I. INTRODUCTION

The Puerto Rico Health Insurance Administration (PRHIA), focus is on providing quality services that are patient-centered and aimed at increasing the use of screening, prevention, and appropriate delivery of care in a timely manner to all Medicaid and Children's Health Insurance Program (CHIP) Enrollees in Puerto Rico. The Health Care Improvement Program (HCIP) is one of the tools developed by ASES to reach this goal for the Medicaid and Children's Health Insurance Program (CHIP) population.

The purpose of this manual is to provide the necessary guidelines for attaining the required performance indicators for each of the categories measured under the HCIP as specified and subject to revision by ASES in this Manual and incorporated in Section 12.5 of the Government Health Plan (GHP) Contract executed between the Contractor and ASES. As the HCIP guidelines and/or performance benchmarks are updated, ASES will share these changes with Contractors and update this manual.

ASES shall maintain a retention fund created by withheld amounts of the per member per month (PMPM) payment each month as part of the HCIP described in Section 22.4 of the Contract. The retained PMPM amount shall be associated with the HCIP initiatives outlined below:

1. Chronic Conditions Initiative
2. Healthy People Initiative
3. Emergency Room High Utilizers Initiative

ASES prepares and shares a draft certification document with the Contractor. The draft certification document includes the retention period, the measurement period, the reporting requirements, and metric results by points and percentage of payment. The contractor shall review and provide comments within ten (10) business days. ASES shall review comments and provide a final certification document that accompanies the disbursement.

ASES will disburse the retention fund to the Contractor according to compliance with each of the categories of performance indicators for each of the three (3) HCIP Initiatives specified in this Manual. The Clinical Operation Area will audit the results of the data in the timeframes stated in Section 22.4.2.2 of the Contract for the performance indicators in the above-named initiatives. This Manual describes, in detail, the requirements and the specific metrics for each initiative of the HCIP for the Contract period January 1, 2023 through September 30, 2025. The HCIP will be updated annually as GHP benchmarks are set and measures or metrics are revised accordingly.

II. REPORTING TIMEFRAMES

The Contractor will submit a report for each quality initiative on a quarterly basis as established in the following table. The Contractor is to submit quarterly results via XML in the Enterprise System as directed within the Plan Vital Reporting Guide.

For all measures, the Contractor shall use up to 3 months of paid claims past the Service Time Period End Date. If the Contractor meets their raw claims, provider, capitation, network, and Independence Practice Association (IPA) data submission requirements for timeliness and accuracy, ASSES will use all submitted data, with up to 3 months of paid claims in their calculation of measures included in this program.

Period	Claims Data: Incurred Service Time Period - Start	Claims Data: Incurred Service Time Period - End	Submission Due Date to ASSES

III.EVALUATION & POINT DISTRIBUTION

The HCIP is divided into three categories:

1. Chronic Conditions Initiative
2. Healthy People Initiative
3. Emergency Room High Utilizers Initiative

There is a list of conditions, indicators and performance measures listed for the HCIP in Sections: VI.2, VI.3, and VI.4. These indicators and performance measures have been chosen by ASEs for quarterly basis reporting and evaluation purposes for the HCIP. The MCOs will be notified of any changes to the selected indicators, the definition of improvement for each metric, and the corresponding point distribution for each fiscal year before the fiscal year begins.

Period	Claims Data: Incurred Service Time Period	Evaluation criteria
Year 1	Contractor GHP Benchmark: Report Submission and Improvement.	
P1	1/1/2022 – 12/31/2022	Report submission/Baseline
P2	4/1/2022 – 3/30/2023	Report Submission
P3	7/1/2022 – 6/30/2023	Any Improvement Over P2 or Complying with the HCIP Benchmarks
P4	10/1/2022 – 9/30/2023	Any Improvement Over P3 or Complying with the HCIP Benchmarks
Year 2	Contractor GHP Benchmark: Improvement and Benchmarks to be provided by ASEs	
P1	1/1/2023 – 12/31/2023	Any Improvement Over P4 or Complying with the HCIP Benchmarks
P2	4/1/2023 – 3/30/2024	Complying with the HCIP Benchmarks
P3	7/1/2023 – 6/30/2024	Complying with the HCIP Benchmarks
P4	10/1/2023 – 9/30/2024	Complying with the HCIP Benchmarks

Period	Claims Data: Incurred Service Time Period	
Year 3	Contractor GHP Benchmark: To be provided by ASES	
P1	1/1/2024 – 12/31/2024	Complying with the HCIP Benchmarks*
P2	4/1/2024 – 3/30/2025	Complying with the HCIP Benchmarks*
P3	7/1/2024 – 6/30/2025	Complying with the HCIP Benchmarks*
P4	10/1/2024– 9/30/2025	Complying with the HCIP Benchmarks*
Year 4*	Contractor GHP Benchmark: To be provided by ASES	
P1	1/1/2025 – 12/31/2025	Complying with the HCIP Benchmarks
P2	4/1/2025 – 3/30/2026	Complying with the HCIP Benchmarks
P3	7/1/2025 – 6/30/2026	Complying with the HCIP Benchmarks
P4	10/1/2025 – 9/30/2026	Complying with the HCIP Benchmarks

*Year 3 exceptions noted below

Year 1

For Year 1, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor in P1 and P2, and then quarter over quarter improvement or complying with the benchmark in P3 and P4. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted for P1 and P2.

