Version Changes

Version 3.0A

ASES file layouts ver. 3.0A for submission by Carriers for data generated from July 2018 forward

CAPITATION Input File Layout

CAPITATION TYPE field was modified.

PROVIDER Input File Layout

The descriptions for the provider address fields was changed to specify that it refers to the provider's physical address.
New fields added to the layout.

CLAIMSERVICES Input File Layout - Added

New fields added to the layout.

Data Validation and Auditing Change

New section regarding data validation and auditing added.

Version 3.0A rev3

Provider, Network, and IPA Files Layout

Frequency of Provider, Network, and IPA files changed from monthly to weekly.

Content of Provider, Network, and IPA files changed from only those entities that are present in claims to all active records.

CLAIMSERVICES Input File Layout

PLAN TYPE field and PLAN VERSION LIST were modified.

Version 3.0A rev4

Content of Provider and Network files changed from all active records to all active records, and "Out of Network" providers present in claims.

Carrier to ASES Data Submissions
File Layouts

24

PUERTO RICO HEALTH INSURANCE ADMINISTRATION
Carrier to ASES Data Submissions
File Layouts

Version 3.0A rev5

Provider and Network files descriptions and/or validation rules were changed for required fields that are unavailable for “Out of Network” providers.

Version 4.0A

Additional Provider and Network files content requirements were added, for required fields that are unavailable for “Out of Network” providers.

New descriptions and/or validation rules were added to the CLAIMSERVICES Input File Layout, applicable to GHIP and Government Employee Carriers.

CARRIER CODES, PLAN VERSION LIST and Place of Service Codes were modified.

Carrier to ASES Data Submissions
File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

Introduction

The island of Puerto Rico's Medicaid program, the Government Health Plan (GHP) was established in 1993 with the passing of Law 72. Through Law 72, the program to administer the Medicaid program for roughly 1.3 Milliman people, the Administración de Seguros de Salud (ASES) was established. In order to continuously review health care utilization, expenditures, and performance in Puerto Rico and to enhance the ability of ASES to make informed and cost-effective health care choices, ASES has partnered with Milliman, Inc. to provide ASES with a data warehouse and analytics system. ASES has been capturing data from its managed care health carriers for many years to populate in the data warehouse and other systems. This layout document provides health insurance carriers information to submit their health care claims, network, provider, IPA, and capitation data to ASES.

Claims Transaction Handling

All Claims files are to be submitted on a monthly basis, for all Claims PAID in the month of the file submitted. All adjustments of an adjudicated claim line are accepted in the CLAIMSERVICES file. Do not send claims that are in an open status, such as pending claims, held, rejected, or pre-adjudicated claims. Claims reversals and adjustments happen as follows:

Paid or Denied FFS Claims

Individual service lines are adjusted or reversed at the line level with additional adjustment services marked with a claim line status code of 'A' or 'R', while the original claim has a status code of 'P' for paid, 'D' for denied claims, or 'E' for encounter claims. The adjusted or reversed service may have the same claim ID and line number or may have the same claim ID and a different line number.

Encounter Claims

Claims representing encounters have no allowed or paid amounts and are therefore not able to be adjusted monetarily. If an encounter needs to be updated to change any of the fields of the encounter, the adjusting claim must have a claim line status code (sv_stat field) of 'E' and the claim ID and service line number must be the same as the encounter being adjusted. Our process will remove the original encounter so that duplicate encounters will not be counted in the data.

Carrier to ASES Data Submissions
File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

Provider, IPA and Network Files

The Provider, IPA, and Network files are to be submitted weekly, every Wednesday and must include the latest available data from the day prior to the submission date. For each weekly submission within a given month, keep the same file naming convention, but increment the sequence number, starting with 0, then 1, 2, 3.

The IPA file shall include every IPA that is active in your system. The PRV and NET files shall include every Provider and Network record that is active in the carrier's and/or sub-contractor's system, and "Out of Network" providers associated with currently submitted claim records. ASES will be using this data to keep a current complete list of available Providers and IPAs.

The Provider and Network files must include all "In Network" providers directly contracted or sub-contracted with the carrier, and any "Out of Network" providers included on the CLM file. For "Out of Network" provider records, the carrier's will report as much information as available on their systems. The carrier shall submit "Out of Network" provider records with a contract effective date equal to '99991231'. For any required fields for which the carrier does not have valid information, the fields must be left blank.

ASES is requesting that provider NPIs are to always be used as the PROV_ID in order to assist in provider attribution and reporting across all Carriers. ASES will not accept the carrier's own provider id as the provider ID for medical claim, unless the carrier presents a valid reason for not using NPI's.

For pharmacy claims only

For pharmacy providers, only the NPI number will be accepted as the provider ID. Carriers must include pharmacy providers in their provider files sent to ASES and the IDs must be consistent within the carriers' claims.

Capitation Files

All Capitation files are to be submitted on a monthly basis, for all Capitation PAID in the month of the file submitted. The amount to be reported on capitation records must represent any costs associated with providing services which are not reported in claims and encounters. This may come from formal contracts with providers such as HCO/PCPs, or any other financial arrangement or allocation of costs.

Carrier to ASES Data Submissions
File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

The cap_amount field should represent a calculation which includes the earned capitation for the period for each member. Other types of deductions which may be taken out of the provider's payment such as repayment of advances, retentions for reserves should not be included in the calculation.

The gross_cap_amount field should represent a calculation that includes the earned capitation for the period for each member (not the group average).

The net_cap_amount field should represent a calculation which includes the earned capitation for the period for each member (gross_cap_amount) less claims paid amounts, if any, chargeable against the provider risk. Other types of deductions which may be taken out of the provider's payment such as repayment of advances, retentions for reserves should not be included in the calculation.

Capitation records shall be provided for all members enrolled in the PMG's regardless of their risk coverage. The risk coverage type will be identified with a new risk type field.

Capitation Adjustments

There may be circumstances in which capitation payments which have already been reported, need to be adjusted or reversed in a later month. To accomplish this, the Capitation records will behave differently than Claims and Services. The carrier will send a new record for the provider / member / experience date with an amount to be added or subtracted from the previously reported amount. If a capitation of \$10.00 is to be reversed then the new record should contain the same information as the original but with a new Capitation Date and a Capitation Amount of -\$10.00. Inside MedInsight the capitation for that Provider / Member for that particular date will be the aggregate of all the records and this example will result in \$0.00.

Note that, as Capitation net amounts for any particular record may be negative, a reversal in such a case would be a positive amount.

Data Validation and Audit Process

After the files are loaded, Milliman will employ an automated validation process, File Field and Quality Checks (FFQC), to ensure that the format and content of each submitted file is valid and complete. Monthly files that do not pass the reconciliation process and the data audit process will be rejected. Load threshold levels for individual data elements submitted are validated against those pre-established levels defined by ASES and Milliman.

Carrier to ASES Data Submissions
File Layouts

Page 9 of 102

Last Update: December 23, 2019

Version 4.0A

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

Failure to conform to any of the submission requirements will result in the rejection and return of the applicable data file(s). No records from such a file will be retained in the system and the carrier will be required to re-submit the rejected file in its entirety before the next month's files become due. Such re-submitted files must be carefully named using the sequence number part of the naming convention to ensure the name is distinct from the rejected file and is named in the correct order.

Due to the large amount and complexity of the data processed, it is more efficient to resubmit an entire file rather than to correct data within the file. Partial replacement files or record specific corrections will not be accepted.

Claims and Capitation Lag Reports

Carriers are required to submit claims and capitation payment reports, called lag reports, on a monthly basis. These reports will be used to reconcile the data submitted. Data that does not match the lag reports on paid amount within a reasonable percentage will be deemed invalid and must be corrected. The lag reports submitted by the carrier will be considered to be financially accurate and may be used for other purposes, including negotiations or other financial analyses. Therefore, it is in the carrier's best interests to produce lag reports that are either from another source that the actual files that are submitted, or to verify that the lag reports tie to financial reports.

The required claims lag reports need to be an Excel file with the following characteristics:

1. Claims paid amounts by:
 - a. Region code of member as defined by ASES,
 - b. Incurred month with deliverable data format YYYYMM,
 - c. Paid month with deliverable data format YYYYMM, and
2. Claim type for claims, where can be filled in with one of the following default values: Medical, Pharmacy and Dental.
3. The report must include at least all paid and incurred months going back 2 full years prior to the month the report is run.
4. Naming of the claims lag reports should be as follows:

CLAIMLAG_ccyymmms.xls(x)

Where:

Always "CLAIMLAG_"

Carrier to ASES Data Submissions
File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

Characters 10-11 cc = Carrier Code (See attachment II)
 Characters 12-13 yy = Last two digits of year
 Characters 14-15 mm = Month – last full paid month in the lags.
 Character 16 s = sequence number of file submission.
 Character 17 Always “.”

Characters 18-20(21) Extension code for excel file, can be xls or.xlsx depending on Excel version.

An example of how the claims lag report data should look for claims is as follows:

Claim Type	Region	Incurred Month	Paid Month	Paid Amount
Medical	East	201801	201801	50,823.43
Medical	South	201801	201802	45,534.00
Medical	North	201801	201803	986,796.36
Pharmacy	East	201801	201801	686.89
Pharmacy	South	201801	201802	2,342.22
Dental	North	201801	201803	780,989.16
...

The required capitation lag reports need to be an Excel file with the following characteristics:

1. Capitation paid amounts by:
 - a. Region code of member as defined by ASES,
 - b. Capitation experience month (period for which the capitation payment applies) with deliverable data format YYYYMM,
2. Paid month with deliverable data format YYYYMM.
3. The report must include at least all paid and experience months going back 2 full years prior to the month the report is run.
4. Naming of the capitation lag reports should be as follows:

CAPLAG_ccymmms.xls(x)

Where:

Characters 1-31 "ADMINISTRACION DE SEGUROS DE SALUD"
 Characters 8-9 "21" = Contracto Número
 Characters 10-11 "00" = Always "CAPLAG_"
 Characters 12-13 "04" = Carrier Code (See attachment II)
 Characters 14-15 "4" = Carrier to ASES Data Submissions File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

- Characters 10-11 yy = Last two digits of year
- Characters 12-13 mm = Month – last full paid month in the lags.
- Character 14 s = sequence number of file submission.
- Character 15 Always “.”
- Characters 16-18(19) Extension code for excel file, can be xls or.xlsx depending on Excel version.

An example of how the capitation lag report data should look for claims is as follows:

Region	Incurred Month	Paid Month	Capitation Paid Amount
East	201801	201801	5,023.43
South	201801	201802	4,534.00
North	201801	201803	98,796.36
East	201801	201801	66.89
South	201801	201802	242.22
North	201801	201803	70,989.16
...

Primary Carrier ID

The *Primary Carrier ID* field in the ClaimServices Input File Layout identifies the entity (MBHO, Sub Contractor Entity, or TPA) which provides services to the enrollees throughout a special or capitated financial arrangement. Another field called *Carrier ID* field contains the ID of the carrier directly contracted with ASES and the one generating the ClaimServices Input File. The ClaimServices Input File will contain the same value in the *Carrier ID* and *Primary Carrier ID* fields when the carrier generating the ClaimServices Input File is the carrier providing services to the enrollees. If this entity does not have an assigned carrier ID from ASES, the *Primary Carrier ID* can be filled in with one of the following 4 default values that represents the type of entity:

- MH – Mental Health
- VS – Vision
- DN – Dental
- OT – Other/Unknown

Carrier to ASES Data Submissions
File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

General Notes on Field Level Requirements

Date Fields - All date fields in the following data layout are defined to the same size and format as YYYYMMDD. An 8 byte field where YYYY = 4 digit year, MM = 2 digit month and DD = 2 digit day. 1 digit month and day values must always have the leading zero (0). Date fields must contain a valid date with months between 01 and 12 and days between 01 and maximum day in month. July 1, 2006 will be coded as 20060701.

Amount Fields - All amount fields representing money must be numeric and are defined as 9 bytes in the format s9(7)v99 where v represents and implied decimal point. This allows a maximum of 7 digits for dollars plus the last two digits for cents. These numbers are always right justified and zero filled to the left. As examples:

\$1.23 will be coded as 000000123
\$100.00 will be coded as 000010000

All amount fields are positive and follow the above definition unless clearly specified otherwise.

End of Record Filler - All file layouts have been designed to end with a filler field of 1 byte which must always be coded as an “*” character. This is done to avoid issues between different systems when generating and transferring ASCII files in which ending field may be empty. The fixed End of Record Filler guarantees that all records in a file can be constructed to the fixed length format as defined in the layouts.

Justification and filling of Fields - The layouts have all been specified to provide fixed length fields and fixed length records. While other methods can be used, it is felt that this provides the best common ground for working with multiple entities each of which uses varying systems. To be sure everyone understands the same about the comments on justification and filling the following examples are given to help keep this concept clear.

All numeric fields must be filled completely with numeric digits. If there are exceptions these are clearly spelled out in the documentation of the layouts. Typically numeric field are right justified and to keep them numeric must be zero filled. In a field specified as numeric such as s9(7)v99 the following conventions apply:

- S - Leading sign
- 9 (7) - 7 decimal digits

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

- V - Implied decimal point
- 99 - 2 digits after the implied decimal point

The following examples illustrate how data will look in the field:

Value	Field
12.50	000001250
101	000010100
1,234.56	000123456
1,000,000	100000000
-1,234.56	-00123456

All alphanumeric fields must be filled completely. If the value of data in the field is less than the width of the field then care must be taken to ensure that the field is filled with blanks. Allowing "NULLS" or other special characters through may cause unexpected results and make reading, loading and validation of the data difficult. Typically alphanumeric field are left justified and filled to the right with blanks to complete the field. In a field specified as alphanumeric such a X(20) the following examples illustrate how data will look in the field where the [] characters represent the start and end of the field --

Value	Field
P.R.	[P.R.]
José Rivera	[José Rivera]
blanks	[]
(Metro-North Region)	[(Metro-North Region)]

MPI Number fields – In all files in which MPI Number is required, carriers should code all 9s if the MPI is unknown. This should not be true for any current beneficiary. This exception will continue until such time as ASES determines that the issue of MPI being unavailable has disappeared from historical data. For Government Employee MPI should be filled with Contract Number.

