Section 3.2 Engagement of Operator. Operator shall perform the O&M Services as an independent contractor and shall not have any legal, equitable, tax, beneficial or other ownership or leasehold interest in the T&D System. The only compensation payable by Owner to Operator for providing the O&M Services for the T&D System shall be the Service Fee. All amounts collected by Operator or its Subcontractors pursuant to this Agreement (other than the Service Fee paid to Operator hereunder and transition or similar charges set forth in Owner's or its Affiliates' financing agreements) shall be the property of Owner and shall be deposited by Operator daily in such account(s) specified in accordance with the Servicing Contract. Nothing in this Agreement shall be deemed to create any Lien in favor of Operator on any asset of Owner, including the T&D System, as security for the obligations of Owner hereunder.

Section 3.5 Surrender of the T&D System. Upon the expiration or earlier termination of the Term hereof, Operator and, if and to the extent Administrator requests, its Subcontractors shall peaceably leave and surrender the T&D System to Owner or its designee in a condition consistent with Operator's responsibilities hereunder.

The Parties covenant and agree that Operator, its Subcontractors and Representatives shall be the sole providers of O&M Services with respect to the T&D System, except as otherwise provided herein, and that Operator shall not (a) transmit or distribute Power and Energy using the T&D System other than Power and Energy obtained by, on behalf of or with the approval of Administrator or PREB, as applicable, or (b) use the T&D System (i) for any purpose other than the purposes contemplated hereby or (ii) to serve or benefit any person other than Owner and the T&D Customers.

Owner, Administrator and Operator acknowledge and agree that (i) the T&D System has been financed with obligations the interest on which is exempt from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code; (ii) as a result, Owner, Administrator and Operator intend for this Agreement to constitute a “qualified management contract” under Revenue Procedure 2017-13 (or any successor guidance), such that the provision of O&M Services by Operator under this Agreement does not adversely affect the exclusion from gross income for federal income tax purposes under the Internal Revenue Code; and (iii) the Tax Opinion delivered as of the Effective Date has been delivered on such basis.

(b) Covenants.

(i) Operator covenants and agrees that: (A) neither it nor any direct or indirect owner of an equity interest in it is entitled to any U.S. federal income tax benefits available to an owner or lessor of the T&D System covered by this Agreement; (B) it shall not take any tax position inconsistent with it being a service provider with respect to such T&D System; and (C) it shall not, and shall not permit or enable any direct or indirect owner of any equity interest in it to, claim any depreciation or amortization deduction, investment tax credit, or deduction for any payment as rent, with respect to such facilities.

To the extent that this Agreement is determined to fail to comply with Revenue Procedure 2017-13 for any reason or otherwise is determined to result in private business use of the T&D System within the meaning of section 141 of the Internal Revenue Code, the Parties agree that they shall use reasonable efforts to amend the terms of this Agreement in order to comply with Revenue Procedure 2017-13.

(k) Employment Offers. Operator shall give priority to any Owner Employees who meet Operator’s stated requirements for employment as set forth in Annex IV (*Operator Employment Requirements*) over other equally qualified and equally evaluated applicants for the same job category that are not Owner Employees. Each Owner Employee who accepts an offer of employment with ServCo pursuant to this Section 4.2(k) shall be referred to as a “Hired Former Employee of Owner.” On the Service Commencement Date and during the Term, ServCo shall employ such other employees, including any employees of Operator or any of its Affiliates as of the Effective Date hired for the operation of the T&D System (“Other Employees” and, together with the Hired Former Employees of Owner, the “ServCo Employees”), as are necessary to provide the O&M Services. The following initial terms and conditions of employment shall apply to the Hired Former Employees of Owner, but not to any Other Employees:

(i) Offers of employment shall remain open for a period of ten (10) Business Days. Any such offer which is accepted within such ten (10) Business Day period shall thereafter be irrevocable until the Service Commencement Date.

(ii) Offers of employment shall provide for employment with ServCo on the following initial terms and conditions: (A) a base salary or regular hourly wage rate at least equal to the base salary or wage rate provided by Owner and its Affiliates immediately prior to the Service Commencement Date and (B) employee fringe benefits that are no less favorable to those provided to government employees by Act No. 26-2017, and which are consistent with the restrictions, modifications and annulments applied by Puerto Rico Act No. 3-2017 and Act No. 66-2014, immediately prior to the Service Commencement Date.

(l) Periodic Reports.

(i) Operator shall provide Administrator with detailed weekly, monthly and other periodic reports as Administrator may reasonably request from time to time with respect to Operator’s performance of the Front-End Transition Services, including the progress against completion schedules and milestones included in the Front-End Transition Plan. In connection therewith, Operator shall provide Administrator with any other documents, reports, data and other information or statement that Administrator may reasonably request, including performance reports related to any of Front-End Transition Services, and which may be reasonably produced from records maintained by Operator in the normal course of business consistent with the provisions of this Agreement with respect to record retention requirements.

CONFIDENTIAL

(ii) Operator shall promptly advise Administrator of any actual or potential failure or inability to achieve milestones by the dates set forth in the Front-End Transition Plan, and shall promptly report to Administrator any problems encountered in performing the Front-End Transition Services that Operator has been unable to promptly and adequately resolve.

(m) Representations. The representations of Operator set forth in Section 19.2 and of Guarantor set forth in the Guarantee shall be true and correct in all material respects as of the Service Commencement Date as if made on and as of the Service Commencement Date, and both Operator and Guarantor shall deliver to Administrator a certificate of an authorized officer to that effect.

(n) Subcontractors. Operator shall provide Administrator with a list of those Subcontractors with which Operator has contracted or intends to contract for the subcontracting of any of the O&M Services in excess of \$[●]. Operator shall be required to update such list on an annual basis.

(o) Notice of Default. Operator shall provide to Administrator, promptly following the receipt thereof, copies of any notice of default, breach or noncompliance received under or in connection with any Governmental Approvals or subcontract pertaining to the Front-End Transition Period.

Section 4.3 Owner Responsibilities. As soon as practicable after the Effective Date but in any event prior to the Target Service Commencement Date, Owner shall satisfy the following obligations, each of which shall be a condition precedent to the occurrence of the Service Commencement Date:

(a) Governmental Approvals. Owner shall (i) obtain or maintain the Governmental Approvals set forth in Annex V (*Owner-Acquired Governmental Approvals*) (the "Owner-Acquired Governmental Approvals") and (ii) prepare for and support Operator's efforts to transfer or assign, to the extent permitted by Applicable Law, or reissue or assist with the issuance of Governmental Approvals required for the performance of the O&M Services pursuant to the terms of this Agreement.

(b) Representations. The representations of Owner set forth in Section 19.1 shall be true and correct in all material respects as of the Service Commencement Date as if made on and as of the Service Commencement Date, and Owner shall deliver to Operator a certificate of an authorized officer to that effect.

Section 4.4 Conditions Precedent to Service Commencement Date. The Service Commencement Date shall not occur, and the obligations of Operator and Owner to proceed with their respective obligations hereunder after the Service Commencement Date shall not commence, until all of the following conditions precedent (the "Service Commencement Date Conditions") are either satisfied or waived by Administrator or, in the case of Section 4.4(b) only, by Operator.

(a) Operator Responsibilities. Operator shall have fulfilled all of its obligations with respect to the Front-End Transition Period under Section 4.2 (the "Operator Service Commencement Date Conditions").

CONFIDENTIAL

(b) Owner Responsibilities. Owner shall have fulfilled all of its obligations with respect to the Front-End Transition Period under Section 4.3.

(c) Governmental Approvals. All Governmental Approvals required for the execution, delivery and performance on the Service Commencement Date by the Parties of this Agreement shall have been issued or obtained and shall be in full force and effect.

(d) Acceptability and Effectiveness of Documents. All of the documents and instruments identified in this Article 4 shall be in form and substance reasonably satisfactory to Administrator and Operator and shall be valid, in full force and effect and enforceable against each party thereto on the Service Commencement Date. No such document, instrument or agreement shall be subject to the satisfaction of any outstanding condition precedent except those expressly waived in writing or to be satisfied after the Service Commencement Date. No party to any such document, instrument or agreement shall have repudiated or be in default thereunder, and each Party shall have received such certificates or other evidence reasonably satisfactory to it of such facts as such Party shall have reasonably requested.

(e) No Governmental Prohibitions. No Governmental Body shall have enacted, issued, promulgated, enforced or entered any Applicable Law that is in effect and would make it illegal for Operator to provide, or otherwise prohibit or enjoin Operator from providing, the O&M Services for the T&D System as of the Service Commencement Date in accordance with the terms of this Agreement.

Section 4.5 Front-End Transition Period Compensation.

(a) General. As compensation for the Front-End Transition Services provided by Operator, Owner shall, as directed by Administrator, pay Operator the Front-End Transition Service Fee.

(b) Front-End Transition Service Fee. The “Front-End Transition Service Fee” shall be an aggregate amount equal to [●]⁴% of (i) the actual base hourly wage of each Operator employee providing Front-End Transition Services during the Front-End Transition Period, as set forth in Annex VI (*Front-End Transition Hourly Wages*) multiplied by (ii) the number of hours worked by each Operator employee providing Front-End Transition Services during the Front-End Transition Period.

(c) Invoices.

(i) By no later than the tenth (10th) day of each month, Operator shall provide Administrator with a monthly invoice describing in reasonable detail the prior calendar month’s Front-End Transition Services and the corresponding Front-End Transition Service Fee for such prior calendar month. All invoices shall comply with the requirements set forth in Section 9.2(c) hereto.

⁴ Note to Qualified Respondents: Please indicate a proposed percentage.

(ii) Payments of undisputed amounts on monthly invoices shall be due within thirty (30) days of Administrator's receipt of such invoice.

(iii) Operator shall provide promptly to Administrator such additional supporting documentation evidencing the provision of Front-End Transition Services, if any, and the calculation of Front-End Transition Service Fee related thereto as Administrator may reasonably request and as may be required by Applicable Law. Administrator shall promptly advise Operator of any disputed invoice amounts, and all such disputes which Operator and Administrator are unable to resolve shall be submitted for resolution as provided in Article 16.

(d) Audits. At any time and from time to time during and until the expiration of six years following the end of the Front-End Transition Period, Administrator may, upon reasonable prior notice, audit (or cause to be audited) Operator's and all Subcontractor books and records in connection with any requests for payment of the Front-End Transition Service Fee, together with the supporting vouchers and statements, and the calculation of the Front-End Transition Service Fee. Subject to the dispute resolution provisions in Article 15, each payment made by Owner hereunder shall be subject to subsequent adjustment. Following the determination that any such payment adjustment is required, the Party required to make payment shall do so within thirty (30) days of the date of such determination.

