July 23, 2025

Arthur J. Garffer  
Secretary  
Department of Public Safety

  
José Díaz Pérez  
Director Office of Federal Affairs  
Department of Public Safety

## Authorization for Publication of Request for Proposal DSP-RFP-2025-005

The Department of Public Safety request authorization for the publication of the DSP-RFP-2025-005 to identify a qualifies Architectural & Engineering firm to analyze the current Puerto Rico Public Safety and Warning Communications Infrastructure (PRPSWCI) and to develop design specifications and performance specifications to upgrade, repair, and or replace current components of the PRPSWCI, to improve 9-1-1 dispatch operations, territory wide critical communications, and public warning systems.

The following request for RFP is submitted for your consideration and approval:

- DSP-RFP-2025-005 Architectural & Engineering Services for the Puerto Rico Public Safety Warning and Communications Infrastructure Project (PRSWCIP), Hazard Mitigation Grant Program Project 4339-0014
