years, and with an individual cost of over \$1,000 for technology hardware and software and over \$2,000 for all other capital assets.

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements June 30, 2025

Utility plant and other capital assets are carried at historical cost or estimated historical cost, which includes capitalized labor, materials and administrative costs. Based on GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, the interest during construction on debt financed construction is expensed as incurred.

Capital assets include right of use lease assets, which represents the right to use an asset over the life of a lease in which the Authority is the lessee. The asset is calculated as the initial amount of the lease liability, plus any lease payments made to the lessor before the lease commencement date, plus any initial direct costs incurred, minus any lease incentives received.

The Authority recognizes as capital assets a right of use subscription asset for subscription-based information technology arrangements ("SBITA") with a duration of over a year. The subscription asset is initially measured as the sum of: (1) the initial subscription liability amount, (2) payments made to the SBITA vendor before commencement of the subscription term, and (3) capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term, if any.

Recurring maintenance and repair costs are charged to expense, whereas major repairs, improvements, and replacements are capitalized. When capital assets are disposed of, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded as an operating result.

Depreciation and amortization expense are calculated using the straight-line method over the following useful lives:

Description	Useful Life
Wells and tanks	Fifty (50) years
Vehicles, computer and software, tools and laboratory equipment	Five (5) years
Furniture and fixtures, water meters, construction equipment	Ten (10) years
Water and sewer plants and pump station	Thirty (30) years
Buried infrastructure	Range from fifty (50) to Seventy (70) years
Dams	Seventy (70) years
Buildings	Forty (40) years
Right-of-use lease assets	Shorter of useful life or lease maturity
Right-of-use subscription assets	Through subscription maturity

Governments are required to evaluate prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. Such events or changes in circumstances that may be indicative of impairment include evidence of physical damage, enactment or approval of laws or regulations or other changes in environmental factors, technological changes or evidence of obsolescence, changes in the manner or duration of use of a capital asset, and construction stoppage among others.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

The Authority follows GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, which establishes that, generally, an asset is considered impaired when its services utility has declined significantly and unexpectedly. This statement also clarifies and establishes accounting requirements for insurance recoveries. No assets impairment was recorded during the fiscal year ended June 30, 2025.

Unearned Revenue

Unearned revenue arises from water and sewer services paid in advance by government, residential, commercial or industrial clients. It also includes advances received from federal programs, such as the Federal Emergency Management Agency ("FEMA"), for capital improvements, which funds are received before the eligibility requirements are met.

Lease Liability

At the commencement of a lease, the Authority measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made.

Subscription Liability

At the commencement of an arrangement for subscription-based information technology, the Authority measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made.

Customers' Deposits

The Authority requires deposits from its customers before the service connection is activated. Deposits are recorded as a liability in the statement of net position, until termination of service. At the moment of termination or cancellation of the service, the balance of the customer deposit is applied to the account outstanding balance. Any excess of the deposit over the outstanding balance is refunded to the customer.

Compensated Absences

Compensated absences are accounted as determined by GASB Statement No. 101, *Compensated absences*. Liabilities for compensated absences are recognized for: (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means.

The liability is recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means.

Employees earn vacation, compensatory time and sick leave based on a prescribed formula. The amount of vacation, compensatory time and sick leave earned and not used by the Authority's employees is accrued as a liability, including payroll related costs, as the benefits are earned by the employees and if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the Authority will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement. The Authority's employees are entitled to receive compensation for

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

unused vacation days up to 60 days, based on current legislation. Accrued unused sick days do not result in compensation to employees.

The cost of compensated absences expected to be paid in the next twelve (12) months is classified as a current liability while amounts expected to be paid after twelve (12) months are classified as noncurrent liabilities.

Termination Benefits

The Authority accounts for termination benefits in accordance with GASB Statement No. 47, *Accounting for Termination Benefits*. Pursuant to the provisions of GASB Statement No. 47, in financial statements prepared on accrual basis of accounting, employers should recognize a liability and expense for voluntary termination benefits (for example, early retirement incentives) when the offer is accepted and the amount can be estimated. A liability and expense for involuntary termination benefits (for example, severance benefits) should be recognized in the financial statements when: (i) a plan for termination has been approved by those with the authority to commit the government to the plan, (ii) the plan has been communicated to the employees, and (iii) the amount can be estimated.

Long-term Debt, Debt Issuance Costs, and Deferred Refunding Loss

Long-term debt on the statement of net position is reported net of related premiums and discounts. Premium and discounts incurred in the issuance of long-term debts are deferred and amortized to expense over the life of the related debt using the effective interest method.

Debt issuance costs are classified as nonoperating expenses. For debt refunding, the excess of reacquisition cost over the carrying value of refunded long-term debt is recorded as a deferred outflow of resources and amortized to operating expenses using the effective interest method over the remaining life of the original debt or the life of the new debt, whichever is shorter.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents consumption of net position applicable to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Similarly, the Authority reports deferred inflows of resources on the statement of net position in a separate section following liabilities. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position and resources applicable to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. Deferred outflows and inflows of resources mainly affect the unrestricted net position.

The Authority has the following deferred outflows/inflows of resources:

Deferred outflows

- Unamortized loss from debt refunding. See Note 15.
- Difference between expected and actual experience, changes in proportions or assumptions, and pension and other post-employment benefits payments subsequent to the measurement date of the applicable benefit. See Notes 17 and 18.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

Deferred inflows

- Difference between actual and expected pension liability experience. See Note 17.
- Changes in proportions, assumptions about future economic and demographic factors related to other post-employment benefits obligation. See Note 18.

Federal Grants and Other Contributions

Contributions are recognized when qualifying expenditures are incurred and conditions under the agreement are met. Contributions received before eligibility requirements are met, other than timing, are considered unearned revenue. Contributions received before timing requirements are met are considered deferred inflows of resources.

The Authority receives contributions for capital projects from developers, customers, the Commonwealth Governmental Agencies, and Federal Agencies, such as the US Department of Agriculture ("USDA") (through the RD program) and EPA (through the State Revolving Fund ("SRF") Programs). The Authority also receives contributions from FEMA and other federal agencies, such as the Department of Housing, for recovery and resiliency expenses or capital projects, when a natural disaster occurs, and a state of emergency is declared by the president of the United States of America. For more detail on the Contributions received refer to Note 20.

Pension Costs

As further disclosed in Note 17, effective July 1, 2017, a new "pay-as-you-go" (PayGo) system was established by Act No. 106 of 2017 ("Act 106-2017"), significantly reforming the defined benefit plan (the "Plan") of the Employees' Retirement System of the Government of the Commonwealth of Puerto Rico ("ERS"). Under the PayGo system, employers' contributions and other contributions ordered by special laws were all eliminated and substantially all assets of the Plan were liquidated and its proceeds transferred to the Commonwealth's General Fund for payment of pension benefits; therefore, since the enactment of Act 106-2017, the Commonwealth's General Fund is making direct payments to the pensioners and is then reimbursed for those payments by the participating employers.

As a result of the implementation of the PayGo system, the Authority started applying the guidance of GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement No. 68, an amendment of Certain Provisions of GASB Statements No. 67 and 68*, was applied on fiscal year 2019. GASB Statement No. 73 maintains the "accrual basis" model under GASB Statement No. 68, where the pension liability is actuarially determined. GASB Statement No. 73 requires a liability for pension obligations, known as the Total Pension Liability, to be recognized on the statement of net position of participating employers. Changes in Total Pension Liability are immediately recognized as pension expenses or credit, as applicable. As Act 106-2017 eliminated all contribution requirements for the Plan and converted it into a PayGo system, the corresponding actuarial calculation of the total pension liability and related accounts changed to one based on benefit payments rather than contributions.

The Central Government and its component units are considered to be one employer, and the Plan, as modified by Act 106-2017, is classified for financial reporting purposes as a single-employer, defined benefit, pension plan. Other employers also participate in the Plan, as modified. Because certain employers that are component units of the Commonwealth, such as the Authority, prepare individual financial statements, a proportionate share of pension related amounts is determined for these employers. GASB Statement No. 73 requires that such proportionate share should be consistent with the manner in which amounts that are paid as benefits come due are determined. The proportionate share as of each measurement date is based on the ratio of each

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

agency and component unit's actual benefit payments to the total actual benefit payments paid during the year ending on the measurement date.

The Authority's share of the total pension liability, based on the valuation at end of the prior fiscal year, was 5.65152% for fiscal year 2025, and its share of the total pension liability recorded as of June 30, 2025 was \$1,122.4 million. Disclosures required under GASB Statement No. 73 can be found in Note 17.

ERS elected to use July 1 of the prior fiscal year as the measurement date for financial information. Based on this election, the actuarial measurement data for June 30, 2024 was used for the pension benefits financial reporting recognition as of and for the fiscal year ended June 30, 2025.

Accounting for Postemployment Benefits Costs

In accordance with the provisions of the GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the Authority is required to quantify and disclose its obligations to pay non-pension post-employment benefits to current and future retirees. GASB Statement No. 75 employs an "accrual basis" model, where the total post-employment benefit obligation (actuarially determined) is compared to the benefit plan net position, if any, and the difference represents the Net Other Postemployment Benefit (OPEB) Liability (Total OPEB Liability for unfunded plans).

The Authority provides non-pension, post-employment benefits under a Healthcare Benefits Plan to qualifying retirees that consist of a fixed maximum monthly payment of \$125 to cover medical expenses for retired employees meeting the service eligibility requirements. Based on this Plan's features, it is treated as a single-employer, defined benefit healthcare plan. These benefits are funded by the Authority on a PayGo basis, which means that there is no reserve or pool of assets against the benefit expenses that the Authority may incur in future years, therefore, the Authority recognizes the total OPEB liability.

The Authority's retired employees also participate in the ERS sponsored Medical Insurance Plan Contribution (ERS MIPC), providing a benefit of \$100 per month for health plan costs. The Central Government and its component units are considered to be one employer. Other employers also participate in the ERS MIPC Plan. Because certain employers that are component units of the Commonwealth, such as the Authority, prepare individual financial statements, a proportionate share of OPEB expense is determined for these employers. Statement No. 75 requires that such proportionate share should be consistent with the manner in which amounts that are paid as benefits come due are determined. The proportionate share as of each measurement date is based on the ratio of each agency and component unit's actual benefit payments to the total actual benefit payments paid during the year ending on the measurement date. Because all participants in the ERS MIPC plan are inactive, there are no deferred inflows or outflows as any modification due to changes in actuarial assumptions or economic or demographic gains and losses are recognized immediately during the measurement year.

Changes in the total OPEB liability during the period are recorded as OPEB expense or credit, as applicable, or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change, during the period incurred. Those changes in total OPEB liability that are recorded as deferred inflows of resources or deferred outflows of resources that arise from changes in actuarial assumptions of other inputs and differences between expected or actual experience are amortized over the average of the remaining service life of all participants including retirees and recorded as a component of OPEB expense beginning with the period in which they arose. The Authority's contributions made after the measurement date of the total OPEB liability are recorded as a deferred outflow of resources. Disclosures required under GASB Statement No. 75 can be found in Note 18.

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

Net Position

The net position is the difference between an entity's assets plus deferred outflows of resources and its liabilities plus deferred inflows of resources.

Net position is reported in three categories:

- ▶ **Net Investment in Capital Assets** – Includes capital assets, right of use lease and subscription assets, net of accumulated depreciation and amortization and reduced by outstanding balances for bonds, notes, and other related debt that are attributed to the acquisition, construction, or improvement of those assets. Debt pertaining to significant unspent debt proceeds is not included in the calculation of net investment in capital assets.
- ▶ **Restricted Net Position** – Reflects constraints on the use of assets that are either externally imposed by creditors, grantors, contributors, and the like, or imposed by agreements or law (through constitutional provisions or enabling legislation).
- ▶ **Unrestricted Net Position** – Consists of assets, which do not meet the definition of the two preceding categories. Unrestricted net position could be designated to indicate that management considers certain amounts to be available for general operations. Unrestricted net position often has constraints on resources that are imposed by management that can be removed or modified.

Use of Estimates

Management of the Authority has made several estimates and assumptions related to the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Effects of New Pronouncements

The following GASB statements were adopted in fiscal year 2025 on the Authority's financial statements:

- GASB Statement No. 101, *Compensated Absences*, to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. The adoption of GASB Statement No. 101 did not have a significant impact on the Authority's financial statements.
- GASB Statement No. 102, *Certain Risks Disclosures*, to provide essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement defines a concentration as a lack of diversity related to an aspect of a significant inflow of resources or outflow of resources. A constraint is a limitation imposed on a government by an external party or by formal action of the government's highest level of decision-making authority. Concentrations and constraints may limit a government's ability to acquire resources or control spending. The management of the Authority evaluated the requirements of this Statement as of June 30, 2025 and there were no events that met the criteria for additional disclosures in the accompanying financial statements.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

Future Adoption of Accounting Standards

GASB has issued the following accounting standards that the Authority has not yet adopted:

GASB Statement No	GASB Statement Name	Adoption Required in Fiscal Year
103	Financial Reporting Model Improvements	2026
104	Disclosure of Certain Capital Assets	2026
105	Subsequent Events	2027

The Authority is evaluating the impact that these statements may have, if any, on its future financial statements.

