**Land & Water Conservation Fund Program
Grant Application Guidelines
Revised July 2026**

I. Introduction

The Land and Water Conservation Fund (LWCF) State Assistance Program was established by the Land and Water Conservation Fund Act of 1965 to assist in preserving, developing and assuring accessibility to all citizens of the United States of present and future generations to such quality and quantity of outdoor recreation resources as may be available and necessary for individual active participation in such recreation; and to strengthen the health and vitality of US Citizens¹.

The Funds are obligated by the U.S. Department of the Interior and administered by the National Park Service. At the local level, the program is managed by the State Liaison Officer (SLO) appointed by the Governor of Puerto Rico.

LWCF Grants are provided to Puerto Rico, and through the state, to local governmental jurisdictions i.e., municipalities, on a matching basis for up to 50% of the total project related allowable costs. Such fund may be used for the acquisition of land and the development of facilities for public outdoor recreation.

Projects are selected through the Open Project Selection Process (OPSP). This provides the criteria and standards on which project selection will be based on the needs identified in the Statewide Comprehensive Outdoor Recreation Plan (SCORP).

These Guidelines are intended to provide the Grantee with basic information about the process and requirements for LWCF Grants in Puerto Rico, therefore, other requirements not mentioned in this document may apply.

IV. LWCF Basics

- Matching requirements: 50% LWCF Funds and 50% state or local government
- LWCF is a reimbursement program, therefore the municipality or grantee must do the work and pay for it prior to request the reimbursement to the LWCF.
- Funds need to be committed by the grantee at the time of application by means of a Municipal Legislative Resolution, a Certification of the Municipality's Finance Director or Official Letter of Commitment from the Agency Secretary or Executive Director as it may be the case. It should include the LWCF project, the total amount of match, the source of funds, that they are programmed for the project, etc.
- Maximum time to complete the project as specified in the contract is 3 years.
- Park areas and facilities must be open and accessible to the general public with no restrictions.
- The property acquired or developed with funds from the LWCF or the land included in the boundary map is to be used for outdoor public recreation on perpetuity.
- Project must be developed within three years, as stated in the agreement of the state with the federal government.
- Restrictions will be registered in the Property Registry.
- Projects must be designed in conformance with:
 - The appropriate current design standards for the Architectural Barriers Act of 1968;
 - Section 504 of the Rehabilitation Act of 1973, as amended; and
 - American with Disabilities Act

V. Pre-Application Requirements

Before beginning or submitting a Land & Water Conservation Fund (LWCF) Program application, all prospective applicants must submit the Pre – application. Attachment A completed in all its parts.

VI. Application Package

- Application & Revision Form
- Detailed Budget
- Boundary Map
- SF-424
- SF-424-C
- Description and Notification Form
- Site Development Plan
- IPac – Consultation, include all documents submitted.
- SHPO – Consultation and determination documents
- Resolution of the Municipal Assembly or the Board of Directors.**

- k. The **opinion of legal counsel in letterhead paper, dated and signed**, must be included to indicate that the grantee has the authority to enter into a contract requiring the substitution of the land in the event that a conversion occurs; and that has the authority to establish restrictive conditions on the use in the Property Registry through the granting of the corresponding public deed. Grant recipients will be required to sign a contract with the Sports and Recreation Department; in addition, a Deed will be required in order to establish the restrictions of use in the Property Registry. The area where the project is to be developed must be and remain under the ownership and control of the grantee. It must guarantee that no conversion will occur. The project sponsor must be able to commit its resources to the perpetual stewardship of the Fund-assisted public outdoor recreation area pursuant to the LWCF Act 54 U.S.C. §200305(f)(3).
- l. Evidence that the Municipality is registered and active on the **System for Award Management (SAM)**.

- Grant elements should have the same name through all the documentation Detailed Budget, A & R form, Site plan, SHPO documents, etc.
- The **Total Budget and all corresponding line items must be an even amount**, allowing it to be split into two equal portions without requiring rounding or generating decimal values

VII. Land to be used for the project development

The project sponsor must possess the title and legal control of the property. The sponsor must describe all easements, rights of way, leases, sub surface rights, reversionary interests and any other agreements that convey rights to non-public and non-recreation interests to access or use the area proposed within the LWCF boundary area.

A **Certification** issued by the Property Registry with no more than six months of issuance date, along with a copy of the property deed and any other contracts related to the property must be submitted along with the application.

Provide the total area in square meters of the property on which the LWCF project will be located. Also, include the specific area of the project. For example, the swimming pool project will be developed on 1000 square meters area of the property which has a total area of 5,250 square meters.