Section 4.6 Closing the Front-End Transition Period.

(a) Notice of Service Commencement Date. Operator shall provide Administrator with prompt written notice (with a copy to PREB), including a completed Handover Checklist, at such time as Operator determines it has satisfactorily completed all items on the Handover Checklist and is therefore ready to perform all O&M Services under this Agreement.

(b) Establishment of Service Commencement Date. The "Service Commencement Date" shall be the date on which a handover to Operator of the O&M Services occurs and shall occur on the date that is three (3) Business Days following the date on which Administrator delivers a certificate to Operator confirming that all Service Commencement Date Conditions have been met. The satisfaction or waiver of all the Service Commencement Date Conditions is required for the achievement of the Service Commencement Date.

Section 4.7 Failure of Service Commencement Date Conditions.

(a) Remedy for Failure of Service Commencement Date Conditions. If any of the Operator Service Commencement Date Conditions are not satisfied or waived by Administrator by the Target Service Commencement Date or such later date as Administrator and Operator may agree, Operator shall pay to Owner, as Owner's sole and exclusive remedy for all monetary damages, costs, losses and expenses of whatever type or nature arising from or related to such failure of Service Commencement Date Conditions, liquidated damages (the "Liquidated Damages") in the amount of \$[●]⁵ per week for each week (or for any portion of a week on a Pro

⁵ Note to Qualified Respondent: Please indicate a proposed amount.

Rata basis) the Target Service Commencement Date is delayed, up to a maximum of \$[●]⁶. It is understood and agreed by the Parties that if any of the Operator Service Commencement Date Conditions are not satisfied or waived by the Target Service Commencement Date or such later date as Administrator and Operator may agree, Owner's damages would be difficult or impossible to quantify with reasonable certainty, and accordingly, the payment provided for in this Section 4.7(a) is a payment of liquidated damages (and not penalties), which is based on the Parties' estimate of damages Owner would suffer or incur. Operator hereby irrevocably waives any right it may have to raise as a defense that the Liquidated Damages are excessive or punitive.

(b) Termination for Failure of Service Commencement Date Conditions. If any of the Operator Service Commencement Date Conditions are not satisfied or waived by the Target Service Commencement Date or such later date as Administrator and Operator may agree, Administrator may terminate this Agreement upon not less than thirty (30) days prior written notice to Operator.

Section 4.8 Subcontractors During the Front-End Transition Period.

(a) General. Administrator shall have the right to approve any Subcontractor engaged by Operator to perform any Front-End Transition Services hereunder for which an aggregate of \$[●] or more would be anticipated to be paid to such Subcontractor (the "Front-End Subcontractors"), which approval shall not be unreasonably withheld or delayed.

(b) Identification. Promptly following the Effective Date, Operator shall propose a list of recommended Front-End Subcontractors for Administrator's review and approval. Operator also shall furnish Administrator, together with such list, all information or documents requested by Administrator, to the extent reasonably available to Operator, pertaining to the proposed subcontractors and categories of subcontracts in the following areas: (i) any conflicts of interest; (ii) any record of felony criminal convictions or pending felony criminal investigations; (iii) any final judicial or administrative finding or adjudication of illegal employment discrimination; and (iv) any known final judicial or administrative finding or adjudication of non-performance of contracts with Owner, Administrator or the Commonwealth.

(c) Approval. Administrator may approve any proposed Front-End Subcontractor, which approval shall not be unreasonably withheld or delayed. If a proposed Front-End Subcontractor is approved for the Front-End Transition Period, such Subcontractor shall be deemed to be approved for the specified categories of potential work for the duration of the Front-End Transition Period, unless Administrator otherwise notifies Operator. Subject to the foregoing, the approval or withholding thereof by Administrator of any proposed Front-End Subcontractor shall not create any liability of Owner or Administrator to Operator, such Front-End Subcontractor, third parties or otherwise. When engaging Front-End Subcontractors, Operator shall not be relieved from its responsibility under this Agreement and liability for any error, fault or inconsistency in the provisions of the Front-End Transition Services hereunder. All such subcontracts shall be subject to Applicable Law and shall be assignable to Owner at

Administrator's discretion. All Front-End Subcontractors shall be required to furnish a Sworn Statement.

**ARTICLE 5
O&M SERVICES**

Section 5.1 Services Generally. Commencing on the Service Commencement Date, and in exchange for the Service Fee, Operator shall provide management, operation, maintenance, repair, restoration and replacement and other services for the T&D System, including the services set forth in this Article 5 and Annex I (*Scope of Services*), and the establishment of policies, programs and procedures with respect thereto (all such services, the “O&M Services”), in each case, in accordance with the Contract Standards. It is the Parties’ intent that except for the rights and responsibilities reserved to Owner and Administrator as set forth in Article 6 or as may otherwise be expressly provided in this Agreement, Operator shall assume and undertake the rights and responsibilities of Owner for the T&D System, including the O&M Services.

Section 5.2 System Contracts.

(a) Generally. Operator shall administer and perform, on behalf of Owner, Owner’s rights and obligations under the contracts identified in Annex VII (*Contracts*) (the “System Contracts”), other than payment obligations thereunder, which shall continue to be satisfied by Owner; provided that Operator shall administer and perform Owner’s rights and obligations under such System Contracts in such a manner so as not to expand or increase the liabilities assumed by Owner thereunder. Owner shall authorize Operator to enforce Owner’s rights under any such System Contracts. Upon the expiration or termination of any System Contract, Operator shall be responsible for replacing the expired or terminated System Contract to the extent necessary to provide the O&M Services; provided that any System Contract in an amount in excess of \$[●] shall be subject to approval by Administrator.

(b) Reporting Obligations. Operator shall periodically provide to Administrator a report documenting each contract in excess of \$[●] per year entered into with a third-party and related to the management and the O&M Services associated with the T&D System, which report shall include the name of the third-party, the term of the contract and a description of the services or goods to be procured.

(c) Conditions on Term. Any contracts entered into by Operator on behalf of Owner in connection with the O&M Services, including contracts with Subcontractors, shall at all times either (i) be for a term that is no longer than the Term or (ii) provide that Owner may terminate such contract at will (subject to any notice requirements) without cost or penalty.

Section 5.3 Billing and Collection.

(a) Generally. Operator shall perform all billing and collection services for the T&D System in accordance with the Contract Standards, including the minimum requirements set forth in Annex I (*Scope of Services*).

(b) Collection of Charges. All funds received and derived by Operator from its billing and collection services hereunder shall be deposited immediately upon receipt in one or more bank accounts designated by Administrator. Any funds received after 4:00 p.m. on any given day or on a day that is not a Business Day shall be deposited at the opening of business on the

CONFIDENTIAL

immediately following Business Day. All such funds and any revenues generated by the T&D System (other than transition or similar charges set forth in Owner's or its Affiliates' financing agreements) are and shall remain the property of Owner at all times.

(c) Enforcement of Collections. Owner shall cooperate with Operator in all collection matters and, to the extent not delegated to Operator hereunder, shall exercise its statutory powers pertaining to any and all remedies granted to it under Applicable Law for purposes of collection, including the imposition of interest and penalties on unpaid charges and the termination of services. Subject to Applicable Law, Operator may suspend or terminate services to any customer of the T&D System not in compliance with its obligations to pay the established rates in accordance with their terms, if not otherwise prohibited by Applicable Law.

(d) Servicing Contract. Operator shall at all times conduct the billing and collection services in compliance with the terms of the Servicing Contract. In the event of any conflict or issue of interpretation between the Servicing Contract and this Agreement in connection with Operator's obligations for billing and collection services, the Servicing Contract shall prevail over this Agreement.

Section 5.4 Capital Improvements.

(a) Generally. Operator shall be responsible for: (i) preparation of recommended Capital Improvements and monitoring of the approved annual Capital Budget; risk assessments and analyses in support of capital projects prioritization and planning, which shall take into account the Integrated Resource Plan, load and energy forecasts, fuel price and quantity forecasting, long and short range system plans, and proposed annual operating and maintenance plan; (ii) preparation of long and short range transmission and distribution planning analyses and forecasts to determine the need for Capital Improvements, including the introduction of smart grid and other emerging technologies and project management services to ensure the technical performance and reliability of the T&D System; and (iii) performance of Capital Improvements and supervision of capital projects including engineering and related design and construction management services, to the extent such services comply with all FEMA, HUD and other Applicable Law and applicable federal agency requirements in order to not jeopardize the T&D System's eligibility to receive Federal Funding (all such requirements, the "Federal Funding Requirements"). Owner acknowledges and agrees that Operator may hire Subcontractors to perform any such Capital Improvement project.

(b) Capital Asset Control. In each Contract Year, Operator shall conduct an audit of the Capital Improvements made in the prior Contract Year. Such audit shall measure the accuracy of the plant records, maps and maintenance databases concerning capital assets. Operator shall also conduct a physical inventory of all capital assets from time to time in accordance with the Contract Standards.

(c) Proposals. Operator shall from time to time during the Term propose to Administrator Capital Improvements that would be made and owned by Operator or its designated Affiliate; provided, however, that no such Capital Improvements shall be made that would in any manner jeopardize, in Administrator's sole discretion, the exclusion from gross income of interest on Owner's or its Affiliates' obligations under the Internal Revenue Code. Operator shall provide

Administrator with a description in sufficient detail to enable Administrator to make a fully informed assessment and analysis of any such proposed Capital Improvement. Any such proposed Capital Improvements shall be subject to approval by PREB in accordance with Applicable Law.

Section 5.5 System Regulatory Matters.

(a) General. Operator shall represent Owner (i) before PREB with respect to any matter related to the performance of any of the O&M Services provided by Operator under this Agreement and shall be responsible for all relevant filings and other submissions before PREB and (ii) before any Governmental Body and any other similar industry or regulatory institutions or organizations having regulatory jurisdiction.

