INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

1. APPLICATION OF TARIFF

This tariff contains the rates and regulations applicable to the provision of Long Distance Message Telecommunications Service by Telefonica Larga Distancia de Puerto Rico, Inc. (hereinafter referred to as "TLDPR" or the "Company"), between two different points in the jurisdiction of the island of Puerto Rico including the municipalities of Vieques and Culebra. The points are considered to be defined as a Town; it will include calls between two NXX's of two different towns; or calls between a Metropolitan Areas NXX located on any town within the PR jurisdiction and vice versa.

Service is furnished subject to transmission, atmospheric and like conditions, by wire, fiber optics, radio terrestrial or satellite facilities or any combination thereof.

2. REGULATIONS

2.1. Undertaking of the Company

2.1.1. Scope

TLDPR undertakes to provide Long Distance Message Telecommunications Service in accordance with the terms and conditions set forth in this tariff.

2.1.2. Transmission Medium- The Company selects the channels and equipment used to provide SDS. Any suitable technology or combination of technologies may be used to provide service. The Company may modify or change the channel and equipment at anytime subject to the regulations in section 2.1.10 following.

2.1.3. Provision of Switched Digital Service - SDS is fully supported by the Company through engineering, installation and maintenance efforts. The Company will assure that SDS functions properly within its specified transmission and switching parameters.

- a. Engineering- The Company will engineer SDS to the specifications and parameters of the service provided.
- b. Installation- When installation of an SDS component is required, it will be installed subject to the availability of installation personnel and equipment. Installations will usually be made during normal working hours.
- c. Maintenance- The Company will maintain and repair the SDS service, which it provides.

2.1.4. Through Transmission of Signals- The Company is responsible for engineering, operating and maintaining the service it provides. It's also responsible for the quality of the transmission of that service.

2.1.5. Limitations of the Provision of Service

- a. Availability of Service- Service is offered subject to: A reservation confirmed by the Company for the desired period of use of SDS.
- b. Restoration of the Service- In the event of failure, service will be restored in compliance with Part 64, Subpart D of the FCC's Rules and Regulations.

ISSUED: NOVEMBER 5, 2002

EFFECTIVE: NOVEMBER 5, 2002

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont.)

2.1. Undertaking of the Company (Cont.)

2.1.6. Shortage of Facilities

All service is subject to the availability of suitable facilities. The Company reserves the right to limit the length of communications or to discontinue furnishing services when necessary because of the lack of satellite or other transmission medium capacity or because of any causes beyond its control.

2.1.7. Liability of the Company

2.1.7.1. The Company shall have no liability for damages of any kind arising out or related to events, acts, rights or privileges contemplated in this tariff. This tariff does not limit the liability of the Company for willful misconduct.

2.1.7.2. The liability of the Company for damages resulting in whole or part from, or arising in connection with the furnishing of service under this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors or defects in transmission, or failures or defects in facilities furnished by TLDPR, occurring in the course of furnishing service or other facilities and not caused by the negligence of the Customer, or of TLDPR in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall not exceed an amount equal to five (5) times the initial minute charge provided for under this tariff for the call for the period during which the call was effected. No other liability in any event shall be attached to the Company.

2.1.7.3. The Company shall not be liable for any failure of performance hereunder due to causes beyond its control, including but not limited to acts of God; fires, flood or other catastrophes; any law, order, regulation, directive, action or request of the government, including federal and local government having jurisdiction over the Company, or of any department, agency, commission, bureau, corporation or other instrumentality of such government; national emergencies, insurrections, riots, wars or other labor difficulties.

2.1.7.4. The Company shall not be liable for any act or omission of any other entity furnishing to the Customer facilities or equipment used with TLDPR's Long Distance Message Telecommunications Service; nor shall the Company be liable for any damages or losses due to the failure or negligence of the Customer or due to the failure of Customer-provided equipment or facilities.

2.1.7.5. TLDPR is not liable for any damages, including toll usage charges, the customer may incur as a result of the unauthorized use of its telephone facilities. This unauthorized use of the customer's facilities includes, but is not limited to, the placement of calls from the customer's premises, and the placement of calls through equipment, which are transmitted on the TLDPR network. TLDPR may work with customers to recommend possible solutions to reduce unauthorized use of their facilities. However, TLDPR does not warrant or guarantee that its recommendations will prevent all unauthorized use, and the customer is responsible for controlling access to, and use of, its own telecommunications facilities.

