

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan.

91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

This Consolidated Annual Performance Report (CAPER) provides an overview of the progress made during PY 2020, the first year of the Puerto Rico State 2020-2024 Housing and Community Consolidated Plan. The Plan set the goals and strategies to address community and economic development needs as well as affordable housing needs over the five-year planning period. During Program Year 2020, the state undertook activities consistent with the approved strategic and annual action Plan, for the following programs:

- Community Development Block Grant (CDBG), administered by the Puerto Rico Department of Housing (PRDoH);
- HOME Investment Partnerships Program (HOME), Administered by the Puerto Rico Housing Finance Authority;
- Housing Opportunities for Persons with AIDS (HOPWA); administered by the Puerto Rico Department of Health, in collaboration with the Municipality of San Juan;
- Emergency Solutions Grant (ESG), administered by the Puerto Rico Department of Family; and
- Housing Trust Fund (HTF), also administered by the Puerto Rico Housing Finance Authority.

Each of these programs of the Consolidated Plan invested available resources in eligible activities to address the needs of the low- and moderate-income persons with the final goals of:

- increasing the availability, accessibility, and affordability of decent housing,
- create suitable living environments, and
- provide economic opportunities for low- and moderate-income individuals.

As it is explained in greater detail in the document, even with the challenges faced by Puerto Rico in the context of the COVID-19 pandemic, the State has made progress in meeting its 2020 goals and objectives.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

CDBG Program

CDBG funds were used in accordance with the action plan and were in its majority directed to address the needs of low- and moderate-income persons (see next table). As stated in the Action Plan, and in accordance with local public policy, funds were distributed to non-entitlement municipalities on an equal basis, through a formula allocation, with the exception of the islands of Vieques and Culebra, that received 15% in additional allocation. In terms of the specific activities, the government's fiscal situation, the lack of access to capital and constrained municipal finances have all contributed to placing most CDBG efforts in housing, public service and infrastructure projects. CDBG funds were used specifically to support the following eligible activities:

- **Public facilities and improvements** - A total of 2,331,082 low and income persons received benefit of community development projects aimed to improve living conditions and infrastructure. A total of \$12,605,413.64 was disbursed for this activity.
- **Public services** – A total of 108,697 low and income persons received benefit to attend special needs population. The total disbursed for this activity was \$3,225,461.35.
- **Housing rehabilitation** – As part of strategy to provide decent housing and suitable living environment to low- and moderate-income persons, 1,398 were rehabilitated.

CR-10 - Racial and Ethnic composition of families assisted

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The CDBG and HOME racial and ethnic composition was obtained principally from the housing rehabilitation, public service and economic development activities as entered into the IDIS system (IDIS PR23). The information included in the table may contain data from previous years, as IDIS activities can generate beneficiaries over several different program years. The HOME program's racial and ethnic status of families assisted was obtained from the records maintained by the PRHFA and IDIS. The ESG data was obtained from the SAGE Report. The HOPWA data, these numbers only reflect the racial composition of clients assisted HOPWA Program under Tenant Based Rental assistance, Short-Term Rent, Mortgage, and Utilities (STRMU) Assistance and Transitional Housing only. Additional assistance was provided to participants under Supportive Services program that this data is not collected. The HOPWA program data we obtained the information from the individual CAPERS submitted by project sponsors.

In general terms, the information presented in the previous table shows that the majority of families served by CDBG, HOME, ESG and HOPWA are white, while 97.0% are Hispanic. Nevertheless, it is important to note that the racial and ethnic composition chart does not have a category for "Other" or "multiracial", which would have better describe Puerto Ricans. To overcome this limitation other multiracial families were included under "white", in the case of SAGE "Client Doesn't know/Client refused" and "Data not collected" where also included in under "white" and Hispanic, for details go to SAGE 2020 report in the appendix section.

Table 3 - Resources Made Available

Narrative

For the PY 2020, the State had available a total of \$10,106,889,679 funds, including CARES Act funds, carry over funds and unused funds from previous years, of which 38,339,841.13 were expended.

A total of \$55,840,499 were available for the CDBG Program, of which \$24,082,570.19 were expended during the program year. In the case of the HOME Program a total of \$28,250,754.74 were available as of 6-30-2020; that amount is composed of \$7,034,601.62 (balance available for disbursement from Open Activities as of 6-30-2020) and \$21,216,153.12 (balance available to commit as of 6-30-2020).

As per PR-23 report, HOME Program expended the amount of **\$9,308,308.16** for the activities completed during the period between **7-1-2020 thru 6-30-2021**. However, HOME funds really drawn from LOCCS during the same period were **\$5,571,989.28**.

In the case of the HTF Program, no activities were completed during PY 2020 but HTF funds in the amount of **\$312,309.75** were drawn from LOCCS as per IDIS reports.

For the purpose of the ESG Program, \$3,343,170.78 funds were expended of the \$3,677,560 that were available. In the case of HOPWA, a total of \$1,605,792.85 were expended out of \$2,748,488.15 available.

All funds invested in the programmatic activities undertaken benefited low- and moderate-income persons and best serve the needs of the low-income communities. The activities funded and undertaken were aligned with the Consolidated Plan strategic objectives and needs priorities and represented an effective place-based market driven strategy to meet the identified community needs.

During Program Year 2020, funds from each program were distributed in accordance with method proposed in the action plan. As part of the Consolidated Plan Citizen Participation process, the State identified underserved areas with high concentration of poverty, housing and health problems, and general community decay. In order to address the needs of the communities, the State public policy is driven to provide priority to communities in these areas in the PY 2020 Annual Action Plan CPD funded activities. The State collaborated with the Municipalities and Non-Profit Organizations to develop and implement geographic strategies designed to comprehensively revitalize priority areas and in a manner that will have a more lasting impact on residents. As well, according to the Plan, the subrecipients could use the funds for activities aimed at COVID-19 preparedness, prevention and response. Specific information related to each program is included in **Attachment in section Additional Information CR-15.**

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

To undertake the affordable housing and non-housing community development actions, the PR-State government combined a series of diverse public funding streams available to address the needs of the general population, including those of low- and moderate-income levels.

The non-entitlement municipalities that receive CDBG funds, leverage their projects with in-kind services and funds from municipal, state, and other federal sources. Most frequent sources of funding for leverage are municipal funds. **Attachment includes a table that summarizes leveraging for the CDBG 2020 projects.**

The CDBG regulations also requires the Government of Puerto Rico to match administration costs beyond \$100,000. The CDBG match is covered by funds from the general budget.

In the case of HOPWA sponsors leveraged 2020 funds from other sources. In terms of ESG matching contributions, each subrecipient must match dollar-to-dollar the funding provided with funds from other public or private sources. Matching contributions may be obtained from any source, including any federal sources other than the ESG program, as well as state, local, and private sources, among others. For purposes of funds from previous years that were available during PY 2020, the ESG Program amended its 2019 action plan in order to waive the matching requirements as long as funds were used in activities in response to the COVID-19 pandemic.

In the case of the HOME program, no match requirement was imposed to Puerto Rico State PJ during PY 2020-21, due to the severe fiscal distress affecting the Government of Puerto Rico. The typical requirement is for the State to match no less than 25 cents for each dollar of HOME funds spent on affordable housing.

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

During PY2020, the HOME program reduced the number of families assisted with Homebuyer Assistance, in comparison with the families assisted that was reported for PY2019. The HOME program assisted 31 families with down payment assistance during Program Year 2020 as per PR-23 report (of a goal of 88 families). During PY2020, HOME Program (PR State) encountered several problems or situations that affected the performance to reach the goal, primarily by the Covid-19 Pandemic restrictions and reductions in the inventory of real estate available for sale or ready-to-move in

compliance with HQS. During PY2020, HOME program interviewed 266 families interested in the Homebuyer Assistance, of which 81 families are still looking for documentation or waiting to find a property that qualify under federal regulation (HQS).

In the case of multifamily projects, as per PR-23 report, 47 HOME-assisted units were completed during PY2020 in comparison with the 58 HOME-assisted units reported during PY2019. HOME program has several multifamily projects under construction during the actual program year that will be reflected in the next Performance Report (PY2021). The goal of 33 HOME-assisted units was reached as per the 2020 Action Plan. PRHFA will be announcing a competitive process by a Notice of Funds Availability (NOFA) during PY2021 to promote the development of multifamily rental projects; this NOFA will combine different sources of funds including HOME, HTF, LIHTC and CDBG-DR to increase the supply of housing units needed around the island. The purpose of this NOFA is to maximize the use of public funds from multiple sources under joint selection and underwriting criteria compatible.

