Re: Request for Information

Ladies and Gentlemen:

Reference is made to the Puerto Rico Transmission and Distribution System Operation and Maintenance Agreement dated as of June 22, 2020 “O&M Agreement” among (a) the Puerto Rico Electric Power Authority (“PREPA”), a public corporation and governmental instrumentality of the Commonwealth of Puerto Rico, created by Act No. 83 of the Legislative Assembly of Puerto Rico, enacted on May 2, 1941, (b) the Puerto Rico Public-Private Partnerships Authority (“P3 Authority”), a public corporation of the Commonwealth of Puerto Rico, created by Act No. 29 of the Legislative Assembly of Puerto Rico, enacted on June 8, 2009, (c) LUMA Energy, LLC (“ManagementCo”), a limited liability company organized under the laws of Puerto Rico and (d) LUMA Energy ServCo, LLC (“ServCo” and, together with ManagementCo, “LUMA”), a limited liability company organized under the laws of Puerto Rico.

On August 17, 2022, LUMA reported via official Twitter account that technical problems in the transmission lines might cause customers to experience service interruptions.

Pursuant to Section 6.2(v) of the O&M Agreement, the P3 Authority requests LUMA to provide the following:

- a. Identify what transmission lines were affected
- b. What were the technical problems that affected each transmission line
- c. Which municipalities were affected (please correlate with the affected transmission line)
- d. What areas within each municipality were affected (please correlate with the affected transmission line)
- e. How many customers were affected (please correlate with the affected transmission line), including:
 - i. Peak customers interrupted
 - ii. Customer outage percent
- f. Total time of restoration (please correlate with the affected transmission line)
- g. How many crews were deployed to support the restoration effort (please correlate with the affected transmission line)
- h. Any other relevant information

The P3 Authority kindly requests that the information requested above be provided by no later than September 8, 2022.

Sincerely,

Sheila Torres-Sterling
