ADDENDUM TO REQUEST FOR PROPOSALS

On October 3rd, 2025, the Puerto Rico Broadband Program (PRBP), issued a Request for Proposals ("RFP") to obtain proposals from qualified vendors capable of delivering high-speed broadband services and necessary equipment to all approved Community Anchor Institutions (CAIs) in accordance with the requirements and latest guidance issued by the National Telecommunications and Information Administration (NTIA) under its most recent Restructuring Policy Notice (RPN) released on June 6th, 2025.

The Government Parties issues this **Addendum to the RFP** ("Addendum"), pursuant to the terms and conditions set forth thereunder, including, but not limited to, **Section 10 of the RFP** on the PRBP's sole discretion and rights reservation, and **Section 2.3** of the RFP, **Schedule of Key Dates**, solely and exclusively for revising the Proposal Deadline to Submit Questions, Date for Response to Questions, Proposal Submission Due Date, Evaluation Period Timeline, and Notice of Award Date.

In order to accommodate comments received regarding unserved Community Anchor Institution (CAI) locations, PRBP is providing an opportunity for providers to separately submit information on CAIs that currently have, or could have, 1 Gbps symmetrical broadband service.

Therefore, the RFP is hereby modified as follows:

To allow sufficient time to collect and evaluate this information, the RFP timeline will be adjusted. Details regarding the updated timeline will be shared in the coming days.

**ALL OTHER TERMS AND CONDITIONS OF THE RFP SHALL REMAIN
UNCHANGED.**

This Addendum does not modify, change, nor alter any of the terms and conditions set forth in the RFP, other than the revisions detailed herein on **Section 2.3**. The further clauses, requirements, timeliness, deadlines, and other terms and conditions of the RFP shall remain unaltered.