(b) Applications and Submittals. Operator shall make all filings, applications and reports necessary to obtain and maintain all Governmental Approvals required to be obtained by or in the name of Operator or Owner. With respect to Governmental Approvals that are required to be obtained or maintained in the name of Owner, Operator shall: (i) prepare the application and develop and furnish all necessary supporting material and data and information that may be required; (ii) familiarize itself with the terms and conditions of such Governmental Approvals; (iii) attend all required meetings and hearings; and (iv) take all other action necessary or otherwise reasonably requested by Administrator in order to assist and support Owner in obtaining, maintaining, renewing, extending and complying, as may be relevant, with the terms of such Governmental Approvals. Operator shall agree to be named as a co-permittee on any Governmental Approval if so required by the issuing Governmental Body. Operator shall not disadvantage Owner in any application, data submittal or other communication with any Governmental Body regarding Governmental Approvals.

(c) Data and Information. All data, information and action required to be supplied or taken in connection with the Governmental Approvals required for the O&M Services shall be supplied and taken by Operator on a timely basis considering the requirements of Applicable Law and the responsibilities of Owner as the legal and beneficial owner of the T&D System and primary permittee. The data and information supplied by Operator to Owner, Administrator and all regulatory agencies in connection therewith shall be correct and complete in all material respects. Operator shall be responsible for any schedule and cost consequences which may result from the submission of materially incorrect or incomplete information and the untimely submission of required information.

(d) Non-Compliance and Enforcement. Operator shall report to Administrator in writing, as soon as possible upon obtaining knowledge thereof (but in no event more than twenty-four (24) hours later), all violations of the terms and conditions of any Governmental Approval. Administrator shall have the right independently to enforce compliance with the requirements of any Governmental Approval regardless of whether a concurrent or different regulatory enforcement action has been undertaken by any other Governmental Body.

(e) Reports to Governmental Bodies. Operator shall prepare all periodic and annual reports, make all information submittals and provide, on a timely basis, all notices to all Governmental Bodies required by all Governmental Approvals and under Applicable Law with respect to the T&D System. Such reports shall contain all information required by the

CONFIDENTIAL

Governmental Body and may be identical to comparable reports previously prepared for Administrator if such are acceptable to the Governmental Body.

(f) Integrated Resource Plan. In accordance with and when required pursuant to Applicable Law, Operator shall prepare a proposed Integrated Resource Plan for submission to PREB. The proposed Integrated Resource Plan shall be designed in a manner to ensure that, if approved by PREB and subject to the forecast assumptions specified therein, Operator is able to provide safe and adequate transmission and distribution service at rates which are at the lowest level consistent with sound fiscal operating practices and Applicable Law.

(g) PREB Rate Proceedings. Operator may, from time to time, propose that a change in customer rates or charges be made, which, if approved by PREB pursuant to Applicable Law, may result in a change in customer rates or charges consistent with the scope of PREB's approval. Any Budget submitted by Operator to Administrator and approved by Administrator in accordance with Section 7.3(a) shall be consistent with the determinations, directives and requirements established by PREB through a rate review proceeding ("Rate Order").

(h) Authority to Set Rates. Nothing in this Agreement is intended, nor shall it in any way impair or restrict, PREB's right to approve final rates and charges to T&D Customers in accordance with Applicable Law, prejudice the powers of PREB or any other Governmental Body to regulate Owner and Operator in accordance with Applicable Law or be deemed to provide Operator with any regulatory powers, except to the extent provided under Act 17.

Section 5.6 Safety and Security.

(a) Safety. Operator shall be responsible for the health and safety at the T&D System at a level consistent with the Contract Standards. Without limiting the generality of the foregoing, Operator shall: (i) take all reasonable precautions for the health and safety of, and provide all reasonable protection to prevent damage, injury or loss by reason of or related to the operation of the T&D System to, (A) all Persons involved with the O&M Services, (B) all materials and equipment under the care, custody or control of Operator and (C) other property constituting part of the T&D System; (ii) establish and enforce all reasonable safeguards for health and safety and protection, including posting danger signs and other warnings against hazards and promulgating health and safety regulations; (iii) provide all notices and comply with all Applicable Law relating to the health and safety of Persons or property or their protection from damage, injury or loss; (iv) designate qualified and responsible employees whose duty shall be the supervision of the health and safety at the T&D System; (v) operate all equipment in a manner consistent with the manufacturer's safety recommendations; (vi) provide for safe and orderly vehicular movement; and (vii) develop and carry out a site-specific health and safety program, including employee training and periodic inspections, designed to implement the requirements of this Section 5.6(a).

(b) OSHA. Operator shall take all actions which may be required in order to bring the T&D System into and maintain compliance with the Commonwealth and federal Occupational Safety and Health Acts.

(c) Security. Operator shall develop a security plan in accordance with the Contract Standards and shall be responsible for the security of the T&D System. Operator shall

guard against and be responsible for all damage or injury to the T&D System caused by trespass, theft, negligence, vandalism, malicious mischief or cyber-attacks of third parties.

Section 5.7 Labor and Employment; Employee Benefits.

(a) Employee Plans. ServCo shall provide employee benefits to ServCo Employees pursuant to the plans created by ServCo to provide benefits to ServCo Employees (collectively, the “ServCo Benefit Plans”). From and after the Service Commencement Date, except as required by Applicable Law, Hired Former Employees of Owner shall accrue no additional benefits under any employee benefit plan, policy, program or arrangement of Owner or its Affiliates. In the event that a Hired Former Employee of Owner elects to continue participating in Owner’s defined benefit retirement plan pursuant to Act 29 and Act 120, ServCo shall be responsible for making the required future employer contributions with respect to such employee but shall have no other liability or responsibility with respect to such plan, nor shall it be required to provide benefits to such employee under the ServCo Benefit Plan. A Hired Former Employee of Owner may also choose (to the extent permitted) to transfer his contributions to Owner’s retirement plan to any retirement plan available to ServCo employees.

(i) The ServCo Benefit Plans shall credit the Hired Former Employees of Owner for service prior to the Service Commencement Date with Owner and its Affiliates for purposes of eligibility to participate, vesting and, with respect to vacation plans only, benefit accrual.

(ii) The ServCo Benefit Plans shall waive all limitations as to pre-existing conditions and actively-at-work exclusions and waiting periods for transitioned employees (and their eligible dependents).

(b) Exclusivity. Operator may not, without Administrator’s prior written approval, utilize ServCo or its employees for any purpose other than providing the O&M Services under this Agreement, nor may it hire, for any other business of Operator or an Affiliate, any existing ServCo employees without Owner’s prior written consent.

(c) Other. Nothing in this Agreement is intended to amend any employee benefit plan or affect the applicable plan sponsor’s right to amend or terminate any employee benefit plan pursuant to the terms of such plan.

Section 5.8 Procurement and Administration of Federal Funding.

(a) General. As between the Parties, Owner shall retain the exclusive right to receive amounts from all Federal Funding for the T&D System. Operator shall perform the O&M Services in compliance with the Federal Funding Requirements and shall be responsible for carrying out any Capital Improvements financed in full or in part with available Federal Funding, and shall complete all work related to such Capital Improvements in compliance with the Federal Funding Requirements in order to ensure the Federal Funding anticipated or received is administered in accordance with all such requirements.

CONFIDENTIAL

(b) Cooperation and Participation. Operator shall be required to cooperate and participate with any relevant Governmental Body and any Grant Manager in order to help seek, administer and apply Federal Funding for the restoration of the T&D System and related costs. Operator shall be required to cooperate and participate in any audits or investigations performed by Commonwealth or federal authorities.

(c) Compliance with Applicable Law, Regulation and Policy. Operator shall procure any work related to the T&D System, the cost of which may be submitted for Federal Funding, in full compliance with (i) Applicable Law, including the procurement rules set forth in 2 C.F.R. Part 200 applicable to Owner, (ii) the provisions related to Federal Funding, as applicable, set forth in Annex VIII (*Federal Funding Provisions*), (iii) applicable Owner policy; (iv) applicable COR3 policy and (v) applicable PRDH policy. Operator shall require any Subcontractors engaged to complete such work to execute a certification substantially in the form of Exhibit A (*Form of Federal Funding Certifications*) at the commencement of the subcontract.

Section 5.9 Environmental, Health and Safety Matters.

(a) Generally. Operator shall be responsible for performing the following environmental health and safety activities related to the provision of electric service to the T&D Customers: (i) managing an environmental, health and safety program for the T&D System in accordance with the Contract Standards; (ii) coordinating, overseeing, ensuring and maintaining compliance of the T&D System with Environmental Law, including documentation thereof; (iii) monitoring emerging federal, state, Commonwealth, municipal and local Environmental Law to ensure future and ongoing compliance and operational efficiencies; (iv) performing analyses of proposed Environmental Law to ensure future compliance thereunder; (v) providing environmental permitting services to support operations; and (vi) maintaining the corporate environmental profile with stewardship, reporting and best practices relating to environmental endeavors.

(b) Pre-Existing Environmental Conditions.

(i) Operator shall perform the O&M Services so as not to exacerbate the effect or costs of any Pre-Existing Environmental Condition identified by Owner, Administrator or Operator. If at any time a Pre-Existing Environmental Condition is determined to exist that (A) requires an action under Applicable Law (B) materially interferes with the performance of the O&M Services or (C) materially increases the cost of performing the O&M Services, then Administrator shall, as soon as reasonably practicable given the condition in question, after written notice from any Governmental Body or Operator of the presence or existence thereof, commence and diligently prosecute such actions as are required by Applicable Law or to prevent future material interference with the performance of the O&M Services or material increases in costs of performing the O&M Services.

(ii) Administrator shall have the right to contest any determination of a Pre-Existing Environmental Condition and shall not be required to take any action under this Section 5.9 so long as (A) it is contesting any determination of a Pre-Existing Environmental Condition in good faith by appropriate proceedings conducted with due diligence and

CONFIDENTIAL

(B) Applicable Law permits continued operation of the T&D System pending resolution of the contest.

(iii) Operator shall not be responsible for any third-party Legal Proceeding resulting from Pre-Existing Environmental Conditions, except to the extent such Legal Proceeding is based in whole or in part on Operator's breach of its obligations hereunder, gross negligence or willful misconduct.

(c) Notice and Remedial Action Requirements.

(i) Operator shall, promptly upon receiving notice thereof, report to Administrator, on a per occurrence basis, the Release of any reportable quantity, as defined under applicable Environmental Law, of Hazardous Material or of any other Release that could reasonably be expected to result in material Losses to Owner, and the location at which the Release has occurred, the time, the agencies involved, the damage that has occurred and the Remedial Action taken or to be taken. Notice of any such Release, if initially delivered orally, shall be delivered in writing promptly following Operator knowledge of such Release. This reporting obligation shall be in addition to any other reporting obligation under Environmental Laws.

