Introduction

- Enclosed is the monthly Treasury Single Account ("TSA") cash flow report and supporting schedules with monthly YTD FY2022 actual results compared to the FY2022 Liquidity Plan ("LP").
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Federal funds related to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act have been deposited into bank accounts overseen by Hacienda, but separate from the TSA.
- Sistema Unificada de Rentas Internas ("SURI") is the new digital platform designed to integrate and streamline the administration of taxes and revenues. Collections are initially deposited into a SURI sweep account outside of the TSA. Collections must be verified and reconciled before they can be swept into the TSA. The reconciliation process is still being refined, and as a result, there have been significant delays in transferring collections from the sweep account to the TSA. The SURI sweep account balance is reported on page 5 of this report.
- Data limitations and commentary:
The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

Cash Flow line item	Variance Bridge (\$M)	Comments
Liquidity Plan Projected Cash Balance 12/31/21:	\$ 11,864	
1 State Collections	815	1. State collections are ahead of plan. General fund collections drive \$702M of the positive variance. The remaining \$113M of outperformance pertains to SRF receipts, which are largely pledged to specific uses and expected to be cash flow neutral over the long term.
2 Revised FY22 ASES Budget	125	2. GF transfers to ASES are \$125M lower than projected. This is a permanent variance, as the FY22 GF ASES budget was reduced by \$786M after additional Federal Funds were made available for healthcare costs. Note the \$786M have been reappropriated to an unallocated GF capex budgetary account under the custody of OMB.
3 FY21 HTA CapEx Carryover Timing	38	3. The FY21 GF budget included \$59M of capex funds for HTA. These funds were not spent or transferred from the TSA during the prior fiscal year, and extended into FY22. The Liquidity Plan projected these funds would be entirely transferred from the TSA in Q1 2021; however, only \$21M have been sent as of date of this report.
4 Federal COVID-19 Programs Deficit	(177)	4. Puerto Rico received \$2.2 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act and \$2.5 billion of federal Coronavirus State & Local Fiscal Recovery funds (CSLFRF). These funds are held in separate accounts outside of TSA. Many initiatives funded by these accounts are initially paid out through TSA, and later reimbursed from the respective external account. These reimbursements can lag disbursements, especially for payments made by agencies with independent systems.

General Fund Collections Summary

Key Takeaways / Notes

General Fund Collections Year to Date: Actual vs. Forecast (\$M)

1.) Accumulated collections into TSA sweep accounts are now consistently transferred to the TSA with a 7-10 day lag. Motor Vehicle outperformance is the result of higher than expected vehicle sales. As of the date of this report, there were \$226M in collections in the SURI sweep account pending transfer to the TSA. Other General Fund revenue includes \$13M of collections pending reconciliation and allocation to specific concepts. This collections schedule will be updated as information becomes available.

Other State Fund Collections Summary

Key Takeaways / Notes

- 1.) Other state fund collections are ahead of the Liquidity Plan. "All Other" state collections positive variance is in part driven by \$25M reimbursed to the TSA by the Department of Labor and Human Resources for payroll and operating costs from prior fiscal years. This represents a permanent positive variance relative to the Liquidity Plan. Remaining variance is mostly assumed to be temporary due to timing, as special revenues and other collections may be received with irregular cadence.

Sales and Use Tax Collections Summary

Key Takeaways / Notes

- 1.) The proceeds from the Puerto Rico 10.5% SUT rate are allocated as follows: Of the 10.5%, 5.5% is deposited into a COFINA BNY Mellon account until the PSTBA cap is reached, and 4.5% is deposited into the General Fund. The remaining 0.5% is remitted to FAM. The PSTBA cap for FY22 is \$473 million.

Footnotes

- (a) This schedule reflects gross cash activity and is subject to revision based on periodic reconciliations and accounting adjustments.
- (b) As of December 31, 2021 there is \$48M in SUT collected pending verification and allocation. The verification process includes matching receipts with the appropriate returns and reconciling government account information. Once this process is complete, SUT funds are distributed in accordance with the COFINA Plan of Adjustment based on the ownership of funds and otherwise based on the limits on distributions established therein.

Federal Funds Net Cash Flow Summary

Key Takeaways / Notes

- 1.) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. Currently, there may be temporary surplus / (deficit) due timing differences relating to prior year carryover. Puerto Rico received \$2.24 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act and \$2.5 billion of federal Coronavirus State & Local Fiscal Recovery funds (CSFRF). These funds are held in a separate account outside of TSA. Some of the measures funded by the accounts are initially paid out through TSA, and later reimbursed from the respective external account. On December 15, 2021, the TSA returned \$70M related to federal Economic Incentive Payments to an external bank account.

 Payroll / Vendor Disbursements Summary

Key Takeaways / Notes : Gross Payroll

- 1.) Positive DOE variance decreased in November due to \$103M of COVID-related "Premium Pay" incentives. Negative variance for the Department of Correction & Rehabilitation is driven by \$20M of Premium Pay. These COVID-related payments represent permanent variance relative to the FY22 LP payroll projection; however, they are cash flow neutral as the TSA will be reimbursed for these distributions from CSLFRF funds held outside the TSA. Negative police payroll is due to \$3M of Premium Pay and \$20M of additional hazard pay in October.

Department of Education	139
Department of Health	(18)
Department of Correction & Rehabilitation	(20)

All Other Agencies	(11)
Total YTD Variance	\$ 66

Key Takeaways / Notes : Vendor Disbursements

- 1.) Total YTD vendor payments are largely in line with forecast, though there are various offsetting variances within. Positive variance of \$279M for the Department of Education is primarily driven by lower than projected federal fund spending. Disbursements of CRF and CSLFRF funds by the Department of Treasury via the TSA drive \$67M of "Other Agencies" variance.

State Funded Budgetary Transfers Summary

Key Takeaways / Notes

- General Fund appropriations are generally executed throughout the year on a consistent basis in the first week of a given month. The amount transferred each month is usually the sum of the receiving entity's budgeted amount for FY22 divided into twelve, subject to a 2.5% holdback through the first nine months of the fiscal year, to be disbursed during the fourth quarter following reconciliation of General Fund revenues to Fiscal Plan projections and subsequent approval and authorization for release by the Oversight Board and the Director of OMB. Other General Fund transfers and Other Fund transfers require the recognition of certain revenues within DTPR accounting records prior to sending funds to a receiving entity. In December, the ASES GF budget was reduced by \$786M after additional Federal Funds became available for healthcare costs. Note the \$786M have been reappropriated to an unallocated GF capex budgetary account under the custody of OMB. The reduced ASES budget drives \$125M of Other GF variance. The Liquidity Plan projected \$59M of HTA Capex funds carried over from FY21 would be transferred during September 2021. Only \$21M of these funds have been transferred at this time, driving the positive Other GF variance.
