

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2021 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2021 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2021 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

1A. Continuum of Care (CoC) Identification

To help you complete the CoC Application, HUD published resources at https://www.hud.gov/program_offices/comm_planning/coc/competition, including:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Program Competition
- FY 2021 CoC Application Detailed Instructions—essential in helping you maximize your CoC Application score by giving specific guidance on how to respond to many questions and providing specific information about attachments you must upload

1B-2.	Open Invitation for New Members.	
	NOFO Section VII.B.1.a.(2)	

Describe in the field below how your CoC:	
1.	communicated the invitation process annually to solicit new members to join the CoC;
2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;
3.	conducted outreach to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join your CoC; and
4.	invited organizations serving culturally specific communities experiencing homelessness in the geographic area to address equity (e.g., Black, Latino, Indigenous, persons with disabilities).

(limit 2,000 characters)

1)The CoC communicated the invitation process through multiple channels, including the publication of an announcement, in English and Spanish, in a newspaper of general circulation, email invitations, publications on the CoC’s webpage and social media (Facebook). A meeting was held with interested parties; and a Membership Committee is active during the year, identifying relevant stakeholders to invite to the CoC. 2)Effective communication with persons with disabilities, is achieved using accessible formats for documents (PDF), meetings in accessible locations, sign language and translation services as needed, and audiovisual material (www). Some of the documents are translated into sign language, and training is provided to CoC members on the matter. Some CoC projects have staff certified in functional diversity which enhance communication regarding the CoC. 3)To ensure persons experiencing homelessness or formerly homeless are encouraged to join the CoC, a committee composed of representatives of the population was established that develops outreach strategies, which include community impact activities with volunteers, employees and board members who are also part of the population, and individual efforts through case managers and service providers. 4)

Culturally specific communities are invited through the Membership Committee who identifies persons representing these communities to extend formal invitations. In addition, CoC members participate in various groups that work with these populations (e.g. RW Planning bodies), providing them with direct communication for identifying potential new members representing these groups. The CoC celebrates meetings in Casa Dominicana, an immigrants organization, and the CES is certified in Fair Housing and provides training to support these efforts. Invitations are extended in English and Spanish.

1B-3.	CoC’s Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section VII.B.1.a.(3)	

Describe in the field below how your CoC:	
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;
2.	communicated information during public meetings or other forums your CoC uses to solicit public information; and
3.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.

(limit 2,000 characters)

1)Opinions from organizations and individuals are gathered through a wide variety of channels, including CoC and community meetings, focus groups, email, written communications, special activities and telephone consultations. Every year PIT Count results are presented in a public presentation and experts are invited for an open discussion. As well, the CoC is organized into Committees that integrate external stakeholders (e.g. Homeless Reps, Planning, Proposals, Governance). The Planning Committee actively involves stakeholders in the PIT Count and Strategic Planning, including law enforcement, labor, health, corrections, education, and other sectors not currently participating directly in the CoC, but with interest in preventing and ending homelessness. Likewise, the CoC and the CA actively participates in the consolidated planning process, has a chair in the Multisectoral Council in Support of Homelessness, created by Law No. 130-2007, participate of other public events and working groups providing the opportunity to interact and gather information from a wide range of stakeholders. Two recent collaboration includes a forum promoted by 4-H clubs the Gender-Based Violence Prevention, Support, Rescue and Education Committee created by the Governor of Puerto Rico. 2)The CoC uses a variety of channels, including its public website, social media, press conferences, focus groups, participation in community meetings, on-site visits to stakeholders and participation in consolidated planning. 3)Information gathered at the public meetings and forums in which the CoC participates is discussed at the different committees and with the Board to develop recommendations and new approaches for the prevention and eradicating homelessness. Recommendations derived from these meetings are documented and presented to the Board and CoC membership for their approval and further implementation.

1B-4.	Public Notification for Proposals from Organizations Not Previously Funded.	
	NOFO Section VII.B.1.a.(4)	

	Describe in the field below how your CoC notified the public:
1.	that your CoC’s local competition was open and accepting project applications;
2.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;
3.	about how project applicants must submit their project applications;
4.	about how your CoC would determine which project applications it would submit to HUD for funding; and
5.	how your CoC effectively communicated with individuals with disabilities, including making information accessible in electronic formats.

(limit 2,000 characters)

1)The CoC’s Local competition was announced through a detailed announcement in its website, a newspaper of general circulation (08/31/2021), and social media, in both English and Spanish. The notice indicated that the CoC was accepting and considering proposals and provided the date of the orientation meeting (9/10/2021). The CA sent a copy of the NOFO by email and posted it on the Web. 2)The notice published in the newspaper and disseminated through other channels, indicated that the CoC was accepting and considering proposals, including those from organizations not previously funded, and provided the date of the orientation meeting. 3)Details on the submission process were discussed in the orientation meeting (9/10/2021) and posted on the CoC webpage and social media. One on One support to project applicants was provided by the CA. 4)The ranking and evaluation process for determining project applications to be submitted to HUD, was posted in the CoC’s webpage and social media, and discussed in the meeting held on 9/10/2021. A committee of CoC members representing organizations that were not requesting funding for new projects was appointed, in order to prevent any conflict of interest. This committee evaluated new proposals based on the CoC procedure and NOFO requirements, to determine if the projects comply with the minimum requirements established by the CoC and to make a recommendation to the Plenary. Once projects were evaluated by the Committee and the applications approved by the CoC, projects were notified of their acceptance or rejection through a written communication. 5)To effectively communicate with individuals with disabilities the CoC made the information available in PDF format, through the webpage and social media, and at the facilities of the CA. Sign language and translation was available upon request at the orientation meeting. The place of the orientation meeting was accessible for persons with disabilities.

1C. Coordination and Engagement–Coordination with Federal, State, Local, Private, and Other Organiza

To help you complete the CoC Application, HUD published resources at https://www.hud.gov/program_offices/comm_planning/coc/competition, including:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Program Competition

1C-2.	CoC Consultation with ESG Program Recipients.	
	NOFO Section VII.B.1.b.	

Describe in the field below how your CoC:

1.	consulted with ESG Program recipients in planning and allocating ESG and ESG-CV funds;
2.	participated in evaluating and reporting performance of ESG Program recipients and subrecipients;
3.	provided Point-in-Time (PIT) count and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area; and
4.	provided information to Consolidated Plan Jurisdictions within your CoC's geographic area so it could be addressed in Consolidated Plan update.

(limit 2,000 characters)

1)The PR Department of the Family (DF) is the CA and the state ESG recipient, which ensures interaction during planning and fund allocation processes. The state ESG Director is a voting board member and consults the CoC on priorities. Likewise, 3 of 24 CoC municipalities are ESG entitlement jurisdictions, and are voting members that hold Consolidated Planning processes in which the CoC participates. In the case of ESG-CV funds, the CoC – with the assistance of HUD TA providers – carried out a needs assessment and sustained meetings with ESG-CV recipients to provide recommendations for their allocation processes and funding priorities. 2)HMIS Lead Agency, analyze data related to the performance of ESG Sub recipients to inform the CoC. The HMIS conducts monthly progress meetings with ESG recipients and sub recipients and quarterly reports on performance measures are presented to the CoC for its recommendations on improving performance. 3)The CoC Executive Director provided 2020 PIT and HIC data to Consolidated Plan jurisdictions. As part of the PIT, an appendix is included which provides information by municipality. Similarly, in 2019, when the most recent count of sheltered and unsheltered persons was conducted, the CoC held a public presentation of the results in which ESG recipients participated. 4)The CoC provided information to Consolidated Plan Jurisdictions within the CoC's geographic area, through the participation in public hearings, the presentation of written comments and meetings with recipients. In the case of the State Consolidated Plan, the CoC coordinated with the Lead Agency a series of focus groups to provide the input on the homeless population needs and barriers to affordable housing.

1C-3.	Ensuring Families are not Separated.	
	NOFO Section VII.B.1.c.	

Select yes or no in the chart below to indicate how your CoC ensures emergency shelter, transitional housing, and permanent housing (PSH and RRH) do not deny admission or separate family members regardless of each family member's self-reported gender:

1.	Conducted mandatory training for all CoC- and ESG-funded service providers to ensure families are not separated.	No
2.	Conducted optional training for all CoC- and ESG-funded service providers to ensure families are not separated.	Yes

3.	Worked with ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients.	Yes
4.	Worked with ESG recipient(s) to identify both CoC- and ESG-funded facilities within your CoC's geographic area that might be out of compliance and took steps to work directly with those facilities to bring them into compliance.	Yes
5.	Sought assistance from HUD by submitting AAQs or requesting technical assistance to resolve noncompliance of service providers.	Yes
6.	Other. (limit 150 characters)	

1C-4.	CoC Collaboration Related to Children and Youth–SEAs, LEAs, Local Liaisons & State Coordinators.	
	NOFO Section VII.B.1.d.	

Describe in the field below:	
1.	how your CoC collaborates with youth education providers;
2.	your CoC's formal partnerships with youth education providers;
3.	how your CoC collaborates with State Education Agency (SEA) and Local Education Agency (LEA);
4.	your CoC's formal partnerships with SEAs and LEAs;
5.	how your CoC collaborates with school districts; and
6.	your CoC's formal partnerships with school districts.

(limit 2,000 characters)

1)Collaboration with education providers occurs within the framework of Title VII-B of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.), and local public policy as in Act No. 85-2018, which establishes the state's responsibility to ensure that all children and youth, including those without a permanent home, have access to a free and appropriate, public education. Meeting and discussion sessions are sustained on a regular basis to enhance collaboration. 2)In that direction, both the CoC and its members have collaborative agreements in place to enable children and youth access to educational services. CoC members working with families, including domestic violence service providers, have agreements with Head Start & Early Head Start programs, Child Care, the Department of Education and other entities. These agreements include functions related to the identification, referral and access of children and youth to educational services. Recently, one of the projects for victims of violence recently opened an on-site Head Start center, which operates with the Montessorri curriculum. Examples of these MOUs and Agreements, are included as an appendix. The PR Department of Family (Collaborative Applicant) on the other hand, operates the largest Child Care and HS/EHS Program in PR. 3,4,5 & 6)The CoC has a collaborative agreement with the Puerto Rico Department of Education, the state education agency, for the purpose of providing access to children and youth to quality educational services (including preschool services), and to other complementary services for school success. With the allocation under the ARP Act, additional responsibilities were established for the CoC to assist in identifying homeless children in need of services. The education system in Puerto Rico does not operate on a district basis. However, the agreement provides for coordination with the educational regions that represent the authorized body closest to the community.

1C-4a.	CoC Collaboration Related to Children and Youth–Educational Services–Informing Individuals and Families Experiencing Homelessness about Eligibility.	
--------	--	--

NOFO Section VII.B.1.d.

Describe in the field below written policies and procedures your CoC adopted to inform individuals and families who become homeless of their eligibility for educational services.

(limit 2,000 characters)

Promoting access to educational opportunities is a core policy of the CoC, included in its Written Standards. This has become one of the priorities, as 45.4% (PIT 2019) of the homeless population has not completed high school in the municipalities of the COC PR502 and because of the importance of education as a means to promote self-sufficiency and social mobility. Within that context, CoC member organizations have policies and procedures to inform families and homeless youth (18-24 years) of their eligibility for educational services, including: guidance on the availability of services through the process of developing the participants' individualized service plan, orientations provided by external collaborators, workshops and written promotion. The procedures implemented by the projects, are also based on local public policies, including Act No. 85-2018 y Circular Letter No. 16-2019-2020 of the Department of Education of the Government of Puerto Rico.

1C-4b.	CoC Collaboration Related to Children and Youth–Educational Services–Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
	NOFO Section VII.B.1.d.	

Select yes or no in the chart below to indicate whether your CoC has written formal agreements or partnerships with the listed providers of early childhood services:

		MOU/MOA	Other Formal Agreement
1.	Birth to 3 years	Yes	Yes
2.	Child Care and Development Fund	Yes	Yes
3.	Early Childhood Providers	Yes	Yes
4.	Early Head Start	Yes	Yes

1C-5.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors–Annual Training–Best Practices.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC coordinates to provide training for:

1.	Project staff that addresses safety and best practices (e.g., trauma-informed, victim-centered) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually); and
2.	Coordinated Entry staff that addresses safety and best practices (e.g., trauma informed care) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually).

(limit 2,000 characters)

1 & 2) CoC providers' staff and the CES staff, both receive ongoing training on best practices to serve DV survivors, using diverse modalities and approaches, including Peer TA provided by CoC members. Hogar Ruth, whose director is the CoC's representative of DV in the board and current president of the CoC is one of the projects that provides this training. Hogar Rutg is also a member of the DV National Network of Shelters and Coordinadora Paz para la Mujer, the two main conglomerates of organizations in PR that work with domestic violence, and who also provide training and capacity building opportunities in which the staff at the projects participate. As well, is a member of the Gender Violence Prevention, Advocacy, Rescue and Education Committee (PARE Committee), appointed by the Government, which has among its duties orientation and education. Topics covered in the trainings to DV and CES include: Coordinated Entry processes for DV, safety protocols, cultural competency, trauma-informed care and the legal framework that govern state processes in cases of domestic violence. DVs projects maintained constant communication with the CES, and the CES Director conducts small group sessions with DV providers, to discuss protocols and best practices for coordinated entry. During the pandemic, when there has been a spike in domestic violence cases, training has continued to be provided via Web platforms. Most recent training was conduct on August 27, 2021.

1C-5a.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors—Using De-identified Aggregate Data.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC uses de-identified aggregate data from a comparable database to assess the special needs related to domestic violence, dating violence, sexual assault, and stalking survivors.

(limit 2,000 characters)

The CoC uses CES, HMIS, PIT and HIC data, and statistical data provided by the Police Department and Women's Affairs Office to assess specific needs. As well, CoC DV projects participate of the National Network Count. This information is made available to the CoC at the Board, Plenary and committee meetings, to develop strategies to address the areas of need identified. This information also serves to identify gaps in service availability for the population and ways to address them.

The most recent sheltered and unsheltered PIT count conducted in 2019 shows that around 132 persons identified during the count were homeless due to a domestic violence situation, representing 5.2% of all persons counted. Data from the CES indicates that during 2020, a total of ### assessments were conducted of persons who were fleeing domestic violence, which represents an increase of ##%, when compared to data from 2019 (206). For purposes of the assessment of persons fleeing domestic violence, the CES uses VI-SPDAT, and with HUD's guidance is developing a specific tool for DV.

