#### **INTRODUCTION**

AAFAF has been compiling financial information from selected public corporations of the Commonwealth of Puerto Rico that are component units ("CU") for financial reporting purposes, as part of AAFAF's evaluation of the liquidity of the Government of Puerto Rico and its public corporations.

This report is for the month of April 2021 of FY21, and presents information with respect to the University of Puerto Rico (UPR). UPR prepared its Fiscal Year 2021 ("FY21") Liquidity Plan in April 2021, using the FOMB certified budget as the baseline for liquidity planning. For FY21, a forecast is provided that takes into consideration timing and seasonality of cash inflows and outflows, based on conversations with UPR finance and accounting management, and based on observations for historical FY19 and FY20 actual cash flow data.

The forecast contains projections of cash receipts (which include revenues collected from operations; intergovernmental receipts – general fund appropriations and other transfers from Central Government and public corporations; disaster relief receipts – federal funds, insurance proceeds related to Hurricanes and other disasters, and other federal funds), and cash disbursements (which include operating payments – e.g. payroll and related costs, purchased services, professional services, transportation expenses, disaster relief disbursements – e.g. expenditures related to the damages caused from Hurricanes and other didsasters), and CapEx. This cash flow information is included in section "A" of this report.

UPR is also expected to report monthly headcount figures in order to monitor changes in staff levels and their actual and projected effects on payroll costs. This information is presented in the document under section "B".

A full year FY21 Sources and Uses of Funds is provided to allow readers to bridge the beginning cash balance as of July 1, 2020 and forecasted ending cash at June 30, 2021. This information is presented in the document under section "C".

This report also contains pertinent working capital information for UPR. Where available, UPR has provided information on Accounts Payable and Accounts Receivable. Figures are unaudited and subject to change. This information is presented in the document under section "D".

The report contains three Appendix items. The first Appendix is the cash flow template 'Actual vs Liquidity Plan' for the month of April 2021 of FY21 figures and variances. The second Appendix is the headcount detail, which is based on information provided by UPR management. The third of these Appendix items is a cash reconciliation. A bridge is provided between the actual cash data provided by UPR as of April 30, 2021 and the April 2021 AAFAF reported figures represented in the "Summary of Bank Account Balances for the Government of Puerto Rico and its Instrumentalities".

#### I. UNIVERSITY OF PUERTO RICO ("UPR")

**Primary Business Activity:** UPR is a state-supported university system created by the Law No. 1 of January 20, 1966, "Law of the University of Puerto Rico" ("Act No. 1"), as amended. UPR is responsible for serving the people of Puerto Rico to contribute to the development and enjoyment of the fundamental, ethical, and aesthetic values of Puerto Rican culture by providing high-quality education and creating new knowledge through research and exploration of the Arts, Sciences, and Technology.

**Key Takeaways:** Through April-21, UPR experienced negative \$74.9M in net cash flow and ended the month of April with a cash balance of \$153.9M. The UPR has a negative net cash flow variance after debt service of \$73.2M compared to forecast. The negative variance is driven by higher than projected vendor disbursements, which is mostly related to payments for FY20 expenditures. Negative variance is partially offset by lower than projected disbursements in scholarship and donations, and capital expenditures.

  - d. \$78.3M positive variance in scholarships and donations which is permanent since scholarships applied to tuition are presented net, versus budget which uses gross amounts.

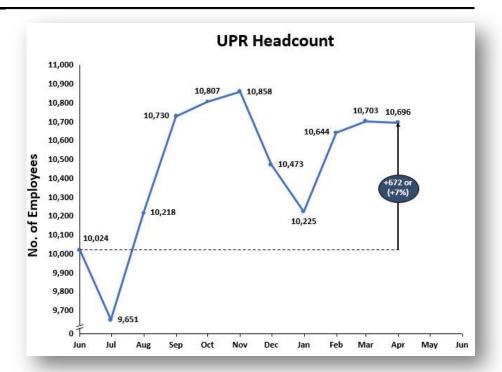

- e. \$22.0M positive variance in capital expenditures due to lower than expected capital projects disbursements.
- f. \$66.4M positive variance due to CARES Act and CRRSAA receipts, which were not included in budget.
- g. (\$6.5M) net negative variance in remaining receipts/disbursements, primarily driven by lower than expected campusgenerated inflows and tuition receipts, and higher than expected debt service payments; partially offset by FEMA receipts, which were not included in budget.

<sup>&</sup>lt;sup>1</sup> Appendix includes reconciliation between AAFAF reported cash figures and the figures in this report.
