

PUBLIC NOTICE OF AWARD

Re: Infrastructure Supporting Public WiFi and Wireless Broadband Across Puerto Rico

Request for Proposal Number: PRBP-2023-PRBIF-01-001

On April 12, 2023 ("Publication Date"), the Puerto Rico Broadband Program ("PRBP") of the Puerto Rico Office of Management and Budget ("PROMB") issued the captioned request for proposals ("RFP") seeks qualified entities to deploy and operate public WiFi hotspots identified within municipalities (Grant Program). In addition to the required WiFi hotspots, Applicants can request funding to deploy additional infrastructure supporting fixed and mobile wireless broadband service throughout Puerto Rico. ("Scope of Work"). The RFP had a Closing Date of June 30th, 2023.

After completing the evaluation process of proposals received thereunder, on December 27, 2023 the RFP was awarded to the following Respondents, who will be tasked to perform the Scope of Work ("Awardee's"):

- Liberty Communications of Puerto Rico, LLC
- Puerto Rico Telephone Company, Inc.
- Neptunomedia, Inc.
- Worldnet Telecommunications, LLC

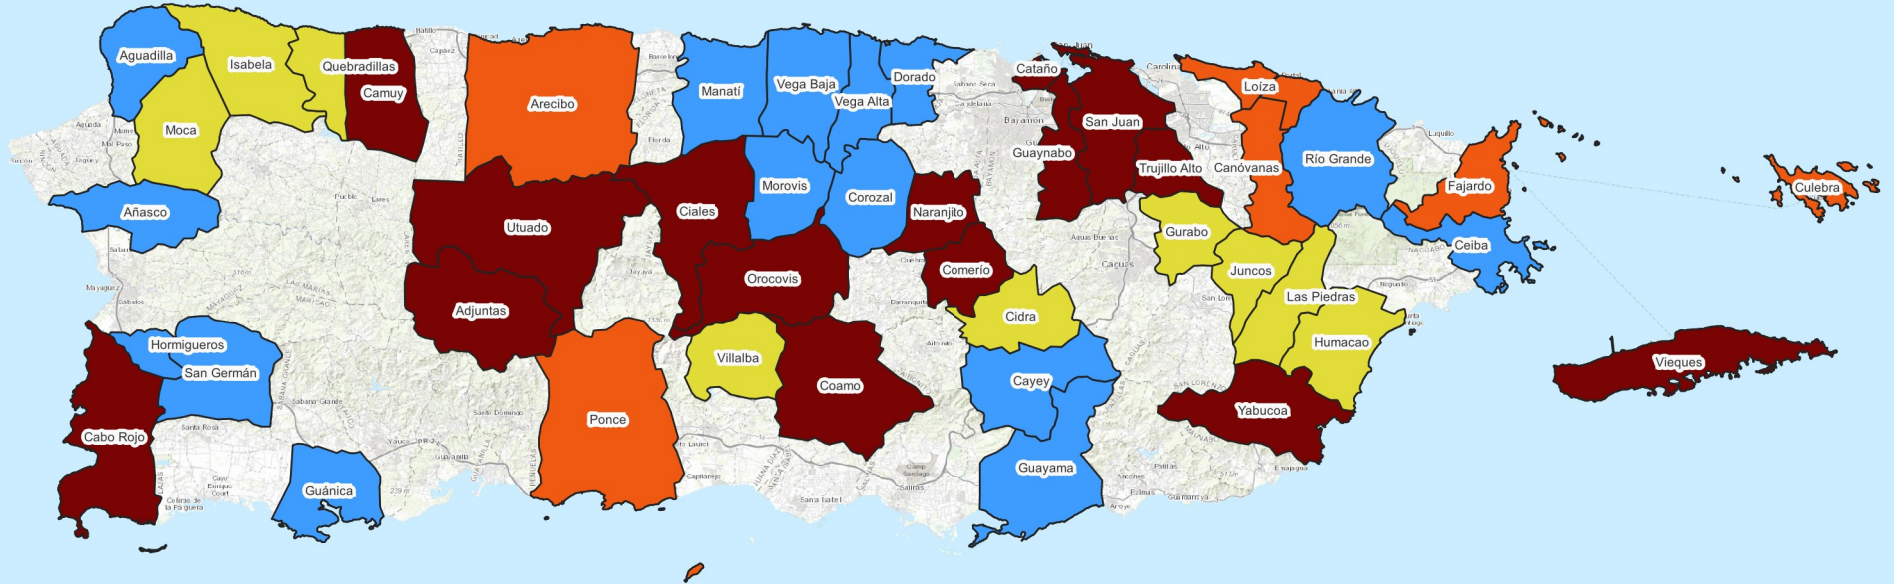

The Awardee's will execute the Scope of Work taking into consideration the map enclosed herein as **Appendix 1**, and said execution will be performed subject to the corresponding award agreement(s) ("Awards") that will be executed under the laws of the Commonwealth of Puerto Rico, and any other laws regulations, terms and conditions applicable to the RFP, the Scope of Work, the Awards and/or the funds available for the performance of the Scope of Work.

IN WITNESS WHEREOF, the Executive Director of the Puerto Rico Broadband Program signs herein in San Juan, Puerto Rico, this January 22, 2024.

Enrique A. Völckers-Nin

Executive Director of the Puerto Rico Broadband Program
Under Secretary of Innovation, Information, Data and Technology
