PROYECTO DE RESOLUCIÓN NÚMERO 13
Presentado por Administración

SERIE 2021-2022

**RESOLUCIÓN DE LA HONORABLE LEGISLATURA DE CULEBRA, PUERTO RICO
“PARA APROBAR EL PRESUPUESTO GENERAL DEL MUNICIPIO DE CULEBRA,
PUERTO RICO POR LA CANTIDAD DE TRES MILLONES, CUATROCIENTOS
SESENTA A UN MIL SETESCIENTOS VEINTITRÉSDÓLARES Y OCHENTA
CUATRO CENTAVOS (\$3,461,723.84) QUE REGIRÁ EL AÑO FISCAL QUE
TERMINARÁ EL 30 DE JUNIO DE 2023” Y PARA OTROS FINES.**

POR CUANTO: Conforme a la Sección (j) del Artículo 1.018 y el Artículo 2.097 de la Ley 107 del 14 de agosto, 2020, según enmendada y conocida como Código Municipal; el Honorable Edilberto Romero Llovet, Alcalde del Municipio de Culebra, sometió a la consideración de la Honorable Legislatura Municipal el proyecto de Resolución de Presupuesto por la cantidad de \$3,461,723.84, que regirá para el año fiscal que terminará el 30 de junio de 2023;

POR CUANTO: La Oficina de Gerencia y Presupuesto del Gobierno Central emitió la Carta Circular Núm. 01-2022 para establecer las directrices generales para la preparación y radicación del Proyecto de Resolución del Presupuesto General Municipal para el año fiscal 2022-2023.

POR CUANTO: Conforme a las directrices antes mencionadas, el Proyecto de Resolución de Presupuesto presentada contiene una reseña de las normas financieras del presupuesto; un plan financiero; un presupuesto por Programas; y un Presupuesto General de Ingresos y Gastos Municipales;

POR CUANTO: Los estimados de ingresos para el próximo año fiscal 2022-2023, cumplen con los requisitos establecidos en el inciso (b)(5) del Artículo 2.099 del Código Municipal de Puerto Rico. El mismo dispone que el presupuesto operacional del Municipio no podrá exceder los ingresos certificados en los informes auditados o “single audit” hechos en cumplimiento con las disposiciones de los Artículos 2.107 (e) y 2.014 de esta Ley en las partidas provenientes de ingresos de patentes e impuesto sobre las ventas y uso y licencias y permisos misceláneos. En estas partidas, no se podrá utilizar el mecanismo de estimado de ingresos para fundamentar el presupuesto operacional del Municipio.

POR CUANTO: Los ingresos que se presentan nos permiten asignar recursos para el desarrollo de las actividades, programas, proyectos y obras, además de cumplir con el ofrecimiento de servicios sociales, comunitarios, educativos, de salud, seguridad y recreativos, así como fomentar el desarrollo económico, renovar el entorno urbano en balance con nuestro ambiente y cubrir los demás gastos ordinarios de funcionamiento y otras responsabilidades inherentes de la Rama Ejecutiva y la Rama Legislativa del Municipio de Culebra;

POR CUANTO: El Presupuesto presentado contempla aumentos a los salarios de los empleados municipales a los fines de fomentar la retención del capital humano del Municipio de Culebra. Los desafíos laborales que incluyen que los salarios municipales no son competitivos, representan un reto de envergadura en comparación con la empresa privada cuyos salarios mínimos acrecentaron por legislación y cuales nos son de aplicabilidad a los empleados municipales. Además, es preciso señalar que los empleados

municipales no han recibido aumento alguno en aproximadamente diez (10) años. Igualmente, se debe de considerar que tanto el alza en el costo de vida y la inflación han afectado directamente al Municipio dado que su ubicación geográfica redunda en gastos adicionales en el acarreo de suministros, cual ocasiona que costos mayores al momento de la adquisición no aplicables al resto de la isla.

POR CUANTO: Esta Honorable Legislatura Municipal, ha estudiado cuidadosamente y considerado el Proyecto Presupuesto General, presentado por la cantidad de \$3,461,723.84.

POR TANTO: **RESUÉLVASE POR ESTA HONORABLE LEGISLATURA MUNICIPAL DE CULEBRA, PUERTO RICO LO SIGUIENTE:**

SECCIÓN 1RA: Se aprueba el “Presupuesto General del Municipio de Culebra” por la cantidad de \$3,461,723.84 que regirá para el año fiscal que terminará el 30 de junio de 2023, por lo que forma parte integral de esta Resolución.

SECCIÓN 2DA: Ante lo aprobado, se autoriza el aumento propuesto a los empleados y funcionarios del Municipio de Culebra cónsono a las partidas desglosadas en el Presupuesto General de Municipio de Culebra”. Esto no menoscaba la facultad del Alcalde de otorgar aumentos conforme al principio de mérito, condiciones extraordinarias (diferenciales), reclasificaciones y cualquier otra transacción que autorice el Reglamento de Personal del Municipio de Culebra y Reglamento de Retribución del Municipio de Culebra. De contemplar cualquiera otra alza salarial a los empleados municipales, el mismo deberá de ser aprobado por la Legislatura Municipal.

SECCIÓN 3RA: Copia certificada de esta Resolución de Presupuesto General le será enviada a la División Gerencia Municipal de la Oficina de Gerencia y Presupuesto, con los documentos que forman parte de esta dentro de los diez (10) días siguientes a la fecha de su aprobación.

SECCIÓN 4TA: Si existiere alguna discrepancia entre el desglose de fondos dispuesto en esta Resolución y los documentos sometidos por el Ejecutivo, prevalecerán los últimos. Asimismo, si un Tribunal de Justicia declarara nula o inconstitucional cualquier sección, disposición, cláusula o parte de esta Resolución, tal decisión no afectará la validez de sus restantes disposiciones.

SECCIÓN 5TA: Toda Resolución o Acuerdo, que sea incompatible con esta Resolución, en todo o en parte, queda por ésta derogada hasta donde exista tal incompatibilidad.

SECCIÓN 6TA: Una vez esta Resolución esté debidamente aprobada, la misma comenzará a regir a partir del 1ro de julio de 2022.

APROBADO POR LA HONORABLE LEGISLATURA MUNICIPAL DE CULEBRA, PUERTO RICO, HOY DÍA 21 DE JUNIO DE 2022.

RE: ESTIMADO DE INGRESOS DEL AÑO FISCAL 2022-2023 – 1ER ENMIENDA

Estimado Alcalde:

Reciba un cordial saludo. En reunión ordinaria de Junta de Gobierno, celebrada ayer, se presentó la primera enmienda al Estimado de Ingreso del año fiscal 2022-2023. Dicha Enmienda surge debido a que la Junta de Supervisión Fiscal requirió actualizar datos de la valoración y el detalle en el aumento de la imposición contributiva a marzo de 2022 para validar el impacto en el Plan Fiscal certificado del CRIM.

Al actualizar dichos reportes, identificamos que los aumentos en imposición contributiva y valoración registrado a diciembre de 2021 se había afectado significativamente debido a que desde enero de 2022 iniciamos la actualización de las hojas de servicios de exenciones y exoneraciones. La actualización en el sistema contributivo causó una reducción en la imposición contributiva a marzo de 2022, de aproximadamente \$37 millones, que produjo incertidumbre en las proyecciones de cobros realizadas a base de los balances de la imposición contributiva a diciembre de 2021.

Por lo antes indicado, se aprobó enmendar el Estimado de Ingresos para el año fiscal 2022-2023, que conllevó un cambio de metodología en el estimado de cobros de la contribución sobre la propiedad inmueble. Esta proyección se realizó a base del promedio de los cobros de los años fiscales 2019, 2021 y 2022. La enmienda aprobada no altera las cuantías del Fondo de Equiparación por \$91.9 millones, compuestas por la Asignación Estatal (\$43.8 millones) y el 35% del ingreso neto de la Lotería (\$48.0 millones).

Incluimos en el Anejo el Estimado de Ingresos Enmendado para el año fiscal 2022-2023, con el ajuste en la contribución básica, según la enmienda a la metodología descrita.

De requerir información adicional, puede comunicarse con la CPA Diana M. Claudio Sauri, Directora de Finanzas, a su correo electrónico dclaudio@crimpr.net o al (787) 944-4703, extensión 2160.

Cordialmente,

B. AUTORIDAD DE ENERGIA
ELECTRICA – CONTRIBUCION
EN LUGAR DE IMPUESTO (CELI)

3 de junio de 2022

Hon. Edilberto Romero

Alcalde

Municipio de Culebra

Estimado señor Alcalde:

Como es de conocimiento público, el pasado 22 de junio de 2020, la Autoridad de Energía Eléctrica ("AEE"), la Autoridad de Alianzas Público-Privadas de Puerto Rico ("P3A") y LUMA Energy, LLC y LUMA Energy ServCo, LLC (colectivamente, "LUMA") firmaron el Contrato de Operación y Mantenimiento de Transmisión y Distribución ("T&D OMA") para administrar y operar los activos de transmisión y distribución del gobierno de Puerto Rico.

De conformidad con la Sección 5.3 y las Secciones (A)(4) y VI(B)(6) del Anejo I del T&D OMA, LUMA tiene la responsabilidad de realizar todos los servicios de facturación y cobro para el Sistema Transmisión y Distribución. Asimismo, como Operador, es responsable de la contabilidad y operaciones de información entre las que se encuentra el desempeño de impuestos federales y estatales y la Contribución en Lugar de Impuestos ("CELI"), subsidios y funciones de informes de alumbrado público, suministro de información al Propietario y al Administrador en relación con la impugnación del Propietario de las evaluaciones relacionadas con el CELI.

Por disposición de la Ley Núm. 83 de 2 de mayo de 1941, según enmendada¹, mejor conocida como la "Ley de la Autoridad de Energía Eléctrica de Puerto Rico" se creó un mecanismo para que los municipios logren eficiencia en la utilización de energía eléctrica mediante el establecimiento del tope máximo de consumo anual durante el periodo de tres años.² Dicha ley dispone que los municipios estarán obligados a reducir este tope máximo de consumo en kWh por un cinco por ciento (5%) anual durante los tres años a partir del año fiscal 2016. En el cuarto año y los subsiguientes, el tope quedará inalterado al total de consumo del año fiscal 2018 hasta que el Programa de Política Pública Energética (PPPE) del Departamento de Desarrollo Económico y Comercio determine reducciones adicionales. Resulta importante señalar que, la facturación por consumo de energía de instalaciones públicas que albergan corporaciones o negocios con fines de lucro, no se consideró en el cálculo del tope de la aportación a los municipios por Contribución en Lugar de Impuesto (CELI), por lo cual éstas estarán sujetas al pago por el servicio energético. Asimismo, el estatuto dispone que, todo exceso de consumo

¹ De manera específica, de conformidad con las enmiendas a dicha ley producto de las disposiciones en la Ley 4 de 16 de febrero de 2016, conocida como la "Ley para la Revitalización de la Autoridad de Energía Eléctrica" (Ley 4-2016).

² "Tope Máximo" se refiere a la cantidad máxima de consumo de cada municipio según lo establece el Reglamento 8818 de 27 de septiembre de 2016, conocido como "Enmienda al Reglamento Núm. 8653, Reglamento Sobre La Contribución En Lugar De Impuestos (CELI)".

sobre el monto máximo o tope establecido como aporte en virtud del CELI sería facturado al municipio.

Conforme a las disposiciones de ley antes mencionadas, se calcula que el valor monetario y en kWh de la aportación por concepto de CELI para su municipio para el año fiscal 2023, será de \$148,513 y 470,853 kWh son estimadas por lo que están sujetas a cambios de acuerdo con el consumo real de energía, así como también a los cargos facturables aprobados por el Negociado de Energía de Puerto Rico durante los periodos aplicables.

De acuerdo con los Términos de Servicio, los clientes, incluidos los gobiernos municipales, están obligados a pagar a LUMA los montos facturados en las facturas por los servicios eléctricos provistos. Los gobiernos municipales son responsables del pago de las facturas de electricidad independientemente de la cantidad que hayan presupuestado para el pago de estas facturas.

En caso de necesitar información adicional, favor de contactar a su Representante de Cuentas Clave.

Cordialmente,

LUMA Energy

RESPONSABILIDAD FINANCIERA DEL MUNICIPIO DE CULEBRA CON EL SEGURO DE SALUD DEL GOBIERNO DE PUERTO RICO

Estimado señor Alcalde:

La Ley Núm. 27 de 23 de enero de 2006 enmendó la Ley Núm. 72 de 7 de septiembre de 1993, a fin de establecer un máximo de aportación municipal anual a la Administración de Seguros de Salud (ASES). Esta aportación ayuda a sufragar parte del costo de las primas del plan de salud que el gobierno del Estado Libre Asociado de Puerto Rico le provee a la población médico-indigente de cada municipio.

Según las disposiciones de la Junta de Supervisión Fiscal y la Ley de ASES el municipio de **Culebra** aportará para el Año Fiscal 2022-2023 la cantidad de **\$9,101.35**. Esto equivale a una aportación mensual de **\$109,216.20** comenzando el 1 de julio de 2022.

Hemos notificado al Centro de Recaudaciones de Ingresos Municipales (CRIM) para que retenga dicha cantidad y la remita a ASES mensualmente.

Cordialmente,

ESTIMADO DE PRIMA PARA EL AÑO 2022-2023
MUNICIPIO DE CULEBRA, PÓLIZA 37320-70124

Honorable Alcalde:

De acuerdo con las disposiciones de la Ley Núm. 45, del 18 de abril de 1935, Ley del Sistema de Compensaciones por Accidentes del Trabajo, según enmendada; la imposición para el año fiscal 2021-2022 fue por la cantidad de \$84,267.16.

Referente al año fiscal 2022-2023 de la prima estimada se realizaron los cálculos conforme a lo estipulado en la Ley de la siguiente manera: de la imposición de prima del año anterior se le aumenta un 10% (\$8,426.72), por lo cual la prima estimada para el año **2022-2023** asciende a **\$92,693.88**. Estos números se ajustarán luego de recibida la declaración de nómina del año 2021-2022.

Le notificamos, le fue solicitado al Centro de Recaudación de Ingresos Municipales (CRIM) que, a partir del mes de julio de 2022, esta cantidad deberá ser retenida de la siguiente manera: (11) plazos de \$7,724.49 y (1) último plazo de \$7,724.49.

