CONFIDENTIAL 3

Introduction

- Enclosed is the monthly Treasury Single Account ("TSA") cash flow report and supporting schedules with monthly YTD FY2022 actual results compared to the FY2022 Liquidity Plan ("LP").
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Federal funds related to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act have been deposited into bank accounts overseen by Hacienda, but separate from the TSA.
- Sistema Unificada de Rentas Internas ("SURI") is the new digital platform designed to integrate and streamline the administration of taxes and revenues. Collections are initially deposited into a SURI sweep account outside of the TSA. Collections must be verified and reconciled before they can be sweet into the TSA. The reconciliation process is still being refined, and as a result, there have been significant delays in transferring collections from the sweep account to the TSA. The SURI sweep account balance is reported on page 5 of this report.
- Data limitations and commentary:

 The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

YTD TSA Cash Flow Summary - Actual vs LP

TSA Cumulative YTD Net Cash Flow (\$M)

LP Bank Cash Balance:	\$11,857
Actual TSA Bank Cash Balance:	\$14,435

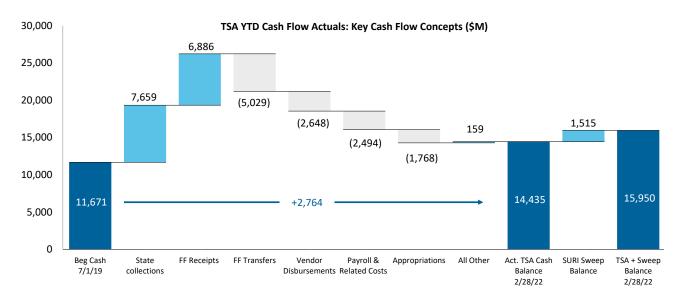

YTD Actuals vs. Liquidity Plan

YTD net cash flow is \$2,764M and cash flow variance to the Liquidity Plan is \$2,578M. Variance is primarily driven by intragovernmental transfers of cash held outside the TSA for the Plan (+\$2,167M) and a revised ASES GF budget (+\$345M).

YTD Cash Flow Summary - TSA Cash Flow Actual Results

Net Cash Flow - YTD Actuals

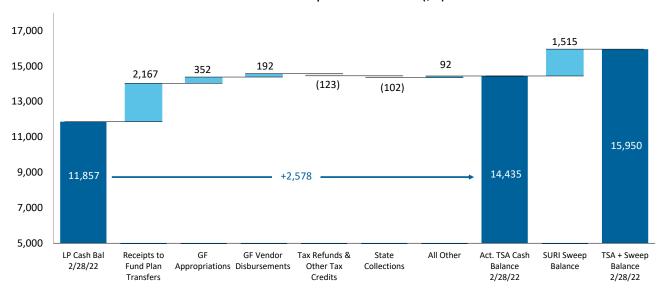

1.) The primary cash driver of FY22 is state collections. Federal Fund inflows of \$6,886M represent 47% of YTD inflows, but are largely offset by Federal Fund disbursements, with YTD net surplus of \$38M (Refer to page 13 for additional detail). Transfers from the SURI sweep account have been temporarily delayed since the beginning of January 2022 due to ongoing process improvement implementation at Hacienda, causing the balance to grow to \$1,515M as of the date of this report. Transfers to the TSA resumed on March 4, 2022 and the sweep account balance has since returned to nominal levels.

Net Cash Flow YTD Variance - LP vs. Actual

 Year to date cash flow outperformance is mainly driven by \$2.2B of transfers to the TSA to fund upcoming Plan disbursements. TSA net cash flow outperformance will increase due to strong state collections as the SURI sweep account balance is transferred to the TSA.

Footnotes:

- (a) Represents FY2021 actual results through February 28, 2021.
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI. Additionally, as of the date of this report, this line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to each revenue concept as appropriate once this information becomes available.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, interest earned on TSA bank accounts and others. As of the date this report the TSA has received \$6M in interest income in FY22 from earnings on the TSA cash balance.
- (e) As of February 28, 2022, there are \$1,515M in collections in the SURI sweep account pending reconciliation and transfer to the
- (f) Transfer of Government cash balances previously held outside of the TSA into a segregated TSA Plan account. These funds are being accumulated pursuant to the Plan for disbursement on, or after, the Plan effective date.

- (h) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (i) Includes Federally Funded Employee Retention Credits.
- (j) These line items include transfers out of the TSA related to the COVID-19 Emergency Measures Support Package. Total TSA outflows related to the COVID-19 Emergency Measures Support Package are approximately \$534M as of February 28, 2022. Of this amount, \$459M was disbursed in FY2020, \$75M in FY2021, and \$562k in FY2022.
- (k) Funds held in segregated accounts and unavailable for ordinary-course Commonwealth operations. These funds include the "rainy day" reserve, funds for Plan-related payments, and the revolving Disaster Relief Fund ("DRF").

General Fund Collections Summary

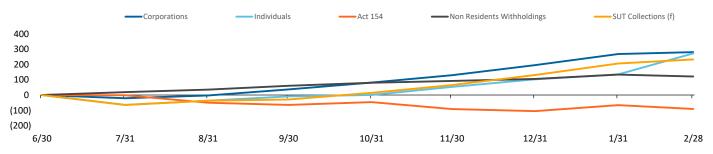

Key Takeaways / Notes

1.) Accumulated collections into TSA sweep accounts are generally transferred to the TSA with a 7-10 day lag. Transfers from the SURI sweep account have been temporarily delayed since the beginning of January 2022 due to ongoing process improvement implementation at Hacienda, causing the balance to grow to \$1,515M in collections in the SURI sweep account pending transfer to the TSA. Transfers from the sweep account resumed on March 4, 2022. The revenue schedule to the right includes \$1,400M of collections in the SURI sweep account pending final reconciliation and transfer to the TSA. This collections schedule will be updated as information becomes available.

