

ATTACHMENT 29

Maternity Delivery Kick Payment

ATTACHMENT 29 – MATERNITY DELIVERY KICK PAYMENT

This attachment provides the methodology ASES will use to determine maternity deliveries for ASES reimbursement. This payment is in addition to the monthly capitation payment process.

Report Template

On a monthly basis, the contracted insurer must submit the files of claims and encounters included in Attachment 9 Information System in the report format provided by ASES on or before the 15th of each month (*.CLM), according to "layout" - CARRIER to ASES see 4.1C_rev.20230221 unless ASES specifies a different frequency. These files will be the primary source for the maternity kick of payment.

ASES will use the encounter/claim data submitted by the contracting insurer, which will be auditable by ASES, to determine the number of deliveries eligible for payment. Only one payment is made per delivery. The contract insurer will receive the amount fee indicated as established in Attachment 11, for each delivery that is reported and validated by ASES. If during a validation process, the data or the audit does not provide evidence of the reported delivery(ies), ASES can retroactively recoup the maternity kick of payment. Each delivery claim must be submitted as an institutional and professional claim with a CPT procedure code listed in the table below.

Maternity Delivery Kick Payment

Timeliness of Payment

The Maternity Kick Payment will be paid only for services incurred on or after November 1, 2018. The first maternity kick payment shall be issued no later than February 28, 2019, for claims paid by the contracting insurance during the month of November 2018 and reported to ASES no later than December 15, 2018. Payments will thereafter be made monthly for claims paid three months prior and reported no later than the 15th of the second to last month. The final maternity kick payment will be performed no later than the close of the quarter following the Termination of this Contract. Contracting insurance shall have ninety (90) days to object to a payment (See Section 22.3.1 from MCOs Contract). Any objection submitted past this term shall be deemed waived.