(ii) With respect to any Release caused by Operator or Operator's employees, contractors, guests or invitees in connection with the O&M Services, Operator shall promptly commence and diligently pursue to completion all Remedial Action necessary to comply with Environmental Law and as necessary to comply with the published cleanup standards of any Governmental Body with jurisdiction over the Release. Operator shall keep Administrator reasonably informed of the progress of such Remedial Action and the schedule for completing it. In addition, in connection with such Remedial Action, Operator shall: (A) provide Administrator with a reasonable opportunity to comment in advance upon any material written communications, filings, reports, correspondence or other writings given to any Governmental Body and consider timely provided comments in good faith; (B) to the extent practical, provide Administrator with a reasonable opportunity to participate in any meetings with any Governmental Body regarding the Remedial Action; (C) comply with Applicable Law; (D) within five (5) Business Days of sending or receipt, use commercially reasonable efforts to provide to Administrator copies of all material written communications, filings, reports, correspondence or other writings, photographs or materials sent by Operator to or received by Operator from any Person (including any Governmental Body) in connection with any such Remedial Action.

(iii) Operator shall promptly notify Administrator and any other Governmental Body as may be required by Environmental Law of its intention to handle, transport or dispose of Hazardous Material, other than in the ordinary course of business. Operator shall cause such Hazardous Material to be handled, transported and disposed of in accordance with the Contract Standards and Environmental Law.

Section 5.10 Accounting and Financial Services. As further detailed in Annex I (*Scope of Services*), Operator shall provide accounting and financial services such that Owner meets or exceeds Prudent Utility Practice in respect of financial and accounting records and such that all of Owner's reporting requirements are met in a timely, organized and efficient manner.

Section 5.11 Generation-related Services. As further detailed in Annex I (*Scope of Services*), Operator shall coordinate management of power supply from available generation assets and provide related services.

Section 5.12 Emergency Action. Notwithstanding anything to the contrary in this Agreement, if at any time Operator determines in good faith that an emergency situation exists with respect to the T&D System such that immediate action must be taken to protect the safety of the public, Owner's employees and Operator's employees, to protect the safety or integrity of the T&D System, or to mitigate the immediate consequences of an emergency event, Operator shall take all such action that it deems in good faith to be reasonable and appropriate under the circumstances in accordance with the Emergency Plan. As promptly thereafter as is reasonable, Operator shall notify Administrator and PREB of the event and Operator's response thereto. For so long as the emergency situation continues, Operator shall provide a weekly written update to Administrator and PREB specifying the nature of the emergency event, the remediation measures being taken by Operator, the expected duration of the emergency event and an estimate of any increases in costs resulting therefrom. Operator shall notify Administrator and PREB in writing as soon as the emergency situation has ended.

Section 5.13 Information.

(a) System Information and Computer Database. Operator shall establish and maintain an information system to record, and to the extent practicable, provide real time retrieval for Administrator's review and copying of T&D System operating and financial data, including all information necessary to verify calculations made pursuant to this Agreement. Such information shall include information about the T&D System (including information in physical formats such as diagrams, flow charts and schematics related to the T&D System), reports (and all supporting data) regarding the performance of the T&D System, and information regarding management (including planning, design, engineering, operation, maintenance and customer contact) of the T&D System (collectively, "System Information"). Operator shall also maintain a computer database containing information related to the T&D Customers (the "Customer Database") that, at a minimum, specifies each customer served by the T&D System, the service classification applicable to each customer, payment records and inquiries or complaints from and any special services requested by or provided to each customer. Subject to the provisions of Section 13.1 hereof, all System Information and the Customer Database shall constitute Intellectual Property and Confidential Information of Owner.

(b) Ownership of System Information and Owner Personal Information. Any System Information or any Owner Personal Information in existence as of the Effective Date of this Agreement also shall be considered Intellectual Property and Confidential Information of Owner and shall at all times remain the property of Owner. Any System Information or any Owner Personal Information created during the Term shall constitute Work Product.

(c) Information Access.

**ARTICLE 11
SUBCONTRACTORS**

Operator shall ensure that: (a) any Subcontractor engaged by it exercises due diligence in the performance of the services subcontracted to such Subcontractor; (b) any Subcontractor performing O&M Services shall be a licensed professional with experience in the performance of the work subcontracted to it; and (c) Administrator receives any information that it reasonably requests in respect of any Subcontractor.

Operator and each of its subsidiaries (including ServCo) shall comply with all applicable withholding, employment, social security and similar provisions of applicable U.S. federal, state, Commonwealth, municipal, local and foreign laws, and timely withhold and pay all Taxes that it is required to withhold and pay from any Person, including its employees and independent contractors. Owner shall not make any such withholdings or deductions on behalf of Operator.

ARTICLE 13
INTELLECTUAL PROPERTY; PROPRIETARY INFORMATION

Section 13.1 Intellectual Property.

(a) Owner Intellectual Property. The Parties hereby acknowledge and agree that, as between them, and whether or not specifically recognized or perfected under any Applicable Law, Owner shall own all right, title and interest in and to all Intellectual Property, and derivatives thereof, regardless of format, first created or produced under this Agreement or otherwise arising in connection with the performance of the O&M Services, Front-End Transition Services or Back-End Transition Services by Operator and its Affiliates and, to the extent the applicable third-party contracts so provide, any of their Subcontractors (“Work Product”), all of which shall, to the fullest extent under Applicable Law, be considered works made for hire. Operator shall (i) use commercially reasonable efforts to ensure that relevant third-party contracts with Subcontractors properly reflect Owner’s ownership of Work Product pursuant to the preceding sentence, and (ii) in any event, ensure that third-party contracts with Subcontractors properly reflect the grant of licenses from such Subcontractors pursuant to Section 13.1(b). If any Subcontractor refuses to include such a provision in a relevant third-party contract, Operator shall notify Administrator and, at Administrator’s request, Operator shall not use such Subcontractor for the provision of the O&M Services, Front-End Transition Services or Back-End Transition Services. Whether or not any Work Product constitutes a work made for hire, all Work Product shall be the Intellectual Property of Owner, which shall have the sole right to obtain or claim Patent (pursuant to Section 13.1(c)), Copyright, Trademark and any other Intellectual Property rights therein, and to otherwise preserve its rights in and to the Work Product.

(b) Pre-Existing Intellectual Property. Any Intellectual Property owned by Operator or its Affiliates on one hand, or a Subcontractor on the other hand, that is not Work Product and is embedded in or otherwise necessary for the Work Product, or is otherwise used in connection with or is necessary for the operation of the T&D System but that does not constitute “Work Product,” shall remain the Intellectual Property of the owner (and shall be referred to, as the case may be, as “Operator Pre-Existing Intellectual Property” or “Subcontractor Pre-Existing Intellectual Property”, as the case may be). Except as Administrator and Operator may otherwise mutually agree, Operator and its Affiliates hereby grant to Owner, a non-exclusive, fully paid-up, royalty-free, worldwide licenses to make, have made, use, sell, offer for sale, export, import, reproduce, distribute, perform, display, execute and create derivative works from Operator Pre-Existing Intellectual Property used in performing Operator’s obligations pursuant to this Agreement, including in connection with the T&D System and related facilities and their related operations by Owner or any successors or operators thereto. Except as Administrator and Operator may otherwise mutually agree, Operator shall cause its Affiliates to grant to Owner the foregoing license, and Operator shall further cause any of its Subcontractors to grant to Owner a non-exclusive license to Subcontractor Pre-Existing Intellectual Property within the scope of the foregoing grant.

(c) Assignment of Work Product. To the extent that ownership in any Work Product does not automatically vest in Owner, Operator shall transfer and assign and shall cause its Affiliates to transfer and assign and shall use commercially reasonable efforts to cause any of their Subcontractors to transfer and assign, and Operator does hereby assign all right, title and

CONFIDENTIAL

interest (including all Intellectual Property rights and any related Copyright rights) in and to such Work Product to Owner. Operator shall, and shall cause its Affiliates and shall use commercially reasonable efforts to cause any applicable Subcontractors to, execute all documents and take all actions requested by Administrator to transfer such ownership and otherwise assist Owner to register, patent and otherwise maintain and protect Owner's Intellectual Property rights in and to such Work Product anywhere in the world. Operator shall promptly and fully disclose in writing to Owner all patentable Work Product created during the Term. Upon notification, Owner shall have the right, in its sole discretion and at its sole cost and expense, to patent such Work Product (the resulting Patents shall be "Owner Patents"). Pursuant to this Section 13.1(c), Operator shall provide all necessary assistance for Owner to obtain, sustain and, from time to time, enforce such Owner Patents. Such assistance shall be at Owner's sole cost and expense.

(d) License of Owner Intellectual Property. Subject to the terms and conditions of this Agreement, Owner hereby grants, and shall cause its Affiliates to grant to Operator and its Affiliates a fully paid-up, royalty-free, nonexclusive, non-transferable, sub-licensable (only to Subcontractors), limited license during the Term, including for purposes of performing services under Section 17.2 hereof, to make, have made, use, execute, sell, offer for sale, export, import, reproduce, distribute, perform, display and create derivative work from the Work Product and any other Owner Intellectual Property, and to the extent sub-licensable, Owner Licensed Intellectual Property, each solely as necessary to perform their obligations pursuant to this Agreement. The use of Owner Licensed Intellectual Property shall be subject to the license terms governing such use of third-party Intellectual Property. To the extent any Owner Licensed Intellectual Property cannot be licensed to Operator or its Affiliates or their Subcontractors for any reason, then Operator or its Affiliates or their Subcontractors must promptly obtain their own third-party license for the relevant Intellectual Property.

(e) Operator Restricted Uses. Operator shall not and shall ensure that its Affiliates do not sublicense, rent, lease, distribute or otherwise authorize the use of Owner Intellectual Property or Owner Licensed Intellectual Property to or by or on behalf of anyone other than Operator and its Affiliates, and the Subcontractors, for purposes of this Agreement, and otherwise shall not use Owner Intellectual Property or Owner Licensed Intellectual Property for any other purpose.

(f) Reverse Engineering. Operator shall not, and shall ensure that its Affiliates do not, and shall ensure that the Subcontractors do not, decompile, disassemble or reverse engineer any Software that is part of any Owner Intellectual Property or Owner Licensed Intellectual Property, or provide any third-party with access to any such Software (including any source code therein) without Administrator's advance written consent, which may be withheld in Administrator's sole discretion.