VIII. Development Project Selection

When submitting a development project, the sponsor must be aware that the project will be carefully reviewed and evaluated to filter out ineligible proposals and make a special effort to eliminate questionable, elaborate, or borderline projects that raise serious questions concerning the project cost, use, priority, competition with the private sector, or inclusion of ineligible facility types. It must be kept in mind that the funds must be used in the public interest and in accordance with the SCORP for the development of basic outdoor recreation facilities to serve the general public.

IX. Project Budget

According to 54 U.S.C. §200305(f)(1) no other federal financial assistance can be included in a project to be funded by the LWCF. However, the State or local matching share of an LWCF Project may consist of other federal financial assistance if the statutory provision of the subsequent federal grants program explicitly allows recipients to use such assistance to match LWCF funds (For example, Recreational Trails Program and Community Development Block Grants).

X. LWCF Boundary Map

If the area of the proposed project has received LWCF funds previously, consult with the State Liaison Officer to verify and confirm the current boundary map.

Three copies of the boundary map, one of which should be dated and signed by the applicant.

The LWCF boundary area map shall clearly delineate the area to be subject to the provisions of the LWCF Act (54 U.S.C. § 2003). An acceptable LWCF boundary area map is required for all development and combination projects prior to NPS approval, and for acquisition projects, prior to reimbursement.

The LWCF boundary area subject to the provisions of the LWCF Act must encompass a viable public outdoor recreation area that is capable of being self-supporting without reliance upon adjoining or additional areas not identified in the scope of the project (such as for access, utilities, park support facilities, etc.). Consistent with the intent of the LWCF Act, the Program expectation is the entirety of the park or recreation area being acquired, developed, or expanded will be included within the LWCF boundary area. **Exceptions for boundaries that would apply to a lesser area may be considered only when it can be shown the area is self-supporting (as described above). These requests will be reviewed on a case by-case basis by the NPS LWCF Washington Office prior to award of a grant. Early coordination is strongly recommended.**

No changes may be made to the LWCF boundary after final reimbursement unless the project is amended as a result of an NPS approved conversion.

The LWCF boundary area map and/or attachments as appropriate shall depict the following:

- a. Official park/site name, location, and LWCF project number.
- b. Sufficient detail so as to legally identify the lands to be subject to the provisions of the LWCF Act. The following methods of identification are acceptable: deed references; adjoining ownerships; adjoining easements and rights-of-way; public streets; adjoining water bodies or other natural landmarks; metes and bounds; and surveys. A formal survey is not required. Latitude/longitude coordinates (at the center of the site).
- c. All known outstanding rights and interests in the area held by others. Known easements, deed/lease restrictions, reversionary interests, etc. are to be documented, including any area(s) under lease, name(s) of lessor and lessee, and term remaining on the lease(s).
- d. Total acreage of the area within the LWCF boundary and subject to the provisions of the LWCF Act.
- e. North arrow.
- f. Signature of the applicant or authorized representative. A delegation of signature authority for LWCF boundary maps must be filed.
- g. Maps of up to 11-inch x 17-inch format are highly preferred for future administrative use such as copying and scanning. Avoid use of color as the only means to delineate areas.

XI. Site Plan – to scale and with legend

Depicting existing facilities, proposed facilities, streets, roads, avenues, overhead utility lines. In case of sites that include or will include a building, the floor plan must be provided in a different page.

XII. Site photos – Showing how the area is now.

XIII. Additional Information

1. How will maintenance, security and management of the area will be provided? By the municipality or a third party? If a third party, who? Provide the name of the organization.
2. How will the area operate and it what schedule of operations?
3. Mention any recreational programs to take place in the facility.
4. Cost estimate
Include:
 - i. Project Budget Narrative – the Project budget shall include detailed information on all cost categories and must clearly identify all estimated project costs. Provide a project breakdown that includes the following information:
 - ii. Detailed breakdown of each cost item included under each of the SF424C and construction budget categories
5. If the LWCF project is part of a larger project, please be sure that only the elements related to the LWCF project are included. Note that the LWCF funded elements of the project must still result in a viable recreation area opportunity that is not reliant on the larger project.
6. Sources of funding - Include evidence
7. Are there any cultural, recreational, natural or scenic resources in the area of the proposed park? Mention, describe and qualify those resources in terms of relevance such as significant, excellence or average resources.
8. How will the project be ADA compliant? To what extent will the park could be used by people with disabilities?
9. How does the project respond to the land use plan? Include evidence from the Puerto Planning Board and/or Municipality.
10. Please provide in a separate sheet of paper the following information:
 - a) The Municipality's prior experience with LWCF or similar grants
 - b) The results of previous audits. This includes considering whether or not the Municipality receives a Single Audit and the extent to which the same or similar subawards have been audited as a major program;
 - c) Whether the Municipality has new personnel or new or substantially changed systems;
 - d) The extent and results of any Federal agency monitoring (for example, if the Municipality also receives Federal awards directly from the Federal agency).