- 
 - 1 point = Per scored measure reported on time with valid data
 - 0 points = Per scored measure not submitted on time and without valid data

ADMINISTRACION DE
SEGUROS DE SALUD

For P3 and P4

23 - 000472

- 
 - 1 point = Per scored measure reported on time with valid data and showing improvement over the previous quarter reporting period or showing compliance with the benchmark
 - 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter reporting period or for complying with the benchmark

Year 2

For Year 2, P1, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor with any quarter reporting period over quarter reporting period improvement for each measure or for complying with the benchmark. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure reported on time with valid data and showing improvement from the previous quarter or showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

For Year 2, P2 and all additional quarterly periods, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor for complying with the benchmark. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

Year 3

For Year 3, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor and for complying with the benchmark. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or not compliant with the benchmark.

Modifications to the Performance Measures included for Year 3 of the HCIP are as follows:

- Removal of the Chronic Conditions Initiative, Diabetes measure - Hemoglobin A1c (HbA1c) testing.
- Removal of the Chronic Conditions Initiative, Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder) measure - Follow up after Hospitalization for Mental Illness: 30 days.
- Change Hemoglobin A1c (HbA1c) poor control (>9.0%) to Glycemic Status Assessment for Patients With Diabetes (GSD) (>9.0%)
- Addition of Colorectal Screening (COL) to the Healthy People Initiative.
- Addition of One Time Screening for Hepatitis C Virus to the Healthy People Initiative

ADMINISTRACION DE
SEGUROS DE SALUD

23 - 000478

Contrato Número

7

Exceptions for Year 3 Scoring are as follows:

Glycemic Status Assessment for Patients With Diabetes (GSD) (>9.0%) has been added to replace Hemoglobin A1c (HbA1c) poor control (>9.0%). As there are some methodology changes within the updated measure, Y3P1 and Y3P2, will be scored based on reporting only, meaning that the MCO will be assigned a point for timely and accurate report submission. The MCO will receive the following point structure when a complete report and attestation is submitted:

- 1 point = Per scored measure reported on time with valid data
- 0 points = Per scored measure not submitted on time and without valid data

Y3P3 and Y3P4 will be scored based on timely and accurate report submissions from the Contractor for complying with the benchmark. The MCO will receive the following point structure when a complete report and attestation is submitted:

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

Colorectal Screening (COL) is a newly added measure for Year 3. This measure is included in the Adult Core Measure set, however, has not been part of the HCIP measures. As this is a new addition to the HCIP program, Y3P1 and Y3P2, will be scored based on reporting only, meaning that the MCO will be assigned a point for timely and accurate report submission. The MCO will receive the following point structure when a complete report and attestation is submitted:

- 1 point = Per scored measure reported on time with valid data
- 0 points = Per scored measure not submitted on time and without valid data

Y3P3 and Y3P4 will be scored based on timely and accurate report submissions from the Contractor for complying with the benchmark. The MCO will receive the following point structure when a complete report and attestation is submitted:

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

ADMINISTRACION
SEGUROS DE SALUD

23 - 000477

One Time Screening for Hepatitis C Virus is a newly added measure for Year 3. This measure uses the measure steward CMS, Merit-based Incentive Payment System (MIPS) along with the use of ASES specific coding. As this is a new addition to the HCIP program, and is a new measure steward, Year 3 will be scored for reporting only, meaning that the MCO will be assigned a point for timely and accurate report submission.

- 1 point = Per scored measure reported on time with valid data
- 0 points = Per scored measure not submitted on time and without valid data.

ASES will provide the MCOs with specific benchmarks to be used to evaluate PMPM disbursement from the retention fund for each measure. For each scored measure (refer to Section VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure complying with the ASES designated benchmark
- 0 points = Per scored measure not submitted on time and /or not meeting the designated benchmark.

IV. RETENTION FUND & COMPLIANCE PERCENTAGE

ASES will withhold 2% (two percent) of the monthly PMPM payment otherwise payable to the Contractor to validate that the Contractor has met the specified performance targets of the HCIP. The retention fund, comprised of the withheld amounts, will be disbursed to the Contractor based on the determination made by ASES in accordance with the compliance of the Contractor with the improvement standards and criteria established by ASES in accordance with the HCIP manual.

TIME PERIOD (INCURRED SERVICE FROM CONTRACT TERM)	MONTHLY RETENTION FUND PERCENTAGE
Fiscal Year Quarters Defined in Section II – Reporting Timeframes	2%
HCIP INITIATIVE	
Chronic Conditions Initiative	ADMINISTRACION DE
Healthy People Initiative	SEGUROS DE SALUD
Emergency Room High Utilizers Initiative	23-000472

Contrato Número

The retention fund is associated with the HCIP initiatives outlined below for each of the specified timeframes, as per Section 22.4 of the Contract. No later than thirty (30) calendar days after the deadline of the receipt of the Contractor's quarterly submission, ASES shall determine if the Contractor has met the applicable performance objectives for each metric within the initiatives for that period. The evaluation result will determine the number of points each Contractor received and percent to be disbursed to the Contractor. The total number of points achieved

by the Contractor will be divided by the total number of points available for the measurement period. This percent rounded to the nearest whole percent equals the total percentage of withhold recoupment for the Contractor (see the following table).