ISSUED: NOVEMBER 5, 2002

EFFECTIVE: NOVEMBER 5, 2002

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont.)

2.1. Undertaking of the Company (Cont.)

2.1.7. Liability of the Company (Cont.)

2.1.7.6. General- The Company will furnish and maintain its service components in a manner technologically suitable or feasible for TLDPR.

2.1.7.7. Changes in Components, Operations, or Procedures- The Company is not responsible to any party if a change in its service components, operations, or procedures (1) affects any facilities, Customer equipment, or Customer-provided communications systems in any way, or (2) requires their modification in order to be used with SDS. However, if such changes can be reasonably expected to materially affect the operating or transmission characteristics of SDS or render any Customer equipment or Customer-provided communications system incompatible with SDS, the Company will provide adequate notice, in writing, to allow the Customer an opportunity to maintain uninterrupted service.

2.1.8. Claims

The Company shall be indemnified and saved harmless by the Customer from and against all loss, liability, damage and expense, including reasonable counsel fees, due to claims for libel, slander, or infringement of copyright in connection with the material transmitted over the Company's facilities; and any other claim resulting from any act or omission of the Customer, relating to the use of the Company's facilities.

2.1.9. Provision of Equipment and Facilities

2.1.9.1. Except as otherwise indicated, Customer-provided station equipment at the Customer's premises for use in connection with this service shall be so constructed, maintained and operated as to work satisfactorily with the facilities of the Company.

2.1.9.2. The Company shall not be responsible for the installation, operation or maintenance of any Customer-provided communications equipment. Where such equipment is connected to service furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of services under this tariff and to the maintenance and operation of such service in the proper manner; subject to this responsibility, the Company shall not be responsible for:

- (a) the through transmission of signals generated by Customer-provided equipment; or
- (b) network control signaling where such signaling is performed by Customer-provided equipment; or
- (c) network control signaling where such signaling is performed by Customer-provided network control signaling.

2.2. Prohibited Uses

Long Distance Message Telecommunications Service shall not be used for any unlawful purpose.

ISSUED: NOVEMBER 5, 2002

EFFECTIVE: NOVEMBER 5, 2002

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont.)

2.3. Obligations of the Customer

2.3.1. Customer Premises Provisions

2.3.1.1. The Customer shall provide the personnel, power and space required to operate all Customer's facilities and associated equipment installed on the premises of the Customer.

2.3.1.2. The Customer shall be responsible for providing Company personnel access to the premises of the Customer at any reasonable hour for the purpose of testing the facilities or equipment of the Company.

2.3.2. Liability of the Customer

The Customer will be liable for damages to the facilities of the Company caused by the negligence or willful acts of the officers, employees, agents or contractors of the Customer.

2.4. Use of Service

The Long Distance Message Telecommunications Service may be used to transmit communications of the Customer in a manner consistent with the terms of this tariff and the policies and regulations of the Telecommunications Regulatory Board of Puerto Rico and local authorities having jurisdiction over the service.

2.5. Customer Equipment and Channels

2.5.1. Interconnection of Facilities

2.5.1.1. Interconnection between Customer-provided services must be made by the Customer at the operating offices of the Company.

2.5.1.2. In order to protect the Company's facilities and personnel and the services furnished to other Customers by the Company from potentially harmful effects, the signals applied to the Company's service shall be such as not to cause damage to the facilities of the Company. Any special interface equipment necessary to achieve compatibility between facilities of the Company and the channels of facilities of others shall be provided at the Customer's expense.

2.5.2. Inspections

The Company may, upon suitable notification to the Customer, at a reasonable time, make such tests and inspections as may be necessary to determine that the requirements regarding equipment and interconnections are being complied with in the installation, operation and maintenance of Customer-provided equipment and in the wiring of the connection of Customer channels to Company owned facilities.

