PUERTO RICO

DEPARTMENT OF ECONOMIC

**DEVELOPMENT
AND COMMERCE**

GOVERNMENT OF PUERTO RICO

MESSAGE FROM THE SECRETARY OF ECONOMIC DEVELOPMENT AND COMMERCE OF PUERTO RICO

SEBASTIÁN NEGRÓN REICHARD

At the Department of Economic Development and Commerce (DEDC) we are honored to participate in Interphex 2025, standing alongside global leaders in pharmaceuticals and life sciences. This premier event is a testament to the power of innovation, and we are here to showcase why Puerto Rico continues to be a world-class hub for advanced manufacturing and life sciences.

With a highly skilled workforce, a strong regulatory framework, and cutting-edge infrastructure, Puerto Rico provides the stability, efficiency and competitive advantages that companies need to thrive and expand in today's evolving global market. As a U.S. jurisdiction, we offer unparalleled access to international markets while fostering a business-friendly environment driven by innovation, research and strategic incentives.

Our participation in Interphex 2025 reaffirms our commitment to fostering partnerships and driving investment in an ecosystem where businesses not only grow but lead the future of healthcare and life sciences.

We look forward to connecting with you and exploring how Puerto Rico can be the key to your company's next chapter of success.

Best regards,

A handwritten signature in black ink that reads "Sebastián Negrón Reichard". The signature is fluid and cursive.

Sebastián Negrón Reichard
Secretary DEDC

**Caribbean
Scientific**

Sailing Science Forward

Caribbean Scientific

Guillermo Fernández | 787.444.7701
gfernandez@caribbeanscientific.com
caribbeanscientific.com

Caribbean Scientific is a trusted provider of laboratory equipment, scientific consumables, and technical services across Puerto Rico and the Caribbean. We serve pharmaceutical, biotechnology, food, environmental, clinical and academic laboratories. Our solutions include laboratory furniture design and installation, equipment sourcing and comprehensive validation services such as IQ/OQ/PQ, calibration and preventive maintenance. With a strong focus on regulatory compliance and operational excellence, Caribbean Scientific delivers reliable and sustainable solutions tailored to each client's specific needs.

CytoImmune  **Therapeutics**

Cytoimmune Therapeutics Puerto Rico, LLC

José E. Vidal | 787.239.3200
vidal@cytoimmune.com | www.cytoimmune.com

The development of CAR NK cell therapies can capitalize on the knowledge and experience gained from decades of CAR T research. Furthermore, the inherent biology of NK cells offers a number of potential advantages as the starting cell type for allogeneic, off-the-shelf engineered cell therapy. These advantages include: inherent anticancer activity, allogeneic and off-the-shelf without gene editing, ability to overcome tumor evasion of the immune system and others.

ENHANCED INFORMATION SOLUTIONS

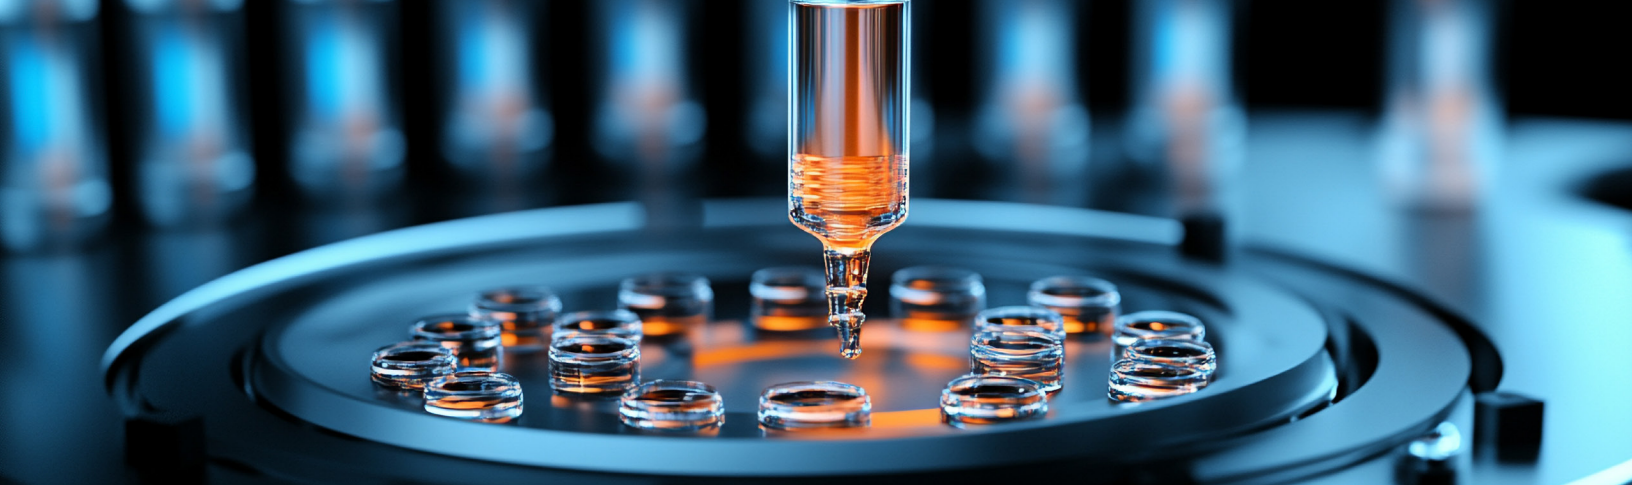

Roberto Toledo | 787.368.0366
rtoledo@eisinc.com | eisinc.com