Other State Fund Collections Summary

Key Takeaways / Notes

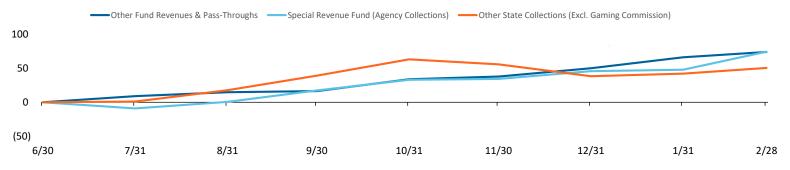

Other state fund collections are ahead of the Liquidity Plan. "All Other" state collections positive variance is in part driven by \$25M reimbursed to the TSA by the

Department of Labor and Human Resources for payroll and operating costs from prior fiscal years. This represents a permanent positive variance relative to the Liquidity Plan. Remaining variance is mostly assumed to be temporary due to timing, as special revenues and other collections may be received with irregular cadence.

Key Takeaways / Notes

1.) The proceeds from the Puerto Rico 10.5% SUT rate are allocated as follows: Of the 10.5%, 5.5% is deposited into a COFINA BNY Mellon account until the PSTBA cap is reached, and 4.5% is deposited into the General Fund. The remaining 0.5% is remitted to FAM. The PSTBA cap for FY22 is \$473 million.

Footnotes

- (a) This schedule reflects gross cash activity and is subject to revision based on periodic reconciliations and accounting adjustments.
- (b) As of February 28, 2022 there is \$37M in SUT collected pending verification and allocation. The verification process includes matching receipts with the appropriate returns and reconciling government account information. Once this process is complete, SUT funds are distributed in accordance with the COFINA Plan of Adjustment based on the ownership of funds and otherwise based on the limits on distributions established therein.

Federal Funds Net Cash Flow Summary

Key Takeaways / Notes

1.) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. Currently, there may be temporary surplus / (deficit) due timing differences relating to prior year carryover. Puerto Rico received \$2.24 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act and \$2.5 billion of federal Coronavirus State & Local Fiscal Recovery funds (CSFRF). These funds are held in a separate account outside of TSA. Some of the measures funded by the accounts are initially paid out through TSA, and later reimbursed from the respective external account. On December 15, 2021, the TSA returned \$70M related to federal Economic Incentive Payments to an external bank account. This represents a permanent variance to the Liquidity Plan.

Payroll / Vendor Disbursements Summary

Key Takeaways / Notes : Gross Payroll

1.) Positive DOE variance decreased in November due to \$103M of COVID-related "Premium Pay" incentives. Negative variance for the Department of Correction & Rehabilitation is driven by \$20M of Premium Pay. These COVID-related payments represent permanent variance relative to the FY22 LP payroll projection; however, they are cash flow neutral as the TSA will be reimbursed for these distributions from CSLFRF funds held outside the TSA. Negative police payroll is due to \$3M of Premium Pay and \$20M of additional hazard pay in October, as well as \$12M for 2021 overtime paid in February 2022.

Cumulative YTD Variance - Payroll by Agency (\$M) (a)

Key Takeaways / Notes: Vendor Disbursements

1.) Total YTD vendor payments are largely in line with forecast, though there are various offsetting variances within. Positive variance of \$355M for the Department of Education is primarily driven by lower than projected federal fund spending. Disbursements of CRF and CSLFRF funds by the Department of Treasury via the TSA drive \$69M of "Other Agencies" variance.

State Funded Budgetary Transfers Summary

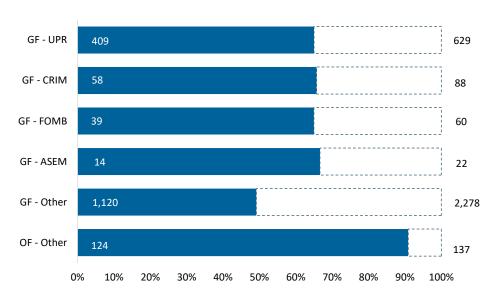

Key Takeaways / Notes

1.) General Fund appropriations are generally executed throughout the year on a consistent basis in the first week of a given month. The amount transferred each month is usually the sum of the receiving entity's budgeted amount for FY22 divided into twelve, subject to a 2.5% holdback through the first nine months of the fiscal year, to be disbursed during the fourth quarter following reconciliation of General Fund revenues to Fiscal Plan projections and subsequent approval and authorization for release by the Oversight Board and the Director of OMB. Other General Fund transfers and Other Fund transfers require the recognition of certain revenues within DTPR accounting records prior to sending funds to a receiving entity. In December, the ASES GF budget was reduced by \$786M after additional Federal Funds became available for healthcare costs. Note the \$786M have been reapportioned to an unallocated GF capex budgetary account under the custody of OMB. The reduced ASES budget drives \$345M of Other GF variance. The Liquidity Plan projected \$59M of HTA Capex funds carried over from FY21 would be transferred during September 2021. Only \$39M of these funds have been transferred at this time, driving the positive Other GF variance.

Tax Refunds / PayGo and Pensions Summary

Key Takeaways / Notes : Tax Refunds

 Tax refunds includes EITC distributions, refunds to individuals and seniors as well other tax credits. Tax Refunds are \$123M higher than projected YTD. This variance is expected to be primarily timing related and unwind by year-end.

Key Takeaways / Notes : Pension PayGo

1.) YTD PayGo Receipts are slightly higher than forecast. Payments for prior year invoices account for a majority of this outperformance. The remaining variance is expected to be temporary and may reverse by year-end. Further details on the status of PayGo can be found in the monthly PayGo Report on AAFAF's website.