V. DEFINITIONS

The following definitions apply to measures of the HCIP Manual:

1. **Active Enrollee:** GHP Enrollee with **continuous** enrollment during the HCIP measurement quarter.
2. **Baseline:** The baseline measurement is the first measurement of a metric during the initial submission of the HCIP metrics.
3. **HCIP Benchmark:** The HCIP benchmarks were built from averages across all plans on the island.
4. **Continuous Enrollment:** Membership enrollment from the start of a designated period through the end of the designated period without interruption or as defined in the specifications for a measure.
5. **Health Care Improvement Program (HCIP):** Approach developed to improve the quality of services provided to enrollees. The HCIP consists of three (3) initiatives: Chronic Condition Initiative, Healthy People Initiative and Emergency Room High Utilizers Initiative. As part of the HCIP, a Retention Fund shall be maintained by ASES from the monthly PMPM payment to incent the Contractor to meet performance indicators and targets under HCIP specified in the HCIP Manual. The Retention Fund shall be disbursed on a quarterly basis to the Contractor when a determination is made by ASES that the Contractor has complied with the quality standards and criteria established by ASES in accordance with the HCIP Manual and the Contract.
6. **Incurred date:** The date on which the service was provided.
7. **Intervention:** Activities targeted at the achievement of client stability, wellness and autonomy through advocacy, assessment, planning, communication, education, resource management, care coordination, collaboration and service facilitation.
8. **Performance measures:** Periodic measurement of outcomes and results used to assess the effectiveness and efficiency of quality or improvement initiatives on selected indicators.
9. **Per member per month (PMPM) payment:** The fixed monthly amount that the Contractor is paid by ASES for each enrollee to ensure that benefits under the Contract are provided. This payment is made regardless of whether the enrollee receives benefits during the period covered by the payment.

ADMINISTRACION DE
SEGUROS DE SALUD

23 - 000472

Contrato Número

10. **Preventive services:** Health care services provided by a physician or other provider within the scope of his or her practice under Puerto Rico law to detect or prevent disease, disability, behavioral health conditions or other health conditions; and to promote physical and behavioral health and efficiency.

11. **Primary care physician (PCP):** A licensed medical doctor (MD) who is a provider and who, within the scope of practice and in accordance with Puerto Rico certification and licensure requirements, is responsible for providing all required primary care to enrollees. The PCP is responsible for determining services required by enrollees, provides continuity of care and provides referrals for enrollees when medically necessary. A PCP may be a general practitioner, family physician, internal medicine physician, obstetrician/gynecologist, or pediatrician.

12. **Retention fund:** The amount withheld by ASES of the monthly PMPM payment otherwise payable to the Contractor to incentivize the Contractor to meet performance targets under the HCIP described in this manual. This amount shall be equal to the percent of that portion of the total PMPM payment that is determined to be attributable to the Contractor's administration of the HCIP described in this Manual and Sections 12.5 and 22.4 of the Contract. Amounts withheld will be disbursed to the Contractor in whole or in part (as set forth in the HCIP manual and Sections 12.5 and 22.4 of the Contract) in the event of a determination by ASES that the Contractor has complied with the quality standards and criteria established in this HCIP manual.

13. **Electronic Clinical Data Systems (ECDS):** Data systems that may be eligible for HEDIS ECDS reporting include, but are not limited to, member eligibility files, EHRs, clinical registries, HIEs, administrative claims systems, electronic laboratory reports (ELR), electronic pharmacy systems, immunization information systems (IIS) and disease/case management registries. See NCQA's site for more Information - <https://www.ncqa.org/hedis/the-future-of-hedis/hedis-electronic-clinical-data-system-ecds-reporting>.

Note:

Definition references in this manual are from the Contract and the (National Committee for Quality Assurance (NCQA)).

VI. Evaluation and Point Distribution

Contract Period: January 1, 2023 through September 30, 2025

VI.1 Point Distribution: Updated for Year 3

PROGRAM	TOTAL POINTS
Chronic Conditions Initiative	14
Healthy People Initiative	13
Emergency Room High Utilizers Initiative	1
Total Possible Points	28

VI.2 Chronic Conditions Initiative

The Chronic Conditions Initiative focuses on those enrollees with a chronic condition. Each fiscal year, the quality measures required to be reported for the HCIP will be specified. ASES shall disburse the Contractor the applicable percentage of the Retention Fund in accordance with the Contractor's performance across the scored measures and the point distribution section of this Manual. For the purpose of the HCIP, ASES will consider the Chronic Conditions Initiative Metrics described below for compliance and release to the applicable percent of the retention fund for this program.