(g) Operator Sublicensee Approval. Operator shall be responsible for compliance by all of its Affiliates and the Subcontractors with the terms and conditions of this Agreement and this Section 13.1 as if undertaken by Operator. Any sublicensee of Operator or any of its Affiliates with respect to Owner Intellectual Property or Owner Licensed Intellectual Property must be approved in advance in writing by Administrator, and such consent shall not be unreasonably withheld or delayed. Unless Administrator otherwise agrees, sublicensee shall expressly agree in writing to be bound by any applicable terms of this Agreement.

CONFIDENTIAL

(h) Third-Party Beneficiary. Operator agrees to enforce, and shall cause all of its Affiliates to enforce, the terms of the sublicense agreement with respect to Owner Intellectual Property or Owner Licensed Intellectual Property against the sublicensee. It is understood and agreed, however, that Owner shall be a third-party beneficiary of all sublicense agreements relating to Owner Intellectual Property and Owner Licensed Intellectual Property, with the power to enforce relevant terms directly against any sublicensee. Each sublicense will include a provision that, in the event the sublicense agreement terminates, at Administrator's option, the sublicense shall become a direct license with Owner or Owner's designees.

(i) Intellectual Property Enforcement Cooperation. If Operator or any of its Affiliates learns of any infringement or unauthorized use of Owner Intellectual Property or Owner Licensed Intellectual Property, then Operator will promptly notify and shall cause its Affiliates to promptly notify Administrator thereof in writing and will provide commercially reasonable assistance and cooperation as may be requested by Administrator, but at Owner's sole cost and expense. Any sublicense entered into between Operator or any of its Affiliates and a Subcontractor pursuant to this Agreement with respect to Owner Intellectual Property or Owner Licensed Intellectual Property shall contain a notification provision consistent with the foregoing.

(j) Third-Party Intellectual Property. To the extent Operator wishes to use any non-commercially available Intellectual Property of any third-party in the provision of O&M Services, Front-End Transition Services or Back-End Transition Services, Operator shall identify to Administrator, in writing in advance of any use of any such Intellectual Property, whether or not Operator has a right to sublicense same to Owner under the same terms as Operator licenses Operator Pre-Existing Intellectual Property to Owner pursuant to Section 13.1(b). If Operator does not have that sublicense right, it will use all commercially reasonable efforts to promptly secure such right. If Operator cannot secure such sublicense rights with thirty (30) days of the first request, or such extended time as Administrator may grant in writing, then Operator will (at Administrator's option) (i) assist Owner to obtain any necessary license directly from such third-party, or (ii) not use such Intellectual Property and instead use or create a non-infringing alternative capable of accomplishing the same purpose in substantially the same manner without incurring any increase in costs or expenses. In no event will Operator's inability to obtain a right to sublicense any non-commercially available Intellectual Property excuse Operator's inability to perform or meet any deadline under this Agreement. Any applicable license of Operator or its Affiliates in connection with any non-commercially available third-party Intellectual Property relevant to the provision of O&M Services, Front-End Transition Services or Back-End Transition Services hereunder shall be subject to Administrator's prior approval, provided that such approval shall not be unreasonably withheld, and a complete copy thereof provided to Administrator.

(k) Owner Trademark License Grant. Subject to the terms and conditions of this Agreement, Owner hereby grants to Operator a fully paid-up, royalty-free, nonexclusive, non-transferable, sub-licensable (to its Affiliates and Subcontractors), limited license during the Term to use the Owner Marks to perform its obligations hereunder in accordance with the terms and conditions of this Agreement. Such license shall be subject to the following:

(i) The Owner Marks are owned solely and exclusively by Owner, and all use of the Owner Marks by Operator, its Affiliates and any Subcontractor, and all goodwill associated with the Owner Marks, shall inure to the benefit of Owner.

CONFIDENTIAL

(ii) Operator shall adhere, and shall cause its Affiliates and Subcontractors to adhere, to all quality control standards and trademark usage guidelines as established from time to time by Owner and Administrator, including as relates to review and approval of any proposed new uses of the Owner Marks by Operator in connection with the O&M Services, Front-End Transition Services or Back-End Transition Services (such as any advertising or marketing campaigns). Operator shall and shall cause its Affiliates and Subcontractors to: (A) comply with Applicable Law and the highest industry standards in performing the services under the Owner Marks; (B) refrain from any actions that would harm the reputation of Owner or otherwise cause Owner or its Affiliates to fall into disrepute and (C) not modify the Owner Marks, or file for any registration or application (including domain names or social media handles) using, incorporating or confusingly similar to any Owner Marks, other than with the prior consent of Owner (in which case any such registrations or applications shall be deemed Work Product hereunder and be deemed used solely under license from and under permission by Administrator during the term of this Agreement).

(iii) Operator shall, and shall cause its Affiliates to, police any sublicensee's use of the Owner Marks, promptly notify Administrator of any noncompliance, and enforce the terms of the sublicense agreement relating to the Owner Marks against the sublicensee at Operator's own expense. It is understood and agreed, however, that Owner shall be a third-party beneficiary of all sublicense agreements relating to the Owner Marks, with the power to enforce the terms of this Section 13.1(k) directly against any sublicensee.

(iv) If Operator or any of its Affiliates learns of any infringement or unauthorized use of the Owner Marks, then Operator shall promptly notify Administrator in writing and shall provide commercially reasonable assistance and cooperation as may be requested by Administrator.

(v) Upon the written request of Administrator, Operator shall use the Operator Marks to perform its obligations hereunder in accordance with the terms and conditions of this Agreement, including with respect to the O&M Services, Front-End Transition Services or Back-End Transition Services (including any advertising or marketing campaigns), and Administrator shall have the right to review and approve any proposed uses of the Operator Marks in connection therewith.

(vi) The Operator Marks are owned solely and exclusively by Operator, and all use of the Operator Marks by Owner or Administrator, its Affiliates and any Subcontractor, and all goodwill associated with the Operator Marks, shall inure to the benefit of Operator.

(l) Other. Notwithstanding anything to the contrary in this Agreement, any non-compliance, error or mistake of either Party with respect to any of its obligations under Section 5.13 or this Section 13.1 shall not constitute an event of default or a breach under this Agreement if such non-compliance, error or mistake is (i) inadvertent, (ii) does not have, or would not reasonably be expected to have, a material and adverse effect on the performance by the either Party of its obligations under this Agreement and (iii) is cured within thirty (30) days of such Party becoming aware of such non-compliance, error or mistake.

(e) Public Information Disclosure Requirements-Related Obligations.

CONFIDENTIAL

(i) Operator acknowledges and agrees that any documents or other materials, including any records work product, books, papers and any other supporting documentation relating to this Agreement, and Operator's and any such Persons' performance hereunder, maintained by Operator and its Representatives or Affiliates, in Owner's possession may be considered public information subject to disclosure in accordance with applicable Public Information Disclosure Requirements.

(ii) Operator may designate conspicuously any documents or other materials that it believes contain trade secret or information that would be exempted from disclosure in response to a public records request under applicable Public Information Disclosure Requirements by placing "CONFIDENTIAL" in the header or footer of such page or record affected. Any such designation of trade secret or other basis for exemption shall be accompanied by a concise statement of reasons supporting the claim including citation to the specific authorization for exemption from disclosure under the Public Information Disclosure Requirements.

(iii) If a request is made for disclosure of any document or other materials that have been designated by Operator as "CONFIDENTIAL", then Owner will notify Operator and may request advice from Owner's counsel before disclosing any such documents in accordance with Applicable Law, including any applicable Public Information Disclosure Requirements. Operator shall then have the opportunity to either consent to the disclosure or assert its basis for non-disclosure and claimed exception under Applicable Law to Owner within the time period specified in the notice issued by Owner (if any). Notwithstanding the foregoing, it is the responsibility of Operator to monitor requests for disclosure and proceedings and make timely filings. Owner may make filings of its own concerning possible disclosure; however, Owner is under no obligation to support Operator's positions.

(A) By entering this Agreement, Operator consents to, and expressly waives any right to contest, the provision by Owner to Owner's counsel of all or any part of any documents or materials in Owner's possession in accordance with the Public Information Disclosure Requirements. Owner shall have no responsibility or obligation for Operator's failure to respond or to respond timely to any request for disclosure in accordance with the Public Information Disclosure Requirements, and Owner shall not be required to wait for a response before making a disclosure or otherwise taking action under the Public Information Disclosure Requirements.

(B) Under no other circumstances will Owner be responsible or liable to Operator or any other party as a result of disclosing any such documents or materials, including materials marked "CONFIDENTIAL", whether the disclosure is deemed required by Applicable Law or by an order of court or Owner's counsel or occurs through inadvertence, mistake or negligence on the part of Owner or any of its Representatives.

(iv) Nothing contained in this Section 13.2(e) shall modify or amend requirements and obligations imposed on Owner by the Public Information Disclosure Requirements, and the provisions of the Public Information Disclosure Requirements shall control to the extent of a conflict with the procedures under this Agreement or Owner's obligations with respect to Confidential Information. Owner will not advise a submitting party or Operator as to the

CONFIDENTIAL

nature or content of documents or materials that may be entitled to protection from disclosure under the Public Information Disclosure Requirements, as to the interpretation thereof, or as to relevant definition (e.g., “trade secret”).

(v) In the event of any proceeding or litigation concerning the disclosure of any documents or other materials in accordance with the Public Information Disclosure Requirements to third parties, Owner’s sole involvement will be as a stakeholder retaining the material until otherwise ordered by a Commonwealth Court or other court or authority having jurisdiction. Operator shall be responsible for prosecuting or defending any action, acting on its own behalf, concerning such documents or materials at its sole expense and risk; provided, however, that Owner may intervene or participate in the litigation in such manner as it deems necessary or desirable.

(vi) Operator shall indemnify and hold Owner harmless from and against any and all claims, causes of action, suits, legal or administrative proceedings, damages, losses, liabilities, response costs, costs and expenses, including any injury to or death of persons or damage to or loss of property (including damage to utility facilities), and including attorneys’ and expert witness fees and costs, arising out of, relating to or resulting from Owner’s refusal to disclose any material that Operator has designated as “CONFIDENTIAL” but was disclosed under the Public Information Disclosure Requirements.

(f) Customer Information. Notwithstanding anything contained in this Section 13.2 or otherwise in this Agreement to the contrary, the Parties agree that Operator shall not, and shall ensure that Operator Related Parties do not, use or disclose any Owner Personal Information except as directed by Administrator or as may be required by Applicable Law.