Carrier to ASES Data Submissions
File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

Data File Naming Conventions

All data files to be delivered to ASES by the carriers must follow the naming conventions below. Files which do not fit the naming convention will be ignored and the carrier deemed to have failed in delivery of such a file.

File names must adhere strictly to this naming convention as the structure includes information for identification of the carrier, dates and file type. If not named correctly the file cannot be processed properly.

The general format of file names will be --

Dccyyymmms.fff	
Character 1	Always "D"
Characters 2-3	cc = Carrier Code (See attachment II)
Character 4-5	yy= Last two digits of year
Characters 6-7	mm = Month
Character 8	s = sequence number of file submission.
	All submission start with s = 0 and continue in numeric if files are re-submitted to 9
	If files must be re-submitted beyond 9, then alphabetic characters will be used a, b, c ...
Character 9	Always "."
Characters 10-12	Extension code identifying type of file
CLM	for CLAIMSERVICES
PRV	for PROVIDERS
IPA	for IPA
CAP	for CAPITATIONS
NET	for NETWORK

Files are always dated for the month being reported. For example, when sending claims paid in July 2018 the yyymm part of the file name will be 1807 while the file will be sent to ASES in August.

Carrier to ASES Data Submissions
File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

Examples of completing this naming convention are --

For imaginary carrier 99 in the files for ClaimServices and payments in April 2018 will be named as follows --

ClaimServices	D9918040.CLM
Providers	D9918040.PRV
IPA	D9918040.IPA
Capitation	D9918040.CAP
Network	D9918040.NET

When the Capitation file is rejected, the corrected file will be re-submitted as
D9918041.CAP

Carrier to ASES Data Submissions

CLAIMSERVICES INPUT FILE LAYOUT

#	Field	Name	Description	Deliverable Data Format	Validation Rules
1	carrier_id	Carrier ID	Value that identifies carrier which is reporting claims. Must be a valid code. See Carrier Code List in Attachment II	99	Required Must be two (2) digits (numeric). Must equal a valid Carrier ID as assigned by ASES.
2	region_code	Region Code	Region of member as defined by ASES Regions are identified as: "A" = North "B" = Metro-North "E" = East "F" = North-East "G" = South-East "Z" = West "J" = San Juan "S" = South-West "P" = SPECIAL "X" = All Regions	X	Required Must be valid ASES Region code For plan type "01", the Region Code must be a valid region code, and the value cannot be "X". For plan type "04", "05", and "06", value must be "X".
3	plan_type	Plan Type	ASES defined Plan Type 01 = GHIP 02 = MA-SNP 03 = MA-PD 04 = Law 95 Commercial 05 = Law 95 Advantage 06 = Law 95 ELA-GHP	XX	Required Must equal "01", "02", "03", "04", "05", "06" Value "01" must correspond to a GHIP carrier or to an MBHO, PBM, or other assigned carrier code which is not Medicare Platino. Values of "02" or "03" must correspond to Medicare Platino Carrier ID. Values of "04" or "05" must correspond to government employee Carrier ID. Value "06" must correspond to an ELA-GHP ("ELA Puros") carrier.

Carrier to ASES Data Submissions

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

CLAIMSERVICES INPUT FILE LAYOUT

#	Field	Name	Description	Deliverable Data Format	Validation Rules
4	contract_type	Contract Type	Contract type to distinguish multiple plans within Plan Type. For government employee claims indicates contract type: 1 = Family 2 = Couple 3 = Individual 4 = Optional Dependent	X	Required for Plan Type "04", "05" and "06" (Government Employee) Not required for Plan Type "01", "02", or "03".
5	claim_id	Claim ID	Unique Identification number within Carrier with the addition of the claim_parent. May be Carrier's Internal Claim Identification number. This number is used to avoid duplicated Claims, but allows multiple service lines within the same claim.	X(20)	Required Left justified, blank filled to 20 characters if value is less than 20 characters.
6	sv_line	Service Line Number	Number identifying individual service within a given claim.	XXXXX	Required Must be a maximum of 5 digits. ID of the Service Line within the Claim ID. Duplicates within Claim ID and Service Line Number on the same submission will be considered errors (the combination of the claim_id plus the service_line_no must be unique within the carrier).
7	bill_type	Bill Type	Originating bill type – U=UB-04 / Institutional H=HCFA/CMS1500 / Individual / Professional P=Pharmacy Claim D=Dental Claim	X	Required Must equal "U", "H", "P" or "D".

Carrier to ASES Data Submissions
File Layouts

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

CLAIMSERVICES INPUT FILE LAYOUT

#	Field	Name	Description	Deliverable Data Format	Validation Rules
8	ub_bill_type	UB Type of Bill	Type of Bill on the UB claim form. The type of bill encodes facility type, bill classification, and description.	XXX	Required for all claims submitted on Uniform Bill (UB) claim form. When present, must be one of the standard three digit codes as described in the National Uniform Billing Committee (NUBC) UB-04 data specifications manual.
9	sv_stat	Claim Line Status	Indicates payment action on the service represented by this record. P= Paid D=Denied A=Adjustment R=Reversal E=Encounter Adjustment reason code explaining why a claim payment was adjusted.	X	Required Must equal "P", "D", "A", "R" or "E". If value is "E", service will have zero Paid Amount.
10	adj_code	Adjustment Reason Code	Codes used are the X12 code list maintained by CMS and NUCC. The code set can be found at the following site: http://www.x12.org/codes/claim-adjustment-reason-codes/	XXX	Must be present on claims with a Claim Line Status (sv_stat field) equal to "A". Right justified. For claims without adjustment, this field must be left blank.
11	forced_claim_ind	Forced Claim Indicator	This code indicates if the claim was processed by forcing it through a manual override process.	X	'Y' - Yes 'N' - No
12	adm_date	Admit Date	For UB-04 claims this is the date of admission. For other claims this is the Service From Date of the earliest service.	YYYYMMDD	Required Must be a valid date.
13	dis_date	Discharge Date	For UB-04 claims this is the date of discharge. For other claims this is the Service To date of the latest service.	YYYYMMDD	Required Must be a valid date Must be equal or later than Admit Date

ATTACHMENT IV - PLACE OF SERVICE CODES

CODE	Name	Description
09	Prison / Correctional Facility	A prison, jail, reformatory, work farm, detention center, or any other similar facility maintained by either Federal, State or local authorities for the purpose of confinement or rehabilitation of adult or juvenile criminal offenders.
10	Unassigned	N/A
11	Office	Location, other than a hospital, Skilled Nursing Facility (SNF), military treatment facility, community health center, State or local public health clinic, or Intermediate Care Facility (ICF), where the health professional routinely provides health examinations, diagnosis, and treatment of illness or injury on an ambulatory basis.
12	Home	Location, other than a hospital or other facility, where the patient receives care in a private residence.
13	Assisted Living Facility	Congregate residential facility with self-contained living units providing assessment of each resident's needs and on-site support 24 hours a day, 7 days a week, with the capacity to deliver or arrange for services including some health care and other services.
14	Group Home	A residence, with shared living areas, where clients receive supervision and other services such as social and/or behavioral services, custodial service, and minimal services.
15	Mobile Unit	A facility/unit that moves from place-to-place equipped to provide preventive, screening, diagnostic, and/or treatment services.
16	Temporary Lodging	A short term accommodation such as a hotel, camp ground, hostel, cruise ship or resort where the patient receives care, and which is not identified by any other POS code.
17	Walk-in Retail Health Clinic	A walk-in health clinic, other than an office, urgent care facility, pharmacy or independent clinic and not described by any other Place of Service code, that is located within a retail operation and provides, on an ambulatory basis, preventive and primary care services.

ATTACHMENT IV - PLACE OF SERVICE CODES

CODE	Name	Description
18	Place of Employment- Worksite	A location, not described by any other POS code, owned or operated by a public or private entity where the patient is employed, and where a health professional provides on-going or episodic occupational medical, therapeutic or rehabilitative services to the individual.
19	Off Campus-Outpatient Hospital	A portion of an off-campus hospital provider based department which provides diagnostic, therapeutic (both surgical and nonsurgical), and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization.
20	Urgent Care Facility	Location, distinct from a hospital emergency room, an office, or a clinic, whose purpose is to diagnose and treat illness or injury for unscheduled ambulatory patients seeking immediate medical attention.
21	Inpatient Hospital	A facility, other than psychiatric, which primarily provides diagnostic, therapeutic (both surgical and nonsurgical), and rehabilitation services by, or under, the supervision of physicians to patients admitted for a variety of medical conditions.
22	On Campus- Outpatient Hospital	A portion of a hospital, which provides diagnostic, therapeutic (both surgical and nonsurgical), and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization.
23	Emergency Room - Hospital	A portion of a hospital where emergency diagnosis and treatment of illness or injury is provided.
24	Ambulatory Surgical Center	A freestanding facility, other than a physician's office, where surgical and diagnostic services are provided on an ambulatory basis.
25	Birthing Center	A facility, other than a hospital's maternity facilities or a physician's office, which provides a setting for labor, delivery, and immediate post-partum care as well as immediate care of newborn infants.
26	Military Treatment Facility	A medical facility operated by one or more of the Uniformed Services. Military Treatment Facility (MTF) also refers to certain former U.S. Public Health Service (USPHS) facilities now designated as Uniformed Service Treatment Facilities (USTF).
27-30	Unassigned	N/A

ATTACHMENT IV - PLACE OF SERVICE CODES

CODE	Name	Description
31	Skilled Nursing Facility	A facility, which primarily provides inpatient skilled nursing care and related services to patients who require medical, nursing, or rehabilitative services but does not provide the level of care or treatment available in a hospital.
32	Nursing Facility	A facility which primarily provides to residents skilled nursing care and related services for the rehabilitation of injured, disabled, or sick persons, or, on a regular basis, health-related care services above the level of custodial care to other than mentally retarded individuals.
33	Custodial Care Facility	A facility which provides room, board and other personal assistance services, generally on a long-term basis, and which does not include a medical component.
34	Hospice	A facility, other than a patient's home, in which palliative and supportive care for terminally ill patients and their families are provided.
35-40	Unassigned	N/A
41	Ambulance - Land	A land vehicle specifically designed, equipped and staffed for lifesaving and transporting the sick or injured.
42	Ambulance - Air or Water	An air or water vehicle specifically designed, equipped and staffed for lifesaving and transporting the sick or injured.
43-48	Unassigned	N/A
49	Independent Clinic	A location, not part of a hospital and not described by any other Place of Service code, that is organized and operated to provide preventive, diagnostic, therapeutic, rehabilitative, or palliative services to outpatients only.
50	Federally Qualified Health Center	A facility located in a medically underserved area that provides Medicare beneficiaries preventive primary medical care under the general direction of a physician.
51	Inpatient Psychiatric Facility	A facility that provides inpatient psychiatric services for the diagnosis and treatment of mental illness on a 24-hour basis, by or under the supervision of a physician.

INTRODUCTION	
Puerto Rico Health Insurance Administration	
Description	The Puerto Rico Health Insurance Administration, hereinafter known as PRHIA or ASES, is a government corporation created in accordance with the Act No. 72 of September 7, 1993 as amended, also known as the "Puerto Rico Health Insurance Administration Act". PRHIA is created with the purpose of management, negotiation and contracting of health insurance plans that enable it to obtain, for its beneficiaries, particularly the medically needy, quality hospital services.
Responsibilities	<p>Moving in that direction, PRHIA is the entity responsible of the negotiation, in representation of the Puerto Rico Health Department, the federal coverage authorized by CMS (this is, Medicare Platino and Federal PRGHP, which is constituted by the programs Medicaid and CHIP), with the corresponding health insurance companies. In addition, PRHIA manages issues of contracting related to the coverage provided by the State Puerto Rico Government Health Program "PRGHP" which addresses the State or Commonwealth Population which is found to be non-eligible to receive the benefits under a federal coverage classification with the contracted health insurance companies.</p> <p>Also, the PRHIA is charged with the administration of the services provided to the eligible beneficiaries under various health programs including the Platino Program and is responsible of executing the daily informatics operations and promoting its good performance. The PRHIA Information Systems Office is responsible of the management and processing of the enrollments for all the beneficiaries that are recipient of the services that the government administrated health insurance plans provide and is also responsible of validating the processes in progression to the payments of the contracted health insurance premium.</p>
About This Document	
Description	<p>This document constitutes a reference manual designed with the purpose of aiding the Medicare Advantage Organizations (MAO) contracted by the PRHIA, in the Beneficiary enrollment processes. Within it, the topics about eligibility and enrollment related to transactions that are processed daily at the PRHIA Information Systems Office are addressed, and the implications that these transactions have over the enrollment processes and the corresponding premium payments are discussed.</p> <p>This version of the reference manual represents the first since the VITAL Program became operational on November 1, 2018. With its introduction, the VITAL Program received its very own Enrollment Manual and to that effect, this document delivers an exclusive reference of the enrollment processes for the Platino Program.</p>

[Handwritten signature]

Purpose	This Enrollment Manual acts as the main support document for the Platino Program Enrollment Processes.	
Content Highlights	<p>Among the particular topics addressed, the following are noteworthy: the initial determination of eligibility and the transmission of the records of eligibility of the Beneficiary from the Medicaid Program, information contained within the enrollment records, daily Beneficiary enrollment processes (like the processing of new enrollments, updates, rejections and disenrollments), information exchange between the PRHIA and the health insurance companies, premium payment processes and the enrollment of beneficiaries in historical data archives.</p> <p>This document also contains tables, diagrams and examples that will help in the process of understanding all of the mentioned transactions which in turn will improve the efficiency and enable that the tasks related can be completed within the corresponding timeframes agreed with a successful outcome.</p>