CHRONIC CONDITIONS	SCORED MEASURES	POINTS
 	Glycemic Status Assessment for Patients With Diabetes (>9.0%) (GSD) *For the 1st and 2nd period, reporting only, beginning 3rd period, against benchmark	1
	BP Control (<140/90 mm Hg)	1
	Eye exam	1
	Kidney Health Evaluation for Patients With Diabetes	1
	PQI 01: Diabetes Short Term Complications Admission Rate	1

Chronic Obstructive Pulmonary Disease (COPD)	PQI 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate	1
Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder)	Follow up after Hospitalization for Mental Illness: 7 days	1
	Inpatient Admission/1000	1
Total Points for the Chronic Conditions Initiative		14

VI.3 Healthy People Initiative

The Healthy People Initiative focuses on preventive screening for all enrollees. Each fiscal year, the quality measures required to be reported for the HCIP will be specified. ASES shall disburse the Contractor the applicable percentage of the Retention Fund in accordance with the Contractor's performance across the scored measures and the point distribution section of this Manual. For the purpose of the HCIP, ASES will consider the Health People Initiative Metrics described below for compliance and release to the applicable percent of the retention fund for this program.

EFFECTIVENESS OF CARE	SCORED MEASURES	POINTS
Healthy People Initiative		
BCS-E	Breast Cancer Screening	1
CCS-E	Cervical Cancer Screening	1
CBP	Controlling High Blood Pressure	1
COL-E	Colorectal Rectal Screening *For the 1st and 2nd period, reporting only, beginning 3rd period, against benchmark	1
SSD	Diabetes Screening for People with Schizophrenia or Bipolar Disorder who are using Antipsychotic Medications	1
FUH	Follow-Up After Hospitalization for Mental Illness: 30 days	1
HCV	One-Time Screening for Hepatitis C Virus for all Patients *reporting only for Year 3	1

Other Utilization		
W30	- Well-Child Visits First 30 months of Life 0-15 months = 0.5 point 15-30 months = 0.5 point	1
WCV	Child and Adolescent Well-Care Visits	1
Total Points for the Health People Initiative		13

*Notation of changes for the overall point structure.

VI.4 Emergency Room High Utilizers Initiative

The Emergency Room High Utilizers Initiative is designed to identify high users of emergency services for non-emergency situations and to allow for early interventions to ensure appropriate utilization of services and resources. The Contractor must be prepared to report quarterly on the quality measures listed below. Each fiscal year, the quality measures required to be reported for the HCIP will be specified. ASES shall disburse the Contractor the applicable percentage of the Retention Fund in accordance with the Contractor's performance across the scored measures and the point distribution section of this Manual. For the purpose of the HCIP, ASES will consider the Emergency Room High Utilizers Metric described below for compliance and release to the applicable percent of the retention fund for this program.

ER HU INITIATIVE	SCORED MEASURES	POINTS
ER	Overall emergency room utilization rate x 1,000 on identified population with seven or more visits to the emergency room	1

References:			
Contract 12.5 Health Care Improvement Program (HCIP)			
Attachment 19: Health Care Improvement Program (HCIP) Manual			
Health Care Improvement Program Manual , (HCIP, por sus siglas en inglés [Anejo 19, Contrato Plan Vital]) del 1ro de enero de 2023 hasta el 30 de septiembre de 2025 - Enmendado			

PURPOSE:

Puerto Rico Health Insurance Administration (PRHIA), has developed the Health Care Improvement Program (HCIP) to incentivize the Medicaid Managed Care Organizations (MCOs), to provide quality services that are patient-centered and aimed at increasing the use of screening, prevention, and appropriate delivery of care in a timely manner to all Medicaid and Children's Health Insurance Program (CHIP) enrollees in Puerto Rico. Many of the metrics utilize performance measures that are nationally recognized and align with the Centers for Medicare & Medicaid Services (CMS) Adult and Child Core Measure Sets. This approach provides consistency within the quality strategy of the Puerto Rico Medicaid program.

PROCESS:

1. On a monthly basis, ASES establishes a Retention Fund, withholding 2% of the Per Member Per Month (PMPM) Payments (22.4.1) which is coordinated by the ASES Finance Department.

ADMINISTRACION DE
SEGUROS DE SALUD

23 - 000472

P.O. Box 195661, San Juan, P.R. 00919-5661

Contrato Número

2. The MCOs submit Report 22: Health Care Improvement Program quarterly metric results through Enterprise Systems (ES) as per the HCIP Manual directive (22.4.2.1).
 - a. Due dates, including direction for the claims data incurred timeframe, for report submission are outlined in the HCIP Manual.
 - b. The quarterly submission due dates are: April 30, July 30, October 30, and January 30.
3. Clinical Operations (Quality Area) determines if the Contractor has met the applicable performance objectives for each measure for the period within 30 calendar days.
 - a. Development of automated reports for each MCO will provide initial scoring based on the quarterly evaluation criteria. This development will include a Summary Report for each MCO that includes quarter over quarter data based on the evaluation criteria.
4. The Report 22 MCO submissions include self-reported data. The Clinical Operations (Quality Area) downloads the MCO reports to a secure file transfer protocol (FTP) site for data validation by a HEDIS® certified vendor using claims data.
5. A HEDIS® certified vendor provides validation results by the 10th of the following month (May 10, August 10, November 10 and February 10) to the Clinical Operations (Quality Area) with a summary by metrics of findings through the FTP site.
6. The Clinical Operations (Quality Area) prepares the draft certification document for each MCO. The certification document includes the retention period, the measurement period, the reporting requirements, and metric results by points and percentage of payment.
7. The Clinical Operations (Quality Area) signs off on the draft MCO certification document that provides reimbursement direction for each MCO.
8. The Clinical Operations (Quality Area) provides a copy of the draft certification document via the Enterprises Systems (ES), to each MCO with the expectation of MCO review and comment to be provided within ten business days. This time frame includes desired communication/questions regarding the data validation process.
9. The Clinical Operations (Quality Area) reviews MCO comments and provides feedback, as needed.
10. The Clinical Operations (Quality Area) signs off on the MCO final certification documents that provides reimbursement direction for each MCO.
11. Once the MCO certification documents are finalized, further discussion reading the quarterly point distribution will not be available.

