

Carta Normativa 26-0330-A

21 de abril de 2026

Para: Aseguradoras (MCOs, por sus siglas en inglés) contratadas para ofrecer servicios bajo el Plan Vital del Gobierno: First Medical, Inc., MMM, Triple S & Plan de Salud de Menonita

Asunto: Actualizaciones de los Anejos del Health Care Improvement Program Manual (HCIP), para el Año 4 del (Anejo 19 del contrato del Plan Vital)

Por este medio, la Administración de Seguros de Salud (ASES) emite la presente **Carta Normativa 26-0330-A** con el propósito de enmendar la comunicación previamente circulada, en virtud de actualizaciones realizadas a los anejos correspondientes al Health Care Improvement Program (HCIP). Se les notifica las actualizaciones correspondientes al **Año 4**, conforme a lo establecido en el Anejo 19 del contrato del Plan Vital.

Las revisiones incorporadas se detallan a continuación:

1. **Year 4 Attachment 19 - Health Care Improvement Program Manual 2025-2026:**

Se enmendó un párrafo en la página 10 para hacer referencia a 7 medidas en lugar de ocho (8), según se cita a continuación:

“ASES will consider supplemental data (both standard and non-standard) that is not included in administrative claims data submitted by the Contractor to ASES in the following way. For the 7 measures in the *Code Book Health Care Improvement Program* that stipulate that supplemental data may be used, if the Contractor can provide evidence of supplemental data, ASES will use the Contractor’s rate for scoring points for disbursement. Evidence shall be provided as a list of measure name and member ID for each member included in the calculation of the rate using only supplemental data. Supplemental evidence data shall be submitted directly to ASES through secure methods on the same date that the Contractor submits their measures through the ASES FTP site.”

2. **Year 4 HCIP Benchmarks_Contract Years 2025_2026:**

Se actualizaron los “*Benchmarks*” y se eliminó la nota al calce detallada a continuación:

“**Please note, the benchmarks shown in this document will be updated on or around April 15, 2025.*”

El periodo del Año 4 comprende desde el **1 de enero de 2025 hasta el 30 de septiembre de 2026**. Estas actualizaciones responden a la revisión de métricas, alineación con estándares vigentes y mejoras en los procesos de monitoreo y cumplimiento del Programa de Calidad.

Como parte de estas actualizaciones, ASES ha determinado lo siguiente:

Prórroga para la entrega de HCIP Y4P1:

El término de sometimiento originalmente establecido era para el **30 de abril de 2026**, y se extendió hasta el **30 de mayo de 2026**. Esta prórroga aplica exclusivamente a este periodo. Los periodos subsiguientes deberán cumplirse conforme a las fechas establecidas en el Manual del HCIP.

ASES estará compartiendo los siguientes documentos actualizados correspondientes para el Año 4:

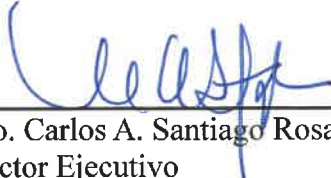

- *Year 4 Attachment 19 Health Care Improvement Program Manual (4-13-2026)*
- *Year 4 HCIP Code Book (4-13-2026)*
- *Year 4 HCIP Benchmark (4-13-2026)*
- *Year 4 HCIP Diagnosis Codes (4-13-2026)*
- *Reporte 22 HCIP Template (4-13-2026)*
- *Template Members ID Report 22 HCIP (4-13-2026)*

Se requiere que todas las organizaciones contratadas revisen e integren estas actualizaciones en sus procesos operacionales, reportes y estrategias de mejoramiento de calidad, en cumplimiento con los requisitos establecidos.

Agradecemos su compromiso con el Programa de Calidad del Plan Vital y su colaboración continua para garantizar servicios de salud de excelencia a la población asegurada.

Con la aprobación de la presente Carta Normativa 26-0330-A, se deroga la Carta Normativa 26-0330.

Cordialmente,

Lcdo. Carlos A. Santiago Rosario, JD, LL.M. (Health Law), MHSA, FACHE, CHC
Director Ejecutivo

VI.3 Healthy People Initiative	16
VI.4 Emergency Room High Utilizers Initiative	17

I. INTRODUCTION

The Puerto Rico Health Insurance Administration (PRHIA), focus is on providing quality services that are patient-centered and aimed at increasing the use of screening, prevention, and appropriate delivery of care in a timely manner to all Medicaid and Children's Health Insurance Program (CHIP) Enrollees in Puerto Rico. The Health Care Improvement Program (HCIP) is one of the tools developed by ASES to reach this goal for the Medicaid and Children's Health Insurance Program (CHIP) population.

The purpose of this manual is to provide the necessary guidelines for attaining the required performance indicators for each of the categories measured under the HCIP as specified and subject to revision by ASES in this Manual and incorporated in Section 12.5 of the Government Health Plan (GHP) Contract executed between the Contractor and ASES. As the HCIP guidelines and/or performance benchmarks are updated, ASES will share these changes with Contractors and update this manual.

ASES shall maintain a retention fund created by withheld amounts of the per member per month (PMPM) payment each month as part of the HCIP described in Section 22.4 of the Contract. The retained PMPM amount shall be associated with the HCIP initiatives outlined below:

1. Chronic Conditions Initiative
2. Healthy People Initiative
3. Emergency Room High Utilizers Initiative

ASES prepares and shares a draft certification document with the Contractor. The draft certification document includes the retention period, the measurement period, the reporting requirements, and metric results by points and percentage of payment. The contractor shall review and provide comments within ten (10) business days. ASES shall review comments and provide a final certification document that accompanies the disbursement.