TERMS AND CONCEPTS		
Definitions		
Adjustments	A payment adjustment is calculated when there is a need to reverse a payment that was awarded to a Contractor during a previous premium payment process.	
ASES	Puerto Rico Health Insurance Administration (ASES for its acronym in Spanish). It is a public corporation created by Law in order to manage MCO services administered to the eligible population. Specifically, it is the organization responsible for the supervision and management of the Puerto Rico Government Health Insurance Plan (State and Federal GHP). In addition, it is the entity responsible for contracting the Medicare Advantage Organizations that will provide managed care to beneficiaries of the Platino Program. It also develops and supervises the administrative functions related to the beneficiaries' enrollment, providers, claims and premium payments.	
ASES Information Systems Department	The Information Systems Office is the Department responsible of the management and processing of the enrollments for all the beneficiaries that are recipient of the services that the government administrated health insurance plans provide and is also responsible of validating the processes	

[Handwritten signature]

	in progression to the payments of the contracted health insurance premium.
Beneficiary	A person who is eligible to receive services under a State GHP (State Population), Federal GHP (Medicaid and CHIP) Program or Platino Program, by virtue of federal and local laws and regulations.
Business Day	Every official working day of the week (Monday, Tuesday, Wednesday, Thursday, Friday). Puerto Rico holidays are excluded.
Calendar Days	The seven days of the week, except as otherwise stated.
Cancellation Date	The date in which a member loses his or her eligibility for the GHP Program. The Medicaid Office is the only entity with the authority to cancel an enrollee's eligibility.
Contractor	Provides Managed Care Services to beneficiaries. It is responsible for contracting with PMG's, PCP's and other providers. The Contractor charges ASES a PMPM Premium for its services.
Centers for Medicare and Medicaid Services (CMS)	The agency within the U.S. Department of Health and Human Services which is responsible for the Medicare, Medicaid and the Children's Health Insurance Plan (CHIP).
Certification	A decision by the Puerto Rico Medicaid Program that a person is eligible for services under the GHP Program because the person is Medicaid Eligible or a member of the Commonwealth Population.
Certification Date	Date in which a person visits the Medicaid Program to apply for healthcare services and receives a favorable decision by the Puerto Rico Medicaid Program that a person is eligible for services under the GHP Program because the person is Medicaid Eligible, CHIP Eligible, or a member of the State Population.
Contractor	The Managed Care Organization that is a Party of this Contract, licensed as an insurer by the Puerto Rico Commissioner of Insurance ("PRICO"), which contracts hereunder with ASES under the GHP program for the provision of Covered Services and Benefits to Enrollees on the basis of PMPM Payments.
Coverage Code	Code assigned by the Medicaid Program of Puerto Rico to all beneficiaries eligible to receive healthcare services under Federal and State GHP. This code establishes the level of indigence and, therefore, the Plan Type that should apply according to such a code. In the State GHP plans ("Commonwealth Population") the coverage code will coincide with the Plan Version.
Daily Run Processes Date	Day on which the validation processes of the data received from the Medicaid Program or the Contractors is carried out. These processes are carried out daily in the ASES Information Systems Office.

flc

Data	A series of meaningful electrical signs that may be manipulated, assigned or data set: demographic. Health or other information elements suitable for specific use.
Disenrollment	The process by which an Enrollee's membership in the Contractor's Medicare Platino terminates.
Dual Eligible Beneficiaries	An Enrollee or potential enrollee eligible for both Medicaid and Medicare Programs.
Effective Date of Disenrollment	The date on which an Enrollee ceases to be covered under the Contractor's Plan.
Eligibility Effective Date	The period of eligibility specified for the population covered under the GHP Plan.
Enrollment Effective Date	Date on which the Contractor enrolls a Beneficiary in its database.
PCP Effective Date	Date on which a PCP1 or PCP2 change becomes effective.
Recertification Date	Date on which the Medicaid Program reevaluates a Beneficiary's eligibility.
Eligibility	Eligibility is determined by the Medicaid Program of the Puerto Rico Department of Health. Once the applicants are certified as eligible by the Medicaid Program, ASES is responsible for administering posterior business processes related to the provision of medical attention services.
Eligible Person	A person whom the Department of Health and/or the federal government determines to be eligible for Medicaid and who meet all other conditions for enrollment in the Medicare Platino Program.
Enrollee	An Eligible Person who, either personally or through an authorized representative, has enrolled in the Contractor's Medicare Platino Product.
Federal GHP	Program that offers coverage to the eligible population under the Medicaid Program.
Government Health Insurance Plan (GHP)	The Government Health Services Program (formerly referred as "La Reforma" or "Vital") offered by the Government of Puerto Rico, and administered by ASES, which serves mixed population of Medicaid Eligible, CHIP Eligible, and other Eligible Persons, and emphasizes integrated delivery of physical and behavioral health services.
Identification Card (ID)	Insurance Card that the Contractor offers to the Beneficiary, which identifies said Beneficiary by his name and contract number, and includes information about coverage, copayments, and customer service and health counselor phone numbers.

flw

Managed Care Services	The services provided to the Beneficiaries by the doctors who belong to the network of preferred providers in their Primary Medical Group (PMG). The Primary Care Physician (PCP) is the primary service provider and responsible for periodically evaluating the Beneficiary's health and coordinating medical services.
MA-10	Form issued by the Puerto Rico Medicaid Program, entitled "Notice of Action Taken or Application and/or Recertification" containing the Certification decision (whether a person was determined eligible or ineligible for Medicaid, CHIP, or the Commonwealth Population).
Master Patient Index (MPI)	Unique number which identifies a Member in ASES and the Medicaid databases.
Medicare Advantage Organization (MAO)	A public or private organization licensed by the Insurance Commissioner Office of Puerto Rico as a risk-bearing entity that is under contract with CMS to provide the Medicare Advantage Benefit Package.
Medicaid	The medical assistance federal/state joint government program established by Title XIX of the Social Security Act. It also refers to the Program through which, in Puerto Rico, eligibility is determined for the Government Health Insurance Plan for an individual with low income, no income or limited resources, in compliance with regulations established by the Federal government and the Commonwealth of Puerto Rico.
Medicare	The Federal Program of medical assistance for persons over sixty-five (65) and certain disabled persons under Title XVIII of the Social Security Act.
Medicare Beneficiaries	People older than sixty-five (65) years of age or disabled or people who have kidney conditions, who are eligible for Medicare Part A coverage which covers hospital services or Parts A and B, which cover hospital, ambulatory and medical care services.
Medicare Part A	The part of the Medicare program that covers inpatient hospital stays, skilled nursing facilities, home health and hospice care.
Medicare Part B	The part of the Medicare program that covers physician, outpatient, home health, and preventive services.
Medicare Part C	The part of the Medicare program that permits Medicare recipients to select coverage among various private insurance plans.
Medicare Platino	A program administered by ASES for Dual Eligible Beneficiaries, in which Managed Care Organizations (MCOs) or other insurers under contract with ASES function as Part C plans to provide services covered by Medicare, and also provide a "wraparound" benefit Covered Services and Benefits under the GHP.

National Provider Identifier (NPI)	The unique identifying number system for health care providers created by the Centers for Medicare and Medicaid Services (CMS), through the National Plan and Provider Enumeration System.
Plan	The Contractor's Managed Care Plan offering services to enrollees under the GHP.
Plan Type	Code 01: VITAL (GHP); Code 02 Medicare Platino.
Plan Version	Product identification number that corresponds with the Plan Type. For GHP Plans, the Plan Version will be the same as the coverage code assigned to the beneficiaries by the Medicaid Program. For Platino Plans, ASES will assign a Plan Version code for each contracted product.
Platino Health Plans	Medicare Advantage Organization (MAO) contracted with ASES. They have specific plans that cover beneficiaries with dual eligibility (Medicare Part A and Part B). ASES pays a monthly premium to these insurance companies to cover a differential between ASES and Medicare Advantage ("wraparound" benefit).
Premium Payment (PMPM Payment)	The fixed monthly amount that the Contracted Contractor is paid by ASES for each Enrollee to ensure that benefits under this contract are provided. This payment is made regardless of whether the enrollee receives benefits during the period covered by the payment.
Potential Enrollee	A person who has been certified by the Puerto Rico Medicaid Program as eligible to enroll in the GHP Program whether on the basis of Medicaid Eligibility, CHIP eligibility or eligibility as a member of the Commonwealth Population, but who has not yet enrolled with the Contractor.
Primary Care Physician (PCP)	A licensed medical doctor (MD) who is a provider and who within the scope of practice and in accordance with Puerto Rico Certification and licensure requirements, is responsible for providing all required by Enrollees, provides continuity of care, and provides referrals for medicine physician, obstetrician/gynecologist, or pediatrician. This type of provider is contracted as part of the PMG on a PMPM basis.
Primary Medical Group (PMG-IPA)	A grouping of associated Primary Care Physicians and other Providers for the delivery of services to GHP Enrollees using a coordinated care model. PMGs may be organized as provider care organizations, or as another group of Providers who have contractually agreed to offer a coordinated care model to GHP Enrollees under the terms of the Contract. This Type of provider is contracted by the Contractor on a PMPM basis.
Process Date	For the export file (.exp) it is the date related to the daily run process. For the enrollment files (.sus) it is the date in which the changes in the enrollment records were processed at the Contractor. In the case of a new enrollment under a Platino Plan, it refers to the date on which the Beneficiary contracted the coverage services with the corresponding Contractor. In Platino plans,

	the Process Date must be prior to the Effective Date of the new enrollment or the change in question, but subsequent to the three (3) months prior to the Effective Date of the new enrollment or change.
Provider	A natural Person or facility authorized to offer healthcare services under the laws of the Government of Puerto Rico.
Re-enrollment	Refers to the process of re-enrollment for a Beneficiary of Federal GHP (Medicaid or CHIP) or State GHP (State Population) or Platino who has lost eligibility for a period of two (2) months. A Platino Medicare Beneficiary that recovers his/her eligibility within a period of two (2) consecutive months, may be enrolled automatically and prospectively under the Platino Medicare plan of the Contractor in question.
Recertification	A determination by the Puerto Rico Medicaid Program that a person previously enrolled in the GHP subsequently received a Negative Redetermination Decision, is again eligible for services under the GHP Program.
Retroactive Payment	Refers to a payment that corresponds to a period prior to the month in which the premium payment is made.
Special Adjustments	The special adjustments are carried out as a result of internal audit processes that reveal that a wrongly adjudicated payment must be reverted or that, on the contrary, an omitted payment must be adjudicated.
State Population	A group eligible to participate in the GHP as Other Eligible Persons, with no Federal participation supporting the cost of their coverage, which is comprised of low-income persons and other groups.
SYSPREM	System that provides for the enrollment of a Beneficiary in historical data. It allows the update and/or enrollment of data that corresponds to eligibility periods prior to the cancellation period of the eligibility of a Beneficiary or before an enrollment to a different Contractor comes into effect.
SYSRETRO	Term used by ASES which means retroactive eligibility record.
Eligibility Concepts	
Eligibility Determination	<p>For each applicant to the Government Health Insurance Plan, hereinafter GHP, an eligibility determination precedes to the enrollment and premium payment processes performed at the ASES Information Systems Office. The Medicaid Program of the Commonwealth of Puerto Rico, which administers the Puerto Rico Medical Assistance Program, is the entity with authority to determine whether a person is eligible to receive medical services under the Federal GHP (Medicaid and CHIP) and State GHP (Commonwealth Population). The Medicaid Program is also responsible for certifying that a potential Platino Beneficiary is eligible to receive Medicaid coverage.</p> <p>The evaluation of the eligibility to each of the programs is based on criteria</p>

[Handwritten signature]

	<p>that comply with applicable state and federal regulations. Generally, the guiding criterion for determining the eligibility of an individual for the State GHP or Federal GHP is the level of income and its correlation with the levels of indigence. In the case of Platino Medicare plans, the age of the applicant (65 years or more) or the disability status as referred to in Title XVIII of the Social Security Act are considered.</p> <p>In any of the categories of the health plans, beneficiaries are annually certified. This means that normally their eligibility is extended for a period of one (1) year on each successful certification. Nevertheless, for Platino Medicare plans, the enrollment period may be extended for a period of eighteen (18) months. In those cases, in which the Medicaid Program had granted a period of eligibility of less than twelve (12) months, the period of enrollment will correspond to the shorter period granted.</p>
<p>MA-10</p>	<p>The determination of eligibility of the Puerto Rico Medicaid Program granted to an applicant under both GHP programs is contained in the Form MA-10 which is provided to the Beneficiary on the day it is certified.</p> <p>The potential Beneficiary may receive covered medical services by submitting the Form MA-10 to the health care provider from the day they were certified by the Medicaid Program until the day they receive their health insurance card by regular mail. Only eligible applicants for Federal GHP (Medicaid and CHIP) and State GHP (State Population) receive a Form MA-10 and can access covered medical services by submitting it.</p>
<p>Eligibility Effective Date</p>	<p>The Effective Date of Eligibility for purposes of a Medicaid or CHIP Potential Enrollee is the first day of the month in which the Medicaid Office determines eligibility. This should be the same date indicated as the eligibility period on the Form MA-10.</p> <p>When an Enrollee re-certification is filed, and the Enrollee is again eligible, as determined by the Medicaid Office, the Effective Date of Eligibility for the subsequent period is generally the 1st of the month after eligibility expires from the previous eligibility period. If an Enrollee does not apply for Re-certification at the Medicaid Office once his/her eligibility period has expired, the eligibility for the GHP is lost. This will happen even in cases in which the Enrollee's eligibility was lost for at least one (1) day. The Effective Date of Eligibility for a new eligibility period for these cases will be the first (1st) day of the month of the new application for certification.</p> <p>The Effective Date of Eligibility for the State Population is the eligibility period specified on the Form MA-10, and Potential Enrollees are eligible to be enrolled as of that date.</p> <p>Recertification for State Enrollees in which the Enrollee is found eligible again, the Effective Date of Eligibility is the first (1st) day of the month after the current eligibility expires. The date of certification for State beneficiaries will be when the certification is completed.</p> <p>If a State Enrollee's eligibility period expires before re-certification, the State Enrollee's eligibility will be processed as a new case and the Effective Date of Eligibility will be the new Effective Date of Eligibility provided in Form MA-</p>