12. The Clinical Operations (Quality Area) shares the certification document with the ASES Finance Department via hard copy.

- a. **Note** – Process Improvement: To develop a mechanism to upload the documents to ES for coordination between the Clinical Operations (Quality Area) and the ASES Finance Department.

13. ASES Finance Department disburses the portion of the PMPM payment associated with each initiative for the period within 30 calendar days of determination of compliance with the performance objectives as noted in Step #3 (22.4.2.3).

14. For MCOs that have a Primary Medical Groups (PMGs) Subcapitation Agreement with a withhold to match the Retention Fund of the HCIP, the MCO must fully pay the PMGs within 15 days after ASES reimburses the Retention Fund to the MCO (10.6.1.4).

REFERENCES:

Section 12.5 of the Model Contract and Attachment 19 provides contractual requirements and guidance to the MCOs for the delivery of the HCIP. The following documents are updated on an annual basis and provided to the MCOs:

- Attachment 19: HCIP Manual 2023–2025-updated May 2025
- HCIP Benchmarks
- Year 3 Code Book
- Year 3 ASES Diagnosis Codes

Reviews and Approvals

Update	Section Review	Modification and Reason
05/12/2025	Steps 6,7,8 of the process	Additional language that the certification is considered a draft.
05/12/2025	Step 8 of the process	Additional language clarifying that the time frame for the MCO to review the draft certification document with the quarter HCIP score includes desired communication/questions regarding the data validation process.
05/12/2025	Step 11 of the process	Additional documentation provides clarity that, once the quarterly score is finalized, no further action or discussion regarding the score will take place.
05/12/2025	Steps 6 and 7 of the workflow	Update to workflow reflecting the process changes.

I. Scored Measures

A. Chronic Conditions Initiative Diabetes

Glycemic Status Assessment for Patients With Diabetes (GSD)	
The percentage of members 18–75 years of age with diabetes (types 1 and 2) whose most recent glycemic status (hemoglobin A1c [HbA1c] or glucose management indicator [GMI]) was at the following levels during the measurement year: • Glycemic Status >9.0%	
Technical specifications	Use HEDIS Version 2024 technical specifications Hybrid methodology is not required for HCIP quarterly measures, supplemental data may be used where appropriate.

Blood Pressure Control for Patients With Diabetes (BPD)	
The percentage of members 18–75 years of age with diabetes (types 1 and 2) whose blood pressure (BP) was adequately controlled (<140/90 mm Hg) during the measurement year.	
Technical specifications	Use HEDIS Version 2024 technical specifications Hybrid methodology is not required for HCIP quarterly measures, supplemental data may be used where appropriate.

Eye Exam for Patients with Diabetes (EED)	
The percentage of members 18–75 years of age with diabetes (types 1 and 2) who had a retinal eye exam.	
Technical specifications	Use HEDIS Version 2024 technical specifications Hybrid methodology is not required for HCIP quarterly measures, supplemental data may be used where appropriate.

Kidney Health Evaluation for Patients With Diabetes (KED)	
The percentage of members 18–85 years of age with diabetes (type 1 and type 2) who received a kidney health evaluation, defined by an estimated glomerular filtration rate (eGFR) and a urine albumin-creatinine ratio (uACR), during the measurement year.	
Technical specifications	Use HEDIS (KED) <i>Kidney Health Evaluation for Patients with Diabetes</i> Version 2024 technical specifications. Hybrid methodology is not required for HCIP quarterly measures, supplemental data may be used where appropriate.

PQI 01: Diabetes Short Term Complications Admission Rate	
Admissions for a principal diagnosis of diabetes with short-term complications (ketoacidosis, hyperosmolarity, or coma) per 100,000 target Diabetes Short Term Complications population, ages 18 years and older.	