The HOME Tenant-Based Rental Assistance (TBRA) to promote rental housing vouchers for individual private housing is an activity recently added to the HOME Program (Puerto Rico State) and took more time for its implementation. As explained for the Homebuyer Assistance activity, several problems during PY2019 affected its performance. Although not reflected in the PR-23 report, 16 new families and 12 previous participants were impacted by HOME funds during PY2020. This number will increase during next program year (2021).

The HOME Homeownership Rehabilitation or New Construction Program to promote the rehabilitation of a substandard homeowner unit, or the replacement of such unit if it is unsound or represents an environmental hazard, in compliance with the housing rehabilitation standards, encountered delays. As per PR-23 report during PY2020, goal was not achieved impacting only 4 families. PRHFA is making a major reshuffle of the HOME Program adding more personnel to assist families in need of a decent and safe home. As of this date, we are working with sixty-three (63) new participants of which: two (2) homes are under construction, seven (7) in the process of grant contract and fifty-three (53) under evaluation process. PRHFA is committed to make the most of this activity during this Consolidated Plan period.

Regarding to the Housing Trust Fund (HTF) program, funds were used to increase the supply of housing units for rent through the development of multifamily rental projects impacting families with very and extremely low-income families. However, this type of projects is encountering challenges. There are two (2) multifamily projects under construction, which received HTF funds, with and expected substantial completion dates during PY2021 and PY2022.

Discuss how these outcomes will impact future annual action plans.

The outcomes in the HOME program will impact the future action plans. Procedural barriers, including those that involve contracting procedures and construction and use permits, will need to be addressed to improve the performance of the program. Rehabilitation or New Construction by Owner is the HOME

program activity that PRHFA is emphasizing due to the damaged caused by the hurricanes Irma and Maria and the earthquakes in the South of Puerto Rico. PRHFA is evaluating how will be more effective helping the people in need of federal assistance for their home. A substantial amendment may be expected if necessary to avoid the risk of loss.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Low-income	623	11	
Moderate-income	479	41	
Total	2,110	82	

Table 13 – Number of Households Served

Narrative Information

Even in a difficult context due to the pandemic, the PY 2020 Annual Action Plan housing strategies were implemented. The State was able to facilitate the access to affordable housing opportunity to 82 households. This achievement shows the State commitment to address the basic housing needs of the low-income population, the responsibility of using and investing the available resources accordingly to the applicable regulations and the capability of managing and administering a Consolidated Plan process with the objective of improving the living conditions of the economically disadvantaged population segments.

Table 13 provides the number of extremely low-income, low-income, and moderate-income persons served by each activity. 47.4% of the of the households served by the CDBG and HOME programs were Extremely Low-Income households, while 28.9% were Low-Income households and 23.7% were Moderate-Income households. The CDBG program served a higher percentage of Extremely Low-Income households, or 47.8%, in contrast to 36.6% served by the HOME program. CDBG program served a higher proportion of Low-income households, 29.5% and 13.4%, respectively. The HOME program served a larger share of moderate-income households (50%, in contrast to 22.7% in the CDBG program).

Additional information on families served are in the Appendix section.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The state gave priority to Outreach projects, Emergency Shelters without restrictions (in terms of population, age, and time), and essential services provided by the Emergency Shelters. In the case of Rapid Re-Housing (as well as prevention activities), particular attention was given to projects that serve people with mental health conditions; and shelters that provide joined services with Rapid Re-Housing. As established in the Annual Action Plan, projects and services that promoted economic and personal self-sufficiency, were also encouraged. Correspondingly, funds were allocated to special projects that presented an innovative approach to engage and engage the homeless population to services, such as the mobile outreach units.

Similarly, the PRDF took several actions at the programmatic and operational level to strengthen the implementation of these activities and help remove barriers that may have a negative impact in progress towards the proposed program goals. This included the provision of one-on-one technical assistance to subrecipients and utilizing available waivers due to the pandemic. As in previous years, Sub recipients were encouraged to include permanent housing as a main goal in the participant's services plans. This, as based on the analysis of impediments of June 2020, almost all the participants of the focus groups (98%), understand that there are groups in the population more affected by these barriers and needs being the most frequently mentioned persons with disabilities, LGBTQ population, persons with a criminal record, persons with substance abuse problems, homeless persons (particularly youth), women and d families with children.

In the case of HOPWA, the PRDOH continued to support non-profit organizations, homeless service providers, and special needs groups in their goals to meet the needs of underserved HIV clients in Puerto Rico. The collaborative agreement between the PRDOH and the MSJ has improve the allocation process of resources to sponsored entities and the level of expenditure and disbursement for the provided services. Also, the MSJ and the PRDOH continued working in developing effective public policies with the objective of improving the living conditions of the participants through the provided services.

It's important to mention that during the reported program year the island not only has been struggling with the challenge to recover for the 2017 Hurricane Irma and Maria devastation and the 2019 & 2020 earthquakes, but also with the effects of the COVID-19 pandemic. To address these impacts, the Municipalities and Entities implemented emergency responses and recovery efforts to assure that all basic and essential public services were provided to the general population, including the HIV/AIDS persons segment. Services have been re-established and the sub-recipients were able to continue

providing the housing and supportive services that this special population requires.

Addressing the emergency shelter and transitional housing needs of homeless persons

During year 2020, in addition to implementing the local public policy to address homelessness and the strategies established in the Consolidated Action Plan, the ESG Program directed efforts to address emergency shelter needs in the context of COVID-19. The ESG Program is one of the most important resources available to municipalities and organizations to address the economic and housing impacts of the pandemic, and accordingly directed its efforts to support shelters so they could make the necessary adjustments to meet the increase in demand for these services. In addition, the ESG Program has not stopped operating at any time during the pandemic, thus contributing to the continuity of services in shelters.

Funding for emergency shelters came mainly from the State's ESG program, during the program year, a total of 1,059 persons were provided emergency shelter services. Funds allocated to emergency shelter were used for the operation and adaption of these facilities for the COVID-19 pandemic, as well as the provision of a wide range of services aimed at meeting the needs of its participants, including case management, childcare, education, employment assistance and job training, legal, mental health, substance abuse treatment, and transportation, among others. As well, the Program has provided support in order for shelters to provide vaccination and testing services in the context of the pandemic.

The allocation of funds to address this area during 2020, was based on the assessment of homelessness conducted for the purpose of consolidated planning, the 2019 & 2020 sheltered PIT most relevant findings, emerging needs identified in the context of the pandemic, and the results of the consultation conducted to CoCs. Priorities were framed based on the goals of HUD's Strategic Plan, and HUD's current strategic plan. The specific allocation gave priority to the following areas:

- Expansion of Outreach Services
- Emergency Shelters without restrictions that may be used as Stabilization Units (Intake 24 hours 7 days a week)
- Unrestricted Emergency Shelters (no restrictions by target group, age, hours)
- Emergency Shelter, Prevention and Rapid Re-Housing Services for the population with a mental health condition
- Shelter proposals in conjunction with Rapid Re- Housing
- Services that promote personal and economic self-sufficiency

Moreover, special attention was given to those projects that work with a special need population such as: chronic homeless persons; substance abuse populations, families with children, individuals with mental health and special needs problems, persons living with HIV/AIDS, victims of domestic violence, aging population, veterans and LGBTT population.

Helping low-income individuals and families avoid becoming homeless, especially extremely

low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The PRDF has been committed to provide the necessary assistance to rapidly accommodate homeless individuals and families in permanent housing; and prevent individuals and families to become homeless. Subrecipients including non-profit organizations and municipalities, used these ESG funds to provide housing relocation and stabilization services and short- and/or medium-term rental assistance necessary to prevent an individual or family from moving into an emergency shelter or another place allowed by the regulation. ESG funds were also used to provide housing relocation and stabilization services and short-and/or medium-term rental assistance as necessary to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing.

As well, the PRDF continued to seek to coordinate efforts with the CoCs and governmental agencies in the development and observance of discharge policies and on strategies to prevent homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Current Homelessness Strategy of the state to end chronic homelessness in Puerto Rico and help homeless persons make a transition to permanent housing and independent living, includes a wide range of interrelated strategies directed towards persons who are homeless, as well as those at risk of becoming homeless. These include strategies that focuses on:

- Collaborative planning and services,
- Multi-sectorial efforts,
- Implementation of specific action steps to improve access to services, reduce stigma and battle homelessness criminalization,
- Provision of capacity building and training experiences to municipal governments, NPOs and other stakeholders,
- Promotion of data-based decision-making processes (based on information of the HMIS),
- Collaboration with the HMIS administrators and the CoCs to strengthen homelessness data gathering processes, and
- The identification and work with public and private housing developers to target homeless in the development of permanent supportive housing.