This provides relevant information that helps both, placement of participations in housing options which best fit their needs and planning of services for the population. Furthermore, data from the HMIS reveals that a total of ___ victims of domestic violence received services in 2020. This data coincides with the observed increase in the need for services, according to official statistics provided by government agencies in Puerto Rico. The island has been experiencing an unprecedented crisis of violence against women during the past years that has been exacerbated during the pandemic. Due to this increase, an executive order was enacted, declaring a state emergency and establishing the Gender Violence Prevention, Advocacy, Rescue and Education Committee (PARE Committee), that is led by the Department of Family the CoC CA and in which other members of the CoC participate.

1C-5b.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors–Coordinated Assessment–Safety, Planning, and Confidentiality Protocols.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC’s coordinated entry system protocols incorporate trauma-informed, victim-centered approaches while maximizing client choice for housing and services that:

	1. prioritize safety;
	2. use emergency transfer plan; and
	3. ensure confidentiality.

(limit 2,000 characters)

The CES and DV Representative of the CoC BoD has close collaboration with DV projects (4 CoC-funded, and 1 ESG-funded), and with other entities that are key stakeholders in the response to DV (Police Department, 911, 7 DV specialized courts, the Office of Assistance to Victims of Crime, the Department of Family, the Woman's Advocate Office (WAO), and municipalities). As established in the COC CES P&P, when a DV case is received by the CES or is directly referred by an authority to an emergency shelter in the CoC area, they are immediately placed. Once stabilized in the shelter, the CES will conduct its assessment to refer the participants to other services or for a housing project that meets their needs. The CoC follows a Housing First, survivor-driven and trauma informed model, that prioritizes safety. All the projects within the CoC have protocols and internal procedures, ensuring priority for safety and confidentiality of survivors. They have 3 shifts of security staff, use provider address not personal info, provide protection to clients for external appointments, and coordinate with Police and WAO, as needed. As well, the CoC PR-502 Written Standards and the CoC CES Protocol cover safety and planning aspects for DV clients through a separate platform allowing exceptions in evaluation procedures for eligibility priority. All these organizations work with the SSO CES to identify, refer and serve DV clients, and maximize client choice for housing and services, while ensuring safety and confidentiality. Staff members have received training in DV and have participated in conversations with the DV providers, to adequately evaluate housing and service needs, assess HMIS alternate database for options, consult with clients on choice and refer to the most appropriate placement. As part of the process, projects identify if the person is life threatening risk and safety and transfer plans are developed which are coordinated with the Police Department Specialized Units.

1C-6.	Addressing the Needs of Lesbian, Gay, Bisexual, Transgender–Anti-Discrimination Policy and Training. NOFO Section VII.B.1.f.	
-------	---	--

1.	Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBT individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
2.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	Yes
3.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access to Housing in HUD Programs in Accordance with an Individual’s Gender Identity (Gender Identity Final Rule)?	Yes

1C-7.	Public Housing Agencies within Your CoC’s Geographic Area–New Admissions–General/Limited Preference–Moving On Strategy. You Must Upload an Attachment(s) to the 4B. Attachments Screen. NOFO Section VII.B.1.g.

1C-7c.	Including PHA-Funded Units in Your CoC's Coordinated Entry System.	
	NOFO Section VII.B.1.g.	

Does your CoC include PHA-funded units in the CoC's coordinated entry process?	Yes
--	-----

1C-7c.1.	Method for Including PHA-Funded Units in Your CoC's Coordinated Entry System.	
	NOFO Section VII.B.1.g.	

If you selected yes in question 1C-7c., describe in the field below:

1.	how your CoC includes the units in its Coordinated Entry process; and
2.	whether your CoC's practices are formalized in written agreements with the PHA, e.g., MOUs.

(limit 2,000 characters)

1) For purposes of the Emergency Housing Voucher and Mainstream HCV programs, the CES in conjunction with the HMIS developed an inventory of PHA-Funded Units and procedures for integrating these units into the Coordinated Entry System. In addition, a specific outcome was programmed into HMIS to document exists to EHV and HCV. This has facilitated the collaboration and coordination, achieving 250 referrals in a record time of 90 days, including referrals for persons with disabilities and victims of domestic violence.

2) These practices are formalized through MOUs between the CoC CA, CoC members Derecho a Techo (CE) and Guarabí (for the provision of support services), the Women's Advocate Office, the Puerto Rico Department of Housing and the PHAs. These include the Public Housing Authority and the municipalities of Camuy, Arecibo and Ciales.

The collaboration for purposes of the PHA units has also promoted the leverage of other community resources. For example, through a grant from the Puerto Rico Community Foundation, Derecho a Techo provides psychological assistance to participants.

1C-7d.	Submitting CoC and PHA Joint Applications for Funding for People Experiencing Homelessness.	
	NOFO Section VII.B.1.g.	

Did your CoC coordinate with a PHA(s) to submit a joint application(s) for funding of projects serving families experiencing homelessness (e.g., applications for mainstream vouchers, Family Unification Program (FUP), other non-federal programs)?	Yes
---	-----

1C-7d.1. CoC and PHA Joint Application—Experience—Benefits.	
NOFO Section VII.B.1.g.	

If you selected yes to question 1C-7d, describe in the field below:

1. the type of joint project applied for;
2. whether the application was approved; and
3. how your CoC and families experiencing homelessness benefited from the coordination.

(limit 2,000 characters)

(1)The CoC subscribed an MOA with the PR Department of Housing for purposes of the Mainstream Voucher Program proposal (FR-6300-N-43) to be submitted to the U.S. Department of Housing and Urban Development, (2)which was approved. The agreement entails referrals of homeless persons with disabilities, to the Mainstream Voucher Program. Referrals are done through the Coordinated Entry System (CE). (3) As part of this collaboration and the one for purposes of the EHV, in less than 90 days the CE has referred a total of 250 persons for vouchers, of whom around 12% are persons with disabilities qualifying for HCV.

1C-7e. Coordinating with PHA(s) to Apply for or Implement HCV Dedicated to Homelessness Including American Rescue Plan Vouchers.	
NOFO Section VII.B.1.g.	

Did your CoC coordinate with any PHA to apply for or implement funding provided for Housing Choice Vouchers dedicated to homelessness, including vouchers provided through the American Rescue Plan?	Yes

1.	Enter the total number of new and renewal CoC Program-funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects your CoC is applying for in FY 2021 CoC Program Competition.	32
2.	Enter the total number of new and renewal CoC Program-funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects your CoC is applying for in FY 2021 CoC Program Competition that have adopted the Housing First approach.	28
3.	This number is a calculation of the percentage of new and renewal PSH, RRH, Safe-Haven, SSO non-coordinated entry projects the CoC has ranked in its CoC Priority Listing in the FY 2021 CoC Program Competition that reported that they are lowering barriers to entry and prioritizing rapid placement and stabilization to permanent housing.	88%

1C-9a.	Housing First–Project Evaluation.	
	NOFO Section VII.B.1.i.	

Describe in the field below how your CoC regularly evaluates projects to ensure those that commit to using a Housing First approach are prioritizing rapid placement and stabilization in permanent housing and are not requiring service participation or preconditions of program participants.

(limit 2,000 characters)

The CES manual establishes policies and procedures to ensure that the referral and placement of participants complies with the Housing First approach in projects that have committed to it. The CES manual establishes a procedure where it, in conjunction with the CA and the members of the CES Committee,

conducts an analysis of rejections to identify if they are due to causes related to non-compliance with Housing First principles. As a result of this analysis, several actions may be taken, including one-on-one assistance, training or sanctions. The CES also provides training on actions that may imply non-compliance with HF. Moreover, monitoring procedures include the review of Housing First including sanctions in the event that they are not in compliance.

1C-9b.	Housing First–Veterans.	
	Not Scored–For Information Only	

Does your CoC have sufficient resources to ensure each Veteran experiencing homelessness is assisted to quickly move into permanent housing using a Housing First approach?	Yes

1C-10.	Street Outreach–Scope.	
	NOFO Section VII.B.1.j.	

Describe in the field below:	
1.	your CoC’s street outreach efforts, including the methods it uses to ensure all persons experiencing unsheltered homelessness are identified and engaged;
2.	whether your CoC’s Street Outreach covers 100 percent of the CoC’s geographic area;
3.	how often your CoC conducts street outreach; and
4.	how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.

(limit 2,000 characters)

1)CoC projects, in coordination with ESG and ESG-CV recipients and sub-recipients, conduct street outreach efforts through mobile units, community impact events and other special activities. Together they add to over 22, the total number of projects carrying out outreach efforts, an significant increase when compared with organizations doing outreach in previous years. In the context of the pandemic, adjustments were made to continue outreach activities in accordance with required security measures, combining these efforts with testing and vaccination activities. The CoC established a Community Impact Committee, which integrates CoC members and other stakeholders to develop strategies for street outreach, including high impact activities in coordination with other agencies and NPOs. 2)The CoC outreach efforts cover 100% of its geographic area. 3)Every day there is at least one CoC member doing outreach, including the CES. 4)In order to tailor street outreach activities to persons experiencing homelessness, who are the least likely to request assistance, the CoC uses data from the PIT, and the HMIS and CES. These populations are, by nature, the most difficult to assist. Peer-to-peer outreach, the use of experienced CMs, outreach in health fairs and soup kitchens, providing services through mobile units, and outreach in varied contexts are strategies to reach CH, youth, LGBTT, elderly, and recent homeless, which are some of the populations least likely to request assistance. Most CoC projects assertively target those with MH/SA disorders promoting both housing and treatment. Integrated outreach efforts between several CoC organizations is also one of the strategies employed by the CoC that has proven to be effective in reaching populations less likely to request access to services.

1C-11.	Criminalization of Homelessness.	
	NOFO Section VII.B.1.k.	

Select yes or no in the chart below to indicate strategies your CoC implemented to prevent the criminalization of homelessness in your CoC's geographic area:

1.	Engaged/educated local policymakers	Yes
2.	Engaged/educated law enforcement	Yes
3.	Engaged/educated local business leaders	Yes
4.	Implemented communitywide plans	Yes
5.	Other:(limit 500 characters)	

1C-12.	Rapid Rehousing–RRH Beds as Reported in the Housing Inventory Count (HIC).	
	NOFO Section VII.B.1.i.

1C-13.	Mainstream Benefits and Other Assistance–Healthcare–Enrollment/Effective Utilization.	
	NOFO Section VII.B.1.m.	

Indicate in the chart below whether your CoC assists persons experiencing homelessness with enrolling in health insurance and effectively using Medicaid and other benefits.

	Type of Health Care	Assist with Enrollment?	Assist with Utilization of Benefits?
1.	Public Health Care Benefits (State or Federal benefits, Medicaid, Indian Health Services)	Yes	Yes
2.	Private Insurers	Yes	Yes
3.	Nonprofit, Philanthropic	Yes	Yes
4.	Other (limit 150 characters)		

1C-13a.	Mainstream Benefits and Other Assistance–Information and Training.	
	NOFO Section VII.B.1.m	

Describe in the field below how your CoC provides information and training to CoC Program-funded projects by:

1.	systemically providing up to date information on mainstream resources available for program participants (e.g., Food Stamps, SSI, TANF, substance abuse programs) within your CoC's geographic area;
2.	communicating information about available mainstream resources and other assistance and how often your CoC communicates this information;
3.	working with projects to collaborate with healthcare organizations to assist program participants with enrolling in health insurance; and
4.	providing assistance with the effective use of Medicaid and other benefits.

(limit 2,000 characters)

1)The CoC's CA, the PRDF, is the agency in charge of the Food stamps, TANF, and SSDI programs. Having direct access to the information and to expert staff, helps the CoC be updated regarding mainstream resources available. This also facilitates referrals to, and obtaining, mainstream benefits for participants. As well, other agencies such as the Substance Abuse and Mental Health Administration, are part of the CoC and constantly provide information to its staff on benefits for the homeless population. 2)CoC disseminates the availability of mainstream resources and other assistance information to projects continuously by doing presentations during CoC and committees' meetings and by sharing information through emails, phone calls, the webpage and social media.3)Within the CoC's geographic area, there is a large array of healthcare providers, both public and private, with which the CoC coordinates efforts for helping participants apply for aid. CoC coordinates with the PR Health Insurance Administration (ASES) for access to Plan Vital, Puerto Rico's public healthcare program. In those instances in which there may be a delay in accessing Plan Vital, participants are referred to two Section 330 Primary Health Clinics in the CoC area. Furthermore, various projects have collaborative agreements with ASES, the administrator of Plan Vital, which sends personnel to the respective entities in order to register participants. In the case of domestic violence projects, there is a virtual network which connects survivors immediately to healthcare services and resources. 4)The working relationship with ASES and other healthcare service providers facilitates the effective use of services through the Medicaid program. Projects ensure participants have assistance with the effective use of Medicaid and other benefits through case managers orientations.

1C-14.	Centralized or Coordinated Entry System–Assessment Tool. You Must Upload an Attachment to the 4B. Attachments Screen.	
	NOFO Section VII.B.1.n.	

Describe in the field below how your CoC's coordinated entry system:

1.	covers 100 percent of your CoC's geographic area;
2.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
3.	prioritizes people most in need of assistance; and
4.	ensures people most in need of assistance receive assistance in a timely manner.

(limit 2,000 characters)

1)The PR502 CE covers the entire CoC geographic area with an easy access central office, and two more access points. To ensure coverage of the entire area, the CE works according to a Hybrid model that provides assessment and coordination of services at these facilities, and a toll-free number. Additional efforts for coverage include a day and night outreach program in areas of high incidence of homelessness in collaboration with COC partners and a peer

outreach team. 2)In order to reach people who are least likely to apply for homelessness assistance the CE uses its data, data from the PIT and the experience of CoC members to establish outreach routes in areas of high incidence of homelessness in the entire geographic area. Furthermore, the CE staff systematically visits municipalities with a Case Management Mobile Unit and maintains a close relationship with community leaders, mayors, hospitals, corrections and the justice system. Regular outreach activities are conducted on a weekly basis, but high-impact activities are also carried out in areas of high vulnerability and where there is a presence of populations that typically do not ask for help. These activities are conducted in collaboration with the members of the CoC and other stakeholders from the private, public and nonprofit sectors. 3)According to the CoC written standards, the CES prioritizes the chronically homelessness and the time in which homelessness has characterized the individuals. To determine vulnerability, the CES utilizes VI-SPDAT for individuals and families and TAY-VISPDAT for Transition Age Youth. 4)To ensure people most in need of assistance receive assistance in a timely manner, referrals to projects are generated within the HMIS in real time and followed up is provided within 24 hours.

