RE: Project Approval Notification
FEMA-DR-PR-4339-0343
Wastewater Infrastructure Generators - Phase 1

Dear Subrecipient:

This letter serves as formal notification that the Federal Emergency Management Agency (FEMA) has approved Project 4339-0343 - Wastewater Infrastructure Generators - Phase 1. Following FEMA's assessment, funding has been made available with a total amount of $332,497.94, with an additional $16,624.90 reserved for a five (5) percent Management Cost. It's imperative to note that this project has a Period of Performance (POP) until October 31, 2026.

Enclosed with this letter are detailed documents outlining the approved activities, budget allocations, and project conditions. These include the Approval Letter, Conditions of Approval (COA), and Record of Environmental Considerations (REC).

The Local Redevelopment Authority for Roosevelt Roads is required to maintain comprehensive records of work completed and expenses incurred for this project. Additionally, they are required to submit quarterly financial and performance reports to COR3 for the respective periods: October-December (Q1), January-March (Q2), April-June (Q3), and July-September (Q4) until the project's conclusion. These reports must be submitted within ten (10) calendar days following each quarter's end.

We kindly request that the Local Redevelopment Authority for Roosevelt Roads provide COR3 with their designated points of contact for both programmatic and financial aspects related to this grant within five (5) days of receiving this notification.

Furthermore, Cristina Ramos (cramosacevedo@cor3.pr.gov), the Point of Contact at COR3, will be in touch to arrange the kickoff meeting for the project.

If you have any questions, please do not hesitate to contact us.

Cordially,

María L. Marín Colón
Interim Deputy Executive Director