ASES will disburse the retention fund to the Contractor according to compliance with each of the categories of performance indicators for each of the three (3) HCIP Initiatives specified in this Manual. The Clinical Operation Area will audit the results of the data in the timeframes stated in Section 22.4.2.2 of the Contract for the performance indicators in the above-named initiatives. This Manual describes, in detail, the requirements and the specific metrics for each initiative of the HCIP for the Contract period January 1, 2023 through September 30, 2026. The HCIP will be updated annually as GHP benchmarks are set and measures or metrics are revised accordingly.

II. REPORTING TIMEFRAMES

The Contractor will submit a report for each quality initiative on a quarterly basis as established in the following table. The Contractor is to submit quarterly results via XML, along with Report 22 (Excel version), in ASES FTP site, as directed within the Plan Vital Reporting Guide.

For all measures, the Contractor shall use up to 3 months of paid claims past the Service Time Period End Date. If the Contractor meets their raw claims, provider, capitation, network, and Independence Practice Association (IPA) data submission requirements for timeliness and accuracy, ASES will use all submitted data, with up to 3 months of paid claims in their calculation of measures included in this program.

Period	Claims Data: Incurred Service Time Period - Start	Claims Data: Incurred Service Time Period - End	Submission Due Date to ASES
Year 1			
P1	January 1, 2022	December 31, 2022	April 30, 2023

P4	October 1, 2025	September 30, 2026	January 30, 2027

** A one-time extension for the Y4P1 report submission is granted, with the deadline extended to May 30, 2026. This extension applies exclusively to this reporting period; all subsequent reports must adhere to the original reporting schedule.*

III. EVALUATION & POINT DISTRIBUTION

The HCIP is divided into three categories:

1. Chronic Conditions Initiative
2. Healthy People Initiative
3. Emergency Room High Utilizers Initiative

There is a list of conditions, indicators and performance measures listed for the HCIP in Sections: VI.2, VI.3, and VI.4. These indicators and performance measures have been chosen by ASES for quarterly basis reporting and evaluation purposes for the HCIP. The MCOs will be notified of any changes to the selected indicators, the definition of improvement for each metric, and the corresponding point distribution for each fiscal year before the fiscal year begins.

Period	Claims Data: Incurred Service Time Period	Evaluation criteria
Year 1	Contractor GHP Benchmark: Report Submission and Improvement.	
P1	1/1/2022 – 12/31/2022	Report submission/Baseline
P2	4/1/2022 – 3/31/2023	Report Submission
P3	7/1/2022 – 6/30/2023	Any Improvement Over P2 or Complying with the HCIP Benchmarks
P4	10/1/2022 – 9/30/2023	Any Improvement Over P3 or Complying with the HCIP Benchmarks
Year 2	Contractor GHP Benchmark: Improvement and Benchmarks to be provided by ASES	
P1	1/1/2023 – 12/31/2023	Any Improvement Over P4 or Complying with the HCIP Benchmarks
P2	4/1/2023 – 3/31/2024	Complying with the HCIP Benchmarks
P3	7/1/2023 – 6/30/2024	Complying with the HCIP Benchmarks
P4	10/1/2023 – 9/30/2024	Complying with the HCIP Benchmarks

Period	Claims Data: Incurred Service Time Period	
Year 3	Contractor GHP Benchmark: To be provided by ASES	
P1	1/1/2024 – 12/31/2024	Complying with the HCIP Benchmarks
P2	4/1/2024 – 3/31/2025	Complying with the HCIP Benchmarks
P3	7/1/2024 – 6/30/2025	Complying with the HCIP Benchmarks
P4	10/1/2024 – 9/30/2025	Complying with the HCIP Benchmarks
Year 4*	Contractor GHP Benchmark: To be provided by ASES	
P1	1/1/2025 – 12/31/2025	Any Improvement Over P4 or Complying with the HCIP Benchmarks
P2	4/1/2025 – 3/31/2026	Complying with the HCIP Benchmarks
P3	7/1/2025 – 6/30/2026	Complying with the HCIP Benchmarks
P4	10/1/2025 – 9/30/2026	Complying with the HCIP Benchmarks

*Year 4 requirements noted below

Year 1

For Year 1, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor in P1 and P2, and then quarter over quarter improvement or complying with the benchmark in P3 and P4. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted for P1 and P2.

- 1 point = Per scored measure reported on time with valid data
- 0 points = Per scored measure not submitted on time and without valid data

For P3 and P4

- 1 point = Per scored measure reported on time with valid data and showing improvement from the previous quarter reporting period or showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter reporting period or for complying with the benchmark

Year 2

For Year 2, P1, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor with any quarter reporting period over quarter reporting period improvement for each measure or for complying with the benchmark. For each scored measure (refer to Sections VI.2, VI.3, and

VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure reported on time with valid data and showing improvement from the previous quarter or showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

For Year 2, P2 and all additional quarterly periods, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor for complying with the benchmark. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

Year 3

For Year 3, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor and for complying with the benchmark. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or not compliant with the benchmark.

Modifications to the Performance Measures included for Year 3 of the HCIP are as follows:

- Removal of the Chronic Conditions Initiative, Diabetes measure - Hemoglobin A1c (HbA1c) testing.
- Removal of the Chronic Conditions Initiative, Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder) measure - Follow up after Hospitalization for Mental Illness: 30 days.
- Change Hemoglobin A1c (HbA1c) poor control (>9.0%) to Glycemic Status Assessment for Patients With Diabetes (GSD) (>9.0%)

- Addition of Colorectal Cancer Screening (COL-E) to the Healthy People Initiative.
- Addition of One Time Screening for Hepatitis C Virus to the Healthy People Initiative.