1C-15.	Promoting Racial Equity in Homelessness–Assessing Racial Disparities.	
	NOFO Section VII.B.1.o.	

Did your CoC conduct an assessment of whether disparities in the provision or outcome of homeless assistance exists within the last 3 years?	Yes
---	-----

1C-15a.	Racial Disparities Assessment Results.	
	NOFO Section VII.B.1.o.	

Select yes or no in the chart below to indicate the findings from your CoC’s most recent racial disparities assessment.

1.	People of different races or ethnicities are more likely to receive homeless assistance.	Yes
2.	People of different races or ethnicities are less likely to receive homeless assistance.	No
3.	People of different races or ethnicities are more likely to receive a positive outcome from homeless assistance.	Yes
4.	People of different races or ethnicities are less likely to receive a positive outcome from homeless assistance.	No
5.	There are no racial or ethnic disparities in the provision or outcome of homeless assistance.	Yes
6.	The results are inconclusive for racial or ethnic disparities in the provision or outcome of homeless assistance.	No

1C-15b.	Strategies to Address Racial Disparities.	
	NOFO Section VII.B.1.o.	

Select yes or no in the chart below to indicate the strategies your CoC is using to address any racial disparities.

1.	The CoC’s board and decisionmaking bodies are representative of the population served in the CoC.	Yes
2.	The CoC has identified steps it will take to help the CoC board and decisionmaking bodies better reflect the population served in the CoC.	Yes
3.	The CoC is expanding outreach in geographic areas with higher concentrations of underrepresented groups.	Yes
4.	The CoC has communication, such as flyers, websites, or other materials, inclusive of underrepresented groups.	Yes
5.	The CoC is training staff working in the homeless services sector to better understand racism and the intersection of racism and homelessness.	Yes
6.	The CoC is establishing professional development opportunities to identify and invest in emerging leaders of different races and ethnicities in the homelessness sector.	No
7.	The CoC has staff, committees, or other resources charged with analyzing and addressing racial disparities related to homelessness.	Yes
8.	The CoC is educating organizations, stakeholders, boards of directors for local and national nonprofit organizations working on homelessness on the topic of creating greater racial and ethnic diversity.	Yes
9.	The CoC reviewed coordinated entry processes to understand their impact on people of different races and ethnicities experiencing homelessness.	Yes
10.	The CoC is collecting data to better understand the pattern of program use for people of different races and ethnicities in its homeless services system.	Yes
11.	The CoC is conducting additional research to understand the scope and needs of different races or ethnicities experiencing homelessness.	Yes

1C-15c.	Promoting Racial Equity in Homelessness Beyond Areas Identified in Racial Disparity Assessment.	
	NOFO Section VII.B.1.o.	

Describe in the field below the steps your CoC and homeless providers have taken to improve racial equity in the provision and outcomes of assistance beyond just those areas identified in the racial disparity assessment.

(limit 2,000 characters)

Puerto Rico, as well as the municipalities comprising the CoC PR502 are a hispanic, multi-racial jurisdiction, where the largest percentage of the population identifies themselves as Latino. The racial disparity assessment conducted by the CoC in 2019, which was based on the 2019 PIT Count and available data from the American Community Survey, did not yield significant differences in terms of persons who are more likely to experience homelessness, as well as access to services and outcomes. Still, the CoC understands that it is important to continue to study the issue and provide training and education to avoid disparities based on race or ethnicity in access to services. The most recent training provided on the topic was offered August 27, 2021.

1C-16.	Persons with Lived Experience–Active CoC Participation.	
	NOFO Section VII.B.1.p.	

Enter in the chart below the number of people with lived experience who currently participate in your CoC under the five categories listed:

	Level of Active Participation	Number of People with Lived Experience Within the Last 7 Years or Current Program Participant	Number of People with Lived Experience Coming from Unsheltered Situations
1.	Included and provide input that is incorporated in the local planning process.	5	5
2.	Review and recommend revisions to local policies addressing homelessness related to coordinated entry, services, and housing.	5	5
3.	Participate on CoC committees, subcommittees, or workgroups.	5	5
4.	Included in the decisionmaking processes related to addressing homelessness.	5	5
5.	Included in the development or revision of your CoC's local competition rating factors.	1	1

1C-17.	Promoting Volunteerism and Community Service.	
	NOFO Section VII.B.1.r.	

Select yes or no in the chart below to indicate steps your CoC has taken to promote and support community engagement among people experiencing homelessness in the CoC's geographic area:

1.	The CoC trains provider organization staff on connecting program participants and people experiencing homelessness with education and job training opportunities.	Yes
2.	The CoC trains provider organization staff on facilitating informal employment opportunities for program participants and people experiencing homelessness (e.g., babysitting, housekeeping, food delivery, data entry).	Yes
3.	The CoC works with organizations to create volunteer opportunities for program participants.	Yes
4.	The CoC works with community organizations to create opportunities for civic participation for people experiencing homelessness (e.g., townhall forums, meeting with public officials).	Yes
5.	Provider organizations within the CoC have incentives for employment and/or volunteerism.	Yes
6.	Other:(limit 500 characters)

1D-1.	Safety Protocols Implemented to Address Immediate Needs of People Experiencing Unsheltered, Congregate Emergency Shelter, Transitional Housing Homelessness.	
-------	---	--

NOFO Section VII.B.1.q.	
-------------------------	--

Describe in the field below protocols your CoC implemented during the COVID-19 pandemic to address immediate safety needs for individuals and families living in:	
---	--

1.	unsheltered situations;
2.	congregate emergency shelters; and
3.	transitional housing.

(limit 2,000 characters)

As soon as the first case of COVID-19 was registered in Puerto Rico, the CoC convened its membership, as well as other stakeholders, to develop an action plan to address the needs of individuals and families living unsheltered, and those living in congregate shelters and transitional housing. This action plan was developed in coordination with other public health and safety agencies, following the guidelines issued by HUD and the Centers for Disease Control. The plan outlined specific actions, roles and responsibilities of CoC members and partners. In the case of emergency shelters and transitional housing, protocols were developed for managing the facilities and taking the corresponding safety measures with participants. Projects were instructed to assess their facilities and needs for materials to ensure compliance with the protocols. In addition, the creation of isolation areas for persons infected with COVID-19 was recommended. In the case of the unsheltered population, outreach efforts were coordinated for testing and linkage to services. As well, the CoC implemented the first non-congregate shelter in Puerto Rico (Municipality of San Juan), and agreements were established with two hotels to move participants. Because of the importance of information for rapid decision-making and adapting to emerging needs, the HIMIS developed an inventory of projects with individual spaces and created a specific template to document everything related to the public health emergency. During the first months of the pandemic, working committees met continuously to evaluate the success of the actions implemented and ensure that decisions could be made to strengthen or refocus efforts as needed. In those early months of the pandemic, meetings with the local HUD office and the advice received from technical assistance providers were crucial.

1D-2.	Improving Readiness for Future Public Health Emergencies.	
	NOFO Section VII.B.1.q.	

Describe in the field below how your CoC improved readiness for future public health emergencies.

(limit 2,000 characters)

The CoC procured services for the update of the CoC's and the projects emergency plans and provided training on measures to improve readiness for future public health. The service provider selected to collaborate in this effort was Heriberto Saurí, former director of the State Emergency Management Administration. Saurí has a master degree in public health, and over 40 years of experience in emergency response planning. Was the state administrative official of the Puerto Rico Public Safety Office, where he was responsible for the distribution and management of Homeland Security Funds. As a result, projects were trained on the subject and updated their emergency plans and had plans approved by the Emergency Management Agency (including the CoC's plan). A copy of the updated CoC emergency plan is included as an attachment. To address other public emergencies, the CoC projects have also acquired equipment (including power generators and water tanks) and have made modifications for making the facilities more resilient.

1D-3.	CoC Coordination to Distribute ESG Cares Act (ESG-CV) Funds.	
	NOFO Section VII.B.1.q	

Describe in the field below how your CoC coordinated with ESG-CV recipients to distribute funds to address:

1.	safety measures;
2.	housing assistance;
3.	eviction prevention;
4.	healthcare supplies; and
5.	sanitary supplies.

(limit 2,000 characters)

With the collaboration of technical assistance providers appointed by HUD, the CoC conducted a needs assessment in the context of COVID-19 to identify areas of need and make recommendations for the distribution of ESG-CV allocations. The CoC's CA is the Department of the Family, which administers the state's allocation of ESG and ESG-CV funds. Therefore, coordination with the ESG program director is constant. As part of this collaboration and the input provided by the CoC, the ESG Program implemented an advanced payment method and allocated resources to work in conjunction with the EHVP. Likewise, periodic meetings were held with the entitlement municipalities that manage ESG in the CoC area to provide them recommendations for the allocation of funds. In addition to providing specific recommendations on the distribution of funds, CoC projects were also oriented on the eligible uses for COVID-19 and the flexibilities provided by HUD, for having a greater impact.

1D-4.	CoC Coordination with Mainstream Health.	
	NOFO Section VII.B.1.q.	
	Describe in the field below how your CoC coordinated with mainstream health (e.g., local and state health agencies, hospitals) during the COVID-19 pandemic to:	
	1.	decrease the spread of COVID-19; and
	2.	ensure safety measures were implemented (e.g., social distancing, hand washing/sanitizing, masks).

(limit 2,000 characters)

Since the onset of the pandemic, the CoC has maintained close communication with the Puerto Rico Department of Health, primary health centers 330 and other health related agencies. The CoC collaborated with the PR Department of Health, in the development of the "Guide for the Prevention of Transmission of Respiratory Infections in Centers Serving the Homeless" which was distributed to all projects and in the CoCs Webpage (WWW). To prevent the spread of the virus in the homeless population, community impact activities were coordinated with these entities, concentrating efforts in areas with the highest concentration of homeless individuals. These impact activities included testing, distribution of hygiene items and later vaccination . At the project level, most projects established collaborative agreements with health centers, laboratories and other community-based health organizations for testing and distribution of safety equipment.

1D-5.	Communicating Information to Homeless Service Providers.	
	NOFO Section VII.B.1.q.	
	Describe in the field below how your CoC communicated information to homeless service providers during the COVID-19 pandemic on:	
	1.	safety measures;
	2.	changing local restrictions; and
	3.	vaccine implementation.

(limit 2,000 characters)

In order to inform service providers about safety measures, changing local restrictions and vaccine implementation, the CoC used different channels, including: periodic meetings with CoC members and other service providers using web-based platforms, sending of information via e-mail and chat, and posting of information in the CoCs webpage and social media. Information on the Governor's executive orders was shared with the members and their implications were discussed in the periodic meetings held.

1D-6.	Identifying Eligible Persons Experiencing Homelessness for COVID-19 Vaccination.	
	NOFO Section VII.B.1.q.	
	Describe in the field below how your CoC identified eligible individuals and families experiencing homelessness for COVID-19 vaccination based on local protocol.	

(limit 2,000 characters)

The CoC, and the projects, established collaboration agreements with the Department of Health and community and non-profit hospitals (see annexes) to implement the vaccination strategy. This included the designation of an epidemiologist from the PR Department of Health who visited the projects. Due to the characteristics and mobility of the population, it was understood that the best option was the Janssen vaccine, which does not require a second dose. In the case of the beneficiaries in the projects, an inventory of centers and people to be vaccinated was made and shared with the Health Department for the visits and to be able to vaccinate the participants. For the unsheltered population, community impact activities were organized with CoC member projects (e.g. PR Mental Health and Substance Abuse Administration, CES, La Perla, among others) to orient the population and vaccinate them. Currently, the CoC is coordinating with the Health Department for a second phase of vaccination .

1D-7.	Addressing Possible Increases in Domestic Violence.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC addressed possible increases in domestic violence calls for assistance due to requirements to stay at home, increased unemployment, etc. during the COVID-19 pandemic.

(limit 2,000 characters)

During the pandemic the CES has continued to train its staff with the assistance of our DV representative on the BOD. In collaboration with COC service providers it works diligently to move victims to available housing and services as needed. The DV providers have participated in a series of meetings to improve service delivery and address the increase of DV cases. They are working on customizing the vulnerability instrument to adjust to the pressing needs of DV victims since the VI-SPDAT is inefficient in this category of homelessness. Additionally, the director of CES and the DV chair on the BOD have received training from ICE to serve persons of Human Trafficking , Dating Violence, (etc). which they have passed on their staff.

1D-8.	Adjusting Centralized or Coordinated Entry System.	
	NOFO Section VII.B.1.n.	

Describe in the field below how your CoC adjusted its coordinated entry system to account for rapid changes related to the onset and continuation of the COVID-19 pandemic.

(limit 2,000 characters)

The CES continued working in person throughout the pandemic ensuring participants had access to services. It converted its mobile unit to pop-up sites for service provision in hard to reach locations. The CES received private funding to provide testing in order to reduce barriers in accessing housing, since providers were requiring negative covid test for admission. It created a dedicated outreach office through ESG-CV to increase the service provision which include testing sites, vaccination coordination, food distribution and

medical service coordination. All of these engagement efforts are provided with the purpose of moving our homeless families and individuals from the street to housing. The CES signed an MOU with PHA to qualify families for EHV and HCV to move them through the process of qualifying, identifying units and placement. Additionally, it works with the ESG recipient providing training to subrecipients on Prevention and RRH so families and individuals are moved quickly according to their vulnerability.

1E-2.	Project Review and Ranking Process Your CoC Used in Its Local Competition. You Must Upload an Attachment to the 4B. Attachments Screen. We use the response to this question as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria listed below.	
	NOFO Section VII.B.2.a., 2.b., 2.c., and 2.d.	

Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Used data from a comparable database to score projects submitted by victim service providers.	Yes
5.	Used objective criteria to evaluate how projects submitted by victim service providers improved safety for the population they serve.	Yes
6.	Used a specific method for evaluating projects based on the CoC's analysis of rapid returns to permanent housing.	Yes

1E-2a.	Project Review and Ranking Process–Addressing Severity of Needs and Vulnerabilities.	
---------------	---	--

NOFO Section VII.B.2.d.