(2) Cash and Cash Equivalents:

Deposits

As of June 30, 2025, the carrying amount of deposits with financial institutions of the Authority consisted of the following (in thousands):

	2025	
	Carrying amount	Bank balance
Unrestricted deposits in commercial banks in Puerto Rico	\$ 211,304	\$ 213,621
Restricted deposits in commercial banks in Puerto Rico	928,095	928,474
Total	<u>\$ 1,139,399</u>	<u>\$ 1,142,095</u>

Cash equivalents

As of June 30, 2025, cash equivalents consisted of approximately \$70.0 million in U.S. treasury securities maturing through August 2025, bearing interests ranging from 4.12% to 4.27%, which are subject to credit and interest rate risk.

This space left blank intentionally.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

(3) Custodial Credit Risk and Others:

Custodial Credit Risk

Pursuant to the laws of the Commonwealth, the Authority's cash is required to be held only in banks designated as depository institutions of public funds by the Commonwealth's Secretary of the Treasury. The Commonwealth requires that public funds deposited in commercial banks in Puerto Rico must be fully collateralized for the amount deposited in excess of federal depository insurance. All securities pledged as collateral are held by the Secretary of the Treasury of the Commonwealth.

Custodial credit risk is the risk that, in the event of a bank failure, the Authority's deposits might not be recovered. During fiscal year 2025, the Authority was not exposed to custodial credit risk.

Credit Risk

US Treasury securities are held in trust by Banco Popular de Puerto Rico and Bank of New York Mellon, in a fiduciary capacity and are supported by the U.S. Government, therefore are not deemed to have significant credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The Authority's cash and cash equivalents include investments in US Treasury securities maturing within three months or less.

This space left blank intentionally.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

(4) Accounts Receivable:

Accounts receivable are primarily for water and sewer services provided to residential, industrial, commercial and government customers, and as of June 30, 2025, consisted of the following (in thousands):

Water and sewer services:	
Residential, industrial, and commercial	\$ 981,210
Government agencies and municipalities	66,398
	1,047,608
Other receivables:	
Central government	1,007
Other government agencies	3,410
Private entities	36,651
	41,068
Less allowance for uncollectible accounts	(861,126)
Total	<u>\$ 227,550</u>

(5) Receivables from Federal Agencies:

Receivables from federal agencies of approximately \$201.6 million as of June 30, 2025, consist primarily of amounts to be received from FEMA and the Department of Housing (CDBG Program) as reimbursement for costs incurred by the Authority mostly for reconstruction and recovery efforts after disasters such as the 2017 Hurricanes and Hurricane Fiona in 2022. Management expects this receivable to be collected; therefore, the balance has not been reserved.

(6) Materials and Supplies Inventory:

Material and supplies inventory was approximately \$48.5 million as of June 30, 2025 and consisted of materials and supplies needed for the operation and maintenance of the water and sewer systems and for the replacement of water meters and other components of the Authority's system.

(7) Restricted Assets:

Restricted assets consist of the following:

Construction Funds – Amounts in construction funds represent unspent bond proceeds and federal funds, which will be used to pay the cost of construction of capital improvement projects. It also includes funds designated by the Authority for specific infrastructure projects.

Capital Activity Funds – Capital activity funds represent amounts deposited by the Authority as required by the annual budget into the Capital Improvement Fund held by the Master Agreement of Trust ("MAT") Trustee as well as funds deposited by the Authority to comply with agreements requiring construction of capital improvement projects, including fines and penalties assessed by EPA that will be used for construction of

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

capital improvement projects to provide water and sewer services and to comply with environmental regulations.

The Capital Activity Funds also include amounts received from FEMA and other federal agencies or insurance proceeds to be invested in capital improvement projects for the system recovery after disaster emergencies, such as hurricanes, tropical storms, earthquakes, and others.

Debt Service Funds – Amounts deposited for the payment of principal and interest on bonds and notes. They also include deposits required by the MAT to be maintained in the Debt Service Reserve accounts.

Operating Reserve Fund – Deposits to comply with the Operating Reserve Fund requirement of the MAT.

The Authority's restricted cash and cash equivalents included \$654.6 million as of June 30, 2025, classified as current assets to be used for current debt service payment obligations and for short term capital or operating needs.

Restricted assets by category as of June 30, 2025 consisted of the following (in thousands):

Capital and construction funds	\$	500,001
Operating reserve funds		239,992
Debt service funds		181,748
Other restricted funds		6,354
	\$	<u>928,095</u>

Notes to Financial Statements

June 30, 2025

(9) Leases:

A lease is defined as a contractual agreement that conveys control of the right to use another entity's nonfinancial assets, for a minimum contractual period of greater than one year, in an exchange or exchange like transaction.

The Authority leases facilities, office equipment and other assets under long-term, noncancellable lease agreements recorded in accordance with GASB Statement No. 87, *Leases*. The lease terms range from 2 years to 20 years.

The summary of the Authority's lease assets activity as of June 30, 2025 is as follows (in thousands):

	Beginning Balance	Leases initiated / (Amortization expense)	Retirements	Ending Balance
Right of use lease assets:				
Building	\$ 14,025	\$ 2,473	\$ (756)	\$ 15,742
Equipment	1,895	-	-	1,895
	15,920	2,473	(756)	17,637
Less accumulated amortization for:				
Building	(5,289)	(2,655)	756	(7,188)
Equipment	(1,338)	(446)	-	(1,784)
	(6,627)	(3,101)	756	(8,972)
Right to use lease assets, net	<u>\$ 9,293</u>	<u>\$ (628)</u>	<u>\$ -</u>	<u>\$ 8,665</u>

The lease liability as of June 30, 2025 amounted to \$9.2 million. The Authority has discounted the future minimum payments using its incremental borrowing rate ranging from 4.40% to 4.61%. Leases starting in fiscal year 2025 were discounted based on the yield to maturity of PRASA's Bonds. As of June 30, 2025, the Authority had minimum principal and interest payment requirements in its lessee activity as follows (expressed in thousands):

Fiscal Year Ending June 30,	Principal	Interest	Total
2026	\$ 2,658	\$ 361	\$ 3,019
2027	1,788	258	2,046
2028	1,627	180	1,807
2029	821	123	944
2030	568	91	659
2031-2035	1,733	150	1,883
	<u>\$ 9,195</u>	<u>\$ 1,163</u>	<u>\$ 10,358</u>

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements June 30, 2025

(10) Subscription-based Information Technology Arrangement:

The Authority has entered into a 10 year subscription-based information technology long-term arrangement for infrastructure virtualization. This arrangement has met the criteria established by GASB Statement No. 96, *Subscription Based Information Technology Arrangements* ("SBITA"), thus the Authority has recorded a right to use subscription asset and a subscription liability.

The right of use subscription asset for subscription-based information technology arrangements over a year are recorded at the present value of future payments, as required by GASB Statement No 96.

The summary of the Authority's right of use subscription assets activity as of June 30, 2025 is as follows (in thousands):

	<u>Beginning Balance</u>	<u>SBITA initiated / (Amortization expense)</u>	<u>Retirements</u>	<u>Ending Balance</u>
SBITAs				
HUB Advanced Networks	\$ 1,883	\$ -	\$ -	\$ 1,883
Less accumulated amortization for:				
HUB Advanced Networks	(400)	(200)	-	(600)
SBITAs, net	<u>\$ 1,483</u>	<u>\$ (200)</u>	<u>\$ -</u>	<u>\$ 1,283</u>

The subscription liability as of June 30, 2025 amounted to \$1.4 million. The Authority has discounted the future minimum payments using its incremental borrowing rate of 4.61% at the time of the GASB Statement No. 96 implementation.

Principal and interest requirements to maturity as of June 30, 2025 were as follows (in thousands):

<u>Fiscal Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 188	\$ 59	\$ 247
2027	196	50	246
2028	206	41	247
2029	215	31	246
2030	226	21	247
2031	236	11	247
2032	102	1	103
	<u>\$ 1,369</u>	<u>\$ 214</u>	<u>\$ 1,583</u>

Notes to Financial Statements

June 30, 2025

(11) Accrued Liabilities:

Accrued liabilities as of June 30, 2025 consisted of the following (in thousands):

Payroll and related accruals	\$	24,968
Legal, labor related and environmental contingencies		50,441
Contract retentions		34,436
	\$	<u>109,845</u>

(12) Unearned Revenue:

Unearned revenue includes payments for services in advance by clients and it also includes advances received from federal programs for capital improvements, which are funds received before the eligibility requirements are met. Contributions revenue is recognized when qualifying expenditures are incurred and conditions under the agreement are met, other than timing.

Unearned revenue as of June 30, 2025 consisted of the following (in thousands):

Payments received in advance - customer accounts	\$	32,994
Advance of funds from Federal Programs		249,422
	\$	<u>282,416</u>

(13) Early Retirement Obligations:

On December 8, 2015, the Commonwealth enacted Act No. 211 (Act 211-2015) to establish an incentive program for eligible employees of the Commonwealth who voluntarily retire early.

Act 211-2015 provides for compensation equivalent to 60% of each employee's salary, the payment of vacation and sick leave accrued balances, up to the maximum days as established by Act. No. 66 of 2014 for eligible employees.

In addition, employees will maintain health plan coverage and employer contribution for a maximum term of two years.

On August 23, 2017, Act 106-2017 repealed Act 211-2015, but all the rights and obligations created under Act 211-2015 remain in effect.

As of June 30, 2025, unpaid long-term benefits granted in Act 211-2015 were discounted by a rate of 3.30%. The Authority's obligation under Act 211-2015 for the fiscal year ended on June 30, 2025 was approximately \$5.6 million.

Notes to Financial Statements

June 30, 2025

2020 Revenue Refunding Bonds

On December 17, 2020, the Authority issued its Revenue Refunding Bonds Series 2020A and 2020B (Senior Lien) (the "2020 Senior Bonds") in the amount of \$1,351.3 million and \$18.8 million, respectively, for the purpose of refunding a portion of certain bonds issued on March 18, 2008. The proceeds of the 2020 Senior Bonds were used to (i) refinance a portion of the outstanding 2008 Revenue Bonds, Series A, and Series B (Senior Lien) issued under the MAT, excluding the non-callable convertible capital appreciation bonds, (ii) refinance all of the Authority's currently outstanding 2008 Revenue Refunding Bonds, guaranteed by the Commonwealth of Puerto Rico, and (iii) pay costs of issuance of the 2020 Senior Bonds and underwriters' discount. The par amount of the refunded bonds amounted to \$1,427.6 million.

The 2020 Senior Bonds bear interest at rates ranging from 4% to 5% per annum with yields at the time of issuance ranging from 2.50% to 4.50% with maturity dates ranging from July 1, 2021 to July 1, 2047. The proceeds of the 2020 Senior Bonds totaling \$1,471.1 million, including \$101 million in premium, were used to (i) pay for \$10.4 million in underwriters' discount and other costs of issuance and (ii) deposit \$1,460.7 million in an irrevocable trust with an escrow agent to pay the outstanding principal and accrued interest for the refunded bonds on the applicable redemption dates.

As a result of the refunding, the corresponding liability of the applicable refunded 2008 Revenue Bonds were considered defeased and removed from the Authority's statement of net position. A deferred loss on refunding of \$14.9 million was recorded, as a result of the difference between the reacquisition price and the net carrying amount of the refunded bonds. This difference, reported in the accompanying financial statements as a deferred outflow of resources, is being charged to operations through the remaining life of the 2020 Senior Bonds using the effective interest method.

The defeasance of the refunded bonds resulted in a reduction in the Authority's total debt service payments over the next 27 years of approximately \$348.2 million and resulted in an economic gain (difference between the present values of the old and new debt service payments) of approximately \$213.3 million.

The 2020 Senior Bonds are senior indebtedness under the MAT. Each purchaser of 2020 Senior Bonds consented, by its purchase and execution of an investor letter, to the terms and execution by the MAT Trustee of a Second Amended and Restated Master Agreement of Trust. The Second Amended and Restated Master Agreement of Trust will be executed and become effective upon the receipt of the written consent of: (1) the holders of all outstanding Bonds of each lien priority under the MAT and (2) the Federal Lenders (as defined in the MAT (currently, RD and EPA)); and provide among other changes, to convert the security on the Authority's revenue from a gross revenue pledge to a net revenue pledge.

As of June 30, 2025 the outstanding balance for the 2020 Senior Bonds was \$1,288.8 million.

2021 and 2022 Revenue Refunding Bonds

On February 29, 2012, the Authority issued approximately \$2,095.7 million of Series A and B Revenue Bonds (Senior Lien) (the "2012 Revenue Bonds").

The 2012 Series A Revenue Bonds were issued to: (1) repay certain lines of credit provided by Puerto Rico Government Development Bank ("GDB") to the Authority as interim financing for a portion of its Capital Improvement Program ("CIP"), (2) finance a portion of the Authority's CIP, (3) make a deposit to a Budgetary Reserve Fund, (4) pay capitalized interest on the 2012 Series A Revenue Bonds through July 1, 2013, and (5) pay the costs of issuance and underwriters' discount. The 2012 Revenue Bonds Series B were issued to: (1) provide funds to repay a bond anticipation note issued by the Authority in the aggregate principal amount of \$241.0 million, the proceeds were used to repay certain of the Authority's outstanding indebtedness, (2) provide

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

funds to repay certain lines of credit provided by GDB to the Authority to finance operating expenses and as interim financing for a portion of its CIP, (3) pay capitalized interest on Series B Bonds through July 1, 2013, and (4) pay the cost of issuance and underwriters' discount.