[Handwritten signature]

	10.
Certification Date and its Relationship with the Effective Date	The date on which the Medicaid Program issued an eligibility determination is known as the Certification Date. Under the State GHP the Effective Date will always coincide with the Certification Date and it would mark the beginning of the eligibility period granted to the Beneficiary. Under Federal GHP (Medicaid and CHIP), the Effective Date will fall in the first day of the month in which the Beneficiary is certified by the Medicaid Office. In both cases, the Certification Date is provided on Form MA-10.
Dual Eligible	An Enrollee or Potential Enrollee eligible for both Medicaid and Medicare (Part A or Part A and B).
Enrollment Concepts	
Effective Date of Enrollment	<p>The Effective Date of an Enrollment refers to the date that a Contractor establishes as the beginning of the coverage period for a Beneficiary.</p> <p>The Effective Date for a Beneficiary's Enrollment under a Platino Medicare Plan will fall on the first day of the month in which the name of the Beneficiary appears on the CMS Prepaid Premium Plans List and on the first day of the month in which it appears enrolled in the Platino Medicare plan of the Contractor in question. Said information should be provided to ASES in the Enrollment Record's Effective Date data field.</p>
PCP/PMG Change Enrollment Effective Date	If an enrollee changes PCP/PMG during the first five days of the month the change will be effective in the subsequent month. If an enrollee changes PCP/PMG after the fifth day of the month the change will be effective in the second month subsequent to the change. The enrollees can still receive services until the change is effective through the original PCP/PMG assigned by the Contractor.
Process Date	<p>The Process Date has relevance both in cases of new enrollment of a Beneficiary and in cases of changes of PMG, PCP or Plan Version in relation to a record of enrollment of a Beneficiary.</p> <p>In the case of a new enrollment under a Platino Plan, it refers to the date on which the Beneficiary contracted the coverage services with the corresponding Contractor.</p> <p>This could be, also, a date provided by the Contractor that identifies the day on which a change of PMG/PCP or Plan Version in the record of a Beneficiary's enrollment was processed in its databases.</p> <p>In Platino plans, the Process Date must be prior to the Effective Date of the new enrollment. However, it must not go back beyond three (3) months prior to that Effective Date.</p>
Transfer of Beneficiaries to Platino Products	Medicare Advantage beneficiaries who are granted Medicaid coverage may elect to transfer to the Medicare Platino products offered by their preferred Contractor or may enroll to Medicare Platino products available to dual eligible individuals. In these cases, ASES and the Contractor must process a

fw

	<p>new enrollment for the purpose of transferring the Beneficiary of the Medicare Advantage product to Medicare Platino.</p> <p>To the extent possible, such enrollments will be effective on the first day of the month in which the Beneficiary's Medicaid coverage is effective.</p>
Recovery of Eligibility and Prospective Enrollment	<p>In those cases in which the enrollment of a Platino Medicare Beneficiary is canceled due to the loss of eligibility under the Medicaid Program, but which recovers that eligibility within a period of two (2) consecutive months, it may be enrolled automatically and prospectively under the Platino Medicare plan of the Contractor in question assigning the same PCP/PMG in which the Beneficiary was previously enrolled.</p>
Retroactive Enrollment for Platino Plans	<p>For Platino plans, the enrollment may be extended retroactively from six (6) to eighteen (18) months prior to the date on which the Beneficiary's enrollment is processed at ASES. That is, the Information Systems Office of ASES may accept an enrollment of a Beneficiary of the Platino Plan for up to eighteen (18) retroactive months as long as the limits of the period to be enrolled fall within periods of eligibility granted by the Medicaid Program.</p>

PLATINO PROGRAM ENROLLMENT PROCESS

Main Process	
Description	<p>ASES is able to employ a variety of methods for the purpose of subscribing persons who are eligible to receive coverage under Medicare Platino plans. This includes enrollment assisted by Platino Contractors, enrollment by ASES or a combination of both. The procedure used for the enrollment under the Platino Medicare Program is described below.</p>
<p>Eligibility Query Preceding a Medicare Platino Enrollment</p> <p>*See Reference C for Files Nomenclature</p>	<p>Step 1a: CMS Query/Enrollment: The Contractor requests a verification of a Beneficiary's eligibility for the Medicare Program with CMS and proceeds to enroll the Beneficiary accordingly.</p> <p>Step 1b: ASES Query: Through a file (".qry"), the Contractor requests to ASES a verification of a Beneficiary's eligibility for the Medicaid Program.</p> <p>Step 2: Response: ASES processes this query file and sends a response to the request in a file (.res). This file includes information regarding the Beneficiary's eligibility for the Medicaid Program, Medicaid Program specification for which the Beneficiary is eligible (federal or state), and the data that identifies the Beneficiary in the database, both at Medicaid and ASES.</p> <p>Step 3: Enrollment: If the Beneficiary is eligible for Medicaid coverage, the Contractor will complete an enrollment record that will include data corresponding to the health plan under which the Beneficiary is to be enrolled.</p> <p>Enrollment Rejections:</p> <p>Step 4a: Enrollment File Integrity Validation Rejections: While processing the enrollments file it is possible for an integrity validation error to occur. In these cases an error file (.err file) will be produced and a corrected version of the file in question should be resubmitted by the Contractor. The</p>

	<p>length of the content of the required fields, the region and the data source is considered.</p> <p>Step 4b: Enrollment Records Data Quality Validation Rejections: While processing the enrollments file it is possible for a data quality validation error to occur. In these cases a rejection file (.rjc file) will be produced and a corrected version of the file in question should be resubmitted by the Contractor.</p> <p>Step 4c: Validated Enrollment Records: Once appropriately validated, ASES will edit and update the data in the electronic enrollment record to identify the individual as a Platino Medicare Beneficiary. A daily export (.exp) file is then sent to the Contractor that contains the data that shows the Beneficiary's enrollment to Medicare Platino.</p> <p>Step 6: PCP/PMG and Plan Version Enrollment Updates: Further enrollment updates for a given enrolled Beneficiary may be submitted by the Contractor to notify ASES of changes in the Beneficiary's enrollment pertaining to the PCP/PMG and Plan Version. Such enrollment updates will be submitted as enrollment records that will be subject to the processes, validations, corrections and resubmissions described in steps 3 thru 4c.</p>
--	---

Enrollment Record

Description	<p>The enrollment record that is used by Contractors to notify ASES of the enrollment of a Beneficiary contains a series of data that are used for the purpose of informing the details of the enrollment made and to verify the accuracy and certainty of these. The enrollment transaction is the Contractor's confirmation and guarantee that the enrollee has been successfully enrolled in the Contractor databases and that a Platino Welcome Package or membership card has been sent to the enrollee.</p> <p>The Platino Program plans contracted with ASES require the assignment of Primary Care Physicians (PCPs) to beneficiaries by the Contractors. The enrollment record includes these fields as well as the Plan Type and the Plan Version. The enrollment record also reports the date in which a Beneficiary has been processed by the Contractor and the Effective Date of Enrollment.</p>
--------------------	--

Enrollment Record Fields

RECORD_TYPE	In every case, and regardless of the transaction in question, this field requires the insertion of code "E" that identifies the entry as an enrollment record for both new enrollments of beneficiaries and changes on records of beneficiaries previously enrolled.
TRAN_ID	<p>This field allows the ASES systems to identify the action to take on the record submitted. It can contain one of the values listed below.</p> <p>E=new enrollment C=Carrier change V= Version change I=IPA change 1=PCP1 change</p>

[Handwritten signature]

*See Reference A for supporting information.

2=PCP2 change
3=PCP1 and PCP2 change

- E** New Enrollment. This value identifies that the record is a new enrollment for a Beneficiary who has not been previously enrolled or that is currently inactive. For transactions previously enrolled, either by the same Contractor or one that is different from the previous enrollment, a "C" would be inserted.

Note: For New Enrollments("E"): The system will require all fields related to information about the Contractor, Plan Type, Plan Version, PMG and PCP1 to be completed. The PCP2 information will remain as optional information for some cases.
- C** Contractor Change. Used when the Beneficiary has selected a different Contractor than the one in which he/she is presently enrolled. It is also used for initial enrollment in Platino Plans when the beneficiaries were previously enrolled in a GHP plan and they opt to change to Platino.

Note: For Change of Contractor Transactions ("C"): The system will require registering the name of the new Contractor and inserting information regarding the Plan Type, Plan Version, Primary Medical Group, PCP1 and PCP2 (optional) and Card Issue Date as the Process Date of the enrollment.
- V** Plan Version Change. For Platino Contractors, it implies a change from a product the Contractor offers to one which is identified under the same Plan Type. This transaction code is also used when a GHP Beneficiary's coverage code changes. In these cases, the Contractor must reissue a health plan ID card displaying the new benefits, and submit a version change enrollment record to ASES where the version number corresponds to the new coverage code. **Failure to submit said information to ASES, will trigger an automatic disenrollment of the Beneficiary from the Contractor that omits the timely submission.** While in these circumstances the Beneficiary continues being eligible to receive the medical services, the Contractor will remain unable to claim a premium payment for said Beneficiary until a submission of the required information is performed.

Note: For Plan Version Change Transactions ("V"): The Contractor code and Plan Type information provided must match the information in the ASES databases. Only information regarding the new assigned Plan Version will be provided. Information should also be provided in relation to the PMG and PCP1 Center.
- I** Primary Medical Group (PMG) Change. It is used to register, in ASES, a change in the beneficiaries' selected PMG under the same Contractor, Plan Type and Version.

Note: For PMG Change Transaction ("I"): Information regarding the Contractor, Plan Type and Plan Version must match the information contained in the ASES databases. Only new information will be sent to

	<p>ASES regarding the new PMG that corresponds to the Beneficiary.</p> <p>1 PCP1 change. It is used to register, in ASES, a change in the beneficiaries' selected PCP1 under the same Contractor, Plan Type, Version and PMG.</p> <p>Note: For Change of PCP1 Transactions ("1"): It will be necessary that the information of Contractor, Plan Type, Plan Version and PMG provided coincide with the information contained in the ASES databases. It will be necessary to submit the new information regarding the change in PCP1 and it will not be necessary to provide information on the PCP2.</p> <p>2 PCP2 change. It is used to register, in ASES, a change in the beneficiaries' selected PCP2 under the same Contractor, Plan Type, Version and PMG.</p> <p>Note: For Change of PCP2 ("2") Transactions: It will not be necessary to provide information about the PCP1. The only information allowed to differ with the one contained in the ASES records will be the one related to the PCP2.</p> <p>3 PCP1 and PCP2 change. It is used to register, in ASES, a change in the beneficiaries' selected PCP1 and PCP2 under the same Contractor, Plan Type, Version and PMG.</p> <p>Note: For Change of PCP1 and PCP2 ("3"): It will be necessary to submit new information regarding the assigned PCP1 and PCP2. The information provided regarding the other fields should remain unchanged.</p>
PROCESS_DATE	Process Date. Refers to the date on which the Beneficiary contracted the coverage services with the corresponding Contractor. It also refers to the date on which the Contractor processed a change in PMG, Plan Version, Plan Type or PCP.
REGION	Contains the region code assigned by ASES. This code must correspond to the region assigned to the Beneficiary in the ASES database. ASES is responsible for assigning this code to Platino Contractors. The Platino Plan Contractors obtain this code directly from ASES after a request process initiated for these purposes.
*See Reference B for supporting information.	
CARRIER	Two-digit Platino Contractor code assigned by ASES to each of the Contractors with the purpose of identification.
MEMBER_PRIMARY_CENTER	Primary Medical Group (PMG) code.
ODSI_FAMILY_ID	Eleven (11) last digits of the MPI number assigned by the Medicaid Office. Platino Contractors obtain this code from the ASES query response.
MEMBER_SSN	Social Security number of the member. It is required that this number matches with the one for the member in the ASES database.
	Two-digit number which identifies a member within a family. This is the

[Handwritten signature]

MEMBER_SUFFIX	second part of the identifier for the beneficiaries in the ASES database.
EFFECTIVE_DATE	Date in which the Contractors start providing coverage for the Beneficiary under the enrolled Plan or the change for which the enrollment record was submitted becomes effective. This date also refers to the date in which the PMG, PCP or Plan Version change becomes effective.
PLAN_TYPE	Plan Type code that identifies the one under which the member is enrolled.
PLAN_VERSION	Plan Version code that identifies the one under which the member is enrolled.
MPI- Master Patient Index.	It is a unique number that identifies a member in the ASES and Medicaid Program's databases.
PCP1	PCP1's NPI number. It is used to identify the PCP1 assigned by the Contractor or selected by the beneficiaries.
PCP1_EFFECTIVE_DATE	Date in which the PCP1 assignment became effective. If there is a change of PCP1, the initial PCP1 Effective Date will be kept until the Effective Date of the PCP1 Change has been reached.
PCP2	PCP2's NPI number. It is used to identify the PCP2 assigned by the Contractor or selected by the beneficiaries.
PCP2_EFFECTIVE_DATE	Date in which the PCP2 assignment was effective. If there is a change of PCP2, the initial PCP2 Effective Date will be kept until the Effective Date of the PCP2 Change has been reached.
FAMILY_PRIMARY_CENTER	Not in use.
PMG_TAX_EFF_DT	Date in which the assignment of the Beneficiary's PMG became effective.
IPA_PCP_CHANGE_REASON	This field is not currently in use.
MEDICARE INDICATOR	Required for Platino enrollments only. (01=A&B, 03=A, 09=B).
Health Insurance Claim Number (HICN Number)	MBI Number. Refers to the number assigned by the Social Security Administration to an applicant with the purpose of identifying him as a Medicare Beneficiary. The HICN appears in the Beneficiary's insurance card. All Medicare Beneficiary claims are processed according to this number. It is required for Platino beneficiaries' enrollment.
Additional Data Elements	When a Beneficiary's record is validated, the ASES system enters the following data in the enrollment record.
REJECT IDENTIFIERS	A = Accepted Enrollment M = Accepted Retroactively R = Rejected Enrollment