Exceptions for Year 3 Scoring are as follows:

Glycemic Status Assessment for Patients With Diabetes (GSD) (>9.0%) has been added to replace Hemoglobin A1c (HbA1c) poor control (>9.0%). As there are some methodology changes within the updated measure, Y3P1 and Y3P2, will be scored based on reporting only, meaning that the MCO will be assigned a point for timely and accurate report submission. The MCO will receive the following point structure when a complete report and attestation is submitted:

- 1 point = Per scored measure reported on time with valid data
- 0 points = Per scored measure not submitted on time and without valid data

Y3P3 and Y3P4 will be scored based on timely and accurate report submissions from the Contractor for complying with the benchmark. The MCO will receive the following point structure when a complete report and attestation is submitted:

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

Colorectal Cancer Screening (COL-E) is a newly added measure for Year 3. This measure is included in the Adult Core Measure set, however, has not been part of the HCIP measures. As this is a new addition to the HCIP program, Y3P1 and Y3P2, will be scored based on reporting only, meaning that the MCO will be assigned a point for timely and accurate report submission. The MCO will receive the following point structure when a complete report and attestation is submitted:

- 1 point = Per scored measure reported on time with valid data
- 0 points = Per scored measure not submitted on time and without valid data

Y3P3 and Y3P4 will be scored based on timely and accurate report submissions from the Contractor for complying with the benchmark. The MCO will receive the following point structure when a complete report and attestation is submitted:

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark

- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

One Time Screening for Hepatitis C Virus is a newly added measure for Year 3. This measure uses the measure steward CMS, Merit-based Incentive Payment System (MIPS) along with the use of ASES specific coding. As this is a new addition to the HCIP program, and is a new measure steward, Year 3 will be scored for reporting only, meaning that the MCO will be assigned a point for timely and accurate report submission.

- 1 point = Per scored measure reported on time with valid data
- 0 points = Per scored measure not submitted on time and without valid data.

ASES will provide the MCOs with specific benchmarks to be used to evaluate PMPM disbursement from the retention fund for each measure. For each scored measure (refer to Section VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure complying with the ASES designated benchmark
- 0 points = Per scored measure not submitted on time and /or not meeting the designated benchmark.

Year 4

For Year 4, P1, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor with any quarter reporting period over quarter reporting period improvement for each measure or for complying with the benchmark. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure reported on time with valid data and showing improvement from the previous quarter or showing compliance with the benchmark
- 0 points = Per scored measure not submitted on time and without valid data or no improvement from the previous quarter

For Year 4, P2 and all additional quarterly periods, ASES will evaluate PMPM disbursement from the retention fund based on timely and accurate report submissions from the Contractor for complying with the benchmark. For each scored measure (refer to Sections VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure reported on time with valid data and showing compliance with the benchmark

- 0 points = Per scored measure not submitted on time and /or not meeting the designated benchmark.

Modifications to the Performance Measures included for Year 4 of the HCIP are as follows:

- Updated technical specifications version to 2025.
- Updated benchmarks applied to 2025.

ASES will provide the MCOs with specific benchmarks to be used to evaluate PMPM disbursement from the retention fund for each measure. For each scored measure (refer to Section VI.2, VI.3, and VI.4 in this manual), the MCO will receive the following point structure when a complete report and attestation is submitted.

- 1 point = Per scored measure complying with the ASES designated benchmark
- 0 points = Per scored measure not submitted on time and /or not meeting the designated benchmark.

ASES will consider supplemental data (both standard and non-standard) that is not included in administrative claims data submitted by the Contractor to ASES in the following way. For the 7 measures in the *Code Book Health Care Improvement Program* that stipulate that supplemental data may be used, if the Contractor can provide evidence of supplemental data, ASES will use the Contractor's rate for scoring points for disbursement. Evidence shall be provided as a list of measure name and member ID for each member included in the calculation of the rate using only supplemental data. Supplemental evidence data shall be submitted directly to ASES through secure methods on the same date that the Contractor submits their measures through the ASES FTP site.

For example, if a Contractor included supplemental data for a PHQ-9 measure and they provided a supplemental file with all member IDs that were found for that PHQ-9 measure, ASES would consider the Contractor's submitted rate for point scoring over ASES' own calculated rate that is based only on administrative (claims) data.

IV. RETENTION FUND & COMPLIANCE PERCENTAGE

ASES will withhold 2% (two percent) of the monthly PMPM payment otherwise payable to the Contractor to validate that the Contractor has met the specified performance targets of the HCIP. The retention fund, comprised of the withheld amounts, will be disbursed to the Contractor based on the determination made by ASES in accordance with the compliance of the Contractor with the improvement standards and criteria established by ASES in accordance with the HCIP manual.

TIME PERIOD (INCURRED SERVICE FROM CONTRACT TERM)	MONTHLY RETENTION FUND PERCENTAGE
Fiscal Year Quarters Defined in Section II – Reporting Timeframes	2%
HCIP INITIATIVE	
Chronic Conditions Initiative	
Healthy People Initiative	
Emergency Room High Utilizers Initiative	

The retention fund is associated with the HCIP initiatives outlined below for each of the specified timeframes, as per Section 22.4 of the Contract. No later than thirty (30) calendar days after the deadline of the receipt of the Contractor’s quarterly submission, ASES shall determine if the Contractor has met the applicable performance objectives for each metric within the initiatives for that period. The evaluation result will determine the number of points each Contractor received and percent to be disbursed to the Contractor. The total number of points achieved by the Contractor will be divided by the total number of points available for the measurement period. This percent rounded to the nearest whole percent equals the total percentage of withhold recoupment for the Contractor (see the following table).