25 de marzo de 2022

Sr. Pedro Padrón Vargas
Director de Finanzas
Municipio de Culebra
PO Box 189
Culebra, Puerto Rico 00775

Estimado señor Padrón:

En virtud de las facultades conferidas por el Artículo 3 de la Ley Núm. 147-1980, según enmendada, conocida como “Ley Orgánica de la Oficina de Gerencia y Presupuesto” y el Artículo 2.100 de la Ley 107-2020, según enmendada, conocida como “Código Municipal de Puerto Rico”, hemos verificado información necesaria para la preparación del Proyecto de Resolución de su Presupuesto General Año Fiscal 2022-2023. La información suministrada por la Autoridad de Asesoría Financiera y Agencia Fiscal de Puerto Rico (AAFAF) sobre el estimado de pago del servicio de la deuda pagaderos de las fuentes de repago del Fondo CAE y Fondo Operacional, indica que al presente no existen pagos del servicio de la deuda de parte de su municipio pagaderos de estos fondos. A estos efectos, este año fiscal no se emitirá el **Informe del Vencimiento de la Deuda Municipal**.

De necesitar información adicional, comunicarse a Directoria de Gerencia Municipal por medio del correo electrónico presupuestomunicipal@ogp.pr.gov.

INDEPENDENT AUDITOR'S REPORT

**To the Honorable Mayor
and Municipal Council
Municipality of Culebra
Culebra, Puerto Rico**

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Municipality of Culebra, Puerto Rico, as of and for the year ended June 30, 2021, and the related notes to the financial statements. We were engaged to audit the financial statements of the governmental activities. These financial statements collectively comprise the Municipality's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this include the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. Because of the matter describe in the "Basis for Disclaimer of Opinion on Governmental Activities" paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the governmental activities.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

Except for the matter describe in the "Basis for Disclaimer of Opinion on Governmental Activities" paragraph, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT (continued)

Basis for Disclaimer of Opinion on Governmental Activities

1. The Municipality did not maintain complete, updated, and accurate accounting records that supports the amounts presented as capital assets and its related accumulated depreciation, in the governmental activities. Therefore, we were unable to obtain sufficient and competent evidential matter of the capital assets, accumulated depreciation and net capital assets, stated at \$16,112,306, \$3,424,677 and \$12,687,629, respectively, in the accompanying Statement of Net Position as of June 30, 2021. In addition, the expenses and the net result of operations reported in the accompanying statement of activities are also misstated for amounts that could not be determined for the fiscal year ended June 30, 2021.
2. As discussed in Note 11 of the financial statements, The Municipality did not comply with the requirements established by Statement No. 18, Accounting for Municipal Solid Waste Landfill Closure and Post-Closure Care Cost, issued by the Governmental Accounting Standards Boards and the regulation set forth by the U.S. Environmental Protection Agency. At June 30, 2021, the Municipality has not establish the necessary provision in its budget nor has include in the accompanying Statement of Net Position a liability for closure and post-closure care costs of the Municipality solid waste landfill
3. We were unable to obtain sufficient appropriate audit evidence about the deferred outflows/inflows of resources, liabilities, and expenses relating to pension and other postemployment benefits of the governmental activities, representing 100% and 70% of deferred outflows/inflows and total liabilities, respectively, and the related disclosures in the accompanying notes. Amounts reported in the government-wide financial statements as deferred outflows of resources, deferred inflows of resources and net pension liability are the same amounts reported in the audited Schedules of Employer Allocations published by the Employees' Retirement System of the Government of the Commonwealth of Puerto Rico, cost-sharing multiple-employer pension plan for the fiscal year ended June 30, 2017. The Employees' Retirement System Administration (ERS) has not provided the audited financial information, required to adjust the deferred outflows/ inflows of resources, liability, and pension expense as of June 30, 2021, in accordance with GASB 73.

As a result, the Municipality did not present current expenses, deferred outflows/inflows of resources, liabilities, additional disclosures, and supplementary information required by generally accepted accounting principles.

In addition, the ERS has not provided to the Municipality, the financial information necessary to comply with the requirements of GASB Statement No. 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" (OPEB). As a result, amounts to be reported related to OPEB, if any, as deferred outflows \inflows of resources, liabilities, applicable disclosures and required supplementary information have been omitted.

Disclaimer of Opinion

Because of the significance of the matter described in the "Basis for Disclaimer of Opinion on Government Activities" paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements of the governmental activities. Accordingly, we do not express, an opinion on the financial position of the governmental activities of the Municipality at June 30, 2021, or the changes in financial position, thereof for the year then ended.

INDEPENDENT AUDITOR'S REPORT (continued)

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the aggregate remaining fund information of the Municipality of Culebra, Puerto Rico, as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with Accounting Principles Generally Accepted in the United States of America.

Other Matters

Required Supplementary Information Omitted

The Municipality has omitted the required supplementary information related to the employees' retirement systems that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Schedule of the General Fund on pages 5 through 15 and 61 through 62, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Municipality of Culebra basic financial statements. We were engaged to audit the financial statements of the governmental activities. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is the responsibility of management, were derived from, and relate directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the "Basis for Disclaimer of Opinion on the Governmental Activities" paragraph, it is inappropriate to, and we do not express an opinion on the supplementary information referred to above.

INDEPENDENT AUDITOR'S REPORT
(continued)

Other Reporting Required by Governmental Auditing Standards

In accordance with *Governmental Auditing Standards*, we have also issued our report dated May 12, 2022 on our consideration of the Municipality's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering Municipality of Culebra internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

The management of Municipality of **Culebra**, Puerto Rico (Municipality) offers this narrative overview and analysis of the financial activities of the Municipality for the fiscal year ended June 30, 2021. The Management's Discussion and Analysis (MD&A) is designed to focus on the current year activities, resulting changes and currently known facts, and much of the information is comparable to prior year. This MD&A should be read in conjunction with the accompanying basic financial statements and the accompanying notes to those financial statements.

This MD&A is prepared to comply with the dispositions established in the Governmental Accounting Standards Board Statement No. 34 and, among other purposes, to provide the financial statements users with the following major information:

- a broader basis in focusing important issues;
- acknowledgement of an overview of the Municipality's financial activities;
- provide for an evaluation of its financial condition as of the end of the indicated fiscal year, compared with prior year results;
- identification of uses of funds in the financing of the Municipality's variety of activities and;
- assess management's ability to handle budgetary functions.

FINANCIAL HIGHLIGHTS

The following are key financial highlights for the fiscal year:

- ❖ The assets and deferred outflows of resources of the Municipality exceeded its liabilities and deferred inflows of resources at June 30, 2021 by \$7,283,035 and at June 30, 2020 by \$6,391,384, as restated;
- ❖ The Municipality's total net position increased by \$891,651 during fiscal year 2020-2021;
- ❖ As of June 30, 2021, the Municipality's governmental funds reported combined ending fund balances of \$8,471,198 an increase of \$1,138,122 from the prior year;
- ❖ At June 30, 2021, the fund balance of the General Fund was \$877,218;
- ❖ The Municipality's capital assets inventory decreases during the fiscal year;
- ❖ The investment in capital assets, net of related debt for this year was \$12,493,266 as of June 30, 2021;
- ❖ Loans principal payments during fiscal year 2020-2021 were \$75,000.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Municipality's financial statements. The Municipality's basic financial statements comprise three components: government-wide financial statements; fund financial statements; and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the Municipality's finances, in a manner similar to a private-sector business.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

GOVERNMENT-WIDE FINANCIAL STATEMENTS (CONTINUED)

The Statement of Net Position presents information on all of the Municipality's assets and deferred outflows of resources and liabilities and deferred inflows of resources with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Municipality is improving or deteriorating.

The Statement of Activities presents information showing how the Municipality's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

The government-wide financial statements of the Municipality are principally supported by taxes and intergovernmental revenues. The governmental activities of the Municipality include general government, public safety, public works, culture and recreation, health and sanitation, solid waste disposal, human services and welfare, urban development and education. Property taxes, municipal license tax, state and federal grants finance most of these activities.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Municipality, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The Municipality's basic services are reported in the government fund financial statements. The government funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted into cash. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions.

The Municipality adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

NOTES TO THE BASIC FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information containing budget to actual comparisons for the general and major funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

GOVERNMENTAL NET POSITION

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Municipality, assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$7,283,035 as of June 30, 2021, versus \$6,391,384, as restated, as of June 30, 2020. Our analysis below focuses on the net position (**Table 1**) and changes in net position of the Municipality's governmental activities.

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

The largest portion of the Municipality's net position reflects its investment in capital assets (e.g. land, buildings, machinery and equipment); less any related debt used to acquire those assets still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. It should also be noted that the resources required to repay the related debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the Municipality's net position represents resources that are subject to external restrictions on how they may be used.

GOVERNMENTAL ACTIVITIES

Governmental activities increased the Municipality's net position. Key elements of this increase are as follows: the Municipality's governmental activities had net expenses of \$3,923,624. However, these services are intended to be primarily funded by taxes, as opposed to charges for services and grants, and those taxes and other general revenues exceeded net expenses by \$891,651.

The cost of all governmental activities this year was \$6,565,909. **Table 2** presents the cost of each of the Municipality's largest programs.

The focus of the Municipality's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Municipality's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of its fiscal year. At June 30, 2021, the Municipality's governmental funds reported combined ending fund balance of \$8,471,198, an increase of \$1,138,122 from the prior year.

After the original budget is approved, it may be revised for a variety of reasons such as unforeseen circumstances and other unanticipated revenues. Differences between the original 2021 budget and the final amended budget for the General Fund were relatively minor and can be summarized as follows:

- ❖ The original budget was amended to increase or decrease the budget between expenditures accounts.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The Municipality's investment in capital assets for its governmental type activities as of June 30, 2021 amounted to \$12,687,629 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, parks, roads and bridges. **Table 6** present the major classes of capital assets.

LONG-TERM DEBT

At June 30, 2021 the Municipality had a total of \$14,699,731 in general obligations and other outstanding debts, as shown in **Table 7**. Of this amount, \$269,363 comprises debt backed by the full faith and credit of the government and \$14,430,368 is other obligations.

Table 7 Long Term Debts	Amount Due in

Net pension liability	11,507,234	-
Total Long Term Debts	\$ 14,699,731	\$ 997,447

The Municipality is required to limit the amount of general obligation debt to 10% of the total assessment of property located within the Municipality in order for the bonds to be repaid with the proceeds of property taxes restricted for debt services. Other obligations include accrued vacation, notes payable with the CRIM, compensated absences, Community Disaster Loans and pension liability. More detailed information about the Municipality's long-term liabilities is presented in the notes to the financial statements. The Municipality continues to meet its financial needs through prudent use of its revenues and creative debt financing programs.

The Community Disaster Loans (CDL) was granted under Section 417 of the Stafford Act and FEMA Regulation 44 CFR 206.367 under major disaster declaration of September 20, 2017, for the Territory of Puerto Rico (FEMA-DR-4339-PR). The promissory note to the Municipality is for \$1,349,746 at an interest rate of 2.75%. The note is payable and secured by a pledge of the Municipality's revenues. The Municipality has requisitioned \$674,873 of the funds as of June 30, 2021. The purpose of this loan is to provide operational funding to the Municipality to continue to operate after a substantial revenue loss caused by a disaster. On September 30, 2021, the United States Congress passed The Extending Government Funding and Delivering Emergency Assistance Act (P.L. 117-43) According to P.L. 117-43, Section 1601. (a), "Repayments of the remaining balances of all loans, as of September 30, 2021, by the Federal Emergency Management Agency under section 417 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5184) are hereby cancelled". Therefore, the outstanding balance of \$674,873 as of June 30, 2021, of the referenced CDL was cancelled pursuant to P.L. 117-43.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

a) Fiscal Conditions for Municipalities in Puerto Rico

The Commonwealth of Puerto Rico has faced an increasing deterioration in its economy during the last decade. As a result, all governmental entities economies and fiscal operations has been affected, including the Municipalities.

**COMMONWEALTH OF PUERTO RICO
MUNICIPALITY OF CULEBRA**

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES (CONTINUED)

The Commonwealth's Fiscal Plan, implemented in accordance with requirements of PROMESA, provides for the reduction and eventual elimination of a substantial portion of the Commonwealth's subsidy transfer to the municipalities, which may adversely affect the ability of municipal governments to continue providing essential services and servicing their debt obligations. The reduction will be gradually implemented by 20% on each successive year starting at \$44M in fiscal year 2018-2019, ultimately phasing-out in fiscal year 2024-2025.

Because of the Commonwealth's fiscal crisis, the Government Development Bank for Puerto Rico ("GDB") completed its wind-down of its fundamental operations on March 23, 2018. GDB historically served as an important source of liquidity to municipal governments by providing financing to such entities. Certain mid-sized and small municipalities were not able to obtain financing from commercial financial institutions to continue funding their public work programs and operations since those institutions have strengthened their requirements for financing. In order to mitigate the impact of this events, the municipalities are obtaining other alternatives of long-term financing including federal loans from Rural Development, HUD (Section 108) and FEMA (CDL Loans).

b) Puerto Rico Covid-19 Pandemic

To contain the spread of COVID-19 and take affirmative action to mitigate the negative effect in economy, the Governor of the Commonwealth of Puerto Rico issued various executive orders which, among other things, imposed an overnight curfew, ordered schools, non-essential businesses, nonprofit entities and Commonwealth and Municipal governmental organizations to close or partially operate. In addition, prior to June 30, 2020, the P.R. Department of Treasury and the CRIM granted certain emergency measures for taxpayers, including for the filing and payment of property, municipal license and sales and use taxes. The filing due date for filing the personal tax return was extended to August 7, 2020, and the municipal license tax return to July 22, 2020.

In order to mitigate the negative economic situation, the Municipalities received grants and support from the Commonwealth and Federal Government.

The Municipality at this time cannot predict with any certainty the actual impact COVID-19 may have on revenues in the coming fiscal years. While the impact on the Municipality is uncertain at this time, the Municipality is monitoring the impact and taking several measures to ensure continuity of essential services to citizens while protecting employees from this virus.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES (CONTINUED)

In addition to the fiscal factors discussed above, the Municipality's officials considered certain economic factors such as estimates for the growth or decline in population, personal income, housing statistics and unemployment rates when establishing the fiscal year's 2021-2022 budget. For year 2021-2022, the Municipality applied a conservative approach in the development of budget estimates. In addition to the general fund estimated budget, the Municipality plans to submit to the Federal and Commonwealth government fund proposals for welfare and community development as well as permanent capital improvements and public works.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Municipality of **Culebra**, Puerto Rico (Municipality) was founded in the year 1880 and operates as a governmental unit of the Commonwealth of Puerto Rico, under the Puerto Rico Municipal Code.

The Municipality's governmental system consists of executive and legislative branches. The Constitution of the Commonwealth of Puerto Rico (the "Commonwealth") provides for the separation of powers of the executive, legislative and judicial branches. A Mayor, elected every four years by the citizens, exercises the executive power of the Municipality. The legislative power is exercised by the Municipal Legislature, which consists of five Legislators also elected every four years. The General Justice Court System of the Commonwealth, which has jurisdiction over the Municipality, exercises the judiciary power.