During the year 2020, the ESG state program has been in continuing communication and coordination with the CoCs, and the administrators of the HMIS, as well as the Coordinated Assessment Systems for implementing these strategies. Similarly, as it was mentioned in a previous section, the PRDF has focused its efforts in promoting policies that foment a housing first approach and the use of best practices for addressing the needs of homeless individuals. This has mainly been implemented by the adoption and implementation of written standards and the provision of training and technical assistance opportunities that emphasize in these aspects. Furthermore, the PRDF has encouraged ESG sub recipients to include permanent housing as a main goal in the participant's services plans.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

CPD funded activities served the Public Housing projects located within the non-entitlement Municipalities of Puerto Rico. The following is a list of the action taken by the Municipalities to address the need of the public housing residents:

- Senior Services
- Youth Services
- Crime Awareness
- Child Care Services
- Health Services

In addition, the PRPHA implemented a series of programs and activities to promote the Economic Self-Sufficiency of the Public Housing Residents. The programs funded with Public Housing funds included Education, Training, Employment, Section 3, and Business Development. The achievements of these programs between July 2019 and June 2020 are:

- The program had a total of 4,340 participating families.
- 6,187 public housing residents were focused on the Program.
- 17,415 residents requested financial self-sufficiency services and were cared for.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Public Housing residents were encouraged to participate in management and participate of homeownership opportunities. During fiscal year 2019-2020 (1 July 2019-30 June 2020) 18 units of public housing were available for sale. The PRPHA worked with residents of multiple public housing project to promote homeownership. The projects are:

Actions taken to provide assistance to troubled PHAs

No actions were taken during PR 2020. The PRPHA was not declared a troubled PHA during PY 2020.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

During program year the state continued with the implementation of the Permitting Reform Act (Law 19-2017), that seeks to streamline the permitting process for businesses and promote new investments, job creation, and economic development on the island. The new law consolidates the process to obtain a permit, certification of fire prevention, environmental health, licenses, and authorizations into a Single Permit, in order to expedite the process. One of the key elements of this law is that small and mid-sized businesses will be able to obtain the Single Permit automatically.

The law also creates the Unified Information System, which integrates all requirements to do business in Puerto Rico into a single website (One Stop-PR Doing Business). This website allows users to apply for both state and municipal permits and licenses online, through one single website.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

In March 2020, Puerto Rico started to experience the effects of the COVID-19 pandemic. People lost their jobs, schools were closed, government services and private enterprise could no longer operate effectively. A survey conducted to the population of 18 years or older in Puerto Rico (May 2021) pointed out to the fact that, in one way or another, most of the residents of Island, have been impacted by the pandemic. However, information gathered through consultations and other research on the topic, reveals the possibility of certain groups of the population being disproportionately affected. These include older adults, children, individuals with disabilities or chronic illnesses, homeless and women has been disproportionately.

To address these disparities and the obstacles to meeting underserved needs, a latitude of resources, including CPD, have been used. The municipal, state and federal governments and the private sector have joined efforts to provide services to satisfy basic needs, in combination with housing activities, including:

- Rapid Rehousing
- Street Outreach
- Prevention
- Shelters

In line with that, all of the funded activities provide preferences to the underserved. During this program year:

- Non-Entitlement Municipalities continued to fund public services including job training programs and other assistance programs (WOIA, Economic Development) to help individuals secure a job to increase their family income.
- With the Housing Choice Voucher program funds the State and the Municipalities provided assistance to extremely low-income families providing them the opportunity to obtain a housing unit that safe sound and sanitary.
- The HOME funded Homebuyer Assistance activity provided financial assistance to eligible households including underserved that otherwise could not afford to purchase a home due to the lack of funds for down payment and other fees associated with a home purchase. Also, with the HOME funded Tenant-Based Rental Activity (TBRA), the State provide funds to homeless individuals with preference to people victims of domestic violence, families impacted by major disasters including Hurricanes Irma & Maria and those affected by the earthquakes in the south.
- HOME funded Rehabilitation or New Construction by Owner activity will be making a positive impact in families in need of a decent and safe home across the island. Many families are homeless since hurricanes Irma & Maria and the earthquakes in the south.
- Rapid re-housing activities using ESG funds provided homeless individuals and those who are victims of domestic violence.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

All the affordable housing activities undertaken by the State during the PY 2020 complied with the Lead Based Paint regulations. The level of compliance was contingent to the different activities and the amount of funds invested. The following summarizes the action undertaken to address lead-based paint hazard in the CPD activities:

- Housing Rehabilitation activities with ESG Program: The State throughout the Municipalities made notification, undertook deteriorated paint identification, repair surfaces disturbed during rehabilitation and promoted safe work practices.
- Rapid Rehousing and Prevention activities with ESG Programs funds: The State undertook notification and visual assessment actions on each of the assisted householders and units.
- Regarding CDBG funds, municipalities comply with the requirements set out in the Memorandum Circular 2015-20. For each housing rehabilitation project, the municipality has to submit a document indicating the results of the evaluation regarding lead paint for each housing unit and the action that must be taken to be in compliance.
- The PRHFA have a pro-active approach to reduce lead-based- paint hazards in residential projects across the Island, including:
 - Professional assessment for deteriorated paint in units built before 1978
 - Initial and annual HQS inspections
 - Disclose information among residents of lead-based paint hazards.
 - Stabilization, removal and disposal of dangerous material. The State HOME Program has contracted companies to provide technical assistance for the evaluations, visual assessment,

HQS inspections and paint testing (when necessary) for the housing units that will be rehabilitated with HOME funds in order to comply with lead-based paint requirements and other applicable federal environmental laws and regulations.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

In order to reduce the number families under poverty levels, the PR-State Government continued to implement its strategy of providing, maintaining and enhancing the housing stock and the promoting the creation of jobs for low- and moderate-income persons. To that effect, the following actions were taken during the reported year:

- Provided training and workforce development opportunities through the investment of funds of the Workforce Innovation and Opportunities Act (WIOA) Program. These funds are committed to assist low-income individuals in acquiring the technical knowledge and developing the work skills needed to effectively transition to the job market;
- Continued the support to post-secondary education institutions, including the Technical Colleges, that provide educational opportunities to low- and moderate-income students and job placement opportunities;
- Provided financial housing subsidies to low- and moderate-income households in order to alleviate the cost burden effect that housing has in the economic status of the families;
- Continued to support private investment in the development of affordable housing projects;
- Continued to provide Tenant Based Rent Assistance to HIV/AIDS individuals and family members;
- Continued to invest Section 8 funds for assisting eligible households in their rental needs;
- Promoted the creation of Public-Private Alliances, as a business model to promote economic development activities, to create and maintain jobs opportunities and expand the business activities base around the Island;
- Promoted the active participation of the Cooperatives Sector within strategic regional projects as a tool to create job opportunities, promote local investment and promote an increase in the regional business activities throughout the Island.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

During the reported program year, the State relied in its internal agencies structure in the undertaking of the CPD funded activities. In addition to its own internal structure, the State promoted activities through collaborative agreements with the active participation of private sector institutions, such as banks institutions, developers' organizations and community nonprofit organizations.

The state in collaboration with the private sector, non-profit organizations and the different sectors comprising our society, are working to comply with the Fiscal Plan. The collaboration is based on achieving economies and efficiencies in the services to the people.

All the CPD Programs maintained a high level of collaboration and cooperation among the service entities that carried out the activities. For example:

- CDBG funded activities mainly undertaken through the non-entitlement municipalities Service Structure. Continuous and effective communication actions, working meeting sessions and oversight and monitoring actions were taken during the reported program year.
- HOME and HTF funded activities: these activities were undertaken in collaboration with private sector institutions, such as bank entities and developer firms were the main providers of service of these activities. In some cases, coordination of efforts through Municipal PJ was required. All efforts included working meetings, follow-up actions, continues communication among the parties.
- HOPWA funded activities: these activities were undertaken through collaboration agreements established with the PR State Government Health Department (Grantee), Municipality of San Juan (Project Sponsor), Municipalities (Subrecipients) and Community Nonprofit Organizations (Subrecipients). To achieve the proposed goals, continues communication, follow-up, working sessions and oversight actions were taken during the reported period.
- ESG funded activities: these programmatic activities were mainly undertaken through the subrecipients (Municipalities and nonprofit) internal service structure. The Puerto Rico Department of the Family was the lead agency in this effort. The Department was able to create an effective communication channel among its components to effectively undertake the planned activities included in the PY 2020 Action Plan.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

In order to enhance the level of coordination between public and private housing and community social service agencies, the State continued to undertake the following actions:

- Continued the implementation and closeout of the Neighborhood Stabilization Program (NSP);
- Continued negotiating with private developers the provision of HOME Program assistance and LIHTC assistance for the development of rental projects;
- Continued working with Puerto Rico's CoCs for the allocation of Continuum of Care funds for homeless service programs;
- Continued the collaboration efforts with local governments and non profit organizations for the provision of assistance to special population groups;
- Continued the collaboration agreement between the Puerto Rico State Department of Health and the Municipality of San Juan for the administration of the State HOPWA funds;
- Continued the efforts to support nonprofits communities' organizations sub-recipients for the provision of public services to special populations and those in need.