NUMBER OF POINTS ACHIEVED	COMPLIANCE PERCENTAGE AVAILABLE	PERCENTAGE OF POINTS ACHIEVED	DISBURSEMENT PERCENTAGE OF MONTHLY PMPM
26 to 28	28	93.00% and over	100%
25	28	89.2%	89%
24	28	85.7%	86%
23	28	82.14%	82%
22	28	78.57%	79%
21	28	75.00%	75%
20	28	71.43%	71%
19	28	67.85%	68%
18	28	64.28%	64%
17	28	60.71%	61%
16	28	57.14%	57%
15	28	53.57%	54%

NUMBER OF POINTS ACHIEVED	COMPLIANCE PERCENTAGE AVAILABLE	PERCENTAGE OF POINTS ACHIEVED	DISBURSEMENT PERCENTAGE OF MONTHLY PMPM
14	28	50.00%	50%
13	28	46.42%	46%
12	28	42.85%	43%
11	28	39.28%	39%
10	28	35.71%	36%
9	28	32.14%	32%
8	28	28.57%	29%
7	28	25.00%	25%
6	28	21.42%	21%
5	28	17.85%	18%
4	28	14.28%	14%
3	28	10.71%	11%
2	28	7.14%	7%
1	28	3.57%	4%
0	28	0%	0%

V. DEFINITIONS

The following definitions apply to measures of the HCIP Manual:

1. **Active Enrollee:** GHP Enrollee with **continuous** enrollment during the HCIP measurement quarter.
2. **Baseline:** The baseline measurement is the first measurement of a metric during the initial submission of the HCIP metrics.
3. **HCIP Benchmark:** The HCIP benchmarks were built from averages across all plans on the island.
4. **Continuous Enrollment:** Membership enrollment from the start of a designated period through the end of the designated period without interruption or as defined in the specifications for a measure.
5. **Health Care Improvement Program (HCIP):** Approach developed to improve the quality of services provided to enrollees. The HCIP consists of three (3) initiatives: Chronic Condition Initiative, Healthy People Initiative and Emergency Room High Utilizers Initiative. As part of the HCIP, a Retention Fund shall be maintained by ASES from the monthly PMPM payment to incent the Contractor to meet performance indicators and targets under HCIP specified in the HCIP Manual. The Retention Fund shall be disbursed on a quarterly basis to the Contractor when a determination is made by ASES that the Contractor has complied with the quality standards and criteria established by ASES in accordance with the HCIP Manual and the Contract.
6. **Incurred date:** The date on which the service was provided.
7. **Intervention:** Activities targeted at the achievement of client stability, wellness and autonomy through advocacy, assessment, planning, communication, education, resource management, care coordination, collaboration and service facilitation.
8. **Performance measures:** Periodic measurement of outcomes and results used to assess the effectiveness and efficiency of quality or improvement initiatives on selected indicators.
9. **Per member per month (PMPM) payment:** The fixed monthly amount that the Contractor is paid by ASES for each enrollee to ensure that benefits under the Contract are provided. This payment is made regardless of whether the enrollee receives benefits during the period covered by the payment.

- 
10. **Preventive services:** Health care services provided by a physician or other provider within the scope of his or her practice under Puerto Rico law to detect or prevent disease, disability, behavioral health conditions or other health conditions; and to promote physical and behavioral health and efficiency.
 11. **Primary care physician (PCP):** A licensed medical doctor (MD) who is a provider and who, within the scope of practice and in accordance with Puerto Rico certification and licensure requirements, is responsible for providing all required primary care to enrollees. The PCP is responsible for determining services required by enrollees, provides continuity of care and provides referrals for enrollees when medically necessary. A PCP may be a general practitioner, family physician, internal medicine physician, obstetrician/gynecologist, or pediatrician.
 12. **Retention fund:** The amount withheld by ASES of the monthly PMPM payment otherwise payable to the Contractor to incentivize the Contractor to meet performance targets under the HCIP described in this manual. This amount shall be equal to the percent of that portion of the total PMPM payment that is determined to be attributable to the Contractor's administration of the HCIP described in this Manual and Sections 12.5 and 22.4 of the Contract. Amounts withheld will be disbursed to the Contractor in whole or in part (as set forth in the HCIP manual and Sections 12.5 and 22.4 of the Contract) in the event of a determination by ASES that the Contractor has complied with the quality standards and criteria established in this HCIP manual.
 13. **Electronic Clinical Data Systems (ECDS):** Data systems that may be eligible for HEDIS ECDS reporting include, but are not limited to, member eligibility files, EHRs, clinical registries, HIEs, administrative claims systems, electronic laboratory reports (ELR), electronic pharmacy systems, immunization information systems (IIS) and disease/case management registries. See NCQA's site for more Information - <https://www.ncqa.org/hedis/the-future-of-hedis/hedis-electronic-clinical-data-system-ecds-reporting>.

Note:

Definition references in this manual are from the Contract and the (National Committee for Quality Assurance (NCQA)).