The Municipality assumes responsibility for providing services to its citizens related to public housing, welfare, public safety, health, sanitation, education, culture, recreation, urban and economic development, and many other general and administrative Services.

The accounting policies of the Municipality conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant policies.

The accompanying basic financial statements present the financial position of the governmental activities, each major governmental fund, and the aggregate remaining fund information of the Municipality at June 30, 2021, in conformity with *Accounting Principles Generally Accepted in the United States of America* (GAAP), as prescribed by the *Governmental Accounting Standards Board* (GASB). In addition, the accompanying basic financial statements present the changes in the financial position (results of operations) of the governmental activities, each major governmental fund, and the aggregate remaining fund information for the fiscal year ended June 30, 2021 in conformity with GAAP.

According to the financial reporting model established by GASB No. 34, the minimum required financial statement presentation applicable to the Municipality is composed of the following elements: (1) government-wide financial statements (GWFS), (2) governmental fund financial statements (GFFS), (3) notes to basic financial statements, and (4) required supplementary information (RSI).

RSI consists of a (1) Management Discussion and Analysis (MD&A) and a Budgetary Comparison Schedule – General Fund, this is unaudited supplementary information required by GAAP presented along with, but separate from, the Municipality's basic financial statements.

The MD&A is a narrative report that introduces the accompanying basic financial statements and provides an analytical overview of the Municipality's financial activities for the year ended June 30, 2021, based on the Municipality's knowledge of the transactions, events and conditions reflected in the basic financial statements. The MD&A also highlights certain key fiscal policies that control the Municipality's operations.

The Budgetary Comparison Schedule - General Fund is a comparison of the actual results (using the budgetary basis of accounting, which differs from GAAP) with the original budget and the final amended budget for the General Fund. A budget to GAAP reconciliation is presented providing information of differences between the budgetary basis of accounting and GAAP.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Financial Reporting Entity

A financial reporting entity consists of a primary government and its component units. All funds, organizations, institutions, agencies, departments, and offices that are not legally separate are, for financial reporting purposes, part of a primary government. If an organization is part of a primary government, its financial data should be included with the financial data of the primary government. Component units are legally separate organizations for which the primary government is financially accountable or organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Accordingly, for financial reporting purposes, the primary government is the Municipality.

GASB Accounting Standards Codification Section 2600, *Reporting Entity and Component Unit Presentation and Disclosure*, require the inclusion of organizations that raise and hold funds for the direct benefit of the primary government.

GASB Accounting Standards Codification Section 2100, *Defining the Financial Reporting Entity*, describes the criteria for determining which organizations, functions, and activities should be considered part of the Municipality for financial reporting purposes. The primary criteria include appointing a voting majority of an organization's governing body, and the Municipality's ability to impose its will on that organization or the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Municipality. Second criteria used in evaluating potential component units is if the nature and significance of the relationship between the organization and a primary government are such that to exclude the organization from the financial reporting entity would render the financial statements misleading or incomplete.

A legally separate, tax-exempt organization should be discretely presented as a component unit if all of the following criteria are met: (a) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (b) the primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization, and; (c) the economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

GASB Statement 61, *The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34*, provides additional criteria for classifying entities as component units to better assess the accountability of elected officials by ensuring that the financial reporting entity includes only organizations for which the elected officials are financially accountable or that are determined by the government to be misleading to exclude.

There are two methods of presentation of the component unit in the financial statements: blending – the financial data of the component unit's balances and transactions in a manner similar to the presentation of the Municipality's balances and transactions; and discrete – presentation of the component unit's financial data in column separate from the Municipality's balances and transactions. The relative importance of each criterion must be evaluated in light of specific circumstances in order to determine which components units are to be included as part of the reporting entity.

Based on the application of the criteria outlined above, the Municipality's management has concluded that there are no additional legally separate entities or organizations that should be reported as component units of the Municipality as of and for the fiscal year ended June 30, 2021.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus and Basis of Accounting

Government-Wide Financial Statements

The government-wide financial statements (the Statement of Net Positions and the Statement of Activities) are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grant and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental Fund Financial Statements

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when susceptible to accrual as soon as it is both measurable and available. "Available" means collectible within the current period or soon enough thereafter, normally within sixty (60) days, to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred.

The exception to this general rule is the principal and interest on general obligation long-term debt and compensated absences, if any, are recognized when due.

In applying the "susceptible to accrual" concept to intergovernmental revenues (federal grants) pursuant to GASBS No. 33, *Accounting and Financial Reporting for Nonexchange Transactions* (the Municipality may act as either provider or recipient), the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenue when the applicable eligibility requirements including time requirements, are met. Resources transmitted before the eligibility requirements are met should, under most circumstances, be reported as assets by the provider and a liability by the recipient.

There are essentially two types of revenue. For some grants, funds must be expended by the Municipality on the specific purpose or project before any amounts will be reimbursed. Revenue is, therefore, recognized as expenditures are incurred to the extent available. For the other revenue, moneys are virtually unrestricted and are generally revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenue at the time of receipt or earlier if the susceptible to accrual criteria is met.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Modifications to the accrual basis of accounting include the following:

- ❖ Employee's vested annual vacation and sick leave is recorded as expenditure when utilized. The amount of accumulated annual vacation and sick leave unpaid at June 30, 2021, has been reported only in the government-wide financial statements.

C. Financial Statement Presentation

The basic financial statements include both government-wide (based on the Municipality as a whole) and fund financial statements. While the previous financial reporting model emphasized fund types (the total of all funds of a particular type), in the new financial model the focus is on either the Municipality as a whole, or major individual funds (within the basic financial statements). Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business type.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Financial Statement Presentation (Continued)

Government-Wide Financial Statements

The government-wide financial statements (the Statement of Net Position and the Statement of Activities) report information of all the activities of the Municipality. For most part, the effect of interfund activity has been removed from these government-wide financial statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The focus of the Statement of Net Position is designed to be similar to bottom line results for the Municipality and its governmental activities. This statement, for the first time, combines and consolidates governmental fund's current financial resources (short-term expendable resources) with capital assets and long-term obligations.

The Statement of Net Position presents the reporting entities' assets and liabilities, with the difference reported as net position. Net position is reported in three categories:

- ❖ **Invested in Capital Assets, Net of Related Debt** – These consists of capital assets, net of accumulated depreciation and amortization, and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.
- ❖ **Restricted Net Position** – These results when constraints are placed on net position use, which can be either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.
- ❖ **Unrestricted Net Position** – These consists of net position which do not meet the definition of the two preceding categories. Unrestricted net position often is designated, to indicate that management does not consider them to be available for general operations. Unrestricted net position often has constraints on resources that are imposed by management but can be removed or modified.

When both restricted and unrestricted resources are available for use, generally it is the Municipality's policy to use restricted resources first, then the unrestricted resources as they are needed.

The accompanying statement of activities presents the Municipality's results of operations by showing, how the Municipality's net position or liabilities changed during the fiscal year ended June 30, 2021, using a net (expense) revenue format. This statement presents the cost of each function/program as well as the extent to which each of the Municipality's functions, programs or other services either contributes to or draws from the Municipality's general revenues (such as property taxes, volume of business taxes, sales taxes, construction excise taxes, etc.).

A function/program describes a group of activities that are aimed at accomplishing a major service or regulatory responsibility. The functions/programs reported in the accompanying basic financial statements are: (1) mayor and municipal legislature, (2) general government, (3) public safety, (4) public works, (5) culture and recreation, (6) health and sanitation, (7) human services and welfare and, (8) urban development. The governmental operations of the Municipality's departments and operational units are classified within the following functions/programs in the accompanying basic financial statements:

The statement of activities demonstrates the degree to which program revenues offset direct expenses of a given function/program or segments. Direct expenses are those that are clearly identifiable with a specific function, segment or operational unit. This statement reports revenues in three broad categories: (1) program revenues, (2) general revenues and, (3) special items.

Program revenues – These revenues are generated directly from a program itself or may come from parties outside the Municipality's taxpayers or citizens. In the statement of activities, program revenues reduce the costs (expenses) of the function/program to arrive at: (1) the net cost of the function/program that must be financed from the Municipality's general revenues or (2) the net program revenue that contributes to the Municipality's general revenues. The accompanying statement of activities separately reports the following categories of program revenues:

C. Financial Statement Presentation (Continued)

- **Charges for services** – These revenues generally consist of exchange or exchange-like transactions involving charges to customers or applicants who purchase, use or directly benefit from the goods, services or privileges provided, or are otherwise directly affected by the services. These revenues include fees charged for specific services, rent, charges for licenses and permits, and fines and forfeitures, among others.
- **Program-specific operating and capital grants and contributions** – These revenues consist of transactions that are either mandatory or voluntary non-exchange transactions with other governments, organizations, or individuals that restrict the resources for use in a particular program. Operating grants and contributions consist of resources that are required to be used to finance the costs of operating a specific program or can be used either for operating or capital purposes of a specific program. Capital grants and contributions consist of revenues or resources that are restricted for capital purposes – to purchase, construct or renovate capital assets associated with a specific program. Restricted operating and capital grants and contributions are program revenues because they are specifically attributable to a program and reduce the net expense of that program to the Municipality. They are reported net of estimated uncollectible amounts.

General revenues – These revenues are the default category for revenues. It includes all revenues and gains that do not meet the definition of program revenues. Property taxes, municipal license taxes, construction excise taxes and sales and use taxes are reported as general revenues. All other nontax revenues (including unrestricted interest on deposits, grants and contributions not restricted for specific programs and miscellaneous revenues) that do not meet the definition of program revenues are classified as general revenues. Resources that are dedicated internally by the Municipality are reported as general revenues rather than as program revenues. All general revenues are reported net of estimated uncollectible amounts, which are recorded as reduction of revenues rather than as expenses.

Special items – These items consist of revenues arising from significant transactions or other events within the control of management that are either unusual in nature or infrequent in occurrence.

Extraordinary items consist of revenues arising from significant transactions or other events that are both unusual in nature and infrequent in occurrence.

The general government function/program reported in the accompanying statement of activities includes expenses that are, in essence, indirect or costs of other functions/programs of the Municipality. Even though some of these costs have been charged to certain funds in the FFS as indirect cost allocations permitted under some federal programs, the Municipality has reported these indirect costs as direct expenses of the general government function. Accordingly, the Municipality generally does not allocate general government (indirect) costs to other functions.

The effects of all inter-fund governmental activities (revenues, expenditures and other financing sources/uses among governmental funds) have been removed from the accompanying statements of net position and activities.

The Municipality classifies the most significant portion of its activities as governmental activities in the accompanying GWFS. These are activities generally financed through taxes, intergovernmental revenues and other non-exchange revenues that can be used to support the Municipality's programs or services. These governmental activities are also generally reported in the FFS.

C. Financial Statement Presentation (Continued)

The Municipality has no fiduciary activities, which are those in which the Municipality would be holding or managing net positions for specific individuals or other external parties in accordance with trust agreements or other custodial arrangements.

The Municipality has operations and activities that are financed and operated in a manner similar to private business enterprises, where the costs of providing goods or services to the general public (expenses, including depreciation) is financed primarily through user charges; and where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Governmental Fund Financial Statements

The fund financial statements (the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balances) are, in substance, very similar to the financial statements presented in the previous financial reporting model. Emphasis here is on the major funds in the governmental category. Non-major funds are summarized into a single column.

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on Major Funds, rather than the previous financial model's fund types. The Governmental Major Fund Statements are presented on current financial resources and modified accrual basis of accounting.

This is the manner in which these funds are normally budgeted. This presentation deemed most appropriate to (a) demonstrate legal and covenant compliance, (b) demonstrate the source and use of liquid resources, and (c) demonstrate how the Municipality's actual experience conforms to the budgeted fiscal plan.

Since the governmental fund statements are presented in a different measurement focus and basis of accounting than the government-wide statements, reconciliation is presented and a separate explanation for each difference.

The Municipality reports its financial position (Balance Sheet) and results of operations (Statement of Revenues, Expenditures and Changes in Fund Balance) in funds, which are considered separate accounting entities. The operations of each fund are accounted for within a set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with legal, financial, and contractual provisions.

The model as defined in GASBS No. 34 established criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category in the governmental fund) for the determination of major funds. The non-major funds are combined in a single column in the fund financial statements. The Municipality reports the following major funds:

General Fund – This is the general operating fund of the Municipality. It is used to account for all financial resources, except those required to be accounted for in another fund.

Debt Service Fund – This is the fund used to account for the accumulation of resources for and the payment of, general long-term debt principal, interest, and related costs.

State Assignment Fund – This is the fund used to account for all the transactions of the State Assignment by Legislature Resolutions. The primary objectives of this assignments are the development of projects on communities, not-for-profit organizations and indirect assignment to persons of low and moderate income.

Coronavirus Relief Fund – This is the fund used to account for all the transactions of the Coronavirus Relief Fund (CRF) granted by the Federal Government to cover the costs of the emergency and to mitigate the negative economic impact in the municipalities caused by the Covid-19 pandemic.

D. Financial Reporting Presentation

The accounts of the Municipality are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures.

The Municipality adopted the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB No. 54), which modified the interpretations of certain terms within the definition of the special revenue funds and the types of activities the Municipality may choose to report in those funds. GASB No. 54 also clarified the capital projects fund type definition for better alignment with the needs of preparers and users. Fund types are as follows:

General Fund – is the Municipality main operating fund used to account for and report all financial and reported resources and governmental activities, except for those required to be accounted for in another fund. It is presumed that the Municipality's governmental activities have been reported in the general fund except for transactions for which one of the following compelling reasons has required the use of another fund: (1) legal requirements, (2) USGAAP requirements or (3) the demands of sound financial administration requiring the use of a governmental fund other than the general fund. Its revenues consist mainly of taxes, licenses and permits, intergovernmental, charges for services and other.

Special Revenue Fund – is a governmental fund used to account for and report the proceeds of specific revenue sources that are legally restricted, committed or assigned to expenditure for specified purposes other than debt service or capital projects. Resources restricted or committed to expenditure for purposes normally financed from the general fund are generally accounted for in the general fund provided that all applicable legal requirements can be appropriately satisfied, and the use of special revenue funds is not required unless they are legally mandated.

Debt Service Fund – is a governmental fund used to account for and report for the accumulation of financial resources that are restricted for, and the payment of, principal and interest for: (1) bonds payable for which debt service payments are legally mandated to be accounted for in a debt service fund and (2) certain special long-term obligations for which the Municipality is being accumulating financial resources in advance to pay principal and interest payments maturing in future years.