XIV. PROJECT SELECTION

The projects will be selected following the Open Project Selection Process (OPSP) included in **Chapter 9 of the Puerto Rico State Comprehensive Outdoor Recreation Plan 2020-2025, which will apply for this round.** The purpose is to guarantee that all eligible project have the opportunity to participate in the benefits of the Land and Water Conservation Fund Program (LWCF) and to enable the Commonwealth of Puerto Rico to affirmatively address the recreation issues and meet priority needs.

The project selection will be subject to a ranking process with weighted values that will consider the sponsor's capabilities to administer grants, certification of matching funds, project feasibility and experience in administering and maintaining outdoor recreation facilities.

Also, part of the LWCF grant evaluation process, of the Sports and Recreation Department (DRD, by its Spanish acronym) staff conduct a technical review of all grant applications. To ensure equal opportunity for all eligible project sponsors, each submitted grant application packet will need to include all the materials requested in the LWCF Assistance Manual. Ineligible or incomplete applications will be returned to the project sponsor with an explanation of why their application was returned. Project applicants are encouraged to contact DRD staff with questions regarding the LWCF grant applications process.

SCORP Priorities

The Puerto Rico Statewide Comprehensive Outdoor Recreation Plan was prepared following the guidelines as required in the LWCF Assistance Manual. During the process, the following state priorities were established:

1. Restore, enhance, and maintain outdoor recreation facilities and places considering the social, environmental, and economic context.
2. Expand outdoor recreation opportunities for all Puerto Rico residents and visitors.
3. Increase participation and inclusion in outdoor recreation.
4. Increase intergovernmental and intersectoral collaboration to transform outdoor recreation into an important component of Puerto Rico's social and economic development.

9.2.4 Ranking system (45points)

1. Project type (10 Points)
 - a. Renovation (10 points)
 - b. Combination renovation/development/acquisition (7 points)
 - c. New construction (5 points)

- d. Acquisitions (5 points)
- 2. Project services area (5 points)
 - a. Statewide (5 points)
 - b. Region (4 points)
 - c. Municipality (3 points)
 - d. Large segment of municipality (2 points)

 - a. Meets the 4 priorities (5 points)
 - b. Meets 3 priorities (4 points)
 - c. Meets 2 priorities (3 points)
 - d. Meets 1 priority (2 points)
 - e. No priority /cannot be measure (0 points)
- 4. The grant proposal reflects public participation at the Sponsor's level and has documented community support (5 points)
 - a. Very strong broad documented support (5 points)
 - b. Strong document supports (4 points)
 - c. Support, some documentation (3 points)
 - d. Weak support, little documentation (2 points)
 - e. Very weak, support, no documentation (1 point)
 - f. No support (0 points)
- 5. All segment of the public including the elderly and the handicapped were considered in the grant proposal (5 points)
 - a. Both sexes and broad range of age groups and types of users (5 points)
 - b. Both sexes/several age group (4 points)
 - c. Organized publicly sponsored (team sports) activities (3 points)

- d. Limited used or age group (2 points)
 - e. Used not defined (1 point)
- 6. Access for Disabled (5 points)
 - a. All portions of facility are ADA accessible (5 points)
 - b. Plans for ADA access at most portions of the facility (3-4 points)
 - c. Limited ADA access (1-2 points)
 - d. No ADA access, or no plans for ADA access (0 points)
- 7. The projects are in conformance with the State policy for outdoor recreation and responds to the land use plan (5 points)
 - a. To a maximum extend (4-5 points)
 - b. Average (1-3 points)
 - c. No extend/cannot be measured (No points)
- 8. If an acquisition project, is it located in wetlands area? (5 points)
 - a. The project is located within a wetland area identified by the Department of Natural Resources (4-5 points)
 - b. The project is located on a wetland not identified by the Department of Natural Resources. (1-3 points)

The preceding ranking system will be complemented with the DRD internal screening process to determine the projects to be funded under the LWCF. The organizational units from the DRD that will intervene in this process, include, but are not limited to:

- 1. Office of the Secretary, Sports and Recreation Department
- 2. Auxiliary Secretariat of Sports and Recreation
- 3. Auxiliary Secretariat of Infrastructure, Sports and Recreation Department

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
