Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly YTD FY2022 actual results compared to the FY2022 Liquidity Plan Reforecast ("RF") and FY2021 actual results.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Data limitations and commentary:
The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

<u>Cash Flow line item</u>	<u>Variance Bridge (\$M)</u>	<u>Comments</u>
Liquidity Plan Reforecast Projected Cash Balance 6/30/22:	\$ 5,044	<p>1. State collections ended the year \$1,406 million ahead of plan. General fund collections drive \$1,145M of the positive variance. The remaining \$261M of outperformance pertains to SRF receipts, which are largely pledged to specific uses and expected to be cash flow neutral over the long term.</p> <p>2. The Liquidity Plan and TSA Reforecast projected funds for other programs, including \$400M for Broadband Infrastructure funding and \$50M for the 21st Century Technical Business Education fund, would be disbursed from the TSA at the end of April 2022. In addition on June 2022 the LP projected \$50M for Municipal Development fund contribution. These transfers have not yet occurred, though the funds remain available and are expected to be used in the future. Similarly, certain transfers to fund capex have not been disbursed, including \$87M for the Abriendo Caminos program, \$41M for HTA, and \$27M for the Cano Martin Pena Enlace Project.</p> <p>3. GF Operating disbursements are \$282M lower than projected YTD. A portion of the unspent balance from the FY22 GF budget at year-end may be carried over and used early next fiscal year.</p> <p>4. The RF projected various custody account and other transfers from the TSA through the date of this report, several of which have not been made, including new parametric insurance, UHC Increase per union agreement, a portion of funds for PREPA Mobility Plan payroll, and others.</p> <p>5. ASES returned \$161M of GF revenue to the TSA in accordance with the FY22 ASES GF budget, which was reduced as a result of increased federal Medicaid funding. No further GF transfers to ASES have been made since this return.</p> <p>6. Negative YTD variance is primarily driven by the advance disbursement of Federal COVID-19 relief tax credit and incentive programs including expanded Earned Income Tax Credit ("EITC"). Puerto Rico Treasury has requested just over \$1.1bn in reimbursements from the Federal Government and over half of that is scheduled to be received this fiscal year. As receipts are received and reconciled to disbursements, YTD disbursements will be reclassified into federal versus state funded. On June 22 the TSA received \$600M of federal fund related to EITC.</p>

YTD Cash Flow Summary - TSA Cash Flow Actual Results

Net Cash Flow - YTD Actuals

1.) The primary cash driver of FY22 is strong state collections. This is partially offset by \$10.8B of Plan-related disbursements. Federal Fund inflows of \$11,235M represent 38% of YTD inflows, but are largely offset by Federal Fund disbursements, with YTD net surplus of \$445M (Refer to page 13 for additional detail).

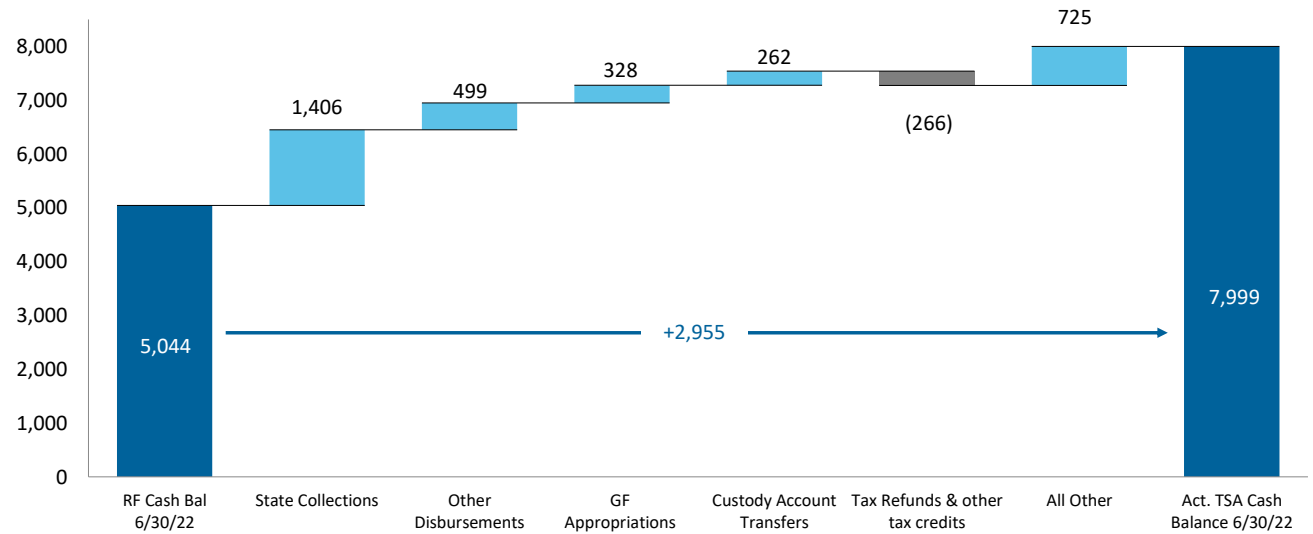

TSA YTD Cash Flow Actuals: Key Cash Flow Concepts (\$M)

Net Cash Flow YTD Variance - LP vs. Actual

1.) Continuing strong collections drive YTD cash flow variance. This is offset by greater than projected tax refunds and credits as a result of federal programs. Treasury has requested federal reimbursement for these programs, which will offset this negative variance in the near to medium-term.