A = Accepted Enrollment	Identifier = "A": Identifies an accepted enrollment that will be applied on a current or future effective date. In this case, the update process moves the enrollment fields of the Contractor, Plan Type, Plan Version, PMG and PCP to the fields intended for new enrollments in the Beneficiary record. Until such time as the new Effective Date is reached, the Beneficiary will remain under the current enrollment condition (same Contractor, Plan, Version, PMG and PCP). During the end-of-month cycle, the new fields are moved to the current fields and the enrollment becomes effective.
M = Accepted Retroactively	Identifier = "M": Indicates a retroactive enrollment. In these cases, Enrollment data (Contractor, Plan Type, Plan Version, PMG and PCP) are updated directly in the Beneficiary's historical record.
R = Rejected	Reject Identifier "R": In cases when an enrollment record is not successfully processed because an error has been identified, it indicates a record returned for correction.
Reservation Number	Not applicable to Platino enrollments.
Error Codes one (1) to ten (10)	It is possible to record up to ten (10) error codes.
Update Date	Date for which the validation is run. Corresponds to the date of the daily cycle the validation run was a part of.
Update User	ASES internal user code.
IPA_ESPECIAL	Not applicable to Platino enrollments.
CONTRACT NUMBER	Contract number assigned by the Contractor. It should be the number by which the member is identified in the Contractors' ID card and internally in their database.
SPECIAL ENROLL	Not applicable to Platino enrollments.
PMG Tax ID	Include PMG Tax ID Number.
Data Source	Specify "MA" for Platino enrollments.
Enrollment Record Rejection	
Description	An enrollment record related to any type of enrollment, modification or update transaction could be rejected if it does not pass the validation tests at the ASES systems. As mentioned above, rejected enrollments are sent daily to Contractors in a rejection file (.rjc) that includes error codes for records that have not successfully passed the validation process. Contractors must correct identified errors and resubmit the corrected records to ASES with the next file submission.

[Handwritten signature]

ERROR CODES	This section addresses the Platino Error Codes produced by the ASES validation process.
011	The Record Type field contains an invalid code.
021	The Tran Id field is blank.
022	The Tran Id field content does not indicate a Prospective MCO Change ("C"), but the Data Source field content indicates the transaction comes from the Enrollment Counselor ("CO", "JC").
032	The Process Date field contains a date before 2010.
035	The Plan Type indicates a Platino Beneficiary transaction for a non-Retroactive Eligibility period (Special Enroll is different from "T"), but the Process Date field contains a date on or after the Effective Date or earlier than three (3) months before the Effective Date.
036	The Process Date field contains a date earlier than three (3) months before the PCP1 Effective Date.
037	The Process Date field contains a date earlier than three (3) months before the PCP2 Effective Date.
038	The Process Date field contains a date earlier than three (3) months before the PMG Tax Id Effective Date.
041	The Region field is empty.
042	The Region field content does not correspond with the region in process.
043	The Region field content indicates a Beneficiary that is part of the Foster Children and Domestic Abuse Victims Population ("P"), but the Data Source field content indicates a transaction that comes from a Vital MCO performing a Prospective Enrollment (Tran Id = "C") or a transaction that comes from the Enrollment Counselor or a Platino Contractor.
051	The Contractor field is blank.
052	The Contractor field contains an invalid code in general or in the context of the Data Source field content.
053	The Tran Id field content indicates a Future Enrollment Transaction ("C") that does not come as a Just Cause Transaction from the Enrollment Counselor (Data Source is different from "JC") , but the Contractor field content indicates the same Contractor in which the Beneficiary is already enrolled.
055	The Contractor and Plan Type fields content indicates a combination for

[Handwritten signature]

	which an active contract, according to the Effective Date and Beneficiary's residential municipality, could not be found at ASES Contracted Contractors registry.
061	The Tran Id field content indicates an Enrollment Transaction at the Contractor ("E", "C"), Plan Version ("V") or PMG ("I") level and a PMG is required, but the PMG Tax Id field is blank.
062	The Tran Id field content indicates a PCP Enrollment Transaction ("1", "2", "3") and the PMG Tax Id field is populated, but the PMG Tax Id field contains an id that differs from the one enrolled at ASES.
071	The ODSI Family Id field is blank.
072	The ODSI Family Id field content is not of the appropriate length (11).
073	The ODSI Family Id field contains an id that was not found in ASES data.
081	The Member SSN field is blank.
082	The Member SSN field content is not of the appropriate length (9).
091	The Member Suffix field is blank.
092	The Member Suffix field content is not of the appropriate length (2) or is not "01".
093	The Member Suffix field contains a code that was not found in ASES data for the given ODSI Family Id.
101	The Effective Date field contains an invalid date.
102	The Effective Date field contains a date before 2015.
105	The Tran Id field content indicates that the transaction for a Platino Beneficiary is not about a PCP Change ("1","2","3") and the Effective Date field contains a date that is not the first of the month.
107	The Data Source field content indicates a transaction that does not come from the Enrollment Counselor and the Contractor field content does not come from a Vital MCO (but could be from a regional model MCO), but the Effective Date contains a date that falls within a previous eligibility period before a termination of eligibility.
109	The Effective Date field contains a date that falls within a Retroactive Eligibility Period and the Tran Id field content does not indicate a Retroactive Eligibility Transaction (Special Enroll = "T").
10D	The Special Enroll field content indicates a Late Eligibility Enrollment ("E"),

[Handwritten signature]

	but the Data Source or the Plan Type fields contents indicate a transaction that does not come from a Vital MCO.
111	The Plan Type field is blank.
112	The Data Source field content indicates a transaction that comes from the MCO, or the Enrollment Counselor, but the Plan Type field content indicates a Platino Beneficiary.
113	The Plan Type field contains a code that was not found in ASES Data for the given Contractor, Plan Version and Effective Date specified.
121	The Plan Version field is blank.
122	The Plan Version field content is not of the appropriate length (3).
123	The Plan Version field content is invalid for the given Effective Date.
131	The MPI Number field is blank, or its content is not of the appropriate length (3).
132	The MPI Number field contains a number that was not found in ASES data.
141	The Tran ID field content does not indicate a PCP2 Enrollment Transaction ("2"), but the PCP1 field is blank and a PCP1 is required.
142	The Tran ID field content indicates a PCP2 Enrollment Transaction ("2"), but the PCP1 field is not blank.
151	A PCP1 is required and the PCP1 Effective Date field contains an invalid date.
152	A PCP1 is required and the PCP1 Effective Date field contains a date before 2010.
153	The Tran ID field content does not indicate a PCP2 Enrollment Transaction ("2"), but the PCP1 Effective Date field is not blank and a PCP1 is not required.
154	The Tran ID field content indicates a PCP2 Enrollment Transaction ("2"), but the PCP1 Effective Date field is not blank.
155	The Tran Id field content indicates an Immediate Enrollment Transaction ("E") and a PCP1 is required, but the PCP1 Effective Date field contains a date after the ASES Daily Run Process Date.
156	The Data Source indicates a Platino Contractor transaction ("MA"), the Tran Id field content indicates a Contractor Change ("C") and a PCP1 is required, but the PCP1 Effective Date field contains a date on or before the ASES and

	not first of the month.
157	The PCP1 field is not blank, but the PCP1 Effective Date is blank.
158	The Tran Id field content indicates an Enrollment Transaction at the Contractor ("E", "C") or PMG ("I") level and the PCP1 field is populated, but the PCP1 Effective Date field content differs from the Effective Date field content.
161	The Tran ID field content indicates a PCP2 Enrollment Transaction ("2") or a PCP1 and PCP2 Enrollment Transaction ("3"), but the PCP2 field is blank.
162	The Tran ID field content indicates a PCP1 Enrollment Transaction ("2"), but the PCP2 field is not blank.
171	The Tran Id field content indicates a PCP2 or PCP1 and PCP2 Change and the PCP2 Effective Date field contains an invalid date.
172	The Tran Id field content indicates a PCP2 or PCP1 and PCP2 Change and the PCP2 Effective Date field contains a date before 2010.
173	The Tran Id field content indicates an Immediate Enrollment Transaction ("E") and the PCP2 field is populated, but the PCP2 Effective Date field contains a date after the ASES Daily Run Process Date.
174	The Data Source indicates a Platino Contractor transaction ("MA") and the Tran Id field content indicates a Contractor Change ("C"), but the PCP2 Effective Date field contains a date on or before the ASES and not first of the month.
175	The PCP2 field is not blank, but the PCP2 Effective Date is blank.
177	The Data Source field indicates that the transaction does not come from the Enrollment Counselor ("JC", "CO") and the Tran Id field content indicates an Enrollment Transaction at the Contractor ("E", "C") level, but an enrollment exists in ASES data with effective date on or after the date indicated by the Effective Date and a process date, if applicable, on or after the date indicated by the Process Date.
178	The Tran Id field content indicates an Enrollment Transaction at the Contractor ("E", "C") or PMG ("I") level and the PCP2 field is populated, but the PCP2 Effective Date field content differs from the Effective Date field content.
179	The Data Source field indicates that the transaction does not come from the Enrollment Counselor ("JC", "CO") and the Tran Id field content indicates an Enrollment Transaction at the Contractor ("E", "C") level, but a prospective enrollment exists in ASES data with effective date coinciding with the date indicated by the Effective Date and a process date on or after the date

[Handwritten signature]

	indicated by the Process Date.
181	The Tran Id field content does not indicate a Disenrollment Transaction ("D") and a PMG is required, but the PMG Tax Id field is blank.
191	The Tran Id field content indicates a PMG Change and the PMG Tax Id Effective Date field contains an invalid date.
192	The Tran Id field content indicates a PMG Change and the PMG Tax Id Effective Date field contains a date before 2010.
211	The Tran Id field content does not indicate a Disenrollment Transaction ("D"), the PMG Tax Id Effective Date field is blank and Federal Medicaid Coverage is required for enrollment, but the Beneficiary is not identified as a Federal Medicaid Enrollee at ASES data.
221	Multiple transactions were found for a given Beneficiary among Current or Retroactive Eligibility transactions.
222	The Tran Id field content indicates an Immediate Enrollment ("E"), but the Beneficiary is already enrolled in the same Contractor as the one indicated by the Contractor field content.
223	The Tran Id field content indicates an Immediate Enrollment ("E"), but the Beneficiary is already enrolled in a different Contractor than the one indicated by the Contractor field content.
224	(1)The Tran Id field content does not indicate a Disenrollment Transaction ("D") for a non-Retroactive Eligibility period (Special Enroll is different from "T") and the individual was not found to be eligible by the date indicated in the Effective Date field. (2) The Effective Date field contains a date that does not fall within a Retroactive Eligibility Period and the Special Enroll field content indicates a Retroactive Eligibility Transaction (Special Enroll = "T").
228	The Tran Id field content indicates a Plan Version Change ("V"), but the Data Source field content does not indicate that the transaction comes from a Platino Contractor, or the Contractor or Plan Type field content differs from the corresponding Enrollment data at ASES.
229	The Tran Id indicates a PMG Enrollment ("I"), but the Contractor, Plan Type or Plan Version field content does not match the corresponding Enrollment data at ASES.
22A	The Tran Id indicates a PCP Enrollment ("1", "2", "3"), but the Contractor, Plan Type, Plan Version or PMG Tax Id field content does not match the corresponding Enrollment data at ASES.
22B	The Tran Id field content indicates a PCP1 and PCP2 Change ("3") and the PCP1 Effective Date and the PCP2 Effective Date fields are populated but

Handwritten initials/signature

	one of them is immediate and the other prospective when compared with the ASES Daily Run Process Date.
22D	The Tran Id field content does not indicate a Disenrollment Transaction ("D"), but the Effective Date, the PCP1 Effective Date, the PCP2 Effective Date or the PMG Tax Id Effective Date indicates a date that occurs later than four (4) months after the ASES Daily Run Process Date.
22G	The Data Source field indicates a transaction that comes from a Platino Contractor ("MA") and the Plan Type field content indicates a Platino Beneficiary ("02", "03"), but the Plan Version field contains a code that is not related to the Coverage Code of the Beneficiary at ASES data by the Effective Date specified.
230	The Data Source field is blank.
231	The Data Source field contains an invalid code.
232	The Data Source field content indicates the transaction comes from a Vital MCO or the Enrollment Counselor, but the Plan Type field is not "01".
233	The Data Source field content indicates the transaction comes from a Platino Contractor, but the Plan Type is not "02" nor "03".
251	The Tran Id field content does not indicate a Disenrollment Transaction ("D") and the Plan Type field content indicates a Platino Beneficiary, but the HIC Number field is blank.
280	Individual was found to be not currently eligible.
281	Individual was not found in ASES data.
DISENROLLMENT	
Description	The process of a disenrollment occurs only when ASES or the Medicaid Program determines that a Beneficiary is no longer eligible for GHP or Medicare Platino (termination of eligibility) or in those cases where a disenrollment is produced in response to a Coverage Code change if a corresponding Plan Version change is not successfully submitted before the end of the month after said coverage code change occurs (programmatic disenrollment).
Disenrollment Concepts	
Termination of Eligibility	The termination of eligibility refers to the cancellation of health services transaction due to the expiration of the eligibility period. It will be notified by the Medicaid Program and will be reflected in the ASES databases on the last day of each month. In these cases, ASES will be updating the

[Handwritten signature]

