Schedule 2: Medical Services Administration ("ASEM") - Actual Results, Month of October 2022

Primary Business Activity: ASEM plans, organizes, operates, and administers centralized health services, provided in support of the hospital and other functions, offered to member institutions and users of the medical complex, the Puerto Rico Medical Center.

Key Takeaways:

Year-to-date, cash increased by \$1.6M, from \$7.6M to \$9.2M. This was driven by higher receipts (\$90.6M) mainly from Institutional revenues and GF appropriations, net of disbursements (\$89.0M) driven by personnel services and materials/supplies. In Jul-22, ASEM collected \$23.4M from the Pediatric Hospital on prior years' receivables not forecasted, which was used to pay utilities' outstanding debt incurred prior to FY23. There are ongoing risks to liquidity at ASEM primarily driven by timing/collection risk associated with large institutional payers.

Primary Business Activity: PRITA serves as the Commonwealth's central transit authority and is tasked with operating its network of public transit buses and certain maritime vessels.

Key Takeaways:

Oct YTD, cash decreased by (\$3.0M); from \$22.8M to \$19.8M mainly driven by the timing of Purchase and Professional services disbursements. The Ferry Project was approved and PRITA received a transfer from the General Fund of \$37.2M reserved for payments to the third party operator. The project began in August and \$12.2M have been disbursed to the new partner by October 2022. Funds were moved to a custody account and the remaining balance of \$25.0M is reflected herein as transfer to restricted funds. Operating liquidity position remains strained and highly dependable on allocations from the General Fund.
