MANDATED AND UNIFORM PROTOCOL FOR CONDITIONS INCLUDED IN SPECIAL COVERAGE

Mandated and Uniform Protocol for Conditions Included in Special Coverage

Initiation:

Any primary or specialist physician who have evaluated a patient may submit a request for Register subject to having available all required documentation for said condition. The insurer shall make a determination of approval or denial of registration and inform this decision in writing to the insured and the physician requesting the registration. If the physician requesting the registry is not the primary physician of the insured, the insurer shall send a copy of the determination to the primary care physician. The insurance company will make a final determination on the application for special coverage in a 72-hour period, after receiving the complete documentation as required by this Protocol for each condition.

Once a Provider supplies all the required information for the Contractor to process a registration and the Contractor processes such information, Special Coverage shall take effect retroactively as of the date the Provider reaches a diagnosis, including documentation of test results, for any condition included in Special Coverage. In case information is submitted to the Contractor after the diagnosis was reached, coverage can be made retroactive up to sixty (60) Calendar Days before the date on which Provider submitted the registration request. (Contract Section 7.7.5)

Reactivation: Any insured who have lost eligibility for PSG for over one year period, will be required a new certification by the primary care physician that evidence current treatment plan to be reactivated in the special coverage. Any insured that loses its eligibility for a period less than 12 months, will be register without documents or additional certifications, unless there is any other limit for the specific condition.

Risk allocation*: the distribution of the special coverage between insurer and primary medical groups risk is defined in the following table. The same may be modify at the request of the insurance company subject to prior review and approval by ASES.

Notes:

1. Covered medications are those included in the pharmacy benefit and ASES drug formulary (FMC).
2. The codes or diagnoses by themselves do not grant inclusion into a temporary special condition list. They must be in compliance with the criteria for inclusion as specified in the column named: Criteria for inclusion in the coverage