Capital Projects Fund – is a governmental fund used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of major capital facilities, including those outlays financed by the general obligation bond proceeds (other than those financed by proprietary funds or in trust funds for individuals, private organizations, or other governments). The use of the capital projects funds has been limited to only for major capital acquisitions, construction or improvement activities that would distort financial resources trend data if not reported separately from the other Municipality's operating activities. The routine purchases of minor capitalizable assets (such as furniture, office equipment, vehicles and other minor capital assets or improvements) have been reported in the governmental fund from which financial resources were used for the payment.

E. Fund Balances

According the provisions of GASB Statement No. 54, the fund balances are reported in five categories:

- ❖ **Nonspendable** – Amounts that cannot be spent because they are: a) not in spendable form or b) legally or contractually required to be maintained intact. Due to the nature or form of the resources, they generally cannot be expected to be converted into cash or a spendable form.
- ❖ **Restricted** – Amounts are restricted by external parties (creditors, grantors, contributors or law/ regulations) of other governments or restricted by law through constitutional provisions or enabling legislation.
- ❖ **Committed** – Amounts that can only be used for a specific purpose pursuant to constraints imposed by formal action (ordinances or resolutions) of the Municipality's highest level of decision-making authority (Municipal Legislature). The formal action must occur prior to the end of the reporting period; however, the amount may be determined in the subsequent period. These are self-imposed limitations on available resources. These committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same level of action it employed to previously commit those amounts. These committed amounts would be approved and adopted by formal action of the Municipal Legislature.
- ❖ **Assigned** – Amounts that are constrained by the Municipality's intent to be used for specific purposes that are neither restricted nor committed. The intent will be expressed by the Municipal Legislature, the Mayor or by an official to which the Municipal Legislature delegates authority in conformity with the Autonomous Municipalities Law of Puerto Rico.
- ❖ **Unassigned** – Represent the residual classification for the Municipality's General Fund. Therefore, in order to calculate unassigned fund balance, total fund balance less nonspendable, restricted, committed and assigned equals unassigned fund balance. The resulting amount will be available for any purpose.

Negative fund balance amounts are assigned amounts reduced to the amount that will raise the fund balance to zero. Consequently, negative residual amounts are restricted, committed and assigned fund balance classifications have been reclassified to unassigned fund balances.

The Municipality reports resources constrained to stabilization as a specified purpose (restricted or committed fund balance in the general fund) only if: (1) such resources meet the other criteria for those classifications, as described above and (2) the circumstances or conditions that signal the need for stabilization are identified in sufficient detail and are not expected to occur routinely.

However, the Municipality has not entered into any stabilization-like arrangements, nor has set aside material financial resources for emergencies and has not established formal minimum fund balance amounts as of and for the fiscal year ended June 30, 2021.

When an expenditure is incurred for purposes for which amounts are available in multiple fund balance classifications, the Municipality uses restricted resources first, and then unrestricted resources. Within unrestricted resources, the Municipality generally spends committed resources first, followed by assigned resources, and then unassigned resources.

At June 30, 2021, the accompanying fund financial statements reported fund balances as restricted, assigned and unassigned.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Budgetary Data

The Municipality annually adopts the Budget Resolution for all operating funds of the Municipality except for certain restricted accounts of Proprietary Funds and Special Revenue Funds. Budgetary control is legally maintained at the fund level. The budget is prepared using the modified accrual basis of accounting with encumbrance included as budgetary basis expenditures. The Municipality's Budget Resolution provides transfer authority (1) to the Mayor and the Management and Budget Director, within and between departments and funds, as long as the total budget of the Municipality (net of interfund transfers) is not increased; (2) to the Management and Budget Director to implement grant budgets as the grant applications are accepted by the Municipality; and (3) to the Management and Budget Director to amend (re-appropriate) each new year's budget, to the extent of outstanding encumbrances, and/or unexpended project/grant appropriations at year end. Municipality's Legislature action is required for (1) use of the budgeted Legislature contingency, and (2) the approval of supplemental appropriations. During the year, several supplemental appropriations were necessary.

The budget columns (original and final budgets) of the Budgetary Comparison – General Fund reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year). Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year.

Amendments to the budget, including transfers, require the approval of the Municipal Legislature. Unencumbered appropriations lapse at the end of the next fiscal year. The Municipality follows these procedures, in accordance with law, in order to establish the budgetary data reflected in the basic financial statements:

1. Prior of May 31 of each fiscal year, the Mayor submits to the Municipal Legislature a proposed budget for the fiscal year commencing the following July 1 in addition of a budget message;
2. The budget document is available for public inspection prior to its approval by the Municipal Legislature;
3. The State Office of Management and Budget examines the budget to verify if it complied with the law's standards and sends it to the Mayor for any comments or recommendation before the limited date establishes by the Law;
4. Prior to June 13, the annual budget is legally enacted through passage of the annual appropriation ordinance;
5. If a budget is not adopted prior to the end of the end of the fiscal year, the annual budget for the preceding fiscal year, as approved by the Municipal Legislature and the Mayor, is automatically renewed for the ensuing fiscal year until a new budget is approved. This permits the Municipality to continue making payments for its operating and other expenses until the new budget is approved;
6. Subsequent to the enactment of the annual appropriation ordinance, the Municipal Legislature has the authority to make necessary amendments made during the fiscal year and are reflected in the budget information included in the Budgetary Comparison Schedule – General Fund;
7. Budgetary data for the Special Revenue Fund has not been presented in the accompanying basic financial statements as such funds are budgeted over the life of the respective grant or project and not on an annual basis.

Since the budgetary basis differs from accounting principles generally accepted in the United States of America (GAAP), actual amounts for the General Fund in the accompanying Budgetary Comparison Schedule, is presented on the budgetary basis to enhance comparability.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Budgetary Data (Continued)

The principal differences between the budgetary and GAAP bases are the following:

1. Encumbrances are recorded as expenditures under the budgetary basis and as a reserve of fund balances under GAAP.
2. The non-exonerated portion of the property tax advances are presented as revenue in the budgetary basis and as other financing sources under GAAP.
3. Interfund transactions of the General and Special Revenue Funds are not included in the budgetary basis.
4. Certain accrued liabilities and other debts are not included in the budgetary basis.
5. Certain revenues susceptible to accrual, i.e., both measurable and available, are not included in the budgetary data.

All encumbrance appropriations in the operating budget lapse at the end of the fiscal year. Property taxes collected during the current year by the Municipal Revenue Collection Center (Fiscal Agent) are presented as revenues in the accounting basis but are not considered in the budgetary schedule.

The special funds of the Special Revenue Fund have not been included in the budgetary comparison because balances are not budgeted. Also, the budget prepared for the Federal Finance Awards Programs included in the Major and Non Major Funds is based on a program period which is not necessarily a year. Accordingly, it's not practical to present an annual comparison of budget for such programs.

G. Cash, Cash Equivalent and Investment

The Municipality's cash is composed of demand deposits in a commercial bank. Also, cash with fiscal agent are demand deposits in commercial banks, under the custody of the Fiscal Agency and Financial Advisory Authority (AAFAF). The Municipality has adopted the Statement of Investment Guidelines for the Commonwealth of Puerto Rico. The Finance Director of the Municipality follows this guideline and is responsible for investing the available resources in certificates of deposit and other short-term investments.

The Municipality follows the practice of pooling cash. The balance in the pooled cash account is available to meet current operating requirements. Under the laws and regulations of the Commonwealth, public funds deposited by the Municipality in commercial banks must be fully collateralized for the amounts deposited in excess of the federal depository insurance generally provided by the Federal Deposits Insurance Corporation (FDIC). All securities pledged as collateral are held by agents designated by the Secretary of the Treasury of the Commonwealth, but not in the Municipality's name.

Cash with fiscal agent in the Debt Service Fund, represents property and sales taxes collections retained for the payment of principal and interests of the Municipal debt, which are maintained in cash custodian accounts in a commercial bank in Puerto Rico. The sinking fund is maintained by the AAFAF, agency which acts as the insurer and payer of the Municipality's bonds and notes issued in accordance with law.

G. Cash, Cash Equivalent and Investment (Continued)

In addition, cash with fiscal agents in the Other Governmental Funds represents undisbursed proceeds of certain loans, which are maintained in a cash custodian account in the AAFAF.

H. Receivables

Receivable are stated net of estimated allowances for uncollectible accounts, which are determined upon past collection experience and current economic conditions. Receivable from Federal Government represents amounts owed to the Municipality for reimbursement of expenditures incurred pursuant to federally funded programs.

I. Inventories

The General, Special Revenue and Capital Project Funds, purchases office and printing supplies, gasoline, oil and other expendable supplies held for consumption. The cost of purchases is recorded as expenditure in the appropriate fund and the inventory is not recorded in the basic financial statements.

J. Capital Assets

Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed assets are recorded at fair market value as of the date received. The Municipality 's capitalization levels are \$500 on personal property. For improvements other than buildings, the capital outlay must be greater than \$10,000, extend the estimated useful life for ten years, and be greater than 10% of the original cost of the asset. Other costs incurred for repairs and maintenance is expensed as incurred.

J. Capital Assets (Continued)

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Capital Assets	Years
Buildings and site improvements	20-50
Infrastructure	20-50
Vehicles	5-10
Machinery and equipment	5-20

K. Long-Term Obligations

The liabilities reported in the government-wide financial statements included general and special obligation bonds and notes, and other long-term liabilities, such as vacation, sick leave, litigation, long-term liabilities to other governmental entities.

In the fund financial statements, governmental fund types recognize bond issuances cost, during the current period. The face amount of debt issued is reported as other financing sources, while bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

L. Compensated Absences

The Municipality accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee. The Municipality's employees are granted 30 days of vacations and 18 days of sick leave annually. Vacations may be accumulated up to a maximum of sixty (60) days and sick leave up to a maximum of ninety (90) days. In the event of employee resignation, the employee is paid for accumulated vacation days up to the maximum allowed. Separation from employment prior to use of all or part of the sick leave terminates all rights for compensation, except for employees with ten years of service who are entitled to sick leave pay up to the maximum allowed. The Municipality accrued a liability for compensated absences, which meet the following criteria:

1. The Municipality's obligation relating to employee's rights to receive compensation for future absences is attributable to employee's services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

In accordance with the above criteria and requirements as established by GASBS No. 16; the Municipality has accrued a liability for compensated absences, which has been earned but not taken by Municipality's employees. For the government-wide statements, the current portion is the amount estimated to be used in the following year. For the governmental funds statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and government-wide presentations.

The following is a summary of changes in the balance of Compensated Absences for the fiscal year ended June 30, 2021:

BALANCE JUNE 30, 2020	<u>NEW ISSUES</u>	RETIREMENTS AND CURRENT MATURATES	BALANCE JUNE 30, 2021	CURRENT PORTION	LONG-TERM PORTION

N. Insurance

The Municipality has insurance coverage for its public facilities, primarily to provide protection from catastrophic losses. Also, principal officials of the Municipality are covered under various surety bonds. The Secretary of the Treasury Department of the Commonwealth of Puerto Rico is the agent commissioned to place all of the Municipality's insurance coverage. Corresponding premiums payable are withheld by the Municipal Revenue Collection Center from quarterly advances of annual property tax and subsidy sent to the Municipality.

O. Interfund Transactions

Interfund transactions are reflected as loans, reimbursements or transfers. Loans are reported as receivables and payables as appropriate and are subject to elimination upon consolidation. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide columnar presentation. The Municipality has the following types of reciprocal and nonreciprocal interfund activities:

- ❖ **Interfund loans** – Represent amounts provided with a requirement for repayment, which are recorded as “due from” in the lender governmental fund and “due to” in the borrower governmental fund. Interfund receivables, which are not considered currently available financial resources, are reported as advances. For amounts not expected to be collected within a reasonable period, interfund receivables/payables are reduced to the estimated realizable value and the amount that is not expected to be repaid is reported as a transfer from the governmental fund that made the loan.
- ❖ **Interfund transfers** – Represent flows of assets (permanent reallocation of financial resources among governmental funds) without equivalent flows of assets in return and without a requirement for repayment. Transfers are reported as other financing uses in the governmental fund making transfers and as other financing sources in the governmental fund receiving transfers.
- ❖ **Interfund reimbursements** – Represent repayments from the governmental fund responsible for particular expenditures or expenses to the governmental fund that initially paid for them.

P. Claims and Judgments

The estimated amount of the liability for claims and judgments, if any, which is due on demand, such as from adjudicated or settled claims, is recorded in the General Fund. The Long-Term Liabilities includes an amount estimated as a contingent liability or liabilities with a fixed or expected due date, which will require future available financial resources for its payment.

Q. Use of Estimates

The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the basic financial statements and the reported revenue and expenses during the reporting period. Actual result could differ from those estimates.

R. Accounting for Pension Costs

Effective on July 1, 2017, the Municipality and other participants of the Employees' Retirement System Administration (ERS) converted to a new "PayGo" model. Under the "PayGo" funding, the participants' employers directly pay the pension benefits as they are due rather than attempt to build up assets to pre-fund future benefits. "Paygo" payments are recorded as expenditures\expenses in the financial statements.

Since July 1, 2017, the Municipality's pension costs accounting transitioned from GASB Statement No. 68 to the requirements of GASB Statement No. 73 "*Accounting and Financial Reporting for Pensions and Related Assets that are Not Within the Scope of GASB No. 68*". Accordingly, pension costs are reported based on the employer total pension liability, pension expense and deferred outflows/inflows of resources reported by the ERS. For purposes of measuring, pension costs have all been determined on the same basis as they are reported by the ERS. The Municipality is unable to implement the requirements of GASB Statement No. 73, since the ERS and the Commonwealth has not provided certain information and assistance, necessary for its implementation.

GASB Statement No. 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" is effective for the Municipality starting on July 1, 2017. As required by the accounting pronouncement, OPEB transactions should be accounted based on its proportional share of the collective net OPEB liability, OPEB expense and deferred outflows/inflows of resources reported by the Plan. For purposes of measuring, OPEB costs should have all been determined on the same basis as they are reported by the Plan. The Municipality's contribution for OPEB is included as part of the Paygo charges billed on a monthly basis by the Puerto Rico Department of Treasury ("PRDT"). Paygo payments are recorded as expenditures\expenses in the financial statements. The ERS has not issued its financial statements, nor has it provided to the Municipality with the required information to implement the referred accounting pronouncement.

S. Risk Financing

The Municipality carries commercial insurance to cover casualty, theft, tort claims and other losses. Insurance policies are negotiated by the Puerto Rico Treasury Department and costs are allocated among all the Municipalities of Puerto Rico.

