# Introduction

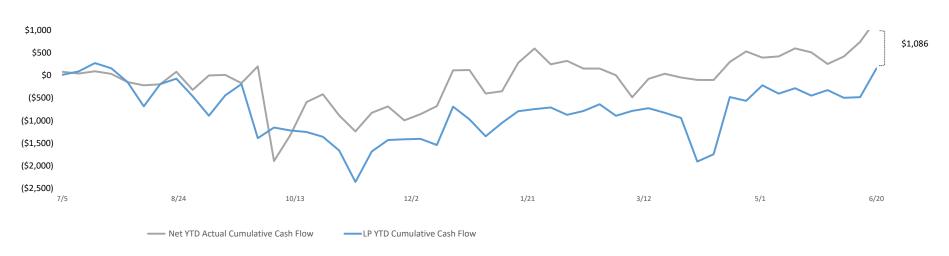

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly YTD FY2025 actual results compared to the FY2025 Liquidity Plan.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Data limitations and commentary:

The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

YTD Cash Flow Summary - TSA Cash Flow Actual Results

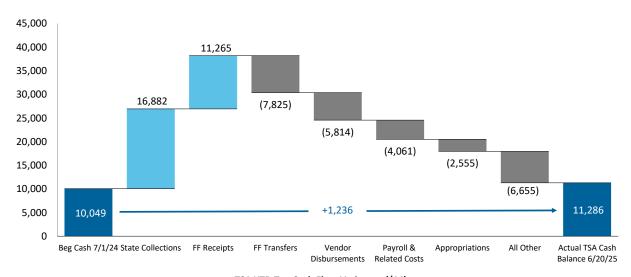

### **Net Cash Flow - YTD Actuals**

 The primary cash driver of FY25 are State Collections. Federal Fund inflows of \$11,265M represents 39% of YTD inflows, but are largely offset by Federal Fund transfers, with YTD net surplus of \$99M. Refer to page 13 for additional detail.

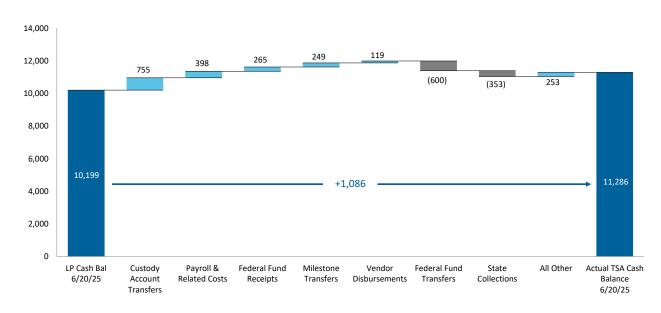

### Net Cash Flow YTD Variance - LP vs. Actual

 Custody Account Transfers, Payroll and Related Costs, Federal Funds Receipts, Milestones Transfers, and Vendor Disbursements, are the main drivers of the YTD cash flow variance. This is partially offset by higher than projected Federal Funds Transfers and lower State Collections.

Federal Funds Net Cash Flow Summary (a)

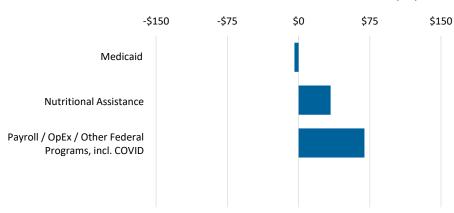

### **Key Takeaways / Notes**

- 1) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass-through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. There may be temporary week to week surplus / (deficit) due to timing differences. These funds are held in a separate account outside of TSA. Some of the measures funded by the accounts are initially paid out through TSA, and later reimbursed from the respective external account.
- 2) As of the date of the report, \$311M of reimbursements related to Coronavirus Relief Fund (CRF) and Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) have been received and (\$264M) were disbursed and reported herein as All Other Federal Funds Transfers; with a net cash flow of \$48M.
- 3) The Federal Funds are currently higher than projected. Net positive YTD variance is mainly driven by lower than projected outflows on Operating Disbursements of \$291M and lower Payroll and Related Costs of \$135M. This is partially offset by lower inflows on All Other Federal Programs and Federal Funds Transfers of (\$361M).
- 4) On February 24, a federal fund reimbursement of \$296M related to the Earned Income Tax Credit (EITC) was transferred to the General Fund. On March 12, a second reimbursement of \$403M was made, for a total of \$699M.

State Funded Budgetary Transfers Summary

### **Key Takeaways / Notes**

1.) General Fund appropriations are generally executed throughout the year on a consistent basis in the first week of a given month. The amount transferred each month is usually the sum of the receiving entity's budgeted amount for FY25 divided by twelve, subject to a 2.5% holdback through the first nine months of the fiscal year, to be disbursed during the fourth quarter following reconciliation of General Fund revenues to Fiscal Plan projections and subsequent approval and authorization for release by the Oversight Board and the Director of FOMB. Other General Fund transfers and Other Fund transfers require the recognition of certain revenues within DTPR accounting records prior to sending funds to a receiving entity.
