Description Benefits	Copay			
	100	110	120	130
<p>Value-Based Insurance Design (VBID): Hospice Benefit</p> <p>Innovative and evidence-based palliative and hospice care program for enrollees who meet eligibility criteria. The proposed Enhanced Care Coordination Partnerships (ECCP) Model will address palliative and hospice services which will focus primarily on anticipating, managing, coordinating, treating and planning supports and services for enrollees with serious or life-threatening illnesses, with multiple clinical and non-clinical providers, and who have been told by a physician that their life expectancy is less than six months. The hospice and palliative care program will focus on transitional concurrent care, interdisciplinary care management, development of comprehensive and humanistic plan of care, and the active participation of enrollees' family members or caretakers. The proposed ECCP model program will help enrollees and their families make clinical and non-clinical decisions aimed at improving quality of care and quality of life.</p>	<p><u>Medicare-covered prescription drugs and biologics</u> 5% coinsurance (\$5 maximum)</p> <p><u>Medicare-covered respite care</u> 5% coinsurance per day (\$5 per day maximum)</p> <p><u>All other Medicare-covered hospice care and palliative care services</u> \$0 copay</p>	<p><u>Medicare-covered prescription drugs and biologics</u> 5% coinsurance (\$5 maximum)</p> <p><u>Medicare-covered respite care</u> 5% coinsurance per day (\$5 per day maximum)</p> <p><u>All other Medicare-covered hospice care and palliative care services</u> \$0 copay</p>	<p><u>Medicare-covered prescription drugs and biologics</u> 5% coinsurance (\$5 maximum)</p> <p><u>Medicare-covered respite care</u> 5% coinsurance per day (\$5 per day maximum)</p> <p><u>All other Medicare-covered hospice care and palliative care services</u> \$0 copay</p>	<p><u>Medicare-covered prescription drugs and biologics</u> 5% coinsurance (\$5 maximum)</p> <p><u>Medicare-covered respite care</u> 5% coinsurance per day (\$5 per day maximum)</p> <p><u>All other Medicare-covered hospice care and palliative care services</u> \$0 copay</p>
<p>Value-Based Insurance Design (VBID): Rewards and Incentives</p> <p>Beneficiaries with a qualifying chronic diagnosis of diabetes and/or congestive heart that meet the following inclusion criteria for the integrated care management practice units (ICMPUS), and are active participants of the stated program will be eligible to receive the Part C rewards and incentives: applicable to congestive heart diagnosis, two or more inpatient admissions in the past year and/or readmission within thirty days, and/or two or more visits/month in two consecutive months, and/or polypharmacy (more than eight medications). Concerning the diabetes diagnosis, only the criterion of polypharmacy will apply.</p> <p>Enrollees that comply with the stated inclusion parameters but are enduring the following health care stages will be excluded: ESRD (receiving dialysis), Alzheimer's (severe or late stage), active cancer (receiving chemotherapy/radiotherapy), infectious or parasitic disease, HIV/active, hepatitis, bedridden, serious mental disorders, and organ transplant recipients.</p>	\$0 copay	\$0 copay	\$0 copay	\$0 copay

Description Benefits	Copay			
	100	110	120	130
All beneficiaries that meet ICMPUS inclusion criteria and are active participants of the ICMPUS can receive both the wellness and health care program and rewards and incentives aligned with the value-based insurance design interventions protocols, such as education and wellness up to \$40, health monitoring up to \$70, and a program graduation recognition up to \$40. As enrollees complete each milestone of their plan, they will be able to redeem a reward from the catalogue according to the value of the completed activity. The member can also opt to accumulate the value of completed activities and redeem later for rewards of higher value, up to a total of \$150 per member per year.				
Value-Based Insurance Design (VBID): New Technologies Professional Continuous Glucose Monitoring (CGM) device indicated for detecting trends and tracking patterns and glucose level excursions above or below the desired range, facilitating therapy adjustments in members (age 18 and older) with diabetes. This system is intended for use by health care professionals.	\$0 copay	\$0 copay	\$0 copay	\$0 copay

These benefits are subject to change, according to final CMS approval and following the Medicare annual calendar.

<p>Value-Based Insurance Design (VBID): Hospice Benefit Innovative and evidence-based palliative and hospice care program for enrollees who meet eligibility criteria. The proposed Enhanced Care Coordination Partnerships (ECCP) Model will address palliative and hospice services which will focus primarily on anticipating, managing, coordinating, treating and planning supports and services for enrollees with serious or life-threatening illnesses, with multiple clinical and non-clinical providers, and who have been told by a physician that their life expectancy is less than six months. The hospice and palliative care program will focus on transitional concurrent care, interdisciplinary care management, development of comprehensive and humanistic plan of care, and the active participation of enrollees' family members or caretakers. The proposed ECCP model program will help enrollees and their families make clinical and non-clinical decisions aimed at improving quality of care and quality of life.</p>	<p><u>Medicare-covered prescription drugs and biologics</u> 5% coinsurance (\$5 maximum)</p> <p><u>Medicare-covered respite care</u> 5% coinsurance per day (\$5 per day maximum)</p> <p><u>All other Medicare-covered hospice care and palliative care services</u> \$0 copay</p>	<p><u>Medicare-covered prescription drugs and biologics</u> 5% coinsurance (\$5 maximum)</p> <p><u>Medicare-covered respite care</u> 5% coinsurance per day (\$5 per day maximum)</p> <p><u>All other Medicare-covered hospice care and palliative care services</u> \$0 copay</p>	<p><u>Medicare-covered prescription drugs and biologics</u> 5% coinsurance (\$5 maximum)</p> <p><u>Medicare-covered respite care</u> 5% coinsurance per day (\$5 per day maximum)</p> <p><u>All other Medicare-covered hospice care and palliative care services</u> \$0 copay</p>	<p><u>Medicare-covered prescription drugs and biologics</u> 5% coinsurance (\$5 maximum)</p> <p><u>Medicare-covered respite care</u> 5% coinsurance per day (\$5 per day maximum)</p> <p><u>All other Medicare-covered hospice care and palliative care services</u> \$0 copay</p>
<p>Value-Based Insurance Design (VBID): Rewards and Incentives Beneficiaries with a qualifying chronic diagnosis of diabetes and/or congestive heart that meet the following inclusion criteria for the integrated care management practice units (ICMPUS), and are active participants of the stated program will be eligible to receive the Part C rewards and incentives: applicable to congestive heart diagnosis, two or more inpatient admissions in the past year and/or readmission within thirty days, and/or two or visits/month in two consecutive months, and/or polypharmacy (more than eight medications). Concerning the diabetes diagnosis, only the criterion of polypharmacy will apply.</p> <p>Enrollees that comply with the stated inclusion parameters but are enduring the following health</p>	\$0 copay	\$0 copay	\$0 copay	\$0 copay