On August 25, 2021, the Authority issued its 2021 Series A, 2021 Series B and 2021 Series C senior revenue refunding bonds in a total principal amount of \$1,089.8 million and on June 15, 2022, the Authority issued its 2022 Series A senior revenue refunding bonds in a total principal amount of \$565.2 million (together, the "2021 and 2022 Refunding Bonds"), to refinance the total outstanding balance of the Authority's 2012 Series A and B senior revenue bonds originally issued on February 29, 2012 (the "Refunded Bonds") with an outstanding principal balance as of the refunding date of \$1,806 million.

The issuance of the 2021 and 2022 Refunding Bonds resulted in: (a) a reduction of the Authority's total debt service payments over the next 26 years of approximately \$569.7 million and (b) an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$385 million.

The 2021 and 2022 Refunding Bonds consist of the principal amounts and under the transactions included below (in thousands):

Refunded Bonds	Program	New Series	Refunding Bonds Par	Closing Date
2012A	Tender of a portion of 2012 Revenue Bonds Series A for cash purchase by Authority	2021A	\$ 92,330	August 25, 2021
2012A	Exchange of a portion of 2012 Revenue Bonds Series A for 2021 Series B Refunding Bonds	2021B	842,410	August 25, 2021
2012B	Current refunding of 2012 Revenue Bonds Series B	2021C	155,090	August 25, 2021
Remaining 2012A	Forward delivery current refunding of remaining 2012 Revenue Bonds Series A	2022A	565,180	June 15, 2022
			<u>\$ 1,655,010</u>	

The 2021 and 2022 Refunding Bonds bear interest at rates ranging from 4% to 5% per annum with yields at the time of issuance ranging from 3.14% to 3.7% and maturity dates ranging from July 1, 2022 to July 1, 2047.

The proceeds of a portion of the Refunding Bonds issued on August 25, 2021, totaling \$260.1 million, including \$11.4 million in premium, together with \$1.3 million in Authority funds on hand, were used to: (i) pay for \$7.3 million in underwriters' discount, dealer manager fees and other costs of issuance, (ii) pay on August 25, 2021, the purchase price of \$98.6 million (including \$0.6 million in accrued interest) for the Authority's 2012 Revenue Bonds Series A revenue bonds tendered for purchase and cancelled, and (iii) deposit on August 25, 2021, \$154.2 million in an irrevocable trust with an escrow agent to pay the outstanding principal and accrued interest for a portion of the Refunded Bonds on or prior to August 30, 2021. As a result of the irrevocable deposit in (iii) above and the payment of the purchase price and cancellation in (ii) above, that portion of the Refunded Bonds is in accordance with the MAT deemed to have been defeased and retired on August 25, 2021.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

In addition, on August 25, 2021, the Authority issued \$842.4 million principal amount of Refunding Bonds, Series 2021B (Senior Lien) in exchange for \$920.7 million principal amount of 2012 Revenue Bonds, Series 2012A (the "2012 Purchased Bonds") tendered for exchange and cancelled. In connection with such tender and exchange, the Authority paid to the holders of the 2012 Purchased Bonds \$7.3 million of accrued interest. As a result of the tender and exchange and in accordance with the MAT, the 2012 Purchased Bonds were deemed to have been retired on August 25, 2021.

The proceeds of the Refunding Bonds issued on June 15, 2022, totaling \$643.1 million, including \$77.9 million in premium and \$15.5 million in other funds, were used to: (x) pay for \$3.2 million in underwriters' discount and other costs of issuance and (y) deposit on June 15, 2022, \$655.4 million in an irrevocable trust with an escrow agent to pay on July 1, 2022 the outstanding principal and accrued interest for the remaining portion of the Refunded Bonds that was not defeased and deemed retired on August 25, 2021 as described above. After the irrevocable deposit in (y) above was made on June 15, 2022, that remaining portion of the Refunded Bonds were in accordance with the MAT, deemed to have been defeased and retired on June 15, 2022.

The issuance of the 2021 and 2022 Refunding Bonds resulted in (a) a reduction of the Authority's total debt service payments over the next 26 years of approximately \$569.7 million and (b) an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$385 million.

The Refunding Bonds are senior indebtedness under the MAT. Each purchaser of the Refunding Bonds consented by its purchase and execution of an investor letter to the terms and execution by the MAT Trustee of the Second Amended and Restated Master Agreement of Trust. The Second Amended and Restated Master Agreement of Trust will (1) be executed and become effective upon the receipt of the written consent of (a) the holders of all outstanding Bonds of each lien priority under the MAT and, (b) the Federal Lenders (as defined in the MAT (currently, RD and EPA)) and (2) amend the MAT, among other changes, to convert the security on the Authority's outstanding revenue bonds from a gross revenue pledge to a net revenue pledge (resulting in the ongoing payment of Authority operating expenses ahead of the payment of debt service).

As of June 30, 2025 the outstanding balance for the 2021 and 2022 Refunding Bonds was \$1,500.9 million.

Debt Service Payments

Future principal and interest payments on all bonds payable outstanding as of June 30, 2025 are as follows (in thousands):

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements June 30, 2025

(16) Notes Payable (Direct Borrowings):

Notes payable as of June 30, 2025, consisted of the following (in thousands):

Clean Water State Revolving Fund Loans	\$	476,792
Drinking Water State Revolving Fund Loans		197,465
USDA Rural Development Loans		390,229
	\$	<u>1,064,486</u>

Puerto Rico Clean Water State Revolving Fund and Drinking Water State Revolving Fund Loans

The Authority receives federal funds for its CIP through various loans granted by the Clean Water State Revolving Fund Programs ("CWSRF") and the Drinking Water State Revolving Fund Programs ("DWSRF") (collectively, the "SRF Loans"), created under the federal Clean Water Act of 1972 and Safe Drinking Water Act of 1974, as amended, administered by the Commonwealth's Environmental Quality Board ("EQB") (succeeded by the Puerto Rico Department of Environmental and Natural Resources or "PRDNER") and the Puerto Rico Department of Health ("PRDOH"), respectively.

In this respect, PRDNER and PRDOH, on behalf of the Commonwealth, are authorized to enter into operating agreements and capitalization grant agreements with the EPA. The Puerto Rico Infrastructure Financing Authority ("PRIFA"), a public corporation and instrumentality of the Commonwealth, as operating agent for the SRFs, is authorized to assist PRDOH and PRDNER in the administration, financial and accounting activities of the SRFs.

On December 18, 2018, a Deed of Trust was entered into, by and among PRIFA, EQB (succeeded by PRDNER), and Banco Popular de Puerto Rico, as trustee (the "CWSRF Deed of Trust"); and on the same date a Deed of Trust was entered into, by and among PRIFA, DOH, and Banco Popular de Puerto Rico, as trustee (the "DWSRF Deed of Trust").

On July 26, 2019, the Authority and AAFAF consummated a definitive debt restructuring modifying the Authority's then outstanding SRF Loans in the amount of \$570 million plus \$26 million of new funds for ongoing capital improvement projects (the "SRF Agreements"). The SRF Agreements were approved by the Oversight Board, pursuant to Section 207 of PROMESA, and consolidated all the SRF Loans into two SRF loans (the "2019 SRF Loans") with a 30-year maturity and for years 1 through 10 bearing interest at 0% and requiring \$10 million annual principal-only payments and for years 11 through 30 bearing interest at 1% per annum and requiring \$27 million annual debt service thereafter.

This space left blank intentionally

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements June 30, 2025

After the July 2019 debt modification, with the agreement of and in collaboration with the EPA, the Authority regained access to funds from the SRF Programs on the dates and by the amount included in the table below:

Date	Program	Loan	Subsidized Loans	Total	Loans Disbursed
18-Aug-20	CWSRF	\$ 163,219	\$ -	\$ 163,219	\$ 97,533
30-Aug-21	DWSRF	22,202	24,067	46,269	7,130
28-Oct-21	CWSRF	23,784	8,291	32,075	-
2-Sep-22	DWSRF	5,602	6,253	11,855	925
24-Jan-23	CWSRF	22,502	2,411	24,913	-
12-Jun-23	DWSRF	54,484	7,482	61,966	8,182
7-Jun-24	CWSRF	41,210	3,013	44,223	12,947
4-Oct-24	DWSRF	17,670	12,250	29,920	2,784
27-Feb-25	DWSRF	14,459	21,447	35,906	4,079
11-Apr-25	CWSRF	-	333,000	333,000	-
		<u>\$ 365,132</u>	<u>\$ 418,214</u>	<u>\$ 783,346</u>	<u>\$ 133,580</u>

The loans interest rate is 1% and amortize in a 30-year period after project completion. The subsidized loans or grants are funds with no principal repayment and 0% interest rate.

All of the above SRF Loans, are designated as Other System Indebtedness on a parity as to payment with other senior indebtedness under the Authority's MAT and are not guaranteed by the Commonwealth.

The Authority's outstanding balance under the SRF loans as of June 30, 2025 was \$674.3 million from which, \$540.7 million balance are from the pre-2019 modified debt in July 2019, and \$133.6 million are from subsequent loans.

Rural Development Loan Agreements

The USDA Rural Development ("RD") assists the Authority in the financing and construction of aqueduct and sewer facilities in rural areas.

On July 26, 2019, the Authority and RD agreed to modify the Authority's then outstanding balance of the RD bonds, totaling \$403 million, including accrued interest as of that date into two new loans. The agreement consolidated and converted all the then outstanding RD bonds into two new loans (the "RD Loans") with a 40-year maturity bearing interest at 2% per annum, with a \$10 million annual debt service requirements from years 1 through 10 and \$17 million in annual debt service requirement thereafter.

The RD Loan Agreements are also designated as Other System Indebtedness on a parity as to payment with other senior indebtedness under the Authority's MAT and are not guaranteed by the Commonwealth.

The Authority's outstanding balance of the RD Loans was \$390.2 million as of June 30, 2025.

Notes to Financial Statements

June 30, 2025

Debt Service Payments

Future principal and interest payments on all notes payable outstanding as of June 30, 2025 are as follows (in thousands):

<u>Fiscal year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 13,548	\$ 8,094	\$ 21,642
2027	13,157	8,038	21,195
2028	13,211	7,984	21,195
2029	13,266	7,929	21,195
2030	23,021	10,351	33,372
2031-2035	169,579	58,166	227,745
2036-2040	180,887	46,858	227,745
2041-2045	192,984	34,696	227,680
2046-2050	191,758	21,625	213,383
2051-2055	76,442	11,417	87,859
2056-2060	71,679	3,677	75,356
Permanent Loans	959,532	\$ 218,835	\$ 1,178,367
Construction Loans	104,954		
Total notes payable	\$ 1,064,486		

Construction loans are related to SRF new loans to finance projects still under construction or recently completed, and therefore, such balance did not have a principal amortization schedule as of the end of fiscal year 2025.

(17) Pension Plan:

General Information of Pension Plan

Before the enactment of Act 106-2017, ERS was a multiple-employer, cost-sharing, hybrid, defined benefit and defined contribution pension plan sponsored by and reported as a component unit of the Commonwealth. The ERS is a statutory trust created by Act No. 447 of May 15, 1951 as amended ("Act 447-1951"). All regular employees of the Authority become members of the ERS as a benefit of their employment.

Members who had entered the ERS before January 1, 2000, participated in a defined benefit program. Members who began to participate prior to April 1, 1990 ("Act 447 Participants") were entitled to the highest benefits structure, while those who began to participate on or after April 1, 1990 ("Act 1 Participants") were subject to a longer vesting period and a reduced level of benefits, as provided by Act No. 1 of February 16, 1990 ("Act 1-1990").

In 1999, Act 447-1951 was amended to close the defined benefit program for new participants and, prospectively, establish a new benefit structure similar to a cash balance plan ("System 2000"). Members who entered the ERS on or after January 1, 2000 ("System 2000 Participants") participate solely in System 2000.

On April 4, 2013, Act 3-2013 was enacted and represented a comprehensive reform of the ERS, effective on July 1, 2013.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

All regular employees hired for the first time on or after July 1, 2013, and former employees who participated in the Defined Benefit Program and the System 2000 Program, and were rehired on or after July 1, 2013, became members of a newly established defined contribution program similar to the System 2000 Program (the Contributory Hybrid Program) as a condition to their employment. In addition, employees who, as of June 30, 2013, were participants of previous programs became part of the Contributory Hybrid Program on July 1, 2013. Also, Act No. 3 of April 4, 2013 froze all future benefits accrued under the defined contribution formula used for the System 2000 program participants.

Act 106-2017 approved a substantial pension reform for all of the Commonwealth's retirement systems, including the ERS. This reform modified most of the ERS's activities, eliminated actuarially determined employer contributions, created the legal framework to implement a PayGo system, and required the ERS to liquidate substantially all of its assets and to transfer the proceeds from such liquidation to the Commonwealth for the payment of pension benefits. Under the PayGo system, the Commonwealth's General Fund makes direct payments to the pensioners and then is reimbursed for those payments by the participating employer, including the Authority. Future benefits will not be paid by the ERS.

Under Act 106-2017, the ERS's board of trustees was eliminated, and a new Retirement Board was created. Act 106-2017 also ordered a suspension of ERS's loan programs and ordered a merger of the administrative structures of the ERS, the Teachers Retirement System ("TRS") and the Judiciary Retirement System ("JRS"). At the Retirement Board's discretion, the administration of ERS benefits may be externalized. The Retirement Board is currently responsible for governing the ERS, the JRS, and TRS.