If the protective requirements in connection with Customer-provided equipment are not being complied with, the Company may take such action as necessary to protect its facilities and personnel and will promptly notify the Customer in writing of the need for protective action. In the event that the Customer fails to advise the Company within ten (10) days after such notice that corrective action has been taken, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities and personnel from harm. The Company will provide the Customer on reasonable request with a statement of technical parameters the Customer's equipment must meet.

ISSUED: NOVEMBER 5, 2002

EFFECTIVE: NOVEMBER 5, 2002

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont.)

2.6. Payment Arrangements

2.6.1. Payment for Services

2.6.1.1. The Customer is responsible for payment of all charges for facilities and services furnished by the Company.

2.6.1.2. Federal and Local taxes, where applicable, shall be added to the charges contained herein.

2.6.1.3. Bills are due and payable upon receipt. Penalty Fee at the lesser of (1) the rate of one and one half (1.5) percent per month and (2) the highest rate allowed by law per month, shall accrue upon any unpaid amount commencing thirty (30) days after the date of the bill for the amount first sent. In the event that the Company fees or any expenses, including attorney's fees in collecting, or to collect any charges owed, the Company may charge the subscriber all fees and expenses reasonable incurred. Collection fees on unpaid charges shall begin to accrue when the account is assigned to an outside collection agency. Such collection fees are separate and distinct from attorney's fees and other costs incurred in collecting charges.

2.6.1.4. A new Customer whose credit has not been established with TLDPR may be required to pay in advance the estimated charges for one month's service. In addition TLDPR may require a deposit from a Customer of an amount equivalent to the estimated charges for two month's service. Interest at a rate of 5% per year will be paid on such deposits.

2.6.1.5. Termination Penalty - Customers subscribed to the Universal Discount Plan (Plan Star), who terminate their services prior to fulfilling initial term commitment will be assessed a termination penalty. This penalty consists of the average billing for the months already billed, multiplied by the number of remaining months. This termination penalty will be billed in one lump sum.

When the date that the Switch Data Service is started, changed or discontinued does not coincide with the billing date, charges, which are based upon monthly rates, will be calculated to reflect the fractional part of the months service is provided. For billing purposes, each month is considered to have 30 days. Not necessarily correspond to calendar month.

2.6.1.6. All calls originated from payphones that qualifies for the payment of the demanded fee by the FCC in the docket number 96-128, in relation to dial around calls, will pay a fee of \$0.30 per call.

2.6.2. Discontinuance of Service for Cause

Upon non-payment of any sum due to the Company, or upon a violation of any of the conditions governing the furnishing of service, the Company may, by notice in writing to the Customer, without incurring any liability, forthwith discontinue the furnishing of service within fifteen (15) days of such notice.

ISSUED: NOVEMBER 5, 2002

EFFECTIVE: NOVEMBER 5, 2002

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont.)

2.6. Payment Arrangements (Cont.)

2.6.3. Credit Allowance for Interruptions

A credit allowance as set forth below is applicable to that portion of a call which is interrupted due to poor transmission (e.g., noisy circuit condition), one-way transmission (one party is unable to hear the other), or involuntary disconnection (cut-off) of the call caused by components of Long Distance Message Telecommunications Service poor transmission conditions the Customer will receive credit equivalent to the period in which the call was interrupted, i.e., the initial or additional period.

- (a) Wrong Numbers. When a wrong number is reached, a credit equivalent to the initial period of the call will be granted, if the Customer reports the situation promptly to the Company operator. In order to receive the proper credit, the Customer must notify the Company operator, Billing Company Representative or Customer Service Representative and furnish the called number, the trouble experienced (e.g., cut-off, noisy circuit, reached wrong number, etc.) the class of call, and the approximate time the call was placed. At the Customer's option, when the Company operator is notified, the operator will attempt to reestablish the call. Long Distance Message Telecommunications Service charges will apply to the reestablished call.
- (b) Interruptions to Established Calls. When a call is interrupted due to cut-off, one-way transmission, or poor transmission conditions, the Customer will receive credit equivalent to the period in which the call was interrupted. The credit will be granted when the Customer reports the situation promptly to the Company operator.
- (c) When Credit Allowance Does Not Apply. Credit allowance does not apply for:
 - Interruptions caused by the negligence of the Customer or others authorized by the Customer to use the Customer's service.

