## Executive Summary (cont'd.)

---

- AAFAF started its efforts to identify government bank accounts and their balances to obtain a comprehensive view of the cash position of the Government. Requests were sent to governmental instrumentalities, the Office of the Commissioner of Financial Institutions (“OCIF”) and various commercial banks.
- Based on the information obtained, AAFAF prepared an inventory of bank accounts across governmental instrumentalities, including those outside the scope of the fiscal plans submitted to the Financial Oversight and Management Board for Puerto Rico (“FOMB”).
- The exercise and the inventory described in this presentation, which had not been conducted by prior administrations, obtained information on +800 bank accounts. AAFAF now has centralized access to bank account information for most of the Government.
- AAFAF has conducted this process in consultation with the FOMB and its advisors, and has been providing periodic reports to the FOMB since July 2017.
- On October 31, 2017, AAFAF commenced publishing weekly cash flow reports for the TSA on its website and EMMA. On December 18, 2017, AAFAF commenced reporting on month-end cash balance position of the bank accounts included in this presentation to provide additional transparency.
- AAFAF has designed a five-step process to evaluate the cash position of the Government, as described herein. AAFAF has completed the first step of this process and will continue with the other steps to arrive at a comprehensive cash model.
- On December 18, 2017, the FOMB announced that it would conduct an independent forensic investigation of the information on Government bank accounts published by AAFAF. On February 6, 2018, the FOMB announced the retention of Duff & Phelps, LLC (“D&P”) to conduct this forensic analysis. D&P and AAFAF have participated in discussions to coordinate this process.
- The information presented excludes certain funds as set forth in the “Excluded Funds” slide.

# Restricted Accounts Subject to Title III Proceedings - COFINA

<i>Balance as of</i>	<i>11/30/2018</i>	<i>12/31/2018</i>
	\$1,818.9	\$1,939.4

- The Puerto Rico Sales Tax Financing Corporation (“COFINA”) was created pursuant to Act No. 91-2006, as amended, and has issued bonds payable solely from a portion of the sales and use tax imposed by the Government on qualified transactions.
- Sales and use tax collections are consolidated at an account at Banco Popular de Puerto Rico (“BPPR”).
- Amounts are swept on a daily basis into corresponding accounts at BNYM, as trustee for the COFINA bondholders, the Puerto Rico Treasury Department and/or the Municipal Administration Fund.
- BNYM applies the funds received from BPPR pursuant to the waterfall set forth in the Sales Tax Revenue Bond Resolution. BNYM also receives certain funds from the Federal Government in connection with certain bonds issued by COFINA that receive a federal interest subsidy. The funds on deposit at BNYM may solely be used to pay COFINA bonds and obligations.
- Currently restricted pursuant to the court order issued by the United States District Court for the District of Puerto Rico in Adversary Proceeding No. 17-133-LTS and 17-257-LTS in COFINA’s Title III proceeding under PROMESA.
- The COFINA Pledged Sales Tax Base Amount deposit requirement for FY19 has been met. Further allocations of the 5.5% Sales and Use Tax transferred through June 30<sup>th</sup>, 2019 go to the Commonwealth’s General Fund.
- A Plan Support Agreement to settle the dispute between the Commonwealth and COFINA was entered into on August 29, 2018, and was amended and restated on September 20, 2018. It allocates 53.65% of the Pledged Sales Tax Base Amount to COFINA, and the remainder to the Commonwealth. The FOMB filed a COFINA Plan of Adjustment and a related disclosure statement with the United States District Court for the District of Puerto Rico on October 19, 2018. At a hearing on November 20, 2018, the District Court approved the disclosure statement. A hearing to confirm the Plan of Adjustment was held on January 16-17, 2019.

<sup>1</sup> First revenues up to the “Pledged Sales Tax Base Amount” for the particular fiscal year are deposited with Bank of New York Mellon, as COFINA Trustee. Then, an amount equal to the amount deposited with the COFINA Trustee is transferred to the Government’s General Fund. All other amounts after the Government has received such amount are divided equally between COFINA and the Government.

<sup>2</sup> Corresponds to the 4.5% sales and use tax surcharge.

<sup>3</sup> The Sales Tax waterfall was revised to take out the 1.0% pertaining to COFIM as it does not enter the Unified Internal Revenue System at the Point of Sale, and does not flow into the Sales Tax Account at Banco Popular.

***In general, the unrestricted account balances in operational accounts are used as working capital for payments of the ordinary obligations of the University, which are not subsidized by other sources. For example, accounts payable, budget deficits (including those related to UPR's Retirement System), and needs resulting from spend/reimbursement timing and uninsured portions for 2017 hurricane damages.***

<sup>1</sup> UPR purchased T-Bills with monies from the BPPR money market account in three trades, each \$50M - with maturities of only 30, 60 and 90 days, thus considered unrestricted cash equivalents available for operations.