	<p>information through the export file. Only the Medicaid Program may notify the cancellation of a Beneficiary's eligibility. Accordingly, the Contractor must disenroll the Beneficiary from the Platino Program.</p>
<p>Programmatic Disenrollment</p>	<p>Contractors should identify when a record received has a different coverage code than is recorded in their databases.</p> <p>This disenrollment takes place in those cases in which the Medicaid Program has sent a change of coverage code for a Beneficiary and the Contractor has not submitted an enrollment with the new Plan Version related to the change of coverage.</p> <p>In these cases, Contractors must assess whether the new Coverage Code requires the Beneficiary to be enrolled in a different Plan Version. If so, they must re-enroll these beneficiaries under the new Plan Version to correspond with the new coverage code. Subsequently, a change of Plan Version must be sent to ASES before the end of the current month.</p> <p>Beneficiaries who are not registered with a Plan Version that corresponds with the coverage code will be disenrolled in the run of the end-of-month cycle in the ASES databases.</p> <p>The carrier should re-enroll the beneficiaries that have been cancelled or disenrolled for this reason.</p>
<p>Carrier Change</p> 	<p>When Beneficiary's data is received by ASES with a different carrier code from the one that appears in ASES database, it could mean that the Beneficiary has been enrolled with a different Contractor. In this case, the previous Contractor will be notified through the export file where a different carrier code than its own will occupy the carrier field. Accordingly, the previous Contractor must disenroll the Beneficiary in its database.</p> <p>In the case that the change is prospective, the previous Contractor enrollment data remains in the current data fields and the future Contractor data occupies the new data fields. At the end of the month previous to the prospective enrollment effective date, the new fields data is moved to the current data fields and both Contractors are duly notified.</p> <p>A premium payment recoupment will be performed if a payment has been previously granted to a Contractor that loses the Beneficiary retroactively.</p>
<p>Effective Date of Disenrollment</p>	<p>The effective date of disenrollment will fall on the last day of the month in which any of the events mentioned above take place.</p>
<p>SYSPREM</p>	
<p>Description</p>	<p>The main function of SYSPREM will be to allow the registration of the Beneficiary's enrollment in historical data in those cases that cannot be processed as current enrollments. Contractors must modify their systems so that the SYSPREM data is not included as current data when processing the eligibility file. Once a transaction is received, which must be processed</p>

	<p>through SYSPREM, a process of verification and validation of the information that is contained in the record is carried out. Once the validation tests have been passed, the record, in the database, containing the information corresponding to historical transactions is updated. Those records that do not successfully complete the verification processes will be sent in a file of rejected enrollments to the corresponding carrier for correction.</p> <p>Some beneficiaries will not appear as enrolled in history because they are not eligible for the Effective Date or because they are enrolled with a different carrier. Carriers need to evaluate the cases rejected by SYSPREM in order to identify errors in the assigned Effective Date and the correctness of the beneficiaries' data included in the enrollment record.</p>
--	---

SYSPREM Classification Codes: Primary Error Codes

Description	The following are enrollment validation error codes that represent base cause for classification for SYSPREM processing.
107	Effective Date before ineligibility period.
177	Effective date on or before current enrollment.
280	Not currently eligible.

SYSPREM Allowed Error Codes: Secondary Error Codes

Description	The following are enrollment validation error codes that are allowed as secondary to any Classification Codes during a SYSPREM candidate enrollment record evaluation.
053	Currently enrolled in same carrier (Platino Carrier Change).
132	Failed MPI match in current data.
211	Coverage limited to Federal Medicaid and beneficiary is not currently classified as so.
222	Currently enrolled in same carrier (Immediate Enrollment).
223	Currently enrolled in another carrier (Immediate Enrollment).
225	Failed SSN match in current data.
226	Failed MPI match for the given family id and member suffix.

SYSPREM Validation Error Codes	
Description	SYSPREM will perform certain validations in the process of evaluating candidate enrollment records for registering in historical data.
980	The latest enrollment from ASES historical data with effective date on or after but during the same month as the Effective Date of the Enrollment candidate to SYSPREM was processed later by the source of the enrollment.
982	Platino enrollment Effective Date is earlier than '2015-01-01'.
983	Already enrolled in the same carrier in ASES historical data by the Effective Date specified in the enrollment candidate to SYSPREM.
984	Already enrolled in ASES historical data by the Effective Date specified in the enrollment with Tran_Id = 'E' candidate to SYSPREM.
986	Effective Date is on or later than current enrollment Effective Date or Cancellation Date.
987	Member SSN not found in ASES historical data.
988	The MPI number specified by the enrollment candidate to SYSPREM did not match the MPI number found in ASES historical data by the stated Effective Date.
996	Not an error, but a notification that the record was processed by SYSPREM.
PREMIUM PAYMENT	
Description	The premium payment system operates under the concept that premiums are calculated and paid only in relation to beneficiaries who are already enrolled before the first day of the month to which the payment corresponds. Beneficiaries enrolled after that date will be considered for the next payment of the corresponding premium, following all processing of updates and cancellations effective in that month.
Premium Payment Concepts	
Payment Execution	In a monthly fashion, the system performs an automatic execution of payment. The premium paid for each enrollee will depend on his or her Rate Cell classification. Premium payments corresponding to Rate Cell 38 (EAP Medicaid) and Rate Cell 40 (EAP Commonwealth) will be made on the first day of the month following the acceptance of the enrollment by ASES. ASES will not pay premiums on beneficiaries that are not duly enrolled in the ASES

	databases nor will it pay premiums for beneficiaries whose records contain transactions that have been rejected in the ASES databases and have not been corrected within the periods established by contract.
Reasons for Not Executing a Payment	<p>A premium payment will not be executed in favor of a Contractor in the following circumstances:</p> <ol style="list-style-type: none"> (1) If the enrollee is not enrolled in the ASES databases before the first day of the month for which the payment transaction is being executed; (2) If the enrollment had been rejected by ASES and a new enrollment was not submitted by the Contractor with the relevant corrections (3) If ASES eligibility data demonstrates that the enrollee had a disenrollment (blank Card Issue Date), eligibility cancellation or changed the Contractor.
Monthly Payments	In this case the system produces a payment for those beneficiaries whose enrollment has already taken effect before the first day of the month for which the payment transaction is executed. The execution of premium payment is run on the first day of the month.
Retroactive Payments	These payments are calculated when the Effective Date of the Enrollment falls on a period prior to the month for which the premium payment process is being executed. In other words, this type of payment is executed when payments are identified corresponding to months prior to the month in which a premium payment is made. The retroactive payments will be computed based on the Enrollment Effective Date. The system will process the premiums for enrolled beneficiaries with an Effective Date prior to the payment date in the case of monthly premiums or prorated premiums that have not been previously paid within the time limits for retroactive payments. Retroactive payments may result in an adjusted payment if they are the result of a Contractor's cancellation of a previous enrollment or Contractor change.-
Adjustments	A payment adjustment is calculated when there is a need to reverse a payment that was awarded to a Contractor during a previous premium payment process. It occurs when, as a result of a retroactive payment calculation, a payment made in relation to the same enrollee is identified within the same period under which a Contractor change has been executed. In these cases, an adjustment to the premium paid to the first Contractor is made.

Special Adjustments	<p>Generally, the special adjustments are carried out as a result of internal audit processes that reveal that a wrongly adjudicated payment (like for example, deceased beneficiaries, duplicate payments, PARIS eligibility match, etc.) must be reverted or that, on the contrary, an omitted payment must be adjudicated. For this type of adjustment, the Contractor will receive a list of transactions in which they can identify the type of adjustment (for example: a deceased), the adjusted months and the amount adjusted. The description of this list is found in Attachment 9, Special Adjustment File Layout.</p>
EDI 820 Payment File	<p>The reconciliation process carried out between ASES and the Contractors in relation to the payment of premiums must take into account the content of the EDI 820 files. This file is produced monthly by region, Contractor and Plan Type. It includes details of the types of payment that correspond to each of the beneficiaries assigned to the Contractors contracted for the month in question.</p> <p>In this file, a distinction is not made about if the payment corresponds to an adjustment from a regular premium payment process or a special adjustment. Thus, in cases when special adjustments proceed, ASES will provide a separated file for the special adjustments to the Contractor.</p>

Número Caso: _____ Núm. de Solicitud: _____ Fecha de Certificación: _____

Municipio de Residencia: _____ Región de Medicaid: _____ Región de ASES: _____

Se ha evaluado la información que usted ha ofrecido y se ha corroborado con los documentos que se le han solicitado, y los cuales constan en nuestro expediente, y hemos determinado:

Resultados de determinación de elegibilidad -

Nombre	MPI	Otro Plan Médico	Ingreso Elegibilidad	Unidad Familiar	Elegibilidad	Fecha Efectividad	Fecha Vencimiento

Resultados de determinación para copagos -

Nombre	MPI	Ingreso para Copagos	Unidad Familiar	Elegibilidad	Código Cubierta	Tope de Copagos

NOTAS:

A. **Tope de Copagos:** (1) La reglamentación federal establece que las personas elegibles a Medicaid o CHIP tendrían un tope en el total de los copagos. (2) El tope es de un 5% trimestral, y se determina a base del ingreso MAGI de la Unidad Familiar MAGI y para llegar al tope se suman los copagos que pagan por trimestre cada uno de los beneficiarios que son Medicaid o CHIP de la unidad familiar MAGI. (3) Si en el transcurso del periodo de elegibilidad, un beneficiario a Medicaid o CHIP considera que pago más de un 5% por concepto de copagos en un trimestre, él o ella pueden radicar una Solicitud de Reembolso de Copagos, la cual será evaluada por la Administración de Seguros de Salud de Puerto Rico (ASES). (4) La información sobre el Proceso de Reembolso y la Solicitud están disponible en las Oficinas Locales del Programa Medicaid y en la página web del Programa Medicaid (<https://www.medicaid.pr.gov/>) y en la de ASES (<http://www.ases.pr.gov/>). (5) La regla federal no aplica a quien es elegible Estatal.

B. **Determinaciones de Elegibilidad y para Copagos:** (1) Usted tiene derecho a radicar una apelación y solicitar una audiencia para que se revise la determinación de elegibilidad y/o la determinación para copagos que se les notifica mediante esta MA-10 cuando no está conforme con la decisión tomada en su caso. (2) La solicitud debe ser presentada por escrito y dentro de un plazo de 30 días, contados a partir de la Fecha de Certificación indicada en esta MA-10. (3) La misma podrá someterse - (a) en persona; en cualquier Oficina Local del Programa Medicaid de PR, (b) por correo a la siguiente dirección: Programa Medicaid, Departamento de Salud, P.O. Box 70184, San Juan, PR 00936-8184, o (c) por facsimil (fax): al número (787) 759-8361. (4) El término para apelar vence el: 5 de abril de 2017. (5) La determinación será final si usted no apela dentro del término de 30 días.

061	CIC	PMG Tax Id	Any	Any	If the Tran Id is E, C, V or I and the plan (Carrier, Plan Version) corresponding to the enrollment Effective Date requires a PMG then the PMG Tax Id should not be blank.	Insert a PMG Tax Id. Otherwise check the Carrier, Plan Version, Effective Date or Tran Id.
062	CAI	PMG Tax Id, Tran Id	Not T	Any	The Tran Id is 1, 2, or 3 and the PMG Tax Id is not blank but the PMG is different from the currently enrolled PMG in ASES member data.	Change the PMG Tax Id accordingly. Otherwise check the Tran Id.
063	CAI	PMG Tax Id, Tran Id	Not T	Any	The Tran Id is I and PMG is required for the plan (Carrier, Plan Version) by the given enrollment Effective Date but the PMG is the same as the currently enrolled PMG in ASES member data.	Check the PMG Tax Id. Otherwise, check if the change is still needed.
071	BF	Family Id	Any	Any	The Family Id field is blank.	Insert valid content.
072	IC	Family Id	Any	Any	The content for the field is not 11 characters long and hence is invalid.	Insert content that is 11 characters long.
073	CAI	Family Id, Region	Not T	Any	The member (Region, Family Id) was not found in ASES data.	Check the Family Id and Region.
081	BF	Member SSN	Any	Any	The Member SSN field is blank.	Insert valid content.
082	IC	Member SSN	Any	Any	The content for the field is not 9 characters long and hence is invalid.	Insert content that is 9 characters long.
091	BF	Member Suffix	Any	Any	The Member Suffix field is blank.	Insert valid content.
092	IC	Member Suffix	Any	Any	Invalid content for the Member Suffix.	Valid content for Member Suffix is 01.
093	CAI	Member Suffix, Family Id, Region	Not T	Any	The member (Region, Family Id, Member Suffix) was not found in ASES data.	Check that the Member Suffix is 01. Otherwise check the Family Id and Region.
101	IC	Effective Date	Any	Any	Invalid enrollment Effective Date.	Insert a valid date.
102	RIC	Effective Date	Any	Any	The enrollment Effective Date is before 1/1/2010.	Insert a date on or after 1/1/2010.
103	CIC	Effective Date	Any	M0	If the Tran Id is E then the Effective Date should be before the ASES process date.	Change the enrollment Effective Date appropriately. Otherwise, check the Tran Id.