Identify actions taken to overcome the effects of any impediments identified in the

jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The State is committed to promote actions toward the provision of affordable housing opportunities to the low- and moderate-income persons in Puerto Rico. The four State agencies continued to work tireless to guarantee that no action can impede that a low-income person interested in obtaining an affordable housing opportunity, can experience a fair and real option to do so. During 2020, the PR Department of Housing in conjunction to the PR Department of Family conducted a series of focus groups with a wide array of stakeholders in order to identify the progress of the jurisdiction in overcoming barriers to fair housing choice and developing strategies to address them. The results of these focus groups and the strategies that derived from it, are included in the jurisdiction's 2020-2024 Analysis of Impediments.

The availability of the draft CAPER was published in the Puerto Rico Department of Housing, web page. The notice provided instructions to the public about how to retrieve the document online or in person and advised of a 15-day comment period. No comments were received during the comment period.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

As a result of South area of Puerto Rico Earthquakes and the pandemic COVID-19, HUD notified all CPD grantees of the availability of waivers for certain statutory and regulatory requirements. To help grantees to recovery from the impact the lead Agency determined to use the flexibility provided HUD notice. The following were the waivers requested:

- Citizen Participation Public Comment Period for Consolidated Plan Amendment
- Citizen Participation Reasonable Notice and Opportunity to Comment
- ESG-Term limits on Rental Assistance and Housing Relocation and Stabilization Services
- ESG- Restriction of rental assistance to units with rent at or below Fair Market Rent (FMR)
- ESG Matching requirements

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The HOME regulation establishes that the participating jurisdictions must perform a physical inspection at project completion and during the affordability period to determine if the project meets the property standards of Section 92.251.

Please see CR-40 with the accompanying list of projects physically inspected, reviewed and financially evaluated (Attachment 1).

HOME INSPECTIONS

During the PY 2020 the PJ scheduled 53 physical inspections. At the end of the PY2020 the PRHFA's Inspection and Appraisal Division had completed 51 out of the 53 inspections scheduled for the year. Due to the impact of the COVID-19 pandemic in Puerto Rico, PRHFA requested and received a waiver to the provision of 24 CFR 92.504 (d)(1)(ii) in order to extend the timeframe to perform physical inspections and determine project compliance with the HOME property standards. One out of the two pending inspections has been scheduled for the September 2021, the other will be completed once the project owner completes the restoration of damages caused by the 2020 earthquakes. The details of the inspections completed, and the pending inspection are presented in **Additional Information attachment**.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

The PRHFA used the established affirmative marketing policies and procedures established in 24 CFR 92.351. The State PJ has made an effort to inform potential applicants from all protected groups, through seminars and other HOME conferences, about available vacant units and other HOME assisted housing. Moreover, during these seminars programs and projects are described and enable the public with information to submit applications.

The PRHFA recently redesigned its website as to provide a more detailed description of the available HOME programs and other state programs that could be combined to increase affordable housing. Moreover, private lending institutions make several referrals throughout the year of potential applicants. The State PJ actively participates meetings with the Puerto Rico Department of Housing and

other outreach efforts.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

During the past years the government of Puerto Rico has placed strong efforts is creating and preserving affordable housing units. This has required the collaboration of multiple agencies and non-for-profit organizations. The State CDBG program, along with the HOME program has added multiple housing units to the market. These actions and market conditions have served as an incentive for local

developers to transition to this market segment, due to its high demand and the change in the socioeconomic landscape. Progress can be partially attributed to the efforts undertaken by the state to combine multiple funding sources (Low-Income Housing Tax Credits, Private Loans, etc.) under a coherent affordable housing strategy. Private developers, along with municipalities have been key actors in supplying affordable housing units.

CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Served Through:	One-year Goal	Actual

Table 14 – HOPWA Number of Households Served

Narrative

As show in the above table the State exceeded the one-year goals for the HOPWA Program. The following are the highlights of each activity funded with HOPWA funds.

- **Tenant-Based Rental Assistance (TBRA) Program:** The TBRA program provides tenant-based rental assistance to eligible individuals until they are able to secure other affordable and stable housing. This activity was undertaken by twelve (12) Municipalities. The amount allocated to this activity was \$727,762.00 to the provision of housing assistance to eligible participants. A total of \$482,339.00.
- **Short-Term Rent, Mortgage, and Utilities (STRMU) Assistance Program:** The STRMU program provides short-term rent, mortgage, and utility payments to eligible individuals for a maximum of 21 weeks of assistance in a 52-week period. This is a time-limited assistance designed to prevent homelessness and increase housing stability. During the reported program year these services were spread through 3 geographical regions within the Puerto Rico jurisdiction. The amount allocated to this activity was \$176,005.00 and the total amount draw was \$131,020.31.
- **Supportive Services Program:** Under this program supportive services and housing are offered by nonprofit organizations via contracts with the MSJ. Supportive services including health care, mental health assessment, permanent housing placement, drug and alcohol abuse treatment

and counseling, day care, personal assistance, nutritional services, intensive care when required, and assistance in gaining access to local, state, and federal government benefits and services, were also provided to HOPWA recipients. Most services are provided in a residential setting. The total amount allocated for Supportive Services was \$945,956.15. Of the amount allocated to supportive services, the amount of \$219,017 corresponds to the CARES Act funds. A total of \$530,308.88 were disbursed for this activity.

- **Transitional Housing:** This category includes temporary housing, hospice care, permanent housing for chronically ill mental patients, and other types of housing with supportive services to maintain clients' quality of life. The total amount allocated for Transitional Housing was \$604,520.00. A total of \$444,253.90 were disbursed for this activity.

CR-56 - HTF 91.520(h)

Describe the extent to which the grantee complied with its approved HTF allocation plan and the requirements of 24 CFR part 93.

HTF funds have been allocated to multifamily rental projects still under construction or rehabilitation (Paraíso Dorado in Dorado, PR and Rio Plata Development in Comerio PR). Those projects have not finished yet their constructions or rehabilitation due to several reasons included:

1) Paraíso Dorado – Delays due to rain and Covid-19 Pandemic. Substantial completion is expected for October 2021.

2) Rio Plata Development – Difference in the recognition of ADA, Fair Housing and 504 Section of the Rehabilitation Act. Voluntary Compliance Agreement (VCA) between HUD and Rio Plata Development was signed and fully implement. Additional funds from HTF and LIHTC will be allocated for the construction of five (5) additional units for handicapped individuals and the rehabilitation of common areas to comply with VCA. Substantial completion is expected for PY2022.

11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

As required by the regulation applicable to the consolidated planning process, the PR Department of the Family, as a recipient of the ESG Funds, carried out a consultation with the two continuum of care systems, PR-502 and PR-503. The consultation for the 2020 Action Plan, was conducted through focus group sessions held on May 28 and July 4, 2020, and had the objective of receiving input on:

- Changes in the needs and characteristics of the homeless.
- Distribution of funds by type of activity and geographical area.
- Development of performance standards and how to evaluate the results of programs and activities.
- Development of policies and procedures for the administration and management of the Homeless Management Information System (HMIS) in which they are required to participate.

The activities undertaken by the State during PY 2020 were aligned with the recommendations obtained from both CoCs. The following are the main outcomes by activities:

Besides measuring the number of persons served by type of activity, the program also monitors other outcomes, such as: level of occupancy in shelters, exits to permanent housing, number of persons that increase income, and number of persons who increase access to mainstream benefits, among others.

The above data was obtained from the HMIS individual reports by CoC.