-Interruptions not reported to TLDPR.

-Interruptions that are due to the failure of power, equipment or systems not provided by TLDPR.

-Interruption caused by the failure of other services provided by TLDPR, which are connected to LDMTS.

2.6.4. Billing Methods

Tariffs rates and/or plans can be billed at the sole discretion of TLDPR by two different methods:

2.6.4.1. LEC Invoice

TLDPR's services will be billed through the LEC's monthly invoice.

2.6.4.2. TLD Direct Invoice

TLDPR's services will be billed through a TLDPR monthly invoice.

ISSUED: NOVEMBER 5, 2002

EFFECTIVE: NOVEMBER 5, 2002

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont.)

2.7. Definitions

Authorized User - A person, firm, corporation or other entity that either is authorized by the Customer to receive or send communications or is placed in a position by the Customer to send or receive communications.

Billable Minutes - Corresponds to the duration of a completed call.

Called Station - The station called, or the terminating point of a call.

Calling Station - The station from which a call is originated.

Channel - Is the communications path established between Company operating centers and points of communication via satellite in space, microwave or cable, which channel may be used for the transmission and reception of communications signals.

Collect Call - A billing arrangement, which bills the charge for a long distance call to the called station's telephone number. The person agreeing to accept the call, regardless of whether he or she is a TLDPR Customer, is responsible for all charges related to the call. Regardless of whether the person is a TLDPR Customer, he or she is subject to the provisions of this tariff that are applicable to the call accepted.

Company - Telefonica Larga Distancia de Puerto Rico, Inc. (TLDPR), of San Juan, Puerto Rico.

Customer - Means the person who, or firm or corporation which, orders service and is responsible for the payment of charges and compliance with the Company's regulations.

Dial Around - Long Distance services that require Customers to dial a long-distance provider's access code (or "10-10" number) before dialing a long-distance number to bypass or "dial around" the consumer's chosen long-distance carrier in order to get a better rate.

Dial Station (DDD) - That service where the person originating the call dials the telephone number desired, completes the call without the assistance of a TLDPR operator and the call is billed to the originating number.

Discounted Dollars - Amount of dollars discounted from the gross monthly bill, based on a nominal rate.

Institutional Phones - Telephones, other than payphones, located in public institutions such as universities, prisons, or public offices, or in hotels or motels, or in other premises where the subscriber to TLDPR service may not be able to control access to the phones.

Local Exchange Carrier - A Company that furnishes exchange telephone service.

Nominal Rates - Rate without any discount.

2. REGULATIONS (Cont.)

2.7 Definitions (cont.)

Pymes- Applies to small and mid size business customers with an average monthly billing between \$0.01 and \$499.99.

Industry/Business – Applies to those telephone lines that are classified as business customers and have an average monthly billing over \$500.

Residential Rates – Applies to those telephone lines that are classified as residential customers.

Special Promotional Offering - Special discounts or modifications of its regular service offerings that TLDPR may, from time to time, offer to its Customers for a particular service. Such offerings may be limited to certain dates, times and locations.

Third Party Billing - An optional billing procedure which permits the charges for a long distance call to be billed to a number that is different from the number of the calling station or the number of the called station. The third party agreeing to accept the charges of the call, regardless of whether he or she is a TLDPR Customer, is responsible for all charges related to the call. Regardless of whether the person is a TLDPR Customer, he or she is subject to the provisions of this tariff, which are applicable to the call.

Week End Period – Will be consider the period from Saturday at 12:00a.m. to Sunday at 11:59 p.m.

ISSUED: NOVEMBER 5, 2002

EFFECTIVE: NOVEMBER 5, 2002

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS & RATE APPLICATION

3.1. Description of Service

Long Distance Message Telecommunications Service consists of the furnishing of switched message telecommunications service between two different points in the jurisdiction of the island of Puerto Rico including the municipalities of Vieques and Culebra. The points are considered to be defined as a Town; it will include calls between two NXX's of two different towns; or calls between a Metropolitan Areas NXX located on any town within the PR jurisdiction and vice versa.

