#### Introduction

Contrato Número

provide ASES with a data warehouse and analytics system. ASES has been capturing data from its managed care health carriers for and to enhance the ability of ASES to make informed and cost-effective health care choices, ASES has partnered with Milliman, Inc. to to submit their health care claims, network, provider, IPA, and capitation data to ASES. many years to populate in the data warehouse and other systems. This layout document provides health insurance carriers information de Salud (ASES) was established. In order to continuously review health care utilization, expenditures, and performance in Puerto Rico 72. Through Law 72, the program to administer the Medicaid program for roughly 1.3 Milliman people, the Administración de Seguros The island of Puerto Rico's Medicaid program, the Government Health Plan (GHP) was established in 1993 with the passing of Law

### **Claims Transaction Handling**

claims, held, rejected, or pre-adjudicated claims. Claims reversals and adjustments happen as follows: of an adjudicated claim line are accepted in the CLAIMSERVICES file. Do not send claims that are in an open status, such as pended All Claims files are to be submitted on a monthly basis, for all Claims PAID in the month of the file submitted. All adjustments

#### Paid or Denied FFS Claims

or reversed service: of 'A' or 'R', while the original claim has a status code of 'P' for paid, 'D' for denied claims, or 'E' for encounter claims. The adjusted Individual service lines are adjusted or reversed at the line level with additional adjustment services marked with a claim line status code

- must include the claim id of the original claim to be adjusted or reversed, at the field named Original Claim Id Number, and
- may have the same claim ID and line number or a different claim ID and line number.

#### **Encounter Claims**

encounter so that duplicate encounters will not be counted in the data. of 'E' and the claim ID and service line number must be the same as the encounter being adjusted. Our process will remove the origina needs to be updated to change any of the fields of the encounter, the adjusting claim must have a claim line status code (sv\_stat field) Claims representing encounters have no allowed or paid amounts and are therefore not able to be adjusted monetarily. If an encounter

Carrier to ASES Data Submissions

Version 4,1C

Member for that particular date will be the aggregate of all the records and this example will result in \$0.00. Net Capitation Amount, Capitation Days and Capitation Percent fields as well. Inside MedInsight the capitation for that Provider but with a new Capitation Date, a Capitation Amount of -\$10.00, and the corresponding adjustments to the Gross Capitation Amount, Capitation Percent. If a capitation of \$10.00 is to be reversed then the new record should contain the same information as the original specifically for the following fields: Capitation Amount, Gross Capitation Amount, Net Capitation Amount, Capitation Days and for the provider / member / experience date with the amount(s) to be added or subtracted from the previously reported amount(s)

Note that, as Capitation net amounts for any particular record may be negative, a reversal in such a case would be a positive amount

### Data Validation and Audit Process

established levels defined by ASES and Milliman. data audit process will be rejected. Load threshold levels for individual data elements submitted are validated against those prethe format and content of each submitted file is valid and complete. Monthly files that do not pass the reconciliation process and the After the files are loaded, Milliman will employ an automated validation process, File Field and Quality Checks (FFQC), to ensure that

to ensure the name is distinct from the rejected file and is named in the correct order. month's files become due. Such re-submitted files must be carefully named using the sequence number part of the naming convention from such a file will be retained in the system and the carrier will be required to re-submit the rejected file in its entirety before the next Failure to conform to any of the submission requirements will result in the rejection and return of the applicable data file(s). No records

Due to the large amount and complexity of the data processed, it is more efficient to resubmit an entire file rather than to correct data within the file. Partial replacement files or record specific corrections will not be accepted.

## Claims, Capitation and Encounter Lag Reports

encounter claims data that do not match the lag reports on record counts within a reasonable percentage will be deemed invalid and must will be used to reconcile the data submitted. Claims and capitation data that do not match the lag reports on paid amount, and/or Carriers are required to submit encounter, claims and capitation payment reports, called lag reports, on a monthly basis. These reports

Carrier to ASES Data Submission AD VINISTE ACTOM DE File Layouts SEGUROS DE SALUD
