Section I. State and program information

A. State information and reporting scenario

Who should CMS contact with questions regarding information reported in the NAAAR? Follow-on communications related to this report will be made to the primary contact.

Use this section to report your contact information, date of report submission, and reporting scenario.

Number	Indicator	Response
IA.1	Contact name First and last name of the contact person.	Carlos Santiago Rosario
IA.2	Contact email address Enter email address. Department or program-wide email addresses are permitted.	csantiago@ases.pr.gov
IA.3	State or territory Auto-populates from your account profile.	Puerto Rico
IA.4	Date of report submission CMS receives this date upon submission of this report.	06/26/2026
IA.5	Reporting scenario Enter the scenario under which the state is submitting this form to CMS. Under 42 C.F.R. § 438.207(c) - (d), the state must submit an assurance of compliance after reviewing documentation submitted by a plan under the following three scenarios:Scenario 1: At the time the plan enters into a contract with the state;Scenario 2: On an annual basis;Scenario 3: Any time there has been a significant change (as defined by the state) in the plan's operations that would affect its adequacy of capacity and services, including (1) changes in the plan's services, benefits, geographic service area, composition of or payments to its provider network, or (2) enrollment of a new population in the plan.States should complete one (1) form with information for applicable managed care plans and programs. For example, if the state submits this form under scenario 1 above, the state should submit this form only for the managed care plan (and the applicable managed care program) that entered into a new contract with the state. The state should not report on any other plans or programs under this scenario. As another	Scenario 2: Annual report

example, if the state submits this form under scenario 2, the state should submit this form for all managed care plans and managed care programs.

B. Add plans

Enter the name of each plan that participates in the program for which the state is reporting data. If the state is submitting this form because it's entering into a contract with a plan or because there's a significant change in a plan's operations, include only the name of the applicable plan.

Plan names should match the plan names used in your Managed Care Plan Annual Report (MCPAR) for this program for the same reporting period.

Indicator	Response
Plan name	Triple S Advantage
	MCS Advantage
	MMM HealthCare

C. Provider type coverage

If your standards apply to more specific provider types, select the most closely aligned provider type category and utilize the subcategory fields available in Section II. Program-level access and network adequacy standards under "Provider type covered by standard".

Number	Indicator	Response
N/A	Select all core provider types covered in the program	Primary Care Specialist Mental health Substance Use Disorder (SUD) OB/GYN Hospital Pharmacy Dental

D. Analysis methods

States should use this section of the tab to report on the analyses that are used to assess plan compliance with the state's 42 C.F.R. § 438.68 and 42 C.F.R. § 438.206 standards.

Number	Indicator	Response

Section II. Program-level access and network adequacy standards

II. Program-level access and network adequacy standards

Report each network adequacy standard included in managed care program contract for this program as required under 42 CFR § 438.68; select "Add standard" to report each unique standard. 42 § CFR 438.206 standards will be addressed in section III. Plan compliance.

Standard total count: 127

1	<p>Primary care; "The following six specialty types are reported separately on the Provider HSD Table: General Practice (001), Family Practice (002), Internal Medicine (003), Geriatrics (004), Primary Care – Physician Assistants (005), Primary Care – Nurse Practitioners (006). Organizations submit contracted providers using the appropriate individual specialty codes (001 – 006). CMS sums these providers, maps them as a single group, and evaluates the results of those submissions whose office locations are within the prescribed time and distance standards for the specialty type: Primary Care Providers. These six individual specialty types are also summed and evaluated as a single group against the Minimum Number of Primary Care Providers criteria (note that in order to apply toward the minimum number, a provider must be within the prescribed time and distance standards).