Cost of insurance allocated to the Municipality and deducted from the gross property tax collections by the Municipal Revenue Collection Center ("CRIM") for the year ended June 30, 2021, amounted to \$231,556. The current insurance policies have not been cancelled or terminated. The CRIM also deducted \$82,420 for workers compensation insurance covering all municipal employees.

T. Future Adoption of Accounting Pronouncements

The GASB has issued the following accounting standards that have effective dates after June 30, 2021:

- GASB Statement No. 98, *The Annual Comprehensive Financial Report*. This Statement establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. This Statement was developed in response to concerns raised by stakeholders that the common pronunciation of the acronym for comprehensive annual financial report sounds like a profoundly objectionable racial slur. This Statement's introduction of the new term is founded on a commitment to promoting inclusiveness. The requirements of this Statement are effective for fiscal years ending after December 15, 2021. Earlier application is encouraged.
- GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The requirements of this Statement are effective as follows: (1) The requirements in (1) paragraph 4 of this Statement as it applies to defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans and (2) paragraph 5 of this Statement are effective immediately; (2) The requirements in paragraphs 6–9 of this Statement are effective for fiscal years beginning after June 15, 2021; (3) All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged and is permitted by specific requirement as follows: (1) Paragraph 4 of this Statement as it applies to arrangements other than defined contribution pension plans, defined contribution OPEB plans, or other employee benefit plans; (2) Paragraphs 6–9 of this Statement and the supersession of the remaining requirements of Statement 32 (as detailed in paragraph 3 of this Statement). Questions 4.3 and 4.5 of Implementation Guide 2019-2, as amended, are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged if Statement 84, as amended, has been implemented.
- GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.
- GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.
- GASB Statement No. 93, *Replacement of Interbank Offered Rates*. The requirements of this Statement, except for paragraphs 11b, 13, and 14 are effective for reporting periods beginning after June 15, 2020. The requirement in paragraph 11b is effective for reporting periods ending after December 31, 2021. The requirements in paragraphs 13 and 14 are effective for fiscal years periods beginning after June 15, 2021, and all reporting periods thereafter. Earlier application is encouraged.
- GASB Statement No. 92, *Omnibus 2020*. The requirements of this Statement are effective as follows: (1) The requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance; (2) The requirements related to intra-entity transfers of assets and those related to the applicability of Statements 73 and 74 are effective for fiscal years beginning after June 15, 2021; (3) The requirements related to application of Statement 84 to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities are effective for reporting periods beginning after June 15, 2021;

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

T. Future Adoption of Accounting Pronouncements

(4) The requirements related to the measurement of liabilities (and assets, if any) associated with asset retirement obligations in a government acquisition are effective for government acquisitions occurring in reporting periods beginning after June 15, 2021. Earlier application is encouraged and is permitted by topic.

- GASB Statement No. 91, *Conduit Debt Obligations*. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged.
- GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged.
- GASB Statement No. 87, *Leases*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

The Municipality's management has concluded that the future adoption of these GASB Statements will not have a significant impact on the Authority's basic financial statements.

NOTE 2 – CASH AND CASH EQUIVALENTS

The Municipality maintains its deposits in commercial banks located in Puerto Rico. In compliance with the laws and regulations of the Commonwealth of Puerto Rico, the Municipality has adopted, as its custodial and credit risk policy, the *Statement of Investment Guidelines for the Government of the Commonwealth of Puerto Rico*. Accordingly, the Municipality invests only in obligations of the Commonwealth, obligations of the United States of America, certificates of deposits and commercial paper. According to the aforementioned investment guidelines, the Municipality does not invest in marketable securities or any types of investments for which credit risk exposure (the risk that an issuer or other counterparty to an investment will not fulfill its obligations) may be significant. Following is essential information about: (1) credit risk, (2) interest rate risk, (3) custodial credit risk, (4) foreign exchange risk.

- **Credit risk** – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In compliance with the laws and regulations of the Commonwealth, the Municipality has adopted, as its custodial and credit risk policy, the *Statement of Investment Guidelines for the Government of the Commonwealth of Puerto Rico*. Accordingly, the Municipality invests only in obligations of the Commonwealth, obligations of the United States of America, certificates of deposits, commercial paper, bankers' acceptances, or in pools of obligations of the municipalities of Puerto Rico, which are managed by GDB. According to the aforementioned investment guidelines, the Municipality does not invest in marketable securities or any types of investments for which credit risk exposure may be significant. Therefore, the Municipality's management has concluded that the risk related to any possible loss related to defaults by commercial banks on the Municipality's deposits is considered low at June 30, 2021.
- **Interest rate risk** – This is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The Municipality manages its exposure to declines in fair values by: (1) not including debt investments in its investment portfolio at June 30, 2021, (2) limiting the weighted average maturity of its investments to three months or less, and (3) keeping most of its bank deposits in interests bearing accounts generating interests at prevailing market rates. At June 30, 2021, the Municipality's investments in certificates of deposits are recorded at cost, which approximates their fair value. Therefore, the Municipality's management has concluded that at June 30, 2021, the interest rate risk associated with the Municipality's cash and cash equivalents is considered low.

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 2 – CASH AND CASH EQUIVALENTS (CONTINUED)

- **Custodial credit risk** – In the case of deposits, this is the risk that in the event of a bank failure, the Municipality's deposits may not be recovered. Pursuant to the *Statement of Investment Guidelines for the Government of the Commonwealth of Puerto Rico* the balances deposited in commercial banks by the Municipality are insured by the Federal Deposit Insurance Corporation (FDIC) generally up to a maximum of \$250,000 per depositor. In addition, public funds deposited in commercial banks by the Municipality are fully securities pledged as collateral are held, in the Municipality's name, by the agents of the Commonwealth's Secretary of Treasury. At June 30, 2021, the bank balances of deposits were as follows:

	Major Governmental Funds				Other Governmental Funds	Total Governmental Funds
	General Fund	Debt Service Fund	State Assignment Fund	Coronavirus Relief Fund		
Cash in commercial banks	\$ 1,832,466	\$ -	\$ 3,938,035	\$ 1,103,469	\$ 2,949,636	\$ 9,823,606
Cash in commercial banks, fiscal agent	-	490,312	-	-	5,365	495,677
Total carrying amount of deposits	\$ 1,832,466	\$ 490,312	\$ 3,938,035	\$ 1,103,469	\$ 2,955,001	\$ 10,319,283

The Municipality has concluded that as of June 30, 2021, the custodial credit risk associated with cash in commercial banks is considered low.

- **Foreign exchange risk** – This is the risk that changes in exchange rates will adversely affect the value of an investment or a deposit. According to the aforementioned investment guidelines, adopted by the Municipality, the Municipality is prevented from investing in foreign securities or any other types of investments for which foreign exchange risk exposure may be significant. Accordingly, management has concluded that the foreign exchange risk related to the Municipality's deposits is considered low at June 30, 2021.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 4 – CAPITAL ASSETS (CONTINUED)

The Municipality did not have complete and accurate accounting records of capital assets at June 30, 2021. The infrastructure assets recorded in the accompanying statement of net position do not include a substantial portion of the Municipality's general infrastructure assets that were constructed or acquired by the Municipality from 1980 through June 30, 2021. Also, several real property assets, including buildings, structures, land and land improvements have not been recorded in the accompanying statement of net position at June 30, 2021.

As a result of the impact of Hurricane Maria, the Municipality performed a preliminary assessment of all suffered damages to its capital assets and performed significant recovery efforts. Management have been evaluating capital assets in terms of impairment, as required by current governmental accounting standards in order to determine if its capital assets are subject to impairment loss. But at June 30, 2021, no impairment loss have been recognized.

NOTE 5 – ACCOUNTS PAYABLE AND ACCRUED EXPENSES LIABILITIES

Accounts payable and accrued expenses liabilities in governmental fund financial statements represent expenditures incurred during fiscal year 2020-2021, and not paid by the Municipality at June 30, 2021. Following is a detail of these accounts payable and accrued liabilities:

NOTE 8 – GENERAL LONG-TERM DEBTS (CONTINUED)

A. GENERAL OBLIGATIONS BONDS AND NOTES

The Municipality issues general and special obligation bonds and notes, principally, to provide funds for the acquisition and construction of major capital facilities, to pay debt incurred in prior years, and to cover the expenditures of a special event. Bonds and notes payables as of June 30, 2021, are comprised of the following individual issues:

DESCRIPTION	AMOUNT
\$2,125,000, Series 2009, for construction purposes, payable in annual installments ranging from \$75,000 to \$85,000, excluding interests from 1.45% to 7.50%, through July 1, 2024	<u>\$ 269,363</u>
Total General Obligations – Bonds	<u>\$ 269,363</u>

This bond is payable with the following Municipality's resources:

- ❖ Municipal sales taxes resources restricted for debt service.

B. BONDS AND NOTES AMORTIZATION

The annual requirements to amortize the general obligations outstanding as of June 30, 2021 are as follows:

Year				
Ending	Principal	Interest		
June 30,	Payment	Payment	Total	
2021	\$ 75,000	\$ 3,328	\$ 78,328	
2022	80,000	11,577	91,577	
2023	85,000	5,390	90,390	
2024	29,363	1,102	30,465	
Total	\$ 269,363	\$ 21,397	\$ 290,760	

C. PROPERTY TAX DEBT – LAW 42

The Municipality entered into a repayment agreement to pay off the excess of property tax advances through fiscal year 2000 and 2001. The CRIM retains the payment from the property tax advances of the Municipality. The amounts retained by the CRIM are paid on July 1 of each year through July 1, 2032. The outstanding balance of the note payable to the CRIM at June 30, 2021 amounted to \$1,571,168.

NOTE 8 – GENERAL LONG-TERM DEBTS (CONTINUED)

D. COMPENSATED ABSENCES

The government-wide statement of net position includes \$405,591 of accrued sick leave benefits, and accrued vacation benefits, representing the Municipality's commitment to fund such costs from future operations.

E. PROPERTY TAX DEBT – LAW 146

On September 24, 2002, the CRIM, on behalf of the municipalities of Puerto Rico, entered into a financing agreement pursuant to the provisions of Law No. 146 of October 11, 2001. The purpose of this financing agreement was to extinguish in advance certain bonds payable issued by the Public Finance Corporation, which were originally issued to pay certain property tax receivables owned by the municipalities of Puerto Rico through 1996. The outstanding balance of the note payable to the CRIM at June 30, 2021 amounted to \$3,772.

F. HEALTH INSURANCE ADMINISTRATION

Liabilities of \$230,730 reported in the statement of net position represent the balance owed for services provided by the State Insurance Health Administration to the Municipality and not paid at June 30, 2021.

F. COMMUNITY DISASTER LOANS

The Community Disaster Loans (CDL) was granted under Section 417 of the Stafford Act and FEMA Regulation 44 CFR 206.367 under major disaster declaration of September 20, 2017, for the Territory of Puerto Rico (FEMA-DR-4339-PR). The promissory note to the Municipality is for \$1,349,746 at an interest rate of 2.75%. The note is payable and secured by a pledge of the Municipality's revenues. The purpose of this loan is to provide operational funding to the Municipality to continue operating after a substantial revenue loss caused by the disaster. The Municipality has drawn down \$674,873 from loan funds during fiscal year 2020-2021. Balance as of June 30, 2021, is \$674,873 with accrued interest amounting to \$1,525.

But, on September 30, 2021, the United States Congress passed "The Extending Government Funding and Delivering Emergency Assistance Act (P.L. 117-43)". According to P.L. 117-43, Section 1601. (a), "Repayments of the remaining balances of all loans, as of September 30, 2021, by the Federal Emergency Management Agency under section 417 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5184) are hereby cancelled". Therefore, the outstanding balance (\$3,999,322) as of June 30, 2021, of the referenced CDL was cancelled pursuant to P.L. 117-43.

H. LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS OBLIGATION

The Municipality owns a municipal solid waste landfill. However, the Municipality has not adopted the required provisions of Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post closure Care Costs*, issued by the Governmental Accounting Standards Board (GASB No. 18) and the regulations set forth by the U.S. Environmental Protection Agency (EPA) in its "Solid Waste Disposal Facility Criteria", issued on October 9, 1991. According to these standard and regulations, the Municipality is required to place a final cover on its landfill site when closed and perform certain maintenance and monitoring functions at the landfill site for 30 years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Municipality is required to report a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each statement of net position date. The accompanying statement of net position does not include the required liability for closure and post closure care costs of the solid waste landfill using current cost allocated based on the actual landfill capacity used at June 30, 2021.

**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE FISCAL YEAR ENDED JUNE 30, 2021**

NOTE 9 – DEBT RETIREMENT

Revenues of the debt service fund consist of the ad-valorem property taxes which are recognized as revenue when collected from taxpayers and reported by the Municipal Revenue Collection Center of the Commonwealth of Puerto Rico to the Municipality.

These property taxes are accumulated by the Municipal Revenue Collection Center in costs of the general obligations' bonds issued by the Municipality. Payments are made to the Government Development Bank of the Commonwealth of Puerto Rico from such accumulated funds by the Municipal Revenue Collection Center of Puerto Rico.

NOTE 10 – PROPERTY TAXES

The Municipal Revenue Collection Center (CRIM) of the Commonwealth of Puerto Rico is responsible for the assessment, collection and distribution of real and personal property taxes. The tax on personal property is self-assessed by the taxpayer.

The assessment is made on a return, which must be filed with the CRIM by May 15 of each year and is based on the current value at the date of the assessment. Real property is assessed by the CRIM. The tax is generally assessed on January 1 on all taxable property located within the Municipality and is based on the current value existing in the year 1957. For personal property, the tax is due with the return filed on or before May 15. Taxes on real property may be paid on two equal installments, July 1st and January 1st. Total tax rates in force as of June 30, 2021 are 6.83% for personal property and 8.83% for real property. The distribution of these rates are as follow:

Description	Personal Property	Real Property
Basic property tax rate, which is appropriated for general purposes and accounted in the Municipality's general fund:	4.00%	6.00%
Percent that belongs to the Commonwealth's debt service fund:	1.03%	1.03%
Percent that belongs to the Municipality's debt service fund:	2.00%	2.00%
Total tax rate:	7.03%	9.03%
Discount granted by law to the taxpayers but reimbursed to the Municipality by the P.R. Treasury Department	0.20%	0.20%
Total percent to be paid by taxpayers:	6.83%	8.83%

Residential real property occupied by its owner is exempt by law from property taxes on the first \$15,000 of the assessed value.

Collections from the Basic Tax, plus 35% of net revenues from the lottery system and 2.5% of net internal revenues from the Commonwealth's General Fund corresponding to the municipalities are deposited by the CRIM in a trust known as the *Municipal Matching Fund*, where AAFAF serves as trustee and a private bank serves as the custodian.