Describe in the field below how your CoC reviewed, scored, and selected projects based on:
--

- | | |
|----|--|
| 1. | the specific severity of needs and vulnerabilities your CoC considered when ranking and selecting projects; and |
| 2. | considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area. |

(limit 2,000 characters)

1)The review and ranking process is based on HUD’s Project Rating and Ranking Tool, versions 4.1 and 5. Based on those guidelines, the CoC incorporated specific objective criteria targeted to the prioritization of projects that serve the populations with the more severe needs and vulnerabilities, according to needs and priorities identified by the CoC in its GAP Assessment (2020) and most recent Sheltered and Unsheltered PIT Count (2019). Criteria included those associated with CH, Mental Health/Substance Abuse, Victims of DV and unsheltered population. Information for the projects' evaluation was gathered mainly from the HMIS and APRs. In the case of DV service providers, information was gathered from a comparable database. According to the 2019 PIT Count during 2019, 27% of persons counted were CH, of which seven out of every 10 were unsheltered. Moreover, 63.5% had a drug or alcohol addiction problem and 38.8% have been diagnosed with a mental illness. 2)All projects, renewal and new, had to comply with a minimum threshold and, given compliance, were ranked according to their total score and the rules established by the CoC. The process included a specific criterion that gave additional weight to projects implementing a HF and low barriers approach, and points for those providing services to vulnerable populations as mentioned. As such, projects serving CH participants with specific vulnerabilities such as CH, physical and/or MH/SA disabilities, victimization history, and criminal records through PSH options (Housing First/Lower Barrier approach) received additional points. In the case of new projects, the CoC determined that priority would be given to PSH, SSO for Coordinated Entry and RRH (considering that this option helps to address the needs identified of DV population). Within the new projects a particular instrument was used to evaluate DV Bonus projects, that seek to provide information on how the proposed project addressed the population's needs.

1E-3.	Promoting Racial Equity in the Local Review and Ranking Process.	
	NOFO Section VII.B.2.e.	

Describe in the field below how your CoC:

- | | |
|----|--|
| 1. | obtained input and included persons of different races, particularly those over-represented in the local homelessness population, when determining the rating factors used to review project applications; |
| 2. | included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process; |
| 3. | rated and ranked projects based on the degree to which their program participants mirror the homeless population demographics (e.g., considers how a project promotes racial equity where individuals and families of different races are over-represented). |

(limit 2,000 characters)

1) To develop the evaluation and ranking process, the monitoring committee was activated, which has a broad representation of CoC members by race and

ethnicity. This committee met for months to develop the instruments, which were based on version 4.1 and later version 5 of the CoC Program Project Rating and Ranking Tool. Of the total number of people on the committee, 33% are white, 56% are multiracial, 11% are black, while 89% are Latino or Hispanic. This is related to our homeless population as well as to the characteristics of the general population of Puerto Rico.

2) To evaluate the proposals, a committee was established with CoC representatives. Likewise, this committee is a diverse one whose racial representation includes 43% white, 43% multiracial and 14% black. 100% are Hispanic or Latino. Likewise, this relates to our homeless population as well as the characteristics of the general population of Puerto Rico.

3) Based on our local context and the racial diversity in Puerto Rico, as well as the guidelines provided by HUD, the evaluation of the projects incorporated criteria related to the population served by the projects and how this relates to the population in need and included criteria that seek to recognize those entities that are concerned with training and raising awareness within their human capital in the promotion of equity based on race and ethnicity.

1E-4.	Reallocation—Reviewing Performance of Existing Projects. We use the response to this question as a factor when determining your CoC’s eligibility for bonus funds and for other NOFO criterion below.	
	NOFO Section VII.B.2.f.	

Describe in the field below:	
1.	your CoC’s reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;
2.	whether your CoC identified any projects through this process during your local competition this year;
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year;
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable; and
5.	how your CoC communicated the reallocation process to project applicants.

(limit 2,000 characters)

1) The reallocation process was approved by the CoC and considers the project’s compliance and effectiveness, as well as their role in relation to the CoC Strategic Plan and the needs identified. Projects are evaluated by an independent committee and one of four types of reallocations may be applied: reduction by 10% of the budget of a project that has an unexpended balance of grant funds of 10% or more in the prior 2 years, by reassigning to a new project of the same or other provider; elimination of all of the funds of a project that has obtained a score of 74% or less on the tool, to reassign funds for the operation of a new project to a new provider; elimination of all of the funds of a project that has obtained a score of 74% or less on the tool and that has an unexpended balance, that is reassigned for various new projects, or an elimination of all funds of various projects that have obtained a score of 74% or less on the tool to measure performance, so as to reassign the funds for a new project or for various projects.

2) No projects were identified for reallocation.

3) The CoC did not reallocate any low performing or less needed projects during its local competition this year

4) Does not apply

5) The reallocation process was communicated by posting it on the CoC

Webpage and Social Media and discussing it at the meetings concerning the competition process, including the meeting of September 10th, which was announced in a paper of general circulation. In addition, it was sent via email, to all members of the CoC.

1E-4a.	Reallocation Between FY 2016 and FY 2021. We use the response to this question as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criterion below.	
	NOFO Section VII.B.2.f.	

Did your CoC cumulatively reallocate at least 20 percent of its ARD between FY 2016 and FY 2021?	No

2A-4.	HMIS Implementation—Comparable Database for DV.	
	NOFO Section VII.B.3.b.	

Describe in the field below actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC:

- | | |
|----|---|
| 1. | have a comparable database that collects the same data elements required in the HUD-published 2020 HMIS Data Standards; and |
| 2. | submit de-identified aggregated system performance measures data for each project in the comparable database to your CoC and HMIS lead. |

(limit 2,000 characters)

The HMIS has a secure dedicated comparable database for DV providers that is in full compliance with HUD’s 2020 HMIS Data Standards, and that is used by 100% of DV projects. The HMIS has developed policies and procedures, (which are revised periodically), to ensure that information is kept separate and safeguarded under strict secure measures. To ensure the best management of the system, HMIS holds monthly meetings with the projects and provides one-on-one technical assistance if difficulties arise with the system. In addition, a monthly performance and quality control report with null data is generated and sent to each project individually for corrections or the corresponding measures. The CoC uses Ecovia's Clientrack DV Database, which allows projects to submit de-identified aggregated system performance measures data for each project in the comparable database to the CoC and HMIS lead. Although is not a requirement in the case of the DV projects, in recognition of the importance of this information in understanding the needs of the DV population and being able to appropriately focus CoC efforts, the HMIS provides the CoC performance reports with aggregated data on a quarterly basis.

2A-5.	Bed Coverage Rate—Using HIC, HMIS Data—CoC Merger Bonus Points.

2C-1.	Reduction in the Number of First Time Homeless—Risk Factors.	
	NOFO Section VII.B.5.b.	

Describe in the field below:

1.	how your CoC determined which risk factors your CoC uses to identify persons becoming homeless for the first time;
2.	how your CoC addresses individuals and families at risk of becoming homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time or to end homelessness for individuals and families.

(limit 2,000 characters)

1)The CoC determines risk factors for persons becoming homeless for the first time through the analysis of social and economic data, reports from the HMIS and the CE, and the discussion with CoC members, particularly prevention service providers. The CoC maintains continuous communication with state agencies and other stakeholders to identify risk factors. Factors considered include: mortgage/rent/utilities defaults; Mental Health and Substance Abuse conditions, Domestic Violence and Unemployment.

2)The CoC implements a comprehensive strategy for addressing individuals and families at risk of becoming homeless that combines outreach, expedited placements through the SSO CE and the coordination with a wide range of community stakeholders. In 2020, ESG prevention programs served ___ individuals and ___ families, providing them: payment of back rent and/or utilities for 6 months; case management to help repair credit and access benefits; job training; coordination to prevent discharge to homelessness; and RRH for 1st-time literally homeless.

3)Argie Díaz, the Director of the State ESG Program is the person responsible for overseeing CoC's strategies to reduce or end 1st time homelessness, working with the CES and CoC Director and organizations receiving ESG Prevention Grants.

2C-2.	Length of Time Homeless—Strategy to Reduce.	
	NOFO Section VII.B.5.c.	

Describe in the field below:

1.	your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
2.	how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

(limit 2,000 characters)

- 1)The average length of time (LOT) CoC participants in emergency shelters, safe havens and transitional housing remained homeless has been consistently decreasing during the recent past. In FY 2020 it was 198 days, a reduction of 17 days when compared to FY 2019. CoC Written Standards establish as a top priority PH for homeless for the longest time and with greatest service needs and providers have 48 hours to enter data in HMIS. Furthermore, of the 32 projects in the CoC, 29 have adopted the "Housing First" approach and are Low Barrier. All projects coordinate with the SSO CE, using the Vulnerability Instrument, focusing on, and placing Chronic Homeless (CH) with priority. Total beds dedicated to CH in the CoC is 757, according to the 2021 HIC. Additionally, the CoC coordinates efforts with PH authorities, the PR Department of Housing and other stakeholders to promote PSH participants that no longer require intensive supportive services to move to other housing arrangements, ensuring PSH projects focus on those with the greatest need. At the project level, case management and the development of individual plans based on the needs and characteristics of the population, play a significant role in reducing the time of homelessness.
- 2)The CoC identifies and houses individuals and persons in families homeless for the longest lengths of time through the SSO CE system and information provided by the HMIS on a quarterly basis. Meetings are held with the members of the CoC to discuss this information and provide recommendations. As well, a CH Functional Zero Committee was established that gathered specific data on CH to establish a community queue to promote placement and reduce the time they remain homeless.
- 3)Belinda Hill the SSO CE Director, is responsible for overseeing CoC strategies to reduce length of time individuals and families remain homeless.

2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing.	
	NOFO Section VII.B.5.d.	

	Describe in the field below how your CoC will increase the rate that individuals and persons in families residing in:
1.	emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations; and
2.	permanent housing projects retain their permanent housing or exit to permanent housing destinations.

(limit 2,000 characters)

The CoC ES/SH/TH/RRH projects are using the SSO CE system, by priority criteria to place participants in PH with supporting services, including case management at the earliest date possible. The CES and the CoC organizations are also collaborating with several stakeholders including landlords willing to wait for deposits to facilitate placements, CBOs that provide appliances, furniture, household articles, and agencies/organizations that offer benefits/services. The continuous revision of individual service plans based on the participant's reality and needs is one of the main retention strategies used by the CoC. This strategy emphasizes the provision of support services and the

coordination of efforts to facilitate access to mainstream benefits and employment.

2C-4.	Returns to Homelessness–CoC’s Strategy to Reduce Rate.	
	NOFO Section VII.B.5.e.	

Describe in the field below:

1.	how your CoC identifies individuals and families who return to homelessness;
2.	your CoC’s strategy to reduce the rate of additional returns to homelessness; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the rate individuals and persons in families return to homelessness.

(limit 2,000 characters)

(1)The CoC uses HMIS data to identify those returning to homelessness. SSO CE uses outreach to reconnect with these participants to promote return to PSH or alternative PH housing.
(2)As part of the strategies used to reduce additional returns to homelessness, the CoC organizations identify those at risk of returning to homelessness in order to improve case management, coordinate services needed, use collaborating entities to manage problems (mental health, substance abuse, legal problems, among others), and work with the CE System, to ensure compliance with CPD-17-01. The continuous revision and follow up on individual service plans provide the basis for organizations to implement specific strategies based on the profile and the needs of the participants.
(3)Nesherly Soldevila, from the PR Department of Housing, is the person responsible for overseeing this strategy.

2C-5.	Increasing Employment Cash Income-Strategy.	
	NOFO Section VII.B.5.f.	

Describe in the field below:

1.	your CoC’s strategy to increase employment income;
2.	how your CoC works with mainstream employment organizations to help individuals and families increase their cash income; and
3.	provide the organization name or position title that is responsible for overseeing your CoC’s strategy to increase income from employment.

(limit 2,000 characters)

During the past years, the CoC has dedicated efforts to the implementation of a data-driven strategy aimed at increasing access to employment and income for our participants. The CoC continuously analyzes the data related to these performance indicators and promotes collaborative alliances with stakeholders to address pressing needs. Specific strategies include: employment fairs; outreach activities; development of individual plans for the participants that establish goals based on their needs, skills, and strengths; coordination with the Department of Labor, WIOA organizations, and CDBG recipients to connect participants to opportunities. In addition, during the past few years, the projects in the CoC have implemented innovative strategies to promote entrepreneurship among participants, including the creation of microenterprises, economic incentives for these endeavors, and vocational workshops. Funded

projects have successfully created in-house jobs, coordinated with training and job sources. For example, the Fondita de Jesus program conducts workshops to increase employability, that include topics such as individual/family budgeting. “El Buen Pastor” and the Municipality of SJ, are examples of projects that have programs with incentives for employment, while there are other projects that have programs oriented to self-sufficiency for the population of persons fleeing DV and the disabled. All projects within the CoC encourage a work ethic and volunteering, and often employ former participants when there are job opportunities.

The CoC promotes collaborative alliances with stakeholders to help families and individuals increase their cash income, Dept. of Labor, CBDG recipients, WIOA organizations, and others to connect participants to opportunities.

The Development Coordinator of Fondita de Jesus, Edwin Otero, is responsible for overseeing this CoC strategy.

2C-5a.	Increasing Employment Cash Income–Workforce Development–Education–Training.	
	NOFO Section VII.B.5.f.	

Describe in the field below how your CoC:

1.	promoted partnerships and access to employment opportunities with private employers and private employment organizations, such as holding job fairs, outreach to employers, and partnering with staffing agencies; and
2.	is working with public and private organizations to provide meaningful education and training, on-the-job training, internships, and employment opportunities for program participants.

(limit 2,000 characters)

1)As part of the strategies implemented by the CoC to increase participant access to employment opportunities, the projects have agreements (see attachment for examples) with private sector entities, government agencies, and non-profit organizations. These agreements are geared towards providing vocational training opportunities to homeless individuals and prepare them for future employment. For example, through these efforts, one of the projects of the CoC provides over 21 areas of vocational training to enhance employment opportunities for participants. Likewise, there are agreements with fast-food chains, retirement homes, construction companies, among others, regarding job placements for homeless individuals. An important aspect in the work of all CoC members is that they provide access to employment opportunities within projects to homeless individuals who formerly received services from these projects. In so doing, many jobs in projects of this nature are occupied by former participants, which provides them with a sense of achievement and enhanced dedication towards the current participants. The CoC coordinates with public and private agents, including the Department of Economic Development and Commerce, which is in charge of the WIOA program statewide, municipal offices, job-placement agencies, foundations which support employment programs, and others.