Puerto Rico Department of Treasury | Hacienda*FY22 TSA Cash Flow Actual Results - Footnotes*Footnotes:

- (a) Represents FY2021 actual results through July 1, 2021.
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI. Additionally, as of the date of this report, the "General Fund Collections" line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to "General Collections" as appropriate once this information becomes available.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, interest earned on TSA bank accounts and others. As of the date this report the TSA has received \$7.5M in interest income in FY22 from earnings on the TSA cash balance.
- (e) As of June 30, 2022, there are \$255M in collections in the SURI sweep account pending reconciliation and transfer to the TSA.
- (f) Transfer of Government cash balances previously held outside of the TSA into a segregated TSA Plan account. These funds are being accumulated pursuant to the Plan for disbursement on, or after, the Plan effective date.
- (g) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other deductions).
- (h) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (i) Includes Federally Funded Employee Retention Credits.
- (j) These line items include transfers out of the TSA related to the COVID-19 Emergency Measures Support Package. Total TSA outflows related to the COVID-19 Emergency Measures Support Package are approximately \$534M as of June 30, 2022. Of this amount, \$459M was disbursed in FY2020, \$75M in FY2021, and \$562k in FY2022.
- (k) Funds held in segregated accounts and unavailable for ordinary-course Commonwealth operations. These funds include the "rainy day" reserve, funds for Plan-related payments, and the revolving Disaster Relief Fund ("DRF").

Other State Fund Collections Summary

Key Takeaways / Notes

- 1.) Other state fund collections are ahead of the Liquidity Plan. Most variance is mostly assumed to be temporary due to timing, as special revenues and other collections may be received with irregular cadence.

Sales and Use Tax Collections Summary

Key Takeaways / Notes

- 1.) The proceeds from the Puerto Rico 10.5% SUT rate are allocated as follows: Of the 10.5%, 5.5% is deposited into a COFINA BNY Mellon account until the PSTBA cap is reached, and 4.5% is deposited into the General Fund. The remaining 0.5% is remitted to FAM. The PSTBA cap for FY22 is \$473 million.

Footnotes

- (a) This schedule reflects gross cash activity and is subject to revision based on periodic reconciliations and accounting adjustments.
- (b) As of June 30, 2022 there is \$29M in SUT collected pending verification and allocation. The verification process includes matching receipts with the appropriate returns and reconciling government account information. Once this process is complete, SUT funds are distributed in accordance with the COFINA Plan of Adjustment based on the ownership of funds and otherwise based on the limits on distributions established therein.

Federal Funds Net Cash Flow Summary (a)(b)

Key Takeaways / Notes

1.) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. Currently, there may be temporary surplus / (deficit) due timing differences relating to prior year carryover. Puerto Rico received \$2.24 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act and \$2.5 billion of federal Coronavirus State & Local Fiscal Recovery funds (CSFRF). These funds are held in a separate account outside of TSA. Some of the measures funded by the accounts are initially paid out through TSA, and later reimbursed from the respective external account. On December 15, 2021, the TSA returned \$70M related to federal Economic Incentive Payments to an external bank account. Then on May 3, 2022, the TSA received an additional \$40M in federal transfers for Economic Incentive Payments (EIP). Analysis is ongoing to determine the total amount of federal dollars the TSA will receive in FY22 for disbursements related to EIP and to which period those disbursements correspond. On June 22 the TSA received \$600M of federal fund related to Earned Income Tax Credit (EITC) that was transferred to the General Fund.

Payroll / Vendor Disbursements Summary

Key Takeaways / Notes : Gross Payroll

- 1.) Positive YTD payroll variance is primarily driven by lower than projected federal fund disbursements for Department of Education payroll. The decrease in DOE payroll variance during May is due to \$101M of Premium Pay COVID-19 incentives.

State Funded Budgetary Transfers Summary

Key Takeaways / Notes

1.) General Fund appropriations are generally executed throughout the year on a consistent basis in the first week of a given month. The amount transferred each month is usually the sum of the receiving entity's budgeted amount for FY22 divided into twelve, subject to a 2.5% holdback through the first nine months of the fiscal year, to be disbursed during the fourth quarter following reconciliation of General Fund revenues to Fiscal Plan projections and subsequent approval and authorization for release by the Oversight Board and the Director of OMB. Other General Fund transfers and Other Fund transfers require the recognition of certain revenues within DTPR accounting records prior to sending funds to a receiving entity. In December, the ASES GF budget was reduced by \$786M after additional Federal Funds became available for healthcare costs. Note the \$786M have been reapportioned to an unallocated GF capex budgetary account under the custody of OMB. On March 15, 2022, newly enacted federal legislation increased the amount of federal funding available to the Commonwealth for Medicaid, and the FY22 GF ASES budget was further reduced, driving \$161M of permanent positive variance within the "Other" GF category.

Tax Refunds / PayGo and Pensions Summary

Key Takeaways / Notes : Tax Refunds & Credits

1.) Tax refunds include EITC distributions, refunds to individuals and seniors as well as other tax credits. Tax Refunds are \$266M ahead of projection YTD. Negative YTD variance is driven by several federally-funded credits and incentives not contemplated in the initial FY2022 Certified Budget, including EITC expanded as part of several federal COVID-19 relief programs, Economic Incentive Payment distributions, and other programs. Treasury has requested federal reimbursement totaling just over \$1 billion for these programs, over half of which will be received by the end of this fiscal year.

Key Takeaways / Notes : PayGo Receipts and Retirement Contributions

1.) YTD PayGo Receipts are mainly in line with forecast. Further details on the status of PayGo can be found in the monthly PayGo Report on AAFAF's website.