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

HOPWA Program

The major initiative undertaken during this program year included:

The mayor initiative undertaken during this program year included:

1. HOPWA funds
 - a. Completed 17 monitoring Review;
 - b. Provided assistance to eligible families under the following programs:
 - i) Tenant Based Rental Assistance to 123 families;
 - ii) Short-Term Rental, Mortgage and Utilities to 43 families;
 - iii) Transitional Housing to 111 families and;
 - iv) Supportive Services to 810 participants

As per the service activities undertaken PY 2020, the HOPWA sub-recipients provided short-term rent, mortgage and/or utility assistance payments, supportive services, Tenant Based Rental Assistance, and other eligible activities to persons infected with HIV/AIDS and their families to prevent homelessness. Considering the PRDOH and the MSJ expenses, the twenty-five (25) granted sub-recipients expended 58.42% of the funds delegated to undertake the contracted activities by June 30, 2020. HOPWA funds were used to support the following eligible activities:

- **Tenant-Based Rental Assistance (TBRA) Program:** The TBRA program provides tenant-based rental assistance to eligible individuals until they can secure other affordable and stable housing. This activity was undertaken by twelve (12) Municipalities. A total of \$727,762.00 was allocated to TBRA, from this total, \$29,111.00 were allocated to activities delivery costs and the provision of housing assistance to eligible participants. A total of \$482,339.00 were disbursed for this activity.
- **Short-Term Rent, Mortgage, and Utilities (STRMU) Assistance Program:** The STRMU program provides short-term rent, mortgage, and utility payments to eligible individuals for a maximum of 21 weeks of assistance in a 52-week period. During the reported program year these services were spread through 3 geographical regions within the Puerto Rico jurisdiction. The amount allocated to this activity was \$176,005.00. A total of \$131,020.31 were disbursed for this activity.
- **Supportive Services Program:** Under this program supportive services and housing are offered by nonprofit organizations via contracts with the MSJ. Supportive services including health care, mental health assessment, permanent housing placement, drug and alcohol abuse treatment and counseling, day care, personal assistance, nutritional services, intensive care when required, and assistance in gaining access to local, state, and federal government benefits and services, were also provided to HOPWA recipients. Most services are provided in a residential setting. The total

amount allocated for Supportive Services was \$945,956.15 (Including previous year funding). A total of \$530,308.88 were disbursed for this activity.

- Supportive Services provided by sub-recipients that also delivered HOPWA housing subsidy assistance, allocation Funds used for this service amounted to \$325,510.00. The amount of funds disbursed in this type of service was \$253,071.48.
- Supportive Services provided by sub-recipients that only provided supportive services, allocation funds used for this service amounted to \$620,446.15. Of the amount allocated to supportive services, the amount of \$219,017 corresponds to the CARES Act funds. The amount of funds disbursed in this type of service was \$277,237.10.
- Transitional Housing: This category includes temporary housing, hospice care, detox services, permanent housing for chronically ill mental patients, and other types of housing with supportive services to maintain clients' quality of life. A total amount of \$604,520.00 was allocated to provide services within this activity. A total of \$444,253.90 were disbursed for this activity.

ESG Program

During Program year 2020, ESG funds were used to conduct street outreach, provide emergency shelter and rapid rehousing opportunities for homeless persons and homeless prevention activities. The largest proportion of funds were focused on providing outreach services and shelter to persons literally homeless. This is due to the characteristics observed in the 2019 PIT Count, which reflected that out of the 2,535 persons identified the day of the count, 75% were unsheltered. As well, to address the impacts of the COVID-19, the Program amended its 2019 action plan, to be able to use funds from previous years for activities to prepare, prevent and respond to the pandemic.

HOME Program

The HOME program allocated the funds according to the priorities identified in the Strategic Plan to address the housing needs of low- and moderate-income persons. The program addresses both homeownership and rental needs through homebuyer assistance programs, subsidies to developers of multifamily rental projects, rental assistance programs and homeownership rehabilitation for substandard housing. These approaches address housing affordability issues in Puerto Rico, where the median cost of safe and decent housing is considerably higher than the median income of residents and where a substantial amount of substandard housing is present and located in areas affected by environmental risks. A total of 82 HOME-assisted units were occupied during PY2020 across the island.

Housing Trust Fund (HTF)

The Housing Trust Fund (HTF) program addresses the rental needs through subsidies to developers of multifamily rental projects. This approach address housing affordability issues in Puerto Rico, where the median cost of safe and decent housing is considerably higher than the median income of residents and where a substantial amount of substandard housing is present and located in areas affected by environmental risks. As the PJ of the State HOME Program, PRHFA has allocated HTF funds for two multifamily projects located at: Comerio and Dorado. Those projects are still under construction; for that

reason they are not occupied at this moment. A total of 22 HTF-assisted units will be ready to be occupied between the end of 2021 and 2023.

CDBG

Non-entitlement municipalities requested 2020 funds following the priorities identified in the Plan. The government's fiscal situation, the lack of access to capital, and constrained municipal finances, have all contributed to placing most CDBG efforts in housing, public service and infrastructure projects. CDBG activities have almost been exclusively destined to low and moderate-income population. The following is a summary of the CDBG activities performance (IDIS PR23) during program year 2020:

ADDITIONAL INFORMATION CR-15

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Non-entitlement	100	100	See explanation in the following narratives.
Statewide		100	During PY 2020, funds from each program were distributed in accordance with the method proposed in the action plan. See explanation in the following narratives.

Narrative

During Program Year 2020, funds from each program were distributed in accordance with method proposed in the action plan. As part of the Consolidated Plan Citizen Participation process, the State identified underserved areas with high concentration of poverty, housing and health problems, and general community decay. To address the needs of the communities, the State public policy is driven to provide priority to communities in these areas in the PY 2020 Annual Action Plan CPD funded activities. The State collaborated with the Municipalities and Non-Profit Organizations to develop and implement geographic strategies designed to comprehensively revitalize priority areas and in a manner that will have a more lasting impact on residents.

Specific information related to each program:

CDBG Program

The CDBG allocation for non-entitlement municipalities was equally distributed among the municipalities, except for the islands of Vieques and Culebra, which both receive an additional 15% above the Equal Allocation Grant. This method follows the distribution established via the enactment of local Law 137-2014, as amended.

ESG Program

Due to the competitive nature of the method of distribution, program participants and beneficiaries are not restricted to a particular set of counties or municipalities for ESG programs. The funds of Emergency Solutions Grant Program were distributed using a competitive Request for Proposal process among the 78 municipalities of the island. Nonprofit organizations and municipalities that provides services to homeless were eligible for assistance.

HOPWA Program

The distribution of HOPWA funds to potential sub recipients were conducted using a competitive Request for Proposal process. For this Plan the Puerto Rico EMSA included the 78 municipalities for unobligated funds and the PR-EMSA municipalities for the HOPWA grant.

HOME Program

The State PJ has distributed funds through a competitive process. The method of distribution does not include allocation of resources based on geographic areas, so target areas are not earmarked, yet the PRHFA complies with regulations requiring that resources be allocated in non-metropolitan areas.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

To undertake the affordable housing and non-housing community development actions, the PR-State government combined a series of diverse public funding streams available to address the needs of the general population, including those of low- and moderate-income levels.

The non-entitlement municipalities that receive CDBG funds, leverage their projects with in-kind services and funds from municipal, state, and other federal sources. Most frequent sources of funding for leverage are municipal funds. **Table that summarizes leveraging for the CDBG 2020 projects:**

The CDBG regulations also requires the Government of Puerto Rico to match administration costs beyond \$100,000. The CDBG match is covered by funds from the general budget.

In the case of HOPWA sponsors leveraged 2020 funds from other sources. In terms of ESG matching contributions, each subrecipient must match dollar-to-dollar the funding provided with funds from other public or private sources. Matching contributions may be obtained from any source, including any federal sources other than the ESG program, as well as state, local, and private sources, among others. For purposes of funds from previous years that were available during PY 2020, the ESG Program amended its 2019 action plan in order to waive the matching requirements as long as funds were used in activities in response to the COVID-19 pandemic.

In the case of the HOME program, no match requirement was imposed to Puerto Rico State PJ during PY 2020-21, due to the severe fiscal distress affecting the Government of Puerto Rico. The typical requirement is for the State to match no less than 25 cents for each dollar of HOME funds spent on affordable housing.

ESG

For purposes of monitoring that ESG activities are carried out in accordance with the Action Plan and the requirements of the program, the Puerto Rico Department of Family (PRDF), has established monitoring procedures that include on-desk reviews and visits to sub-recipients. As well, the PRDF analyzes the sub recipients' capacity to manage the program during the proposal process and enters written contracts to ensure compliance with applicable regulations. At this has been a very atypical year because of the earthquakes and the pandemic COVID-19, only phone and on desk monitoring has been conducted.

During the program year 2020, the Program conducted a risk assessment, revised its monitoring protocols to be able to implement it in the context of the pandemic, and was able to monitor around one third of subrecipients. A list of the institutions that were monitored is included as an attachment.

HOPWA

As part of the State efforts to achieve the above-described management objective and the planned HOPWA Program goals and objectives for the reported program year, the HOPWA Staff views monitoring as an ongoing process involving continuous communication and evaluation. This approach allows the State to determine compliance, prevent/identify deficiencies, and design corrective actions to improve or reinforce program participant performance. As part of this process, the HOPWA staff is alert for fraud, waste and mismanagement or situations with potential for such abuse. Where possible, any identified deficiencies in need of corrective action are handled through discussion, negotiation, or technical assistance in a manner that maximizes local discretion.