[Handwritten signature]

104	CIC	Effective Date	Not T	MO	<p>If the Tran Id is E then the enrollment Effective Date should be before the ASES process date.</p> <p>If the Tran Id is C then the enrollment Effective Date should be on or after the first day of the month following the ASES process date.</p>	Change the enrollment Effective Date appropriately. Otherwise, check the Tran Id.
105	CIC	Effective Date	Any	MA	<p>If the Tran Id is not 1, 2 or 3 then the enrollment Effective Date should be a first day of the month.</p>	Change the enrollment Effective Date to be a first day of the month. Otherwise, check the Tran Id.
107	CAI	Effective Date	Not T	MO MA	<p>The member (Region, Family Id) had an interruption of eligibility after the enrollment Effective Date.</p>	Change the enrollment Effective Date appropriately.
109	CAI	Effective Date	Not T	Any	<p>The Effective Date is within a retroactive eligibility period for the member.</p>	Change the enrollment Effective Date appropriately.
10A	CAI	Special Enroll	E	MO	<p>The Tran Id is E, but the ASES member data does not indicate Medicaid federal program membership and thus Late Eligibility enrollment does not apply.</p>	Change the Special Enroll field content. Otherwise, check the enrollment Effective Date.
10B	CAI	Effective Date, Special Enroll	Any	MO	<p>The Tran Id is E, but the enrollment Effective Date occurs before the member birth date found at ASES member data.</p> <p>The Tran Id is E, but the Effective Date occurs more than a year after the member birth date found at ASES member data.</p>	Change the enrollment Effective Date appropriately. Otherwise, check the Tran Id.
10D	CIC	Special Enroll	E	Any	<p>The Tran Id is E, but ASES member data does not indicate Medicaid Deemed Newborn classification.</p> <p>The Plan Type should be 01 and the Data Source should be MO.</p>	Change the Special Enroll appropriately. Otherwise, check the enrollment Effective Date, Tran Id.
111	BF	Plan Type	Any	Any MA JC CO MO	<p>The Plan Type field is blank.</p> <p>The Plan Type should be 02.</p>	<p>Check the Plan Type, Data Source or Special Enroll.</p> <p>Insert valid content.</p> <p>Check that the Plan Type is 02.</p>
112	CIC	Plan Type	Any	Any	<p>The Plan Type should be 01.</p>	Check that the Plan Type is 01.

[Handwritten signature]

113	CAI	Plan Type, Carrier, Plan Version, Effective Date	Any	Any	The content for the field is not 2 characters long and hence is invalid.	Insert content that is 2 characters long.
121	BF	Plan Version	Any	Any	A match for the Carrier and Plan Version according to the given enrollment Effective Date was not found in ASES data.	Check the Carrier and Plan Version. Otherwise, check the enrollment Effective Date.
122	IC	Plan Version	Any	Any	The Plan Version field is blank.	Insert valid content.
123	CAI	Plan Version, Effective Date	Any	Any	The content for the field is not 3 characters long and hence is invalid.	Insert content that is 3 characters long.
131	IC	MPI Number	Any	Any	A match for the Plan Version according to the given enrollment Effective Date was not found in ASES data.	Check the Plan Versio. Otherwise, check the Effective Date.
132	CAI	MPI Number	Not T	Any	The content for the field is not 13 characters long and hence is invalid.	Insert content that is 13 characters long.
141	CIC	PCP1	Any	Any	The member (Region, MPI Number) was not found at ASES member data.	Check the MPI Number. Otherwise check the Region.
142	CIC	PCP1	Not T	Any	If the Tran Id is not 2 and the plan (Carrier, Plan Version) corresponding to the enrollment Effective Date requires a PCP1, then the PCP1 should not be blank.	Insert a PCP1. Otherwise check the Carrier, Plan Version, Effective Date or Tran Id.
151	CIC	PCP1 Effective Date	Any	Any	If the Tran Id is 2, then the PCP1 should be blank.	Clear the PCP1 field. Otherwise, check the Tran Id.
152	CIC	PCP1 Effective Date	Any	Any	If the Tran Id is not 2 and the plan (carrier, plan version) contract corresponding to the Effective Date requires a PCP1, then the PCP1 Effective Date should contain a valid date.	Insert a valid date. Otherwise, check the Tran Id, Effective Date, Carrier or Plan Version.
			Any	Any	If the Tran Id is not V and the PCP1 Effective Date is populated, then the PCP1 Effective Date should be on or after 2015-01-01 and the plan (Carrier, Plan Version) contract corresponding to the enrollment Effective Date should require a PCP1.	Insert a valid date if appropriate. Otherwise, check the Tran Id, Effective Date, Carrier or Plan Version.

[Handwritten signature]

153	CIC	PCP1 Effective Date	Any	Any	If Tran Id is not 2 and the plan (Carrier, Plan Version) corresponding to the enrollment Effective Date does not require a PCP1 then PCP1 Effective Date should be blank.	Clear the PCP1 Effective Date field. Otherwise, check the Tran Id, Effective Date, Carrier or Plan Version.
154	CIC	PCP1 Effective Date	Not T	Any	If the Tran Id is 2 then, the PCP1 Effective Date should be blank.	Clear the PCP1 Effective Date field. Otherwise, check the Tran Id.
155	CIC	PCP1 Effective Date	Any	Any	If the Tran Id is E and the plan (Carrier, Plan Version) corresponding to the enrollment Effective Date requires a PCP1 then the PCP1 Effective Date should be on or before the ASES process date.	Change the PCP1 Effective Date appropriately. Otherwise, check the Tran Id, Effective Date, Carrier or Plan Version.
156	CIC	PCP1 Effective Date	Any	Any	If the Tran Id is C, the plan (Carrier, Plan Version) corresponding to the enrollment Effective Date requires a PCP1 and the PCP1 Effective Date is on or before the month of the ASES process date, then the PCP1 Effective Date should be a first day of the month.	Change the PCP1 Effective Date appropriately. Otherwise, check the Tran Id, Effective Date, Carrier or Plan Version.
157	CIC	PCP1 Effective Date, PCP1	Any	Any	If the PCP1 Effective Date is blank, then the PCP1 should be blank. If the PCP1 Effective Date is not blank, then the PCP1 should not be blank.	Clear the PCP1 field. Otherwise, check the PCP1 Effective Date. Insert a PCP1. Otherwise, clear the PCP1 Effective Date field.
158	CAI	PCP1 Effective Date, PCP1, Effective Date	Any	Any	The PCP1 is not blank and the Tran Id is E, C or I, but the PCP1 Effective Date is different from the enrollment Effective Date.	Change the PCP1 Effective Date appropriately. Otherwise, check the Tran Id or Effective Date.
161	CIC	PCP2	Not T	Any	The PCP1 is not blank and the Tran Id is V, 1 or 3, but the PCP1 Effective Date is earlier than the current enrollment effective date at ASES member data.	Change the PCP1 Effective Date appropriately. Otherwise, check the Tran Id.
162	CIC	PCP2	Not T	Any	If the Tran Id is 1, then the PCP2 should be blank.	Insert a PCP2. Otherwise, check the Tran Id. Clear the PCP2 field. Otherwise, check the Tran Id.

[Handwritten signature]

171	CIC	PCP2 Effective Date	Not T	Any	If the Tran Id is 2 or 3, then pc2 effective date should contain a valid date.	Insert a valid date. Otherwise, check the Tran Id.
172	RIC	PCP2 Effective Date	Any	Any	The PCP2 Effective Date is before 1/1/2010.	Insert a date on or after 1/1/2010.
173	CIC	PCP2 Effective Date, PCP2	Any	Any	If Tran Id is E and PCP2 is not blank then PCP2 Effective Date should be on or before the ASES process date.	Change the PCP2 Effective Date appropriately. Otherwise, check the Tran Id or PCP2.
174	CIC	PCP2 Effective Date	Any	Any	If the Tran Id is C and the PCP2 Effective Date is on or before the month of the ASES process date, then the PCP2 Effective Date should be a first day of the month.	Change the PCP2 Effective Date appropriately. Otherwise, check the Tran Id.
175	CIC	PCP2 Effective Date, PCP2	Any	Any	If the PCP2 Effective Date is blank, then the PCP2 should be blank. If the PCP2 Effective Date is not blank, then the PCP2 should not be blank.	Clear the PCP2 field. Otherwise, check the PCP2 Effective Date. Insert a PCP2. Otherwise, clear the PCP2 Effective Date field.
177	CAI	Effective Date, Process Date			The Tran Id is E or C, the enrollment Effective Date is on or before the ASES process date, but for a historical enrollment period at ASES member data the carrier is populated and the enrollment record Effective Date is before the historical enrollment period effective date. The Tran Id is E or C, the current enrollment carrier is populated at ASES member data, the enrollment Effective Date is on or before the ASES process date and on or before the current enrollment effective date at ASES member data, but the Process Date is on or before the process date for the current enrollment at ASES member data.	Check the Effective Date. Otherwise, check if the enrollment still applies.

[Handwritten signature]

179	CAI	Process Date, Effective Date	Not T	MA	The Tran Id is E or C, the prospective enrollment carrier and effective date are populated at ASES member data, the enrollment Effective Date is the same as the prospective enrollment effective date at ASES member data and the Carrier is different from the prospective enrollment carrier at ASES member data but the Process Date is on or before the process date of the prospective enrollment at ASES member data.	Check the Process Date or Effective Date. Otherwise, check if the enrollment still applies.
181	CIC	PMG Tax Id	Any	Any	If the plan (Carrier, Plan Version) corresponding to the enrollment Effective Date requires a family PMG then PMG Tax Id should not be blank.	Insert a PMG Tax Id. Otherwise check the Carrier, Plan Version or Effective Date.
191	CIC	PMG Tax Id Effective Date	Any	Any	If the plan (Carrier, Plan version) corresponding to the Effective Date requires a PMG then the PMG Tax Id Effective Date should contain a valid date.	Insert a valid date. Otherwise, check the Effective Date, Carrier and Plan Version.
192	RIC	PMG Tax Id Effective Date	Any	Any	The PMG Tax Id Effective Date should be on or after 1/1/2010.	Insert a date on or after 1/1/2010.
211	CAI	DMG Tax Id Effective Date	Not T	Any	The plan (Carrier, Plan Version) requires the member to be classified as Federal Medicaid by the given enrollment Effective Date, but a record identifying the member as Federal Medicaid was not found at ASES member data and the PMG Tax Id Effective Date is not populated.	Insert a valid PMG Tax Id Effective Date. Otherwise, check the Effective Date.

[Handwritten signature]

CAI	DR	Region, Family Id, Data Source	T	MO	The plan (Carrier, Plan Version) requires the member to be classified as Federal Medicaid by the given enrollment Effective Date but a retroactive eligibility record identifying the member as Federal Medicaid was not found at ASES member data and the PMG Tax Id Effective Date is not populated.	DATE: OTHERWISE, CHECK THE EFFECTIVE Date, Carrier and Plan Version.
221	DR	Region, Family Id, Data Source	Not T	Any	Only a single record per member (Region, Family Id) per batch among those that are not retroactive eligibility enrollment transactions is allowed.	Include only a single record per member (Region, Family Id) per batch among those that are not retroactive eligibility enrollment transactions.
222	CAI	Carrier	Not T	MO MA	Only a single record per member retroactive eligibility period (Region, Family Id, Effective Date year-month) per batch is allowed. The Tran Id is E but the Carrier is the same as the currently enrolled carrier at ASES member data and the card id date at ASES member data is populated.	Include only a single record per member retroactive eligibility period (Region, Family Id, Effective Date year-month) per batch. Check if an enrollment is needed. Otherwise, check the Tran Id or Carrier.
223	CAI	Carrier	Not T	MO MA	The Tran Id is E but the Carrier is different from the currently enrolled carrier at ASES member data. The Tran Id is E but the Carrier is different from the currently enrolled for the corresponding retroactive eligibility period at ASES member data.	Check if an enrollment is needed. Otherwise, check the Tran Id, Carrier or Plan Version. Check if an enrollment still applies. Otherwise, check the Tran Id or Carrier.

224	CAI	Effective Date, Special Enroll	Not T	MO MA MO MA	The member is not eligible by the enrollment Effective Date at ASES member data. The member is not eligible at ASES member data by (i.e. there was no retroactive eligibility period corresponding to) the enrollment Effective Date.	Check the Effective Date.
225	CAI	Member SSN	Not T	MO MA JC CO	The Member SSN is not the same as the one found at ASES member data. The Member SSN is not the same as the one found at ASES member historical data. The Member SSN is not the same as the one from the corresponding retroactive eligibility record at ASES member data.	Check the Member SSN.
226	CAI	MPI Number	Not T	Any	The MPI Number is not the same as the one from ASES member data. The MPI Number is not the same as the one from the corresponding retroactive eligibility record at ASES member data.	Check the MPI Number.
228	CAI	Carrier, Data Source	Not T	MA MO JC CO	Tran Id is V but the Carrier is different from the currently enrolled at ASES member data. Tran Id is V.	Check the Carrier. Otherwise, check the Tran Id. Check the Tran Id. Otherwise, check the Data Source.
229	CAI	Carrier, Plan Type, Plan Version	Not T	Any	Tran Id is I but the Carrier or Plan Version are different from the currently enrolled at ASES member data. Tran Id is 1, 2 or 3, but the Carrier, Plan Version or PMG Tax Id are different from the currently enrolled at ASES member data.	Check the Carrier or Plan Version. Otherwise, check the Tran Id.
22A	CAI	Carrier, Plan Type, Plan Version, PMG Tax Id	Not T	Any	Tran Id is 1, 2 or 3, but the Carrier, Plan Version or PMG Tax Id are different from the currently enrolled at ASES member data.	Check the Carrier, Plan Version or PMG Tax Id. Otherwise, check the Tran Id.

[Handwritten signature]

22B	CIC	PCP1 Effective Date, PCP2 Effective Date	Not T	Any	If Tran Id is 3 then the PCP1 Effective Date and the PCP2 Effective Date should both be prospective or both be immediate relative to the ASES process date. The Effective Date, PCP1 Effective Date, PCP2 Effective Date and PMG Tax Id Effective Date should not be later than 4 months after the ASES process date.	Check the PCP1 Effective Date or PCP2 Effective Date. Otherwise, check the Tran Id.
22D	CIC	Effective Date, PMG Tax Id Effective Date, PCP1 Effective Date, PCP2 Effective Date	Any	Any		Check the Effective Date, PCP1 Effective Date, PCP2 Effective Date or PMG Tax Id Effective Date.
22E	CAI	Plan Version, Effective Date	Not T		The Plan Version is different from the coverage code found at ASES member data according to the enrollment Effective Date.	Check the Plan Version. Otherwise, check the Effective Date.
			T	MO	The Plan Version is different from the coverage code found at ASES member data for the retroactive eligibility record according to the enrollment Effective Date.	
22G	CAI	Plan Version, Effective Date	Not T		The Plan Version does not correspond with the coverage code found at ASES member data according to the enrollment Effective Date.	Check the Plan Version. Otherwise, check the Effective Date.
			T	MA	The Plan Version does not correspond with the coverage code found at ASES member data for the retroactive eligibility record according to the enrollment Effective Date.	
230	BF	Data Source	Any	Any	The Data Source field is blank.	Insert valid content.
231	IC	Data Source	Any	Any	Invalid content.	Insert valid content.
232	CIC	Data Source	Any	MO	Plan Type should be 01.	Change the Plan Type to 01. Otherwise, check the Data Source.
				JC		
				CO		
233	CIC	Data Source	Any	MA	The Plan Type should be 02.	Change the Plan Type to 02. Otherwise, check the Data Source.
251	CIC	HIC Number, Plan Type	Any		The content for the field is not 11 characters long and hence is invalid.	Insert content that is 11 characters long.