3.1.1. Type of Calls

3.1.1.1. Dial Station-to-Station – Applies to a Call that is dialed and completed by a customer without the assistance of an operator.

3.1.1.2. Customer-Dialed Calling Card – Applies to a Call that is dialed and completed by a customer in accordance with standard dialing instructions and billed to TLDPR Calling Card number.

3.2. Initial and Additional Periods

Rates are set forth in terms of initial and additional periods. The initial period is one minute or any fraction thereof and each additional period is one minute or any fraction thereof beyond the initial period, except the initial period is three minutes or any fraction thereof for Sent Paid calls originated at public pay stations pre-subscribed to TLDPR and at TLDPR attended pay stations.

Chargeable time begins when connection is established between the calling station and the called station. Chargeable time ends when the connection is terminated at any point. Chargeable time does not include time lost because of faults or defects in the service.

3.3. Rate Application Periods

1. Rates are set forth by time periods as shown in each section of this tariff.
2. The Time used is the official time in effect in Puerto Rico at the moment the connection is established.
3. When a call is established in one time period and ends in another, the charges will be the rate of the originated period.

3.4. Fractional Tariff Charges

Whenever the calculated charge for a call results in a fraction of a cent, it will be rounded to the nearest whole cent, i.e., 0.49 cents and under will be rounded to the next lower whole cent and 0.50 cents and over will be rounded to the next higher whole cent.

5.1 Terms and Conditions:

5.1.1 Initial and additional Periods:

Rates are set forth in terms of initial and additional periods. Intraisland usage is measured in an initial 30 seconds with 6 seconds increments.

5.1.2 Charges:

5.1.2.1 Recurring charges are due monthly and apply whether or not the Customer makes any calls. There is a minimum monthly billing amount required for each plan. In any case in which the customer's usage does not reach the minimum monthly usage required, the customer would be responsible for the minimum monthly billing amount.

5.1.2.2 There will be a monthly billing charge for each invoice of \$2.75 and a monthly charge for each pre-subscribed line of \$2.75 for single line and \$6.00 for multiple lines.

5.1.3 Taxes:

Federal and Local taxes were applicable, shall be added to the charges contained herein.

5.1.4 Terms and Conditions

When a customer change its local service provider to a reseller and has a Long Distance Plan bill thru the LEC, then its actual Long Distance Plan will be automatically change to a Basic Rate Plan and it will be bill thru TLD.

5.1.5 Termination Penalty

For a term plan in which a customer terminates all of their Universal Discount Plan (Plan Star) services prior to fulfilling their initial term commitment, the customer will be assessed a termination penalty. This penalty consists of the average billing for the months already billed, multiplied by the number of remaining months. This termination penalty will be billed in one lump sum.

When the date that the Switch Data Service is started, changed or discontinued does not coincide with the billing date, charges, which are based upon monthly rates, will be calculated to reflect the fractional part of the months service provided. For billing purposes, each month is considered to have 30 days.

5.1.6 Time of Day Periods

Business Day Rate:	Will apply 8:00 AM to 5:59 PM everyday.
Evening Rate:	Will apply 6:00 PM to 10:59 PM everyday.
Night Rate:	Will apply 11:00 PM to 7:59 AM everyday.

The TLDPR New Business @sset Plan has recurring and non recurring charges. A recurring charge will be bill if the international monthly bill is less than \$250 per client.

There will be a monthly billing charge for each invoice of \$5.75.

A credit of \$2.75 for single line and \$6.00 for multiple line will be applied for each pre-subscribed line if usage is equal or more than \$0.01 and the monthly international usage is more than \$250. These credits will be applied to the lines in the TLD invoice method.

5.11.3 Recurrent and non-recurrent charges

Customers with monthly usage for International termination of less than \$250 will be billed a charge of \$37.00.

5.11.3.1 Intraisland Rates

Rate applies to all calls originating and terminating within Puerto Rico.

5.11.3.1.1 Flat Rate per minute \$0.094

5.12 Business All in ONE:

The TLDPR Business All in ONE offers participating customers in Puerto Rico, having an established billing account with TLDPR, the following terms and conditions.