VI. Evaluation and Point Distribution

Contract Period: January 1, 2023 through September 30, 2026

VI.1 Point Distribution

PROGRAM	TOTAL POINTS
Chronic Conditions Initiative	14
Healthy People Initiative	13
Emergency Room High Utilizers Initiative	1
Total Possible Points	28

VI.2 Chronic Conditions Initiative

The Chronic Conditions Initiative focuses on those enrollees with a chronic condition. Each fiscal year, the quality measures required to be reported for the HCIP will be specified. ASES shall disburse the Contractor the applicable percentage of the Retention Fund in accordance with the Contractor's performance across the scored measures and the point distribution section of this Manual. For the purpose of the HCIP, ASES will consider the Chronic Conditions Initiative Metrics described below for compliance and release to the applicable percent of the retention fund for this program.

CHRONIC CONDITIONS	SCORED MEASURES	POINTS
Medicaid/Federal, State, and CHIP Chronic Conditions		
	<ul style="list-style-type: none"> Glycemic Status Assessment for Patients With Diabetes (>9.0%) (GSD) 	1
	<ul style="list-style-type: none"> Blood Pressure Control for Patients With Diabetes (BPD) 	1
	<ul style="list-style-type: none"> Eye Exam for Patients with Diabetes (EED) 	1
	<ul style="list-style-type: none"> Kidney Health Evaluation for Patients With Diabetes (KED) 	1
	<ul style="list-style-type: none"> PQI 01: Diabetes Short-Term Complications Admission Rate 	1
Asthma	<ul style="list-style-type: none"> PQI 15: Asthma in Younger Adults Admission Rate 	1
	<ul style="list-style-type: none"> Asthma ED (Emergency room) Use/1000 	1
	<ul style="list-style-type: none"> PHQ-9 for Asthma 	1

Medicaid/Federal and State Chronic Conditions		
Severe Heart Failure	<ul style="list-style-type: none"> • PQI 08: Heart Failure Admission Rate 	1
	<ul style="list-style-type: none"> • PHQ-9 for Severe Heart Failure 	1
Hypertension	<ul style="list-style-type: none"> • Hypertension ED (Emergency room) Use/1000 	1
Chronic Obstructive Pulmonary Disease (COPD)	<ul style="list-style-type: none"> • PQI 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate 	1
Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder)	<ul style="list-style-type: none"> • Follow-Up after Hospitalization for Mental Illness: 7 days (FUH) 	1
	<ul style="list-style-type: none"> • Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder) Admissions/1000 	1
Total Points for the Chronic Conditions Initiative		14

VI.3 Healthy People Initiative

The Healthy People Initiative focuses on preventive screening for all enrollees. Each fiscal year, the quality measures required to be reported for the HCIP will be specified. ASES shall disburse the Contractor the applicable percentage of the Retention Fund in accordance with the Contractor's performance across the scored measures and the point distribution section of this Manual. For the purpose of the HCIP, ASES will consider the Health People Initiative Metrics described below for compliance and release to the applicable percent of the retention fund for this program.

VI.4 Emergency Room High Utilizers Initiative

The Emergency Room High Utilizers Initiative is designed to identify high users of emergency services for non-emergency situations and to allow for early interventions to ensure appropriate utilization of services and resources. The Contractor must be prepared to report quarterly on the quality measures listed below. Each fiscal year, the quality measures required to be reported for the HCIP will be specified. ASES shall disburse the Contractor the applicable percentage of the Retention Fund in accordance with the Contractor's performance across the scored measures and the point distribution section of this Manual. For the purpose of the HCIP, ASES will consider the Emergency Room High Utilizers Metric described below for compliance and release to the applicable percent of the retention fund for this program.

ER HU INITIATIVE	SCORED MEASURES	POINTS
ER	Overall emergency room utilization rate x 1,000 on identified population with seven or more visits to the emergency room	1
Total Points for the Emergency Room High Utilizer Initiative		1

I. Scored Measures

A. Chronic Conditions Initiative

Diabetes

Glycemic Status Assessment for Patients With Diabetes (GSD)	
<p>The percentage of members 18–75 years of age with diabetes (types 1 and 2) whose most recent glycemic status (hemoglobin A1c [HbA1c] or glucose management indicator [GMI]) was at the following levels during the measurement year:</p> <ul style="list-style-type: none"> • Glycemic Status >9.0% 	
Technical specifications	Use HEDIS Version 2025 technical specifications Hybrid methodology is not required for HCIP quarterly measures, supplemental data may be used where appropriate.
Blood Pressure Control for Patients With Diabetes (BPD)	
<p>The percentage of members 18–75 years of age with diabetes (types 1 and 2) whose blood pressure (BP) was adequately controlled (<140/90 mm Hg) during the measurement year.</p>	
Technical specifications	Use HEDIS Version 2025 technical specifications Hybrid methodology is not required for HCIP quarterly measures, supplemental data may be used where appropriate.
Eye Exam for Patients with Diabetes (EED)	
<p>The percentage of members 18–75 years of age with diabetes (types 1 and 2) who had a retinal eye exam.</p>	
Technical specifications	Use HEDIS Version 2025 technical specifications Supplemental data may be used where appropriate.
Kidney Health Evaluation for Patients With Diabetes (KED)	
<p>The percentage of members 18–85 years of age with diabetes (type 1 and type 2) who received a kidney health evaluation, defined by an estimated glomerular filtration rate (eGFR) and a urine albumin-creatinine ratio (uACR), during the measurement year.</p>	
Technical specifications	Use HEDIS (<i>KED</i>) <i>Kidney Health Evaluation for Patients with Diabetes</i> Version 2025 technical specifications. Hybrid methodology is not required for HCIP quarterly measures, supplemental data may be used where appropriate.
PQI 01: Diabetes Short-Term Complications Admission Rate	
<p>Hospitalizations for a principal diagnosis of diabetes with short-term complications (ketoacidosis, hyperosmolarity, or coma) per 100,000 target Diabetes Short-Term Complications population, ages 18 years and older.</p>	
Technical specifications	Use AHRQ <i>PQI 01: Diabetes Short Term Complication Admission Rate</i> Version 2025 technical specifications.