MUNICIPALITY OF CULEBRA**

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 10 – PROPERTY TAXES (CONTINUED)

Collections of this fund are distributed among the municipalities following specific rules and formulas set forth by law. Collections that correspond to the Commonwealth CAE Tax are transferred to the *Commonwealth General Obligation Redemption Fund* and those that correspond to the Municipal CAE Tax and any other revenues that are needed to service municipal general obligations are transferred to the *Municipal Public Debt Redemption Fund*.

The CRIM advances funds to the Municipality based on an estimate of special governmental subsidies and the property taxes to be levied and which are collected in subsequent periods. This distribution includes advances of property tax and amounts of municipal equalization fund from the Commonwealth government. The CRIM is required by law to prepare a settlement statement on a fiscal year basis, whereby a comparison is made between the amounts advanced to the Municipality and amounts actually collected from taxpayers. The CRIM prepares a preliminary settlement not later than three months after fiscal year-end and a final settlement not later than six months after fiscal year-end. If actual collections exceed the advances a receivable from CRIM is recorded. However, if advances exceed actual collections, a payable to CRIM is recorded. The information to the advances and actual collections were not available at the issuance of the financial statements.

Since April 2016, Municipal CAE Tax collections are deposited in a private commercial bank. The MFA/Private Sector Sub-Fund accounts for the Municipal CAE Tax revenues necessary to meet annual debt service on bonds, notes and loans issued or bought by the Municipal Finance Agency ("MFA"), the federal government or private banks. Municipal CAE Tax collections of the MFA/Private Sector Sub-Fund are deposited in a private commercial bank. Once a reserve equivalent to twelve months of debt service on all outstanding general obligations is funded, any surplus in the Municipal Public Debt Redemption Fund is placed at the disposal of the Municipality. Upon request and approval of AAFAF, once in a year these surplus funds, known as "excess CAE funds" are distributed to the Municipality net of withdrawal for payment of debts to governmental agencies, if any. Generally, these funds are transferred to the Municipality's General Fund. The Municipality recorded these excess CAE funds as transfers-out in the Debt Service Fund and as transfers-in the General Fund or a special revenue fund.

NOTE 11 – VOLUME OF BUSINESS TAXES

The Municipality is authorized by Law No. 81 to impose and collect municipal license taxes on all trade or business activities operated by any natural or legal person within the territorial area of Culebra. This is a self-assessed tax generally based on the business volume measured by gross sales. The Municipality establishes the applicable tax rates. At June 30, 2021, the municipal tax rates imposed by the Municipality were 1.50% for financing institutions and 0.50% for other types of taxpayers. Any taxpayers that have been granted with partial tax exemptions under any of the incentive tax laws of the Commonwealth ultimately pay municipal license taxes at reduced tax rates, generally between 60% and 90% under standard rates. Each taxpayer must assess his/her corresponding municipal license tax by declaring his/her volume of business through a tax return to be filed every April 15 based on the actual volume of business generated in the preceding calendar year.

Taxpayers with a sales volume of \$3 million or more must include audited financial statements with their tax returns. The tax can be paid by the taxpayer in two equal installments due on July 15 and January 15, subsequent to the filing of the declaration.

The first installment of the tax covers the six-month period ended December 31, subsequent to the filing date of the declaration, while the second installment of the tax covers the six-month period ended June 30 of the subsequent calendar year. If a taxpayer elects to pay the tax in full on the filing date of the declaration (generally April 15), a 5% discount is granted automatically on the total tax amount due.

Any municipal license taxes collected in advance (that is, pertaining to a future fiscal year) are recorded as unearned revenues in the GWFS and the GFFS. At June 30, 2021 the Municipality collected in advance, \$91,842 of volume of business taxes.

**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE FISCAL YEAR ENDED JUNE 30, 2021**

NOTE 12 – SALES TAXES

As imposed by Commonwealth and Municipal laws and regulations, the citizens of Puerto Rico are subject to sales and use taxes (“SUT”) on a broad range of goods and services. The total tax is imposed at a combined 11.5% rate of which 10.5% belongs to the Commonwealth and 1% for the municipalities (collection process administered through the Municipal Finance Corporation – “COFIM”). The tax is due the 20th day of each month based on tax collected in the preceding month. Merchants at the Municipality render their tax return and payment through COFIM’s web site or through a bank institution.

Effective on February 1, 2014, the Commonwealth approved Act No. 18 and Act No. 19, as amended by Act No. 84 of 2016, to provide for the restructuring and creation of financing structures from sales and use tax sources to guarantee and pay municipal long-term debt issuances. As a result of these legislations the municipalities of Puerto Rico may improve its credit capacity along with maintaining sufficient resources for operations. Act No. 18 known as the “Municipal Administration Fund Law” creates a special fund called “Municipal Administration Fund” (“FAM”) currently administered by COFIM and under custody of a private commercial bank. The FAM permits the Municipalities to guarantee and pay long term debt and provide funds for its general operations. The Act includes provisions for municipalities that do not want to be covered by the Act. Special rules apply for those municipalities. The Municipality signed the agreement to be covered. Act No. 19 created the Municipal Finance Corporation (“COFIM”), a public corporation, to issue bonds and use other financing mechanisms to pay or refinance all or a portion of the municipalities’ debt obligations payable from the 1% municipal SUT. The Act includes provisions for municipalities that do not want to be covered by Act No. 18. Special rules apply for those municipalities. As discussed above the Municipality signed the agreement to be covered by Act No. 18.

The FAM is funded with an amount attributable to the .5% of the Commonwealth’s SUT for the current fiscal year. The .5% is distributed as follows:

- .2% of the .5% will be deposited in a Municipal Development Fund to be distributed among all the municipalities in accordance with a formula created by the Act,
- .2% of the .5% will be deposited in a Municipal Redemption Fund to finance loans to Municipalities and,
- .1% of the .5% will be deposited in a Municipal Improvement Fund to finance capital improvement projects; these funds will be distributed based on legislation from the Commonwealth’s Legislature.

Starting July 2016 all FAM’s .2% SUT revenues belonging to the Municipal Redemption Fund and deposited in a private commercial bank designated by COFIM.

The Debt Service Fund reported revenues of \$298,339 corresponding to the IVU Municipal Redemption Fund under the custody of a private commercial bank. Once a reserve equivalent to twelve months of debt service on all outstanding general obligations is funded, any surplus in the IVU Municipal Redemption Fund is placed at the disposal of the Municipality. Upon request, these surplus funds, known as “excess IVU funds” are distributed to the Municipality at any time and whenever requested. Generally, these funds are transferred to the Municipality’s general fund. The Municipality recorded these excess IVU funds as transfers-out in the debt service fund and as transfers-in the general fund or in a special revenue fund.

Pursuant to Act no. 19 as amended, the first collections of the 1% municipal SUT are deposited into the COFIM’s sinking fund until the greater of: .3% of the 1% municipal SUT or an Annual Rental Fee (“RFA”). The RFA for current and thereafter is 1.5% of the RFA of the preceding fiscal period. The excess amount of 1% municipal SUT remaining after the required deposit to the COFIM’s sinking fund (the “1% Municipal Transfer”) is transferred to the general fund of municipalities or to the IVU Municipal Redemption Fund as decided by the municipality. Since COFIM has not issue debt payable from COFIM’s Sinking Fund, the 1% SUT is transferred directly to the municipalities.

NOTE 12 – SALES AND USE TAXES (CONTINUED)

COFIM established a system of monthly advances for the transfers of the .2% destined for the Municipal Development Fund (FDM), the .2% related to the Municipal Redemption Fund (FRM) and the 1% of municipal sales and use tax. Each month, the FDM, FRM and 1% sales and use tax transfers based on the amounts collected that same month in the preceding fiscal year. At the end of the year, a settlement will be made comparing the actual collections of the FDM, FRM and the 1% sales and use tax with the monthly advances made to each municipality. If actual collections exceed the total advances received, an account receivable will be recognized; if actual collections are less than the total advances, a payable will be recognized and amortized through withholdings from future advances. For the FDM and FRM transfers, the advance system became effective on July 1, 2014; for the 1% municipal sales and use tax, the effective date varied depending on the implementation date of COFIM's collection process in the corresponding municipality. For the Municipality, the implementation date was February 1, 2015.

For the fiscal year ended on June 30, 2021, the Municipality's General Fund recorded \$1,159,824 related to the 1% sales and use tax and the Municipal Development Fund.

NOTE 13 – INTERGOVERNMENTAL REVENUES

Intergovernmental revenues consist primarily of funds received from the Commonwealth of Puerto Rico, "in lieu of tax" payments from the Quasi-public Corporation, Puerto Rico Electric Power Authority, and federal financial assistance received from federal government. Grants and subsidies received from the Commonwealth of Puerto Rico and federal agencies include, among others, a general subsidy for urban development and capital improvements.

Intergovernmental revenues are accounted for through the General Fund except for those related to urban development and capital improvements, which are accounted for through the Special and Capital Funds.

Intergovernmental revenues in the General Fund are comprised of the following:

Description	Amount
-Commonwealth government subsidy and equalization fund sent by CRIM	\$ 1,165,453
-Compensation in lieu of taxes from the P.R. Electric Power Authority	<u>100,207</u>
Total	<u>\$ 1,265,660</u>

NOTE 14 – EMPLOYEE'S RETIREMENT PLAN

a. *Plan description*

The Municipality is a participating employer in a retirement plan administered by the Employee's Retirement System of the Government of Puerto Rico and its Instrumentalities (ERS), a trust created by the Commonwealth's Legislature. ERS covered all regular full-time public employees working for the executive and legislative branches of the Commonwealth and the municipalities of Puerto Rico (including mayors); the firefighters and police of Puerto Rico and employees of certain public corporations not having their own retirement systems. Prior to July 1, 2013 the system operated under the following benefits structures:

- Act No. 447 of May 15, 1951 ("Act 447") effective on January 1, 1952 for members hired up to March 31, 1990,
- Act No. 1 of February 16, 1990 ("Act 1") for members hired on or after April 1, 1990 and ending on or before December 31, 1999,
- Act No. 305 of September 24, 1999 ("Act 305"), which amended Act 447 and Act 1, for members hired from January 1, 2000 up to June 3, 2013,
- Act No. 3 of April 4, 2013 ("Act 3") effective on July 1, 2013 for members participating under Acts No. 447, 1 and 305 or members hired on or after July 1, 2013.

Employees under Act 447 and Act 1 were participants of a cost-sharing multiple employer defined benefit plan. Act 305 members were participants under a pension program known as System 2000, a defined contribution plan. Under System 2000 benefits at retirement age were not guaranteed by the Commonwealth and were subjected to the total accumulated balance of the savings account. Act No. 3 amends the provisions of the different benefits structures under the ERS moving all participants (employees) under the defined benefit pension plans (Act 447 and Act 1) and the defined contribution plan (System 2000) to a defined contribution hybrid plan. For Act 447 and Act 1 active participants, all retirement benefits accrued through June 30, 2013 were frozen, and thereafter, all future benefits accrue under Act 3 plan. Contributions are maintained by each participant in individual accounts. Credits to the individual accounts include (1) contributions by all members of ERS Act 447 and Act 1 defined benefit pension plans after June 30, 2013; (2) the retirement savings account as of June 30, 2013 of System 2000 participants and, (3) the investment yield for each semester of the fiscal year. The assets of the defined benefit program, System 2000 and the defined contribution hybrid plan were pooled and invested by ERS.

The Commonwealth has already taken critical steps towards a comprehensive reform of the ERS. On September 30, 2016, the ERS was designated by the Oversight Board as a "covered instrumentality" pursuant to the provisions of PROMESA. The Act requires covered instrumentalities to develop fiscal plans and accordingly, a pension fiscal reform was included as part of the Commonwealth's fiscal plan which was proposed and approved by the Oversight Board on March 13, 2018.

As a result of the ERS's severe fiscal and liquidity crisis, on May 21, 2018 the Oversight Board filed a voluntary petition under Title III of PROMESA in the United States District Court for the District of Puerto Rico (the "District Court").

b. Benefits provided

Eligibility for retirement. Act 3 establish the following retirement eligibility requirements: (1) Act 447 regular employees upon attaining a range between 59 to 61 years (depending of date of birth) and 10 years of creditable service, (2) Act 1 employees upon attaining 55 years with 30 years of creditable service, (3) System 2000 regular employees upon attaining a range between 61 to 65 years (depending of date of birth) and, (4) Act 3 employees hired after July 1, 2013 upon reaching 67 years. High risk employees (state and municipal police, firefighters and custody officials) under Act 447 and Act 1 will be eligible at 55 years with 30 years of creditable service, for System 2000 employees at 55 years of service and for Act 1 employees hired after July 1, 2013 upon reaching 58 years.

Accrued benefits. All members are entitled to a lifetime annuity based on the balance of the deferred contribution individual account at the time of the retirement calculated based on a factor that will incorporate the individual's life expectancy and a rate of return. For Act 447 and Act 1 active participants all retirement benefits accrued through June 30, 2013 were frozen, and thereafter, all future benefits accrue under Act 3 plan. These participants will receive a pension at retirement age equivalent to what they have accrued under Act 447 and Act 1 up to June 30, 2013 plus the lifetime annuity corresponding to contributions made to the individual account after July 1, 2013 as described above. Act 447 participants, except police and mayors, may elect to coordinate coverage with Social Security benefits ("Coordinated plan"). Under this option participants are subject to a benefit recalculation upon attainment of the Social Security Retirement Age. For all members, if the balance of the defined contribution individual account is less than \$10,000 the amount shall be paid as a lump sum instead of an annuity. Effective July 1, 2013 the minimum monthly pension amount for members who retired or disabled before July 1, 2013 is \$500.

Termination benefits. Members are eligible to a lump sum payment of the defined contribution individual account as of the date of the permanent separation of service upon termination of service prior to 5 years of service or if the balance of the defined contribution individual account is less than \$10,000.

Deferred retirement. Members are eligible at the applicable retirement eligibility age to a lifetime annuity based on the balance of the deferred contribution individual account plus the accrued benefit as of June 30, 2013 (for Act 447 and Act 1 members) upon termination of service with 5 or more years of service (10 years of creditable service for Act 447 and Act1 members) but prior to the applicable retirement eligibility, provided the member has not taken a lump sum withdrawal from the defined contribution individual account.