This plan applies only to business customer with combined billing for international, intraisland and domestic termination of more than \$800 and having TLD as their Local Service Provider.

5.12.1 Initial and additional Periods:

Intraisland usage is measured in an initial 60 seconds with 30 seconds increments.

5.12.2 Application of Charges

The TLDPR Business All in ONE has recurring and non recurring charges. A recurring charge of \$25 will be billed if the monthly usage combined billing for international, intraisland and domestic is less than \$800 per client.

There will be a monthly billing charge for each invoice of \$5.75.

Business All in ONE has a term of 12 continuous months, beginning at signed date. It will be automatically renewed for the same service period, unless a written notification is received by TLD within 45 days prior to the requested termination date. If a customer terminates all their long distance services prior to the fulfillment of their commitment, the customer will be assessed a termination penalty. This penalty consist of the average already billing months already billed, multiplies by the number of remaining months multiplied by 25%.

5.12.2.1 Intraisland Rates

Rate applies to all calls originating and terminating within Puerto Rico.

Flat Rate Per Minute: \$0.07

5.14 Netlink Advantage

5.14.1 Netlink Advantage is a dedicated circuit between customer's premises and TLD POP, in order to switch traffic to the public switch telephone network. The following rates apply for new and existing customers who order Netlink Advantage. TLD determined the following prices to Domestic and Intraisland termination according to consumption and facility cost.

5.14.2 Terms and Conditions of Netlink Advantage

- 5.14.2.1. Rates subject to TLD Direct Invoice Method.
- 5.14.2.2. Combined traffic to International, Intraisland and Domestic termination will be considered in order to determine the minimum requirement of 30,000 minutes per month.
- 5.14.2.3. Customer will pay installation and recurring charges for the circuits.
- 5.14.2.4. Client will assume all cost related to equipment and / or facilities required for the provision of this service.
- 5.14.2.5. Minimum billing of 30 seconds for Intraisland calls, with 6 seconds increment will apply.
- 5.14.2.6. A monthly charge per bill of \$5.75 will apply.
- 5.14.2.7. In case of overflow, any of the business plan set forth in this Tariff will apply.
- 5.14.2.8. This Plan is subject to a minimum of 24 months term, beginning on the date of service activation. It will be automatically renewed for the same period, unless a written notification is received by TLD within 45 days prior to the requested termination date.
- 5.14.2.9. If customer cancels the service prior to the minimum term of 24 months, penalty charges shall be assessed. The penalty will be based on the average of the last 3 months billed amount multiplied by the remaining months of the minimum service period of 24 months. Such penalty charge will be billed in one lump sum and payable at its presentation. Customer must notify TLD of this cancellation in writing 45 business days prior to the service termination date.
- 5.14.2.10. Customer agrees to use TLD as the primary provider for all long distance intraisland, domestic and international traffic. TLD shall monitor traffic to identify any need for additional facilities and/or drastic fluctuation of traffic downloads. In such circumstances TLD shall advise customer. Customer shall investigate the circumstances and provides TLD with the reason within 3 days form notification by TLD. In the case that traffic is not being processed through TLD without proper justifications, the applicable rate per minute for domestic and intraisland will be \$0.065 effective immediately. Such rates shall be applicable from the date of initial notification to customer until the situation is corrected.
- 5.14.2.11. The Plan will be offered on an individual case basis, based on volume and time commitment and in response to a bona fide request from Customer or prospective customer.

EFFECTIVE: JULY 8, 2003

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

6. PYME RATES

6.1. Terms and Conditions:

6.1.1. Initial and additional Periods:

Rates are set forth in terms of initial and additional periods. Intraisland usage is measured in an initial 60 seconds with 30 seconds increments.

6.1.2. Charges:

Recurring charges are due monthly and apply whether or not the Customer makes any calls. There is a minimum monthly billing amount required for each plan. In any case in which the customer's usage does not reach the minimum monthly usage required, the customer would be responsible for the minimum monthly billing amount.

There will be a monthly billing charge for each invoice of \$1.75 for TLD Direct Billing Plans. A monthly charge of \$6.00 will be applied to each intraisland line pre-subscribed for multiple lines.

