Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly YTD FY2020 actual results compared to the FY2020 Liquidity Plan and FY2019 actual results.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.

- Data limitations and commentary:

The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

FY20 TSA Cash Flow Actual Results - Footnotes

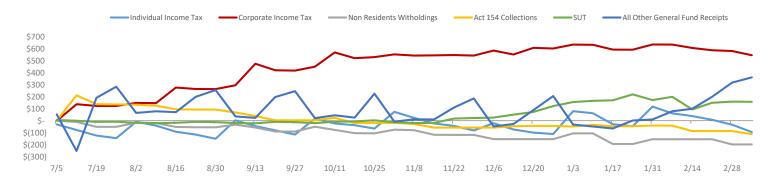

Footnotes:

- (a) Represents FY2019 actual results through March 8, 2019
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI. Additionally, as of the date of this report, the "General Fund Collections" line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross colections which will be retroactively allocated to "General Collections" as appropriate once this information becomes available.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, interest earned on TSA bank accounts and others. As of the date this report the TSA has received \$82M in interest income in FY20 from earnings on the TSA cash balance.
- (e) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other deductions).
- (f) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (g) Includes Federally Funded Employee Retention Credits.
- (h) Excludes BPPR Clawback Accounts (for clawback revenues prior to June 2016) of \$147M.

1.) GF Collections outperformance is mainly driven by corporate income tax collections. A portion of the outperformance can be attributed to a one-time tax payment related to M&A activity in the first quarter of the fiscal year. Due to the on-going transition of various gross tax collections from Hacienda Colecturia to SURI, revenue concept detail for February general tax SURI collections is not available at this time. Other General Fund revenue includes receipts that have not been allocated to other concepts yet with a YTD balance of \$447M. This will be retroactively allocated once information becomes available. YTD Federal Funds Net Cash Flows (\$M)

Footnotes

(a) Please note that federal fund classification as represented here is based on the fund classification at the point of transaction. Agencies regularly review cash transactions and make accounting adjustments that result in fund reclassifications.

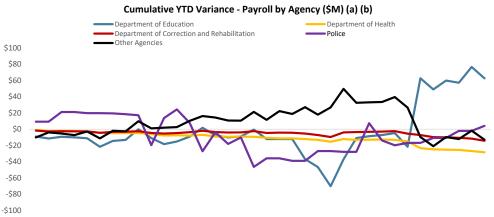

(b) Note that the Liquidity Plan will generally project a YTD deficit each week for Medicaid and FEMA / Disaster funding. This is due to surpluses carried forward from FY19 (FY19 federal receipts in excess of FY19 federal fund outlays) that were assumed to unwind throughout the first quarter of FY20 as funds received in FY19 were utilized, thus resulting in projected net cash flow deficits for the full year FY20 in Medicaid funding (\$46M) and FEMA / Disaster Funding (\$108M). Aside from the two projected aforementioned cash flow deficits, all other federally funded cash flows are assumed to result in zero net cash flow for the full FY20, and week-to-week variations are assumed to be timing related.

Appropriations Summary

Key Takeaways / Notes

 General Fund appropriations are generally executed throughout the year on a consistent basis each month and therefore largely in line with forecast. Federal legislation under the Bi-Partisan Budget Act of 2019 (passed in December 2019), allocates an incremental \$5.7 billion in Medicaid funding to Puerto Rico over the next two years. This incremental federal funding will likely cause the federal fund appropriation to exceed the FY20 budget. Note that the additional funding does not result in additional net cash flow surplus, as any incremental funding received by the TSA will be passed through to ASES accordingly.

Tax Refunds / PayGo and Pensions Summary

Key Takeaways / Notes : Tax Refunds

1.) YTD Employee Retention Credits were less than projected, though there is no net cash flow impact as all Employee Retention Credits issued were supported by federal fund inflows. Tax refunds in excess of Liquidity Plan are due to greater than expected refunds issued for 2018 tax returns.

Key Takeaways / Notes : Pension PayGo

1.) YTD Pension Paygo and Outflow variance is temporary, and is expected to reverse in subsequent weeks.

(a) Data presented above represents the Central Government live AP Web Portal repository of third party and intergovernmental invoices by agency, implemented in FY2019. The full transition to managing central government payables through the web portal is complete, however government agencies and vendors continue to analyze the information contained in this report to ensure its accuracy. Ongoing efforts with the largest agencies and their vendors to implement the appropriate processes and controls needed to realize improvements in reporting and efficiency continue as of the date of this report.

(b) On a go-forward basis, vendors submit invoices for approval through the live AP Web Portal where they are logged electronically, matched with the appropriate purchase order or other relevant documentation, and approved / vouchered at the agency level through the online interface.