(g) Owner Confidential Information. Operator acknowledges that in performing the O&M Services, Front-End Transition Services and Back-End Transition Services it will have access to and be providing to Owner information that belongs to Owner. Therefore, notwithstanding anything to the contrary in this Agreement, any information, data, analyses, documents and materials relating to the T&D System, Work Product or otherwise relating to the System Information or Customer Database shall be deemed Confidential Information of Owner.

(h) Security.

(i) Operator shall comply with, and shall cause all Operator Related Parties and all Subcontractors to comply with, best industry practices and any data security policies and procedures of Owner, and all requirements of Applicable Law, regarding data security, cyber security and information security, including notification of security breaches or attempted breaches, with respect to Owner Personal Information and the Confidential Information of Owner or Owner Related Parties, including any comparable information that may be included as Work Product hereunder. Operator shall immediately notify, and shall cause all Operator Related Parties and Subcontractors to immediately notify, Administrator (if possible, in writing) of any breaches in or attempted breaches in data security or any other losses or theft of any such data of which it has knowledge, and at Administrator’s direction shall perform an analysis of the cause, shall remedy such breach and shall cooperate fully with any civil or criminal authority in any investigation or action relating to such breach or attempted breach. Operator shall indemnify,

CONFIDENTIAL

defend and hold harmless Owner and Owner Indemnitees, in the manner provided in Section 19.1, from any Losses resulting from any actual or attempted breaches in data security or any losses or theft or misuse of data under its possession or control.

(ii) Without limiting the foregoing, Operator shall, and shall cause all Operator Related Parties and all Subcontractors to: (A) have appropriate organizational, administrative, physical and technical measures in place to maintain the security of and to protect the internal and external integrity of the software, hardware, computer equipment and other information technology used in connection with its business and data contained therein or thereon against any accidental or unlawful use, processing, destruction or accidental loss, alteration, unauthorized disclosure, theft or access (including to any data or information contained in or stored on such systems), (B) maintain backup, security and disaster recovery measures reasonably consistent with best industry practices to safeguard its systems and its ongoing ability to conduct its business and satisfy its contractual access and data retention obligations, including in the event of a disaster, (C) refrain from introducing or knowingly permitting the introduction of any virus, worm, bomb, Trojan horse, trap door, stop code or other harmful code, timer, clock, counter or other limiting design, instruction or routine, device, feature or function into any systems or software, and (D) undertake audits at least annually to assess and confirm compliance Section 13.2(h), take prompt measures to remedy any gaps that may be identified, and provide a summary and copy of any such written reports and remedial measures to Administrator.

ARTICLE 15 DISPUTE RESOLUTION

Section 15.1 Scope. Except as otherwise expressly provided in this Agreement, any dispute between the Parties arising out of, relating to or in connection with this Agreement or the existence, interpretation, breach, termination or validity thereof (a “Dispute”) shall be resolved in accordance with the procedures set forth in this Article 15, which shall constitute the sole and exclusive procedures for the resolution of such Disputes, including as to the validity of any termination or effective date of any termination. Operator acknowledges and agrees that Administrator (or any Designated Person appointed by Administrator) shall be authorized to participate in or act for and on behalf of Owner in any dispute resolution proceeding contemplated by this Article 15 from and after Operator’s receipt of notice from Administrator confirming such participation.

Section 15.2 Informal Dispute Resolution Procedures. The Parties agree that, at all times, they shall attempt to resolve any Dispute promptly through diligent, good faith negotiations. Upon receipt of written notice of a Dispute from a Party, the Parties will refer the dispute to the Designated Person of each Party. The Designated Persons shall negotiate in good faith to resolve the Dispute, conferring as often as they deem reasonably necessary, and shall gather and in good faith furnish to each other the information pertinent to the Dispute. All communications, negotiations and discussions pursuant to this Section 15.2 shall be confidential and shall be treated as compromise settlement discussions and negotiations and shall not be used, offered or admissible as evidence in any subsequent proceeding without the mutual consent of the Parties.

Section 15.3 Mediation.

(a) Mediation of Disputes. Each Party to this Agreement agrees that it may not initiate a civil action as provided in Section 15.4 (other than provisional relief sought on an expedited basis) unless (i) the matter in question has been submitted to mediation in accordance with the provisions of this Section 15.3 or (ii) such Party would be barred from asserting its claim in a civil action if it were required to submit to mediation pursuant to Section 15.3.

(b) Process for Mediation. Mediation of a Dispute under this Agreement may not be commenced until the earlier of: (i) such time as both of the Designated Persons, after following the procedures set forth in Section 15.2, conclude in good faith that amicable resolution through continued negotiation of the matter does not appear likely; or (ii) thirty (30) days after the notice referring the Dispute to the Designated Persons, pursuant to Section 15.2 (the “Negotiation Period”). If, after such time period, the Dispute remains unresolved, either Party shall refer the Dispute to a mediator, who shall be an attorney in good standing with the Puerto Rico Supreme Court. With respect to the selection of a mediator, the Parties, through their respective Designated Persons, shall attempt in good faith to agree on a mediator. If the Parties cannot so agree within thirty (30) days after it is determined that the Designated Persons cannot resolve the Dispute or within thirty (30) days after the end of the Negotiation Period, the Parties shall promptly apply to the International Chamber of Commerce (“ICC”) for appointment of a single mediator in accordance with the ICC Mediation Rules. The mediator selected by the ICC shall be an attorney authorized to practice law in the United States or the Commonwealth. The mediator shall be paid for the mediation services, and shall be reimbursed for all reasonable out-of-pocket costs incurred

CONFIDENTIAL

in carrying out the mediation duties hereunder, including the costs of consultants. All fees and costs of the mediation (including payment for the services of the mediator and reimbursement of all reasonable out-of-pocket costs (including the costs of consultants) of the mediator) shall be shared equally by the Parties. The Parties shall request that the mediator schedule the mediation within thirty (30) days of the mediator's appointment, and shall comply with all procedures the mediator establishes for the conduct of the mediation.

Section 15.4 Litigation as a Final Resort.

(a) Civil Action. In the event that the Parties fail to resolve any Dispute within ninety (90) days after the date the mediator is selected pursuant to the procedures set forth in Section 15.3 (or such longer period as the Parties may mutually agree), either Party may initiate a civil action in the Commonwealth Court and in accordance with all applicable rules of civil procedure; provided that any Technical Dispute that is not resolved pursuant to Section 15.2 and Section 15.3 shall be referred to an Independent Expert pursuant to Section 15.6. The Parties acknowledge and understand that, to resolve any and all claims arising out of this Agreement (other than any Technical Dispute), they may file a civil action, including actions in equity, in the Commonwealth Court. Owner and Operator each irrevocably consents to the exclusive jurisdiction of such courts in any such actions or proceedings, waives any objection it may have to the jurisdiction of any such action or proceeding, and waives its right to a trial by jury.

(b) Costs and Expenses. Except as required by Operator's indemnity obligations under Section 18.1, each Party shall bear its own costs and expenses in any Legal Proceeding where it is the named defendant or in any Legal Proceeding between the Parties. Notwithstanding the foregoing, each Party retains its rights to bring any Legal Proceeding or to implead the other Party as to any matter arising hereunder.

Section 15.5 Provisional Relief. Notwithstanding any other provision in this Agreement, no Party shall be precluded from initiating a proceeding in the Commonwealth Court for the purpose of obtaining any emergency or provisional remedy to protect its rights that may be necessary and that is not otherwise available under this Agreement, including temporary and preliminary injunctive relief, restraining orders and other remedies to avoid imminent irreparable harm, provide uninterrupted electrical and other services or preserve the status quo pending the conclusion of such negotiation, mediation or litigation. The commencement of or participation in an action for provisional relief with regard to Technical Disputes shall not constitute a waiver of the requirements or procedures of Section 15.6.

Section 15.6 Referral of Technical Disputes to Independent Expert.

(a) Technical Disputes. If the procedures described in Section 15.2 and Section 15.3 do not result in resolution of any engineering or technical dispute (each, a "Technical Dispute"), the Technical Dispute shall be referred to an Independent Expert. The "Independent Expert" shall be a reputable Person or Persons possessing expert knowledge and experience for the determination of the matter in question and shall be independent of the Parties. The Independent Expert shall be appointed by agreement between the Parties or, if the Parties are not able to agree within thirty (30) days, by the ICC International Centre for ADR in accordance with the Rules for the Appointment of Experts and Neutrals of the International Chamber of Commerce.

CONFIDENTIAL

Such Independent Expert shall determine the matter in question as soon as practicable in light of the circumstances, but in no event later than sixty (60) days after his or her appointment or as otherwise agreed by the Parties on the basis of terms of reference agreed between the Parties or otherwise as the Independent Expert may himself or herself determine as an expert and not as arbitrator, and such determination shall be final and binding on the Parties hereto, except as otherwise provided herein. A failure to determine the matter within sixty (60) days shall not be a ground to challenge any award or determination by the Independent Expert.

(b) Costs and Enforcement. The costs of the Independent Expert shall be borne by Operator, to the extent that the Independent Expert resolves any dispute in Owner's favor, and by Owner, to the extent that the Independent Expert resolves any dispute in Operator's favor, or as determined by the Independent Expert if the dispute is not resolved entirely in favor of Owner or Operator. Enforcement of any determination of an Independent Expert may be entered by any court of competent jurisdiction. To the extent permitted by law, any rights to appeal from or cause a review of any such determination by any Independent Expert are hereby waived by the Parties.

(b) Extended Event. If and to the extent a Force Majeure Event continues for a period in excess of one-hundred twenty (120) consecutive days and materially interferes with, delays or increases the cost of the O&M Services in accordance herewith, and a Party has given timely notice and description as required by Section 17.1, Administrator and Operator shall negotiate in good faith to determine whether modifications to the Service Fee, Term or other provisions of this Agreement are appropriate under the circumstances; provided that any such modifications shall (i) in Administrator's sole judgment, not jeopardize the tax exempt status of Owner's indebtedness, (ii) be subject to approval by PREB in accordance with Applicable Law and (iii) otherwise comply with Applicable Law.