The HOPWA Monitoring process is based in a Risk Analysis assessment. This process is implemented to target attention to program subrecipients activities that represent the greatest risk and susceptibility to fraud, waste, and mismanagement. Each program subrecipient's past performance is analyzed and compared against the full spectrum of HOPWA Program funds and programs. This method ranks program participants in descending order, from highest to lowest risk. Three categories are used: high, medium, and low risk.

Once the Risk Analysis process is finalized, based in the category in which the subrecipients fall under the analysis, the Program determines which subrecipients are included in the monitoring action for the program year.

During fiscal year 2020, the program was unable to monitor sub-recipients due to the COVID-19 pandemic. So, they were reprogrammed to do them virtually. Below is a table with a monitoring review to be performed to the following subrecipients:

HOME

Rental Activity

The Puerto Rico Housing Finance Authority (PRHFA) as the designated Participating Jurisdiction (PJ) for the HOME Program (Program) is responsible for monitoring compliance of rental projects assisted with Program funds. Specifically, PRHFA must validate project compliance with HOME requirements related to tenant income-eligibility, rent restrictions, unit mix, tenant rights protections, marketing, financial viability of the projects, compliance with the property standards, and with other Program requirements included in the Federal Regulation 24 CFR Part 92.

As of July 1, 2020, the PRHFA had 71 rental projects completed in HUD's Integrated Disbursement and Information System (IDIS) and within the required affordability period. The total number of HOME-assisted units in these projects were 3,037. A detail of the rental projects is included in **Annex A**.

The compliance activities performed by the Federal Funds Compliance Office (FFCO) included the following:

a. Physical inspections of the properties

Project in which funds were committed on or before January 24, 2015

The HOME regulation establishes that the participating jurisdictions must perform a physical inspection at project completion and during the affordability period to determine if the project meets the property standards of Section 92.251. The projects to be inspected during each Program Year (July to June) are selected based on the following schedule:

Total Number of Units in the Property	Minimum Frequency of On-site Inspections
1-4 units	Every three years
5-25 units	Every two years
26 or more units	Every year
Note: This schedule is based on the total number of units in the property, not in the number of HOME-assisted units.	

Project in which funds were committed after January 24, 2015

The HOME regulation establishes that the participating jurisdictions must perform a physical inspection within 12 months after project completion and at least once every 3 years thereafter

during the period of affordability.

Sample sizes:

For projects with one to four units, the inspectable items for each building with HOME-assisted units and 100 percent of the HOME-assisted units must be inspected.

For projects with more than four HOME-assisted units, the inspectable items for each building with HOME-assisted units and at least 20 percent of the HOME-assisted units in each building, but not fewer than four units in each project and one HOME-assisted unit in each building.

A physical inspection report is issued by the PRHFA. This report presents the deficiencies found during the inspection and the timeframe granted to the owner to correct the deficiencies. The owner is required to submit evidence of the corrections of all the deficiencies found during the inspection. The HOME Program will review the owner's response and supporting documentation, and if it is satisfactory, will issue a clearance letter notifying that the project complies with the property standards. If the owner's response does not comply with the Program's requirements, follow up will be given to the required corrective actions until all pending deficiencies have been corrected.

Results for PY 2020

During the PY 2020 the PJ scheduled 53 physical inspections. At the end of the PY2020 the PRHFA's Inspection and Appraisal Division had completed 51 out of the 53 inspections scheduled for the year. Due to the impact of the COVID-19 pandemic in Puerto Rico, PRHFA requested and received a waiver to the provision of 24 CFR 92.504 (d)(1)(ii) in order to extend the timeframe to perform physical inspections and determine project compliance with the HOME property standards. One out of the two pending inspections has been scheduled for the September 2021, the other will be completed once the project owner completes the restoration of damages caused by the 2020 earthquakes. The details of the inspections completed, and the pending inspection are presented in **Annex B**.

b. Compliance reviews (file reviews)

Projects to be reviewed during the fiscal year (July to June) will be selected considering the following factors:

1. Projects completed in IDIS in the last 12 months (first year of the compliance period) - Each project must be reviewed within 12 months after project completion.

2. Projects in which the last compliance review was performed three years before the Program Year (PY) – Each project must be reviewed at least once every three years during the affordability period.

Considering the factors mentioned above the FFCO included in the PY 2020 compliance review plan three projects that were in the first year of the compliance period and 23 projects in which the last compliance review was performed three years before the PY 2019.

The tenants' files reviewed during the compliance reviews are selected based on a random sample of at least 20% of the HOME-assisted units in each building of the project. The tenants' files evaluation includes verification of the compliance of each unit with the applicable income and rent limitations of the Program, correct determination of the household income, correct use of the applicable utility allowance, lease contract minimum requirements, compliance with the minimum required documentation and the student rule. Also, during the compliance review the FFCO evaluates the project's compliance with the tenant selection procedures, dispute resolution procedures and property maintenance requirements of the HOME Program.

After the evaluation, the FFCO issues a compliance review report of the findings encountered during the review. This report presents the findings in order of severity or importance and includes all the details that support each finding. The owner will have a 30-day period to submit a response that includes all the supporting evidence of the corrective actions taken to bring the project units in compliance with the requirements of the HOME Program. The FFCO will review the owner's response and supporting documentation, and if it is satisfactory, the FFCO will issue a clearance letter notifying that the project complies with all the requirements of the Program and that the compliance review process has concluded. If the owner's response does not comply with the Program's requirements, follow up will be given to the required corrective actions until all pending issues have been resolved.

Results for PY 2020

During the PY 2020 the FFCO performed 11 out of the 26 compliance reviews schedule for the year. Due to the impact of the COVID-19 pandemic in Puerto Rico, PRHFA requested and received a waiver to the provision of 24 CFR 92.504 (d)(1)(iii) in order to extend the timeframe to perform compliance reviews and determine project compliance with the HOME income and rent limits. These reviews included the verification of the compliance of each unit with the applicable income and rent limitations of the Program, correct determination of the household income, correct use of the applicable utility allowance, lease contract minimum requirements, compliance with the minimum required documentation and the student rule. Also, during the compliance review the FFCO evaluated the projects' compliance with the tenant selection procedures, dispute resolution procedures and property maintenance requirements of the HOME Program.

The details of the compliance reviews performed are presented in **Annex C**.

The most frequent findings were as follows:

1. Unit in noncompliance with HOME Program income limits
2. Rent charged in excess of the maximum rent allowable by the HOME Program
3. Prohibited provision in the project's lease contract
4. Incomplete Tenant Selection Procedure
5. Incomplete Dispute Resolution Procedure
6. Lease contract does not comply with the HOME Program requirements
7. Incorrect information in Tenant Income Certification (TIC)
8. Documents with incorrect and/or missing information
9. Incorrect income calculation

These situations were notified to the owners in the Compliance Review Reports. Each situation included the necessary corrective actions to bring the project back to compliance with the requirements of the HOME Program.

ADDITIONAL INFORMATION CR-50

HOME INSPECTIONS

During the PY 2020 the PJ scheduled 53 physical inspections. At the end of the PY2020 the PRHFA's Inspection and Appraisal Division had completed 51 out of the 53 inspections scheduled for the year. Due to the impact of the COVID-19 pandemic in Puerto Rico, PRHFA requested and received a waiver to the provision of 24 CFR 92.504 (d)(1)(ii) in order to extend the timeframe to perform physical inspections and determine project compliance with the HOME property standards. One out of the two pending inspections has been scheduled for the September 2021, the other will be completed once the project owner completes the restoration of damages caused by the 2020 earthquakes. The details of the inspections completed, and the pending inspections are presented below:

HOPWA CAPER 2020

Housing Opportunities for Persons With AIDS (HOPWA) Program

Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes

PUERTO RICO DEPARTMENT OF HEALTH 2020-2021

Ver. 09/02/2021

R1V1 09/16/2021

OMB Number 2506-0133 (Expiration Date: 11/30/2023)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. Reporting is required for all HOPWA formula grantees. The public reporting burden for the collection of information is estimated to average 41 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD's requirements for reports submitted by HOPWA formula grantees are supported by 42 U.S.C. § 12911 and HUD's regulations at 24 CFR § 574.520(a). Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number. While confidentiality is not assured, HUD generally only releases this information as required or permitted by law.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

PART 7: Summary Overview of Grant Activities

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

Continued Use Periods. Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry

Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management, treatment and care, in line with the signed release of information from the client.

Operating Year. HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this CAPER must represent a one-year period of HOPWA program operation that coincides with the grantee's program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the CAPER must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this CAPER covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

Final Assembly of Report. After the entire report is assembled, number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	1
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	
4.	Short-term Rent, Mortgage, and Utility Assistance	1
5.	Adjustment for duplication (subtract)	1
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	1

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Chronically Homeless Person: An individual or family who: (i) is homeless and lives or resides individual or family who: (i) is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See Part 5: Determining Housing Stability Outcomes for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See 24 CFR 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

requirements on program income at 24 CFR 200.307.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

SAM: All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from the person's gender assigned at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

5. Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. **Note:** Text fields are expandable.