6.1.3. Other Charges / Credits:

A charge of \$2.75 will apply to all single line subscribed with TLD in the intraisland service.

The charge of \$2.75 for single line will be eliminated for client subscribed to TLD in both traffic (domestic and intraisland) when the monthly combined billing for domestic and international usage is equal or more than \$25.00.

For customer of TLD Direct Billing Method when their single lines are subscribed to TLD in both traffic (domestic and intraisland) and the monthly combined billing for domestic and international is equal or more than \$25.00 and as long the intraisland usage is equal or more than \$0.01 a credit of \$2.75 for single lines will be applied to clients in the TLD invoice to reimburse the intraisland charge of \$2.75 that will be issued to clients in the LEC invoice.

6.1.4. Taxes:

Federal and Local taxes where applicable, shall be added to the charges contained herein.

6.1.5. Termination Penalty –

For a term plan in which a customer terminates all of their Star Plan (Universal Discount Plan) services prior to fulfilling their initial term commitment, the customer will be assessed a termination penalty. This penalty consists of the average billing for the months already billed, multiplied by the number of remaining months. This termination penalty will be billed in one lump sum.

When the date that the Switch Data Service is started, changed or discontinued does not coincide with the billing date, charges, which are based upon monthly rates, will be calculated to reflect the fractional part of the months service provided. For billing purposes, each month is considered to have 30 days.

6.1.6. Time of Day periods:

Business Day Rate:	Monday – Sunday 8:00AM – 5:59PM
Evening Rate:	Monday – Sunday 6:00PM – 10:59PM
Night Rate:	Monday – Sunday 11:00PM – 7:59AM

6.1.7. Operator assistance

Operator Assistance Surcharges as set forth in Section 8 of this Tariff, apply when operator services are provided.

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

7. 800 LOCAL LINE SERVICE

7.1. Service Description

- 7.1.1. 800 Local Line Service is dialed and completed without the assistance of a Company operator and does not include:
- a) Collect calls
 - b) Conference calls
 - c) Calling card calls
 - d) Person to person calls, or
 - e) Any other classification of operator-handled calls
- 7.1.2. 800 Local Line Service is provided on a monthly basis. Obtaining access for the completion of a call to 800 Local Line is the responsibility of the Customer. The Customer must obtain local exchange service from the local exchange Company.
- 7.1.3. All TLDPR toll free calls are subject to a 30-seconds average connect time (i.e., total monthly minutes of use divided by toll calls must equal at least 30 seconds for a given terminating service group). In the event that toll free Service calls do not meet the 30-seconds average connect time for the billing period, billable usage will be increased by the necessary number of minutes to meet the 30-seconds average requirement for the period.
- 7.1.4. TLDPR may require that a Customer provide calling pattern information necessary to TLDPR to evaluate whether it anticipates network lockage, and TLDPR reserves the right to suspend installation of service until adequate facilities are available to meet such traffic. All TLDPR 800 Service Calls are billed at an initial 30-seconds rate with six-seconds increments. Chargeable time begins when connection is established between the access line and the calling or called stations, and ends when the calling station hangs up.

7.2. Terms and Conditions:

7.2.1. Initial and additional Periods:

Rates are set forth in terms of initial and additional periods. Intraisland usage is measured in an initial 30 seconds with 6 seconds increments.

7.2.2. Charges:

Recurring charges are due monthly and apply whether or not the Customer makes any calls. In any case in which the customer's usage does not reach the minimum monthly usage required, the customer will be responsible for the minimum monthly billing amount. (T)

7.2.3. Taxes:

Regulatory fees, federal and Local taxes where applicable, shall be added to the charges contained herein. (T)

7.3. 800 Regular Option A

The TLDPR 800 Regular Option A is an add-on to TLD's Domestic and International offering and is available to participating residential, business and small business customers in Puerto Rico, having an established billing account with TLDPR, the following terms and conditions:

7.3.1. Rates and Charges

TLD 800 Service includes only one routing arrangement per toll free number. All charges are applicable per toll free number.

7.3.2. Application of Charges

The TLDPR 800 Regular Option A Plan has recurring and non-recurring charges. A recurring charge will be bill if the monthly invoice is less than \$10.00.