Act 106-2017 also created a Defined Contribution Plan, similar to a 401(k) plan, for ERS participants, which plan is managed by a private entity. Act 106-2017 terminated the previously existing pension programs for ERS participants as of June 30, 2017. The members of the prior programs and new system members hired on and after July 1, 2017 have been enrolled into this new Defined Contribution Plan program. The accumulated balance on the accounts of the prior program was transferred to the member accounts in the new Defined Contribution Plan, effective as of June 22, 2020.

Pursuant to the Commonwealth Plan of Adjustment, among other things, all accrued pension benefits for active and retired public employees were preserved and will continue to be paid through the PayGo system pursuant to Act 106-2017. However, JRS and TRS participants will be subject to benefits freeze and the elimination of any cost of living adjustments previously authorized under the JRS and TRS pension plans.

In addition, effective March 15, 2022, all participants in the System 2000 Program received a one-time payment in the amount of their contributions (plus accrued interest) as of the Commonwealth's petition date in their defined contribution accounts established under Act 106-2017. As a result of the payment of those refunds, all claims related to the System 2000 Program have been discharged.

Furthermore, under the Commonwealth Plan of Adjustment and Commonwealth Confirmation Order, a Pension Reserve Trust was created to fund future ERS pension liabilities with an initial funding contribution from the Commonwealth of \$5 million on the Commonwealth Effective Date (March 15, 2022) to fund the initial administrative costs and expenses of the Pension Reserve Board. Additional annual Commonwealth contributions will also be made to the Pension Reserve Trust in amounts to be determined each fiscal year in accordance with the terms of the Commonwealth Plan of Adjustment. The Commonwealth Plan of Adjustment and Commonwealth Confirmation Order also prevent the Commonwealth from implementing existing legislation or enacting new legislation within 10 years of the Commonwealth Effective Date that would create or increase any defined benefit pension payment or obligation to current or future retirees without the Title III Court's prior approval.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

Total ERS Pension Liability

The total pension liability as of June 30, 2024 (the measurement date used for financial reporting for fiscal year 2025) was determined by an actuarial valuation as of July 1, 2023 that was rolled forward to June 30, 2024.

Allocation Methodology

The share as of measurement date is based on the ratio of the total liability determined directly for each agency based on each agency's members to the total pension liability for all Central Government members as of the measurement date.

Actuarial Method and Key Assumptions

The actuarial cost method used for the valuation was the Entry Age Normal.

The discount rate for June 30, 2024 was 3.93%. This represents the municipal bond return as chosen by the Commonwealth. The source is the Bond Buyer General Obligation 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

The mortality tables used for the actuarial valuations for fiscal year 2025 (based on the valuation as of June, 30, 2024) were as follows:

- **Pre-retirement Mortality** – For general employees not covered under Act No. 127-1958, the PubG-2010 employee rates, adjusted by 100% for males and 110% for females, projected to reflect Mortality Improvement Scale MP-2021 on a generational basis. For members covered under Act No. 127-1958, the PubS-2010 Employee Mortality Rates were assumed for males and females, projected to reflect Mortality Improvement Scale MP-2021 on a generational basis. As generational tables, they reflect mortality improvements both before and after the measurement date.

All deaths while in active service are assumed to be occupational for members covered under Act 127-1958.
- **Post-retirement Retiree Mortality** – The PubG-2010 healthy retiree rates, adjusted by 100% for males and 110% for females, projected using MP-2021 on a generational basis. As a generational table, it reflects mortality improvements, both before and after the measurement date. This assumption is also used for beneficiaries prior to the member's death.
- **Post-retirement Disabled Mortality** - The PubG2-010 disabled retirees rates, adjusted by 80% for males and 100% for females, The base rates are projected using Mortality Improvement Scale MP-2021 on a generational basis. As a generational table, it reflects mortality improvements both before and after the measurement date.
- **Post-retirement Beneficiary Mortality** – Prior to retiree's death, beneficiary mortality is assumed to be the same as the post-retirement retiree mortality. For periods after the retiree's death, the PubG-2010(B) contingent survivor rates, adjusted by 110% for males and 120% for females, projected using MP-2021 on a generational basis. As a generational table, it reflects mortality improvements both before and after the measurement date.

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements June 30, 2025

The Authority's Proportionate Share of Total Pension Liability of ERS

The Authority's proportionate percentage share of the total pension liability decreased to 5.65152% for the valuation for fiscal year 2025 from 5.69093% for fiscal year 2024, and the Authority's share of the total pension liability decreased from \$1,182.0 million for the valuation reported in fiscal year 2024 to \$1,122.4 million for the valuation reported in fiscal year 2025.

The Authority's proportion of ERS's total pension liability was based on the proportion of the Authority's members to the total pension liability for all Central Government members as of the measurement date.

The following presents the total pension liability reported as of June 30, 2025, calculated using the discount rate of 3.93%, as well as what the total pension liability would be if it was calculated using a discount rate that is 1 percentage point lower (2.93%) or 1 percentage point higher (4.93%) than the current rate (in thousands):

	1% Decrease (2.93%)	Current Discount Rate (3.93%)	1% Increase (4.93%)
Total pension liability	\$ 1,244,866	\$ 1,122,413	\$ 1,019,503

Pension Expenses and Deferred Outflow/Inflows of Resources Related to Pension

For the fiscal year ended June 30, 2025, the Authority's pension expense, as set forth in the actuarial report, was \$66.9 million.

	Beginning Balance	Additions	Deductions	End of Year Balance
Deferred outflow of resources				
Changes in assumptions	\$ 45,135	\$ -	\$ (45,135)	\$ -
Changes in proportion	4,454	-	(4,454)	-
Differences between actual and expected experience	824	-	(824)	-
Total	\$ 50,413	\$ -	\$ (50,413)	\$ -
Deferred inflow of resources				
Changes in assumptions	\$ -	\$ -	\$ -	\$ -
Changes in proportion	1,473	-	(1,473)	-
Differences between actual and expected experience	7,372	-	(7,372)	-
Total	\$ 8,845	\$ -	\$ (8,845)	\$ -

As of June 30, 2025, there are no deferred outflows or inflows of resources (excluding employer-specific amounts related to pension benefit payments made by the Authority subsequent to the measurement date) related to pensions that will be recognized in pension expense in future years.

The Authority reported deferred outflows of resources related to pension benefit payments made by the Authority subsequent to the measurement date, which amounted to \$85.9 million as of June 30, 2025, and will be recognized as a reduction of the total pension liability in the fiscal year ended June 30, 2026.

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements June 30, 2025

(18) Other Postemployment Benefits:

Authority Health Plan Benefit

The Authority provides retirement healthcare benefits under the Healthcare Benefit Plan to its retirees (the "Healthcare Plan") pursuant to collective bargain agreements. The Plan is administered by the Authority. The benefit consists of a fixed maximum monthly payment (annuity) to cover medical expenses. Based on the Healthcare Plan's features and functionality, and for the purpose of the actuarial valuation, it has been identified as a single-employer, defined benefit, healthcare plan. Participant groups covered are employees under the Collective Bargaining Agreement with "Unión Independiente Auténtica" ("UIA"), employees under the Collective Bargaining Agreement with "Hermandad Independiente de Empleados Profesionales de la Autoridad de Acueductos y Alcantarillados" ("HIEPAAA") and employees under the Managers' Regulation, all of which are Authority's employees. All employees with more than twenty (20) years of rendered service within the Authority are eligible for the Authority's healthcare benefit upon retirement age.

Act No. 3-2013, an amendment to Act No. 447, established a new retirement age as follows:

- ▶ For those employees employed by the Authority before March 30, 1990, normal retirement age will be sixty-one (61) years old.
- ▶ For employees employed by the Authority on or after March 30, 1990 and before July 1, 2013, normal retirement age will be sixty-five (65) years old.
- ▶ For the employees hired by the Authority after July 1, 2013, normal retirement age will be sixty-seven (67) years old.

The obligation ends in case of death before retirement and in case of total or permanent disability before retirement. The obligation also ends in case of death after retirement.

Employees Covered by Benefit Terms

The OPEB Liability was determined based on the employees covered by the benefits of June 30, 2025 was, as follows:

Inactive employees currently receiving benefit payments	2,261
Active employees	4,115
Total	<u>6,376</u>

Funding Policy

The contribution requirements of the Authority are established and may be amended by the Authority's Governing Board. The benefits are paid directly by the Authority to the retirees at a maximum rate of \$125 per month per retiree. The Healthcare Plan is financed on a pay-as-you-go basis and the amount contributed during the fiscal year ended June 30, 2025 was approximately \$2.8 million. There is no contribution requirement for plan members.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

Annual OPEB costs and Total OPEB liability

The Authority's actuarial accrued liability was \$55.3 million as of June 30, 2025, and the funding ratio was 0%.

The OPEB Expense and OPEB Liability were computed as part of an actuarial valuation performed as of June 30, 2025 and based on the demographic data as of such date, in accordance with parameters of GASB Statement No. 75 permitting reporting to be based on biennial valuations.

The following table illustrates the Total OPEB Liability as of June 30, 2025 (in thousands):

OPEB liability at beginning of year	\$	66,029
Changes recognized in fiscal year		
Service cost		1,093
Interest cost		2,583
Actual experience		(3,610)
Changes in assumptions		(8,033)
Benefit payments		(2,807)
Net changes		(10,774)
OPEB liability at end of year	\$	55,255

OPEB deferred outflows of resources and deferred inflows of resources

The Authority is required by implementation of GASB Statement No. 75 to determine deferred outflows of resources and deferred inflows of resources in order to be amortized and recognized in the annual OPEB expense.

OPEB deferred outflows of resources and deferred inflows of resources

The following table illustrates the OPEB deferred outflows of resources and deferred inflows of resources under GASB Statement No. 75 for the fiscal year ended June 30, 2025 (in thousands):

	Deferred outflow of resources	Deferred inflow of resources
Difference between actual and expected experience	\$ 6,550	\$ 7,757
Assumption changes	4,296	22,946
Total	\$ 10,846	\$ 30,703

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

OPEB deferred outflows of resources and deferred inflows of resources will be recognized as OPEB expense as follows (in thousands):

<u>Fiscal Year</u>	<u>Amount</u>
2026	\$ (2,670)
2027	(2,670)
2028	(2,670)
2029	(2,670)
2030	(2,670)
Total thereafter	(6,507)
Total to be amortized	<u><u>\$ (19,857)</u></u>

Actuarial Cost Method

The actuarial cost method used by the Authority is the Entry Age Normal Level Percent of Pay Cost Method.

Actuarial Assumptions

Actuarial valuations of an ongoing plan involve estimates of the values for the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the Net OPEB Liability of the employer are subject to continuous revision as actual results are compared with past expectations and new estimates are made about the future.

Economic Assumptions

The discount rates considered for the fiscal year ended June 30, 2025 was 5.20%. In order to comply with GASB No. 75, 20-year Municipal Bond Rate term investments (Bond Buyer US weekly yields 20 General Obligation Bond Index) were used to represent the Authority's expected long-term return on internal assets used to finance the payment of plan benefits.

As the retirement healthcare benefit is fixed, such that it will not increase the obligation under the plan (regardless of the claim experience) without negotiation of a new contract with the unions or an express Governing Board approval, the medical increase rate was zero percent for the fiscal year ended June 30, 2025. If the fixed benefit level increases in the future (by negotiation or plan amendment), the higher obligation will be recognized when the new contract or amendment is adopted.

The salary increase rate assumed for the actuarial valuation (not actual) was 2.50% as of June 30, 2025.

Demographic Assumptions

For fiscal year ended June 30, 2025, the turnover table used for the valuation was the Withdrawal Table for Hourly Union Employees – five (5) years of service select period, which was based on the Society of Actuaries' 2003 pension plan turnover study.

The "PUB-2016 headcount weighted mortality for general employees with generational mortality improvement projected using scale MP-2021" mortality table was used for the valuation as of June 30, 2025.

Projected disability was assumed based on the Hunter disability table.

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements June 30, 2025

Sensitivity of the Total OPEB Liability to Changes in Discount Rate

The following table presents the total OPEB liability reported as of June 30, 2025 calculated using the discount rate of 5.20%, as well as what would be if it were calculated using a discount rate of 1 percentage point lower or 1 percentage point higher than the current rate (dollars in thousands):

	1% Decrease (4.20%)	Current Discount Rate (5.20%)	1% Increase (6.20%)
Total OPEB liability	\$ 61,358	\$ 55,255	\$ 50,060

ERS Medical Insurance Plan Contribution (ERS MIPC)

The Authority also participates in the OPEB plan of the Commonwealth for retired employees, through the ERS MIPC, in accordance with local law. The ERS MIPC is administered on a pay-as-you-go basis.

ERS MIPC is an unfunded, single employer, defined benefit OPEB sponsored by the Commonwealth. This OPEB Plan was created under Act No. 95-1963. Healthcare benefits are provided through insurance companies whose premiums are paid by the retiree with the Commonwealth providing a matching share. ERS MIPC covers substantially all full-time employees of the Commonwealth, certain municipalities and component units of the Commonwealth, such as the Authority, not having their own post-employment benefit plans or in addition to their own post-employment plans some component units may have under special collective bargain agreements. For ERS MIPC, Commonwealth and Authority's employees became plan members upon their date of employment. Plan members were eligible for benefits upon reaching the applicable pension benefits retirement age.