**ARTICLE 18
INDEMNIFICATION**

Section 18.1 Indemnification by Operator. Operator shall indemnify, defend and hold harmless Owner, Administrator and their respective Affiliates and Representatives (each, an “Owner Indemnitee”), from and against (and pay the full amount of) any and all Losses incurred by an Owner Indemnitee arising from or in connection with (or alleged to arise from or in connection with) (a) any failure by Operator to perform its obligations under this Agreement, including any failure to comply with Applicable Law in the performance of the O&M Services; (b) any breach by Operator of any representation, warranty or covenant of Operator in this Agreement; (c) any Environmental Claim and Cleanup Liability arising out of or in connection with the performance by Operator of the O&M Services or any other obligations of Operator hereunder; and (d) the gross negligence or willful misconduct of Operator Indemnitees. Operator’s indemnification obligations hereunder shall not be limited by any coverage exclusions or other provisions in any insurance policy maintained by Operator which is intended to respond to such events. Notwithstanding the foregoing, Operator shall not be required to reimburse or indemnify any Owner Indemnitee for any Losses to the extent caused by the gross negligence or willful misconduct of any Owner Indemnitee or to the extent attributable to any Force Majeure Event. An Owner Indemnitee shall promptly notify Operator of the assertion of any claim against it for which it is entitled to be indemnified hereunder, and Operator shall have the right to assume the defense of the claim in any Legal Proceeding and to approve any settlement of the claim, such approval not to be unreasonably withheld. These indemnification provisions are for the protection of Owner Indemnitees only and shall not establish, of themselves, any liability to third parties. The provisions of this Section 18.1 shall survive termination of this Agreement.

Section 18.2 Indemnification by Owner. Owner shall indemnify, defend and hold harmless Operator and its Affiliates and Representatives (each, an “Operator Indemnitee”), from and against (and pay the full amount of) any and all Losses incurred by an Operator Indemnitee arising from or in connection with (or alleged to arise from or in connection with) (a) any breach by Owner of any representation, warranty or covenant of Owner in this Agreement; (b) any Losses for claims of any nature based on events or circumstances to the extent arising prior to the Service Commencement Date (except to the extent that Operator has an obligation to mitigate or manage any such event or circumstance pursuant to the terms of this Agreement); (c) the gross negligence or willful misconduct of Owner Indemnitees in connection with this Agreement; and (d) claims brought by ServCo employees or former employees with respect to benefits under ServCo’s pension or other employee benefit plans. Owner’s indemnification obligations hereunder shall not be limited by any coverage exclusions or other provisions in any insurance policy maintained Owner which is intended to respond to such events. Notwithstanding the foregoing, Owner shall not be required to reimburse or indemnify any Operator Indemnitee for any Losses to the extent caused by the gross negligence or willful misconduct of any Operator Indemnitee or to the extent attributable to any Force Majeure Event. An Operator Indemnitee shall promptly notify Owner of the assertion of any claim against it for which it is entitled to be indemnified hereunder, and Owner shall have the right to assume the defense of the claim in any Legal Proceeding and to approve any settlement of the claim, such approval not to be unreasonably withheld. These indemnification provisions are for the protection of Operator Indemnitees only and shall not establish, of

themselves, any liability to third parties. The provisions of this Section 18.2 shall survive termination of this Agreement.

Section 18.3 Limitation on Liability. Notwithstanding anything contained in this Agreement to the contrary:

(a) Operator's liability to Owner Indemnitees under this Agreement (other than for any Losses attributable to Operator's gross negligence or willful misconduct, for which there shall be no limitation on Operator's liability) shall be limited to \$[●]¹³.

(b) Owner's liability to Operator Indemnitees under this Agreement (other than for any Losses attributable to Owner's gross negligence or willful misconduct, for which there shall be no limitation on Owner's liability) shall be limited to \$[●]¹⁴.

(c) Administrator shall not be liable to Operator Indemnitees under this Agreement.

Section 18.4 Insurance Recovery. The amount of any Losses that are subject to indemnification, compensation or reimbursement under this Agreement shall be reduced by the amount of any insurance proceeds and any indemnity, contribution or other similar payment actually received by Owner Indemnitee or Operator Indemnitee, as applicable, in respect of such Losses or any of the events, conditions, facts or circumstances resulting in or relating to such Losses ("Third-Party Payments"). If an Owner Indemnitee or Operator Indemnitee, as applicable, receives any Third-Party Payment with respect to any Losses for which it has previously been indemnified (directly or indirectly) by an Indemnifying Party, Owner Indemnitee or Operator Indemnitee, as applicable, shall promptly (and in any event within three (3) Business Days after receiving such Third-Party Payment) pay to the Indemnifying Party an amount equal to such Third-Party Payment or, if it is a lesser amount, the amount of such previously indemnified Losses. Owner Indemnitee or Operator Indemnitee, as applicable, shall use its commercially reasonable efforts to recover under insurance policies or indemnity, contribution or other similar agreements other than this Agreement for any Losses to the same extent such Party would if such Losses were not subject to indemnification, compensation or reimbursement hereunder.

Section 18.5 Liability Limitation for Certain Damages. NOTWITHSTANDING ANYTHING TO THE CONTRARY HEREIN, TO THE FULLEST EXTENT PERMITTED BY LAW, NEITHER OPERATOR INDEMNIFIED PARTIES NOR OWNER INDEMNIFIED PARTIES SHALL BE LIABLE, WHETHER IN CONTRACT, INDEMNITY, TORT (INCLUDING NEGLIGENCE, GROSS NEGLIGENCE AND STRICT LIABILITY) OR OTHERWISE, FOR ANY SPECIAL, EXEMPLARY, PUNITIVE, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES WHICH ARISE FROM, RELATE TO OR ARE CONNECTED WITH THIS AGREEMENT OR THE PERFORMANCE OF OR FAILURE TO PERFORM THEIR RESPECTIVE OBLIGATIONS HEREUNDER EXCEPT FOR CLAIMS BY

Section 20.3 Amendments. Neither this Agreement nor any provision hereof may be changed, modified, amended or waived except by written agreement duly executed by the Parties. Any such amendment shall not be effective until approved by Administrator and, to the extent required by Applicable Law, the FOMB (if then in existence) and PREB.

Section 20.4 Entire Agreement. This Agreement, together with the appendices, annexes and exhibits attached hereto, constitutes the entire agreement of the Parties with respect to the subject matter hereof and supersedes any and all prior oral or written agreements, understandings, proposals, representations or warranties relating to this Agreement. Without limiting the generality of the foregoing, this Agreement shall completely and fully supersede all other understandings and agreements among the Parties with respect to such transactions, including those contained in the RFP, Operator's Proposal and any amendments or supplements to the RFP or the Proposal.

Section 20.5 Relationship of the Parties. Except as otherwise expressly provided in this Agreement, nothing in this Agreement is intended to create, or shall be deemed or construed as creating, any partnership, joint venture or other legal entity, or give rise to any fiduciary duty, between the Parties. No Party shall have the authority or right, or hold itself out as having the authority or right, to assume, create or undertake any obligation of any kind whatsoever, express or implied, on behalf of or in the name of any other Party, except as expressly provided herein. No provision in this Agreement shall result in Operator or any of its employees, Subcontractors, agents or Representatives being considered an employee, contractor, agent or Representative of Owner. Operator shall be an independent contractor and shall be responsible for and have control over the performance of the O&M Services hereunder, subject to the standards set forth in this Agreement. Nothing in this Agreement shall be interpreted to create a relationship of co-employer between Owner and Operator or Administrator and Operator as to the employees of ServCo, Operator or any of their respective subcontractors, nor to make Operator an alter ego or a successor employer of Owner, and Operator shall act in accordance with the foregoing.

Section 20.6 Assignment and Transfer.

(a) By Operator. Operator shall not assign, transfer, convey, lease, encumber or otherwise dispose of its rights or obligations under this Agreement or related to the O&M Services without the prior written consent of Administrator; provided, however, that Operator may, without the prior written consent of Administrator, assign or otherwise dispose of any of its rights and obligations hereunder to an Affiliate of Operator so long as: (i) such Affiliate is (A) a wholly-owned direct or indirect subsidiary of the Parent Company, (B) reasonably capable of discharging, the duties and obligations of Operator hereunder and (C) assumes in writing all of Operator's obligations hereunder; and (ii) such assignment is otherwise in permitted under, and in compliance with, Applicable Law. Any such approval given in one instance shall not relieve Operator of its obligation to obtain the prior written approval of Administrator to any further assignment. Any assignment of this Agreement that is approved by Administrator shall require the assignee of Operator to assume the performance of and observe all obligations, representations and warranties of Operator under this Agreement, and no such assignment shall relieve Guarantor of any of its obligations under the Guarantee, which shall remain in full force and effect during the Term. The approval of any assignment, transfer or conveyance shall not operate to release Operator in any way from any of its obligations under this Agreement unless such approval specifically provides otherwise.

CONFIDENTIAL

(b) By Owner. Owner shall not assign, transfer, convey, lease, encumber or otherwise dispose of its rights or obligations under this Agreement without the prior written consent of Operator; provided, however, that Owner may, without the prior written consent of Operator, assign or otherwise dispose of any of its rights and obligations hereunder: (1) to Administrator; or (2) with prior approval of the FOMB (to the extent such approval is required by Applicable Law), to another Governmental Body if such assignee assumes, and is reasonably capable of discharging, the duties and obligations of Owner hereunder.

Section 20.7 Interest on Overdue Obligations. Except as otherwise provided herein, all amounts due hereunder, whether as damages, credits, revenue, charges or reimbursements, that are not paid when due shall bear interest at the Overdue Rate, on the amount outstanding from time to time, and all such interest accrued at any time shall, to the extent permitted by Applicable Law, be deemed added to the amount due, as accrued.

Section 20.8 Waivers. Either Party and Administrator may, at any time, (i) extend the time for the performance of any of the obligations or other acts of the other Party, (ii) waive any inaccuracies in the representations and warranties of the other Party contained herein or (iii) waive compliance by the other Party with any of the agreements or conditions contained herein. No waiver by any Party or Administrator of any of the provisions hereof shall be effective unless explicitly set forth in a written instrument executed and delivered by the Party so waiving. No waiver by any Party or Administrator of any breach of this Agreement shall operate or be construed as a waiver of any preceding or subsequent breach, whether of a similar or different character, unless expressly set forth in such written waiver. Neither any course of conduct or failure or delay of any Party or Administrator in exercising or enforcing any right, remedy or power hereunder shall operate or be construed as a waiver thereof, nor shall any single or partial exercise of any right, remedy or power hereunder, or any abandonment or discontinuance of steps to enforce such right, remedy or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right, remedy or power.

