Re: Request for Information

Ladies and Gentlemen:

Reference is made to the Puerto Rico Transmission and Distribution System Operation and Maintenance Agreement dated as of June 22, 2020 “O&M Agreement” among (a) the Puerto Rico Electric Power Authority (“PREPA”), a public corporation and governmental instrumentality of the Commonwealth of Puerto Rico, created by Act No. 83 of the Legislative Assembly of Puerto Rico, enacted on May 2, 1941, (b) the Puerto Rico Public-Private Partnerships Authority (“P3 Authority”), a public corporation of the Commonwealth of Puerto Rico, created by Act No. 29 of the Legislative Assembly of Puerto Rico, enacted on June 8, 2009, (c) LUMA Energy, LLC (“ManagementCo”), a limited liability company organized under the laws of Puerto Rico and (d) LUMA Energy ServCo, LLC (“ServCo” and, together with ManagementCo, “LUMA”), a limited liability company organized under the laws of Puerto Rico.

In the afternoon of August 7, 2022, the University District Hospital located in the Centro Médico complex in San Juan was left without power, an event that reportedly lasted approximately 16 hours as service was not restored until the morning of August 8, 2022. According to media outlets, during the blackout period the hospital was forced to remain operational with the use of emergency lights while ventilators were connected to mobile batteries. Media outlets also reported that said outage resulted in the cancellation of many elective surgeries while other patients underwent early discharges.

Pursuant to Section 6.2(v) of the O&M Agreement, the P3 Authority requests LUMA to: (i) state its position in connection with the statements above; and (ii) provide the P3 Authority with a detailed report of what caused the outage.

The P3 Authority kindly requests that the information requested above be provided by no later than September 1st, 2022.

Sincerely,

Sheila Torres-Sterling
Senior Legal Advisor