The ERS MIPC covers a payment of up to \$100 per month for the eligible medical insurance plan selected by each member. The ERS MIPC is financed by the Commonwealth through legislative appropriations. However, the Commonwealth claims reimbursements from each employer monthly for the corresponding amount of the OPEB payments made by the Commonwealth in relation to the retirees associated with each employer. The legislative appropriations are considered estimates of the payments to be made by the ERS MIPC. There is no contribution requirement from the plan members during active employment. The retirees contribute the amount of healthcare insurance premium not covered by the Commonwealth contribution.

Actuarial Methods and Assumptions

The total OPEB liability as of June 30, 2025 was determined by the actuarial valuation as of July 1, 2023, with measurement date of June 30, 2024, and assumed no liability gains or losses.

The actuarial cost method used by the ERS is the Entry Age Normal method.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and the pattern of sharing costs between the employer and plan member at the time of each valuation. The projections of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial assumptions are revised periodically to more closely reflect actual, as well as anticipated future experience. Due to the change in the census collection date to the beginning of the fiscal year, rather than the end of the fiscal year,

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements June 30, 2025

demographic gain/loss during the year is limited to the difference between actual and expected benefit payments, which arise from differences in termination and retirement activity and mortality versus expectations.

The discount rate considered for the reporting year ended June 30, 2025 (based on the measurement year ended on June 30, 2024) was 3.93%. The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Index.

The retirement healthcare benefit is fixed, such that it will not increase the obligation under the plan (regardless of the claim experience). The medical increase rate was zero percent for the fiscal year ending on June 30, 2025.

The Authority's Proportionate Share of Total OPEB Liability of ERS MIPC

The Authority's proportionate percentage share of the total ERS MIPC OPEB liability amounted to 4.64267% for fiscal year 2024, as reported for fiscal year 2025. The Authority participation in the ERS MIPC OPEB liability was \$27.6 million for fiscal year 2025, based on the measurement date of June 30, 2024.

As the ERS MIPC is a single employer plan and the benefits are not funded by an OPEB trust, GASB Statement No. 75 applies to the OPEB provided to each participating employer's own employees. The Central Government and its component units are considered to be one employer. Other employers also participate in the ERS OPEB plan. Because certain employers that are component units of the Commonwealth, such as the Authority, prepare individual financial statements, a proportionate share or OPEB expense is determined for these employers. GASB Statement No. 75 requires that such proportionate share should be consistent with the manner in which amounts that are paid as benefits come due are determined. The proportionate share as of each measurement date is based on the ratio of each agency and component unit's actual benefit payments to the total actual benefit payments paid during the year ending on the measurement date.

The following table illustrates the total ERS MIPC OPEB Liability under GASB Statement No. 75 for the fiscal year reported on June 30, 2025 (based on the measurements date of June 30, 2024), as informed by the ERS to the Authority (in thousands):

OPEB liability at beginning of year	\$	30,196
OPEB expense		406
Benefit payments		(3,288)
Amortization of changes in proportion		335
OPEB liability at end of year	\$	<u>27,649</u>

The following presents the total ERS MIPC OPEB liability recorded as of June 30, 2025 (based on the valuation as of June 30, 2024), calculated using the applicable discount rate of 3.93%, as well as what the total ERS MIPC OPEB liability would be if it was calculated using a discount rate that is 1 percentage point lower (2.93%) or 1 percentage point higher (4.93%) than the current rate (in thousands):

	1% Decrease (2.93%)	Current Discount Rate (3.93%)	1% Increase (4.93%)
Total OPEB liability	<u>\$ 29,914</u>	<u>\$ 27,649</u>	<u>\$ 25,686</u>

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

OPEB Expense/Benefit and Deferred Outflows of Resources and Deferred Inflows of Resources from OPEB Activities

The actuarial report for the fiscal year ended June 30, 2025, related to ERS MIPC reflected an OPEB expense of \$0.7 million which is presented under the Payroll and Payroll Related expense line in the accompanying Statement of Revenues, Expenses and Changes in Net Position.

Because all participants in the ERS MIPC are inactive, there are no deferred inflows and outflows as any changes due to changes in actuarial assumptions or economic or demographic gains and losses are recognized immediately during the measurement year. However, a deferred outflow has been recognized only for the benefit payments made by the Authority subsequent to the measurement date, which amounted to \$3.1 million during fiscal year 2025, which will be recognized as a reduction of the total OPEB liability in the fiscal year ended June 30, 2026.

Additional information on ERS is provided in its standalone financial statements, a copy of which can be obtained from the Employees' Retirement System of the Commonwealth of Puerto Rico, P.O. Box 42004, San Juan PR 00940-2004.

(19) Pledge Revenues and Financial Covenants:

The Authority's Revenue Bonds are governed by the MAT and are collateralized by the pledge of, and a first lien on the Authority's Operating Revenues, as defined in the MAT. The SRF Loans and USDA RD Loans are secured on a parity with the Authority's Revenue Bonds.

The MAT contains the following events of default:

- (a) default in the due and punctual payment of the principal of or premium, if any, on any Bonds or Other System Indebtedness whether at maturity, upon termination or call for redemption or otherwise; or
- (b) default in the due and punctual payment of interest on any Bonds or Other System Indebtedness; or
- (c) the Authority shall for any reason be determined to be incapable by a court, governmental entity or agency of competent jurisdiction of fulfilling or shall not have full power and authority to fulfill its obligations hereunder; or
- (d) an order or decree shall be entered, with the consent or acquiescence of the Authority, appointing a receiver or receivers of the Authority's water and sewage systems (the "Systems") or any part thereof or of the Authority's Revenues, or if such order or decree, having been entered without the consent or acquiescence of the Authority, shall not have been vacated, discharged or stayed on appeal within ninety (90) days after the entry thereof; or
- (e) any proceeding shall be instituted, with the consent or acquiescence of the Authority, for the purpose of effecting a composition between the Authority and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any Federal or Commonwealth of Puerto Rico statute now or hereafter enacted, if the claims of such creditors are under any circumstances payable out of the Authority's Revenues and if said proceeding shall not have been discharged within ninety (90) days after the institution thereof, or if any such proceeding, having been instituted without the consent or acquiescence of the Authority, shall not be contested in good faith; or

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

- (f) the Authority shall default in the due and punctual performance of any other of the covenants, conditions, agreements and provisions contained in the Bonds or in the MAT on the part of the Authority to be performed, and such default shall continue for thirty (30) days after written notice specifying such default and requiring same to be remedied shall have been given to the Authority by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Holders of not less than ten per cent (10%) in principal amount of the Senior Bonds then outstanding; provided, however, if the default specified in this clause (f) shall be of a type that cannot be remedied within thirty (30) days, it shall not constitute an event of default if the Authority shall begin diligently to remedy such default within such thirty-day period.

Upon the occurrence and continuation of an event of default, except for an event of default described in section (f) above, the Trustee may (and if requested by the holders of not less than 25% in aggregate principal amount of Senior Indebtedness (or if no Senior Indebtedness is then outstanding of Senior Subordinate Indebtedness) then outstanding shall) by written notice to the Authority, declare the entire unpaid principal of the bonds due and payable and, thereupon, the entire unpaid principal of the bonds shall forthwith become due and payable. Upon any such declaration, on the first business day of each month, the Trustee: (i) shall pay to the Authority, an amount of Authority's Revenues equal to the amount set forth in the applicable annual budget prepared in accordance with the MAT to pay current expenses of the Systems for such month and (ii) shall pay to the holders of the bonds and Other System Indebtedness, but only from the remaining Authority's Revenues and other moneys herein specifically pledged for payments of bondholders, the entire unpaid principal of and premium, if any, and accrued interest on the bonds and Other System Indebtedness. If at any time after such a declaration and before the entry of a final judgment or decree in any suit, action or proceeding instituted on account of such default or before the completion of the enforcement of any other remedy under the MAT, the principal of all bonds and Other System Indebtedness that have matured or been called for redemption pursuant to any sinking fund provision and all arrears of interest have been paid and any other events of default which may have occurred have been remedied, then the Trustee may, by written notice to the Authority, rescind or annul such declaration and its consequences. No such rescission or annulment shall extend to or affect any subsequent default or impair any right consequent thereon. Senior Subordinate Indebtedness may not be accelerated if any Senior Indebtedness is Outstanding. Subordinate Indebtedness may not be accelerated if any Senior Indebtedness or Senior Subordinate Indebtedness is outstanding.

In addition, the MAT contains the following other remedies with finance related consequences:

- (a) Upon the occurrence of an event of default (other than an event of default specified in section (f) above) and until delivery of the documents set forth in the following paragraph, amounts on deposit in the operating revenue fund shall be applied in accordance with the MAT.
- (b) Amounts on deposit in the operating revenue fund shall continue to be applied in accordance with the MAT until there shall have been filed with the Trustee (i) a certificate signed by the Executive President and approved by the Consulting Engineer that the Authority complied with the financial covenants set below for the most recent complete fiscal year and no event of default (other than an event of default under section (f) above) is continuing and (ii) a report of the Consulting Engineer as to the adequacy of existing rate and charges of the financial covenants for the then current fiscal year and the following fiscal year.

The MAT contains financial covenants requiring the maintenance of certain debt service coverage ratios.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

As stated in the MAT, the Authority has covenanted to establish and collect rates, fees and charges so that it meets the following four independent requirements:

- Operating Revenues (as defined by the MAT) shall be at least equal to 250% of annual debt service with respect to Senior Indebtedness for the current fiscal year;
- Operating Revenues shall be at least equal to 200% of annual debt service with respect to Senior Indebtedness and Senior Subordinate Indebtedness for the current fiscal year;
- Operating Revenues shall be at least equal to 150% of annual debt service with respect to all Bonds and Other System Indebtedness for the current fiscal year; and
- Authority Revenues (as defined by the MAT) shall be sufficient to pay current expenses, annual debt service on Authority indebtedness and to fund other amounts and deposits required by the MAT.

As of June 30, 2025, the Authority rate covenant on all obligations was 1.06x, as included in the Supplemental Schedule included herein.

(20) Capital and Other Contributions:

Capital and other contributions for the fiscal year ended June 30, 2025 were as follows (in thousands):

Federal grants:	
Federal Emergency Management Agency	\$ 260,676
US EPA Clean Water State revolving	55,838
USDA Rural Development Program	19,532
Contributions from governmental agencies and municipalities	7,244
Developer contributions	2,919
Other contributions	3,909
	\$ 350,118

(21) Related Party Transactions:

Operating revenues for services provided to the Commonwealth and its component units amounted to approximately \$75.0 million during the fiscal year ended June 30, 2025. The Authority's accounts receivable for water and wastewater service from central government agencies and component units was \$14.2 million as of June 30, 2025.

The Authority had approximately \$10.0 million of excess of collections over billings from the Commonwealth, recorded as unearned revenue in the accompanying statement of net position as of June 30, 2025.

The Authority's cost for electricity purchased from LUMA, the private operator of the Puerto Rico Electric Power Authority ("PREPA") system, which is a component unit of the Commonwealth, was \$159 million during the fiscal year ended June 30, 2025.

Additionally, the Authority expense for raw water purchased from PREPA during fiscal year ended June 30, 2025, was \$8.8 million.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

As of June 30, 2025, the Authority's accounts payable with LUMA was \$42.8 million. This amount includes (i) \$27 million related to current electricity invoices for May and June 2025 and (ii) \$15.0 million deducted from the payments issued by the Authority as requested by the Act 57-2014 billing objection process. The balance of \$15.0 million is currently under analysis by LUMA, pending to be reconciled with the Authority.

Accounts payable with ERS as of June 30, 2025, was \$7.3 million reflecting the current balance for the pension PayGo invoice for the month of June 2025.

(22) Labor Union Contracts:

The Authority's employees are represented by two labor unions, UIA and HIEPAAA.

As of June 30, 2025, the Authority headcount was 4,289, of which 2,797 employees were members of the UIA union and 102 were members of the HIEPAAA union. The remaining Authority employees consisted of (i) 1,093 management employees, (ii) 171 appointed employees and (iii) 126 employees under the pre-retirement program established by Act 211-2015 not rendering services to the Authority. The pre-retirement program provided government agencies and municipalities in Puerto Rico, such as the Authority, with a mechanism to help them generate savings in employee costs (payroll and fringe benefits), as well as to afford employees who enrolled in the ERS prior to April 1, 1990, the opportunity to receive certain benefits until they reach the optional retirement age, which for most employees is 61 years.

During 2012, the Authority entered into a new Collective Bargaining Agreements (each a "CBA" and together, the "CBAs") with UIA and HIEPAAA. The termination dates of these CBAs were December 31, 2015, and June 30, 2016, respectively. Several laws have been enacted or amended since 2014 affecting the Authority's labor relations. These laws currently have supremacy over any other law or agreement regarding employment matters.

