January 14th Budget With Actuals Through 3/4 vs January 14th Budget Cash Bridge as of March 4, 2022

- “Customer Collections” variance primarily due to timing of General Client and Government receivables
- “Energy Purchases” variance primarily due to timing of Bunker C and Diesel payments and higher fuel costs
- “Employee Disbursements” variance primarily due to timing of GridCo payroll and catch-up for passthrough costs
- “Professional Services” variance primarily due to timing of catch-up payments for GridCo third-party passthrough costs and other Title-III and non-Title-III related professional services
- “Restoration, Reconstruction & Insurance” variance primarily due to the transfer of Hurricane Maria related insurance funds not included in the cash flow budget partially offset by lower than forecasted FEMA proceeds related to management cost reimbursements