ADMINISTRACION DB
SEGUROS DE SALUD

23 - 000472

Technical specifications	Use AHRQ PQI 01: <i>Diabetes Short Term Complication Admission Rate</i> Version 2024 technical specifications. Formula: (# of admissions/distinct members) * 100,000
--------------------------	---

Asthma

PQI 15: Asthma in Younger Adults Admission Rate	
Admissions for a principal diagnosis of asthma per 100,000 target Asthma in Younger Adults population, ages 18–39 years.	
Technical specifications	Use AHRQ PQI 15: <i>Asthma in Younger Adults Admission Rate</i> Version 2024 technical specifications. Formula: (# of admissions/distinct members) * 100,000

Asthma ED (Emergency room) Use/1000	
Definition	For members 18 years of age and older, the number of observed emergency department (ED) visits for asthma during the measurement year per 1000 eligible population with asthma. Formula: (# of ED visits/member months) x (1000 members) x (# of months)
Numerator	The number ED visits for people 18 and older during the measurement year with a principal diagnosis (ICD-10-CM) of asthma. Count each visit to an ED once, regardless of the intensity or duration of the visit. *ED visits for a principal diagnosis of selected conditions (see <i>Health Care Improvement Program ASES Diagnosis Codes</i>).
Denominator	All eligible population with Asthma.
Measurement Period	One year ending at the Incurred Service Time Period - End as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual</i> .
Continuous enrollment	N/A
Allowable gap	N/A
Description	Use the following reference: ED Visits from HEDIS Ambulatory Care (Use HEDIS -- Version 2023 technical specifications). For Asthma, use ICD10 codes from the <i>Health Care Improvement Program ASES Diagnosis Codes</i> .
Exclusions	N/A

PHQ-9 for Asthma	
Definition	The PHQ-9 is a multipurpose instrument for screening, diagnosing, monitoring, and measuring the severity of depression.
Numerator	Patients in the denominator who were screened with a PHQ-9 test during the measurement period.
Denominator	All eligible population over 12 years of age with the condition.
Measurement Period	One year ending at the Incurred Service Time Period - End as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual</i> .
Continuous enrollment	N/A
Allowable gap	N/A
Description	CPT: 96127 Brief emotional/behavioral assessment G8431: Screening for depression is documented as being positive and a follow-up plan is documented Short Description: Pos clin depres scrn f/u doc G8510: Screening for depression is documented as negative, a follow-up plan is not required; Short description: Scr dep neg, no plan reqd Other: Supplementary Data (test performed by case managers among others)
Exclusions	N/A

Severe Heart Failure

PQI 08: Heart Failure Admission Rate	
Admissions with a principal diagnosis of heart failure per 100,000 target Heart Failure population, ages 18 years and older.	
Technical specifications	Use AHRQ PQI 08: <i>Heart Failure Admission Rate</i> Version 2024 technical specifications. Formula: (# of admissions/distinct members) * 100,000

PHQ-9 for Severe Heart Failure	
Definition	The PHQ-9 is a multipurpose instrument for screening, diagnosing, monitoring, and measuring the severity of depression.
Numerator	Patients in the denominator who were screened with a PHQ-9 test during the measurement period.
Denominator	All eligible population over 12 years of age with severe heart failure.
Measurement Period	One year ending at the Incurred Service Time Period – End as defined in Section II of the <i>Attachment 19 Health Care</i>

PHQ-9 for Severe Heart Failure	
	<i>Improvement Program Manual.</i>
Continuous enrollment	N/A
Allowable gap	N/A
Description	CPT: 96127 Brief emotional/behavioral assessment G8431: Screening for depression is documented as being positive and a follow-up plan is documented Short Description: <i>Pos clin depres scrn f/u doc</i> G8510: Screening for depression is documented as negative, a follow-up plan is not required; Short description: <i>Scr dep neg, no plan reqd</i> Other: Supplementary Data (test performed by case managers among others) Use the following reference: Use ICD-10 codes for Severe Heart Failure as identified within the Health Care Improvement Program ASES Diagnosis Codes.
Exclusions	N/A

Hypertension

Hypertension ED (Emergency room) Use/1000	
Definition	For members 18 years of age and older, the number of observed emergency department (ED) visits for hypertension during the measurement year per 1000 eligible population with hypertension. Formula: (# of ED visits/member months) x (1000 members) x (# of months)
Numerator	The number ED visits for people 18 and older during the measurement year with a principal diagnosis (ICD-10-CM) of hypertension. Count each visit to an ED once, regardless of the intensity or duration of the visit. *ED visits for a principal diagnosis of Hypertension as identified within the Health Care Improvement Program ASES Diagnosis Codes.
Denominator	All eligible population with the condition.
Measurement Period	One year ending at the month as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual.</i>
Continuous enrollment	N/A
Allowable gap	N/A
ADMINISTRACION DE SEGUROS DE SALUD	

Description	Use the following reference: ED Visits from HEDIS Ambulatory Care (Use HEDIS -- Version 2023 technical specifications). For Hypertension, use ICD-10 codes as identified within the Health Care Improvement Program ASES Diagnosis Codes.
Exclusions	N/A

Chronic Obstructive Pulmonary Disease (COPD)

PQJ 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate	
Admissions with a principal diagnosis of chronic obstructive pulmonary disease (COPD) or asthma per target COPD or Asthma in Older Adults 100,000 population, ages 40 years and older.	
Technical specifications	Use AHRQ <i>Chronic Obstructive Pulmonary Disease (COPD) or Asthma in Older Adults Admission Rate</i> Version 2024 technical specifications Formula: (# of admissions/distinct members) * 100,000

Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder)

Follow up after Hospitalization for Mental Illness: 7 days (FUH)	
The percentage of discharges for members 6 years of age and older who were hospitalized for treatment of Chronic Depression/Mania/Bipolar Disorder as identified within the Health Care Improvement Program ASES Diagnosis Codes and who had a follow-up visit with a mental health practitioner.	
The percentage of discharges for which the member received follow-up within 7 days of discharge.	
Technical specifications	Use HEDIS <i>Follow-Up After Hospitalization for Mental Illness</i> Version 2024 technical specifications.

Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder) Admissions/1000	
Definition	For members 18 years of age and older, the number of admissions for Chronic Depression/Mania/Bipolar Disorder as identified within the Health Care Improvement Program ASES Diagnosis Codes during the measurement year per 1000 eligible population with a principal diagnosis (ICD-10-CM) of chronic depression/Mania/Bipolar Disorder. Formula: (# of admissions/member months) x (1000 members) x (# of months)
Numerator	The number admissions for people 18 and older during the measurement year with a principal diagnosis (ICD-10-CM) of Chronic Depression/Mania/Bipolar Disorder as identified within the Health Care Improvement Program ASES Diagnosis Codes.
Denominator	All eligible population with the condition.
Measurement Period	One year ending at the Incurred Service Time Period - End as defined in Section II of the Attachment 19 Health Care Improvement Program Manual. ADMINISTRACION DB SEGUROS DE SALUD

Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder) Admissions/1000	
Continuous enrollment	N/A
Allowable gap	N/A
Description	Use the following reference: <i>For admissions, use Appendix A- Rev Codes from the Health Care Improvement Program ASES Diagnosis Codes</i> <i>For Management of Select Mental Health Conditions: Chronic Depression/Mania/Bipolar Disorder, use ICD-10 codes from the Health Care Improvement Program ASES Diagnosis Codes</i>
Exclusions	N/A

B. Healthy People Initiative

Breast Cancer Screening (BCS-E)	
The percentage of members 50–74 years of age who were recommended for routine breast cancer screening and had a mammogram to screen for breast cancer.	
Technical specifications	Use HEDIS (BCS-E) Breast Cancer Screening Version 2024 technical specifications. <i>Data systems that may be eligible for HEDIS ECDS reporting include, but are not limited to, member eligibility files, EHRs, clinical registries, HIEs, administrative claims systems, electronic laboratory reports (ELR), electronic pharmacy systems, immunization information systems (IIS) and disease/case management registries. See NCQA's site for more Information - https://www.ncqa.org/hedis/the-future-of-hedis/hedis-electronic-clinical-data-system-ecds-reporting.</i>

Colorectal Cancer Screening (COL-E)	
The percentage of members 45–75 years of age who had appropriate screening for colorectal cancer.	
Technical specifications	Use HEDIS (COL-E) Colorectal Cancer Screening Version 2024 technical specifications. <i>Data systems that may be eligible for HEDIS ECDS reporting include, but are not limited to, member eligibility files, EHRs, clinical registries, HIEs, administrative claims systems, electronic laboratory reports (ELR), electronic pharmacy systems, immunization information systems (IIS) and disease/case management registries. See NCQA's site for more Information - https://www.ncqa.org/hedis/the-future-of-hedis/hedis-electronic-clinical-data-system-ecds-reporting.</i>

Cervical Cancer Screening (CCS-E)	
The percentage of members 21–64 years of age who were recommended for routine cervical cancer	

Cervical Cancer Screening (CCS-E) screening who were screened for cervical cancer using any of the following criteria: - Members 21–64 years of age who were recommended for routine cervical cancer screening and had cervical cytology performed within the last 3 years. - Members 30–64 years of age who were recommended for routine cervical cancer screening and had cervical high-risk human papillomavirus (hrHPV) testing performed within the last 5 years. - Members 30–64 years of age who were recommended for routine cervical cancer screening and had cervical cytology/high-risk human papillomavirus (hrHPV) cotesting within the last 5 years.	
Technical specifications	Use HEDIS (CCS-E) Cervical Cancer Screening Version 2024 technical specifications. <i>Data systems that may be eligible for HEDIS ECDS reporting include, but are not limited to, member eligibility files, EHRs, clinical registries, HIEs, administrative claims systems, electronic laboratory reports (ELR), electronic pharmacy systems, immunization information systems (IIS) and disease/case management registries. See NCQA's site for more information - https://www.ncqa.org/hedis/the-future-of-hedis/hedis-electronic-clinical-data-system-ecds-reporting.</i>

Controlling High Blood Pressure (CBP) The percentage of members 18–85 years of age who had a diagnosis of hypertension (HTN) and whose blood pressure (BP) was adequately controlled (<140/90 mm Hg) during the measurement year.	
Technical specifications	Use HEDIS (CBP) Controlling High Blood Pressure Version 2024 technical specifications. Hybrid methodology is not required for HCIP quarterly measures, the MCOs may use supplemental data where appropriate.