On June 17, 2014, Act 66-2014, known as the "Fiscal Sustainability Act" was passed, declaring an island-wide state of emergency and implementing special fiscal and operational measures to allow the government and its instrumentalities more flexibility to achieve budgetary balance and phase out the financing of budget deficits. Chapters II and III of Act 66-2014 were in effect until July 1, 2017. Under Act 66-2014 the effective terms of the CBAs were extended until December 31, 2017. However, on January 23, 2017, under Act 3-2017 known as the "Law to Address the Economic, Fiscal and Budgetary Crisis to Guarantee the Operation of the Government of Puerto Rico", the effective terms of the CBAs were extended until June 30, 2021 for non-economic clauses and clauses not affected by the Act 3-2017. Economic clauses and non-economic clauses with economic impact were suspended during Act 3-2017 applicability.

After the expiration of Act 3-2017, those unions that represented employees as of July 1, 2014, may begin negotiating new CBAs. Government entities are required to negotiate based on the legal framework applicable during the negotiations and consider, primarily, the fiscal and economic situation of the entity and of the government in general.

On April 6, 2021, the Authority received a partial labor agreement proposal from the UIA. UIA requested that the Authority provide it with financial information to develop a proposed comprehensive revision to the UIA CBA incorporating amendments to clauses with economic impact.

On June 30, 2021, Act 9-2021 was enacted to guarantee a negotiation process for outstanding collective bargaining agreements with government agencies, such as the Authority, and allow for essential services continuity. Act 9-2021 stipulates that any collective agreement expired as of June 30, 2021 will be extended in terms of non-economic clauses or other clauses not affected by Act 9-2021, until the parties thereto conclude

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

the negotiation of a new agreement. The extension of these agreement terms will preclude the holding of representation elections or the disqualification of an exclusive bargaining representative. If the exclusive representative of an appropriate unit covered by Act 9-2021 wishes not to extend the applicable collective bargaining agreement and to begin negotiations without an extended agreement, notice must be given to the employer under which the appropriate unit operates not later than 15 days after the enactment of Act 9-2021. This will not prevent the parties from agreeing to extend their collective bargaining agreement in the course of such negotiations, subject to any other legislation applicable to such agreement. The Authority did not receive notice regarding commencement of negotiations without an extended agreement within such 15-day period from any exclusive representative of an appropriate unit to any of the Authority's collective bargaining agreements covered by Act 9-2021.

In February 2022, the Authority and UIA signed a Negotiation Agreement. The Negotiation Agreement, by which the parties are participating in mediation before the Puerto Rico Department of Labor ("**DOL**"), provides for the negotiation of revised pay scales, subject to compliance with PROMESA and the Fiscal Plan. The Negotiation Agreement also provides that the parties will promote payment of wage incentives starting in fiscal year 2023 for certain difficult recruitment positions such as plant operators and electro-mechanics; payment of a \$600 premium by June 30, 2022 to recognize UIA members' employment commitment; and payment of Christmas bonus balances for fiscal years 2015 (by July 31, 2022) and 2016 (by July 31, 2023), without interest or penalties to active UIA members.

Regarding the CBA with HIEPAAA, on May 17, 2022, the Authority and HIEPAA signed a Negotiation Agreement.

As a result of Act 9-2021, the UIA and HIEPAAA CBAs have been deemed extended for an additional year to July 1, 2025.

On July 1, 2022, based on a comprehensive analysis from a third-party as agreed with UIA, HIEPAAA and Managers Association, new pay scales were implemented for the Authority employees, providing for a minimum salary increase. As of such date, also an incentive for licensed plant operators and electro-mechanicals was implemented. On March 31, 2023, the UIA requested the negotiation of several economic and non-economic clauses. On September 15, 2023, the Authority reached a negotiation agreement with the UIA to negotiate several economic and non-economic clauses of the CBA that are clauses of interest for both, the UIA and the Authority (including the implementation of the upcoming New Classification Plan). The first topics to be negotiated were UIA's request for adjustment in payment of meal allowances and the Authority request for use of information collected by technological equipment used by UIA's employees. The parties will not negotiate a new CBA, the negotiations are rather limited to the issues identified and agreed by the parties.

On March 31, 2023, the UIA requested the negotiation of several economic and non-economic clauses. On September 15, 2023, the Authority reached a negotiation agreement with the UIA to negotiate several economic and non-economic clauses of the CBA that are clauses of interest for both, the UIA and the Authority (including the implementation of the upcoming New Classification Plan). The first topics to be negotiated were UIA's request for adjustment in payment of meal allowances and the Authority's request for use of information collected by technological equipment used by UIA's employees. The parties will not negotiate a new CBA, the negotiations are rather limited to the issues identified and agreed by the parties.

On November 17, 2023, the Authority reached an agreement related to those two initial topics (meal allowance and the use by PRASA of information from technology devices). The agreement was approved by the UIA Executive Committee, the Authority's Governing Board, and the Oversight Board. The Authority continued negotiations with the UIA at the DOL in 2024 regarding other topics that were included in the Negotiation Agreement signed on September 15, 2023.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

The UIA requested PRASA to grant a salary increase as proposed by House Bill No.1894 which was finally vetoed on May 10, 2024. After the veto, the UIA made demonstrations and held a work stoppage. To address some controversies raised by labor groups and to compensate the employees while the new Classification and Remuneration Plan is implemented, PRASA made a proposal of a one-time payment of \$1,000 which was accepted by the UIA. On October 7, 2024, the Oversight Board approved the one-time payment, conditioned to among others that no additional negotiations with economic impact will be held until the approval of a new Classification Plan approved by the UIA under a stipulation dated November 27, 2024.

The Oversight Board approved the updated Compensation and Classifications Plans on December 29, 2025.

Please refer to Note 24 for recent developments related to labor matters.

(23) Commitments and Contingencies:

Environmental Matters

Facilities and operations of the Authority's potable water and sewer systems are subject to regulations under Federal and Commonwealth environmental laws. The Authority is subject to two (2) court approved agreements to enforce compliance with such environmental laws, one with the PRDOH related to violations of the Safe Drinking Water Act ("SDWA") and the other with the United States Government, acting on behalf of EPA, related to violations of the Clean Water Act ("CWA").

As further detailed below, and as a result of the 2017 Hurricanes, the seismic activity in Puerto Rico in late 2019 and early 2020, as well as the recent COVID-19 pandemic, the Authority invoked the force majeure clauses under the two agreements with the regulatory agencies (PRDOH and EPA). Although compliance with the majority of the capital improvement and program requirements was not affected, the Authority requested and obtained from both local and federal regulatory agencies extensions to deadlines for certain measures, projects, documentation and reporting requirements including Discharge Monitoring Reports and progress reports. As a result of structural damages at several facilities resulting from the 2019-2020 seismic activity in the southwestern part of Puerto Rico, the Authority has had to implement alternate liquid sludge disposal methods for sludge produced by affected wastewater treatment facilities, including landfill disposal.

2006 Drinking Water Settlement Agreement

Prior to December 2006, the Water System had been subject to approximately 180 administrative orders arising from enforcement actions by PRDOH for violations of the SDWA and to three administrative consent agreements with PRDOH addressing monitoring and turbidity violations. In December 2006, the Authority entered into a comprehensive settlement agreement with PRDOH resolving litigation brought against the Authority seeking enforcement of the administrative orders of PRDOH under the SDWA and the alleged violations by the Authority of two of the prior consent agreements (the "2006 Drinking Water Settlement Agreement"). The 2006 Drinking Water Settlement Agreement was filed on December 15, 2006 with the Court of First Instance, Superior Court of San Juan in Civil Action KPE 2006-0858 and approved on March 15, 2007. It was amended on June 16, 2008, and continues in effect. The 2006 Drinking Water Settlement Agreement replaces and supersedes all prior PRDOH administrative orders and consent agreements listed therein.

The 2006 Drinking Water Settlement Agreement provides for remedial and compliance actions by the Authority in its water treatment plants in accordance with agreed-upon schedules and for the payment of stipulated penalties for non-compliance. It obligates the Authority to carry out approximately 210 long-term remedial measures over a 15-year period along with many other shorter-term remedial actions that will involve both capital expenditures and expenditures for operating, maintenance and training programs and evaluations, and studies centered on ensuring that the quality of drinking water provided by the Authority to its customers meets all federal and Commonwealth regulatory standards. Additionally, the Authority paid a \$1 million civil penalty

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

to the Commonwealth and is required to pay stipulated penalties for violations of the agreement. Certain stipulated penalties paid by the Authority may be returned to the Authority under certain circumstances to be used to finance action directed at achieving or maintaining compliance with the Authority's obligations under the 2006 Drinking Water Settlement Agreement and under local and federal laws applicable to the Water System. The Authority submits quarterly compliance progress reports to the PRDOH under the 2006 Drinking Water Settlement Agreement and self-assesses any applicable stipulated penalties.

The 2006 Drinking Water Settlement Agreement requires the implementation of short, mid and long-term remedial measures of the Water System. As of June 30, 2021, the Authority had completed all short-term and mid-term remedial measures related to the water treatment plants, made up of 540 short-term and 115 mid-term remedial measures.

The long-term remedial measures are divided into three terms: Term One measures were to be completed by December 31, 2011, Term Two measures were to be completed by December 31, 2016, and Term Three measures were to be completed by December 31, 2021. All long-term remedial measures under Term One have been completed. Thirteen of the eighteen Term Two measures have been completed. For the remaining five measures, the Authority and PRDOH filed a joint motion to move three projects to the Term Three category and eliminate the other two, which was granted by the supervising court. Initially, Term Three comprised thirteen projects, but with the inclusion of the three projects moved from Term Two, the total increased to sixteen projects. Of these, one project was eliminated, and eight have been completed. The deadline for completing the remaining five projects was December 31, 2021, but the Authority has negotiated with PRDOH to modify certain due dates, which have been submitted and approved by the court.

Before the 2017 Hurricanes, the Authority had been in substantial compliance with the capital improvement project deadlines of the 2006 Drinking Water Settlement Agreement. After the 2017 Hurricanes, the Authority submitted a notification to PRDOH invoking the force majeure provisions of the 2006 Drinking Water Act Settlement Agreement and indicating the possibility of some delays in projects and program due dates.

The Authority has been required to pay stipulated penalties under the 2006 Drinking Water Settlement Agreement related to compliance issues in respect of primary standards (mostly related to DBPs). The Authority has also been required to pay stipulated penalties because of certain missing or late deliverables, remedial measures and mitigation measures.

To the date of the issuance of these financial statements, as mentioned above, the Authority has substantially complied with the capital improvement project deadlines under the 2006 Drinking Water Settlement Agreement.

2015 EPA Consent Decree

On September 15, 2015, the Department of Justice ("DOJ"), acting at the request of the Administrator of EPA, filed a complaint (the "Complaint") against the Authority and the Government of Puerto Rico, as a required party (pursuant to Section 309(e) of the CWA), in the United States District Court for the District of Puerto Rico (the "District Court"). The Complaint sought injunctive relief and the assessment of civil penalties against the Authority for alleged violations of the CWA. Specifically, the Complaint alleges the Authority violated Section 301(a) of the CWA, by discharging pollutants, and/or failing to comply with the terms of the National Pollutant Discharge Elimination System ("NPDES") permits issued to the Authority facilities under Section 402 of the CWA, as well as failing to report unauthorized discharges required under such permits, and failing to meet operation and maintenance requirements for certain water treatment plants and wastewater treatment plants.

Concurrently with the filing of the Complaint, DOJ filed a consolidated Consent Decree executed among the EPA, Authority and Government of Puerto Rico (the "2015 EPA Consent Decree") settling the matters addressed in the Complaint, under the terms agreed upon by the Authority, DOJ and EPA. The 2015 EPA Consent Decree is the result of an extensive negotiation process aimed, among other things, at resolving the

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

claims addressed in the Complaint and the requirements of previous consent decrees related to the allegations included in the Complaint, specifically with the goal of implementing a system-wide NPDES permit compliance plan, continuing the implementation of operational and maintenance plans in all of the Authority's facilities, implementing remedial measures to address discharges and the alleged violations to the CWA occurring within the Authority's wastewater collection system of the Puerto Nuevo Wastewater Treatment Plant ("WWTP") in the Municipality of San Juan. On May 23, 2016, the District Court entered judgement approving the 2015 EPA Consent Decree. The Complaint was dismissed with prejudice and associated civil case was closed. Before the 2017 Hurricanes, the Authority had been in substantial compliance with the capital improvement and program deadlines of the 2015 EPA Consent Decree. In the aftermath of the 2017 Hurricanes, the Authority submitted a notification to EPA invoking the *force majeure* provisions of the 2015 EPA Consent Decree and indicating the possibility of delays in projects and program due dates. In June 2018, the Authority requested time extensions for a period to be determined for certain obligations and stipulated penalties due under the 2015 EPA Consent Decree with the corresponding justifications due to lack of funding to reactivate the CIP, the ongoing debt renegotiation process and the impact of the 2017 Hurricanes. Negotiations regarding the amendment of the 2015 EPA Consent Decree were commenced by the Authority, DOJ and EPA in order to revise the compliance deadlines related to certain programs and projects under the 2015 EPA Consent Decree. In February 2023 the DOJ and the Authority reached an agreement on the amendments, which was approved by the Authority's Governing Board in February of 2023.

The Modification to the Consent Decree was approved by the Department of Justice (DOJ), lodged in the District Court, and finally published in the Federal Register on July 6, 2023 for a thirty (30) day period of public comments, which ended on August 7, 2023. Four people and/or entities commented. DOJ and the Authority considered those comments and made several additional amendments to the Modification to the Consent Decree. The amended Modification to the Consent Decree was filed in the District Court on February 7, 2024. The District Court approved the Modification to the Consent Decree on March 22, 2024.