PQI 01: Diabetes Short-Term Complications Admission Rate	
Technical specifications	Formula: (# of admissions/distinct members) * 100,000

Asthma

PQI 15: Asthma in Younger Adults Admission Rate	
Admissions for a principal diagnosis of asthma per 100,000 target Asthma in Younger Adults population, ages 18–39 years.	
Technical specifications	Use AHRQ <i>PQI 15: Asthma in Younger Adults Admission Rate</i> Version 2025 technical specifications. Formula: (# of admissions/distinct members) * 100,000

Asthma ED (Emergency room) Use/1000	
Definition	For members 18 years of age and older, the number of observed emergency department (ED) visits for asthma during the measurement year per 1000 eligible population with asthma. Formula: (# of ED visits/member months) x (1000 members) x (# of months)
Numerator	The number ED visits for people 18 and older during the measurement year with a principal diagnosis (ICD-10-CM) of asthma. Count each visit to an ED once, regardless of the intensity or duration of the visit. *ED visits for a principal diagnosis of selected conditions (see <i>Health Care Improvement Program ASES Diagnosis Codes</i>).
Denominator	All eligible population with Asthma.
Measurement Period	One year ending at the Incurred Service Time Period - End as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual</i> .
Continuous enrollment	N/A
Allowable gap	N/A
Description	Use the following reference: ED Visits from HEDIS Ambulatory Care (Use HEDIS -- Version 2023 technical specifications). For Asthma, use ICD10 codes from the <i>Health Care Improvement Program ASES Diagnosis Codes</i> .
Exclusions	N/A

PHQ-9 for Asthma	
Definition	The PHQ-9 is a multipurpose instrument for screening, diagnosing, monitoring, and measuring the severity of depression.
Numerator	Patients in the denominator who were screened with a PHQ-9 test during the measurement period.
Denominator	All eligible population over 12 years of age with the condition.
Measurement Period	One year ending at the Incurred Service Time Period - End as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual</i> .
Continuous enrollment	N/A
Allowable gap	N/A
Description	CPT: 96127 Brief emotional/behavioral assessment G0444: Annual depression screening, 5 to 15 minutes G8431: Screening for depression is documented as being positive and a follow-up plan is documented Short Description: Pos clin depres scrn f/u doc G8510: Screening for depression is documented as negative, a follow-up plan is not required; Short description: Scr dep neg, no plan reqd Other: Supplemental Data (test performed by case managers among others)
Exclusions	N/A

Severe Heart Failure

PQI 08: Heart Failure Admission Rate	
Admissions with a principal diagnosis of heart failure per 100,000 target Heart Failure population, ages 18 years and older.	
Technical specifications	Use AHRQ <i>PQI 08: Heart Failure Admission Rate Version 2025</i> technical specifications. Formula: (# of admissions/distinct members) * 100,000

PHQ-9 for Severe Heart Failure	
Definition	The PHQ-9 is a multipurpose instrument for screening, diagnosing, monitoring, and measuring the severity of depression.
Numerator	Patients in the denominator who were screened with a PHQ-9 test during the measurement period.
Denominator	All eligible population over 12 years of age with severe heart failure.

PHQ-9 for Severe Heart Failure	
Measurement Period	One year ending at the Incurred Service Time Period – End as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual</i> .
Continuous enrollment	N/A
Allowable gap	N/A
Description	<p>CPT: 96127 Brief emotional/behavioral assessment G0444: Annual depression screening, 5 to 15 minutes G8431: Screening for depression is documented as being positive and a follow-up plan is documented Short Description: <i>Pos clin depres scrn f/u doc</i> G8510: Screening for depression is documented as negative, a follow-up plan is not required; Short description: <i>Scr dep neg, no plan reqd</i> Other: Supplemental Data (test performed by case managers among others)</p> <p>Use the following reference: Use ICD-10 codes for Severe Heart Failure as identified within the Health Care Improvement Program ASES Diagnosis Codes.</p>
Exclusions	N/A

Hypertension

Hypertension ED (Emergency room) Use/1000	
Definition	<p>For members 18 years of age and older, the number of observed emergency department (ED) visits for hypertension during the measurement year per 1000 eligible population with hypertension.</p> <p>Formula: (# of ED visits/member months) x (1000 members) x (# of months)</p>
Numerator	<p>The number ED visits for people 18 and older during the measurement year with a principal diagnosis (ICD-10-CM) of hypertension.</p> <p>Count each visit to an ED once, regardless of the intensity or duration of the visit.</p> <p>*ED visits for a principal diagnosis of Hypertension as identified within the Health Care Improvement Program ASES Diagnosis Codes.</p>
Denominator	All eligible population with the condition.
Measurement Period	One year ending at the month as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual</i> .
Continuous enrollment	N/A

Hypertension ED (Emergency room) Use/1000	
Allowable gap	N/A
Description	Use the following reference: ED Visits from HEDIS Ambulatory Care (Use HEDIS -- Version 2023 technical specifications). For Hypertension, use ICD-10 codes as identified within the Health Care Improvement Program ASES Diagnosis Codes.
Exclusions	N/A

Chronic Obstructive Pulmonary Disease (COPD)