2C-5b.	Increasing Non-employment Cash Income.	
	NOFO Section VII.B.5.f.	

Describe in the field below:

1.	your CoC’s strategy to increase non-employment cash income;
----	--

2.	your CoC's strategy to increase access to non-employment cash sources; and
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.

(limit 2,000 characters)

1&2. Increasing non-employment cash income also involves consistent and constructive collaboration with agencies who provide mainstream benefits. The CoC works in conjunction with the PRDF (the Collaborative Applicant) to obtain Nutritional and Economic Assistance and SSDI collaboration with the Veterans Benefits Administration (represented in the CoC) has also been undertaken in order to provide orientation and access to benefits for participants who are veterans. In addition, collaboration with other state and federal agencies to increase non-cash benefits constantly takes place in order to augment the ability of the CoC to provide access to these and more benefits to participants. As well, the CES has implemented an strategy for directly referring participants to mainstream benefits when this need is identified during the assessment interview. The CoC will be evaluating the results of this practice to further expand it if it result in a more timely access to benefits.

3. Héctor Pagán, project coordinator from La Perla de Gran Precio, is responsible for overseeing this CoC strategy.

4B. Attachments Screen For All Application Questions

We prefer that you use PDF files, though other file types are supported. Please only use zip files if necessary.

Attachments must match the questions they are associated with.

Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process.

We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

Welcome to the SPDAT Line of Products

The Service Prioritization Decision Assistance Tool (SPDAT) has been around in various incarnations for over a decade, before being released to the public in 2010. Since its initial release, the use of the SPDAT has been expanding exponentially and is now used in over one thousand communities across the United States, Canada, and Australia.

More communities using the tool means there is an unprecedented demand for versions of the SPDAT, customized for specific client groups or types of users. With the release of SPDAT V4, there have been more current versions of SPDAT products than ever before.

VI-SPDAT Series

The Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) was developed as a pre-screening tool for communities that are very busy and do not have the resources to conduct a full SPDAT assessment for every client. It was made in collaboration with Community Solutions, creators of the Vulnerability Index, as a brief survey that can be conducted to quickly determine whether a client has high, moderate, or low acuity. The use of this survey can help prioritize which clients should be given a full SPDAT assessment first. Because it is a self-reported survey, no special training is required to use the VI-SPDAT.

Current versions available:

- VI-SPDAT V 2.0 for Individuals
- VI-SPDAT V 2.0 for Families
- VI-SPDAT V 1.0 for Youth

All versions are available online at

www.orgcode.com/products/vi-spdats/

SPDAT Series

The Service Prioritization Decision Assistance Tool (SPDAT) was developed as an assessment tool for front-line workers at agencies that work with homeless clients to prioritize which of those clients should receive assistance first. The SPDAT tools are also designed to help guide case management and improve housing stability outcomes. They provide an in-depth assessment that relies on the assessor's ability to interpret responses and corroborate those with evidence. As a result, this tool may only be used by those who have received proper, up-to-date training provided by OrgCode Consulting, Inc. or an OrgCode certified trainer.

Current versions available:

- SPDAT V 4.0 for Individuals
- SPDAT V 2.0 for Families
- SPDAT V 1.0 for Youth

Information about all versions is available online at

www.orgcode.com/products/spdat/

SPDAT Training Series

To use the SPDAT, training by OrgCode or an OrgCode certified trainer is required. We provide training on a wide variety of topics over a variety of mediums.

The full-day in-person SPDAT Level 1 training provides you the opportunity to bring together as many people as you want to be trained for one low fee. The webinar training allows for a maximum of 15 different computers to be logged into the training at one time. We also offer online courses for individuals that you can do at your own speed.

The training gives you the manual, case studies, application to current practice, a review of each component of the tool, conversation guidance with prospective clients – and more!

Current SPDAT training available:

- Level 0 SPDAT Training: VI-SPDAT for Frontline Workers
- Level 1 SPDAT Training: SPDAT for Frontline Workers
- Level 2 SPDAT Training: SPDAT for Supervisors
- Level 3 SPDAT Training: SPDAT for Trainers

Other related training available:

- Excellence in Housing-Based Case Management
- Coordinated Access & Common Assessment
- Motivational Interviewing
- Objective-Based Interactions

More information about SPDAT training, including pricing, is available online at

Every assessor in your community regardless of organization completing the VI-SPDAT should use the same introductory script. In that script you should highlight the following information:

- the name of the assessor and their affiliation (organization that employs them, volunteer as part of a Point in Time Count, etc.)
- the purpose of the VI-SPDAT being completed
- that it usually takes less than 7 minutes to complete
- that only "Yes," "No," or one-word answers are being sought
- that any question can be skipped or refused
- where the information is going to be stored
- that if the participant does not understand a question or the assessor does not understand the question that clarification can be provided
- the importance of relaying accurate information to the assessor and not feeling that there is a correct or preferred answer that they need to provide, nor information they need to conceal

Appendix A: About the VI-SPDAT

The HEARTH Act and federal regulations require communities to have an assessment tool for coordinated entry - and the VI-SPDAT and SPDAT meet these requirements. Many communities have struggled to comply with this requirement, which demands an investment of considerable time, resources and expertise. Others are making it up as they go along, using "gut instincts" in lieu of solid evidence. Communities need practical, evidence-informed tools that enhance their ability to satisfy federal regulations and quickly implement an effective approach to access and assessment. The VI-SPDAT is a first-of-its-kind tool designed to fill this need, helping communities end homelessness in a quick, strategic fashion.

The VI-SPDAT

The VI-SPDAT was initially created by combining the elements of the Vulnerability Index which was created and implemented by Community Solutions broadly in the 100,000 Homes Campaign, and the SPDAT Prescreen Instrument that was part of the Service Prioritization Decision Assistance Tool. The combination of these two instruments was performed through extensive research and development, and testing. The development process included the direct voice of hundreds of persons with lived experience.

The VI-SPDAT examines factors of current vulnerability and future housing stability. It follows the structure of the SPDAT assessment tool, and is informed by the same research backbone that supports the SPDAT - almost 300 peer reviewed published journal articles, government reports, clinical and quasi-clinical assessment tools, and large data sets. The SPDAT has been independently tested, as well as internally reviewed. The data overwhelmingly shows that when the SPDAT is used properly, housing outcomes are better than when no assessment tool is used.

The VI-SPDAT is a triage tool. It highlights areas of higher acuity, thereby helping to inform the type of support and housing intervention that may be most beneficial to improve long term housing outcomes. It also helps inform the order - or priority - in which people should be served. The VI-SPDAT does not make decisions; it informs decisions. The VI-SPDAT provides data that communities, service providers, and people experiencing homelessness can use to help determine the best course of action next.

Version 2

Version 2 builds upon the success of Version 1 of the VI-SPDAT with some refinements. Starting in August 2014, a survey was launched of existing VI-SPDAT users to get their input on what should be amended, improved, or maintained in the tool. Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

You will notice some differences in Version 2 compared to Version 1. Namely:

- it is shorter, usually taking less than 7 minutes to complete;
- subjective elements through observation are now gone, which means the exact same instrument can be used over the phone or in-person;
- medical, substance use, and mental health questions are all refined;
- you can now explicitly see which component of the full SPDAT each VI-SPDAT question links to; and,
- the scoring range is slightly different (Don't worry, we can provide instructions on how these relate to results from Version 1).

Appendix A: About the TAY-VI-SPDAT

The HEARTH Act and federal regulations require communities to have an assessment tool for coordinated entry - and the VI-SPDAT and SPDAT meet these requirements. Many communities have struggled to comply with this requirement, which demands an investment of considerable time, resources and expertise. Others are making it up as they go along, using "gut instincts" in lieu of solid evidence. Communities need practical, evidence-informed tools that enhance their ability to to satisfy federal regulations and quickly implement an effective approach to access and assessment. The VI-SPDAT is a first-of-its-kind tool designed to fill this need, helping communities end homelessness in a quick, strategic fashion.

The VI-SPDAT

The VI-SPDAT was initially created by combining the elements of the Vulnerability Index which was created and implemented by Community Solutions broadly in the 100,000 Homes Campaign, and the SPDAT Prescreen Instrument that was part of the Service Prioritization Decision Assistance Tool. The combination of these two instruments was performed through extensive research and development, and testing. The development process included the direct voice of hundreds of persons with lived experience.

The VI-SPDAT examines factors of current vulnerability and future housing stability. It follows the structure of the SPDAT assessment tool, and is informed by the same research backbone that supports the SPDAT - almost 300 peer reviewed published journal articles, government reports, clinical and quasi-clinical assessment tools, and large data sets. The SPDAT has been independently tested, as well as internally reviewed. The data overwhelmingly shows that when the SPDAT is used properly, housing outcomes are better than when no assessment tool is used.

The VI-SPDAT is a triage tool. It highlights areas of higher acuity, thereby helping to inform the type of support and housing intervention that may be most beneficial to improve long term housing outcomes. It also helps inform the order - or priority - in which people should be served. The VI-SPDAT does not make decisions; it informs decisions. The VI-SPDAT provides data that communities, service providers, and people experiencing homelessness can use to help determine the best course of action next.

The Youth – Transition Age Youth Tool from CSH

Released in May 2013, the Corporation for Supportive Housing (CSH) partnered with Dr. Eric Rice, Assistant Professor at the University of Southern California (USC) School of Social Work, to develop a triage tool that targets homeless Transition Age Youth (TAY) for permanent supportive housing. It consists of six items associated with long-term homelessness (five or more years) among transition-aged youth (age 18-24).

Version 2 of the VI-SPDAT

Version 2 builds upon the success of Version 1 of the VI-SPDAT with some refinements. Starting in August 2014, a survey was launched of existing VI-SPDAT users to get their input on what should be amended, improved, or maintained in the tool.

Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

The TAY-VI-SPDAT – The Next Step Tool for Homeless Youth

One piece of feedback was the growing concern that youth tended to score lower on the VI-SPDAT, since the Vulnerability Index assesses risk of mortality which is less prevalent among younger populations. So, in version 2 of the VI-SPDAT, OrgCode Consulting, Inc. and Community Solutions joined forces with CSH to combine the best parts of the TAY, the VI, and the SPDAT to create one streamlined triage tool designed specifically for youth aged 24 or younger.

If you are familiar with the VI-SPDAT, you will notice some differences in the TAY-VI-SPDAT compared to VI-SPDAT version 1. Namely:

- it is shorter, usually taking less than 7 minutes to complete;
- subjective elements through observation are now gone, which means the exact same instrument can be used over the phone or in-person;
- medical, substance use, and mental health questions are all refined;
- you can now explicitly see which component of the full SPDAT each VI-SPDAT question links to; and,
- the scoring range is slightly different (Don't worry, we can provide instructions on how these relate to results from Version 1).

Appendix B: Where the VI-SPDAT is being used in the United States

Since the VI-SPDAT is provided completely free of charge, and no training is required, any community is able to use the VI-SPDAT without the explicit permission of Community Solutions or OrgCode Consulting, Inc. As a result, the VI-SPDAT is being used in more communities than we know of. It is also being used in Canada and Australia.

Welcome to the SPDAT Line of Products

The Service Prioritization Decision Assistance Tool (SPDAT) has been around in various incarnations for over a decade, before being released to the public in 2010. Since its initial release, the use of the SPDAT has been expanding exponentially and is now used in over one thousand communities across the United States, Canada, and Australia.

More communities using the tool means there is an unprecedented demand for versions of the SPDAT, customized for specific client groups or types of users. With the release of SPDAT V4, there have been more current versions of SPDAT products than ever before.

VI-SPDAT Series

The Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) was developed as a pre-screening tool for communities that are very busy and do not have the resources to conduct a full SPDAT assessment for every client. It was made in collaboration with Community Solutions, creators of the Vulnerability Index, as a brief survey that can be conducted to quickly determine whether a client has high, moderate, or low acuity. The use of this survey can help prioritize which clients should be given a full SPDAT assessment first. Because it is a self-reported survey, no special training is required to use the VI-SPDAT.

Current versions available:

- VI-SPDAT V 2.0 for Individuals
- VI-SPDAT V 2.0 for Families
- VI-SPDAT V 2.0 for Youth

All versions are available online at

www.orgcode.com/products/vi-spdatt/

SPDAT Series

The Service Prioritization Decision Assistance Tool (SPDAT) was developed as an assessment tool for front-line workers at agencies that work with homeless clients to prioritize which of those clients should receive assistance first. The SPDAT tools are also designed to help guide case management and improve housing stability outcomes. They provide an in-depth assessment that relies on the assessor's ability to interpret responses and corroborate those with evidence. As a result, this tool may only be used by those who have received proper, up-to-date training provided by OrgCode Consulting, Inc. or an OrgCode certified trainer.

Current versions available:

- SPDAT V 4.0 for Individuals
- SPDAT V 4.0 for Families
- SPDAT V 4.0 for Youth

Information about all versions is available online at

www.orgcode.com/products/spdat/

SPDAT Training Series

To use the SPDAT, training by OrgCode or an OrgCode certified trainer is required. We provide training on a wide variety of topics over a variety of mediums.

The full-day in-person SPDAT Level 1 training provides you the opportunity to bring together as many people as you want to be trained for one low fee. The webinar training allows for a maximum of 15 different computers to be logged into the training at one time. We also offer online courses for individuals that you can do at your own speed.

The training gives you the manual, case studies, application to current practice, a review of each component of the tool, conversation guidance with prospective clients – and more!

Current SPDAT training available:

- Level 0 SPDAT Training: VI-SPDAT for Frontline Workers
- Level 1 SPDAT Training: SPDAT for Frontline Workers
- Level 2 SPDAT Training: SPDAT for Supervisors
- Level 3 SPDAT Training: SPDAT for Trainers

Other related training available:

Appendix A: About the VI-SPDAT

The HEARTH Act and federal regulations require communities to have an assessment tool for coordinated entry - and the VI-SPDAT and SPDAT meet these requirements. Many communities have struggled to comply with this requirement, which demands an investment of considerable time, resources and expertise. Others are making it up as they go along, using "gut instincts" in lieu of solid evidence. Communities need a practical, evidence-informed way to satisfy federal regulations while quickly implementing an effective approach to access and assessment. The VI-SPDAT is a first-of-its-kind tool designed to fill this need, helping communities end homelessness in a quick, strategic fashion.