On May 1, 2025, EPA notified the Authority an Administrative Compliance Order, docket no. CWA-02-2025-3104, regarding the Ponce Regional Wastewater Treatment Plant. It alleged that the Authority was discharging pollutants into waters of the United States in violation of the applicable NPDES permit of the aforementioned plant, as well as the CWA. The Order required the Authority to provide, among other things, periodic reports and action plans. On September 30, 2025, the Authority submitted its progress report and an action plan to perform an infiltration and inflow study in the area, to determine the best course of action.

On May 9, 2025, DOJ, on behalf of EPA, sent a communication to the Authority regarding the operations at the Carolina Regional Wastewater Treatment Plant, alleging that the Authority was operating said plant in violation of the CWA, the corresponding NPDES permit and the Consent Decree. DOJ requested an action plan to address the alleged violations. On August 8, 2025, the Authority answered that letter, clarifying the current operational status of the plant, and asserting that no such violations of the Consent Decree ever happened. The Authority also provided answers to seven (7) areas indicated by the DOJ, and an action plan to attend corrosion, when needed. The Authority is still waiting for an answer from DOJ to its communication.

Risk Management

The Authority purchases commercial insurance to mitigate its exposure to certain losses involving real and personal property (including windstorm, flood and earthquake damages) and comprehensive general and automobile claims. Each commercial insurance policy maintained by the Authority contains specific policy limits and deductibles.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

A summary of the property insurance maintained by the Authority for the period commencing on April 1, 2024 and ending on April 1, 2025 was as follows:

Real and Personal Property

Coverage	Limit	Deductible
Stop Loss Limit	\$300 million	As stated below
Property – All Other Perils (AOP) (including Data Processing, In Transit and equipment breakdown)	\$150 million per occurrence, All Risks of Direct physical Loss or damage Insurance including Business interruption and Extra Expense, in excess of applicable deductible.	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery
Windstorm	Included in \$150 million property coverage.	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery
Earthquake (EQ)	\$300 million coverage afforded under Primary Limit and First Layer Limit for each and every occurrence, excess of applicable deductible and excluding wind driven water.	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery
Flood	\$300 million coverage afforded under Primary Limit and First Layer Limit for each and every occurrence, excess of applicable deductible and excluding wind driven water.	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery
Business Interruption	Coverage afforded under Primary Limit and 1 st Layer Limit	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery

Puerto Rico Aqueduct and Sewer Authority
(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements
June 30, 2025

Coverage	Limit	Deductible
Extra Expense	Coverage afforded under Primary Limit and 1 st Layer Limit	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery
Contingent Business Interruption	Included in \$150 million property for AOP, subject to a \$35 million sublimit	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery
Professional Services Fees	Included in \$150 million property for AOP, subject to a \$2 million sublimit	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery
Newly Acquired Locations	Included in \$150 million property for AOP.	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery
Boiler and Machinery	Included in \$150 million property coverage	\$100 million each and every occurrence combined for Property Damage and Business Interruption, including Windstorm, Flood, Earthquake and Boiler & Machinery

The renewal of the real and personal property insurance policy starting on April 1, 2025 includes the same policy coverages and limits as the ones included above.

This space left blank intentionally

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

Liability

Coverage	Limit	Deductible
Comprehensive general liability	\$1 million per occurrence \$2 million per aggregate	\$100 thousand per occurrence
Umbrella Liability	\$60 million per occurrence \$60 million per aggregate	\$5 thousand retention
Pollution Liability	\$10 million per pollution condition	\$250 thousand per occurrence
Crime	From 100 thousand up to \$1 million	\$5 thousand per occurrence
Travel Accident	\$2.5 million aggregate	\$100.00
Divers	\$750 thousand aggregate	\$100.00
EPLI	\$5 million	\$100 thousand per occurrence
Excess EPLI	\$5 million	\$0

Owner Controlled Insurance Program

The Authority also has an Owner Controlled Insurance Program ("OCIP"). The OCIP is an insurance program under which Commercial General Liability, Excess General Liability, Builders Risk, and Contractors Pollution Liability coverages are procured or provided on a project "wrap-up" basis for contractors and subcontractors of any tier, who have been properly enrolled, while performing operations at the Project Site.

Each insurance policy maintained by the Authority contains specific policy limits and deductibles. A summary of the OCIP insurance policies maintained by the Authority is as follows:

Coverage	Limit	Deductible
Comprehensive general liability	\$1 million per occurrence \$2 million per aggregate	\$100 thousand per occurrence
Builder Risk	Maximum project value under schedule of project \$30 million aggregate	5% earthquake, 2% wind, 2% flood
Contractor's Pollution Liability	\$20 million per occurrence \$20 million aggregate	\$25 thousand per occurrence

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

Coverage	Limit	Deductible
Professional Liability	\$25 million per occurrence \$25 million aggregate	\$150 thousand per occurrence

Settled Liability and OCIP related claims resulting from these risks have not exceeded commercial insurance coverage during the fiscal year 2025.

Litigation

The Authority is a defendant in various lawsuits arising in the normal course of its business, including employment, contract, construction, and miscellaneous environmental claims. In the opinion of the Authority and its General Counsel, the ultimate disposition of such existing proceedings is either covered by insurance or will not have a material adverse effect on the financial position or operations of the Authority. However, management, based on discussion and opinions from legal counsels, has accrued a liability to cover litigation claims and contingencies of \$50.4 million as of June 30, 2025, presented within accrued liabilities in the accompanying statement of net position.

2025 Fiscal Plan

On June 27, 2025, the Oversight Board approved the latest fiscal plan for the Authority pursuant to PROMESA. PRASA's Fiscal Plan includes financial projections for a 15-year term ending on fiscal year 2039 incorporating certain initiatives, such as, among others, an improved metering system, physical water losses reduction, federal funding maximization, projects to reduce electricity costs and an aggressive execution of the capital improvement program. For more details on PRASA's financial projections and measures under implementation or to be implemented as required by the Oversight Board please refer to the 2025 Fiscal Plan for the Authority published on the Oversight Board webpage.

(24) Subsequent events:

Subsequent events were evaluated through March 31, 2026, the date the financial statements were available to be issued, to determine if such events should be recognized or disclosed in the financial statements for fiscal year 2025.

(a) **Rate Adjustments**

On July 1, 2022, after following the process required by Act 21-1985, the Authority implemented a new rate structure and charges, simplifying its rate to only two charges – base charge and consumption charge. The new rate increased the base charge by 4.95% and the consumption charges by 2%. As recommended by the Officer Examiner appointed to run the public hearing process required by Act 21-1985, the revised rate also incorporates an annual increase for subsequent years of at least 2% but not more than 5% annually, up to a limit of 30% cumulative. On July 1, 2025 the 2% rate adjustment for fiscal year 2026 was implemented.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Financial Statements

June 30, 2025

(b) New State Revolving Fund ("SRF") Loans

Subsequent to June 30, 2025 the Authority entered into financial assistance agreements with CWSRF and DWSRF for projects totaling \$369.5 million, including \$108.6 million in loans and \$260.9 million in subsidized loans or grants, as expressed in thousands in the table below:

Date	Program	Loan	Subsidized Loans	Total
15-Sep-25	CWSRF	\$ 38,175	\$ 1,324	\$ 39,499
10-Dec-25	DWSRF	9,710	2,420	12,130
10-Dec-25	DWSRF	25,560	31,995	57,555
15-Jan-26	DWSRF	-	213,396	213,396
26-Mar-26	DWSRF	35,158	11,820	46,978
		<u>\$ 108,603</u>	<u>\$ 260,955</u>	<u>\$ 369,558</u>

The loan portion of these agreements provide for a 30-year amortization after completion of the relevant projects, with a 1% interest rate. The loans are designated as Senior Indebtedness under the MAT.

(c) Employees and Labor Relations

On December 29, 2025, the Oversight Board approved the proposed classification and remuneration plan (the PCR Plan") for the Authority's employees with the goal of aligning pay scales to the labor market. The approval is effective as of October 23, 2025.

For union employees, the PCR Plan will be implemented after approval of PRASA's Governing Board and negotiation with UIA and HIEPAAA. For manager employees, the PCR Plan was implemented after the approval by PRASA's Governing Board.

The annual impact of the PCR Plan is estimated at \$17.1 million per year.

- * The amounts presented have a measurement date of the previous fiscal year-end.
- * Currently there are no active participants in this plan. Benefits are not determined based on payroll.
- * Fiscal year 2017 was the first year that the new requirements of GASB Statement No.75 were implemented by the Authority. This schedule is required to illustrate 10 years of information. However, until the 10-year period has been completed, information is presented only for the years for which the required supplementary information is available.

See accompanying independent auditors' report.

Debt Coverage Calculation and Rate Covenant
as required by the MAT

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Supplementary Information

Schedule of Financial Results, Debt Coverage and Rate Covenant Calculations

June 30, 2025

Revenues	
Water and sewer	\$ 959,511
Government	195,879
Service revenues (cash basis)	1,155,390
Other income	1,834
Developers contributions	2,347
Transfer from rate stabilization account	17,500
Operating revenues (cash basis)	1,177,071
Operating expenses:	
Payroll and payroll related	208,774
Pension expense	71,453
Electricity	160,156
Other operating expenses	385,241
Total net operating expenses	825,624
FEMA / ARPA appropriations for expenses	(7,486)
Subsidies (netted from revenues)	(10,611)
Non cash reserve adjustments ¹	(1,255)
Adjusted operating expenses	806,272
Total net revenues per MAT	\$ 370,799

1 To exclude the impact of non cash transactions, such as contingencies and reserves decreases.

Debt service coverage calculation

Operating revenues available for Senior, Senior Subordinated and Subordinated debt	\$ 1,177,071
Senior debt	\$ 243,651
Accumulated coverage ratio (Min 2.5x) - section 7.01 (a) (i) MAT	4.83
All bonds and other systems indebtedness	\$ 243,651
Accumulated coverage ratio (Min 1.5x) - section 7.01 (a) (iii) MAT	4.83

Rate covenant calculation

Operating revenues	\$ 1,177,071
Debt service	\$ 243,651
Current expenses	806,272
Other deposits	
Operating reserve fund	8,519
Capital improvement fund	56,349
Total obligations	\$ 1,114,791
Accumulated coverage ratio (Min 1.0x) - section 7.01 (iv) MAT	1.06

Puerto Rico Aqueduct and Sewer Authority
(A Component Unit of the Commonwealth of Puerto Rico)

Supplementary Information
Schedule of Financial Results, Debt Coverage and Rate Covenant Calculations
June 30, 2025

The all-obligations coverage ratio is calculated as required by section 7.01(a) of the MAT, by comparing Authority revenues with total obligations. Total Obligations include required debt service deposits, current expenses, and other deposits required by the MAT, such as those to the operating reserve fund and the capital improvement fund.

The coverage ratio on all obligations was 1.06x for fiscal year 2025.

**Independent Auditors' Report on Internal Control Over
Financial Reporting and on Compliance and Other
Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

**To the Board of Directors of
Puerto Rico Aqueduct and Sewer Authority:**

Grant Thornton Puerto Rico LLP

San Juan, Puerto Rico 00917-2013

T +1 787- 754- 1915
F +1 787- 751- 1284
E gt@pr.gt.com

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the **Puerto Rico Aqueduct and Sewer Authority**, which comprise the statement of net position as of June 30, 2025, and the statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise the **Puerto Rico Aqueduct and Sewer Authority's** basic financial statements, and have issued our report thereon dated March 31, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the **Puerto Rico Aqueduct and Sewer Authority's** internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the **Puerto Rico Aqueduct and Sewer Authority's** internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2025-01 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the **Puerto Rico Aqueduct and Sewer Authority**'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Puerto Rico Aqueduct and Sewer Authority's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Puerto Rico Aqueduct and Sewer Authority's response to the finding described in the accompanying schedule of findings and questioned costs. The Puerto Rico Aqueduct and Sewer Authority's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the **Puerto Rico Aqueduct and Sewer Authority**'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the **Puerto Rico Aqueduct and Sewer Authority**'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the **Puerto Rico Aqueduct and Sewer Authority's** compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the **Puerto Rico Aqueduct and Sewer Authority's** major federal programs for the year ended June 30, 2025. The **Puerto Rico Aqueduct and Sewer Authority's** major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the **Puerto Rico Aqueduct and Sewer Authority** complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the **Puerto Rico Aqueduct and Sewer Authority** and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the **Puerto Rico Aqueduct and Sewer Authority's** compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the **Puerto Rico Aqueduct and Sewer Authority's** federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the **Puerto Rico Aqueduct and Sewer Authority's** compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the **Puerto Rico Aqueduct and Sewer Authority's** compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the **Puerto Rico Aqueduct and Sewer Authority's** compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the **Puerto Rico Aqueduct and Sewer Authority's** internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the **Puerto Rico Aqueduct and Sewer Authority's** internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the **Puerto Rico Aqueduct and Sewer Authority's** as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the **Puerto Rico Aqueduct and Sewer Authority's** basic financial statements. We issued our report thereon dated March 31, 2026, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

See accompanying notes to schedule of expenditures of federal awards.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2025

(1) Basis of Presentation:

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the Puerto Rico Aqueduct and Sewer Authority (the "Authority") under programs of the federal government for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position and changes in net position of the Authority.