Section 20.9 Severability. If any term or provision of this Agreement is invalid, illegal or incapable of being enforced in any situation or in any jurisdiction, such invalidity, illegality or unenforceability shall not affect the validity, legality or enforceability of any other term or provision hereof or the offending term or provision in any other situation or any other jurisdiction, so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to either Party. Upon any such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible, in a mutually acceptable manner, in order that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.

Section 20.10 Survival. The rights and obligations of the Parties pursuant to this Section 20.10, Article 13, Article 15, Article 16, Article 18, Article 19, Section 20.2 and Section 20.14 shall survive the expiration or termination of this Agreement. No expiration or early termination of this Agreement shall (a) limit or otherwise affect the respective rights and obligations of the Parties accrued prior to the date of such termination or (b) preclude either Party from impleading the other Party in any Legal Proceeding originated by a third-party as to any matter occurring during the Term.

CONFIDENTIAL

Section 20.11 No Third-Party Beneficiaries. Unless specifically set forth herein, this Agreement is exclusively for the benefit of Owner, Operator and, where specified in this Agreement, Administrator, and shall not provide any third parties with any remedy, claim, liability, reimbursement, cause of action or other rights.

Section 20.12 Remedies.

(a) Cumulative and Non-Exclusive Remedies. Except as otherwise provided in this Agreement, any and all remedies herein expressly conferred upon a Party will be deemed cumulative with and not exclusive of any other remedy expressly conferred hereby, and the exercise by a Party of any one such remedy will not preclude the exercise of any other such remedy.

(b) Irreparable Damage and Harm. The Parties agree that irreparable damage and harm would occur in the event that any provision of this Agreement were not performed in accordance with its terms and that, although monetary damages may be available for such a breach, monetary damages would be an inadequate remedy therefor. Accordingly, each of the Parties agrees that, in the event of any breach or threatened breach of any provision of this Agreement by such Party, the other Party shall be entitled to an injunction or injunctions, specific performance and other equitable relief to prevent or restrain breaches or threatened breaches hereof and to specifically enforce the terms and provisions hereof. A Party seeking an order or injunction to prevent breaches of this Agreement or to enforce specifically the terms and provisions hereof shall not be required to provide, furnish or post any bond or other security in connection with or as a condition to obtaining any such order or injunction, and each Party hereby irrevocably waives any right it may have to require the provision, furnishing or posting of any such bond or other security. In the event that any Legal Proceeding should be brought in equity to enforce the provisions of this Agreement, each Party agrees that it shall not allege, and each Party hereby waives the defense, that there is an adequate remedy available at law.

Section 20.13 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original and all of which, when taken together, shall be deemed to be one and the same agreement or document. A signed copy of this Agreement transmitted by email or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this Agreement for all purposes.

Section 20.14 Time is of the Essence. Time is of the essence in the performance of the transactions contemplated by this Agreement.

Section 20.15 Governing Law. This Agreement and all matters, claims, controversies, disputes, suits, actions or proceedings arising out of or relating to this Agreement and the negotiation, execution or performance of this Agreement or any of the transactions contemplated hereby, including all rights of the Parties (whether sounding in contract, tort, common or statutory law, equity or otherwise) in connection therewith, shall be interpreted, construed and governed by and in accordance with, and enforced pursuant to, the internal laws of the Commonwealth

To the extent Owner and Operator determine that any costs under the Agreement will be submitted for HUD reimbursement, the Agreement will require that Operator comply with all applicable HUD requirements, including the following:

1. Section 3 Covered Assistance

HUD's "Section 3" program requires that recipients of certain HUD financial assistance, to the greatest extent possible, provide training, employment, contracting and other economic opportunities to low- and very low-income persons, especially recipients of government assistance for housing, and to businesses that provide economic opportunities to low- and very low-income persons. "Section 3 covered assistance" includes assistance provided under any HUD community development program that is expended for work arising in connection with public construction projects.

2. Section 3 Clause

If Owner and Administrator determine to submit any of the costs incurred under the Agreement for HUD reimbursement, and the Agreement is determined to be a Section 3 covered contract, pursuant to 24 C.F.R. § 135.38, it shall include the following clause (referred to as the "Section 3 Clause"):

THE WORK TO BE PERFORMED UNDER THIS CONTRACT IS SUBJECT TO THE REQUIREMENTS OF SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968, AS AMENDED, 12 U.S.C. 1701U (SECTION 3). THE PURPOSE OF SECTION 3 IS TO ENSURE THAT EMPLOYMENT AND OTHER ECONOMIC OPPORTUNITIES GENERATED BY HUD ASSISTANCE OR HUD-ASSISTED PROJECTS COVERED BY SECTION 3 SHALL, TO THE GREATEST EXTENT FEASIBLE, BE DIRECTED TO LOW- AND VERY LOW-INCOME PERSONS, PARTICULARLY PERSONS WHO ARE RECIPIENTS OF HUD ASSISTANCE FOR HOUSING.

THE PARTIES TO THIS CONTRACT AGREE TO COMPLY WITH HUD'S REGULATIONS IN 24 CFR PART 135, WHICH IMPLEMENT SECTION 3. AS EVIDENCED BY THEIR EXECUTION OF THIS CONTRACT, THE PARTIES TO THIS CONTRACT CERTIFY THAT THEY ARE UNDER NO CONTRACTUAL OR OTHER IMPEDIMENT THAT WOULD PREVENT THEM FROM COMPLYING WITH THE PART 135 REGULATIONS.

THE CONTRACTOR AGREES TO SEND TO EACH LABOR ORGANIZATION OR REPRESENTATIVE OF WORKERS WITH WHICH THE CONTRACTOR HAS A COLLECTIVE BARGAINING AGREEMENT OR OTHER UNDERSTANDING, IF ANY, A NOTICE ADVISING THE LABOR ORGANIZATION OR WORKERS' REPRESENTATIVE OF THE CONTRACTOR'S COMMITMENTS UNDER THIS SECTION 3 CLAUSE, AND

WILL POST COPIES OF THE NOTICE IN CONSPICUOUS PLACES AT THE WORK SITE WHERE BOTH EMPLOYEES AND APPLICANTS FOR TRAINING AND EMPLOYMENT POSITIONS CAN SEE THE NOTICE. THE NOTICE SHALL DESCRIBE THE SECTION 3 PREFERENCE, SHALL SET FORTH MINIMUM NUMBER AND JOB TITLES SUBJECT TO HIRE, AVAILABILITY OF APPRENTICESHIP AND TRAINING POSITIONS, THE QUALIFICATIONS FOR EACH; AND THE NAME AND LOCATION OF THE PERSON(S) TAKING APPLICATIONS FOR EACH OF THE POSITIONS; AND THE ANTICIPATED DATE THE WORK SHALL BEGIN.

THE CONTRACTOR AGREES TO INCLUDE THIS SECTION 3 CLAUSE IN EVERY SUBCONTRACT SUBJECT TO COMPLIANCE WITH REGULATIONS IN 24 CFR PART 135, AND AGREES TO TAKE APPROPRIATE ACTION, AS PROVIDED IN AN APPLICABLE PROVISION OF THE SUBCONTRACT OR IN THIS SECTION 3 CLAUSE, UPON A FINDING THAT THE SUBCONTRACTOR IS IN VIOLATION OF THE REGULATIONS IN 24 CFR PART 135. THE CONTRACTOR WILL NOT SUBCONTRACT WITH ANY SUBCONTRACTOR WHERE THE CONTRACTOR HAS NOTICE OR KNOWLEDGE THAT THE SUBCONTRACTOR HAS BEEN FOUND IN VIOLATION OF THE REGULATIONS IN 24 CFR PART 135.

THE CONTRACTOR WILL CERTIFY THAT ANY VACANT EMPLOYMENT POSITIONS, INCLUDING TRAINING POSITIONS, THAT ARE FILLED (1) AFTER THE CONTRACTOR IS SELECTED BUT BEFORE THE CONTRACT IS EXECUTED, AND (2) WITH PERSONS OTHER THAN THOSE TO WHOM THE REGULATIONS OF 24 CFR PART 135 REQUIRE EMPLOYMENT OPPORTUNITIES TO BE DIRECTED, WERE NOT FILLED TO CIRCUMVENT THE CONTRACTOR'S OBLIGATIONS UNDER 24 CFR PART 135.

NONCOMPLIANCE WITH HUD'S REGULATIONS IN 24 CFR PART 135 MAY RESULT IN SANCTIONS, TERMINATION OF THIS CONTRACT FOR DEFAULT, AND DEBARMENT OR SUSPENSION FROM FUTURE HUD ASSISTED CONTRACTS.

WITH RESPECT TO WORK PERFORMED IN CONNECTION WITH SECTION 3 COVERED INDIAN HOUSING ASSISTANCE, SECTION 7(B) OF THE INDIAN SELF-DETERMINATION AND EDUCATION ASSISTANCE ACT (25 U.S.C. 450E) ALSO APPLIES TO THE WORK TO BE PERFORMED UNDER THIS CONTRACT. SECTION 7(B) REQUIRES THAT TO THE GREATEST EXTENT FEASIBLE (I) PREFERENCE AND OPPORTUNITIES FOR TRAINING AND EMPLOYMENT SHALL BE GIVEN TO INDIANS, AND (II) PREFERENCE IN THE AWARD OF CONTRACTS AND SUBCONTRACTS SHALL BE GIVEN TO INDIAN ORGANIZATIONS AND INDIAN-OWNED ECONOMIC ENTERPRISES. PARTIES TO THIS CONTRACT THAT ARE SUBJECT TO THE PROVISIONS OF SECTION 3

AND SECTION 7(B) AGREE TO COMPLY WITH SECTION 3 TO THE MAXIMUM EXTENT FEASIBLE, BUT NOT IN DEROGATION OF COMPLIANCE WITH SECTION 7(B).

3. Davis-Bacon Act and Copeland Anti-Kickback Act

Additionally, HUD-funded contracts are subject to the Davis-Bacon Act and the Copeland Anti-Kickback Act. The regulations promulgated under this legislation require contracts in excess of \$2,000 which are entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from Federal funds, including grants, to contain the provisions at 24 C.F.R. § 5.5. These “Fair Labor Standards” provisions are provided in HUD Form 4010. In accordance with the Davis-Bacon Act, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor and must be required to pay wages not less than once a week. The applicable prevailing wage determination is available here: <https://www.wdol.gov/wdol/scafiles/davisbacon/pr.html> and in the Data Room. The decision to award a contract to a contractor must be conditioned upon acceptance of the wage determination.