Death benefits. For non-retired members their designated beneficiaries will receive a refund of the balance of the deferred contribution individual account plus the accrued benefit as of June 30, 2013 (for Act 447 and Act 1 members). For pensioned members retired prior to June 30, 2013 the annual income to a widow or widower or dependent children is equal to 60% of the retirement benefit payable for life for a surviving spouse or disabled children and payable until age 18 or age 25 if pursuing studies for non-disabled children. For pensioned members retired after June 30, 2013 payments to beneficiaries will be the excess, if any, of the balance of the deferred contribution individual account plus the accrued benefit as of June 30, 2013 (for Act 447 and Act 1 members) over the total annuity payments paid to the member and any beneficiaries.

Disability benefits. Members who are permanently separated from service due to total and permanent disability, due to disability pursuant to Act No. 127 of June 27, 1958, as amended, or due to terminal illness, as determined by the Administrator, shall be entitled to the balance of the deferred contribution individual account in a lump sum, or through the grant of an annuity, or any other optional form of payment pursuant to Section 5-110 of Act No. 447, at the option of the participant, plus the accrued benefit as of June 30, 2013 (for Act 447 and Act 1 members) at the applicable retirement eligibility age. Beginning on June 30, 2013, no disability pensions shall be awarded pursuant to Sections 2-107 thru 2-111 of Act No. 447. A disability benefits program is established which shall provide a temporary annuity in the event of total and permanent disability. Disability benefits may be provided through one or more disability insurance contracts with one or more insurance companies authorized by the Office of the Commissioner of Insurance of Puerto Rico to conduct business in Puerto Rico. The determination as to whether a person is partially or totally and permanently disabled, shall be made by the insurance company that issues the insurance policy covering the participant.

Special laws and pensioner additional benefits. The Municipality is required to cover other retirement benefits of its retired employees (if retired prior to July 1, 2013) as required by Commonwealth's laws, including: (1) various special laws – ad-hoc cost-of-living allowance adjustments (COLA) provided in prior years; (2) various special laws –additional minimum pension benefits and, (3) Act 3 retired pensioners "Additional Benefits Program". All of these other retirement benefits are applicable only to employees who retired prior to July 1, 2013, under Act 447 and Act 1. The "Additional Benefits Program" includes: (1) a medication bonus of \$100 per member which shall be paid no later than July 15 of each year; (2) a Christmas bonus of \$200 per member which shall be paid no later than December 20 of each year and, (3) a matching share of \$1,200 for healthcare insurance plan. These costs are billed by ERS and paid by the Municipality through the PayGo system.

c. Retirement systems reform

Act No. 106 of August 23, 2018 ("Act 106") was enacted to reform the Commonwealth retirement systems and, among other dispositions, provide the necessary legal and operational structure of the determination and payment of accrued pension benefits as of June 30, 2018, the creation and transition to a new defined contribution plan and the reform of ERS's governance and administration, effective on July 1, 2018. Those dispositions are summarized as follows:

Determination of accrued pension benefits as of June 30, 2018, and payments

Effective July 1, 2018 participants ceased to accrue new pension benefits and are no longer able to make direct credit payments or to make additional contributions to the ERS. The ERS created and will maintain, for each participant or actual beneficiary, an individual record as of June 30, 2018 which includes the accrued pension benefits, employment history and accumulated contributions made. All benefits including retirement, disability, death, and other pensioner additional benefits were determined in accordance to the specific benefit structures under Act 447, Act 1, Act 305 and Act 3 and will be paid based on the information provided in the individual record. The accrued pension benefits will be funded through:

- The net proceeds of the sale of ERS's assets,
- A pay-as-you-go ("PayGo") charge to the participant employers determined by ERS and billed by the PRDT,
- Commonwealth's legislative expenditure appropriations,
- Donations by any public or private entity,
- 25% of first or periodic payments on public-private partnership contracts,
- Other funds determined by the Commonwealth's Legislature.

On June 27, 2018 the PRDT issued the Circular Letter No. 1300-46-17 to communicate to the Commonwealth, the Municipalities and other participants of the ERS the conversion procedures to a new PayGo model, effective on July 1, 2018.

NOTE 14 – EMPLOYEE'S RETIREMENT PLAN (CONTINUED)

Under the PayGo funding, the participant employers directly pay the pension benefits (including other special laws and additional pensioner benefits) as they are due rather than attempt to build up assets to pre-fund future benefits. This funding method allows the retirement systems to continue to pay benefits even after the plans' assets have been exhausted. In addition, as a result of the implementation of PayGo funding, employers' contributions related to additional uniform contributions were eliminated. Payments are made by the employers (the Municipality) through a government treasury single account (TSA) maintained on a separate trust under the custody of PRDT. TSA funds are deposited and maintained in a private commercial bank. It is expected that, as the ERS's assets become depleted, the PayGo charge will increase. On July 20, 2018 ERS sold investments for approximately \$297 million.

Act 106 includes penalties and specific procedures for collection of unpaid PayGo charges. Each beneficiary, participant or pensioned will have personal collection rights against every incumbent, head of agency, director of budget or finance or any officer with responsibility at government, public enterprise or municipality to claim unpaid contributions starting on the effective date of the Act and demand that they be paid as required. For municipalities, it authorized a legal lien of property tax to be collected by the CRIM through the monthly advances.

Creation and transition to a new defined contribution plan

General - Effective July 1, 2018, a new defined contribution plan ("DC Plan") is created and maintained in a separate trust. It covers all active participants of the ERS as of that date and participants enrolled in the public service after that date. The Retirement Board (as discussed later) is responsible for oversight of the DC Plan; the PRDT currently serves as the trustee and custodian of the DC Plan's assets, which are deposited in a private bank account.

The transition to the new DC Plan is currently in process. In accordance with Act 106 requirements, the Retirement Board is evaluating proposals to appoint a plan administrator which will perform recordkeeping and management functions for the DC Plan, including the development and adoption of a plan document, effective July 1, 2019. The transition includes the creation of a separate trust and the transfer of participant accounts.

Participant accounts and contributions - Funds are maintained in individual accounts for each participant which are credited with participant's pre-tax contributions and investment earnings. Participants are required to contribute at least 8.5% of gross salary. The Plan provides for voluntary additional pre-tax contributions as permitted by the Puerto Rico Internal Revenue Code of 2011 ("2011 PR Code"). After July 1, 2019, participants may direct the investment of their contributions into various investment options offered by the DC Plan.

Payment of benefits - Upon termination of service a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's interest in his or her account in a lump-sum amount, maintain his or her account in the DC Plan, or roll-over their account to a qualified plan under the 2011 PR Code. Upon participant's death the account balance will be distributed to its designated beneficiaries. Distributions are subject to income tax in accordance with the provisions of the 2011 PR Code. For participants of the DC Plan with accrued pension benefits as of June 30, 2018, benefits will include amounts of participant's interest in his or her account plus accrued pension benefits funded through the PayGo system.

Reform of ERS's governance and administration

Act 106 creates a Retirement Board composed of thirteen (13) members (government officials, representatives of teachers, judicial system, public corporations and mayors) which replaces the Board of Trustees and perform overall governance of all retirement systems, including ERS, the Teachers and Judiciary Retirement Systems. ERS's employees that are not retained under the new administrative structure will be transferred to public agencies in conformity to Act No. 8 of 2018.

d. Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions; other required disclosures under GASB Statement 73

As discussed above, pursuant to Act 106, participants ceased to accrue new pension benefits and are no longer able to make direct credit payments or to make additional contributions to the ERS. In addition, benefit payments are made through a PayGo funding administered by the PRDT. As a result, the plans operated by ERS under various benefit structures prior to July 1, 2017 are administered through a trust that do not meet the requirements of GASB Statement No. 68 as of July 1, 2017 and instead, the employers are subject to the requirements of GASB Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68". Since the ERS has not issued audited financial statements as of and for the fiscal year ended June 30, 2021, nor has provided to the Municipality certain required information necessary to properly implement the provisions of GASB Statement No. 73 as of and for the fiscal year ended June 30, 2021, amounts related to pensions reported in the government-wide financial statements are the same amounts reported in the 2020 financial statements. Amounts reported as deferred outflows \inflows of resources related to pensions and net pension liability in the government-wide financial statements had not been updated since previous years. In addition, applicable disclosures and required supplementary information have been omitted.

NOTE 15 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)

a. Plan description

The Municipality is a participating employer in the Employee's Retirement System of the Government of Puerto Rico and its Instrumentalities Medical Insurance Plan Contribution ("ERS-MIPC"). ERS MIPC is an unfunded, cost sharing, multi-employer defined benefit plan sponsored by the Commonwealth. Substantially all fulltime employees of the Commonwealth's primary government, and certain municipalities of Puerto Rico and certain component units of the Commonwealth not having their own postemployment benefit plan, are covered by the OPEB. Commonwealth employees became members upon their date of employment. Plan members were eligible for benefits upon reaching the pension benefits retirement ages.

b. Benefits provided

ERS MIPC covers a payment of up to \$100 per month to the eligible medical insurance plan selected by the member provided the member provided the member retired prior to July 1, 2013 (Act No. 483, as amended by Act No. 3).

c. Contributions

The contribution requirement of ERS MIPC is established by Act No. 95 approved on June 29, 1963. This OPEB plan is financed by the Commonwealth on a pay-as-you-go basis. The funding of the OPEB benefits is provided to the ERS through legislative appropriations each July 1 by the Commonwealth's General Fund for former government and certain public corporations without own treasuries employees, and by certain public corporations with own treasuries and municipalities for their former employees. The Municipality's contribution is financed through the monthly Paygo charge. There is no contribution requirement from the plan member during active employment. Retirees contribute the amount of the healthcare insurance premium not covered by the Commonwealth contribution. As a result, these OPEB are 100% unfunded. The legislative appropriations are considered estimates of the payments to be made by the ERS for the healthcare benefits throughout the year.

As a result, amounts to be reported as deferred outflows \inflows of resources related to OPEB, the net OPEB liability, applicable disclosures and required supplementary information have been omitted.

NOTE 16 – TAX ABATEMENTS

Commonwealth of Puerto Rico Agreements

Governments may use tax abatements to reduce the imposition of taxes to private entities in exchange for a given set of objectives, including economic development, urban renewal, promoting industries, and others. A tax abatement is a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments. For the fiscal year ended June 30, 2021, the Municipality abated the following taxes based on the imposition of state laws governing the agreements entered into by the Commonwealth and the entities:

Government granting the abatement and law or program	Purpose of the program	Type of tax being abated	Taxes Abated
P.R. Treasury Department, Section 1101 (a) (6) of the Internal Revenue Code of Puerto Rico	Promote non-profit organizations.	Real and personal property taxes, and volume of business taxes.	Real and personal taxes: Abated: \$5,033
P.R. Tourism Company, Act No. 74 of 2010	To provide incentives that will allow for substantial growth of the island tourism.	Real and personal property taxes, volume of business taxes and construction excise taxes.	Real and personal taxes: Abated: \$10,562
P.R. Industrial Development Company, Tax Incentives Act of 1998 (Act No. 135 of December 2, 1997 as amended)	Stimulate the formation of local capital; promote the development of manufactured articles in P.R.; promote the development of small and medium businesses, among others. NOTE 17 – CONTINGENCIES

A. ENCUMBRANCES

The Municipality has reported outstanding encumbrances amounting to \$91,181 in the general fund at June 30, 2021. The Municipality intends to honor these encumbrances, which will continue to be liquidated under the current year's budget during a lapse period that extends into the subsequent fiscal year.

B. CLAIMS AND JUDGMENTS

The Municipality is defendant in various legal proceedings pertaining to matters incidental to the performance of routine governmental operations. Under Act No. 104 of June 25, 1955, as amended, persons are allowed to sue the Municipality only for causes of actions set forth in said Act to a maximum amount of \$75,000 or \$150,000 if it involves actions for damages to more than one person or where a single injured party is entitled to several causes of action. Under certain circumstances, as provided in Act No. 9 of November 26, 1975, as amended, the Municipality may provide its officers and employees with legal representation, as well as assume the payment of any judgment that may be entered against them. There is no limitation on the payment of such judgment.

In addition, the Municipality is a defendant or co-defendant in several legal proceedings, which are in discovery stage. Certain of these claims are covered by insurance. Legal counsels with the information currently available cannot determine the final outcome of these proceeding. However, it has been the Municipality's experience that such actions are settled for amounts substantially less than the claim amounts.

It is management's opinion, based on the advice of the legal counsel, that the potential claims against the Municipality not covered by insurance will not materially affect the financial resources for its payment. All potential claims are accrued in the financial statements at June 30, 2021.

C. FEDERAL GRANTS

The Municipality receives financial assistance from the federal government in the form of grants and entitlements. Receipts of grants are generally conditioned upon compliance with terms and conditions of the grant agreements and applicable federal law and regulations, including the expenditure of resources for eligible purposes. Substantially all grants are subject to audit under Uniform Guidance of the Office of Management and Budget of the United States of America (Uniform Guidance). Disallowance as a result of these audits may become liabilities of the Municipality.

D. CONSTRUCTION

The Municipality had commitments at June 30, 2021 of approximately \$150,000 for the construction, improvements, or renovation of several capital facilities and the capital assets.

E. EFFECT OF FISCAL AND ECONOMIC CONDITIONS

The Municipality faces fiscal and economic risks and challenges due to different conditions including, among others, the economic and fiscal crisis of the Commonwealth, the lack of financing alternatives from commercial banking and the impact of COVID-19:

**COMMONWEALTH OF PUERTO RICO
MUNICIPALITY OF CULEBRA**

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 17 – CONTINGENCIES (CONTINUED)

Commonwealth's economic and fiscal crisis

The Commonwealth is currently facing a profound fiscal and economic crisis and has incurred recurring deficits, has a negative financial condition, has not been able to access the credit markets, and has disclosed that a substantial doubt exists about its ability to continue as a going concern. As a result of this situation, and pursuant to PROMESA, the Oversight Board designated the Commonwealth as a covered entity. Furthermore, on May 3, 2017, a petition of relief was filed by the Oversight Board under Title III of PROMESA, incorporating the automatic stay provisions of Bankruptcy Code section 362 and 922. As a covered entity, the Commonwealth was required to prepare and eventually revise its Fiscal Plan.

The latest revised Fiscal Plan provides for the reduction and eventual elimination of a substantial portion of the Commonwealth's subsidy transfer to the municipalities, which may adversely affect the ability of municipal governments to continue providing essential services and servicing their debt obligations.

Starting in fiscal year 2017-2018, the total municipal appropriations were reduced by \$150 million, bringing a new baseline of \$220 million reduction in the Commonwealth's subsidies to the municipalities. The reduction will be gradually implemented by 20% on each successive year starting at \$44 million in fiscal year 2018-2019 phasing out the subsidy transfer in fiscal year 2023-2024. The Plan propose incentivizing consolidations of municipal services and a property tax reform to help the Municipalities to offset the reduction and become more solvent.

