## Introduction

- Enclosed is the monthly Treasury Single Account ("TSA") cash flow report and supporting schedules with monthly YTD FY2022 actual results compared to the FY2022 Liquidity Plan ("LP").
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Federal funds related to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act have been deposited into bank accounts overseen by Hacienda, but separate from the TSA.
- Sistema Unificada de Rentas Internas ("SURI") is the new digital platform designed to integrate and streamline the administration of taxes and revenues. Collections are initially deposited into a SURI sweep account outside of the TSA. Collections must be verified and reconciled before they can be swept into the TSA. The reconciliation process is still being refined, and as a result, there have been significant delays in transferring collections from the sweep account to the TSA. The SURI sweep account balance is reported on page 5 of this report.
- Data limitations and commentary:  
The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

<u>Cash Flow line item</u>	<u>Variance Bridge (\$M)</u>	<u>Comments</u>
Liquidity Plan Projected Cash Balance 10/31/21:	\$ 11,681	1. State collections are ahead of plan. General fund collections drive \$342M of the positive variance. The remaining \$118M of outperformance pertains to SRF receipts, which are largely pledged to specific uses and expected to be cash flow neutral over the long term. 2. The FY21 GF budget included \$59M of capex funds for HTA. These funds were not spent or transferred from the TSA during the prior fiscal year, and extended into FY22. The Liquidity Plan projected these funds would be entirely transferred from the TSA by September 2021; however, only \$350k have been sent as of the date of this report. 3. Puerto Rico received \$2.2 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act and \$2.5 billion of federal Coronavirus State & Local Fiscal Recovery funds (CSLFRF). These funds are held in separate accounts outside of TSA. Many initiatives funded by these accounts are initially paid out through TSA, and later reimbursed from the respective external account. These reimbursements can lag disbursements, especially for payments made by agencies with independent systems.

As of the date of this report, there were \$148M in collections in the SURI sweep account pending transfer to the TSA. Other General Fund revenue includes \$74M of collections pending reconciliation and allocation to specific concepts. This collections schedule will be updated as information becomes available.

*Other State Fund Collections Summary*

**Key Takeaways / Notes**

- 1.) Other state fund collections are ahead of the Liquidity Plan. "All Other" state collections positive variance is in part driven by \$25M reimbursed to the TSA by the Department of Labor and Human Resources for payroll and operating costs from prior fiscal years. This represents a permanent positive variance relative to the Liquidity Plan. Remaining variance is mostly assumed to be temporary due to timing, as special revenues and other collections may be received with irregular cadence.

Once this process is complete, SUT funds are distributed in accordance with the COFINA Plan of Adjustment based on the ownership of funds and otherwise based on the limits on distributions established therein.

*Federal Funds Net Cash Flow Summary*

**Key Takeaways / Notes**

- Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. Currently, there may be temporary surplus / (deficit) due timing differences relating to prior year carryover. Puerto Rico received \$2.24 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act and \$2.5 billion of federal Coronavirus State & Local Fiscal Recovery funds (CSFRF). These funds are held in a separate account outside of TSA. Some of the measures funded by the accounts are initially paid out through TSA, and later reimbursed from the respective external account.

 Payroll / Vendor Disbursements Summary

**Key Takeaways / Notes : Gross Payroll**

- 1.) Positive variance is mainly driven by lower federally funded DOE payroll than projected. Negative variance for the Department of Correction and Rehabilitation is driven by \$20M of COVID-related incentives. Similarly, negative variance for police is also due to \$20M of additional COVID-related "Premium Pay." These COVID payments represent permanent variance relative to the FY22 LP; however, the TSA will be reimbursed for these distributions from CSLFRF funds held outside the TSA.

Gross Payroll (\$M) (a)	YTD Variance
Agency	
Department of Education	142
Department of Health	(16)
Department of Correction & Rehabilitation	(22)
Police	(35)
All Other Agencies	(25)
<b>Total YTD Variance</b>	<b>\$ 44</b>

**Key Takeaways / Notes : Vendor Disbursements**

- 1.) Total YTD vendor payments are largely in line with forecast, though there are various offsetting variances within. Disbursements on behalf of the Department of Health are \$29M higher than expected. This is primarily due to \$60M of expenses that will be reimbursed from CRF and CSLFRF funds held outside the TSA. Similarly, disbursements of CRF and CSLFRF funds by the Department of Treasury via the TSA drive \$65M of "Other Agencies" variance.

Vendor Disbursements (\$M)	YTD Variance

Department of Education	210
Department of Health	(29)
Department of Correction and Rehabilitation	(12)
Department of Public Security	13

<b>Total YTD Variance</b>	<b>\$ 80</b>

Footnotes

(a) Gross Payroll is equal to the sum of: (i) Net Payroll by Agency from the DTPR RHUM system; (ii) Other Payroll and (iii) Cash outlays for wage garnishments by Agency.

*State Funded Budgetary Transfers Summary*

**Key Takeaways / Notes**

1.) General Fund appropriations are generally executed throughout the year on a consistent basis in the first week of a given month. The amount transferred each month is usually the sum of the receiving entity's budgeted amount for FY22 divided into twelve, subject to a 2.5% holdback through the first nine months of the fiscal year, to be disbursed during the fourth quarter following reconciliation of General Fund revenues to Fiscal Plan projections and subsequent approval and authorization for release by the Oversight Board and the Director of OMB. Other General Fund transfers and Other Fund transfers require the recognition of certain revenues within DTPR accounting records prior to sending funds to a receiving entity. The Liquidity Plan projected \$59M of HTA Capex funds carried over from FY21 would be transferred during September 2021. Only \$350k of these funds have been transferred at this time, driving the positive Other GF variance.