(2) Basis of Accounting:

The Schedule was prepared using the accrual basis of accounting, which is the basis used by the Authority to account for its federal awards activity. The Authority's accounting system provides the primary information from which the schedule is prepared.

(3) Schedule of Expenditures of Federal Awards:

The Schedule of Expenditures of Federal Awards includes expenditures incurred in prior years. For the year ended June 30, 2025, the Authority recognized approximately \$158 million for the Disaster Grants - Public Assistance (Presidentially Declared Disasters), approximately \$23 million for the Community Development Block State Grant, approximately \$5 million for the Hazard Mitigation Grant Program and approximately \$18 million for the Water and Waste Disposal Systems for Rural Communities in federal expenditures in the Schedule of Expenditures of Federal Awards that were incurred in prior years but were considered to comply with all eligibility requirements during the fiscal year.

(4) Federal Assistance Listing Numbers ("FALN"):

The FALN numbers included in the Schedule are determined based on the program name, review of grant contract information and the assistance listings in the System for Award Management (SAM.gov) website. FALN numbers are presented for those programs for which such numbers are available.

(5) Matching Costs:

Matching costs, such as the nonfederal share of certain program costs not borne by the Federal Government, are not included in the Schedule.

(6) Indirect Cost Rate:

The Authority has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance for the year ended June 30, 2025.

(7) Pass-through awards to subrecipients:

For the year ended June 30, 2025, there were no awards passed-through to subrecipients.

(8) Relationship to Federal Financial Reports:

U.S. Office of Management and Budget ("OMB") Uniform Guidance requires that federal financial reports and claims for reimbursements contain information that is supported by the books and records from which the basic

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2025

financial statements have been prepared. The Authority prepares the federal financial reports and claims for reimbursements primarily based on information from the internal accounting records of the federal programs.

The Authority prepares a reconciliation of the internal accounting records of the federal programs with the Authority's accounting system.

(9) **Commitments Related to Federal Awards:**

State Revolving Fund (SRF)

The Authority receives federal funds for its capital improvement projects through various loans granted by the Clean Water State Revolving Fund Programs ("CWSRF") and the Drinking Water State Revolving Fund Programs ("DWSRF") (collectively, the "SRF Loans"), created under the federal Clean Water Act of 1972 and Safe Drinking Water Act of 1974, as amended, administered by the Commonwealth's Environmental Quality Board ("EQB") (succeeded by the Puerto Rico Department of Environmental and Natural Resources or "PRDNER") and the Puerto Rico Department of Health ("PRDOH"), respectively.

On July 26, 2019, the Authority and Financial Advisory Authority ("AAFAF", by its Spanish acronym) consummated a definitive debt restructuring modifying the Authority's then outstanding SRF Loans in the amount of \$570 million plus \$26 million of new funds for ongoing capital improvement projects (the "SRF Agreements"). The SRF Agreements were approved by the Oversight Board, pursuant to Section 207 of PROMESA, and consolidated all the SRF Loans into two SRF loans (the "2019 SRF Loans") with a 30-year maturity and for years 1 through 10 bearing interest at 0% and requiring \$10 million annual principal-only payments and for years 11 through 30 bearing interest at 1% per annum and requiring \$27 million annual debt service thereafter.

After the July 2019 debt modification, with the agreement of and in collaboration with the EPA, the Authority regained access to funds from the SRF Programs on the dates and by the amount expressed in thousands in the table below:

Date	Program	Loan	Subsidized Loans	Total	Loans Disbursed
18-Aug-20	CWSRF	\$ 163,219	\$ -	\$ 163,219	\$ 97,533
30-Aug-21	DWSRF	22,202	24,067	46,269	7,130
28-Oct-21	CWSRF	23,784	8,291	32,075	-
2-Sep-22	DWSRF	5,602	6,253	11,855	925
24-Jan-23	CWSRF	22,502	2,411	24,913	-
12-Jun-23	DWSRF	54,484	7,482	61,966	8,182
7-Jun-24	CWSRF	41,210	3,013	44,223	12,947
4-Oct-24	DWSRF	17,670	12,250	29,920	2,784
27-Feb-25	DWSRF	14,459	21,447	35,906	4,079
11-Apr-25	CWSRF	-	333,000	333,000	-
		<u>\$ 365,132</u>	<u>\$ 418,214</u>	<u>\$ 783,346</u>	<u>\$ 133,580</u>

The loans interest rate is 1% and amortize in a 30-year period after project completion. The subsidized loans or grants are funds with no principal repayment and 0% interest rate.

All of the above SRF Loans, are designated as Other System Indebtedness on a parity as to payment with other senior indebtedness under the Authority's MAT and are not guaranteed by the Commonwealth.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2025

Rural Development (RD)

The USDA Rural Development ("RD") assists the Authority in the financing and construction of aqueduct and sewer facilities in rural areas.

On July 26, 2019, the Authority and RD agreed to modify the Authority's then outstanding balance of the RD bonds, totaling \$403 million, including accrued interest as of that date into two new loans. The agreement consolidated and converted all the then outstanding RD bonds into two new loans (the "RD Loans") with a 40-year maturity bearing interest at 2% per annum, with a \$10 million annual debt service requirements from years 1 through 10 and \$17 million in annual debt service requirement thereafter.

The RD Loan Agreements are also designated as Other System Indebtedness on a parity as to payment with other senior indebtedness under the Authority's MAT and are not guaranteed by the Commonwealth.

(10) Disaster Grants – Public Assistance and Hazard Mitigation Grants:

The Authority participates in federally assisted programs from the Federal Emergency Management Agency's ("FEMA") Public Assistance ("PA") Grant Program. Through the PA program, the Authority receives supplemental federal disaster grant assistance for debris removal, emergency protective measures, and the repair, replacement or restoration of disaster-damaged, publicly owned facilities. The Authority also receives assistance for hazard mitigation measures during the recovery process to protect damaged facilities from future events through the Hazard Mitigation Grant Program.

On September 6, 2017 and September 20, 2017, Hurricanes Irma and María, respectively, hit Puerto Rico resulting in island-wide catastrophic damage to Puerto Rico's infrastructure, homes, and business. As a result of the impact of these Hurricanes, most of the island's population was left without electrical power and there was significant disruption to the water distribution system among other basic utility and infrastructure services. These factors caused significant disruption to the island's economic activity. The entire island was in the process of an immense infrastructure rebuilding program.

The President of the United States of America issued a state of emergency declaration for Puerto Rico, as a U.S. territory. The order mandated federal assistance through the Department of Homeland Security and FEMA to assist in local and territorial recovery efforts.

The Authority suffered damages to water treatment facilities and structures across the island which resulted in a material adverse change in the financial condition of the Authority and the Commonwealth of Puerto Rico. Significant emergency work was made after hurricanes and significant projects to restore the damaged facilities were made.

On January 7, 2020, Puerto Rico was struck by a 6.4 magnitude earthquake causing significant damage to infrastructure in the southwestern portion of the island, an island-wide power outage and water shortages. President Trump also approved an emergency declaration allowing direct federal assistance for emergency measures to protect lives, property and public health after the series of earthquakes.

On January 5, 2021, the President of the United States announced that FEMA would award federal grant funds to help rebuild Puerto Rico's water and wastewater treatment plants, pumping stations, dams, and reservoirs affected by Hurricane María. On January 8, 2021, the funds were obligated through an agreement (the "2021 FEMA Funding Agreement") by which FEMA agreed to pay \$3.66 billion to the Authority for recovery and resiliency capital projects related to damage suffered by the Authority during Hurricane María. The amount represents the federal government's 90% funding share of the \$4.07 billion fixed cost estimate for repairing such damage to the Authority's facilities. The Authority is required to meet a 10% cost share ("match") requirement for its FEMA-funded

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2025

permanent work projects under the 2021 FEMA Funding Agreement. On September 2, 2021 the Department of Housing of Puerto Rico and the Authority entered into a sub-award agreement with federal Housing and Urban Development ("HUD") Community Development Block Grant – Disaster Recovery Flexible Match program ("CDBG-DR Program") funds for \$200 million under the CDBG-DR Non-Federal Match Program to fund the state match of the FEMA award. Subsequently, on November 22, 2024 the agreement was amended to include an additional award for \$200 million.

On September 18, 2022, Hurricane Fiona made landfall along the extreme southwestern coast of Puerto Rico on as a Category 1 hurricane with winds of 85 mph, according to the National Hurricane Center. The hurricane resulted in massive amounts of rain, reaching more than 30 inches in some areas in the south and the central mountain region and catastrophic flooding. As a result of the passage of Fiona, all of the island lost electricity service, which was not restored in some places for many weeks. As result, The President of the United States of America issued a state of emergency declaration for Puerto Rico, as a U.S. territory. The order mandated federal assistance through the Department of Homeland Security and FEMA to assist in local and territorial recovery efforts.

Late on August 13, 2024 and during August 14, 2024 tropical storm Ernesto impacted Puerto Rico by unleashing torrential rain and damaging winds. The center of the storm passed within 40 miles of San Juan, with maximum sustained winds of 70 miles per hour in the east region and gusts of almost 90 miles in the Municipality of Culebra. The island experienced heavy flooding, with nearly 10 inches of rain, swollen rivers, and flooded roads. After passing north of Puerto Rico, Ernesto became a Category 1 hurricane. The island's eastern and central regions were the most impacted.

The President of the US declared a state of emergency for Puerto Rico and ordered Federal assistance to supplement Commonwealth and local response efforts due to the emergency conditions resulting from tropical storm Ernesto. The President's action authorizes the Department of Homeland Security, Federal Emergency Management Agency (FEMA), to coordinate all disaster relief efforts which have the purpose of alleviating the hardship and suffering caused by the emergency on the local population, and to provide appropriate assistance for required emergency measures, authorized under Title V of the Stafford Act, to save lives and to protect property and public health and safety, and to lessen or avert the threat of a catastrophe in 38 of the 78 municipalities in the Commonwealth of Puerto Rico.

Specifically, FEMA was authorized to identify, mobilize, and provide at its discretion, equipment and resources necessary to alleviate the impact of the emergency. Emergency protective measures (Category B), limited to direct Federal assistance, will be provided at 75 percent Federal funding.

(11) Federal Loans or Loan Guarantees:

The Authority participates in the EPA Capitalization Grants for Drinking Water (FALN No. 66.468) and Clean Water (FALN No. 66.458) State Revolving Funds Programs that provide loans for eligible water infrastructure projects. Transactions relating to these loans and guarantee programs are included in the Authority's basic financial statements.

Loans made and/or proceeds received during the year are included in the summary of federal expenditures presented in the SEFA. These loans do not have federal continuing compliance requirements except for repaying the loans and therefore the outstanding balance is not considered as part of current year federal expenditures.

Auditee qualified as low-risk auditee? yes X no

Puerto Rico Aqueduct and Sewer Authority (A Component Unit of the Commonwealth of Puerto Rico)

Schedule of Findings and Questioned Costs Year Ended June 30, 2025

Section II – Financial Statements Findings:

Finding Number 2025-01 – Internal Control over Financial Reporting

Condition:

During our audit procedures performed over the Authority's financial statements, we noted the need of improvements in certain internal controls process related to the evaluation and transfer of construction in progress to fixed assets being depreciated. As a result, project under constructions in progress were not timely evaluated to start depreciation or the recognition of assets disposition.

Criteria:

An effective internal controls system is fundamental for the Authority's ability to prepare timely and accurate financial statements.

Cause:

Untimely monitoring to the Authority's internal control over capital assets and capitalization procedures.

Effect:

Adjustments to the Authority's account balances were recorded during the financial statements' audit for the year ended June 30, 2025.

Recommendation:

We recommend management to enforce its policies and internal control procedures to ensure the continuous evaluation of capital projects in construction in progress. Procedures should include, but not limited to, the periodic evaluation between Finance and Infrastructure departments of projects completed during the year for timely identification of projects to be transferred to assets being depreciated, and timely identification of costs with potential of impairment. Evidence of these procedures should be properly documented.

Strengthening the Authority's internal controls and documentation of procedures will further support the accuracy of the Authority's financial statements, as well as the adherence of the Authority with Governmental Accounting Standard Board Statements.

Management Response:

The Authority will perform frequent meetings with internal stakeholders involved in the acquisition of assets and or the execution, completion and closing of capital improvements projects in order to improves timing for the identification of projects in construction in progress to be transferred to fixed assets or to cost of assets disposition.

Section III – Federal Awards Findings and Questioned Costs:

None for the year ended June 30, 2025.

Puerto Rico Aqueduct and Sewer Authority

(A Component Unit of the Commonwealth of Puerto Rico)

Schedule of Prior Year Audit Findings

Year Ended June 30, 2025

Finding Number	Finding (condition found)	FALN	Questioned Cost	Status	Management Corrective Action Plan	Responsible Officer	Determination of finding
2024-01	During our audit procedures performed over the Authority's financial statements, we noted the need of improvements in certain internal controls process related to the evaluation and transfer of construction in progress to fixed assets being depreciated. As a result, project under constructions in progress were not timely evaluated to start depreciation or the recognition of assets disposition.	None	None	In progress	The Authority is currently performing frequent meetings with internal stakeholders involved in the acquisition of assets and or the execution, completion and closing of capital improvements projects in order to improves timing for the identification of projects in construction in progress to be transferred to fixed assets or to cost of assets disposition.