PQI 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate	
Admissions with a principal diagnosis of chronic obstructive pulmonary disease (COPD) or asthma per target COPD or Asthma in Older Adults 100,000 population, ages 40 years and older.	
Technical specifications	Use AHRQ <i>Chronic Obstructive Pulmonary Disease (COPD) or Asthma in Older Adults Admission Rate</i> Version 2025 technical specifications Formula: (# of admissions/distinct members) * 100,000

Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder)

(FUH) Follow-Up After Hospitalization for Mental Illness (7 days)	
The percentage of discharges for members 6 years of age and older who were hospitalized for treatment of Chronic Depression/Mania/Bipolar Disorder as identified within the Health Care Improvement Program ASES Diagnosis Codes and who had a follow-up visit with a mental health practitioner. <ul style="list-style-type: none"> The percentage of discharges for which the member received follow-up within 7 days of discharge. 	
Technical specifications	Use HEDIS <i>Follow-Up After Hospitalization for Mental Illness</i> Version 2025 technical specifications.

Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder) Admissions/1000	
Definition	For members 18 years of age and older, the number of admissions for Chronic Depression/Mania/Bipolar Disorder as identified within the Health Care Improvement Program ASES Diagnosis Codes during the measurement year per 1000 eligible population with a principal diagnosis (ICD-10-CM) of chronic depression/Mania/Bipolar Disorder. Formula: (# of admissions/member months) x (1000 members) x (# of months)
Numerator	The number admissions for people 18 and older during the measurement year with a principal diagnosis (ICD-10-CM) of Chronic Depression/Mania/Bipolar Disorder as identified within the Health Care Improvement Program ASES Diagnosis Codes.

Select Mental Health Conditions (Chronic Depression/Mania/Bipolar Disorder) Admissions/1000	
Denominator	All eligible population with the condition.
Measurement Period	One year ending at the Incurred Service Time Period - End as defined in Section II of the Attachment 19 Health Care Improvement Program Manual.
Continuous enrollment	N/A
Allowable gap	N/A
Description	Use the following reference: <i>For admissions, use Appendix A- Rev Codes from the Health Care Improvement Program ASES Diagnosis Codes</i> <i>For Management of Select Mental Health Conditions: Chronic Depression/Mania/Bipolar Disorder, use ICD-10 codes from the Health Care Improvement Program ASES Diagnosis Codes</i>
Exclusions	N/A

B. Healthy People Initiative

(BCS-E) Breast Cancer Screening	
The percentage of members 50–74 years of age who were recommended for routine breast cancer screening and had a mammogram to screen for breast cancer.	
Technical specifications	Use HEDIS <i>(BCS-E) Breast Cancer Screening</i> Version 2025 technical specifications. <i>Data systems that may be eligible for HEDIS ECDS reporting include, but are not limited to, member eligibility files, EHRs, clinical registries, HIEs, administrative claims systems, electronic laboratory reports (ELR), electronic pharmacy systems, immunization information systems (IIS) and disease/case management registries. See NCQA’s site for more Information - https://www.ncqa.org/hedis/the-future-of-hedis/hedis-electronic-clinical-data-system-ecds-reporting.</i>

(COL-E) Colorectal Cancer Screening	
The percentage of members 45–75 years of age who had appropriate screening for colorectal cancer.	
Technical specifications	Use HEDIS <i>(COL-E) Colorectal Cancer Screening</i> Version 2025 technical specifications. <i>Data systems that may be eligible for HEDIS ECDS reporting include, but are not limited to, member eligibility files, EHRs, clinical registries, HIEs, administrative claims systems, electronic laboratory reports (ELR), electronic pharmacy systems, immunization information systems (IIS) and disease/case management registries. See NCQA’s site for more Information - https://www.ncqa.org/hedis/the-future-of-hedis/hedis-electronic-clinical-data-system-ecds-reporting.</i>

(CCS-E) Cervical Cancer Screening

The percentage of members 21–64 years of age who were recommended for routine cervical cancer screening who were screened for cervical cancer using any of the following criteria:

- Members 21–64 years of age who were recommended for routine cervical cancer screening and had cervical cytology performed within the last 3 years.
- Members 30–64 years of age who were recommended for routine cervical cancer screening and had cervical high-risk human papillomavirus (hrHPV) testing performed within the last 5 years.
- Members 30–64 years of age who were recommended for routine cervical cancer screening and had cervical cytology/high-risk human papillomavirus (hrHPV) cotesting within the last 5 years.

Technical specifications

Use HEDIS *(CCS-E) Cervical Cancer Screening* Version 2025 technical specifications.

Data systems that may be eligible for HEDIS ECDS reporting include, but are not limited to, member eligibility files, EHRs, clinical registries, HIEs, administrative claims systems, electronic laboratory reports (ELR), electronic pharmacy systems, immunization information systems (IIS) and disease/case management registries. See NCQA's site for more information - <https://www.ncqa.org/hedis/the-future-of-hedis/hedis-electronic-clinical-data-system-ecds-reporting>.

(CBP) Controlling High Blood Pressure

The percentage of members 18–85 years of age who had a diagnosis of hypertension (HTN) and whose blood pressure (BP) was adequately controlled (<140/90 mm Hg) during the measurement year.

Technical specifications

Use HEDIS *(CBP) Controlling High Blood Pressure* Version 2025 technical specifications.

Hybrid methodology is not required for HCIP quarterly measures, the MCOs may use supplemental data where appropriate.