The Municipality cannot adequately estimate the possible effects of the elimination of the Commonwealth's subsidy transfer on its operations in future fiscal years.

Lack of financing alternatives from commercial banking

As a result of significant fiscal challenges, the Government Development Bank for Puerto Rico ("GDB") completed its wind-down of its fundamental operations on March 23, 2018. GDB historically served as an important source of liquidity to municipal governments by providing financing to such entities. However, given GDB's situation it is no longer able to provide such financings.

While certain mid-sized and small municipalities may be able to obtain financing from commercial financial institutions to continue funding their public work programs and operations, those institutions have strengthened their requirements for financing. In order to mitigate the impact of this events, the municipalities are obtaining other alternatives of long-term financing including federal loans from Rural Development, HUD (Section 108) and FEMA (Community Disaster Loans). Notwithstanding, the lack of additional financing alternatives limits the capacity of the municipalities of performing capital projects and improvements including buildings, recreational facilities, and infrastructure.

Impact of COVID-19

On March 2020, the World Health Organization declared the outbreak of a new coronavirus (COVID-19) as a pandemic that continues to spread. The United States Government declared a nationwide public health emergency in order to make efforts to contain the virus and provide measures to mitigate the negative effect on the economy. Also starting on March 2020, the Governor of the Commonwealth of Puerto Rico issued various executive orders which, among other things, imposed an overnight curfew, ordered schools, non-essential businesses, nonprofit entities and Commonwealth and Municipal governmental organizations to close or partially operate.

NOTE 17 – CONTINGENCIES (CONTINUED)

As a result of the impact of the spread of the outbreak and these executive order measures, the Municipality experienced reductions in certain operating (tax) revenues and receipts during the pandemic, causing cash flow problems. The Municipality at this time cannot predict with any certainty the actual impact COVID-19 may have on revenues in the coming fiscal years. While the impact on the Municipality is uncertain currently, the Municipality is monitoring the impact and taking several measures to ensure continuity of services of the general public while protecting employees from this virus. The occurrence and extent of such an impact will depend on future developments, including the duration and future spread of the outbreak. Businesses, the Commonwealth, Municipal governments and people of Puerto Rico were granted with financial assistance in order to alleviate the economic impact of the coronavirus.

Due to the economic and financial uncertainties described, the extent to which COVID-19 may impact the Municipality's future financial condition or results of operations is undeterminable.

FOR THE FISCAL YEAR ENDED JUNE 30, 2021**

NOTE A – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY CONTROL

The Municipality's annual budget is prepared on the budgetary basis of accounting, which is not in accordance with GAAP, and represents departmental appropriations recommended by the Mayor and approved by the Municipal Legislature prior to the beginning of the fiscal year. Amendments to the budget require the approval of the Municipal Legislature. Transfers of appropriations within the budget, known as Mayor's Resolutions, do not require the approval of the Municipal Legislature.

The Municipality prepares its annual budget including the operations of the General Fund.

For budgetary purposes, encumbrance accounting is used. The encumbrances (i.e., purchase orders, contracts) are considered expenditures when incurred. For GAAP reporting purposes, encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

The unencumbered balance of any appropriation at the end of the fiscal year will lapse at the end of such fiscal year. Other appropriations, mainly capital project appropriations, are continuing accounts for which the Municipal Legislature has authorized that an unspent balance from the prior year be carried forward and made available for current spending.

The annual budget as presented in the Budgetary Comparison Schedule-General Fund is the budget ordinance at June 30, 2020 representing the original budget. There were no supplemental appropriations for the year ended June 30, 2021.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**To the Honorable Mayor and
Members of the Municipal Legislature
Municipality of Culebra
Culebra, Puerto Rico**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of each major fund, and the aggregate remaining fund information of the Municipality of Culebra, Puerto Rico (Municipality), as of and for the year ended June 30, 2021, and the related notes to the financial statements. We were engaged to audit the financial statements of the governmental activities. These financial statements collectively comprise the Municipality's basic financial statements and have issued our report thereon dated May 12, 2022. A disclaimer of opinion was issued in the governmental activities because we were unable to obtain enough, and competent evidential matter related to the capital assets and sufficient appropriate audit evidence about the deferred outflows/inflows of resources, liabilities, and expenses relating to pension and other postemployment benefits of the governmental activities.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Municipality's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control. Accordingly, we do not express an opinion on the effectiveness of the Municipality's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses. Finding 2021-001 and 2021-002.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Municipality's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items. Finding 2021-003.

Municipality's Response to Findings

Municipality's response to the findings identified in our audit is described in the accompanying *Schedule of Findings and Questioned Costs*. Municipality's response was not subject to the auditing procedures applied in the audit of the financial statements and, accordingly we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

**To the Honorable Mayor and
Members of the Municipal Legislature
Municipality of Culebra
Culebra, Puerto Rico**

Report on Compliance for Each Major Federal Programs

We have audited the Municipality of Culebra, Puerto Rico (Municipality), compliance with the types of compliance requirements described in the OMB compliance supplement that could have a direct and material effect on each of the Municipality's major federal programs for the year ended June 30, 2021. The Municipality's major federal programs are identified in the summary of auditor's results section of the accompanying *Schedule of Findings and Questioned Costs*.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Municipality's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Municipality's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Municipality's compliance.

Opinion on Each Major Federal Program

In our opinion, the Municipality, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

TORRES-FRED & Co., P.S.C.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE
(continued)**

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2021-003. Our opinion on each major federal program is not modified with respect to these matters.

Municipality's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Municipality's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the Municipality's is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Municipality's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Municipality's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTE TO THE SCHEDULE OF EXPENDITURE OF FEDERAL AWARD

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal grant activity of the Municipality of **Culebra**, Puerto Rico (Municipality) under programs of the Federal government for the fiscal year ended June 30, 2021. The information in the Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this Schedule may differ from amounts presented in or used in the preparation of the basic financial statements. The reporting entity is defined in Note 1 (B) to the basic financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. The Schedule is prepared from Municipality's accounting records and presents only a selected portion of the operations of the Municipality, it is not intended to, and does not present, the financial position or changes in net position of the Municipality.
2. The Municipality in accordance with the terms and conditions of the grants, records the financial transactions which are consistent with accounting principles generally accepted in the United States of America.
3. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable or when actually paid, whichever occurs first.
4. Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, except for the programs Section 8 Housing Choice Vouchers (HCV) and Disaster Grants- Public Assistance. Expenditures for HCV Program are equal to the ACC subsidy for the PHA fiscal period. Expenditures for Disaster Grants- Public Assistance are recognized in the period when; (a) FEMA has approved the PW and (b) eligible expenditures are incurred.
5. State or local government redistributions of federal awards to the Municipality, known as "pass-through awards", should be treated by the Municipality as though they were received directly from the Federal government. The Uniform Guidance requires the Schedule to include the name of the pass-through entity and the identifying number assigned by the pass-through entity for the Federal awards received as a sub-recipient. Numbers identified as N/AV are not available.

NOTE 3 – ASSISTANCE LISTING NUMBER

The Assistance Listing Number is a program identification number. The first two digits identify the federal department or agency that administers the program, and the last three numbers are assigned by numerical sequence.

NOTE 4 – INDIRECT COST RATE

The Municipality has elected not to use the 10-percent de minimis cost rate allowed under the Uniform Guidance.

NOTE 5 – MAJOR PROGRAMS

Major programs are identified in the Summary of Auditor's Results Section of the Schedule of Findings and Questioned Costs.

**COMMONWEALTH OF PUERTO RICO
MUNICIPALITY OF CULEBRA**

NOTE TO THE SCHEDULE OF EXPENDITURE OF FEDERAL AWARD

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 6 – COMMUNITY DISASTER LOANS

In fiscal year 2017-2018, FEMA issued to the Municipality a five-year promissory note for a maximum amount of \$1,349,746 for financial assistance under the Community Disaster Loans ("CDL") program, bearing interest at 2.75% annually. The program helps local governments to overcome a loss in revenues as a result of a natural disaster, in order to perform its governmental operational functions. Neither principal nor interest payments are required until maturity. The terms of the loan provide that if the Municipality has not recovered sufficiently to meet its operating budget after three full fiscal years, repayment of all or part of the loan may be cancelled. The principal balance at June 30, 2021, was \$674,873. Accrued interest as of June 30, 2021, are \$1,525. Federal statutes and regulations do not impose continuing compliance requirements on the outstanding balance of the loan, other than the repayment of the loan. Therefore, the outstanding balance of the loan is not included in the face of the Schedule. Program transactions during fiscal year 2020-2021 year are as follows:

Description	Amount
Outstanding note balance, at beginning of year	\$ -
Note advances received during fiscal year 2020-2021	\$ 674,873
Total outstanding note balance, June 30, 2021	<u>\$ 674,873</u>
 Current year loan expenditures	 <u>\$ -</u>

On September 30, 2021, the United States Congress passed "The Extending Government Funding and Delivering Emergency Assistance Act (P.L. 117-43)". According to P.L. 117-43, Section 1601. (a), "Repayments of the remaining balances of all loans, as of September 30, 2021, by the Federal Emergency Management Agency under section 417 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5184) are hereby cancelled". Therefore, the outstanding balance (\$674,873) of the referenced CDL was cancelled pursuant to P.L. 117-43.

SECTION II – Financial Statements Finding and Questioned Costs

FINDING	2021-001
REQUIREMENT	ACCOUNTING RECORDS- CAPITAL ASSETS
TYPE OF FINDING	MATERIAL WEAKNESS
CONDITION	The Municipality has not maintained complete and adequate records in order to obtain sufficient and competent evidential matter of the capital assets, accumulated depreciation and net capital assets, stated at \$16,112,306, \$3,424,677 and \$12,687,629, respectively, in the accompanying Statement of Net Position as of June 30, 2021. As a result, we were unable to determine whether any adjustments to these amounts were necessary.
CRITERIA	Article 2.095 of State Act Number 107 of August 14, 2020 states that the Municipality should maintain updated property accounting records. Also, the GASB Statement No. 34 requires that all capital assets, including infrastructure, must be presented in the Statement of Net Assets and that these assets must be depreciated during its useful life.
CAUSE	The Municipality lack of adequate capital assets record, and noncompliance with the State Act Number 107 and GASB 34.
EFFECT	The Municipality's Government Wide Financial Statements do not present fairly, the financial position of the governmental activities, and the change in financial position of the Municipality.
RECOMMENDATION	We recommend that the Municipality should take a capital assets inventory and reconcile it with the subsidiary ledger. Management should continue the compilation of documents to support the value, completeness and ownership of its capital assets, including infrastructure, to comply with the requirements of the GASB Statement No. 34.
QUESTIONED COSTS	None.
MANAGEMENT RESPONSE	We concur with the finding

TYPE OF FINDING	<i>MATERIAL WEAKNESS</i>
CONDITION	The Municipality did not comply with the requirement established in GASB No. 18, Accounting for Municipal Solid Waste Landfill Closure and Post-closure costs. At June 30, 2021, the Municipality has not establish the necessary provision in its budget nor has include in the accompanying Statement of Net Position a liability for closure and post-closure care costs of the Municipality solid waste landfill
CRITERIA	Regulation set forth by the U.S. Environmental Protection Agency (EPA) in it "Solid Waste Disposal Facility Criteria"; the Municipality is required to place a final cover on the Municipality's solid waste landfill site when it stops accepting waste, and to perform certain maintenance and monitoring functions at the site for 30 years after closure. GASB No. 18 requires the Municipality to perform a study of the activities that need to be implemented at the Municipality's solid waste landfill facilities to guarantee the maximum yield of available space and to comply with applicable state and federal regulations. Based on that study, the Municipality must include a liability for closure and post closure care cost in its statement of net position at June 30, 2021.
CAUSE	The Municipal administrators failed to recognize a liability in the Financial Statement at June 30, 2021, in accordance with the requirement of the EPA and in compliance with GASB 18.
EFFECT	The Municipality's Government Wide Financial Statements do not present fairly, the financial position of the governmental activities, and the change in financial position of the Municipality. Also the Municipality is not in compliance with GASB No. 18 and the Solid Waste Disposal Facility Criteria issued by the U.S. Environmental Protection Agency (EPA).
RECOMMENDATION	We recommend that the Municipality should perform the study of the activities that need to be implemented at the Municipality's solid waste landfill facilities and determine and include the amount of the liability that should be reported in the governmental activities.

SECTION III – Federal Award Finding and Questioned Costs

FINDING	2021-003
FEDERAL PROGRAM	COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) (CFDA NO. 14.228) DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT PASS THROUGH STATE HOUSING DEPARTMENT
CATEGORY	INTERNAL CONTROL/COMPLIANCE
NONCOMPLIANCE	EQUIPMENT AND REAL PROPERTY MANAGEMENT
TOPIC SENTENCE	Lack of controls over property and equipment acquired with Federal Funds.
CONDITIONS	The Municipality and the Community Development Block Grant Program (CDBG) are not maintaining adequate internal controls over property and equipment items acquired with Federal Funds. In testing property and equipment, we noted the following: • As of June 30, 2021 a physical inventory of all property and equipment had not been conducted, the last inventory was dated December 17, 2020. • The property records do not indicate, among other things the source of the property, who holds title, the acquisition date, cost of the property, percentage of Federal participation in the cost of the property, use and condition of the property, and any ultimate disposition data including the date of disposal. • The CDBG Program did not count with a general ledger or a property subsidiary ledger where all property and equipment transactions are registered. For such reason, we could not ascertain that all capital outlays and property dispositions were recorded. In addition, related annual depreciation is not being calculated and accounted for.
CRITERIA	24 CFR 85.32(d) establishes that procedures for managing equipment will, as a minimum, meet the following requirements: (1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property. (3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

FINDING	2021-003 (continued)
	24 CFR 85.20 (b)(3), establishes that effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.
CAUSE	The CDBG Program has inadequate internal control procedures that guarantee adequate records, registering and safeguarding of property and equipment.
EFFECT	Due to the lack of internal controls and property accounting records, we could not validate the accuracy and completeness of the annual physical inventory report and any other related report against an accounting general ledger accounts. The Municipality is exposed to the risk of possible unauthorized use and disposition of equipment due to the lack of internal controls and property records. In addition, sanctions could be imposed by the Lead Agency State CDBG Program or the federal awarding agency.
RECOMMENDATION	The Property Division must require each office, department and federal program that acquires property and equipment to submit a report including a full description of the assets, location, use, responsible person, cost, and any other pertinent data. In addition, the CDBG Program and the Accounting Department should establish a property control account and a subsidiary ledger to provide for the reconciliation of property. A physical inventory of the Municipality's property should be performed as soon as possible for all departments and all differences should be investigated, adjusted and reconciled with the property records maintained by the Municipality's federal program offices.
