# Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly YTD FY2023 actual results compared to the FY2023 Liquidity Plan and FY2022 actual results.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.

# - Data limitations and commentary:

The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

FY22 TSA Cash Flow Actual Results - Footnotes

Footnotes:

- (a) Represents FY2022 actual results through August 13, 2021.
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI. Additionally, as of the date of this report, the "General Fund Collections" line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to "General Collections" as appropriate once this information becomes available.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, interest earned on TSA bank accounts and others. As of the date this report the TSA has received \$3.2M in interest income in FY22 from earnings on the TSA cash balance.
- (e) As of August 12, 2022, there are \$19M in collections in the SURI sweep account pending reconciliation and transfer to the TSA.
- (f) Transfer of Government cash balances previously held outside of the TSA into a segregated TSA Plan account. These funds are being accumulated pursuant to the Plan for disbursement on, or after, the Plan effective date.
- (g) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other deductions).
- (h) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (i) Includes Federally Funded Employee Retention Credits.
- (j) These line items include transfers out of the TSA related to the COVID-19 Emergency Measures Support Package. Total TSA outflows related to the COVID-19 Emergency Measures Support Package are approximately \$1,095M as of August 12, 2022. Of this amount, \$459M was disbursed in FY2020, \$75M in FY2021, and \$562k in FY2022.
- (k) Funds held in segregated accounts and unavailable for ordinary-course Commonwealth operations. These funds include the "rainy day" reserve, funds for Plan-related payments, and the revolving Disaster Relief Fund ("DRF").

Federal Funds Net Cash Flow Summary (a)

# Key Takeaways / Notes

1.) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. There may be temporary week to week surplus / (deficit) due to timing differences. These funds are held in a separate account outside of TSA. Some of the measures funded by the accounts are initially paid out through TSA, and later reimbursed from the respective external account.