The VI-SPDAT

The VI-SPDAT was initially created by combining the elements of the Vulnerability Index which was created and implemented by Community Solutions broadly in the 100,000 Homes Campaign, and the SPDAT Prescreen Instrument that was part of the Service Prioritization Decision Assistance Tool. The combination of these two instruments was performed through extensive research and development, and testing. The development process included the direct voice of hundreds of persons with lived experience.

The VI-SPDAT examines factors of current vulnerability and future housing stability. It follows the structure of the SPDAT assessment tool, and is informed by the same research backbone that supports the SPDAT - almost 300 peer reviewed published journal articles, government reports, clinical and quasi-clinical assessment tools, and large data sets. The SPDAT has been independently tested, as well as internally reviewed. The data overwhelmingly shows that when the SPDAT is used properly, housing outcomes are better than when no assessment tool is used.

The VI-SPDAT is a triage tool. It highlights areas of higher acuity, thereby helping to inform the type of support and housing intervention that may be most beneficial to improve long term housing outcomes. It also helps inform the order - or priority - in which people should be served. The VI-SPDAT does not make decisions; it informs decisions. The VI-SPDAT provides data that communities, service providers, and people experiencing homelessness can use to help determine the best course of action next.

Version 2

Version 2 builds upon the success of Version 1 of the VI-SPDAT with some refinements. Starting in August 2014, a survey was launched of existing VI-SPDAT users to get their input on what should be amended, improved, or maintained in the tool. Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

You will notice some differences in Version 2 compared to Version 1. Namely:

- it is shorter, usually taking less than 7 minutes to complete;
- subjective elements through observation are now gone, which means the exact same instrument can be used over the phone or in-person;
- medical substance use, and mental health questions are all refined;
- you can now explicitly see which component of the full SPDAT each VI-SPDAT question links to; and,
- the scoring range is slightly different (Don't worry, we can provide instructions on how these relate to results from Version 1).

Appendix B: Where the VI-SPDAT is being used in the United States

Since the VI-SPDAT is provided completely free of charge, and no training is required, any community is able to use the VI-SPDAT without the explicit permission of Community Solutions or OrgCode Consulting, Inc. As a result, the VI-SPDAT is being used in more communities than we know of. It is also being used in Canada and Australia.

Scoring Range	Intervention	Comments
0-19	High Housing Need	Consider high functioning individuals with limited needs of individuals. Needs are not as complex in most of the SPDAT categories. An individual may be able to meet their own basic needs, perhaps with very light financial assistance, shelter subsidy, access to apartment rental and the like.
20-39	Basic Housing	With some supports, though not as intensive as Housing First, the individual can access self-sustaining housing. The focus of the supports will likely be on a limited number of SPDAT components. Support services do not act as long as Housing First support.
40-60	Complex Housing First	These are individuals with more complex needs who are likely to benefit from case management support (like through Intensive Case Management) or Assertive Community Treatment. Scores in the SPDAT are likely to be higher (3s and 4s) in many of the components.

0-26	Adoptive Support	Generally high functioning family with chronic periods of homelessness. Needs are not as complex in light of the F-SPDAT Guidelines. An initial study to solve their own housing issues, perhaps with very brief structural interventions, allows further access to apartment listings and the like.
27-32	Case Management	With some supports, though not as intensive as Housing First, the family can locate and maintain housing. The focus of the supports will have to be on a smaller number of F-SPDAT components. Supports do not fall as long as Housing First supports.
33-40	Housing First	These are families with more complex needs who are likely to benefit from case management supports equal to those through Intensive Case Management or Applied Community Treatment. Scores in the F-SPDAT are likely to be higher (33 and 40) in many of the components.

Opening Script

Every assessor in your community regardless of organization completing the VI-SPDAT should use the same introductory script. In that script you should highlight the following information:

- the name of the assessor and their affiliation (organization that employs them, volunteer as part of a Point in Time Count, etc)
- the purpose of the VI-SPDAT being completed
- that it usually takes less than 7 minutes to complete
- that only "Yes," "No," or one-word answers are being sought
- that any question can be skipped or refused
- where the information is going to be stored
- that if the participant does not understand a question that clarification can be provided
- the importance of relaying accurate information to the assessor and not feeling that there is a correct or preferred answer that they need to provide, nor information they need to conceal

REGLAMENTO SOBRE LAS POLÍTICAS DE ADMISIÓN Y OCUPACIÓN
CONTINUADA EN LOS RESIDENCIALES PÚBLICOS DEL ESTADO LIBRE
ASOCIADO DE PUERTO RICO

Parte 2 Lista de Espera

8.2.1. Posición en la Lista de Espera

- (i) La Administración colocará en la Lista de espera a todas las Familias que soliciten vivienda pública, de acuerdo a la fecha y hora de solicitud, preferencia, y el tamaño de la Unidad para la cual cualifica.
- (ii) La colocación en la lista de espera no indica que la Familia sea elegible para admisión. Una determinación final de la elegibilidad será hecha cuando la Familia es seleccionada de acuerdo a su turno en la lista de espera.
- (iii) La Administración colocará a las Familias en la lista de espera de acuerdo al tamaño de la Unidad para el cual la Familia cualifica según lo establecido en los normas de ocupación. Las Familias pueden pedir ser colocadas en la lista de espera para una Unidad más pequeña según las normas de ocupación. No obstante en estos casos, deben ser registrados en el listado de cambios mandatorios del Residencial para el que fue seleccionado.

8.2.2. Preferencias en la Lista de espera

Las preferencias no garantizan la admisión. Las preferencias se utilizan para establecer el orden de posición en la lista de espera, ya que estas preferencias se refieren a consideraciones concedidas a los Solicitantes. Las preferencias son las siguientes:

- (i) Desplazados
- (ii) Familia Trabajadora
- (iii) Violencia en el Hogar

(iv) Personas sin Hogar

(v) Veterano

(vi) Unificación Familiar

La Administración ha adoptado preferencias, que están relacionadas con la Declaración de la Necesidad de Vivienda (“Statement of Housing Needs”) del Plan Anual de la Administración. Las preferencias se conceden a las Familias que han cualificado y que, en el momento en que se les ofrece la Unidad (antes de firmar el Contrato de Arrendamiento) cumplen y cualifican con las preferencias descritas más adelante.

Si una Familia hace una declaración falsa para cualificar para una preferencia, la Administración le negará automáticamente la admisión al Programa.

El sistema de preferencias descrito más adelante trabajará en combinación con los requisitos necesarios para buscar el tipo de vivienda adecuado según las características de la Familia, incluyendo Unidades de vivienda designadas a ciertos tipos de población y meta de ingresos. La capacidad de proporcionar preferencias para algunos tipos de Familia dependerá del tamaño de la Unidad disponible.

Las preferencias de violencia doméstica o unificación Familiar tendrán prioridad de selección sobre las demás Familias sin importar el tiempo o fecha de la solicitud o preferencia.

(ii) La Administración utilizará las siguientes preferencias:

(a) Preferencia de desplazamiento involuntario. Esta preferencia será de aplicación a Familias Desplazadas o cuando existe una sentencia de

~~lanzamiento emitida por un tribunal solicitada por un casero privado.~~

2. Suspension of Applications

PRPHA reserves the right to suspend accepting HCV applications when it determines that the waiting list is of such size and wait time that it is unreasonable to continue adding applicants to the housing vouchers waiting list. Such suspension will be declared by the PRPHA Administrator/Deputy Administrator, or his designee and announced publicly. PRPHA may also close the Waiting List for administrative purposes. During such periods, PRPHA may continue to accept applications from Applicants qualifying for targeted funding for specific programs or specific admission preferences.

H. Selection from the Waiting List: The HCV Program

Applicants added to the HCV Waiting List will be selected in the following order, unless advertised according to non-preference, so long as available funding permits re-issuance of turnover vouchers. Verifications of preferences shall be obtained as described in the **Procedure on Verification of Information**. PRPHA reserves the right to select applicants from its waiting list based on a percentage share of preference and non-preference admissions:

1. Families involuntarily displaced from their current housing due to governmental action or federally designated natural disaster. This preference includes families whose housing assistance provided by Federal Emergency Management Agency (FEMA) is ending. Families qualifying for this preference shall have first priority over all other Families applying for housing. *A family that has been evicted or displaced for nonpayment of the rent may not be considered as involuntarily displaced and may not be eligible for the program.*
 - a. Governmental Action is define as: Subject to (1) Federal, state or local government action related to code enforcement, public improvement or development; or (2) because of conversion of the applicant's housing unit to non-rental or non-residential use, due to ending of Federal aid; or (3) closure of the unit for rehabilitation or other government use. Also due to HUD disposition of a multifamily, project under Section 203 of the Housing and Community Development Amendments of 1978.
 - b. Natural Disaster is define as: A family that has been involuntarily displaced due to a natural disaster. *Involuntary displacement* is defined as being required to vacate the housing unit as a result of a natural disaster that has caused the unit to be uninhabitable. A *natural disaster* is define as an event or force of nature that has catastrophic consequences, such as avalanche, earthquake, flood, fire, hurricane, lightning, tornado, or tsunami. Homes destroyed by fire not caused by a natural disaster do not qualify for this preference. Affected families must be certify by the Federal Emergency Management Agency (FEMA) or the Puerto Rico Emergency Management Agency by a federal declaration of State of Emergency prior to qualifying for this preference category.
 - c. Qualifying families must meet all other program eligibility requirements prior to been admitted to the program.
2. Families referred by Federal or local law enforcement agencies who have been a witness to a crime or have provided information on criminal activities

to a law enforcement agency and recommends re-housing the family to avoid or reduce risk of violence against the family.

- i. The family must be part of the Witness Protection Program or similar program. They must certify to this PHA that they are receiving services and establish the needs of re-housing to avoid the risk of violence against the family. A Judicial Order is not enough to qualify for this preference.
 - ii. At the request, the family cannot be receiving other federal housing assistance or similar program.
3. Families with a disabled member at least 18 years old and less than 62 years old who are:
 - a. Transitioning out of institutional and other segregated settings; or
 - b. At serious risk of institutionalization; or
 - c. Previously experienced homelessness and currently a client in a permanent supportive housing or rapid rehousing project.
 4. Family victims of domestic violence, dating violence, sexual assault, or stalking occurred and meets the definition of "domestic violence," "dating violence," "sexual assault," or "stalking" in HUD regulations at 24 CFR §5.2003.
 - a. For the purposes of this preference, the applicant must provide a certification issued by a government organization or agency dedicated to serving victims of domestic violence, which indicates that in his or her professional opinion the applicant meets the definition of "domestic violence" under 24CFR §5.2003.
 - b. The Program may request additional documents to verify eligibility for this preference.
 5. Applicants that do not meet any Admissions Preferences will be consider non-preference applicants.
 6. Within each group, applicants will be processed in date and time order.
 7. A family that has been evict or displace for nonpayment of the rent may not be consider as involuntarily displaced and may not be eligible for the program.

Applicants applying for or qualifying for a specific category of special use vouchers (e.g. Veterans Administration Supportive Housing [VASH] or Family Unification Program [FUP], or Mainstream or Homeownership) may be selected ahead of higher placed Applicants on the HCV Waiting List that do not qualify for the targeting funding.

The final determination of eligibility is made when the Applicants are select from the HCV Waiting List and the Applicants income and Family composition is verified.

1. Documentation to Determine Eligibility: All adult members of Applicant families are required to sign HUD's Form 9886, Authorization to Release Information Privacy Act Notice and disclose the social security number and card for each Family member. If a social security number has never been issued for a Family member, the member must obtain a social security number. The parent or guardian of a child or disabled adult must sign a certification statement for each person.

If a Family member does not have the original Social Security card issued by the Social Security Administration, PRPHA will accept photo identification and verification of the

FY 2021 CoC Program Competition Now Open

The information was originally distributed via HUD's FY 2021 Exchange in redistributing the information for awareness.

The Notice of Funding Opportunity (NOFO) for the Fiscal Year (FY) 2021 Continuum of Care (CoC) Program Competition has been posted on Grants.gov and will be available on the HUD and HUD Exchange websites later this week.

Availability in e-snaps
 The CoC Application, CoC Priority Listing, and Project Applications will be available in e-snaps no later than Thursday, August 19, 2021. Collaborative Applicants and project Applicants will be able to access the applications in e-snaps, review and enter required information for the application process.

Resources are available on the HUD.gov CoC Program Competition page and the HUD Exchange e-snaps Resources page.
 Submission Deadline: Tuesday, November 16, 2021 at 03 PM EST

Collaborative Applicants

- The CoC Application and CoC Priority Listing, which include all project applications that will be submitted to HUD, are separate submissions to a single Collaborative Partnership. Applicants must submit both parts of the CoC Consolidated Application by the application submission deadline for HUD to consider the CoC Consolidated Application to be complete.
- There are no Project Listings in the CoC Priority Listing; however, only the Type and National Project Listing codes are required to be submitted. The remaining Project Listing codes only require Collaborative Applicants to accept or reject project applications.
- The CoC Competition Report Part includes data reported in the Memorandum Data Exchange (MDE) is available for use by Collaborative Applicants to complete portions of the FY 2021 CoC Application.

Project Applicants

- Project Applicants reviewing projects can choose to import information from the project's FY 2019 renewal project application. This option is not available for projects renewing in e-snaps for the first time. Importing must occur during the funding opportunity registration step in e-snaps and is only available if you submitted a renewal project application in the FY 2019 CoC Program Competition. Imported responses must be carefully reviewed to ensure accuracy.
- Project Applicants renewing a project for the first time in e-snaps will not be able to import information from a previous application. These applicants must complete the entire renewal project application. This situation includes projects that renewed for the first time and were awarded renewal funds under the FY 2020 CoC Program Non-Competitive Funding Notice.

FY 2021 CoC Program Competition Now Open

This information was originally distributed via HUD.gov. HUD Exchange is redistributing the information for awareness.

The Notice of Funding Opportunity (NOFO) for the Fiscal Year (FY) 2021 Continuum of Care (CoC) Program Competition has been posted on [Grants.gov](#) and will be available on the HUD.gov [Funding Opportunities](#) page later today.