[Handwritten signature]

280	CAI	Region, Family Id	Not T	Any	The member (Region, Family id) was found in ASES data but is not currently eligible.	Check Region, Family Id and Effective Date.
281	CAI	Region, Family Id	Not T	Any	The member (Region, Family id) was not found in ASES data.	Check Region and Family Id.
980	CAI	Effective Date	Not T	MO	The enrollment is a VITAL SYSPREM candidate and there is a match for the enrollment assignment at ASES member historical data, but there is a later assignment or enrollment to another carrier that is effective during the same month at ASES member historical data.	Check the Effective Date.
				MA	The enrollment is a Platino SYSPREM candidate but, at ASES member historical data, there is a later assignment or enrollment to another carrier that is effective on the same date or later during the same month and the process date for said assignment or enrollment is on or after the Process Date for the SYSPREM candidate.	Check the Process Date. Otherwise, check the Effective Date.
				MA	The enrollment is a Platino SYSPREM candidate, but the Effective Date is before 2015-01-01.	Check the Effective Date.
				MO	The enrollment is a VITAL SYSPREM candidate and the Effective Date is on or after 2018-01-01, but there is not an eligible record in ASES member historical data containing an enrollment carrier and effective date which matches the SYSPREM candidate record Carrier and Effective Date.	Check the Carrier or Effective Date.
982	CAI	Effective Date	Not T	MO		

983	CAI	Carrier, Plan Type, Plan Version	Not T	MO	<p>The enrollment is a VITAL SYSPREM candidate and there is a match for the enrollment assignment at ASES member historical data but the period implicated by the Effective Date is already enrolled under the same enrollment information (Carrier, Plan Version) at ASES member historical data.</p> <p>The enrollment is a Platino SYSPREM candidate, but the period implicated by the Effective Date is already enrolled under the same enrollment information (Carrier, Plan Version) at ASES member historical data.</p>	<p>Check the Carrier or Plan Version. Otherwise, check the Effective Date or if the enrollment is still needed.</p>
984	CAI	Carrier, Effective Date	Not T	MO	<p>The enrollment is a VITAL SYSPREM candidate and there is a match for the enrollment assignment at ASES member historical data but the period implicated by the Effective Date is already enrolled under another carrier at ASES member historical data.</p>	<p>Check the Effective Date. Otherwise, check the Carrier or if the enrollment still applies.</p>
985	CAI	Special Enroll	E	MO	<p>The enrollment is an Platino SYSPREM candidate and the Tran Id is E but the period implicated by the Effective Date is already enrolled under another carrier at ASES member historical data.</p> <p>The enrollment is a Late Enrollment (Special Enroll "E") SYSPREM candidate, but the group code from determined sysprem base record at ASES member historical data does not identify the member as a federal program beneficiary.</p>	<p>Check the Effective Date. Otherwise, check the Tran Id, Carrier or if the enrollment still applies.</p> <p>Check the Special Enroll. Otherwise, check if the enrollment still applies.</p>

[Handwritten signature]

986	CAI	Effective Date	Not T	MO	The enrollment is a SYSPREM candidate and the member is currently eligible, but the Effective Date is on or after the enrollment effective date at ASES member data.	Check the Effective Date.
				MA	The enrollment is a SYSPREM candidate and the member is currently not eligible but the Effective Date is on or after the eligibility cancellation date at ASES member data.	
987	CAI	Member SSN	Not T	MO	The enrollment is a SYSPREM candidate but the Member SSN was not found at ASES member historical data.	Check the Member SSN.
				MA		
988	CAI	N/A	Not T	MO	A SYSPREM base record could not be determined and, hence, the SYSPREM enrollment failed. This is a catchall to prevent a silent enrollment failure.	Check if enrollment still applies. Contact ASES to continue a joint investigation.
				MA		
989	CAI	Special Enroll, Effective Date	N	MO	The enrollment is a Newborn Enrollment (Special Enroll "N") SYSPREM candidate, but a record containing a group code identifying the member as Deemed Newborn was not found at ASES member historical data.	Check the Special Enroll. Otherwise, check if the enrollment still applies.
				MA		
996	ACK	N/A	Not T	MA	The enrollment was successfully processed as a historical enrollment (SYSPREM).	Confirm enrollment through the member data received from ASES on the same ASES process date.
				MO

ENROLLMENT AND CARRIER IPA/PCP CHANGE FILE

This file is received by ASES from the insurance companies and TPO's on a daily basis. It contains data pertinent to **new enrollment** and families which have selected to **change their enrollment** to the organization producing the file. **Modified for Medicare Plans Enrollment on September 2005. Concept change from one record per family enrolled to one record per member. Modify to include special enroll field on novembre 2007 Modified on April 2013 to include Trailer record for the Migracion Project. MAGI project changes 7/2017. MMIS/NMCI changes 1/29 - 4/1/2018. ASES New Health Model changes eff 11/1/2018**

Modifications

Field SSN

Optional for INSURANCE_COVERAGE (C,G or F)

Added Field MBI

For Medicare Beneficiaries INSURANCE_COVERAGE (C,G or F) please include the MBI number.

The field size is 11 characters.

NOTES

This document is prepared to comply with the 27 Act of 2010 which add a new Article VIII Section 4 of Act No. 72 of September 7, 1993, as amended, known as the "Law of Health Insurance Administration of Puerto Rico."; establish a requirement for insurers and others to share information of eligibility with the Health Insurance Administration or its duly authorized Subcontractor; allow recovery of fees paid by the Administration, and for other purposes.

The insurer shall provide for the physical safeguarding of its Data processing facilities and the Systems and Information housed therein. The Insurer shall provide ASES with access to Data facilities upon ASES's request. The physical security provisions shall be in effect for the life of this Contract.

The Insurer shall ensure that the operation of all of its Systems is performed in accordance with Puerto Rico and Federal regulations and guidelines related to security and confidentiality of the protected information managed by the Insurer, and shall strictly comply with HIPAA Privacy and Security Rules, as amended, and with the Breach Notification Rules under the HITECH Act.

The Insurer will put in place procedures, measures and technical security to prohibit unauthorized access to the regions of the Data communications network inside of an Insurer's Span of Control.

The Insurer shall submit all reports electronically to ASES's FTP site unless directed otherwise by ASES. ASES shall provide the Insurer with access to the FTP site. The email generated by the FTP upload will be used as the time stamp for the submission of the report(s).

The Insurer Data transfers shall occur in standard format as prescribed by ASES and will be compliant with HIPAA and Federal regulations. The Insurer shall submit in formats as prescribed by ASES so long as ASES's direction does not conflict with any Federal law. With each submitted file the Insurer will include a Transmittal Sheet to indicate the record's totals submitted. See a Transmittal Sheet model in Attachment III.

ASES will make available a secure FTP server, accessible via the Internet, for receipt of electronic files and reports from the Insurer. The Insurer shall provide a similar system for ASES to transmit files and reports deliverable by ASES to the Insurer. When such systems are not operational, the Insurer shall agree mutually on alternate methods for the exchange of files.

PUERTO RICO HEALTH INSURANCE ADMINISTRATION

COORDINATION OF BENEFITS – COB

Some people who are beneficiaries of Government Health Plan of Puerto Rico, which thrives on federal funds under certain circumstances may be eligible to receive benefits for a private plan or other health insurance funded by the Government of Puerto Rico. In accordance with applicable laws and federal guidelines, Medicaid is the payer of last resort and the rest of the remedies must be exhausted before resorting to the services under the Medicaid funds provided.

By provision of Public Law 109-171, the Federal Government will require governments of the states and territories beneficiaries of Medicaid funds, authorizing him to health insurers to share certain information with the State agency responsible for administering the program Medicaid. The collection of this information facilitates coordination of services and the sound administration of the funds received and ensures that Medicaid is not paying for care to be covered by another payer.

DATA VALIDATION PROCESS –

All files will pass through a validation process. Validation will check the basic structure of the file and its records and may result in a file being rejected. Such rejections may be caused for example, by file names which fail to follow the naming convention, a file containing wrong length records, wrong field coding or other basic tests.

All files which are rejected will be notified to the Insurer with an explanation of why the file is rejected. No records from such a file will be retained in the system and the Insurer will be required to re-submit the rejected file in its entirety before the next month files become due. Such re-submitted files must be carefully named using the sequence number part of the naming convention to ensure the name is distinct from the rejected file and is named in the correct order.

General Notes on data layout requirements

Date Fields - All date fields in the following data layout are defined to the same size and format as YYYYMMDD. An 8 byte field where YYYY = 4 digit year, MM = 2 digit month and DD = 2 digit day. 1 digit month and day values must always have the leading zero (0). Date fields must contain a valid date with months between 01 and 12 and days between 01 and maximum day in month. July 1, 2006 will be coded as 20060701.

Handwritten signature or initials in black ink.

Amount Fields – All amount fields representing money must be numeric and are defined as 9 bytes in the format 9(7)v99 where v represents an implied decimal point. This allows a maximum of 7 digits for dollars plus the last two digits for cents. These numbers are always right justified and zero filled to the left. As examples:

\$1.23 will be coded as 000000123
 \$100.00 will be coded as 000010000

All amount fields are positive and follow the above definition unless clearly specified otherwise.

End of Record Filler – All file layouts have been designed to end with a filler field of 1 byte which must always be coded as an “*” character. This is done to avoid issues between different systems when generating and transferring ASCII files in which ending field may be empty. The fixed End of Record Filler guarantees that all records in a file can be constructed to the fixed length format as defined in the layouts.

Justification and filling of Fields – The layouts have all been specified to provide fixed length fields and fixed length records. While other methods can be used, it is felt that this provides the best common ground for working with multiple entities each of which uses varying systems. To be sure everyone understands the same about the comments on justification and filling the following examples are given to help keep this concept clear.

All numeric fields must be filled completely with numeric digits. If there are exceptions these are clearly spelled out in the documentation of the layouts. Typically numeric field are right justified and to keep them numeric must be zero filled. In a field specified as numeric such as 9(7)v99 where v represents an implied decimal the following examples illustrate how data will look in the field:

Value	Field
12.50	000001250
101	000010100
1,234.56	000123456
1,000,000	100000000

All alphanumeric fields must be filled completely. If the value of data in the field is less than the width of the field then care must be taken to ensure that the field is filled with blanks. Allowing "NULLS" or other special characters through may cause unexpected results and make reading, loading and validation of the data difficult. Typically alphanumeric field are left justified and filled to the right with blanks to complete the field. In a field specified as alphanumeric such a X(20) the following examples illustrate how data will look in the field where the [] characters represent the start and end of the field –

<u>Value</u>	<u>Field</u>
P.R.	[P.R.]
José Rivera	[José Rivera]
blanks	[]

Data File Naming Convention

All data files to be delivered to ASES by the Insurers must follow the naming conventions below. Files which do not fit the naming convention will be ignored and the Insurer deemed to have failed in delivery of such a file.

File names must adhere strictly to this naming convention as the structure includes information for identification of the Insurer, dates and file type. If not named correctly the file cannot be processed properly.

The general format of file names will be – **ccccyyms.fff**

Where:

Character 1-3	ccc	=	Insurer Code (See attachment I)
Character 4-5	yy	=	Last two digits of year
Characters 6-7	mm	=	Month
Character 8	s	=	sequence number of file submission.

All submission start with s = 0 and continue in numeric if files are re-submitted to 9

If files must be re-submitted beyond 9, then alphabetic characters will be used a, b, c ...

Character 9 Always "."
 Characters 10-12 Extension code identifying type of file

COB for COORDINATION OF SERVICES

Files are always dated for the month being reported. For example, when sending coverage information in September 2013 the **yymm** part of the file name will be **1309** while the file will be sent to ASES in October.

Examples of completing this naming convention are –

For imaginary Insurer 096 in the files for COB in April 2013 will be named as follows –

Coordination of Services 09613040.COB

When the COB file is rejected, the corrected file will be re-submitted as
09612041.COB

The error log generated when the COB file is rejected will reference to the rejected file name with ERR extension on it.
The error file name will look as
09612041.ERR

All data files submitted must include a Transmittal Sheet with the following file name format.

The general format of file names will be – **Cccyyymmdds-tr.xls**

Where:

Character 1-3	ccc	=	Insurer's Code (See attachment I)
Character 4-5	yy	=	Last two digits of year
Characters 6-7	mm	=	Month
Characters 8-9			
Character 10	s	=	sequence number of file submission.

All submission start with s = 0 and continue in numeric if files are re-submitted to 9
If files must be re-submitted beyond 9, then alphabetic characters will be used a, b, c ...

Characters 11-13	Always "-tr"
Character 14	Always "."
Characters 15-17	Extension code identifying type of file (Always XLS)

XLS for MS EXCEL FILE FORMAT

Examples of completing this naming convention are –

For imaginary Insurer 096 in the Transmittal Sheet for file submitted in April 23, 2013 will be named as follows –

Transmittal Sheet 0961304230-tr.XLS

Data File Text Format

All files should be generated using one of the following text formats:

- utf-8 o
- text/plain; charset=us-ascii

Include Windows EOL (End of Line) on each record.

INSURER COB OUTPUT FILE - COB Record

# Field	Field	Description	Position	Size	Deliverable Data Format	Validation Rules
1	RECORD_TYPE	Record Type	1	1	"I" for Insurance	Required.