State Response

The Puerto Rico Department of Health (PRDOH) is the lead agency with the responsibility for the public policy for housing and supportive services components for the Acquired Immune Deficiency Syndrome (AIDS) patients. The PRDOH define and implement the elements of public policy and promote the service activities that best suits the needs of this special need population. To accomplish this goal, the PRDOH relies in its main service and financial resource for these purposes, the Housing Opportunities for Person with AIDS (HOPWA) Program.

The Housing Opportunities for Persons with Aids (HOPWA) Program is one of the U.S. Department of Housing and Urban Development (HUD) funded program that its main objective is addressing the housing needs of persons living with HIV/AIDS and their families. The nature of this program is to provide rental housing assistance for persons and their families living with HIV/AIDS. These resources help clients maintain housing stability, avoid homelessness, and improve access to HIV/AIDS treatment and related care while placing a greater emphasis on permanent supportive housing.

The PRDOH program design for the HOPWA Program activities is carried out through a network and collaborative approach among Consolidated Plan partners. Since 2010, the PRDOH and the City Government of the Municipality of San Juan (MSJ) established a collaborative agreement that designate the City Government as the PR State HOPWA Program funds administrator. *The MSJ is a HUD recognized grantee for all HUD's Community and Planning Division Programs, including the HOPWA Program for the Eligible Metropolitan Statistical Area (EMSA) of San Juan.* Under this arrangement, the MSJ is responsible for ensuring that the funds are administered in accordance with the State public policy, the requirements of the HOPWA Program laws and regulations and to carry out eligible administrative and service activities in compliance with all applicable requirements.

Since the establishment of this collaborative agreement among the parties, the PR State HOPWA Program performance has improved significantly, the funds have been managed in compliance with all federal applicable requirements and the Program has enhanced its capacity to assist beneficiaries improve their health condition by providing stable housing as a basis for increased participation in comprehensive care. An example of this accomplishment is that since PY 2010 Consolidated Annual Performance Report (CAPER), the State Program continues to be classified by HUD as a Tier 1 showing the level of improvement in the collection of the data and the reporting phase of the program.

The CAPER report and asses the progress made towards achieving strategic plan and action plan goals. Information reported containing the goals vs outcomes, beneficiaries serve, resources available, geographic distribution and program-specifics. The MSJ as part of the above-described duties, was responsible for administering the program resources, managing the program activities, and overseeing compliance with regulations, policies and procedures for the HOPWA activities undertaken during the reported program year. This level of involvement includes the planning and preparation, in close collaboration with the PRDOH of the PY 2020 Annual Action Plan for the HOPWA Program activities, the RFP and contract management elements, the fiscal and performance evaluation, and the annual reporting process. This collaborative partnership assists the process of achieving the Consolidated Plan long-range and annual goals and objectives.

Puerto Rico, like the entire world population, has had to face the COVID-19 pandemic during the PY 2020. This pandemic has caused socio-economic changes in our population that was already affected by Hurricanes Irma and Maria and the earthquakes on the coast. It is important to mention that the PRDOH has played an important role in dictating actions to prevent COVID-19 spread in Puerto Rico. Also, in response to the pandemic, HUD

provides the availability of some waivers to the HOPWA program to prevent the spread and facilitate assistance to eligible communities and household economically impacted by the COVID-19. For PY 2020 CPD Program provides under the Coronavirus Aid, Relief, and Economic Security (CARES) Act supplemental funding award to the HOPWA Program.

For the reported program year, a total of twenty-five (25) contracts among Municipalities and Nonprofit Organizations, were signed allocated with HOPWA Program funds to provide eligible housing and supportive services to HIV/AIDS population and their families.

The MSJ distribute the allocated funds among the selected entities throughout a Request for Proposals (RFP) process. The described competition process was included as part of the Annual Action Plan public hearings held through the Puerto Rico Citizen Participation Plan. To allocate the available funding, the MSJ selected sub recipients from Municipalities and Nonprofit Organizations that request funding through the RFP process and complied with all the required dispositions.

As per the results achieved during the PY 2020, the PRDOH and MSJ exceeded the performance outcomes planned for the program year. The effective management of the Grant promoted an outstanding performance during the reported program year, significantly exceeding the goals and objective established in the Annual Action Plan. The following are the accomplishment achieved by the State HOPWA Program, under the administration of the MSJ during this program year:

- Exceeded the number of total participants included in the Annual Action Plan to be served through eligible related activities;
- Exceeded the number of participants included in the Annual Action Plan to be served through supportive services related activities;
- Allocated 97.64% of the HOPWA Program funds allocated to the State level for the reported program year 2020;
- Allocated \$283,707.86 available funding from Pre-2019 allocations;
- Continued executing grant agreements with sub-recipients;
- Continued improving the level of expenditure related to the eligible activities and services toward the HIV/AIDS participants during the reported program year;
- *Maintained the Tier 1 level for the HOPWA CAPER Report, which is defined as "having no calculation errors, missing items, or inconsistencies" in the reporting document for three consecutive years. This will represent the nine (9th) consecutive year achieving this goal, and*
- The MSJ effectively undertook the planned Monitoring Plan for the HOPWA Program activities, to ensure that HOPWA projects are being carried out in accordance with program requirements and that they are meeting identified needs and performance standards.

As per the service activities undertaken in PY 2020, the HOPWA Program sub-recipients provided short-term rent, mortgage and/or utility assistance payments, supportive services, Tenant-Based Rental Assistance, and other eligible activities to persons living with HIV/AIDS and their families. The HUD formula funds allocation for PY 2020 is \$2,464,780.29.

The MSJ allocated to sub-recipient for PY 2020 the amount of \$2,464,780.29 and \$283,707.86 from Pre- 2019 PY funds available for a total of \$2,748,488.15 to undertake the contracted activities. From 2020 HOPWA funds allocation it was distributed 97.64% of available funds allocation to twenty-five (25) sub-recipients expended 58.42% of the total funds delegated to undertake the contracted activities by June 30, 2020. For funds allocated of Pre-2019 funds the sub-recipients expended 85.27%.

HOPWA Program funds were used to support the following eligible activities:

- **Tenant-Based Rental Assistance (TBRA) Program:** The TBRA program provides tenant-based rental assistance to eligible individuals until they can secure other affordable and stable housing. This activity was undertaken by twelve (12) Municipalities. A total of \$727,762.00 was allocated to TBRA, from this total, \$29,111.00 were allocated to activities delivery costs and the provision of housing assistance to eligible participants. A total of \$482,339.00 were disbursed for this activity.
- **Short-Term Rent, Mortgage, and Utilities (STRMU) Assistance Program:** The STRMU program provides short-term rent, mortgage, and utility payments to eligible individuals for a maximum of 21 weeks of assistance in a 52-week period. During the reported program year these services were spread through 3 geographical regions within the Puerto Rico jurisdiction. The amount allocated to this activity was \$176,005.00. A total of \$131,020.31 were disbursed for this activity.
- **Supportive Services Program:** Under this program supportive services and housing are offered by nonprofit organizations via contracts with the MSJ. Supportive services including health care, mental health assessment, permanent housing placement, drug and alcohol abuse treatment and counseling, day care, personal assistance, nutritional services, intensive care when required, and assistance in gaining access to local, state, and federal government benefits and services, were also provided to HOPWA recipients. Most services are provided in a residential setting. The total amount allocated for Supportive Services was \$945,956.15 (Including previous year funding). A total of \$530,308.88 were disbursed for this activity.
 - Supportive Services provided by sub-recipients that also delivered HOPWA housing subsidy assistance, allocation Funds used for this service amounted to \$325,510.00. The amount of funds disbursed in this type of service was \$253,071.48.
 - Supportive Services provided by sub-recipients that only provided supportive services, allocation funds used for this service amounted to \$620,446.15. Of these \$620,446.15 The amount of funds disbursed in this type of service was \$277,237.10. Of the amount allocated to supportive services, the amount of \$219,017 corresponds to the CARES Act funds.
- **Transitional Housing:** This category includes temporary housing, hospice care, detox services, permanent housing for chronically ill mental patients, and other types of housing with supportive services to maintain clients' quality of life. A total amount of \$604,520.00 was allocated to provide services within this activity. A total of \$444,253.90 were disbursed for this activity.