Availability in e-snaps

The CoC Application, CoC Priority Listing, and Project Applications will be available in [e-snaps](#) no later than Thursday, August 19, 2021. Collaborative Applicants and project applicants will be able to access the applications to review, update, and enter required information for the application process.

Resources are available on the HUD.gov [CoC Program Competition](#) page and the HUD Exchange [e-snaps Resources](#) page.

Submission Deadline: Tuesday, November 16, 2021 at 8:00 PM EST

Collaborative Applicants

- The CoC Application and CoC Priority Listing, which include all project applications that will be submitted to HUD, are separate submissions in *e-snaps*. Collaborative Applicants must submit both parts of the CoC Consolidated Application by the application submission deadline for HUD to consider the CoC Consolidated Application to be complete.
- There are six Project Listings in the CoC Priority Listing; however, only the New and Renewal Project Listings require unique rank numbers. The remaining four Project Listings only require Collaborative Applicants to accept or reject project applications.
- The CoC Competition Report that includes data reported in the Homelessness Data Exchange (HDX) is available for use by Collaborative Applicants to complete portions of the FY 2021 CoC Application.

Project Applicants

- Project applicants renewing projects can choose to import information from the project's FY 2019 renewal project application. This option is **not** available for projects renewing in *e-snaps* for the first time. Importing must occur during the funding opportunity registration step in *e-snaps* and is only available if you submitted a renewal project application in the FY 2019 CoC Program Competition. Imported responses must be carefully reviewed to ensure accuracy.
- Project applicants renewing a project for the first time in *e-snaps* will not be able to import information from a previous application. These applicants must complete the entire renewal project application. This situation includes projects that renewed for the first time and were awarded renewal funds under the FY 2020 CoC Program Non-Competitive Funding Notice.

- New project applications must be completed in full and in accordance with the new project application components permitted in this year's Competition.
- Youth Homelessness Demonstration Program (YHDP) replacement project applications must be completed in full and in accordance with the YHDP replacement project application process outlined in the NOFO.
- CoC planning and Unified Funding Agency (UFA) Costs applications will only be reviewed if submitted by the CoC's designated Collaborative Applicant identified in the CoC Applicant Profile in *e-snaps*.
- Dedicated Homeless Management Information System (HMIS) projects (renewal and new) can only be submitted by the CoC's designated HMIS Lead as identified in the CoC Applicant Profile in *e-snaps*.

New resources will be posted on the HUD.gov [CoC Program Competition](#) page between today, August 18, 2021 and Monday, August 23, 2021, including:

- FY 2021 CoC Estimated Annual Renewal Demand (ARD) Report
- Detailed instructions for the CoC Application, CoC Priority Listing, and all Project Application types
- Navigational guides for the New, Renewal, CoC Planning, and UFA Costs Project Applications, as well as the CoC Priority Listing

Additional guidance will be posted to the CoC Program Competition page within the next two weeks.

Resources currently available on the HUD Exchange [e-snaps Resources](#) page include:

- [e-snaps 101 Toolkit](#)
- [e-snaps 201 Toolkit](#)

Questions?

Questions about the CoC Program Competition must be submitted to the appropriate HUD.gov email address, as follows:

- cocnofo@hud.gov for questions about the NOFO, competition, and applications.
- e-snaps@hud.gov for questions about *e-snaps* technical issues, including creating an individual user profile, lockouts/password resets, requesting access to a CoC's or project applicant's *e-snaps* account, navigating *e-snaps*, updating the Applicant Profile, identifying the funding opportunity, creating a project, and accessing the application on the Submissions screen.

Note: Questions about policy and program implementation should continue to be submitted to the HUD Exchange [Ask A Question \(AAQ\) portal](#). In Step 2 of the question submission process, select "CoC Program" from the "My question is related to" drop down list. Do not submit Competition questions or questions about *e-snaps* to the CoC Program AAQ.

SNAPS Mailing List Subscription

SNAPS is now using two different listservs to communicate competition and program updates:

- **Subscribe to the HUD.gov listserv** for information developed by HUD/SNAPS regarding the CoC program, ESG program, YHDP, Notices of Funding Opportunity (NOFOs) developed by SNAPS, and any other information related to SNAPS programs and the work to end homelessness.
 - [Sign up for SNAPS Competition Information](#)
 - [Sign up for SNAPS Program Information](#)
- **Subscribe to the HUD Exchange listserv** for information and guidance produced by HUD technical assistance providers regarding SNAPS programs.
 - [Sign up for HUD Exchange updates](#)

SNAPS grantees and interested stakeholders should consider subscribing both to the HUD Exchange mailing list and HUD.gov mailing lists. Please communicate this information to

your homeless organizations, local government contacts, and other interested stakeholders.

Notificación de Oportunidades de Fondos "NOFO" del Departamento de la Vivienda y Desarrollo Urbano Federal para el Programa Competitivo *Continuum of Care* (CoC) para el año fiscal 2021 del CoC PR-502

El Departamento de la Familia (DF), Agencia Colaboradora del CoC PR-502, desea informar que el Departamento de la Vivienda y Desarrollo Urbano (HUD, por sus siglas en inglés), publicó la Notificación de Oportunidades de Fondos "NOFO" para el Programa de Continuo de Cuidado para Personas sin Hogar (CoC). Las entidades sin fines de lucro, municipios o agencias gubernamentales localizados en el área geográfica del CoC-502 que interesen solicitar fondos deben cumplir con los requerimientos establecidos en el *Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants, FR-6500-N-25* y otros requisitos establecidos por el CoC PR-502. Los municipios que comprende dicho Continuo de Cuidado son: Albonito, Arecibo, Barceloneta, Barranquitas, Bayamón, Camuy, Carolina, Cataño, Ciales, Comerío, Corozal, Dorado, Florida, Guaynabo, Lares, Morovis, Naranjito, Orocovis, San Juan, Toa Alta, Toa Baja, Utuado, Vega Alta y Vega Baja.

Los interesados podrán revisar el NOFO en la dirección electrónica: www.familia.pr.gov, bajo CoC PR-502 o mediante la página de facebook CoC PR-502.

Interesados en solicitar estos fondos deben enviar una carta de intención en o antes del jueves, 8 de septiembre de 2021, mediante el correo electrónico coc@familia.pr.gov. La carta debe especificar el tipo de proyecto que desea proponer (proyecto de renovación, proyecto nuevo, bono regular o bono DV), localización del proyecto y presupuesto solicitado.

Para someter propuestas es compulsorio asistir a la Reunión Extraordinaria de Pleno del CoC PR-502, aquí convocada, la cual se llevará a cabo el viernes, 10 de septiembre de 2021, en el Centro de Recepciones de Vega Alta, Carr. 2, (al lado del Cuartel Policía Municipal) de 9:00 a.m. a 12:00 m. Para asistir deberán registrarse mediante el correo electrónico coc@familia.pr.gov.

Como medida de seguridad por el COVID-19 se requerirá que los asistentes a la orientación presenten evidencia de vacuna en la entrada. Personas no vacunadas deberán presentar evidencia de prueba de resultado negativo de COVID-19, realizada dentro de un término máximo de setenta y dos (72) horas antes.

El CoC PR-502 utilizará las políticas establecidas para la determinación de prioridad y selección de proyectos que serán incluidos para consideración de HUD. De necesitar más información, puede comunicarse al Programa CoC, a través del teléfono (787) 294-4900, Ext. 1173 o 1181 o mediante el correo electrónico coc@familia.pr.gov.

PUBLIC NOTICE

Notice of Funding Opportunity "NOFO" from the U.S. Department of Housing and Urban Development for the Competitive Program Continuum of Care (CoC) for fiscal year 2021 CoC PR-502

The Puerto Rico Department of the Family (DF), CoC PR-502 Collaborative Applicant, would like to inform that the US Department of Housing and Urban Development (HUD) has published the Notice of Funding Opportunity (NOFO) for the Homeless Continuum of Care (CoC) Program. Nonprofit entities, municipalities or government agencies located in the geographic area of the CoC-502 interested in applying for funds must comply with the requirements established in the *Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants, FR-6500-N-25* and other requirements established by the CoC PR-502. The municipalities included in the Continuum of Care PR-502 are: Albonito, Arecibo, Barceloneta, Barranquitas, Bayamón, Camuy, Carolina, Cataño, Ciales, Comerío, Corozal, Dorado, Florida, Guaynabo, Lares, Morovis, Naranjito, Orocovis, San Juan, Toa Alta, Toa Baja, Utuado, Vega Alta and Vega Baja.

Interested parties may review the NOFO at the electronic address www.familia.pr.gov under CoC PR-502 or through the Facebook page of the CoC PR-502.

Those interested in soliciting these funds should send a letter of intent on or before Thursday, September 8, 2021, via email to the following address: coc@familia.pr.gov. The letter must specify the type of project to be proposed (renovation project, new project, regular bonus or DV bonus), location of the project and budget requested.

To submit proposals, it is mandatory to attend the Extraordinary Plenary Meeting of the CoC PR-502, which will be held on Friday, September 10, 2021, at the Vega Alta Reception Center, Road PR-2, (next to the Municipal Police Station) from 9:00 a.m. to 12:00 noon. To attend, registration via the e-mail address coc@familia.pr.gov is mandatory.

As a security measure due to COVID-19, those attending the orientation will be required to present evidence of vaccination at the entrance. Unvaccinated persons must present evidence of a negative COVID-19 test result carried out within a maximum term of seventy-two (72) hours prior to the orientation.

The PR-502 CoC will use established policies for the determination of priority and selection of projects to be included for HUD's consideration. For more information, you may contact the CoC Program at (787) 294-4900, Ext. 1173 o 1181 or via e-mail at coc@familia.pr.gov.

PROCESO PARA EVALUAR, ASIGNAR PUNTUACIÓN Y ESTABLECER EL ORDEN DE PRIORIDAD PARA LA SELECCIÓN DE PROYECTOS DEL CoC PR-502 (2021)

I. PROCESO DE EVALUACIÓN Y PRIORIZACIÓN

A. Solicitudes de Renovación

1. Proyectos de Renovación

- Todo proyecto de renovación sometido en la Propuesta del CoC PR-502 tendrá que haber sido incluido en el “*Grant Inventory Worksheet (GIW)*” según aprobado por HUD en el 2021.
- Los proyectos de renovación tendrán que someter una Carta de Intención y asistir a la Orientación del NOFO 2021, según requerido por el CoC PR-502 mediante Aviso Público y tendrán que someter los siguientes documentos: APR del último periodo completado; Informes de E-loccs del último periodo completado; último single audit o estado financiero, según aplique; informar si el proyecto ha tenido monitoria y de ser afirmativo, tendrá que incluir copia del Informe de Monitoria y Plan de Acción Correctiva; copia del último contrato del periodo completado, y Certificación de Good Standing, si aplica.
- El CoC PR-502 estableció el 15 de octubre de 2021 como fecha límite para que los proyectos sometan sus propuestas en ESNAPS, en cumplimiento con el requisito de HUD de someter las propuestas individuales no más tarde de 30 días antes de la fecha límite para someter la solicitud.
- Todo proyecto sometido tiene que reunir los criterios mínimos de elegibilidad y ejecución establecidos por HUD.
- Los proyectos de renovación serán presentados en la Lista de Proyectos del CoC PR-502, según la puntuación obtenida mediante el Instrumento de Evaluación para la Priorización de Proyectos de Renovación (2021), aprobado por el CoC.
- Estos proyectos serán sometidos en el “Tier 1” o “Tier 2” de la Propuesta del CoC PR-502, según la puntuación obtenida en la Evaluación para la Priorización de Proyectos de Renovación (2021) en orden descendente, independientemente el tipo de proyecto.
- Las entidades que sometan proyectos de renovación tienen que tener código de conducta aprobado por HUD.

2. Proyecto de Renovación de HMIS

- La Ley "HEARTH" del 20 de mayo de 2009 requiere que todo CoC tenga un sistema de HMIS para la recopilación de datos de los individuos y familias sin hogar.
- La Agencia Líder del HMIS tiene que contar con la ratificación del pleno del CoC PR-502 para ser sometido en la propuesta consolidada.
- El proyecto de HMIS del CoC PR-502 tiene que haber sido incluido en el GIW de 2021 aprobado por HUD.
- Los proyectos de renovación de *HMIS* tendrán que someter una Carta de Intención y asistir a la orientación del NOFO 2021, según requerido por el CoC PR-502 mediante Aviso Público y tendrán que someter los siguientes documentos: APR del último periodo completado; Informes de Eloccs del último periodo completado; último single audit o estado financiero, según aplique; informar si el proyecto ha tenido monitoria y de ser afirmativo, tendrá que incluir copia del Informe de Monitoria y Plan de Acción Correctiva; copia del último contrato del periodo completado, y Certificación de Good Standing, si aplica.
- Proyectos aceptados tendrán que haber sido sometidos en ESNAPS no más tarde que 30 días antes de la fecha límite para someter la solicitud del CoC, en o antes del 15 de octubre de 2021.
- El Proyecto de Renovación de HMIS será incluido en el Tier 1, de acuerdo a la puntuación obtenida en el Evaluación para la Priorización de Proyectos de Renovación (HMIS) 2021, el cual tiene que cumplir con los criterios establecidos por HUD.
- Los proyectos de renovación de HMIS tienen que tener el Código de Conducta aprobado por HUD.

3. Proyectos de Renovación de SSO for Coordinated Entry

- Los proyectos de renovación de *SSO for Coordinated Entry System (CES)* tienen que haber sido incluidos en el GIW 2021 aprobado por HUD.
- Los proyectos de renovación de *SSO for CES* tendrán que someter una Carta de Intención y asistir a la orientación del NOFO 2021, según requerido por el CoC PR-502 mediante Aviso Público y tendrán que someter los siguientes documentos: APR del último periodo completado; Informes de Eloccs del último periodo completado; último single audit o estado financiero, según aplique; informar si el proyecto ha tenido monitoria y de ser afirmativo, tendrá que incluir copia del Informe de Monitoria y Plan de Acción Correctiva; copia del último contrato del periodo completado, y Certificación de Good Standing, si aplica.
- La agencia que administre el proyecto del *CES* tiene que contar con la ratificación del pleno del CoC PR-502 para ser sometido en la propuesta consolidada del CoC PR-502 2021.