9. DIAL AROUND CALLS

9.1. Terms and Conditions

9.1.1. Initial and additional Periods

Rates are set forth in terms of complete minute.

9.2. Charges

9.2.1.1. Any invoice with a total billing between \$0.01 and \$4.99 will pay an additional charge of \$0.99.

9.2.1.2. For all calls within Puerto Rico the following rate will apply:
15¢ per minute, 24 hours, 7 days

9.3. Taxes:

Federal and Local taxes where applicable, shall be added to the charges contained herein.

9.4. Operator Assistance

Operator Assistance Surcharges as set forth in Section 8 of this Tariff, apply when operator services are provided.

10. PREPAID CALLING CARD

10.1. General Terms

TLD Debit Calling Card Service provides an outbound voice grade communications service for calls charged to a TLD Calling Debit Card. TLD customer will originate calls within municipalities in Puerto Rico and between municipalities such as Vieques and Culebra. TLD Debit Calling Card may be obtained from TLD or from agents of TLD. All debit calling card calls are rounded to the next higher full minute. Minute's increments are 60 seconds or one minute.

10.1.1. Exclusions - The following types of calls may not be completed with the TLD Debit Calling Card Service:

- Calls to 700 numbers
- Calls to 800 numbers
- Calls to 900 numbers
- Directory Assistance calls
- All operator services calls
- Calls requiring a quotation of time and charges

10.1.2. Availability of Service - TLD Debit Calling Card Service is available twenty- four hours a day, seven days a week. The number of available TLD Debit Calling Cards is subject to technical limitations.

10.1.3. TLD Debit Calling Card Service is accessed using the TLD 800 numbers printed on the card. The TLD 800 numbers are intended for public phone calls or calls originating from USA or USVI. Calls trying to access TLD Calling Card Service originating outside the Metropolitan area can also use the 800 numbers or a Local Access number 787-962-2000 or 787-962-1515. If calls are originating in the metro area Puerto Rico, customers can use the 787-620-0707 number printed on the card. All calls must be charged against a TLD Debit Calling Card that has a sufficient available balance.

10.1.4. Initial and additional Periods

Rates are set forth in terms of complete minute. The minutes of the pre-paid card customers are not divided.

EFFECTIVE: October 25, 2004

INTRAISLAND LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

10. PRE-PAID CALLING CARD (cont.)

10.2. Regulations

10.2.1. A customer's call will be interrupted with an announcement when the balance is about to be depleted. Such announcement will occur one minute before the balance will be depleted, based on the terminating location of the call. The customer will be requested to enter another valid TLD Debit Calling Card number in order to make another call.

10.2.2. TLD Debit Calling Cards are non-refundable.

10.2.3. TLD Debit Calling Card service is offered subject to the availability of the necessary facilities and or equipment, and subject to this tariff.

10.2.4. For calls originating at a payphone in Puerto Rico, TLD will apply a charge of \$0.95 per message, with the exception of the "Bandera República Dominicana" prepaid card that the charge is \$0.75. (l)

10.3. Rates charge applications

10.3.1. These rates apply twenty-four hours per day, seven days per week.

10.4. Credit Allowance for Interruptions:

10.4.1. A credit allowance for TLD Debit Calling Card Service is applicable to that portion of a call that is interrupted due to poor transmission, one-way transmission, or involuntary disconnection of the call. To receive the proper credit, the customer must notify the company at the designated Customer Service Number printed on the TLD Debit Calling Card and furnish the called number, the trouble experienced (e.g., cut-off etc.), and the approximate time the call was placed.

10.4.2. Interruptions to established calls - When a call is charged to a TLD Debit Card that is interrupted due to cut-off, one-way transmission, or poor transmission conditions the customer will receive credit equivalent to the number of minute to the terminating location of the interrupted call.

10.4.3. The credit allowances for calls pursuant to TLD Debit Calling Card Service do not apply for:

10.4.3.1. Interruptions not reported to the Company,

10.4.3.2. Interruptions that are due to the failure of power, equipment, other services or systems not provided by the Company.

10.4.4. There will be a 15 day limit for the customer, to make any credit claims to the company. The 15 day term starts from the day the call event occurred.