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

HOPWA funds were used to provide eligible housing and supportive services activities to the HIV/AIDS population. Up to three percent (3%) of the grant was allocated to the Puerto Rico Health Department for administrative expenses and up to seven percent (7%) of the remaining balance was allocated to the Municipality of San Juan for administrative expenses. No administrative fees were allocated to the sub-recipients under the agreement with HUD. Please note that CARES Act funds allows allocating up to six percent (6%) of the grant was allocated to the Puerto Rico Health Department for administrative expenses and up to ten percent (10%) of the remaining balance was allocated to the Municipality of San Juan for administrative expenses.

The following table shows the distribution of funds by Program Category as included in the PY 2020 Annual Action Plan. The funds distributed includes the PY 2020 and Pre-2019 (PY 2014 to 2019) made by the Municipality of San Juan.

2. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

During PY 2020, HOPWA sub-recipients provided short-term rent, mortgage and/or utility assistance payments, supportive services, Tenant-Based Rental Assistance, and other eligible activities to persons living with HIV/AIDS and their families to prevent homelessness and maintain a stable living environment in housing that is safe, decent and sanitary improving their access to care.

Considering the PRDOH and the MSJ expenses, the twenty-five (25) granted sub-recipients contracts expended 58.42% of the funds delegated to undertake the contracted activities by June 30, 2021. HOPWA funds were used to support the following eligible activities:

- Tenant-Based Rental Assistance (TBRA) program: This activity was undertaken by twelve (12) Municipalities. A total of \$756,873.00 was allocated to TBRA, from this total, \$29,111.00 were allocated to delivery costs and \$727,762.00 for direct housing assistance. A total of 123 families benefited from the activity and the total expenses amounted to \$482,339.00, representing 26.48% of the allocated funds and expend a 30.04% of the allocation.
- Short-Term Rent, Mortgage, and Utilities (STRMU) assistance program: According to data presented by the 3 sub-recipients of the geographical areas, a total of 43 households were assisted with the allocation of \$176,005.00. From the total of assisted households, fourteen (14) households received mortgage assistance payments, eighteen (18) households received rental assistance payments and eleven (11) received utility assistance only. The total expenses amounted to \$131,020.31, representing 6.40% of the allocated funds and expend a 8.16% of the allocation.
- Transitional Housing: A total of 111 household were benefitted through twelve (12) organizations funded for this purpose. The amount allocated for these services was \$604,520.00. The total expenses amounted to \$444,253.90, representing 21.99% of the allocated funds and expend a 27.67% of the allocation.
- Supportive Services program: Services were provided to 810 households as follow:
 - Supportive Services provided by sub-recipients that also delivered HOPWA housing subsidy assistance, served a total of 111 households. Funds allocated for this service amounted to \$325,510.00.
 - Supportive Services provided by sub-recipients that only provided supportive services, served a total of 699 households. The amount of funds allocated in this type of service was \$620,446.15. Of the amount allocated to supportive services, the amount of \$219,017 corresponds to the CARES Act funds.

The distribution of HOPWA funds per organization and the category of service are included in the following table:

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

In addition to the partnership collaboration effort for the PR State HOPWA Program, the PRDOH and the MSJ are also actively involved in the coordination and planning of activities with the Ryan White Planning Council (Parts A and B). Also, both organizations directly collaborate with the Puerto Rico recognized Continuum of Care (CoC) Homeless Coalitions.

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries.

As part of the collaborative effort of the PRDOH and the MSJ, the MSJ is responsible to provide on-going technical assistance to the nonprofit organizations and municipalities that are granted with the State HOPWA Program funds. Therefore, during the reported program year, the MSJ HOPWA Program staff provided on-going technical assistance to all the granted entities.

The scope of the technical assistance provided was mainly related to fundamental programmatic requirements, which included;

- Eligibility requirements and documentation;
- Level of importance of the Housing Case Management component, which includes the Participant Housing Needs
- Assessment, the Participant Housing Strategy and the Participant On-going Assessment process

Through the provision of the technical assistance to the organizations and municipalities, the MSJ was able to ensure accountability of the granted entities, ensure effectiveness and efficiency in the use of the invested HOPWA funds and was able to assess response to community needs within the service delivery area of the granted entities.

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

The PRDOH continued to support non-profit organizations, homeless service providers, and special needs groups in their goals to meet the needs of underserved HIV clients in Puerto Rico. The collaborative agreement between the PRDOH and the MSJ has improve the allocation process of resources to sponsored entities and the level of expenditure and disbursement for the provided services.

Also, the MSJ and the PRDOH continued working in developing effective public policies with the objective of improving the living conditions of the participants through the provided services.

It's important to mention that during the reported program year the island not only has been struggling with the challenge to recover for the 2017 Hurricane Irma and Maria devastation, also during December 2019 and January 2020 the southwestern part of the island was struck by a series of earthquake swarm that causes damages to structures, historical building power lost and in March 2020 the first COVID-19 case was confirmed in Puerto Rico. An imposing curfew and shutting business including government was imposed to mitigate any outbreaks.

The MSJ together with the Municipalities and Entities worked together to promote strategical emergency response and recovery efforts to assure that all basic and essential public services were provided to the general population, including the HIV/AIDS persons segment. By the end of the reported program year, services are re-established and the sub-recipients could continue providing the housing and supportive services that this special population requires.

The PRDOH continued to support non-profit organizations, homeless service providers, and special needs groups in their goals to meet the needs of underserved HIV clients in Puerto Rico. Also, the MSJ and the PRDOH continued working in developing effective public policies with the objective of improving the living conditions of the participants through the provided services.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

No trends were identified during the reported program year that affect the way in which the needs of this special needs population are addressed. If any type of change is identified during the course of this program year, the PRDOH and Municipality of San Juan will work together to limit the impact that a trend may have in the HIV/AIDS population and availability of services.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

In Row d, enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e, enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g, report the amount of STRMU funds expended to support direct program costs such as program operation staff.

Data Check: The total households reported as served with STRMU in Row a, column [1] and the total amount of HOPWA funds reported as expended in Row a, column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b and f, respectively.

Data Check: The total number of households reported in Column [1], Rows b, c, d, e, and f equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b, c, d, e, f, and g, equal the total amount of STRMU expenditures reported in Column [2], Row a.

Part 4: Summary of Performance Outcomes

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.
Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1].
Note: Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor's best assessment for stability at the end of the operating year.

Information in Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Section 3. HOPWA Outcomes on Access to Care and Support

1a. Total Number of Households

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c to adjust for duplication among the service categories and Row d to provide an unduplicated household total.

Line [2]: For project sponsors that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.

Total Number of Households		
1. For Project Sponsors that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services:		
a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing		277
b. Case Management		111
c. Adjustment for duplication (subtraction)		(111)
d. Total Households Served by Project Sponsors with Housing Subsidy Assistance (Sum of Rows a and b minus Row c)		277
2. For Project Sponsors did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service:		
a. HOPWA Case Management		699
b. Total Households Served by Project Sponsors without Housing Subsidy Assistance		699

1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

1c. Households that Obtained Employment

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or related case management/counseling services.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or case management/counseling services.

Note: This includes jobs created by this project sponsor or obtained outside this agency.

Note: Do not include jobs that resulted from leveraged job training, employment assistance, education or case management/counseling services.

Background on HOPWA Housing Stability Codes

Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

End of PART 5

PART 6: Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.

Part 7: Summary Overview of Grant Activities**A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)**

Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).

Section 1. HOPWA-Eligible Individuals Who Received HOPWA Housing Subsidy Assistance**a. Total HOPWA Eligible Individuals Living with HIV/AIDS**

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

Chart b. Prior Living Situation

In Chart b, report the prior living situations for all Eligible Individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

Data Check: The total number of eligible individuals served in Row 18 equals the total number of individuals served through housing subsidy assistance reported in Chart a above.

Section 2. Beneficiaries

In Chart a, report the total number of HOPWA eligible individuals living with HIV/AIDS who received HOPWA housing subsidy assistance (as reported in Part 7A, Section 1, Chart a), and all associated members of their household who benefitted from receiving HOPWA housing subsidy assistance (resided with HOPWA eligible individuals).

Note: See definition of HOPWA Eligible Individual

Note: See definition of Transgender.

Note: See definition of Beneficiaries.

Data Check: The sum of each of the Charts b & c on the following two pages equals the total number of beneficiaries served with HOPWA housing subsidy assistance as determined in Chart a, Row 4 below.

B. Facility-Based Housing Assistance

Complete one Part 7B for each facility developed or supported through HOPWA funds.

Do not complete this Section for programs originally developed with HOPWA funds but no longer supported with HOPWA funds. If a facility was developed with HOPWA funds (subject to ten years of operation for acquisition, new construction and substantial rehabilitation costs of stewardship units, or three years for non-substantial rehabilitation costs), but HOPWA funds are no longer used to support the facility, the project sponsor should complete Part 6: Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY).