- Proyectos aceptados tendrán que haber sido sometidos en ESNAPS no más tarde que 30 días antes de la fecha límite para someter la solicitud del CoC, en o antes del 15 de octubre de 2021.
- Se requiere que todo proyecto sometido reúna los criterios mínimos de elegibilidad y ejecución establecidos por HUD.
- Los proyectos de renovación para *SSO for CES* serán incluidos en el Tier 1, según la puntuación obtenida en el Evaluación para la Priorización de Proyectos de Renovación (CES) 2021 y los criterios establecidos por el CoC PR-502.
- Los proyectos de renovación de *SSO for CE* tienen que tener el Código de Conducta aprobado por HUD.

Todos los proyectos de renovación que tengan 75% o más en su evaluación y que sean aprobados por el CoC en pleno serán sometidos en la propuesta de CoC 2021. Además, los proyectos de renovación que tengan un balance sin gastar de 10% o más durante los pasados dos años se les retendrá dicha cantidad y se dispondrá los fondos para reasignación.

Las entidades con proyecto de renovación tienen la oportunidad de revisar la evaluación de sus proyectos en el periodo establecido para cualquier corrección.

II. Solicitudes de Proyectos Nuevos (Reasignación o Bono Regular)

1. Proyectos Nuevos de Vivienda Permanente con Servicios de Apoyo, Rapid Rehousing, Joint TH and PH-RRH, HMIS o SSO for CES

- Según establecido en el NOFO 2021, HUD y el CoC PR-502 solamente aceptarán proyectos nuevos de (1) vivienda permanente con servicios de apoyo; (2) Rapid Rehousing; (3) SSO for Coordinated Entry y (4) HMIS (5) Joint TH & PH-RRH .
- El CoC PR-502 estableció como primera prioridad proyectos SSO for Coordinated Entry, segunda prioridad proyectos de vivienda permanente con servicios de apoyo, tercera prioridad proyectos Rapid Rehousing, cuarta prioridad HMIS y quinta prioridad Joint TH & PH-RRH.
- Las organizaciones que interesen solicitar fondos para proyectos nuevos en el 2021 tendrán que someter Carta de Intención y asistir a la orientación del NOFO 2021 en o antes de la fecha límite, según establecida en el Aviso Público emitido por el CoC PR-502 en un periódico de circulación general.
- Las entidades que interesen solicitar fondos tendrán que someter los siguientes documentos: último single audit o estado financiero, según aplique; Certificación de Good Standing, si aplica; Certificación 501 y la Certificación 1101.; Cuestionario para

Evaluación Pre Propuesta para Proyectos Nuevos; Certificación de Consistencia (HUD 2991) y tener aprobado Código de Conducta aprobado por HUD.

- Se someterán proyectos nuevos si surge la disponibilidad de fondos por el proceso de reasignación de fondos liberados por el rechazo de algún proyecto de renovación que haya obtenido 74% o menos en la Evaluación para la Priorización de Proyectos de Renovación (2021) o mediante bono regular.
- Aquellas entidades que tengan un proyecto existente y hayan solicitado al CoC PR-502 una reasignación para someter como proyecto nuevo manteniendo los fondos totales tienen que haber obtenido 75% o más en la Evaluación de Resultados para la Priorización de Proyectos de Renovación (2021). Estos proyectos serán incluidos en "Tier 1 o Tier 2", según la puntuación obtenida en la evaluación del proyecto existente.
- Todo proyecto nuevo (reasignación y bono regular) será evaluado de acuerdo a la Hoja de Evaluación de Proyectos Nuevos, según corresponda, y se incluirán al final en el Tier 2, luego de los proyectos de renovación. Se requiere que todo proyecto nuevo o bono regular sometido reúna los criterios mínimos de elegibilidad y ejecución establecidos por HUD.
- De existir un proyecto nuevo de expansión del CES, se incluirá en el "Tier 1", seguido del proyecto de renovación del CES.
- Para los proyectos de bono regular se tomará en consideración el % establecido en el NOFO del PPRN del CoC.
- Solamente aquellos proyectos nuevos aprobados por el pleno del CoC PR-502 serán sometidos en la aplicación del CoC 2021.

2. Proyecto Nuevo de Planificación

- La Agencia Colaboradora del CoC PR-502 es la única entidad autorizada para solicitar los fondos por medio de un proyecto nuevo para cubrir los costos de planificación en el 2021.
- La Agencia Colaboradora tiene que contar con la ratificación del pleno del CoC PR-502.
- Este proyecto está exento del proceso de Carta de Intención.
- El proyecto de planificación no se incluirá en el ranking de los proyectos.

3. Proyecto Nuevo *Transition Grant*

- Todo proyecto existente que interese convertirse en un proyecto *Transition Grant* puede cambiar un componente existente de renovación a otro componente por medio del proceso de reasignación de fondos.
- Los cambios elegibles son a: PH-PSH; PH-RRH, Joint TH PH-RRH; HMIS o SSO for CE.

- Las entidades que interesen solicitar fondos bajo la categoría de *Transition Grant* en el 2021 tendrán que someter Carta de Intención en o antes de la fecha límite y participar de la orientación del NOFO 2021, según establecida en el Aviso Público emitido por el CoC PR-502 en un periódico de circulación general.
- Se tomará en consideración la puntuación obtenida en Instrumento de Evaluación de Proyectos de Renovación.

III. Solicitudes de proyectos para Bono DV

1. Las entidades que interesen solicitar fondos para proyectos Bono DV en el 2021 tendrán que someter Carta de Intención en o antes de la fecha límite y asistir a la orientación del NOFO 2021, según establecida en el Aviso Público emitido por el CoC PR-502 en un periódico de circulación general.
2. Para los proyectos de Bono DV se tomará en consideración el 15% del PPRN del CoC aprobado por HUD.
3. Se requiere que todo proyecto Bono DV sometido reúna los criterios mínimos de elegibilidad y ejecución establecidos por HUD.
4. Los proyectos de Bono DV solo se aceptarán para los siguientes componentes: PH-RRH; Joint TH and y SSO for CE.
5. Las entidades que sometan propuesta para Bono DV tienen que tener Código de Conducta aprobado por HUD.
6. Los proyectos Bono DV se incluirán al final de la Lista de Proyectos, según su puntuación.
7. Solamente aquellos proyectos Bono DV aprobados por el pleno del CoC PR-502 serán sometidos en la aplicación del CoC 2021.

IV. CRITERIOS PARA ASIGNAR PUNTUACIÓN Y SELECCIÓN DE PROYECTOS

El proceso de evaluación de proyectos de renovación será realizado por el Comité de Evaluación y Monitoria del CoC PR-502, utilizando el Instrumento de Evaluación para la Priorización de Proyectos (2021), según aprobado por el pleno del CoC, y de conformidad con los criterios establecidos en el NOFO 2021. El Comité tendrá que firmar una Certificación de Conflicto de Interés en la que expresa que en caso de que se evalúe algún proyecto en el que tenga algún conflicto de interés se mantendrá exento de participar en dicho proceso.

Aquellas organizaciones con proyectos de renovación que sus fondos sean eliminados y se les permita someter nuevos proyectos manteniendo la totalidad de los fondos se utilizará el Instrumento de Evaluación para la Priorización de Proyectos (2021), y mantendrán la puntuación obtenida como resultado de la evaluación del proyecto existente para establecer el orden en la Lista de Proyectos.

Los proyectos nuevos de otras organizaciones que surjan como resultado de la eliminación de un proyecto existente y que a su vez no se le haya permitido a la organización mantener la totalidad de los fondos serán evaluados por un Comité Evaluador designado que no tenga conflicto de interés y se utilizará la Hoja de Evaluación de Propuestas- Proyectos Nuevos, según el tipo de componente (PSH, RRH, Joint TH and PH-RRH, SSO for Coordinated Entry).

El CoC PR-502 determinó aceptar proyectos nuevos bajo bono regular utilizando el 5% del PPRN aprobado por HUD para el CoC luego de los proyectos de renovación.

Estimado señor Duarte:

Saludos cordiales. En calidad de Agencia Colaboradora del CoC PR-502, le informamos que el Comité de Evaluación de Propuestas de proyectos nuevos evaluó su propuesta para el proyecto **Guara BÍ- Manaya** en cumplimiento con el *Notice of Funding Opportunity* (NOFO) 2021 del Programa de Cuidado Continuo (CoC). De acuerdo con la evaluación del Comité, el pleno del CoC determinó en reunión del 28 de octubre de 2021 que su proyecto fuera rechazado por la siguiente razón:

1. En la parte 3A, inciso 5^a, de la propuesta sometida por la entidad seleccionó como tipo de proyecto *permanent supportive housing* (PSH), sin embargo, en la parte 6^a, inciso 2, seleccionó que el tipo de fondo que estaba solicitando era bajo DV Bonus.

En la Parte II, inciso B (11)(e) del NOFO 2021, se establece que solamente se pueden solicitar fondos mediante DV Bonus bajo las categorías de *Rapid Rehousing, Joint TH and PH-RRH o SSO projects for Coordinated Entry*. Por tal razón, la propuesta no cumple con los requerimientos del NOFO 2021.

De necesitar más información, pueden comunicarse con la que suscribe al teléfono (787)-294-4900, ext. 1181 o mediante el correo electrónico llamboy@familia.pr.gov o mpagan@familia.pr.gov.

Cordialmente,

Sr. Cristian O. Duarte
Presidente
Guara Bí, Inc

Estimado señor Duarte:

Saludos cordiales. En calidad de Agencia Colaboradora del CoC PR-502, le informamos que el Comité de Evaluación de Propuestas de proyectos nuevos evaluó su propuesta para el proyecto **Guara Bí- Bartolo Joy** en cumplimiento con el *Notice of Funding Opportunity* (NOFO) 2021 del Programa de Cuidado Continuo (CoC). De acuerdo con la evaluación del Comité, el pleno del CoC determinó en reunión del 28 de octubre de 2021 que su proyecto fuera rechazado por las siguientes razones:

1. En la parte 3B, Descripción del Proyecto, de la propuesta se indica que el proyecto va a ofrecer vivienda permanente a personas de edad avanzada sin hogar y/o violencia doméstica. Además, se indica que bajo esta propuesta tendrán diez (10) camas disponibles para mujeres y hombres de la tercera edad. En la parte 3B (3) indican que van a atender todas las subpoblaciones, sin embargo, no es cónsono con la parte 3B (8) que indican que es un proyecto 100% *dedicated*, lo que significa que es 100% para crónicos.
2. En la parte 4B de la propuesta indican que es una (1) unidad con cinco (5) camas compartidas o privadas lo que contradice la información indicada en la parte 3B que hacen referencia a diez (10) camas.

Por lo antes mencionado, la propuesta refleja inconsistencias en la información provista.

De necesitar más información, pueden comunicarse con la que subscribe al teléfono (787)-294-4900, ext. 1181 o mediante el correo electrónico llamboy@familia.pr.gov o mpagan@familia.pr.gov.

Estimado señor Brens Aquino:

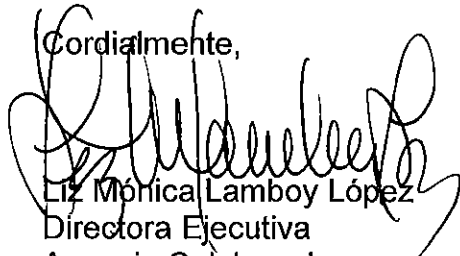

Saludos cordiales. En calidad de Agencia Colaboradora del CoC PR-502, le informamos que el Comité de Evaluación de Propuesta de proyectos nuevos evaluó su propuesta del proyecto **“De Vuelta a la Vida con un Hogar Seguro”** en cumplimiento con el *Notice of Funding Opportunity 2021* (NOFO) del Programa de Cuidado Continuo (CoC). De acuerdo con la evaluación el Comité, el Pleno del CoC determinó en reunión del 28 de octubre de 2021 que su propuesta fuera rechazada por la siguiente razón:

1. En la parte 3A, la propuesta indica que está solicitando fondos para el componente de Joint TH and PH-RRH. No obstante, en el parte 4B indica que todas las unidades y camas son bajo el componente TH y no refleja ninguna unidad para el componente de RRH.

El NOFO 2021 establece que el cincuenta por ciento 50% del presupuesto debe estar dirigido al componente de RRH, por lo que la propuesta no cumple con este requerimiento.

De necesitar más información, puede comunicarse con la que subscribe al teléfono (787)-294-4900, ext. 1181 o mediante el correo electrónico llamboy@familia.pr.gov o mpagan@familia.pr.gov.

Estimado señor Brens Aquino:

Saludos cordiales. En calidad de Agencia Colaboradora del CoC PR-502, le informamos que el Comité de Evaluación de Propuesta de proyectos nuevos evaluó su propuesta del proyecto “**De Vuelta a la Vida III**” en cumplimiento con el *Notice of Funding Opportunity 2021* (NOFO) del Programa de Cuidado Continuo (CoC). De acuerdo con la evaluación el Comité, el Pleno del CoC determinó en reunión del 28 de octubre de 2021 que su propuesta fuera aceptada condicionada por la siguiente razón:

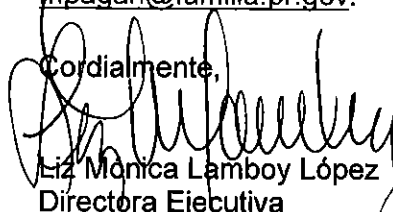

1. En la parte 3B, inciso 1 de la propuesta sometida por la entidad indicó que estará dando servicios a los 24 municipios del CoC 502, aunque se enfocará en los municipios de Bayamón, Toa Baja, Vega Baja, Vega Alta y Arcibo. En la propuesta incluyeron solamente el formulario HUD-2991, Certificación de Consistencia con el Plan Consolidado del municipio de Bayamón.

También, en la parte 4B, inciso 5, indican que atenderán los veinticuatro (24) municipios del CoC PR-502.

Tomando en consideración que las Certificaciones de Consistencia son un requisito de cumplimiento del NOFO 2021, el pleno condicionó la aceptación de la propuesta a que la ASSMCA cumpla con someter las Certificaciones de Consistencia de los municipios a servir. La Agencia Colaboradora debe recibir las mismas en o antes del 14 de noviembre de 2021. De no cumplir, el proyecto no será incluido como parte de la lista de proyectos.