Diabetes Screening for People With Schizophrenia or Bipolar Disorder Who are Using Antipsychotic Medications (SSD) The percentage of members 18–64 years of age with schizophrenia, schizoaffective disorder, or bipolar disorder, who were dispensed an antipsychotic medication and had a diabetes screening test during the measurement year.	
Technical specifications	Use HEDIS (SSD) Diabetes Screening for People With Schizophrenia or Bipolar Disorder Who Are Using Antipsychotic Medications Version 2024 technical specifications.

Follow up after Hospitalization for Mental Illness: 30 days (FUH) The percentage of discharges for members 6 years of age and older who were hospitalized for treatment of selected mental illness diagnoses or intentional self-harm diagnoses and who had a follow-up visit with a mental health practitioner.	
ADVISOR SEGUROS DE SALUD	

23 - 000472

Contrato Número

The percentage of discharges for which the member received follow-up within 30 days of discharge.	
Technical specifications	Use HEDIS (FUH) Follow up after Hospitalization for Mental Illness Version 2024 technical specifications.

Adults' Access to Preventive/Ambulatory Health Services (AAP)	
The percentage of members 20 years and older who had an ambulatory or preventive care visit.	
Technical specifications	Use HEDIS (AAP) Adults' Access to Preventive/Ambulatory Health Services Version 2024 technical specifications.

Oral Evaluation, Dental Services (OEV)	
Percentage of enrolled children under age 21 who received a comprehensive or periodic oral evaluation within the reporting year.	
Technical specifications	Use DQA Measure Technical Specifications: Administrative Claims-Based Measures.

Prenatal And Postpartum Care (PPC)	
Assesses access to prenatal and postpartum care: - Timeliness of Prenatal Care. The percentage of deliveries in which women had a prenatal care visit in the first trimester, on or before the enrollment start date or within 42 days of enrollment in the organization. - Postpartum Care. The percentage of deliveries in which women had a postpartum visit on or between 7 and 84 days after delivery.	
Technical specifications	Use HEDIS (PPC) Prenatal And Postpartum Care Version 2024 technical specifications.

Well-Child Visits First 30 months of Life (W30)	
The percentage of members who had the following number of well-child visits with a PCP during the last 15 months. The following rates are reported: - Well-Child Visits in the First 15 Months. Children who turned 15 months old during the measurement year: Six or more well-child visits. - Well-Child Visits for Age 15 Months– 30 Months. Children who turned 30 months old during the measurement year: Two or more well-child visits.	
Technical specifications	Use HEDIS (W30) Well-Child Visits in the First 30 Months of Life Version 2024 technical specifications: 0-15 months 15-30 months

Child and Adolescent Well-Care Visits (WCV)	
The percentage of members 3–21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.	

Technical specifications	Use HEDIS (WCV) Child and Adolescent Well-Care Visits Version 2024 technical specifications.
--------------------------	--

One-Time Screening for Hepatitis C Virus for all Patients (HCV)	
Definition	Percentage of patients age $\geq$ 18 years who received one-time screening for hepatitis C virus (HCV) infection.
Numerator	Patients in the Denominator who were screened for hepatitis C virus (HCV) during the measurement period.
Denominator	All patients aged $\geq$ 18 years who were seen twice for any visits OR who have at least one preventive visit during the performance period. Exclude patients who were diagnosed with Chronic Hepatitis during the performance period or who had a documented medical reason for not receiving a HCV screening.
Measurement Period	One year ending at the Incurred Service Time Period - End as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual</i> .
Continuous enrollment	N/A
Allowable gap	N/A
Description	Codes used in the Numerator are as follows: Hepatitis screening (CPT or HCPCS): 86803, 86804, G0472 Codes used in the Denominator are as follows: Patient visit codes (CPT): 99202, 99203, 99204, 99205, 99212, 99213, 99214, 99215, 99242*, 99243*, 99244*, 99245*, 99304, 99305, 99306, 99307, 99308, 99309, 99310, 99341, 99342, 99344, 99345, 99347, 99348, 99349, 99350 OR Preventive visit codes (CPT or HCPCS): 99385*, 99386*, 99387*, 99395*, 99396*, 99397*, G0438, G0439
Denominator Exclusions	There are two exclusions for the denominator for this measure: Exclusion 1 - Diagnosis for Chronic Hepatitis C during the performance period (ICD-10-CM): B18.2 OR Exclusion 2 - Documentation of medical reason(s) for not receiving HCV antibody test due to limited life expectancy during the performance period (HCPCS): G9452.

C. Emergency Room High Utilizers Initiative

Emergency Room High Utilizers Initiative	
Definition	Overall emergency room utilization rate x 1,000 on identified population with 7 or more visits to the emergency room.
Numerator	Total Number of ER Visits incurred by members with 7 or more ER Visits.
Denominator	Total members with 7 or more ER Visits.
Continuous enrollment	N/A
Allowable gap	N/A
Description	CPT: 99281-99285, 99288 Place of service code: 23
Exclusions	Use HEDIS -- Version 2024 technical specifications: The measure does not include mental health or chemical dependency services. Exclude visits for mental health or chemical dependency. Any of the following meet criteria: • A principal diagnosis of mental health or chemical dependency (Mental and Behavioral Disorders Value Set). • Psychiatry (Psychiatry Value Set). • Electroconvulsive therapy (Electroconvulsive Therapy Value Set).