(SSD) Diabetes Screening for People With Schizophrenia or Bipolar Disorder Who are Using Antipsychotic Medications

The percentage of members 18–64 years of age with schizophrenia, schizoaffective disorder, or bipolar disorder, who were dispensed an antipsychotic medication and had a diabetes screening test during the measurement year.

Technical specifications

Use HEDIS *(SSD) Diabetes Screening for People With Schizophrenia or Bipolar Disorder Who Are Using Antipsychotic Medications* Version 2025 technical specifications.

(FUH) Follow-Up after Hospitalization for Mental Illness (30 days)	
The percentage of discharges for members 6 years of age and older who were hospitalized for treatment of selected mental illness diagnoses or intentional self-harm diagnoses and who had a follow-up visit with a mental health practitioner. <ul style="list-style-type: none"> The percentage of discharges for which the member received follow-up within 30 days of discharge. 	
Technical specifications	Use HEDIS <i>(FUH) Follow-Up after Hospitalization for Mental Illness</i> Version 2025 technical specifications.

(AAP) Adults' Access to Preventive/Ambulatory Health Services	
The percentage of members 20 years and older who had an ambulatory or preventive care visit.	
Technical specifications	Use HEDIS <i>(AAP) Adults' Access to Preventive/Ambulatory Health Services</i> Version 2025 technical specifications.

(OEV) Oral Evaluation, Dental Services	
Percentage of enrolled children under age 21 who received a comprehensive or periodic oral evaluation within the reporting year.	
Technical specifications	Use DQA Measure Technical Specifications: Administrative Claims-Based Measures.

(PPC) Prenatal And Postpartum Care	
Assesses access to prenatal and postpartum care: <ul style="list-style-type: none"> Timeliness of Prenatal Care. The percentage of deliveries that received a prenatal care visit in the first trimester, on or before the enrollment start date or within 42 days of enrollment in the organization. Postpartum Care. The percentage of deliveries that had a postpartum visit on or between 7 and 84 days after delivery. 	
Technical specifications	Use HEDIS <i>(PPC) Prenatal And Postpartum Care</i> Version 2025 technical specifications.

(W30) Well-Child Visits First 30 Months of Life	
The percentage of members who had the following number of well-child visits with a PCP during the last 15 months. The following rates are reported: <ul style="list-style-type: none"> Well-Child Visits in the First 15 Months. Children who turned 15 months old during the measurement year: Six or more well-child visits. Well-Child Visits for Age 15 Months– 30 Months. Children who turned 30 months old during the measurement year: Two or more well-child visits. 	
Technical specifications	Use HEDIS <i>(W30) Well-Child Visits in the First 30 Months of Life</i> Version 2025 technical specifications: <ul style="list-style-type: none"> 0-15 months 15-30 months

(WCV) Child and Adolescent Well-Care Visits	
The percentage of members 3–21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.	
Technical specifications	Use HEDIS (WCV) <i>Child and Adolescent Well-Care Visits</i> Version 2025 technical specifications.

(HCV) One-Time Screening for Hepatitis C Virus for all Patients	
Definition	Percentage of patients age ≥ 18 years who received one-time screening for hepatitis C virus (HCV) infection.
Numerator	Patients in the Denominator who were screened for hepatitis C virus (HCV) during the measurement period.
Denominator	All patients aged ≥ 18 years who were seen twice for any visits OR who have at least one preventive visit during the performance period. Exclude patients who were diagnosed with Chronic Hepatitis during the performance period or who had a documented medical reason for not receiving a HCV screening.
Measurement Period	One year ending at the Incurred Service Time Period - End as defined in Section II of the <i>Attachment 19 Health Care Improvement Program Manual</i> .
Continuous enrollment	N/A
Allowable gap	N/A
Description	Codes used in the Numerator are as follows: Hepatitis screening (CPT or HCPCS): 86803, 86804, G0472 Codes used in the Denominator are as follows: Patient visit codes (CPT): 99202, 99203, 99204, 99205, 99212, 99213, 99214, 99215, 99242*, 99243*, 99244*, 99245*, 99304, 99305, 99306, 99307, 99308, 99309, 99310, 99341, 99342, 99344, 99345, 99347, 99348, 99349, 99350 OR Preventive visit codes (CPT or HCPCS): 99385*, 99386*, 99387*, 99395*, 99396*, 99397*, G0438, G0439
Denominator Exclusions	There are two exclusions for the denominator for this measure: Exclusion 1 - Diagnosis for Chronic Hepatitis C during the performance period (ICD-10-CM): B18.2 OR

(HCV) One-Time Screening for Hepatitis C Virus for all Patients

Denominator Exclusions	Exclusion 2 - Documentation of medical reason(s) for not receiving HCV antibody test due to limited life expectancy during the performance period (HCPCS): G9452.
------------------------	---

C. Emergency Room High Utilizers Initiative

Emergency Room High Utilizers Initiative	
Definition	Overall emergency room utilization rate x 1,000 on identified population with 7 or more visits to the emergency room.
Numerator	Total Number of ER Visits incurred by members with 7 or more ER Visits.
Denominator	Total members with 7 or more ER Visits.
Continuous enrollment	N/A
Allowable gap	N/A
Description	CPT: 99281-99285, 99288 Place of service code: 23
Exclusions	Use HEDIS -- Version 2023 technical specifications: The measure does not include mental health or chemical dependency services. Exclude visits for mental health or chemical dependency. Any of the following meet criteria: <ul style="list-style-type: none"> • A principal diagnosis of mental health or chemical dependency (Mental and Behavioral Disorders Value Set). Psychiatry (Psychiatry Value Set). • Electroconvulsive therapy (Electroconvulsive Therapy Value Set).
